THE M. A. C. RECORD

VOL. XXVIII. NO. 24
EAST LANSING, MICHIGAN
APRIL 7, 1922

HONORING PRESIDENT DAVID FRIDAY and Secretary H. H. Halladay, two hundred East Lansing business men and M. A. C. faculty dined in the People’s Church on Saturday evening, April 1. The affair was handled as a reception for the new administration. Friday and Halladay taking office on that day. In addition to short addresses from the new executives, both of whom expressed pleasure at joining the M. A. C. family and confidence in the future of the college, Mayor E. H. Ryder, of East Lansing; N. A. McCune, pastor of the People’s Church; Luther Baker and B. F. Kindig, of East Lansing, and Thomas Gunson appeared on the program of speeches.

THE M. A. C. AFFIRMATIVE debating team lost a decision to Colorado State College at East Lansing Tuesday evening. The negative team left Wednesday morning on its two weeks’ trip through fourteen western states. This team will meet Colorado in the West, and will attempt to even up the count. Purdue University debaters are scheduled to appear in the college gymnasium Friday night, April 7, for one of three debates in the triangular league of which M. A. C., Purdue, and Iowa State are members. The negative team will debate at Iowa the same night.

SURVEY OF THE ROADWAY between East Lansing and Lansing, with the idea of building a boulevard between the two cities, has just been completed by the state highway department. This is part of the plan to establish boulevards along the campus front in East Lansing, and definite decision on the possibility of the project will now be made.

B. A. FAUNCE, for nearly twenty years connected with the college president’s office as clerk, stenographer, and one-time editor of the M. A. C. Record, resigned his position on April 1 to assume active management of the new firm of Schepers and Faunce, real estate and insurance brokers of East Lansing. Jacob Schepers, the other partner, will continue as cashier in the college secretary’s office, a position he has held since 1907. Schepers served as acting secretary from the time of A. M. Brown’s resignation last January until April 1. The new firm has opened offices under the East Lansing State Bank.

Prof. E. S. KINSEY, of the English department, who was injured two or three weeks ago while returning to the college from Lansing in a taxicab, is entirely recovered and is attending classes as usual. Mrs. King, who was more seriously hurt in the same accident, is still in the hospital, but is reported to be improving steadily.

THE ICE AND SLEET STORM of last week caused considerable damage among the campus trees, breaking many limbs from the soft maples, birches and pines. The injuries were not as severe as was feared at first, however, and careful trimming has already removed practically all signs of the storm. Telephone and telegraph wires in and about Lansing were badly crippled for three or four days, practically isolating the district from wire communication.

NILES AND HOLLY HIGH SCHOOLS won the state basketball championships for class B and class C schools, respectively, in the tournament held at M. A. C. March 31 and April 1. Eight sectional champions were entered in the tournament for each class, and the competition was unusually keen all through the play. Howell and Milan were runner-ups in the two classes. The teams were guests of the athletic association during their two-day stay, rooms, meals and entertainment being provided under the direction of the athletic department. The tournament was the most successful of its kind ever held at the college, according to Director C. L. Brewer.

PUBLISHERS OF MICHIGAN weekly newspapers will gather at the college on April 14 and 15 for a business conference. A delegation of rural editors met at East Lansing in January and decided to hold annual winter conferences at M. A. C. in the future. The April meeting has been called to consider special problems of business management. An address by President Friday will be one of the features of the conference.

DELEGATES FROM EACH of the fifteen leading colleges of Michigan will gather at East Lansing on April 14, 15 and 16 for the annual state Y. M. C. A. Student Conference. A banquet at which President Friday will speak, and other special features are being planned. This is the first time in many years that the conference has been scheduled for M. A. C.

THE HUNT Food Shop, latest addition to East Lansing eating places, opened last week in the Dickson Block, across Grand River Avenue from the campus. Miss Clara Hunt, manager of the Woman’s Building eating club for years, is owner and manager of the new restaurant. The Wildwood Tea Room, formerly in the Dickson Block, has moved to the new business building farther east on Grand River.

THE DETROIT M. A. C. CLUB held its regular annual meeting on Wednesday, April 5, at the Wayne County Medical Society. Movies of the campus and talks by various celebrities featured the evening. It was a stag affair.
J. R. McColl '90 Succeeds Doelle on State Board

J. R. McColl, of Detroit, M. A. C. engineering graduate of the class of 1890, has been appointed by Governor Groesbeck to succeed John A. Doelle on the State Board of Agriculture. Mr. Doelle resigned his State Board post to accept an appointment as head of the State Department of Agriculture, succeeding H. H. Halladay, new M. A. C. secretary.

McColl, it is understood, has had support from alumni of the college for some time in connection with the State Board appointment, and his selection is meeting with general approval.

The membership of the Board now includes:

Central Michigan Alumni to Hear Friday

President David Friday will address the Central Michigan Alumni Association on Monday, April 10. It will be the regular luncheon of the Association, at the Elks Home, Lansing—12 noon. As this will be the first opportunity for many of the alumni to hear the new executive, a big turnout is expected.

1907 Plans Fifteenth Reunion

A call for all 1907 men and women to gather on the campus in June for the fifteenth reunion of the class has been issued by Helen Ashley Hill, acting secretary. Her letter follows:

To the Class of 1907:
We are looking for you at Commencement for our 15th reunion. We must make this a real get-together. It will be one of what we make it. In the 15 years since we left M. A. C. each has accomplished something. Let us get together to total our attainments and give the class of 1907 its place in the long line of successful alumni.
We are looking for you.
Helen Ashley Hill,
Acting Secretary.

Huron County Association Dines at Bad Axe

Twenty-seven members of the Huron County M. A. C. Association, including many undergraduates who were home for the spring vacation, dined at the Hotel Irwin, Bad Axe, on March 28. The Association met as guests of Mr. and Mrs. Paul Woodworth, '90.
A basket picnic immediately after the close of school in June was scheduled for the next meeting of the Association. The Tuscola County Association will be invited to join with Huron for the picnic.

W. W. Lavers '15 presided as chairman during a short business session held after the banquet. A “pep session” of songs and yells was led by Johnny Barr, '21.

New Administration In Office April 1

David Friday and H. H. Halladay, new president and secretary, respectively, of the Michigan Agricultural College, took office on Saturday, April 1. No special ceremony or inaugural rites marked the start of the new administration, the executives taking over the duties of their offices quietly and “going to work” at once.

While President Friday has given out no official announcement regarding future policies or the lines of work which will be given special attention at the college or among agricultural interests of the state, it is understood that he is preparing certain material for publication next week.

Marketing problems of the Michigan farmer, addition of courses in engineering management and administration to the college engineering division, and broadening of the work of the horticultural department are among the questions with which the President is expected to deal in his first official statements.

The Fridays have been living at the Hotel Kerns since their arrival early in March. It is understood that they will occupy temporary quarters in the Practice House (old Professor Taft residence) and permanent residence in the Senior House (former President's home) as soon as arrangements can be completed.

Mr. Halladay will continue, for the time being at least, his residence in Lansing.

ATHLETICS

Baseball Squad Prepares for Opener

Thirty-five candidates for positions on the varsity baseball team have been working out under the direction of Coach John Morrissey since the early training camp started on March 28. The opening game with Olivet, scheduled for April 8, comes so early this year that practice has necessarily been speeded up in an effort to whip a combination into shape at once.

A survey of the squad at the close of the early work indicates that the team will be blessed with unusually strong college pitching during the coming season. In Kuhn, Ross, Johnson and Captain Al Brown, the varsity will present as strong a quartette of hurlers as will be seen in western college circles this year.

Chief concern of the coaches at this stage of the season is the development of an infield combination and the location of capable catching material. Losses by graduation make
it necessary to build up practically an entirely new defense. Captain Brown, who will be used at first base when not in the box, looks like a fixture at his position, while Fuller, regular second baseman last year, will probably hold down the same assignment. The rest of the infield, however, remains unsettled.

Higbie, formerly a first baseman, Daley, Schwartz and Mellencamp from last year's squad, and two or three sophomores show promise in the infield, while Brady, Passage, Schwartzmiller, and Lane seem to be leading candidates for the catching job.

Outfield material is plentiful and good. Pacynski, Stevens, Farley, Kaiser, Archbold and a half dozen more are covering the gardens acceptably.

Rauch Handling Spring Football

Dick Rauch, newly signed line coach and assistant to Bert Barron, reached the campus early in the week for a month's work with the football squad during spring practice. Rauch will be in charge of the spring work-outs, Barron being engaged with his track squad.

Track Team to Meet Ohio State

A dual track meet with Ohio State University, to be held at East Lansing, May 20, has been announced by Director Brewer. This will be the first time in the history of M. A. C. track that a Western Conference school has been met in dual competition. Various Big Ten institutions have been encountered in intercollegiate and relay carnivals, frequently with considerable success by the Green and White athletes, but the Ohio meet will be the first dual event of its class for M. A. C.

Building around Captain DeGay Ernst, sensational quarter miler, Coach Barron will work to turn out a well rounded squad capable of giving the Ohio team a fifty-fifty battle, or better.

M. A. C. will be strong in the middle distance and distance events during the coming season. Huston, Adolph, Brendel, Thurston, Bugney, Hartisch, and Nesman are all capable distance men, and all are with the squad at the present time.

Field events, and hurdles will, according to present indications, be somewhat weak. Three or four good men are available, but a lot of development will be necessary before the squad can be considered well balanced in these events. Pessenden and Schwei in the weights; Wilson and Carver in the jumps; and Temple in the hurdles are among the most promising candidates. Captain Ernst will also be available for the low hurdles, an event in which he has marked up very good time.

Sprinters are yet to prove themselves under fast competition. Herdell, Pollack, and Shannon all showed ability indoors, however, and may come along fast.
This work was done last year on the same basis by Mr. Haines.

We wish Miss "ola "Atwell since December and it is uncertain when she will return.

The resident physics professor Fred K. Urri has resigned. Signed) K. J Baldwin, Extension Director.

The Board of Control of Athletics, in meeting March 16, 1922, respectfully urge the State Board of Education to give early consideration to the need of a separate gymnasium.

We suggest that the Engineering Department of the College he requested immediately to make preliminary surveys and estimates at the different sites and report.

In considering sites, we believe three sites should be considered:

1. On Grand River on the bluff known as "The Orchard.

2. In the hillside at the bend of the river between the gymnasm and Grand River Avenue.

3. On the hillside across the river from the gymnasm, selected several years ago by Mr. Olson and a committee.

We believe the first two are more desirable since they are more accessible and do not require costly bridging of the Red Cedar river. The first is so far from the gymnasm that there will be need for costly duplication of many facilities. The second is perhaps more desirable and accessible to the gymnasm, but may not be feasible and practicable from an engineering standpoint.

The committee named by the Athletic Board is: C. L. Brewer, D. L. Porter, of Lansing; E. W. Ranney, of Greenville; and M. W. Tabor, of Detroit. This committee is anxious to cooperate with you in any way.

Respectfully,

(Signed) C. L. Brewer, Secretary.

On motion of Mr. Watkins, the matter of Stadium site was referred to the Dean of Engineering with the request that he make estimates as to the relative costs of construction on the three sites named by the Athletic Board and report at a future meeting of the Board.

On motion of Mr. Doelle, the matter of plans for the Home Economics building was referred to the Committee on Buildings and College Property.

On motion of Mr. Doelle, a committee was appointed to tender to Mr. H. H. Halladay the position of Secretary of the State Board of Agriculture and of the Michigan Agricultural College, the appointment to date from April 1, 1922, the committee including Messrs. Brady and Watkins.

On motion of Mr. Brody, a committee consisting of President-elect Friday and Dean Bissell was appointed to consider the matter of introducing certain curricula.

On motion, adjourned, to meet April 10, at 9 o'clock A. M.

THE M. A. C. RECORD

THEMIAN ALUMNAE OF CHICAGO met at the home of Miss Helen Gray on Saturday, April 1. The group plans to meet each month, and Themians in the Chicago district are asked to phone Miss Claudice Kober, Rogers Park 4734, for further information.

SOKORIAN ALUMNAE held their regular meeting Wednesday, March 29, at the home of Mary Person Kirby, Lansing. The next meeting will be held the last Wednesday in April at the home of Bev Turner, 325 West Saginaw Street, Lansing.
