The M. A. C. RECORD

Established 1896

Published for the alumni and former students of the Michigan Agricultural College by the M. A. C. Association.

Published weekly during the college year and monthly during July, August and September; thirty-five issues annually.

Membership in the M. A. C. association, including subscription to The Record, $2.50 per year.

Unless members request a discontinuance before the expiration of their memberships it will be assumed a renewal is desired.

Checks, drafts and money orders should be made payable to the M. A. C. Association.

Entered as second class matter at the post office at East Lansing, Mich.

HORSE SHOW DRAWS LARGE ENTRY LIST

M. A. C.'s first horse show promises to be a success. On May 30 the afternoon will be devoted to mounted sports and competition and the military department reports that enough entries have been received to make the event interesting. Special classes for mounts and riders will be awarded prizes and well-known horsemen will act as judges. Stands will be erected to accommodate the crowd on the cavalry drill field south of the Red Cedar and space will be provided for parking automobiles.

Lt.-Col. Sherburne and Captain Chase, who have had charge of arrangements for the occasion expect the seating capacity will be taxed to the limit. Members of the college cavalry troop, the coast artillery unit and the batteries of the 119th Field artillery are ready for the events in which they have been entered. Extensive publicity has been given the show and favorable comments have been heard from points throughout the state.

GRAND HAVEN GRADS DINE WITH ANDREWS

D. W. Andrews, '79, and Mrs. Andrews entertained a group of Grand Haven alumni at a dinner party at their home on May 12. Spring flowers were used for decorating the dining room. Those who attended were: C. C. Hanish, '11, Mrs. C. C. Hanish, Mr. and Mrs. Van I. Witt; Charles Weckler, Nan Bunker Weckler. Eva Schurr, all of '21; C. J. McLean, '20, Thomas Rogers, '71, Rosalyn Rice, '20, J. M. Robertson, '19, C. P. Milham, short course, and Mr. and Mrs. Andrews.

McLean writes: “This bunch is planning to keep this spirit alive down here if it is at all possible and any M. A. Cite who goes through Grand Haven without looking us up will be sorry. We promise to do our best to entertain any who come this way. We have the finest beach on the east shore of Lake Michigan and a big state park where you can park your car. The water, the sunshine, and the fine beach sand are all free.”

FACULTY PROPOSES COACHING COURSE

A course in physical education designed to fit men for positions as coaches has been approved by the faculty and awaits action by the State Board. Under the plan as submitted to the board juniors and seniors in the horticulture, agriculture, forestry or science courses may take a maximum of four credits of electives in one term in the department of physical education and the credits will be allowed to count toward graduation. Required physical training for freshmen and sophomores are the only prerequisites for the course.

Each division of major sport will be taught by the coach in charge of the sport for the present; if the plan is approved and it is probable that most of the classes will be carried on in connection with the regular varsity squads until the number taking the course grows so large that other arrangements are necessary.

Minor sports, physical examinations, the conditioning of an athlete and all the branches of competitive physical endeavor will be thoroughly covered. Gymnasium work and mass games will be parts of the program.

For the women there will be an elective course which will prepare them for positions as directors of play grounds or instructors in physical education with much the same possibilities afforded men. M. A. C. has been called upon to send a large number of men out to the high schools of the state who were expected to be able to handle athletic affairs as well as teach certain subjects. Never has the college been in a position to train students along these lines and the importance of the work has brought this action from a faculty committee which worked with Mr. Young in the arrangement of the courses.

Capacity crowds greeted the Chicago Symphony orchestra when it made its first appearance at the college in two concerts on May 21. The afternoon concert was largely patronized by students who were given a part holiday for the purpose and the evening concert drew the people from Lansing and surrounding territory.
FULL DIRECTIONS FOR JUNE 16

W. K. Prudden, '78, to turn first sod for Union Memorial Building—Alumni to Clash with Varsity at Baseball—Other Events on Program

Directions as to how to employ effective remedies are the most important factors in connection with bringing about a cure. To insure that your trip to the campus on SATURDAY, JUNE 16, will produce the results it promises in rejuvenation, health conservation and the cure for that stale condition which is certain to follow too close an application to business it is most important that you accept the following guide and stick close to instructions.

First, this is more important to you and your classmates than you realize, register at the alumni office which is now situated at 3 Faculty Row. The Union building was formerly occupied as a residence by the late Professor Barrows. It is fourth to the right from the post office, painted green with white trimming and will be adorned with various signs for the day so that Dean Bissell, whose home is 4 Faculty Row, will not have an unusually large number of visitors seeking the alumni office. While engaged in the occupation of registering your name, class, occupation and latest address in the big book at the alumni office you can also purchase tickets for the alumni luncheon and gather what information seems necessary to complete the happiness of your stay on the campus.

If you come by rail, and it is hoped that the number who do will exceed 250, so you will be entitled to a reduced rate, it will be best for you to deposit your railroad fare certificate with the alumni office so that it may be validated by a representative of the railroads and the M. A. C. association. The dependent members of your family are also entitled to this reduction but all of it depends upon the use of this privilege by 250 people who come from a distance where the one-way fare is 67 cents or more. Circulars sent to all alumni explain the territory covered by the reduced rates. Remember to ask for a certificate when you purchase your ticket to Lansing.

If you come June 15 you will want to see the water festival on the Red Cedar near Farm Lane bridge. Canoe tilts, races and other events are fixtures on the program and the dancing of a group of co-eds together with an exhibition of decorated floats will help make the evening enjoyable. Lighting effects will be employed to lend beauty to the scene and other unusual attractions are planned for the event.

On Saturday morning the big celebration of Alumni Day begins. The first item on a full program is the ceremony on the site of the Union Memorial building. There W. K. Prudden, '78, who has recently returned from California, will dig the first shovelful of earth, starting toward completion the building in the interests of which he has been one of the most faithful workers. This occasion is scheduled for 10:30 o'clock and will start promptly at that time. E. W. Ranney, '00, president of the M. A. C. association, will be chairman of the ceremony and several prominent alumni will speak.

At noon on Saturday the annual alumni luncheon and meeting will begin in the gymnasium. Frank Fitzpatrick, '19, is in charge of the feed and has engaged a small army of waiters to supply the needs of 900 or more who are expected to attend. In making all possible preparations to care for the crowd it is expected that past delays in serving will be obviated and that the luncheon will be handled without marring the pleasure of the day.

Following the luncheon the regular annual meeting of the M. A. C. association will be held in the gymnasium. Officers will be elected for the coming year and reports rendered on the work of the past year. At this meeting a proposal to change the present method of election of officers so that all members of the association may express their choice whether or not they attend the meeting will be considered as an amendment to the constitution. There will be a full report on the progress of the Union Memorial building fund campaign and other matters of general interest will be discussed. At this time there will be also the election of an alumni member to the board in control of athletics. C. F. Ramsey, '20, who was appointed to serve during the interim until the election, is the present member and the board recommends his re-election, if the association deems it advisable. The selection of two members of the board of directors of the M. A. C. Union is another matter to be decided at the meeting.

Of course the Alumni-Varsity baseball game...
at College field at 3:30 o'clock will draw the crowd. L. W. Watkins, '93, who will be back for his 30th anniversary, and W. K. Prudden, '78, are scheduled for prominent parts in the contest although it is almost certain that some of the later classes will do the more or less routine work on the diamond. Old stars of the glove and bat will glitter again as Coach Walker's crew is taught some of the fine points of the game and victory should perch on the alumni banner for a clean sweep for the year. This game will be preceded by a parade to the field by classes. As much music as can be assembled will accompany the marchers and the advent of costumed classes will add to the gaiety of the occasion. Also there is the matter of motion pictures of the game which will be taken for presentation at alumni meetings. These will include sections showing the march to and from the field and the actual work on the diamond as well as the capers of the crowd, the ceremony at the site of the Union building and all other occasions of the day which will film well and add to the interest in the picture.

Spend the hour or so after the baseball game with your classmates. Fix the time for your suppers at about 6 o'clock and leave them for the reception which the seniors plan for you on the campus to begin at about 8 o'clock. Informal entertainment will mark this part of the program. There will be an opportunity for you to see the members of your class you have not seen before and those others among the ranks of the alumni whom you knew while in college.

This will officially end Alumni Day. There will be no further general activities connected with the reunion but the baccalaureate sermon will be delivered on Sunday, June 17, by W. R. Kedzie, '99, and on Monday, June 18, the commencement address will be given by Dr. J. W. Laird, president of Albion college, and the seniors will be given the formal privilege of joining the M. A. C. association, although it is expected that the class of 1923 will avail itself of this privilege on Saturday, June 16.

Major Elmore B. Gray, a coast artillery officer who is now taking a course at the general service school at Leavenworth, Kansas, has been detailed to the M. A. C. staff and will report for duty at the college when he completes his course. He is a native of Michigan, and was appointed to West Point from this state, graduating in 1906 from the military academy.

DE CAMP PUBLISHES SEVERAL ARTICLES

Since returning to the campus as assistant professor of forestry last fall, J. C. DeCamp, '10, has become a prominent contributor to trade and professional magazines. At the annual convention of the Michigan Retail Lumber Dealers' association in Grand Rapids last winter he presented a paper on "Western Woods on Michigan Markets" which is printed in the annual of the association and is the only paper read at the meeting to be so honored.

He has recently had printed in the Hoo-Hoo Bulletin, a well known periodical among lumbermen and foresters, a discussion of the work and duties of the forester and how his work fits in with the lumber industry. The theme of his article is the necessity for conservation and how this end is met by the college-trained forester.

The Retail Lumber Dealer, a monthly magazine for the trade printed in Chicago, prints an article by DeCamp on the "Market Classification of Pines" in which he answers a critic who took exception to some of his former statements.

ASSOCIATION BOARD TO MEET JUNE 15

At the meeting of the executive committee of the M. A. C. association on May 19 plans were made for Alumni Day. The secretary was instructed in regard to matters of policy and the committee approved the recommendation of the committee headed by A. B. Cook, '93, for a change in the method of election of officers as recorded in other columns of this issue.

Reports were made concerning the progress of the Union Memorial building fund campaign and the committee adjourned to Friday evening, June 15, when the regular commencement meeting of the committee will be held preparatory to the annual meeting of the association on June 16.

Those who attended were: President E. W. Ranney, '00, Vice President A. B. Cook, '93, Treasurer Frank F. Rogers, '83, and Horace S. Hunt, '05, W. O. Hedrick, '91, A. C. MacKinnon, '95, and A. C. Anderson, '06, of the executive committee.

"Hamlet" will be presented as the senior play in the Forest of Arden on the evening of June 14.
In proposing a change in the manner of electing the officers of the M. A. C. association the executive committee had in mind the great growth, territorially and in numbers, of the organization during the past few years and its probable growth in the future. Under the present system only those attending a meeting of the organization have a direct voice in its government and many who attend the meeting and are not members of the association also have a voice. Under the plan as proposed all members of the M. A. C. association in good standing will have an opportunity to cast votes for the officers. In this way it is hoped that the alumni will get into closer touch with the college and keep more of a personal watch on the affairs of their organization.

If your class secretary has not yet announced that you are to have costumes for the reunion, get in touch with him or her and register your feeling in the matter.

One of your privileges when you return to the campus will be to inspect the new buildings now being erected. Within the past week a vari-colored composition roof has been placed on the home economics building which adds greatly to the beauty of the structure and gives the campus a further touch of academic air which it has thus far been unable to acquire.

It seems that psychology must have more to do with the results of athletic contests than it is often given credit for. Take, for instance, the results of the two games played against Michigan by the baseball team. In each game the varsity was badly outclassed. Later events proved that the difference between the two squads was not so great as the box scores would indicate. It has been the same in other sports. The old bugaboo operates in winter and summer. It is high time it was laid to rest.

Dewey Seeley, '08, has made a solemn promise that the weather for June 16 will be clement enough for straw hats. He has made two vows, one to his class committee and another to the reunion committee that he will deliver a regular summer day for the occasion.

If you haven't made your preparations to be on the campus on June 16 you still have an opportunity but the result of delay will be that you will lose all of the joy of anticipation in spite of the manner in which you will be compensated for this by the greater joys of realization.

If all of the children are coming with you so much the better. They will see the biggest Alumni Day in the history of M. A. C. It will be the biggest not only because it will be the first but also because it shows all signs at this early date of drawing the largest crowd in the history of the college for such an event.

Belated but none the less beautiful and welcome was the display of flowers which the botanical garden began to exhibit during the past two weeks. Sheltered spots found the lilacs in bloom and forsythia, tulips, sweet currant, spirea and other plants and shrubs were dressed in the robes of spring. Outside the garden there was one place on the campus which presented an unusual picture. Protected on three sides by towering evergreens a forsythia shrub near the post office presented an eye-filling bit of contrast. The yellow of its blooms almost blended with the light green of its leaves but was in turn intensified by the deep color of the spruces. It was a flame in a cave when the days were dull and when they were bright it added beauty to a more or less drab corner.

**NECROLOGY**

Sherman S. Taylor, '22

O. D. Daies, '03, sends in the following report from Niagara Falls, N. Y.: "Sherman S. Taylor, w'22, and a member of the Phi Delta society, died May 8, from heart trouble after an illness of about four weeks, at the home of his mother in Niagara Falls, N. Y. Since leaving college he has been employed most of the time in the engineering department of the Niagara Falls Power company where his faithful and efficient service was bringing him rapid progress. His death is deeply regretted by his many friends and associates."
THE M. A. C. RECORD

"Close Beside The Winding Cedar"

The military department expects a large crowd out for the horse show on May 30. A list of valuable prizes has been prepared.

A polo team to represent the college at the R. O. T. C. camp during the summer has been organized among the juniors who have elected cavalry.

At the 49th annual meeting of the Michigan Pioneer and Historical society on Thursday, May 24, at the state capitol, Henry A. Haigh, '74, will speak on "The Alger Movement in Michigan."

FRIDAY RESIGNS FROM PRESIDENCY

At a meeting of the State Board of Agriculture in the president's office on May 25, President Friday offered his resignation and it was accepted by that body, effective June 1. Mr. Friday is to become a member of the faculty of the School for Social Research in New York city and will spend much of his time in writing on economic subjects and doing special work along that line.

Dean R. S. Shaw was appointed acting president.

The victorious negative debating team and the affirmative team debated over the college radio on May 9 and on May 16 the girls' team took possession of the broadcasting room.

E. C. Pokorny, '07, threatens to carry off the prize for the largest number brought to Alumni Day festivities. He writes that there will be five others in his party. He lives at 849 Edison avenue, Detroit.

Feronian and Alpha Phi alumnae will be entertained by the active chapter at a tea on Saturday, June 16, from 5 to 6 o'clock. The Lansing alumnae will entertain the graduates at breakfast on the following morning when both active and alumnae members will be invited.

About 300 students dropped class work on Monday, May 21, for a holiday which proved to be short. They assembled at various places about the campus, cheered for President Friday and the college and finally dispersed when the president spoke to them from the library steps. They failed to keep their "academic appointments" between the hours of 9 and 11.

Mrs. Lillian Peppard, who was for some years a member of the M. A. C. faculty, was recently elected to the honorary fraternity, Phi Kappa Phi, at Rhode Island State college. Mrs. Peppard is professor of domestic art at Rhode Island State. She was made a member of Omicron Nu, national honorary sorority founded at M. A. C. while she was teaching here.

H. L. ("Brownie") Springer, '21, who has been coach of the athletic teams at the Port Huron high school, was recently selected to coach the teams of the Lansing high school, succeeding Sherman Coryell, '20, who goes into the same kind of a position at Grand Rapids Central. Both men have made marked progress with their teams and the change comes as an advancement in each case.

M. A. C.'s tennis team won the annual intercollegiate tournament on the East Lansing courts, coming out ahead of twelve college teams. Kalamazoo college and Mt. Pleasant normal tied for second place. Croll and Coe took first honors in the doubles and Hall of Kalamazoo took the singles. Several of the matches were sharply contested, furnishing excellent competition.
ALLEN CONCERT TRIUMPH FOR SINGER

Gymnasium Well Filled to Hear Alumna—Difficult Program Impresses Crowd—Class of '09 Attends Reception After Concert.

Mary Allen returned in triumph to her alma mater. She left it in 1909 with the urge for a musical career unsatisfied, but building up her resolve to quit teaching at the first opportunity and look into her chances of success in her chosen profession. None who heard her concert in the gymnasium on May 17 will deny that she has achieved her ideal closely enough to know that the goal for which she sought is within her reach.

More than 500 of her friends and admirers made up the crowd which comfortably filled the seating capacity of the gym; a half dozen organizations sent flowers and a large portion of the audience paid homage to her achievements at the reception after the concert. It was a notable event in college history and notable in the career of Mary Allen. For nearly two hours a graduate of the home economics department held a critical audience—critical subconsciously if not consciously—under the spell of music. Her program of varied numbers brought out the unusually excellent qualities of her voice, her rendition marked her as the possessor of talent great enough to carry her to the heights of fame and her personality drew the applause of those whose musical taste is more or less uncertain. It was a notable occasion for the alumni and the Union building movement. It brought them both into prominence and added the glamour of a name, which already means much to the circle in which such things are recognized, to the campaign to provide a suitable Union building for M. A.-C.

Bruce E. Hartsuch, of the chemistry department, was the accompanist.

Gerald H. Allen, '09, Miss Allen's brother, and her mother were present to witness her triumph and after the concert a large number of the members of her class gathered at the home of Mrs. Lenore Smith Van Halteren for a reception.

The alumnae council handled all of the details of the concert. Mrs. Katherine Crane Cox, '16, was chairman of the committee in charge. The gymnasium was specially decorated for the occasion. The Kimball Piano company furnished a grand piano and the liberal arts board of the college provided ushers.

Miss Allen sang the following selections in English:

I a—Faith in Spring Schubert
b—Ave Maria Schubert
c—Serenade Brahms
d—Undying Love Brahms

II a—Air de L'Enfant Prodigue Debussy

III a—In the Silence of Night Rachmaninoff
b—Liaces Rachmaninoff
c—The Isle Rachmaninoff
d—The Lord is Risen Rachmaninoff

IV a—The Sea Grant Chaefer
b—A Maid Sings Light MacDowell
c—Harvest Moon Chaloff
d—Day is Gone Lang

e—The House That Jack Built Sydney Homer

V a—Love's Old Sweet Song Malloy
b—Blackbirds' Song Cyril Scott
c—By the Water of Minnetonka Lieurance
d—Mon Coeur S'ouvre a ta Voix Saint-Taens

INSPECTORS VIEW

Cadets, compulsory and voluntary, joined in the various phases of the inspection to which they were submitted by the inspecting board. Col. G. W. Stewart, Lt.-Col. W. L. Pope, from Washington, and Col. R. H. Stillman from the Sixth Corps area headquarters, went over all parts of the different units. They examined the students in military tactics, had them do their regular field work, mount guard and pass in review, inspected the quarters and equipment of the cavalry and coast artillery and gained a general impression of the worth of the corps as individuals and as an organization. For two days, May 22 and 3, there was little activity in a scholastic line for freshmen and sophomores except military but that was enough for most of them.

It is upon the rating given at this inspection that the standing of the college depends. It is believed that this year the M. A. C. corps has a better chance of being given a distinguished class rating than ever before. The bearing and knowledge of the men was such as to impress the board favorably.
REUNION LIST IS GROWING RAPIDLY

The reunion of '78 is to be marked by the attendance of at least three of the class and others are expected to make the decision to attend before it is too late. W. K. Prudden has come from California, Frank Robson, attorney for the Michigan Central railroad, will make the trip from Detroit and E. O. Ladd will come down from Old Mission to greet their classmates.

Mrs. R. C. Carpenter, widow of Professor Carpenter, has announced that she will attend the fiftieth reunion of that class to meet again with her late husband's friends. The golden jubilee class has most of its members within easy distance of East Lansing.

F. W. Richardson, '15, and Dorotha Voss Richardson, '17, will come from Wyoming, Delaware. Willard M. Coulter, '18, and Helen Edmunds Coulter, '19, will return and bring with them Mrs. J. E. Coulter, '82.

Homer C. Skeels, '88, will come for his twenty-fifth anniversary and many others have signified their intention of coming although not many have gone so far as to write their intent to the alumni office.

CANOE CLUB MAKES PLANS FOR BUILDING

The college canoe club is coming forth with a new plan for the erection of a building to protect the water craft from the elements and the depredations of those who would enjoy the Red Cedar without purchasing a canoe. Under the plans as advanced by the club stock is being sold at $10 per share to students and faculty members. A design has been prepared for the structure and work is expected to start in the near future.

Lockers and canoe racks will feature the house so members can leave their back rests and other paraphernalia at the house and be assured of their safety. It is also part of the scheme to make the building of a type of architecture which will blend well with the landscape. Beautifying the river banks will be aided undoubtedly when the house is erected for the lines of canoe racks along the stream do not add to the beauty of the place.

The club will work on a perpetuating schedule, taking over the stock of members when they leave college at the original purchase price and selling it again to newcomers.

CADET OFFICERS TAKING THE HURDLES

Lieuts. M. G. O'Neil and M. A. Tyrell of the cavalry unit who are entered in horse show events for May 30.
VARSITY CONTINUES CLEAN SWEEP

Hope and Kalamazoo Easy Victims for Walker's Nine—Johnson Lets Down Young's Team With One Hit.

Timely hitting and good base running gave the M. A. C. nine a 3 to 1 victory over Hope college on College Field May 19. The visitors fielded well but hit weakly, especially when “Bub” Kuhn took the mound in the latter part of the game. Ross started for M. A. C. and went fairly well but lacked some of his effectiveness and, in order to make the game safe, Kuhn was allowed to do the latter part of the pitching. Stephens was out of the game because of injuries and Wenner played center field.

One of the big features of the game from the M. A. C. point of view was the three double plays which were registered by the Green and White. This type of fielding has not been exactly common for M. A. C. this season. Brady obliged with a home run in the first inning which scored Gasser and decided the outcome of the contest. Brady also added two singles to his collection of hits, giving him a perfect day at bat. Kuhn pitched three innings, coming through unscathed and fanning five batters, bringing his mark up to 35 for 21 innings.

Totals: 27 4 24 10
Score by innings:
Hope: 0 1 0 0 0 0 0 0 0 0
M. A. C.: 0 1 0 0 0 0 0 0 0 0

“Bill” Johnson, one time captain of the football team, first baseman, batter and pitcher of the first class, turned back Coach Young's Kalamazoo team with one clean hit on College Field on May 22 while his team mates pounded four visiting pitchers indiscriminately for a total of 14 runs to make up for the single tally their team scored. There is some question as to whether or not Hinga should have been credited with a hit on the play preceding his race across the plate but general opinion placed the blame on Sepaneck.

The latter can well shoulder the blame for he counted four runs on four hits in four times at bat, two of his swats going for two bases. In other ways Johnson was extremely conservative. He hit two batters, but failed to pass any. Only four men reached first base and only one ball was hit to the outfield by the visitors, that being Black's triple in the fourth inning.

The Green and White batters went on an unprecedented rampage with Stephens chipping in with his customary drive into the river down the right field foul line. Stephens was unable to run because of an injured knee but managed to land on second after a long drive as the other part of his contribution to the offensive of the home team. In the ninth inning Coach Walker sent in an entire team of second stringers who did some fast work at fielding and halted Kalamazoo's attempt to gather an extra tally.

Totals: 28 1 24 8
Score by innings:
Kalamazoo: 0 0 0 0 0 0 0 0 0 0
M. A. C.: 0 1 0 0 0 0 0 0 0 0
Runs: Hinga, Brady, McMillan, 2; Stephens, 2; Williams, Sepaneck, 4; Daley, 2; Gasser, Johnson -14. Errors: Petschulat, 2; Ludwig, 2; Zimmerman, 2-8; Sepaneck -1.
Home runs: Stephens. Three-base hit: Beckley. Two-base hits: Sepaneck, 2; Daley, Stephens, Johnson. Sacrifice hits: Gasser, 2; McMillan, Beckley, Hinga. Stolen bases: Brady, 3; McMillan, 3; Gasser, Williams, 4. Struck out: by Johnson, 6; by Hinga, 1; by Zimmerman, 1. Bases on balls: off Vereoe, 11; off Hinga, 1; off Zimmerman, 1; Hit by pitched ball: By Johnson, 2; by Zimmerman, 1; By Sherwood, 1; Wild pitch: Hinga. Left on bases: M. A. C.; 4; Kalamazoo, 3.
HERDELL IS CLOSE TO DASH RECORD

Mark Herdell, a junior in the science course, was the outstanding star for the M. A. C. track team when it met Notre Dame at South Bend. Herdell started badly and lost two yards before he got under full headway but he flashed to the tape just back of Hayden who was timed in 20.9-10. The finish was so close that the judges only decided the victor after a long conference. Reports indicate that there is no doubt but what the M. A. C. man ran the century in 10 seconds with plenty to spare. This performance is as good as the best recorded for an M. A. C. man. He won the low hurdles in :26 1-10, and took third in the 220. Hartsuch took the only other first place accorded the Green and White when he came from behind in the half mile to breast the tape in 2:01.

The summary finds Notre Dame ahead, 93 1-2 to 32 1-2.

100 yard dash: Layden (N) first; Herdell (M) second; Barr (N) third. Time, 20.9-10.

220 yard dash: Barr (N) first; Layden (N) second; Herdell (M) third. Time, 21.4-5.

120 yard high hurdles: Casey (N) first; Ross (N) second; Preston (M) third. Time, :15 9-10.

220 yard low hurdles: Herdell (M) first; Atkins (M) second; Casey (N) third. Time, :26 1-10.

440 yard run: McTiernan (N) first; Montague (N) second; Coughlin (N) third. Time, :54 1-10.

880 yard run: Hartsuch (M) first; Barber (N) second; Klasse (M) third. Time, 2:01.

Mile run: Kennedy (N) first; Barber (N) second; Klasse (M) third. Time, 2:20.

Two-mile run: Wentland (N) first; Cox (N) second; Connell (N) third. Time, 10:13 8-10.

Broad jump: Livergood (N) first; Lee (N) and Brady (N) tie for second. Distance, 21 feet, 1 1-2 in.

High jump: Weeds (N) first; Atkins (M) second; Hogan (N) and Preston (M) tie for third. Height, 5 feet, 11 inches.

Pole vault: Hogan (N) first; Warner (M) second; Driscoll (N) third. Height, 12 feet.

Shot put: Lieb (N) first; Flynn (N) second; Milbauer (N) third. Distance, 42 feet, 8-1 in.

Discus throw: Lieb (N) first; Fessenden (M) second; A. Walsh (N) third. Distance, 137 feet, 6 in.

Javelin throw: Moes (N) first; Oberst (N) second; Weamer (M) third. Distance, 196 feet, 5 in.

READY TO START WORK ON STADIUM

Plans have been completed for the new stadium, the State Board has officially asked the state administrative board for the funds loaned by action of the legislature, the ground has been surveyed and as soon as material and machinery arrive work can begin. All of the preliminary work is being rushed so that the stands may be completed as soon as possible and the stadium be ready for use next fall. E. A. Bowd, the college architect, has offered his services in designing the structure according to recommendations submitted to him by the board in control of athletics and will have a completed plan ready for publication in the near future.

Stands will be erected on each side of the playing field and the ends will be filled with more stands when the need arises for a greater seating capacity. The first part of the work undertaken will be that of grading and sodding the playing field so that it may be ready for play next fall, if that is at all possible. There may be some difficulty in raising a firm sod by that time but every effort will be made to have it in shape.

FRESH DOWN ALMA IN TRACK CONTEST

While the varsity was losing to Notre Dame the Fresh were taking revenge on the Alma varsity, treating that aggregation to an 87-2-3 to 38-1-3 beating. Stewart of Alma set a new College Field mark in the shot put when he recorded 43 feet 1 inch as his best effort.

The summary:

100 yd. dash: 1st Zimmerman (M), 2nd Hall (M), 3rd Marx (M). Time—10.3 sec.

440 yd. dash: 1st Hall (M), 2nd Bentley (A), 3rd Smythe (A). Time—54.2 sec.

880 yd. run: 1st Ripper (M), 2nd Banks (M), 3rd Hayes (M). Time—2:16.2

1 mile run: 1st Ripper (M), 2nd Banks (M), 3rd Williams (A). Time—5:08.1

2 mile run: 1st Ripper (M), 2nd Thomas (M); 3rd Williams (A). Time—11:32

Shot put: 1st Stewart (A), 2nd Haskins (M), 3rd Foss (A). Distance—43 ft. 1 inch. (Record)

Discus: 1st Foss (A), 2nd Stewart (A), 3rd Bowles (M); Distance—115 ft. 10 in.

Javelin: 1st Stewart (A), 2nd Bowles (M), 3rd Fremont (M). Distance—141 ft. 1 in.
CLASS NOTES

All classes not regularly listed for reunions are urged to gather as large a crowd as possible and perfect their permanent organizations so they will be in working order when reunion time arrives. The class of '17 is the best organized. Take it as a model. Elect permanent secretaries as close to the college as possible and make your program worth while.

E. J. Frost, president of the Frost Gear and Forge company at Jackson, Michigan, writes: "My son, Barry L. Frost, who had one year at M. A. C. mechanical, class of '24, is studying architecture at the U. of M. and expects to graduate a year from the coming June."

L. S. Munson requests us to change his address from 1510 Franklin street, Wilmington, Delaware, to 1115 Franklin street in the same city.

Class of '98, Attention!!!

Our twenty-fifth anniversary will soon be here. This is a very important mile post in the history of Ninety-Eight. In order to have a real reunion it is up to you, members of the class, to come back and make it so,—although the members of the committee will do their best.

A full reunion period has been planned. The Record will keep you informed of all the events. Dewey Seeley will look after the weather as well as a few other matters, and Mr. Plant and I cordially invite you to an informal class supper at our home at 6 o'clock, on Saturday, June the sixteenth.

Mark your calendars now. Come back to old M. A. C. for Alumni Day and the Ninety-Eight reunion.

Pearl Kedzie Plant,
For the Committee.

M. Bert Langelier describes his occupation as follows: "At present I am designing reinforced concrete and structural steel for the sewage disposal plant for the city of Milwaukee. Have been working on this for over two years but am not a regular city employe. Have designed over 70,000 cubic yards of concrete structure, requiring over 5,000 tons of rods and some 2,000 tons of structural steel thus far but there is still considerable work to finish the plant." Langelier may be addressed at 1025 33rd street, Milwaukee.

We quote W. Neilson as follows: "Still contracting, building sewers and water mains. Have about four months' work ahead, so if you know any M. A. Cites who want work send them along, and if they are too weak to work they will be welcome anyway as we see mighty few down this way. Seems to me I see less '06 news in The Record than from any other class. Are they all like me, too busy to write? By all means build the stadium down by the river." Neilson is in Columbus, Ohio, at 169 E. Lane avenue.
M. A. C. has a representative in the movie world. Clara Morley writes from 601 Stroh building, Detroit: "Publicity director for the Detroit Motion Picture company. Studio just completed at Grosse Pointe. Any M. A. C. people visiting Detroit will gladly be shown through. If you care to make up a special party any time will be more than glad to show you around and explain how pictures are made. We start productions this summer."

Frank and Helen Esselstyn Wood have moved in Monrovia, California to 252 Stedman Place. We hear from them as follows: "Frank—Assistant manager Day & Night Water Heater company, of which William J. Bailey (graduated M. A. C. '01) is president and general manager. Helen Esselstyn—Assistant to Frank and the four children, Reuben, Mary Hope, Frank H. E., and Margaret Louise, all of whom we hope to have with us on the campus at commencement time. Spencer and Phene Blinn Esselstyn have just built a new home in Los Angeles in the Ivanhoe Hills district. If it didn't seem too much in the family I'd have said 'a lovely new home.' We all had a splendid time at the M. A. C. get-together and also have recently enjoyed visits with John Bidwell, '09 (who lives in Susanville, Calif.) Briggs Clark, '09, Elmer Thompson's ('10) wife, Bess Frazer Morgan, '11, Louise Pratt, '11, and the Nies—Ed of '08 and Grace, '09."

G. Harris Collingwood should be addressed at 2804 27th street, N. W., Washington, D. C. He accounts for this change in address as follows: "I am enjoying a sabbatic year from Cornell, and have accepted a position as extension forester with the States Relations service. My office is in the forest service and my work will be very largely with directors of extension and state foresters in the eastern states where farm forestry is becoming of growing importance. It gives promise of being an unusually interesting year, with opportunities of renewing acquaintance with many M. A. C. folks."

"To friends and relations everywhere. Arrived safely May 19. Dad and mother very happy. Glad to say my name will be Katherine Ellery Lyman. Care of Mr. and Mrs. R. D. Lyman (Emily Orwig), 3803 Wilton avenue, Chicago, Illinois."

George H. Buckley is an architect with the Buckley & Skidmore firm at Hammond, Indiana. He lives in Chicago, at 2237 West 108th Place.

SATURDAY, JUNE 16

A Great Day for Alumni

Look at this line-up:

- Breaking Ground for the Union Memorial Building.
- Dedication of new Library.
- Alumni-Varsity Baseball Game.
- Alumni Luncheon and Meeting.
- Alumni Parade.

Something Doing Every Minute

Special railroad rates available for ten days for most alumni.

Let us know how many you will bring. Write a letter or tear out the handy coupon below, fill it in and send it to the alumni office.

I shall return for Alumni Day, Saturday, June 16. There will be......... others with me. I am not merely interested, I am a BOOSTER, count me in.

Class.................
Signed...................
Address..................
K. D. VanWagenen says: "Nothing new since I last wrote. Still doing business at the same old stand, viz. developing a good sized dairy farm close to Duluth."

Irving and Nina Rose ('15) Kirshman have moved to Fenton, Michigan, according to postal information received here.

Glenn Myers is still with the Cadillac Motor Car company as a designer and lives at 1578 Buena Vista avenue, Detroit.

Roy F. and Alice Wood Irvin, together with their seven year old daughter, Patricia Ruth, are located in Flint at 1312 Grand Traverse street. Roy is director of advertising service for the Flint Printing company, one of the largest printing concerns in the state.

Truman G. Yunker is professor of botany at DePauw University, Greencastle, Indiana.

C. J. Gatesman is no longer to be found at 2917 Fort street, Detroit. In fact we know not where to look for him.

E. C. Mandenberg introduces "Anne Rost Mandenberg, to you. She is a H. E. candidate for '41. She takes after her dad. Is eight months old, 29 inches tall, weighs 18 pounds." Mandenberg lives in Lansing at 506 North Butler boulevard.

Julia Raven writes: "Please change the address of the M. A. C. RECORD for the month of June to 829 Grand River avenue, East Lansing, and after July first to the House of Mercy, Klingle Road, Washington, D. C. Will be there for commencement if my plans do not fail now."

Curtis L. and Ethel McKillop ('13) Roop announce the arrival of Sherry Jane on April 26.

"After June 1, my address will be 1205 Rebecca avenue, Wilkinsburg, Pennsylvania," writes R. Verne Lester. "I am still in the transformer engineering department of the Westinghouse Electric and Manufacturing company and am not bothered in the least by dead time on my hands. Sorry I'll not be able to be back for commencement this year."

The Forest Park, Illinois, post office sends us notice that Floyd Bunt is now at Hanover, Ontario, Canada.

Wilbur Wright is in the real estate business at Corsicana, Texas, and owns a poster advertising service in several towns.

Mail addressed to Henry Goss at East Lansing and forwarded to Grand Rapids has been returned unclaimed. His present address is not known to us.

F. E. Hausberr is no longer to be reached in care of the Y. M. C. A. at Portland, Oregon. He has not informed us of his present whereabouts.

Post office authorities have it that C. R. and Dorothy Lillie Crozier are now at R. 7, Grand Rapids.

Winslow E. Dobson is now in Yonkers, New York, at 58 Fairview avenue, according to the East Orange, N. J., postmaster.

George A. Spoon is assistant manager of the L. O. Gordon manufacturing company at Muskegon and lives at 222 Pine street.

T. S. Blair moves as fast as the RECORD goes to press. He is now at 62 VanAlstyne boulevard, Wyandotte, Michigan.

In the first attempt at being alumni the class of '22 will be led by C. C. Hribble and a coterie of graduates who reside in and near East Lansing. Notify the alumni office that you will be present.

Flora Wettlaufer is teaching in the high school at Birmingham, Michigan, and lives at 222 W. Woodward avenue.

Harold Fleming is taking the graduate student course at the Westinghouse Electric and Manufacturing company. He lives in Wilkinsburg, Pennsylvania, at 720 Hill avenue.

Daniel DenUyl is reached in care of the U. S. Forest Service, Harrisonburg, Virginia. He is forest assistant in the acquisition department. He reports: "Enjoying life of a forester in the mountains. Am now working on Shenandoah purchase area."

Catherine Watkins writes from her home in Manchester: "Was teaching in the Flint junior high school but resigned to come here and care for mother. Am getting practical H. E. here and no mistake. Ottoline Matthes '22, of Adrian, has taken my place and is living with Esther Parker, '22, at 618 Garland street, Flint."

Bernard F. Gaffney is in Lake City, Michigan. Leo B. Grant should be addressed at Sunset street, Jackson.

Helen H. Halsted is no longer to be reached at 183 Pingree avenue, Detroit.

FOR RENT—During summer school, furnished 7-room semi-bungalow, with garage and garden, on Sunset Lane, East Lansing. Write R. A. Runnells, '16, at Surgery and Clinic Bldg., East Lansing, Mich.
After Every Meal

WRIGLEY'S

Top off each meal with a bit of sweet in the form of WRIGLEY'S.

It satisfies the sweet tooth and aids digestion.

Pleasure and benefit combined.

Have You Paid Your Debt to M. A. C.?

You know your education cost the state twice as much as it cost you.

As a business or professional man or ordinary citizen this must make it clear in your mind that you are under a moral obligation to make a return on this investment.

HERE IS ONE WAY

Do your share to help build the UNION MEMORIAL building.
It will be an imposing structure of great utility.
It will be an attraction to desirable students.
It will serve students, faculty and visitors and, to consider it from a selfish viewpoint, it will provide you with a campus home, a place to meet your friends, a clubhouse where you will be always welcome and where you can enjoy true M. A. C. hospitality.
