ALMA MATER

Close beside the winding Cedar's
Sloping banks of green,
Spreads thy campus, Alma Mater,
Fairest ever seen.

Chorus:

Swell the chorus; Let it echo
Over hill and vale;
Hail to thee, our loving mother,
M.S.C., all hail!

First of all thy race, fond mother
Thus we greet thee now,
While with loving hands the laurel
Twine we o'er thy brow.

Backward through the hazy distance
Troop the days of yore,
Scenes and faces float before us
Cherished more and more.

College Hall and Wells and Williams,
Abbot and the rest,
Halcyon days were those spent with you—
Days of all the best.

Fold us fondly to your bosom
Alma Mater dear,
Sing we now thy endless praises
Sounding cheer on cheer.
Michigan State College

As the oldest land grant college in the United States and the oldest agricultural college in the world, Michigan State College provides a technical, practical, and cultural education to its student body of soldiers and civilians.

In its 89th year since its founding in 1855, M.S.C. has grown from one building and four faculty members to a progressive university with an educational program that includes the adult and youth, the scientist and the non-technical man, the agriculturist and the engineer, the homemaker and the dietitian, the businessman and the teacher. It has approximately 750 staff members, 135 modern buildings, and more than 2,500 acres of land. In addition, five experimental stations are maintained in various parts of the state.

Eighty-nine years ago the course of study at Michigan State College consisted largely of cultivating the college grounds. Students removed stumps, dug ditches, and cultivated cleared land. Today, the course of study is divided into six schools, namely, Agriculture, including Forestry, Horticulture, and Landscape Architecture; Engineering; Home Economics; Veterinary Medicine, including Medical Technology; Science and Arts, including the divisions of Language and Literature, Fine Arts, Social Sciences, Physical Sciences, Biological Sciences, and Education; and the School of Business and Public Service. A Basic College has been established to provide general education for all students for terminal two-year courses and degree courses. In addition, students may follow prescribed courses in Pre-medicine, Pre-dentistry, and Pre-law.

The School of Graduate Studies provides opportunity for students to enroll in courses leading to the degrees of master of arts, master of science, master of music, doctor of veterinary medicine, and doctor of philosophy.

In the agricultural, business, and professional fields, Michigan State College has proved its worth to the people of the State of Michigan, paying dividends many times over the $3,500,000 appropriated for its maintenance each year by the state and national governments. Noted for its democratic and friendly spirit, the student body harmonizes with the college faculty to provide a first class educational institution.

Michigan State College operates on a four-quarter basis, a quarter being approximately twelve weeks. Students may enter M.S.C. at the beginning of any quarter during the school year.
THEY GAVE ALL IN WORLD WAR II

The everlasting honor roll of Michigan State College graduates and former students who gave their lives in defense of our national liberties is based on official reports received to date. Michigan State College offers its deepest sympathy to the families and friends who have suffered bereavement.

VISITORS ARE WELCOME

COLLEGE MUSEUM—
The College Museum, on the ground floor of the College Auditorium, will be open to visitors this afternoon from 1:00 to 5:00. Attention of the public is called especially to the Henry Haigh gun collection, Shao Chang Lee's collection of Chinese art and costumes, Carolyn Wicker's oriental jewelry, silver plates, Florentine books, and Hara-kiri sword, and the Gladys Olds Anderson Indian basket collection.

THE MUSIC ART GALLERY—
The Music Art Gallery can be found on the ground floor of the Music Building. On exhibition in this room are many examples of student work in the Department of Art for the year 1943-44. The Art Gallery is open all day to visitors.

WKAR, COLLEGE RADIO STATION—
WKAR, the 5,000 watt College Radio Station with studios above the main entrance of the auditorium, is open all day to visitors.

BEAL BOTANICAL GARDENS—
In the Beal Botanical Gardens are between two and three thousand botanical plants. The Gardens are open to visitors any time.

THE FREDERICK COWLES JENISON GYMNASIUM AND FIELDHOUSE—
The Frederick Cowles Jenison Gymnasium and Fieldhouse is one of the largest and best equipped buildings for physical education and athletics in the nation. It houses the Department of Physical Education for men and provides facilities for all collegiate sports. The building will be open all day to visitors.

HORTICULTURAL GARDENS—
The Horticultural Gardens, east of the Horticulture Building and the greenhouses, will be open all day to visitors.

THE COLLEGE FARMS—
The College Farms are located on the south side of the Red Cedar River. By driving south on Farm Lane, the road running north and south past the College Auditorium, many of the farm buildings can be seen. Attention of the visitors is called especially to the College Dairy Barn, the Beef Cattle Barn, and the Pavilion.
