The M. A. C. RECORD

Established 1896

Published for the alumni and former students of the Michigan Agricultural College by the M. A. C. Association.

Published weekly during the college year and monthly during July, August and September; thirty-five issues annually.

Membership in the M. A. C. association, including subscription to The Record, $2.50 per year.

Unless members request a discontinuance before expiration of their memberships it will be assumed a renewal is desired.

Checks, drafts and money orders should be made payable to the M. A. C. Association. Entered as second class matter at the post office at East Lansing, Mich.

ROBERT J. McCARTHY, '14, Editor.

THE M. A. C. ASSOCIATION
3 Faculty Row, East Lansing, Mich.

OFFICERS—1924-25
Frank F. Rogers, '83, Lansing, President
Arthur C. MacKinnon, '95, Bay City, Vice-President
Luther H. Baker, '93, East Lansing, Treasurer
Robert J. McCarthy, '14, Secretary

EXECUTIVE COMMITTEE
Members elected at large
Henry T. Ross, '04, Milford, Mich., Term expires 1925
Clifford W. McKibbin, '11, East Lansing, Term expires 1926
G. V. Branch, '12, Detroit, Term expires 1927
W. K. Prudden, '78, Coronado, Calif., ex-officio
Harris E. Thomas, '85, Lansing, ex-officio
E. W. Ranney, '00, Greenville, ex-officio

FINANCING OBTAINED FOR UNION
State to Purchase $300,000 Bonds on Building; Necessity for Cash More Pressing Than Ever Under Schedule Which Provides for Retirement of Issue Within Ten Years.

Temporary financing plans which will allow for the completion of a considerable portion of the Union Memorial building have been completed and work will be pushed so that the structure may be put into use as soon as possible. The plan provides for the loaning of $300,000 to the Union by the state which will be secured by bonds drawing interest at the rate of 5 per cent per annum. These bonds must be retired within ten years from the date of issue, they will be dated May 1, 1925.

The proposal was introduced in the house of representatives by A. C. MacKinnon, '95, vice-president of the M. A. C. Association, and was passed by a vote of 82 to 1, one representative preventing an affirmative roll call. In the senate it was cared for by Norman B. Horton, '02, who succeeded in having it approved by a unanimous vote in the upper house. It was signed by Governor Groesbeck on Thursday, March 12, and went into immediate effect through a provision which was attached to the bill in the house. It was then brought up for final action by the state administrative board which set the interest at 5 per cent, and limited the term of the bonds to ten years. Final details rest with the attorney general for completion.

It is pointed out by President Rogers that the present assets, in pledges receivable, are just less than $200,000 and that the whole structure of financing upon which the Union Memorial building is being constructed will topple unless those who have pledged pay the amounts due on or before the dates they have been made payable. There has been extended on the building some $4,000 more than has been received, all campaign expenses have been paid without taking a cent from the principal of the fund and this will continue to be the case.

The Union Memorial building will undoubtedly be ready for use within the next six months, every effort is being made to have it ready by June 15 or somewhat earlier. The extent to which it can serve alumni will depend entirely on the extent to which they support it. Once in operation it will pay expenses but cannot be expected to carry the burden of construction costs, that rests with the alumni.

Although the financing plan, which has been accepted by the state, is not a new one it represents a decided change over the one originally submitted a year ago. It was in January 1924 that a committee was appointed by E. W. Ranney, '00, then president of the Association, to look into the matter of obtaining funds to continue the work beyond the point available cash could carry it. This committee interviewed bankers and state officials and was encouraged to believe that the funds could be obtained from the state. Several efforts were made to accomplish this before the legislature met but in November of last year it was learned definitely that an act of the legislature would be necessary to complete the deal.

To have the bill, introduced the second week of the session by MacKinnon, become a law there were endless questions to be answered and several weeks of anxious waiting in store before the necessary action was taken. Many alumni took a prominent part in laying the plan before the legislators so that they might understand its import. The bill provided for the purchase of the serial bonds of the Union extending over a period of not more than twenty years at an interest rate of not less than four per cent per annum.
To meet the obligations incurred by the sale of bonds it will be necessary that all pledges be paid in full when due, the retirement of the bonds at maturity is an absolute necessity, if the Union is to retain control of the building and the alumni are to have the benefit of its use. The debt has been incurred entirely on the supposition that every dollar promised to the fund will be paid and paid when due.

GARRATT, ’20, SELECTED FOR YALE APPOINTMENT

According to the Yale Alumni Weekly, George A. Garratt, ’20, has been appointed assistant professor in the Yale School of Forestry from which he was graduated with the degree of M. F. in 1923. The announcement follows:

George Alfred Garratt, ’23F., who has been for the past two years in charge of the Department of Forestry and Engineering at the University of the South, Sewanee, Tenn., has been appointed assistant professor of Forest Products in the Yale School of Forestry.

The addition of Mr. Garratt to the staff materially increases the strength of the faculty of the School and will enable Professor Samuel J. Record, who has had charge of the work in wood technology and who has been carrying on extensive research in tropical woods, to devote a much larger amount of his time to the tropical field.

Mr. Garratt received his Bachelor’s degree in forestry from the Michigan Agricultural College where he served as instructor in forestry for two years. He then took his Master’s degree in forestry at Yale and spent two summers as a research assistant in New Haven with Professor Record.

Mr. Garratt’s first publication, “Poisonous Woods,” appeared in the Journal of Forestry in May, 1922. His dissertation on “Some New Zealand Woods” has recently appeared as Professional Paper No. 1, of the New Zealand State Forest Service. He is co-author with Professor Record of “Cocobolo,” Bulletin No. 8, of the Yale School of Forestry, and of “Boxwood,” which will soon be issued in the same series.

E. B. REID PROPOSED FOR U. S. APPOINTMENT

One of the men prominently mentioned for the post of assistant secretary of agriculture is Edwy B. Reid, ’12, now acting as Washington representative of the American Farm Bureau Federation. Since completing his work at the College, Reid has been more or less directly connected with the U. S. Department of Agriculture and has had wide experience in the publicity end of the work of the department. He entered College with the class of 1908 but dropped his studies at intervals, finally receiving his diploma in 1912.

Reid has not only served with the federal agricultural department but has also been an editor of farm journals. While with the department he helped organize the office of information and the press bureau and later had charge of all publications. He was made director of information and in this position had charge of the entire program of the department including publicity through publications, motion pictures, educational exhibits and bulletins.

The appointment to the position which is now open will be made by President Coolidge and Reid has the advantage of having had close contact with the chief executive through his duties at Washington. It is also probable that he will receive the endorsement of farm organizations.

Representatives of Campus fraternities met with the building and grounds committee of the State Board and President Bartlefield on March 18 to discuss the proposal made by the Pan-Hellenic council that space be set aside on the Campus for use by the various organizations in building homes.
Due honors will be paid President and Mrs. K. L. Butterfield by the Detroit alumni in a reception and dinner to be tendered them at the Statler Hotel on Friday, April 3. The occasion will be informal but marked by dignity throughout. An exceptionally fine program has been arranged by the general arrangements committee with Eli W. Middlemiss as its head. J. R. McColl, of the State Board of Agriculture, will be in the chair as toastmaster and addresses will be given by President Butterfield and Frank Cody, superintendent of the Detroit public schools.

Patrons and patronesses of the occasion will be Mr. and Mrs. J. R. McColl, Mr. and Mrs. H. B. Gunnison, Mr. and Mrs. Henry Haigh, Mr. and Mrs. James S. Holden, Mr. and Mrs. William Lightbody, Dr. and Mrs. C. B. Lundy, Mr. and Mrs. E. N. Pagelsen, Mr. and Mrs. E. T. Patterson, Mr. and Mrs. O. E. Angstman, Mr. and Mrs. J. W. Beaumont, Judge and Mrs. W. L. Carpenter, Mr. and Mrs. T. Glenn Phillips, Mr. and Mrs. Floyd W. Robison and Mr. and Mrs. Fred L. Woodworth.

Alumni and friends wishing to secure tickets may get them from Capt. D. A. Stroh, 204 Telegraph building, or any of the following: E. C. Pokorny, E. C. Krehl, John Kenyon, C. E. Johnson, E. N. Pagelsen, Mrs. Alvin Hock, Clara Morley, Mrs. Fred L. Woodworth, Julia Grant, and Mrs. Harris Hemans.

After selling Fords for four years, Alvin W. Hock, '17, has switched his line to real estate and is selling homesites for the Houseman-Spitzeley Co.

An announcement of interest to M. A. C. folks is that Ben H. Anibal '09 has just been named chief engineer for the Oakland Motor Car Co., Anibal's experience since graduation has well qualified him for this important post. He succeeds Benjamin Jerome, '00, who resigned to take up other work.

One who signs himself "A New York Correspondent" reports the following about alumni in and near the metropolis.

Dr. Hugh P. Baker, '01, and Fleta Paddock Baker, '01, of Bellair Driveway, Dobbs' Ferry, N. Y., had the following M. A. C. folks in for Sunday dinner and tea: Richard C. Fowler, '05, Beulah Broas Fowler, '05, 174 Broadway, Dobbs' Ferry; Arthur C. Dodge, '04, Frances Farrand Dodge, Spl., 145 W. 55th street, New York city; Bert C. Chambers and Lucy Arner Chambers, '12, Bellair Roadway, Dobbs' Ferry; Mr. and Mrs. J. H. McConnell (Mrs. McConnell is a sister of Elma Bow- erman, '02, now Mrs. T. B. Roberts, Marietta, Ohio), Sam J. Kennedy, '01, 2 W. 67th street, New York city.

The Baker home overlooks the Hudson opposite the north end of the Palisades. Hugh's forestry library is one of the most complete in the United States and includes many rare works picked up while studying abroad. The dinner party decided that M. A. C. should be changed to M. S. C.

The following M. A. C. girls met recently for luncheon in New York city: Frances Farrand Dodge, now studying etching under the famous Joseph Pennell, Beulah Broas Fowler, Marguerite Barrows (in social service work in New York city), Fleta Paddock Baker, and Celia Harrison Richmond, 5 Russell avenue, Nutley, N. J.

Mary Allen, '09, will sing with the Detroit Symphony orchestra, March 24. After the performance a reception will be given in her honor by Mr. and Mrs. W. H. Allen and Mr. and Mrs. Gerald Allen, '09.

Mr. and Mrs. George D. White, '01, have a new son eight weeks old. Glenn Alden White is beginning to look like his dad and I shouldn't be surprised if some day he would represent M. A. C. in the oratorical contest. He is already good at voice production.
There is something about accomplishing an end which drives men on to do more than they had planned, an enthusiasm enters into the work which removes all limitations of a personal nature and replaces them with a zeal which carries the individual on in spite of any preconceived notions he might have had. There can be no doubt of this when one scans the list of those who have aided in the financing of the Union Memorial building. In nine cases out of ten those who have given the most freely of their money have also given freely of their time, a double gift, from part of it the donor has the satisfaction of knowing that others may know how much he has done and from the other part he has the personal satisfaction of having participated in the work for a project he wants to see succeed.

To list those who have aided most would mean a complete history of the project from its earliest days. The influence of some individuals is so widespread that its full power is seldom known. Names prominent in the history of the College are, to be sure, among the most prominent supporters of the plan but there are many which have never before been noted which deserve the fullest commendation for their part in what has been one of the most important phases of the work.

The person who does things does not demand recognition for his acts, only those who seldom accomplish anything, and then only through the hope of reward, make terms which include full credit for their part in the undertaking. M. A. C. is blessed with unselfish workers, workers who believe it is their duty to see a task through. The College is supported because of affection for it and the memories it treasures. The alumni who have given so generously to insure the success of the Union Memorial building project have done so that the institution, its alumni and students might benefit, they have given services which cannot be purchased, effort for which there is no compensation except that which the individual feels. It is the type of endeavor without which no goal can be accomplished by an organization.

With the inauguration of a radio night on May 13 which will send a program to all parts of the United States and Canada there is no excuse for the most remote alumnus or former student not keeping in touch with the College. Groups are being formed in various sections which will gather around a loud speaker and hear a regular after dinner program from the center of their interest in M. A. C. The occasion is one of unusual significance and is properly dedicated to alumni interest for it was on that date in 1857 that the College was formally dedicated. If you have not made arrangements for this event the time is growing short in which it can be done to best advantage. But few communities in the United States do not boast a receiving set sufficiently large to tune in on this program from East Lansing. WKAR is heard regularly from coast to coast and from Canada far into the gulf region, it will do so on May 13.

Luther H. Baker, '93, has been nominated for the office of mayor of East Lansing. Dean E. H. Ryder, who has filled the position for a number of years refused to again try for the office. Fred Dodge, '06, was nominated for alderman from his ward in East Lansing. G. C. Dillman, '13, was renominated as was B. A. Faunce, for many years connected with the College and who has been for a long period city clerk. Jacob Schepers, College treasurer was again proposed for supervisor. The election will be held April 6.
"Close Beside The Winding Cedar"

Carl C. Moore, '27, has been elected captain of the hockey team for 1926.

Ruth Rodgers, soprano, appeared in a liberal arts course number at the gymnasium on March 17.

J. H. Gunnison, '61, who lives in East Lansing, is preparing to attend the reunion celebrations on June 20.

President Butterfield and Dean Bissell addressed the conference at the College on electricity for the farming community on March 20.

About 40 per cent of the students took part in the annual elections reflecting the attitude of the ordinary voter in local or national elections.

If you have not made your plans for alumni night, May 13, and located the receiving set over which you are to hear the alumni program it is time to do that now.

Robert H. Powers, '26, Hartford, was chosen editor and Fred Mare, '26, Jonesville was chosen business manager of the Holcad for next year at the annual elections on March 13.

March snowstorms have made baseball practice outside an uncertain matter, two heavy falls of snow have marked the past two weeks but both disappeared rapidly under the rays of a warm sun.

Convocation on March 18 was devoted to divisional gatherings such as were held last term when students in the various divisions heard some of the details of their particular part of the College.

Playing two games each with Ferris Institute, Detroit City college, Highland Park Junior and Flint Junior, the freshman basketball squad came through the season without a defeat and took all games on the list by a generous margin.

The board of trustees of Ohio State university is asking that the state aid the institution in funding the debt of $450,000 on the new Ohio stadium. It is planned to issue notes which will constitute a first lien on receipts from intercollegiate football games in the structure.

By vote at the College elections on March 13 it was decided that the Wolverine should, in the future, be an all-college publication instead of being produced exclusively by the junior class as has been the case since its publication was inaugurated. It is probable that editor and business manager will continue to be chosen from the junior class.

Dorothy McWood, '26, Detroit, successfully defended her title as national woman champion in the plunge for distance at the A. A. U. meets in the College pool on March 11. Myrtle Lewton, '25, placed third in this event. Sylvia Schimmel, '27, was fourth in the 50-yard breast stroke for women. Reinhard Thomas, '28, Detroit took first in the 150-yard backstroke.

Nine counties in the southern part of the state will be visited by a special train carrying soil specialists from the College together with laboratory apparatus and a lecture car. Jackson, Calhoun, St. Joseph, Berrien, Cass, VanBuren, Branch, Kalamazoo and Eaton counties are included in the itinerary which will start at Grass Lake on April 7.

J. W. Weston, '14, has recently returned from a trip through eastern potato markets and reports that Michigan products are gaining in favor. He says that discrimination still exists against the Michigan potato but that it is disappearing and that it will vanish entirely as soon as grading standards are established thoroughly and observed by the growers.
COMMITTEES AGREE TO RETAIN OFFICERS

Nominating committees appointed to select lists of candidates for the offices of the M. A. C. Association for the year 1925-26 report that they desire to have the present incumbents of elective offices retained for at least another year, if they will serve. It is pointed out by Fred L. Woodworth, ’98, chairman of one committee, and W. R. Rummel, ’89, chairman of the other, that the present task of completing the Union Memorial building is one which should be continued under the direction of the officers who have carried the project through its present state of progress.

In one instance, that of Henry T. Ross, ’04, who has served on the executive committee for three years. Rummel’s committee has nominated Horace T. Thomas, ’01. Thomas is vice-president and chief engineer of the Reo Motor Car company, a prominent supporter of the Union building project and in close enough touch to add well-balanced effort to the work of the committee. Ross has served in his present position for three years, the longest term under the constitution, although there is no provision against his serving again, provided he is willing to give the necessary time over another three year period, for that is the term for which all executive committee members will be elected starting this year, in accordance with the amendment to the constitution adopted in 1923. Ross has been one of the most consistent in attendance at executive committee meetings and has taken an active part in its work.

For the board of directors of the M. A. C. Union, Stanley Powell, ’20, has been renominated and Helen Dodge Stack, ’11, is proposed for the other position to represent alumni on the board. Mrs. Stack lives in East Lansing and Powell spends most of his time in Lansing so both will be available for the important work of the board during the next year.

The list of officers as nominated follows:

President, Frank E. Rogers, ’83.
Vice-President, Arthur C. MacKinnon, ’05.
Treasurer, Luther H. Baker, ’03.
M. A. C. Union Directors, Stanley Powell, ’20, Helen Dodge Stack, ’11.

NECROLOGY

EDWIN J. ALLET, ’10

Edwin J. Allet, ’10, died at his residence in Lansing on March 13. He entered M. A. C. from Holland, Mich., and completed three years of the course in the engineering division. For six years after leaving College he was a designing engineer with the Olds Motor Works and followed this line of work with several other Lansing firms before becoming an instructor at the Lansing high school, which position he occupied at the time of his death. He was chosen by the children’s bureau of the U. S. department of labor to make a study of the employment of children in the factories of Michigan and published a bulletin on his findings.

He is survived by his wife, two sons and a daughter.

MRS. HARRIET BUTLER

Mrs. Harriet Butler died at her home in East Lansing, March 10. She was the mother of Lou E. Butler, ’17, George S. Butler, ’17, Edith Butler, an instructor in the art department, D. R. Butler, E. S. Butler, E. A. Butler, and C. J. Butler. She was born in Plainwell, Mich., December 28, 1850 and had been a resident of East Lansing since 1891.

SYLVESTER B. SHARE, ’81

Sylvestor B. Share, ’81, died at his home in Alva, Oklahoma, January 18, 1925. For years he conducted a mercantile business at Alva, and had served on the board of regents of the Northwestern State Teachers’ college at that place. He was married April 29, 1914 to Ida Jost of Kansas City, who survives him.
VAROSITY SUCCESSFUL
IN OVERTIME GAMES

Any review of the past basketball season would be unfair unless two very important factors are taken into consideration; first, a new coach using entirely new tactics and a completely different coaching system from that employed during the two previous years was in charge of the squad composed largely of veterans of two campaigns, second, the schedule was the heaviest an M. A. C. five has faced in three years.

There was some promise that Coach Kobs had the men converted to his style of play when the squad defeated Adrian 42 to 16 in the first game of the season and there were further evidences that his plan was gaining strength as the program progressed but lapses on occasion forced the results of the total schedule to look rather one sided for the opposition. Western Normal, Notre Dame, and Franklin took both games they had listed with the Green and White.

A feature of the season was the number of overtime games in which the squad participated. Oberlin, Detroit and Earlham were all defeated in extra period contests, in every case where the decision was not reached over the regular time the M. A. C. squad came out victorious. St. Mary's, Hope and the University of Detroit, hitherto fairly certain victims turned out the best basketball teams they had seen in some years.

Only Hackett, Frederick and Marx of the 1925 varsity, will return for competition next year, the latter two are guards. Frederick is a sophomore.

The record of the team follows:

<table>
<thead>

*Overtime games.

SIX MEETS LISTED
FOR OUTDOOR SEASON

TRACK SCHEDULE
April 11—Freshman vs. Sophomores.
April 25—Inter-Class Meet.
May 2—Detroit City College at East Lansing.
May 8—Kalamazoo Normal at East Lansing.
May 16—Notre Dame at South Bend.
May 23—State Intercollegiate at East Lansing.

It is probable that the relay team and individuals who make creditable showing will be sent to the Ohio Relays on April 17, 18, the Drake Relays, April 24, 25, the Western Conference meet, June 5, 6, and the National Collegiate meet June 12, 13.

The annual Interscholastic competition has been scheduled for May 29 and 30 and June 5 and 6. On the former date class B and C high schools will come to East Lansing and on the latter class A representatives will compete.

Two hard-surfaced tennis courts are to be constructed at the south entrance to the stadium for use in training the varsity squad. Concrete or asphalt will be used.

Student voters approved indifferently the continuance of convocations as they now are conducted and the restriction to one each month and also neglected to indicate whether or not they wished to have compulsory convocations once each month.
VARSITY TAKES MEASURE OF GRADS

Regulars Down Captain Kurtz and His Helpers, 43 to 19; Old Timers Look Best in Second Period; Al Brown Scores Most Points for Losers; MacMillan and Marx Show Best for Winners.

Once more alumni hopes for basketball supremacy were dashed to the ground, not to say obliterated, when the squad of old timers met a 43 to 19 defeat at the hands of the varsity men on March 14. The first half was nothing less than a parade of regulars who dashed down the floor and scored or took the easier course of dropping the ball through from the center of the court. In the second period, after Captain Kruz had delivered an unusually scorching criticism of the work of his cohorts in the early minutes of the game, the graduates took on new life and threatened for a time to make a respectable total on their side of the scoreboard but the rush of the younger element carried with it the necessary factors of victory and the alumni, despite the efforts of Al Brown, '22, who contributed eleven of the points gathered by his team, again tasted the bitter dregs of defeat.

A rather notable array was presented by the old timers, Ralston, '24, Eva, '25, Snider, '20, Kurtz, '20, Kuhn, '25, Frimodig '17, Springer, '21, Brown, '22, Spencer, '14, were the mainstays of Kurtz' aggregation. The captain was assisted by Wade Weston, '14, who, having been manager of the varsity baseball team, was chosen to make the substitutions, or at least aid in settling disputes among those left on the bench. Weston strove nobly but his players were slightly out of condition in some instances and his reserves were used up so fast he had no alternative other than to watch the varsity pile up its total.

At the close of the first twenty minutes of hostilities the regular team led the field by 24 to 4, and many substitutes had seen battle for Coach Kobs' organization, the second period showed a like parade of fresh men to take the places of those who seemed to be tiring or to give the newcomers a chance to test their mettle in action.

Frimodig who has been a high scorer in previous contests made his only point from the foul line. Kurtz, likewise a much respected member of the team, had a night off, or a year off as the case may be, and tallied but three. It seems the alumni were suffering from an ailment akin to that which has affected the varsity in some of its games, an ailment which robbed the ball of its affinity for the basket.

There is no question but that the championship of 1925 has been definitely settled, but the consolation remains that there are years yet to come, when larger crowds may attend the game and a larger squad of graduates put in their appearance to aid in the cause.

The freshmen track team will oppose Alma and Adrian college teams at East Lansing on May 9 and 16 respectively.
HACKETT IS ELECTED BASKETBALL CAPTAIN

Monograms have been awarded the following members of the basketball squad:

Paul M. Hackett, '26, has been elected captain of the 1926 team. Hackett won his first monogram in basketball this season but has twice won football monograms. On the football squad he is a guard and in basketball he is a forward.

ALDERMAN, '27, AGAIN SETS NEW TRACK MARK

Ypsilanti Normal found the M. A. C. track squad weak in the distance runs and piled up a top heavy score, winning the indoor meet at the gymnasium 73 to 31 on March 13. Alderman established a new record of 2:47.2 for the 220, for the third time reducing the gymnasium record. Carpenter of Ypsilanti lowered the track record to 2:09.3 in the half-mile run.

The summary:
40-yard dash—Boyd (Ypsi) first; Snarey (Ypsi) second; Grim (M. A. C.) third. Time—:04.6.
220-yard dash—Alderman (M. A. C.) first; Grim (M. A. C.) second; Snarey (Ypsi) third. Time—2:47. (New record).
Pole vault—Seed (Ypsi) first; Miner (M. A. C.) and Loos (Ypsi) tied for second. Height—11 ft.
Two mile run—Smith (Ypsi) first; Severance (M. A. C.) second; B. Boyd (Ypsi) third. Time—10:28.4.
440-yard dash—Obeshaw (Ypsi) first; Rogers (Ypsi) second; Grim (M. A. C.) third. Time—56.8.
High jump—Kurtz (M. A. C.) first; Spade (Ypsi) second; Foster (Ypsi) third. Height—5 ft. 8 in.

40-yard low hurdles—Peel (Ypsi) first; Zimmermann (M. A. C.) third. Time—:05.1.
880-yard run—Carpenter (Ypsi) first; Obeshaw (Ypsi) second; Scott (Ypsi) third. Time—2:09.7. (New record).
Shot put—Herkimer (Ypsi) first; Surato (M. A. C.) second; Ruggles (Ypsi) third. Distance—38 ft. 7 3-4 in.
40-yard high hurdles—Peel (Ypsi) first; Foster (Ypsi) second; Van Noppen (M. A. C.) third.
Mile run—Wetzel (Ypsi) first; Ripper (M. A. C.) second; Carpenter (Ypsi) third. Time—4:48.5.
Mile relay—Won by Ypsilanti (Foster, Fey, Peel, Snarey). Time—3:52.4.

Telephone, electric light, and street car power wires were down between Lansing and East Lansing on March 19 when snow and ice accumulated on the wires and poles to such an extent that their weight snapped the supports. As a result trolley service to the College from Lansing was suspended for the day and all vehicular traffic was routed to the capital along Grand River avenue and Franklin street instead of over Michigan avenue.

CLASS NOTES

'71
Richard M. Slocum may be reached at Glenham, South Dakota.

'82
H. S. Hackstaff reports that in his estimation Los Angeles is one of the "white spots" of the business country. His business is better than 60% larger than in 1924. Hackstaff lives in Los Angeles at 1821 Crenshaw Boulevard. He says that Arthur Turner, '81, whom he has not seen since college days, visited him last summer.

'93
O. B. Hall is mayor of Warrensburg, Missouri, where he is also practicing medicine. He has a family of four. His oldest son is through college and is teaching in Kansas. One of his daughters is in college and the other a junior in high school. His youngest son is in the grade school.

'95
James Mitchell reports that alfalfa is his best crop at Holly, Michigan. He raises sheep and lambs as a specialty.

'02
Arthur E. Kocher is on furlough from the U. S. Department of Agriculture investigating soils and an irrigation project for the Haitian government. He will return about the first of May.

'05
John Willard Bolte is still with the Republic Creosoting company of Indianapolis, Indiana, and runs the Irvington Hatchery company on the side. Jessie Brown Bolte runs the house and is assistant manager of the hatchery. They have three boys, one in Butler University, and two in high school. They challenge anyone who thinks them not busy to come and visit them.

'06
Albert N. Robson lives in Yorktown Heights, New York. He is forester for Westchester county park commission and superintendent of Mohansic park, Crugers park, and Woodlands park, totaling about 16000 acres.

'09
D. H. Shannon can no longer be reached at 2048 Seward avenue, Detroit.
J. A. Waldron writes from Chino Valley, Arizona: "Still in Arizona managing dairy and poultry ranch for Fred Harvey system. Herd consists of about 275 head. We are just developing poultry department having about 800 layers now. Plans are under way to erect $10,000 poultry plant this summer. Arizona is sometimes spoken of as 'Arizona the Wonderland' and justly so it seems to us. The 'baby state' is little known and less appreciated. Arizona will be heard from in future generations. Her unsurpassed soil fertility only awaiting development of rivers and mountain streams into vast irrigation systems, her great ore deposits just barely touched, her immense timber areas and vast grazing lands will feed and care for future millions. Add to this a climate that makes outdoor life a delight the year around and you have an untouched empire. It has been said that one lives in Arizona for one of three reasons, namely—busted wealth, busted health, busted reputation. Be that as it may the only fitting answer would seem to be, 'thank God for Arizona.'"

Charles A. Hamilton has recently become associated with the firm of Burd, Giffels & Hamilton, municipal and power plant engineers, with offices at 421 Kelsey Office building, Grand Rapids, Michigan.

F. G. Wilson requests that his RECORD be sent to 1205 Chandler street, Madison, Wisconsin.

L. R. Queal is with the Iron City Produce company of Pittsburgh, Pennsylvania.

O. W. Schlesniter sends in his new address as 3811 San Rafael avenue, Los Angeles, Calif.

J. F. Campbell is an instructor in the West Division high school at Milwaukee. He recently built himself a new home at 302 Hampton road. A cut from a rotogravure section reveals a structure built of stone, Wisconsin pine logs and stucco, the upper story of half-timber and the roof suggesting a Swiss Chalet. Campbell has two children, a 12 year old daughter and a 3 year old son.

Dr. E. W. Brandes is the senior pathologist in charge of the office of Sugar Plant Investigations for the United States Department of Agriculture. He writes: "I think I speak for the whole Washington M. A. C. association in saying that we immensely enjoyed the visit of Tommy Gunson and Mrs. Gunson February 28. Prof. Gunson's talks have a way of leaving indelible impressions on his hearers and I think that during his long service at M. A. C. he has been a wonderful force for good in moulding the characters of students. Former Secretary Brown and Mrs. Brown were also with us, and the former's reminiscenses were most entertaining and amusing."

Aimira Brimmer teaches sewing at the Northern high school in Detroit, and lives at 1300 W. Bethune with Ruth Turner who does commercial art work in Detroit.

Eau Claire, Michigan, is the latest address for M. S. Fuller.

Willbur Wright says that Texas is a right long ways off from the old campus, and that he has seen but one M. A. C. man in the state, Earl Ellis of Corsicana. Wright is expecting to return to the campus in June.

George L. and Jan Todd Hennings have recently purchased a large farm four miles north on Baldwin avenue out of Pontiac, and would enjoy having any or all of their M. A. C. friends stop in. They say, "Turn in at the cobblestone pillars."

A subtraction has been made from our lost list. C. A. Hong is living at 1216 W. Michigan avenue, Jackson.

The following is from N. F. Yonkman, 431 Leggat street, Grand Haven, Michigan. "Still assistant county road engineer. Our three trunk lines are all paved, and we are starting to pave county roads. Studying real estate, salesmanship, and accounting during my spare time. My youngest brother is center and captain of the Hope college basketball team at Holland this year. He has been offered an assistantship in medicine at Yale university next fall, and a fellowship at the University of Minnesota."

Mildred Mead, who has been lost to this office, is Mrs. H. Brewer, living at Bellevue, Michigan.

Raymond L. and Dorothy Rusche Baxter live in Muskegon, Michigan, where Mr. Baxter is engaged in analytical and research work for the Brunswick, Balke, Collender company.

Clarence E. Bird is assistant in surgery at the Yale School of Medicine at New Haven, Connecticut. He lives at 224 Park avenue, suite 2.

Sherman Coryell has moved in Grand Rapids to 529 Greenwood avenue.

A. M. and Celia Yeatter Estes may be reached at Colon, Michigan.

In a recent letter T. G. Lindquist gives an interesting glimpse of his work as county forester of Winnebago county, Illinois. His title of county forester is seemingly figurative, as his
work is entirely landscape gardening. He writes: "In 1922 the people of Winnebago county voted favorably on the Forest Preserve district, and so last year a tax levy of $65,000.00 was made in this county for forest preserves. I was appoint ed last June, and then we bought Hononegah park, 97 acres, for a starter. Since then we have bought three other tracts making a total acreage of 108. We have $65,000 in taxes every year for this district which gives me a little to work on. This year three more tracts of timber will be purchased, and then I shall have plenty of work to do. My assistant is a University of Illinois man with one year of experience with the U. S. Forest Service." Lindquist may be reached at 2105 Elm street, Rockford, Illinois.

Kathaleen Hill Meharg of Southard, Oklahoma, writes of tuning in on WKAR during the M. A. C.-U. of D. basketball game.

Raldy Harper is trying to find a system of farming whereby one does not have to work. At the present writing results have been negative. Harper sends in his blue slip from Middleville, Michigan.

Herbert L. and Ethel Sayer Wright announce the birth on March 8, 1925, of a daughter, Gretchen Elaine. The Wrights live in Vickery, Ohio.

Kenneth Onsterbout has recently taken up duties as county agricultural agent for Wexford county with headquarters at Cadillac.

Fenton Neller is in Ann Arbor at 501 N. Main street.

All Together, Now!!!

Are you ready when the song leader gives the signal? When the bunch sings the old songs don't just hum the tune. All of M. A. C.'s best songs, with the music, are included in an attractive booklet of convenient size.

You boosters of the Green and White need it on your pianos. It is indispensable for branch association and club meetings. Your copy will be mailed prepaid upon receipt of 50 cents at the alumni office. Attractive prices for group orders. The proceeds will be applied to the Memorial Union Building Fund.
Newspapers in Magazine Form

Unlike anything published today! Alumni weeklies, monthlies and quarterlies are carrying live news items of the colleges and personal friends to those men who are doing the majority of the big jobs.

Honestly, isn't this a good time and place to register your name or your product?

We are sure you feel friendly toward the advertisers in this, your own publication.

We believe that your company will benefit from advertising in this and other alumni magazines.

Forty-four alumni publications have a combined circulation of 160,000 college trained men. Advertising space may be bought individually or collectively—in any way desired. Two page sizes—only two plates necessary—group advertising rates.

The management of your alumni magazine suggests an inquiry to
