An official academic transcript with the earned degree recorded will be mailed to degree recipients three weeks after the end of the term. Diplomas will be mailed to degree recipients approximately six weeks after the end of the term.

MSU is an Affirmative Action/Equal Opportunity Institution
COMMENCEMENT
1983 WINTER TERM
Saturday, March 12

University Auditorium, East Lansing
Conferral of Baccalaureate Degrees, 10 A.M.
Conferral of Graduate Degrees, 3 P.M.
In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties. Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctor’s gowns are faced with velvet. The sleeves are full, round and open with three bars of velvet on each sleeve. The velvet facing of bars on the sleeves may be black or the same color as the binding of the hood. Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree. If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department or faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science.

At Michigan State University, it is customary to identify the candidates graduating from the different departments of study by tassels of the official department color as established by the Intercollegiate Code.

Michigan State University, a leading land-grant university and the first agricultural college in America, strives for excellence in providing students a broad curricula of liberal and practical education. MSU also serves people of the state, nation and world through its numerous research, extension and international programs.

Now in its 129th year, Michigan State University has grown from three buildings and six faculty members to one of the largest universities in the nation. It has more than 3,000 faculty/staff engaged in teaching, research and public service, 412 campus buildings, and more than 5,300 acres of land of which some 2,100 acres are in existing or planned campus development. Nearly 40,000 students now attend the University at East Lansing, of which about 85 percent are from Michigan.

Founded in 1855 to educate youth for the major occupation of that day — farming — MSU has broadened its offerings to meet the educational needs of today. The University now has a Graduate School and 14 colleges — Agriculture and Natural Resources, Arts and Letters, Business, Communication Arts and Sciences, Education, Engineering, Human Ecology, Human Medicine, James Madison, Natural Science, Nursing, Osteopathic Medicine, Social Science, and Veterinary Medicine.

At the center of all major universities is a cluster of disciplines which comprise the liberal arts and sciences. At MSU, this center consists of three colleges — Arts and Letters, Natural Science, and Social Science. Providing outstanding undergraduate and graduate degree programs with majors in traditional disciplines, these colleges also have special programs which enable students to obtain a broad, multi-disciplinary education. In addition, in collaboration with the College of Education, the three colleges prepare students to become teachers in the secondary schools of Michigan and the nation. These colleges touch the lives of all undergraduate students at MSU by providing the general education that constitutes approximately one-quarter of the undergraduate program. The Honors College, which enables superior undergraduate students to waive normal graduation requirements and undertake individual programs, attracts many of the nation’s finest young scholars. Michigan State University also ranks in the top five nationally among public institutions enrolling National Merit Scholars.

MSU adds to the store of knowledge with a wide array of outstanding research activities which are supported by a multimillion dollar sponsor-funding program. Some major facilities include the Pesticide Research Center, which presents a model program of multidisciplinary research and teaching; the Plant Research Laboratory, operated with the U.S. Department of Energy as a national plant biology center; and the MSU W. K. Kellogg Biological Station which has been designated as a National Research preserve. In collaboration with both the National Science Foundation and the U.S. Department of Energy, the National Superconducting Cyclotron Laboratory at MSU will examine the nuclei of the heaviest of elements.

Benefits of the University are brought to the public by the Agricultural Experiment Station, Lifelong Education Programs, and the Cooperative Extension Service. Their programs provide technical information and formal course work for many Michigan citizens. The Kellogg Center for Continuing Education, one of the finest conference centers in the nation, annually hosts nearly 60,000 adults who come to the campus for some 600 conferences and other educational meetings.

The University's land-grant concept of service is international. Supported by grants from the federal government and private foundations, MSU maintains research and educational assistance projects on a worldwide basis. International projects have given many faculty members overseas experience, adding a new dimension to their teaching.

With more than a century of educational achievement behind it, Michigan State University continues to apply its academic and physical resources to the problems of today and to the challenges of the future.
ORDER OF CEREMONIES
Baccalaureate Degrees

PROCESSIONAL
MSU Concert Band
WILLIAM W. WIEDRICH, Guest Conductor

The Band and Audience

PRAYER
THE REVEREND NANCY SIKER-GIESLER
Peoples Church, East Lansing

ADDRESS
GUY L. BUSH
John A. Hannah Professor in Evolutionary Biology
Michigan State University

SPECIAL MUSIC
Overture to Russlan and Ludmilla ................................ Glinka

CONFERRING OF DEGREES
CECIL MACKEY, M.A., Ph.D.
President, Michigan State University

RESPONSE
ANNIE HOUSE
Student Representative

ALMA MATER .................................................. Traynor
M.S.U., we love thy shadows
When twilight silence falls,
Flushing deep and softly paling
O'er ivy-covered halls.
Beneath the pines we'll gather
To give our faith so true,
Sing our love for Alma Mater
And thy praises, M.S.U.
(The Band and Audience)

PRAYER
THE REV. MS. SIKER-GIESLER

RECESSONAL
MSU Concert Band

We would like to express our appreciation to members of the Senior Council and Angel Flight for their assistance at the commencement exercises.
The audience is requested to remain seated while those in the procession are entering and leaving the auditorium.

Glinka

CONFERRING OF DEGREES
CECIL MACKEY, M.A., Ph.D.
President, Michigan State University

ALMA MATER
M.S.U., we love thy shadows
When twilight silence falls,
Flushing deep and softly paling
O'er ivy-covered halls.
Beneath the pines we'll gather
To give our faith so true,
Sing our love for Alma Mater
And thy praises, M.S.U.
(The Band and Audience)

PRAYER
THE REV. MS. SIKER-GIESELER

RECESSIONAL
MSU Concert Band

The audience is requested to remain seated while those in the procession are entering and leaving the auditorium.
