CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Graduation is an important milestone. At commencement ceremonies, we celebrate our graduates and their accomplishments at Michigan State University, and we acknowledge the encouragement and support that family and other significant individuals have provided them. Reaching this milestone marks the completion of a degree program and the beginning of the next chapter in each student’s life. Graduates become part of a tradition that spans more than 150 years. As a person with a long-standing connection to Michigan State, I have had many opportunities to interact with alumni, students, faculty, and staff who, on a daily basis, are advancing knowledge and transforming lives.

Although much has changed along the banks of the Red Cedar River since I first enrolled in 1970, the core values of the University remain—quality, inclusiveness, and connectivity. MSU leads as a “community-engaged university.” Our faculty and students are involved in outreach and forge partnerships to serve the public good. Through research, education, and practice, we make the world and our campus better places. To be a Spartan is to be a part of something big. There are more than 500,000 Spartans at work on every continent, rising to practically every challenge imaginable. Every day, we make the world more sustainable, healthy, safe, and beautiful, proving again and again that “Spartans Will.”

Our graduates go forth as caring global citizens, and although we bid you farewell I ask you to recall what our legendary President John A. Hannah confirmed. A special bond is forged with our graduates.

Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University...forever. Forever starts now. May you have a very bright future and come home often.

Sincerely,
Lou Anna Kimsey Simon Ph.D.
President

CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Congratulations to our graduates and your families! As President Simon encourages you to come home often, so do I!

As you may or may not know, I earned my degrees at Michigan State University. This education has served me well.

It gives me great pleasure to be here at a time when Michigan State University continues to create new opportunities at home, in the state of Michigan, and around the world. With our students and faculty, we are achieving new levels of excellence even as we face many new challenges. Our students are enthusiastic in taking advantage of the opportunities to study and to expand their views, and to grow as individuals and global citizens.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you the best in all of your personal and professional pursuits and in your future endeavors as Spartans. May the relationships you forged here with your professors and other students continue to inspire you.

Sincerely,
June Pierce Youatt Ph.D.
Acting Provost and Executive Vice President for Academic Affairs

Tower now stands, the East Lansing campus has grown from a small Agricultural College to a major research university with more than 200,000 students across the state, the region, and around the world. From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has more than 200,000 students from more than 83 countries in Michigan, all 50 states, and more than 150 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study. Research and other grants total nearly $500 million a year. The top federal funding agencies include the National Science Foundation, the U.S. Department of Health and Human Services, and the U.S. Department of Agriculture. Other externally funded research programs include the MSU-U.S. Department of Energy Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. Department of Energy selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed $750 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch (formerly Michigan Agricultural Experiment Station) encompasses the research of 350 scientists in six colleges and a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families. University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in study abroad among U.S. public universities with more than 200 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in study abroad each year. Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Community on Institutional Cooperation.

CEREMONY LYRICS

THE STAR SPANGLED BANNER
O, say, can you see by the dawn’s early light, What so proudly we hailed at the twilight’s last gleaming, Whose broad stripes and bright stars, through the perilous fight, O'er the ramparts we watched, were so gallantly streaming? And the rockets' red glare, the bombs bursting in air, Gave proof through the night that our flag was still there.
O, say, does that star-spangled banner yet wave, O'er the land of the free, and the home of the brave. AMERICA THE BEAUTIFUL
O beautiful for spacious skies, For amber waves of grain, For purple mountain majesties Above the fruited plain!
America! America! God shed his grace on thee And crown thy good with brotherhood From sea to shining sea!

ALMA MATER
M.S.U., We love thy shadows, when twilight silence falls, Filing deep and softly paling, o'er ivy-covered halls.
Beneath the pines we'll gather, to give our faith so true, Sing our love for Alma Mater, and thy praises, M.S.U.

When from these scenes we wander, and twilight shadows fade, Our mem'ry still will linger, where light and shadows played; In the evening oft we gather, and pledge our faith anew, Sing our love for Alma Mater, and thy praises, MSU.

MSU FIGHT SONG
On the banks of the Red Cedar, Is a school that's known to all; Its specialties is winning, and those Spartans play good ball; Spartan teams are never beaten, all through the games they fight; Fight for the only colors, Green and White. Go right thru' for MSU, watch the points keep growing. Spartan teams are bound to win, they're fighting with a vim. RAH! RAH! RAH! See their team is weakening, we're going to win this game. Fight! Fight! Fight! Team, Fight! Victory for MSU.

The lyrics of "Alma Mater" were written by Bernard F. Spain, and were adopted as the official MSU Alma Mater in 1925. The melody is based on Donizetti's Lucia di Lammermoor: it was not until March 30, 1849, after a vote by the students, that the popular song on campus known as the MSU "Shawdows" was finally adopted as the official Alma Mater.

The lyrics of "Spartan Fight Song" were written by Francis Irvin Lesley (MSU Engineering, 1916).
UNDERWAT sollte die Universität Mace anlässlich der Vorarbeiten zu einem neuen Universitätspräsidenten werden. Die Mace, ein Symbol für Ehren und Ehre, wurde in der Tradition der Vorläuferstäbe der Universität Michigan, die zu Beginn der 1850er-Jahre errichtet wurden, verwendet. Sie stand als Symbol für Michigans Geschichte und war ein Teil der Universitätsmarke.

Historisch gesehen, ist die Mace ein Symbol der Autorität, des Ehrengrades und der Ehrenstelle, an einem Tag, an dem die Studierenden ihren Ehrengrad erhielten. Sie wurde von den Studenten mit einem Ehrengrad in der Hand getragen und war ein Teil der feierlichen Prozession.

As a result, you have received such recognition as the Republic of Poland’s Officer’s Cross of Merit award—given in appreciation of the role the Mott Foundation has played in building independent, active, and visible non-governmental organizations working for the public good. The United Kingdom’s Community Foundation Network (CFN) gave the first-ever Beacon Award for Services to Community Philanthropy to you for your “creative and innovative approach to leveraging new money into communities.”

A champion of community-wide support for education—from early childhood to post-secondary education—you received both your bachelor’s degree and your master’s in business administration degree from Dartmouth College.

Guggenheim Museum notes that your “semblantastic works explore the intersections of power, history, dystopia, and the built environment and their impact on the formation of personal and transcommunal identities.”

Although you are well-known for your large abstract paintings, your work with prints and etchings has resulted in acclaimed collaborative projects at professional printmaking studios across America.

You were born in Addis Ababa, Ethiopia, and studied at University Cheikh Anta Diop, Dakar, Senegal. You earned your bachelor’s degree from Kalamazoo College, Michigan, and your master of fine arts from Rhode Island School of Design, Providence.

For your successful efforts at representing worldwide social concerns through your highly creative and thought-provoking artwork, I am pleased to award you the honorary degree of Doctor of Fine Arts from Michigan State University.

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University... forever.”

John A. Hannah (1902-1991)
President, Michigan State University (1941-1969)
