2017 SPRING SEMESTER

MICHIGAN STATE
UNIVERSITY

COMMENCEMENT CEREMONIES

SPRING 2017

“Your degree acknowledges that you are—and forever will be—a part of the amazing Spartan network that spans the globe. You are part of this university—our annals—and, I hope, MSU is in your heart forever. You have before you the opportunity to extend your positive influence into the wider world for years to come.”

Lou Anna Kimsey Simon Ph.D.
President
Michigan State University

Photo above: an MSU entrance marker of brick and limestone, displaying our proud history as the nation's pioneer land-grant university. On this—and other markers—is a band of alternating samara and acorns derived from maple and oak trees commonly found on campus. This pattern is repeated on the University Mace (see page 10).

Inside Cover: Pattern of alternating samara and acorns.

ENVIRONMENTAL STEWARDSHIP

Mock Diplomas and the

Commencement Program Booklet

Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 100% post-consumer recycled content.

Caps and Gowns

Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

Graduating Seniors and Master's Degree Candidates

Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit [Be Spartan Green at bespartangreen.msu.edu](http://B Spartan Green at bespartangreen.msu.edu).

GRADUATING CLASS

MSU Alumni Association

For membership information, please visit alumni.msu.edu.

Senior Class Gift

Information is available at givingto.msu.edu/senior-gift.cfm.

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

May 2017

From the President

CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Graduation is an important milestone. At commencement ceremonies, we celebrate our graduates and their accomplishments at Michigan State University, and we acknowledge the encouragement and support that family and other significant individuals have provided them. Reaching this milestone marks the completion of a degree program and the beginning of the next chapter in each student's life.

Graduates become part of a tradition that spans more than 160 years. As a person with a long-standing connection to Michigan State, I have had many opportunities to interact with alumni, students, faculty, and staff who, on a daily basis, are advancing knowledge and transforming lives. Although much has changed along the banks of the Red Cedar River since I first enrolled in 1970, the core values of the University remain—quality, inclusiveness, and connectivity.

MSU leads as a "community-engaged university." Our faculty and students are involved in outreach and forge partnerships to serve the public good. Through research, education, and practice, we make the world and our campus better places. To be a Spartan is to be a part of something big. There are nearly 600,000 Spartans at work on every continent, rising to practically every challenge imaginable. Every day, we make the world more sustainable, healthy, safe, and beautiful, proving again and again that "Spartans Will."

Our graduates go forth as caring global citizens, and although we bid you farewell I ask you to recall what our legendary President John A. Hannah confirmed. A special bond is forged with our graduates.

Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University ...forever.

Forever starts now. May you have a very bright future and come home often.

Sincerely,

Lou Anna Kimsey Simon Ph.D.
President

May 2017

From the Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Congratulations to our graduates and your families! As President Simon encourages you to come home often, so do I!

As you may or may not know, I earned my degrees at Michigan State University. This education has served me well.

It gives me great pleasure to be here at a time when Michigan State University continues to create new opportunities at home, in the state of Michigan, and around the world. With our students and faculty, we are achieving new levels of excellence even as we face many new challenges. Our students are enthusiastic in taking advantage of the opportunities to study and to expand their views, and to grow as individuals and global citizens.

As a student of Michigan State University you are a member of a vibrant community united by the common interest we share as scholars. I hope that even after earning your degree, you will always remain members of this community—that is, be hungry to learn, to seek new knowledge, and to share and apply that knowledge for the betterment of others and to contribute to a more sustainable planet for the generations of Spartans who follow you.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you the best in all of your personal and professional pursuits and in your future endeavors as Spartans. May the relationships you forged here with your professors and other students continue to inspire you.

Sincerely,

June Pierce Youatt Ph.D.
Provost and Executive Vice President
for Academic Affairs

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014-15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU-U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the

U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

CEREMONY LYRICS

THE STAR SPANGLED BANNER
O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL
O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*
M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.

When from these scenes we wander,
and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**
On the banks of the Red Cedar,
is a school that's known to all;
Its specialty is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

Photo above: Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

SUSAN AVERY

You are a pioneer in the integration of atmospheric and climate sciences and its impact on society.

You began your study of physics as an undergraduate at MSU, and went on to earn a doctorate in atmospheric sciences at the University of Illinois. As a professor at the University of Colorado, you combined your interests in atmospheric science, engineering, and physics to develop new approaches and technologies for observing and measuring the Earth's upper atmosphere.

You recognized very early the importance of bringing science to society and developed science programs for K-12 teachers and students. As an educator, you have made contributions at all levels of academia from training graduate students to serving in numerous university leadership roles.

You have also made significant contributions to public policy at both the national and international level, serving on several boards

and advisory committees, including the United Nations' scientific advisory board.

During your highly distinguished career, your influence has been recognized through many prestigious honors, including being named a Fellow of both the American Association for the Advancement of Science and the Institute of Electrical and Electronics Engineers. You are a Fellow of the American Meteorological Society, where you also held the office of president. You were recently elected to the board of ExxonMobil.

You are the past president and director of the Woods Hole Oceanographic Institute where you were the first woman to hold that position in the organization's nearly 80-year history. As a role model and mentor to other female atmospheric scientists, you continue to promote and recruit new scientists to the field.

For your significant contributions to research, teaching, and public policy, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

DERMOT DESMOND

You are a renowned financier, international business leader, and philanthropist.

You began your career in finance at Citibank of Dublin and went on to work for a number of high-profile banking and investment firms including the World Bank. You founded National City Brokers, which later developed into Ireland's leading independent stockbroker. You currently serve as chairman of International Investment & Underwriting, a firm you founded in 1995.

Your experience and entrepreneurial spirit allowed you to recognize a significant need and you later founded companies to develop technical and training software for the financial services industry.

Your many accomplishments in business then led you toward philanthropy. Asked to serve on the board of RESPECT, an Irish charity that supports work to improve the lives of those with autism and intellectual disabilities, you

agreed to a two-year term and some 20 years later, you continue to serve.

Through your vision and leadership at RESPECT, you helped create the research arm of the organization, DOCTRID, a consortium of 16 institutes of higher education from Ireland, the United Kingdom and the United States, including Michigan State University. Its interdisciplinary research is making a positive impact on a global scale.

Through your encouragement and our partnership with DOCTRID, MSU established its own research initiative in 2013. Research in Autism, Intellectual and other Neurodevelopmental Disabilities or RAIND, coordinates programs in research, training, services and outreach for youth and their families dealing with autism.

For your pioneering spirit, creativity and extraordinary leadership in business and in service, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

HONORARY DEGREE CITATIONS

KIRK GIBSON

You are a former baseball outfielder who was named a National League Most Valuable Player in 1988, when you played for the Los Angeles Dodgers.

In addition, you played for the Kansas City Royals and the Pittsburgh Pirates, and spent most of your career with the Detroit Tigers. You were a World Series Champion twice, an American League Championship Series Most Valuable Player, and you received the Silver Slugger Award.

You were a coach with the Detroit Tigers and the Arizona Diamondbacks, and were named the National League Manager of the Year in 2011. You were also a Detroit Tigers television analyst on Fox Sports Network Detroit for several seasons.

However, baseball was not the scene of your first athletic triumph. As a student at Michigan State University, you were an All-American wide receiver in football and a legend who led the Spartans to tie for a Big Ten title. You set school and conference receiving records and were subsequently elected to the College Football Hall of Fame.

Recently, you accepted a new challenge to inspire others with your indomitable spirit. After your diagnosis of Parkinson's disease, you chose to be visible and vocal, saying "There's a new World Series we're trying to win and it has to do with Parkinson's disease." You define what it means to be a Spartan.

For your stirring victories in sports and your advocacy in fighting disease, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

JOON-SHIK SHIN

You are the chairman and founder of Jaseng Hospital of Oriental Medicine, the largest hospital in Korea specializing in non-surgical treatment of spine and joint disorders. You also founded the Jaseng Research Institute and the Jaseng Biotechnology Research Institute.

You are known throughout the world as a pioneer in integrating Eastern and Western medicine. You actively support the study of mechanisms involved in the application and efficacy of Eastern medicine and, at the same time, work for the westernization of Korean medicine. You have developed a practice based on manual medicine, acupuncture, and the use of herbal medicine, while incorporating modern radiology and laboratory science.

You have also been significantly involved in the training of students and physicians, as well as promoting research initiatives through the MSU College of Osteopathic Medicine, the MSU Institute of International Health, the American

Osteopathic Association, and the Michigan Osteopathic Association.

You hold a Korean medicine doctorate (KMD) and a doctorate from Kyung Hee University in Seoul, and have written 25 books on intervertebral disc disorders and general health, published many key research papers in international journals, and acquired 16 Korean patents and three U.S. patents. Your contributions to the medical profession have been recognized in Korea with three Presidential Commendations; the Grand Prize in Korean Medicine Field at the Korea Health Industry Award; the Ministry of Health and Welfare Commendation for Research and Publications, and many other awards.

For your global leadership in advancing medical care, embracing both traditional concepts and new science, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

HONORARY DEGREE CITATIONS

DARREN WALKER

You are an influential leader in the world of nonprofit investment, currently serving as the president of the Ford Foundation, the nation's second-largest philanthropic organization.

You overcame a childhood of poverty to earn two undergraduate degrees from the University of Texas at Austin—a bachelor of arts in government and a bachelor of science in speech communication. You then went on to earn a law degree from the University of Texas. You became a successful attorney, working in international law and capital markets, but in 1995 you took a year off from the corporate world to volunteer at a school in Harlem. You then began an inspiring journey that combined your business acumen and your lifetime of human compassion.

You are well-known for your leadership in revitalizing Harlem, as the chief operating officer of the Abyssinian Development

Corporation. You helped rebuild New Orleans after Hurricane Katrina, as vice president at the Rockefeller Foundation. It was also your vision and tenacity that assisted in saving the Detroit Institute of Art and city workers' pensions in the Detroit bankruptcy process, as you marshalled the efforts of nine foundations to play a pivotal role in helping a great city to survive.

You are a member of the Council on Foreign Relations, the American Academy of Arts and Sciences, and the Commission on the Future of Riker's Island. You also serve on the boards of Carnegie Hall, the New York City Ballet, the High Line, the Arcus Foundation and PepsiCo.

For your invaluable service to communities across America and your continuing dedication to improving the lives of all, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

BACCALAUREATE DEGREES

- Ranks in the top ten for both education abroad participation and international student enrollment
- Silver rating from the Association for the Advancement of Sustainability in Higher Education's Sustainability Tracking, Assessment & Rating System (STARS) program, which measures and encourages sustainability in education and research; operations; and planning, administration, and engagement
- Among the largest single-campus residence hall system in the country with twenty-seven halls in five neighborhoods, and two apartment villages

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

These students have completed their Reserve Officers Training Corps education at Michigan State University and have received their commissions as reserve officers of the United States Air Force or the United States Army.

GRADUATE DEGREES AND GRADUATE PROFESSIONAL DEGREES

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 22 years for graduate programs in elementary and secondary education
- External funding totaled nearly \$600 million in 2014-2015. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, organizational psychology, and rehabilitation counseling
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

Photo above: Russell Thayer, *Windrapids II*, steel, 2008. South entrance to the Biomedical Physical Sciences Building.

ADVANCED DEGREES

ORDER OF CEREMONIES

Presiding

Lou Anna Kimsey Simon, President
Michigan State University

Processional

The MSU Wind Symphony
Kevin L. Sedatole, Conductor

The Star Spangled Banner (Lyrics, page 9)

Composed by Francis Scott Key
Led by Nicholas I. Kreider, Doctoral student
Music Performance, College of Music
The MSU Wind Symphony and Audience

Moment of Silence

Presentation of Honorary Degree Candidate

Stephen D. H. Hsu, Vice President for Research
and Graduate Studies

Address

Darren Walker
President
Ford Foundation
New York, NY

Special Music

Esprit de Corps
Composed by Rogert Jager
The MSU Wind Symphony, Kevin L. Sedatole, Conductor

Remarks

The Honorable Brian Breslin, Chairperson
The MSU Board of Trustees

Conferring of Degrees

Lou Anna Kimsey Simon, President

Alma Mater (Lyrics, page 9)

The MSU Wind Symphony, Mr. Kreider, and Audience

Recessional

The MSU Symphony Band

Senior Class Council Co-Chair

Richard Shafer

Judith Stoddart

Betsy White

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

John A. Hannah (1902-1991)
President, Michigan State University (1941-1969)

WE CONGRATULATE OUR GRADUATES. COME HOME OFTEN.
