The Twenty-First Century Club Wins.

For downright warm sport nothing else seen on the campus this year can compare with the senior- ing else seen on the campus this afternoon. It was a circus, monkey- long drive to the club for supper show, vaudeville — anything racy plate—after the game. The score Vanderstolpe's fierce tackles at the hundreds as you might think to favorable for wheat in many parts of the State. The temperature low the normal. The result of this with 1898, is 92. The condition of meadows and entirely destroyed. The average condition of wheat for the State is favorable conditions, would have received from Prof. Sargent, of plants. Some of these were re- pond is set to Russian and Siberian

ADELPHIC.

Colleges and Exchanges.

We have on our table the first number of The New Collegian, published by the students of Hills- dale College.

"I was only fishin', pa." "Fish- ing on Sunday! Will you go fishin' on Sunday! We'll go off on a little whaling expedition, and see if we can get some blubber."—Ex.

A West African, on a visit to England, in connection with a mis- sionary society, was shown a collec- tion of photographs. "What is this?" he asked, gazing wonderingly at one of them. "That is a snap- shot, taken during a scrimmage at a rugby football game." But has your church no missionaries to send among these people?"—Ex.

The man who is too serious to take a joke should take a liver-pill.

A man cannot escape his perse- cution, not committing suicide even after he is dead, the coroner's jury will come and sit on him.

"If you ever come within a mile of my house, stop there," said a hospitable man who was unfortunate in choosing his words.

According to President Eliot's report, Harvard is in need of four new buildings, one to be a dormitory and one each for use in the depart- ments of engineering, architecture and languages.
Take for example the idolator. Almost invariably he will live to a certainty that certain portions of the general character of its people.

It is true that no exact rules can be given primarily to some form of idol worship. Then there is the above-references, has moved gradually but surely. The military spirit of people varies greatly with climate. The earliest history abounds in narratives of success and failure, and in all cases, too, this has occurred in tropical countries. We see in ancient China. No progress could have been with the others. Under the influence of Buddha we see the growth of civilization in ancient China.

The northward move of empire and the situation. The Peruvians, who dwell mostly

the fiftieth parallel. For various reasons THE M. A. C. RECORD is occasionally sent to those who have not subscribed for it. THE M. A. C. RECORD.
Inter-Class Field Day.

The "Brackett Cup" goes to the sophomores, whose score of points in the inter-class field day was 73 5/2 inches, 53 5/2 inches for the other three classes.

The annual contest for the cup begins on the indoor meets and ends with the outdoor meets. The program here consisted of club swinging and wrestling in the five weights. The club swinging was freely given for an exhibition by G. B. Fuller '00, there being no other performer on this event. In the wrestling, the sophomores were five firsts and two seconds—a total of 19 points; the juniors were two thirds and one second, and the freshmen two seconds—a score of four points for each class. The winners in wrestling were: I. D. Townsend '01; middle weight; D. B. Finch '01, in heavy weight; Ben Laubach '02, in light weight, and Max Hillman '01, in feather weight.

One of two exceptions, the race between track and field events, on the fair ground in Lansing, Saturday afternoon, were low; but this is easily accounted for by the coldness of the day and the strong headwind up the home stretch.

Christopher ran the 120-yard hurdle race in 17.5 seconds, which is 1.5 second better than last year's field-day record, and Russell ran 21 feet in the running broad jump—a gain of one foot over last year's record.

There was a good crowd out, last Friday afternoon and evening, with occasional selections of music; Mrs. Mary E. Jennison, of Lansing, entertained the Phi Delta Theta fraternity; the band livened things up with one or two exceptions, the race between track and field events, on the fair ground in Lansing, Saturday afternoon, were low; but this is easily accounted for by the coldness of the day and the strong headwind up the home stretch.

News from Graduates and Students.

Leo B. Plummer ’94m has become a dentist and is practicing in

J. N. Estabrook ’93, of Detroit, visited the Lansing College friends last Friday and Saturday.

Miss Hattie B. Chase, with ’00 will spend commencement week at

the College as the guest of Miss Menrose.

Com. R. S. Campbell ’94, of Port Huron, was in attendance at the meeting of school superintendents in Lansing last week; also a visitor at the college.

R. L. Stone, with ’93, who visited last week from making his way to Kalamazoo, is now back in Battle Creek, traveling for a wholesale jewelry firm.

Eugene Gregory ’78 was at the College Friday to get particulars for an article on "Learning by Doing," for the Publishing Co., Battle Creek, of which Mr. Gregory is business manager.

Roy S. Fisher ’95 attended the state meeting of school superintendents in Lansing last week and also visited old friends at the College.

He has been re-elected superintendant of Hart schools at an increase of salary.

A Considerate Parent.

Here is the pathetic appeal of a young prodigal who had been making the feathers fly from his father's nest:—

Dear Papa,—It becomes my painful duty to ask you for a re- 

sumption of $50. I have just secured several indispensable articles and I can't make bricks without straw.

Your loving son,

J. R. HARDUP.

P. S. Overcome with shame at what I have written, I have been trying to catch up with the mail carrier to secure this letter but in vain.

J. B. H.

And here is the heartless reply of pater familias:

My dear son,—Don't worry, I never got your letter.

J. R. HARDUP.
