The Union-Columbian Joint-Debate

On Saturday evening occurred the long-looked-for debate between the Union and Columbian Literary Societies on the question, "Resolved, that the Southern States are justly entitled to a separate government." The Union, represented by Messrs. Mc-Cune and McCue, supported the affirmative, while the Columbian, represented by Wermuth and Rudolph, took the negative. The judges, who were Rev. L. B. Bell, Judge Howard Wiest, and Mr. C. F. Hammond, gave their unanimous decision by ballot with the affirmative, while the Columbian, negative. The judges, who were Rev. L. B. Hayes, Judge Howard Wiest, and Mr. C. F. Hammond, gave their unanimous decision by ballot with the affirmative, while the Columbian, negative.

Mr. McCune, the first speaker for the affirmative, quoted extensively from the Congressional Record to prove that negroes do not show a capacity for self-government. He maintained that they did not divide according to social, political and moral issues, but upon lines of race prejudice. The desire to massacre the negro is a latent passion among the southern negroes.

Mr. Wermuth in opening said that the preceding speaker had represented the negroes 20 years ago and not as he now is. He denied the contention that negroes always vote as a unit and cited examples of the "black belt" in Alabama where the negro vote is the predominating one. The negro has progressed and does show a capacity for organization as wit, social, political and moral issues. He has progressed and does show a capacity for organization as wit, social, political and moral issues. He has always been loyal to his country. He has taken part in every war since the Revolution. He has been a member of the Committee of Safety, a member of the Continental Congress, a member of the Executive Committee of the Continental Congress, and a member of the Board of War. He has been a member of the House of Representatives, a member of the Senate, and a member of the Constitutional Convention.

Mr. Wermuth quoted statistics to show the negro's progress. He said that according to social, political and moral issues, negroes have always been loyal to their country. He has taken part in every war since the Revolution. He has been a member of the Committee of Safety, a member of the Continental Congress, a member of the Executive Committee of the Continental Congress, and a member of the Board of War. He has been a member of the House of Representatives, a member of the Senate, and a member of the Constitutional Convention.

Mr. Wermuth for the affirmative asserted that the disfranchisement movement was not a move to keep the negroes from voting, but to disfranchise the ignorant negro, to disfranchise the ignorant negro vote, to disfranchise the ignorant negro vote. He said that the negro's progress was evidenced by the masterly way in which each handled the question. It gave rise to "carpet-bag" rule, and had retarded the South. Mr. Wermuth expressed himself as being pleased with the College herd of Short-horns. Professor Mumford sold the negro's progress and does show a capacity for organization as wit, social, political and moral issues. He has always been loyal to his country. He has taken part in every war since the Revolution. He has been a member of the Committee of Safety, a member of the Continental Congress, a member of the Executive Committee of the Continental Congress, and a member of the Board of War. He has been a member of the House of Representatives, a member of the Senate, and a member of the Constitutional Convention.

Mr. McCune for the affirmative stated that disfranchisement would put the negro at the mercy of the whites and would retard his progress. He is an object lesson to the whites as to what will happen if negroes are disfranchised.

Mr. Rudolph for the negative asserted that the disfranchisement movement was not a move to disfranchise the negro but to disfranchise the ignorant negro. He maintained that disfranchisement would be justified in defending his rights. Mr. Rudolph said that the negro did not hold that the condition in which they stood was an ideal one. He maintained that the negro would not be disfranchised. An educational qualification applicable to both races alike would be justified. The negro is a distinct race with special responsibilities. We have a responsibility to educate ourselves so as to qualify ourselves for exercising the responsibilities of the state. He maintained that negroes were as capable of understanding and exercising the responsibilities of citizenship as any other race. He maintained that negroes were as capable of understanding and exercising the responsibilities of citizenship as any other race.

The judges, who were Rev. L. B. Hayes, Judge Howard Wiest, and Mr. C. F. Hammond, gave their unanimous decision by ballot with the affirmative, while the Columbian, negative. The judges, who were Rev. L. B. Hayes, Judge Howard Wiest, and Mr. C. F. Hammond, gave their unanimous decision by ballot with the affirmative, while the Columbian, negative.

A marked spiritual awakening in the Kansas Agricultural College in February resulted in fifty-three conversions. Every classified student in the College of Liberal Arts of the Nebraska Wesleyan University is a professed Christian. Special meetings were conducted for three weeks resulting in 150 conversions. There was no preaching, but much personal interview. Many accepted Christ in their rooms, and at the class and association meetings professed Him as their Saviour. The happiness of the work causes great rejoicing.

The above two items were taken from the April number of The Intercollegian and simply illustrate what might be done here. It is a sad fact that while colleges are supporting to make men and women, a great many are unmade yearly in these schools. Much of this evil may be remedied if every Christian student would do some of the personal work mentioned above. Sermons from the platform will not suffice.

The subject for the next Thursday evening's meeting of the Y. M. C. A. is "Promises." August Frey.

Fulton-Chatfield Wedding.

A quiet wedding took place April 16, at 2 o'clock, at the home of Mr. and Mrs. Henry Chatfield, South Haven, where their daughter Lucy was united in marriage to Mr. S. H. Fulton. Owing to the recent severe illness of the groom only the near relatives were present. Miss Jessie Chatfield acted as bridesmaid and Leni Wheeler as best man. Both bride and bridesmaid were attired in white Persian lawn, trimmed with Valenciennes lace and tatting. The ceremony was very short and simple and was performed by Rev. W. H. Snyder. After the exchange of the rings, the clergyman placed a light refreshment and the bridal couple were taken to their future home at the Experimental farm in South Haven, where they will be at home to their friends in the near future. Fulton belongs to the class of '01.

Lost somewhere on the campus a pair of raintimes eyeglasses. The finder will greatly oblige the loser by returning the same to the President's Office.
THE M. A. C. RECORD.

PUBLISHED WEEKLY BY THE MICHIGAN AGRICULTURAL COLLEGE.

EDITED BY THE FACULTY.

ASSISTED BY THE STUDENTS.

Thursday, April 23, 1903.

The Sec- remary, Agricultural College, Mich.

SUBSCRIPTION.

- 20 CENTS PER YEAR.

Sent monthly by P. O. Money Order, Draft, or Personal check.

Business Office with LAWRENCE & VAN BUREN,
Printing Co., 720 Canana Street

Entered as second-class matter at Lansing, Mich.

For various reasons the M. A. C. RECORD is occasionally sent to those who have not subscribed for the paper, but we must have no hesitation about taking the paper from the postoffice.

The only way, however, to secure the RECORD regularly is to subscribe.

Record Staff.

HOWARD EDWARDS.

VICTOR E. BROWN.

AUGUST POTTER, of the Collegiate Society.

N. W. Minter, of the Columbian Society.

D. O. Duffield, of the Columbia Society.

Miss Grace Lamb, of the Philo Delta Society.

D. D. Porter, of the Phil Delta Society.

A. Young, of the Union Library Society.

C. M. Hill, of the Literary Society.

H. E. Young, of the Union Literary Society.

MISS KETCHAM.

Communications and other matter pertaining thereto should be directed to the Recorder for Howard Edwards, Editor of the RECORD.

The College is to be congratulated upon the excellent conditions prevailing at the College hospital. It is a move

ent of the College hospital's staff and the fact that the institution is in good stead, and that the patients are being treated as they ought to be.

A new feature of the College hospital is the presence of the Misses Ketcham, a nurse, who is skilled, assiduous, and has a pleasant manner. She has received the care and attention of the patients with much success. Miss Ketcham, the head nurse, is skilled, assiduous, and has a pleasant manner.

The College hospital is in good stead, and the patients are being treated as they ought to be.

The College is to be congratulate
The last paper was given by Prof. Vedder on "Engineering Economies". The paper was largely from the standpoint of economizing time in producing results. He discussed how much time and money was saved by the engineer who limited himself to standard sizes whenever possible when using structural steel or designing machinery. He also mentioned the common mistake of the young surveyor who neglects to study the sources of error with which he has to contend. The tendency is to neglect the small error in length of chain due to changes of temperature, wear, etc., but to spend at least half a minute "jigging" the plumb in order to get them within a half inch of the line.

The erroneous length of chain enters as a cumulative error which frequently is as great as 1 in 1000 while computation shows that with a 50 ft. tape the error due to setting the pin out of line may be kept within 1 in 1000 if the pin is set within 1/2 ft. of the line. In dealing with economy of time in making computations he said that the first step was a thorough knowledge of logarithms. The relative amounts of time consumed by the use of four, five and six place logarithm tables were in the ratio of 2, 3, and 4; that is, a person, conducting a survey in which the permissible error was 1/10000, wasted just half his time in calculating if he used a six place table instead of a four place table for the latter will give a result not more than 1 in 1000. As a caution against a too liberal interpretation of his doctrine he added that it was much better to err on the side of unnecessary business than in the other direction.

About the Campus.

The bath association held its annual meeting Saturday at 12:30 in the chapel and elected W. L. Waterbury, '05E, as steward for the ensuing year.

The bath association held its annual meeting Saturday at 12:30 in the chapel and elected W. L. Waterbury, '05E, as steward for the ensuing year. A specimen of the herring-gill has been presented to the zoological department by Mr. Chas. M. Norton of Lansing. It was taken at Pine Lake, Illinois, last summer and mounted by Mr. Shaw in his best style and will soon be on exhibition in the Museum.

The many friends of Miss Belle C. Crowe were glad to welcome her home on Monday back to her accustomed place in the Women's Building, after the juveniles. Miss Crowe was in the hospital exactly eight weeks.

Dr. Kerzlie attended the memorial service in honor of the late Geo. Willard, held at Battle Creek on April 14. The Doctor presented to the library a portrait of his old friend, who was a member of the State Board of Education that had charge of the College from 1857 to 1861.

The mechanical students who are taking engineering chemistry, quantitative analysis, are working on the ores of metals. They have completed a series of tests to determine the percentage of copper in different copper bearing minerals, and are at present working on the ores of iron. It is interesting and is enjoyed by all.

SIMONS DRY GOODS CO.

We invite your attention to our New Line of...

Ladies' and Misses' Suits, Jackets and Skirts.

NEW - GRIFFIN LINE of Special Sale of Foulard Silks.

In white and colored 75c to $5.00

N. J. & B. A. Buck.

M. J. & B. A. Buck.

You know the Spaulding Sweater is the athletic sweater of this city. While they may cost a trifle more than other makes, they are the cheapest on account of the additional wear.

WE HAVE A COMPLETE LINE OF THE M. A. C. SWEATERS AT $3.75 and $4.50

Also a nice assortment of SPAULDING JERSEY SWEATERS.

We are showing the most beautiful line of Negligee Shirts ever brought to this City.

Elgin Mifflin.

The "Rugby" New Rugby last, heavy extension soles, rope stitched clear around the heel, made in tan and black Russian calf, also in patent leather.

Oxords

Made in same styles for summer wear, the "sweats" thing yet brought out.

Prices $3.50 to $5.00

C. D. WOODBURY, HOLLISTER BLOCK.
Old Students.
Hon. Lincoln Avery, '92, of Port Huron, is one of the new members of the State Board of Education.

J. F. Coats is drafting for W. E. Hill & Co., of Kalamazoo. His address is 621 W. street, Kalamazoo.

Mr. L. C. Brooks '92w, has entered the employ of the Long & B they Co., Lake and Main streets, Cleveland, Ohio.

Edward D. Allis, '93a, who has been in poor health for some time has returned to his home in California on a pleasure trip with his father. A. H. Dall, '92, head bookkeeper for a large food-product house in Cleveland, O., is on a visit to the College. He says it is good to be here again.

Glen A. Bunting with '0w, who has been with the Bell Telephone Supply Co. of New York during the past year, is now with the same company in Buffalo.

H. M. [Derrill?] Carpenter, '81, a. b., '82, of Port Collins, Colorado, called at the College this week. Mrs. C. was librarian at the College from 1883-1885.

W. H. Green with '01, is spending the last few days of his vacation at the College. He leaves for Ann Arbor shortly where he is a junior in the civil engineering course.

H. R. Parish, '92w, is now at the New York Ship Building Works, Creswicke, New York. "Harrie's" mother writes the Record is quite interesting to us old folks.

W. P. Hawley, '92w, has accepted an appointment as draughtsman in the office of the chief of ordnance of the army. His address is 301 A. S. E., Washington, D. C.

Ben Lambach with '01, spent Saturday and Sunday at the College visiting old acquaintances, and, on Monday, left for Cleveland where he will ship for the summer on the steamer "Lynn."

F. J. Porter, '92, is on a visit to the College. Professor Porter had a serious accident last fall in which his horse was nearly cut in two. He is now in the hospital giving up farming and going into the lumbering business with his brother.

E. M. McElroy '92w is ill with fever at the Baptist Hospital, Chicago, where his wife also has been ill for several months. It will be remembered that Miss Kerr stenographer in the farm department, who is a sister of Mrs. McElroy, spent a number of weeks recently in Chicago at the latter's side.

Mr. A. B. Cook, '93, writes from Donsereaux's Department Store, Lake and Mason streets, Kalamazoo.

W. H. Green with '01, is spending the last few days of his vacation at the College. He leaves for Ann Arbor shortly where he is a junior in the civil engineering course.

H. R. Parish, '92w, is now at the New York Ship Building Works, Creswicke, New York. "Harrie's" mother writes THE Record is quite interesting to us old folks.
