The Michigan Association of Elo­cutionists

The Michigan Association of Elo­cutionists held their annual session at M. A. C. Friday and Saturday last. Representatives from all the colleges in the association were present and many interesting papers were read.

The first meeting was held Friday at 10 a.m., in the chapel. Pres. Snyder gave a brief address of welcome.

"Directness in Oratory." His re­port was as follows:

"Directness in Oratory."

"Our Profession—'He That Plays Harlequin.'" (M.ofV.) Prof. Nadal.

"Before the Dawn," Chadwick.

Note—The above selection of the M. A. C. faculty.

After the banquet the following toasts were given, with Prof. Trueblood presiding:

T. VV. NADAL.

Our Profession—'He That Plays Harlequin.'" (M.ofV.) Prof. Nadal.

"Before the Dawn," Chadwick.

Note—The above selection of the M. A. C. faculty.

After the banquet the following toasts were given, with Prof. Trueblood presiding:

T. VV. NADAL.

Our Profession—'He That Plays Harlequin.'" (M.ofV.) Prof. Nadal.

One of the "Old Fellows."

F. Hodgman, 63, is still living at the old home whence 40 years ago he went to M. A. C. He has a son still living there, and also with homes with their own. Three years ago his wife died and he is now alone. He has been entirely always of health does not permit of violent exertion: but he employs his time in giving a hearty good-fellowship to his friends in the Secret society from M. A. C. boys.

Communications and other matter pertaining to the contents of the Record should be sent to Howard Edwards, Editor of the Record.

Record Staff.

H. A. Herrick, of the Eclectic Society.

T. H. Phillips, of the Columbian Society.

O. L. Ayrts, of the Adelphic Society.

Miss Brace Landy, of the Pheuonian Society.

H. J. Hornbeck, of the Y. M. C. A.

W. S. Merick, of the Columbian Society.

H. N. Hyde, of the Parnassian Society.

F. C. Nourmand, of the Class Library Society.

H. E. West, of the Y. M. C. A.

If you would be loved as a companion, you must first be loved by those upon whom you live.—Sir Arthur Helps.

The hearty good-fellowship that pervades the following paragraphs is one of the characteristics of the October Echo is worthy of more than conventional recognition. A feeling of common interest, which has been in evidence for several years prevailed between Olivet and M. A. C. and is strengthened and conciliated by the expression of appreciation as the years roll on. That such a feeling can and does prevail between college and college in so many respects is good to think upon, especially when we call to mind the marked contrast in tone adopted by some colleges toward us and other colleges toward us and each other. We assure our Olivet friends that their goodwill has been highly appreciated and heartily reciprocated. Next to our own victories, those of Olivet have given us the most satisfaction. However, when they may appear the champions of Olivet will always find a friendly reception in this College. We heartily wish her success the remainder of her schedule.

M. A. C. 42; Kalamazoo 0.

Kalamazoo kicked off to M. A. C.'s 20-yd. line and McKenna returned it 20 yds. He then put the ball on M. A. C.'s 25 yd. line. After three or four minutes of play time was called with the ball on M. A. C.'s 25 yd. line.

SECOND HALF.

Kalamazoo kicked off to M. A. C.'s 20-yd. line, Brainerd returning the ball 12 yds. Childs then went around the end for 15 yds. Kalamazoo then held M. A. C. on third down with 7 yds. to go. A punt was called for and Childs kicked a goal. Score—M. A. C. 24; Kalamazoo, 0.

The meet was well attended and all who attended were entertained by Prof. Smith in the best preparation for life's duties.

Adelphic Society Note.

The members of the Adelphic Society gave their hearty thanks to R. Southwick with '01, for a fine basket of grapes, peaches and apples. Mr. Southwick is now located in Chicago, Ill., and is the first of the class of '01 to return to Otsego county. He passed through Lansing Saturday evening and handed over the fruit for his society and a similar package for his sister, Miss Sophia Southwick, '00. J. L. A. Avins.
Tribute of Respect.

At a meeting of the class of 1902 held October 23, 1901, the following resolutions were adopted:

 jointed to the bereaved husband
an assistant entomologist,

Resolved, That a copy of these resolutions be sent to Mr. Dewey Pierson.

W. R. Wright, Committee.

Medical Building at U. of M.

On Tuesday, October 15, occurred the laying of the cornerstone of the new medical building now under construction at the University of Michigan.

In his address on this occasion, Dr. Charles L. F. Converse, one of the signers of the Petition of the Class of 1893, mentioned "among the graduates of the U. of M. who have won for them their alma mater and for themselves undying fame are the teachers, specialists in certain lines of practice, as original investigators; as statesmen or business men, in all these or allied lines," a long list of distinguished medical men, and prominent in this list he found the name of Robert C. Kedzie, M. D., Professor of Chemistry in the Michigan Agricultural College since 1869.

Notes Gathered Here and There.

Miss Baldwin has resumed her duties in the secretary's office after a ten weeks' illness with typhoid fever.

A number of blue prints of steam engines have been received by the mechanical department from the Fitchburg Steam Engine Company.

The Adrian College World of Oct. 15, gives a prominent place to Prof. King's recent article in these columns on "Our Oratorical Contests."

Mr. Donald C. Gray, a sixteen-year-old lad from Armora, California, has been looking over the farm and horticultural departments this week.

The mechanical party spent a pleasant and profitable time on their recent trip to Chicago. A more detailed account will appear next week.

Mrs. M. E. Townsend, of Onondaga, Mich., mother of C. E. Town and Prof. and Mrs. U. P. Hedrick acted as chaperones.

Prof. G. C. Creelman, superintendent of farmers' institutes, Canada, writes as follows:

Prof. Hedrick—Dear Sir: I have heard of the success of your student demonstration at your late Horticultural Society meeting, and am very much struck with the practical value of it, both to the audience and to the institution from which the students came. Please give me an outline of what was done, that I may suggest a similar line for our own Horticultural Societies meeting. The meeting to which Prof. Creelman referred was held at Monroe, Mich., and the demonstrations were given by the senior class in horticulture at M. A. C.

C. D. Woodbury, HOLLISTER BLOCK.
Old Students.

Fred Murphy, with 1902, is in Chicago with the Round Oak Store Works.

There, Spindle, with 1902, will graduate in dentistry next spring from Northwestern University.

Y. W. Rescue Kafiele, '99, who is taking the dental course at Oberlin has been elected president of his class.

A. Knechtel, '99, has been engaged in growing 2,000 cats in the College skill mountains as a government experiment.

C. W. Fitich, with '99, is draughtsman in the New England Steel Co. of Cleveland. He is married and has two children.

Paul Thayer, '00, writes that C. H. Hilton, '00, who is teaching at his alma mater, and in Agricultural College, where he is later.

Our plant is steadily increasing in size. Our machinery is being from 4 to 5,000. Several men own more than 18,000 sheep. The sheep are handled in herds in bands by one man, from one to three dogs, and at night are put into corrals to escape wolves and coyotes. Cattle do excellently without grain feed; they can select specimens as good as those at our college and grown without grain or slover. You can get any kind of fruit in the sunshine of our own home is our little golden-rock. He says, also, that he is gaining experience in teaching and in institute work. He is engaged to be married to all his friends. He has his best wishes for pleasant and successful work.

J. H. Skinner, '93, writes to W. F. Owen a very long letter from which we learn that he is looking over the country near a post office in Montana named Halbert. He has not yet settled, but is gathering cattle preparatory to shipping. The land, he says, is a good story and soil that the "beach" but in the "country," especially where irrigation can be practiced, excellent crops mountains as a government experiment.

The houses are far apart and are one-story affairs built of logs with two or three rooms. In three cases out of five the cook is a man. It is not unusual to find bands of five men of the same size in one to three dogs, and at night are put into corrals to escape wolves and coyotes. Cattle do excellently without grain feed; they can select specimens as good as those at our college and grown without grain or slover. You can get any kind of fruit in the sunshine of our own home is our little golden-rock. He says, also, that he is gaining experience in teaching and in institute work. He is engaged to be married to all his friends. He has his best wishes for pleasant and successful work.

H. D. Hackett, '93, was formerly commandant at the Camp Douglas during the war, and has resigned his professorship at the College to accept his present position.

Wm. Ball, '00, has changed his position from the Poster Works, of Lockport, N. Y., to the employ of Butcher & Lowe, Grand Rapids, where he will have charge of the magazine printing.

The Senior and Junior Horticultural societies will meet in the lecture room Oct. 30th, 3 p. m. at the home of Mrs. Weil. Text word "Mercy."

The Senior and Junior Horticultural societies will meet in the lecture room Oct. 30th, 3 p. m. at the home of Mrs. Weil. Text word "Mercy."

Alvord, '95, wife and daughters, of Montana, writes cheerfully of his present home in Lewiston, Montana.

Mary L. Collins, '98, is assistant in field and feeding experiment. "Techs" track and other athletic teams. "Techs" track and other athletic teams.
