NOTICES.
Meeting of Record Editors Thursday evening, 7 o’clock College Hall.

A pocket knife has been left in the Physics laboratory. Owner please call.

33. Debating Club Thursday evening, 7 o’clock in English Classroom. Question for debate, Resolved; That capital punishment should be established in Michigan, Affirmative, Messrs. E. R. Bennett and Taylor, negative, Messrs. L. D. Rudolph and E. Elmer.

CLASS BASEBALL SCHEDULE.
Friday, May 9, Freshmen vs. Sophomores.
Saturday, May 10, Juniors vs. Seniors.
Monday, May 12, Sub-Freshmen vs. Sophomores.
Friday, May 16, Juniors vs. Freshmen.
Friday, May 16, May 17, Sub-Senior, May 17, Seniors vs. Freshmen.
Saturday, May 17, Sophomores vs. Juniors.
Thursday, May 21, Sub-Junior vs. Sophomores.
Friday, May 23, Freshmen vs. Sophomore.
Saturday, May 24, Sub-Junior vs. Juniors.
Friday, May 26, Sophomore vs. Sub-Junior.
Sub-Senior May 27 (a.m.)
Finish June 1.

These games shall be decided by six innings and no man who is a member of the college team squad shall be allowed to play in them. It is earnestly desired that each class put out a team and thus help to develop baseball material so that there may always be good men at hand to fill vacancies on the first team.

G. E. D.

OLIVET BEATEN.
A TOTAL OF TWENTY-TWO RUNS SCORED BY M. A. C.

M. A. C. redheaded herself for all past defeats this season by beating Olivet, Saturday, 22 to 6. The afternoon was ideal for baseball and the team got into every play in a manner that brought tope to all who have the success of the College at heart. For M. A. C. Case pitched in excellent form notwithstanding a slightly disabled thumb, J. Frazer and B. Frazer both played good games, as did Gunnison, while Rasmussen proved steady at first.

In the seventh Olivet got a goose egg while M. A. C. made the circuit in every inning.

For M. A. C., J. Frazer, 1. f. .... 5 3 4 1 o o
Case, p 5 3 2 o 2 o
Tower, c 6 2 2 5 3 1
B. Frazer, 3 b. ... 4 3 2 4 5 1
Gunnison,- c. f. . . . 6 4 4 2 1 o
Andrews, ib 5 o 3 5 1 3

M. A. C. RECORD

1902.

TUESDAY, MAY 19, 1902.

RESULTS in collegiate contests have not, on the whole, proved altogether flattering to M. A. C. this spring. We are reminded of the fact that the debate and oratorical contests were lost, though in both, as far as we can determine, our representatives did creditable work. Then, too, the ball team has not won all its games. But the team did win the Olivet game. Nevertheless boasting should not be indulged in. Any timid ones, however, should be reminded that there is no reason why M. A. C. should get downhearted.

THERE was handed in last week for publication in The Record an anonymous article. It is against all newspaper ethics to publish anonymous contributions and there is no reason why The Record management should depart from custom by publishing such matter. The management is glad to state that the writer of the article in question is willing to give us his name we will be glad to consider the subject matter.

A PROPOS of certain suggestions that have been made concerning the “Record,” it may be said that the interest in the paper is greater than it has been in years. We are indebted to the Evening Press and the Lansing dailies for the suggestions. The reason for this should be obvious. Any student who takes advantage of the opportunity to remain informed of all that goes on in Freshmen College has an advantage over those who do not take advantage of the opportunity. The leadership of the Freshmen is being well maintained.

ALUMNI

(Continued from first page.)

95. H. Hart of Lake Odessa visited the College last week.

59M. Allus H. Stone is now employed by the Western Oklahoma R. R.

101. C. A. McCune, of the Bureau of Forestry has been assigned for field work in the northeastern part of Tennessee. He has charge of a party sent out to make study of the Wabash Pine, and left April 26 to make preliminary arrangements.

102. M. L. Ireland, who is now in the Ordnance office, War Department, Washington, D. C., expects that he hopes to be at the College during commencement week.

TENNIS PROSPECTS.

M. A. C. HAS GOOD CHANCES FOR FIELD DAY.

At present the tennis outlook for the season 1902 is very promising. Although a strong player has been lost in Sheldon, the men remaining have been practicing steadily and are showing rapidly improving form.

At present the leading pair are Horton and Willett. They are preparing for the annual meet under the same conditions as the rest of the team, five hours, training, hour, etc., which is a new thing for the tennis men.

Hanson, a new man shows good promise and, although his strokes are somewhat rusty from disuse, may be able to give the first men a ruf before field day.

Among the freshmen, Drew shows the best form, and should prove a good man in far future.

With Willett, Judson and Drew for next year, the future of tennis seems well provided for.

This year tennis will be included in the tour to be held in Alton last May, and some interesting play may be expected. Alton has lost one of the men who entered last field day, but tennis is very popular there, and without doubt she will place a strong team in.

Olivet and Kalamazoo have also been in line up to last year, what they will place in the field this year is unknown. If they are not better than last, M. A. C. is sure to come out toward the top.

DEBATING CLUB.

The attendance at the Debating Club on May first was very small. This may however be interpreted exceptionally good. The question for debate was, “Resolved: that the township system of school management should be adopted in Michigan.” The affirmative was upheld by Dr. Edwards and Mr. A. E. Kocher, the negative by Messrs. George Severance and Thomas Gunson. The judges for the evening were Miss L. A. Miller and Mr. H. E. Elmer. Both sides quoted from good authorities and the negative had an interesting story showing the comparative cost of the two school systems. This table shows that the district system much cheaper of the two. The decision of the judges was two in favor of affirmative and one in favor of the negative.

ATHLETIC HOP.

Through the efforts of the managers of the various athletic teams a very nice party was given in the armory last Friday. It is very creditable that, owing to the fact that the students did not take hold of this affair, the expenses were barely covered. The student body in general thought the floor would be too crowded, but if another such affair should be started, it is hoped that it may be held by better than this last party. Mr. Frost’s orchestra furnished the music, which was printed on the first-class orchestral, and all those who one enjoyed themselves. Chaperones for the evening were Messrs. Vetter, Weil and Denman.

EXCHANGES.

Harvard’s library of 700,000 volumes is the largest in the United States.

Glasgow University of Scotland held its four hundred fifteenth anniversary this year.

Chicago University offers a course in Russian, the instructor being a native of St. Petersburg.

It is said that a new library with a capacity of 200,000 volumes will be added to the University of California.

The library of Columbia University will soon be increased by the addition of the district library volumes, which are on their way to this country.

It is reported that $20,000 will be spent on the construction of the new building of Northwestern University. This expenditure should make Northwestern take a boom in athletics.

The Mount Holyoke for April is an Almanac. The artistic and literary features are excellent as is generally the case with this magazine. Especially, should the verse come in for generous praise, much of it being superior to current magazine verse, which complements however, is doubtful one.

Your Attention Ladies.

We are catering to the wants of those who are looking for high grade goods at their intrinsic value. We are headquarters for...

BRAINERD & ARMSTRONG'S

SILKS—The Best.

Filo Floss, Roman Floss, Wash Twist, Rosaline Twist, Staining Silk, Penney Embroidery Twist.

Mountings for Purse—Steel Beads, Gold Beads, Jet Beads, Turquoise Beads.

Our line of Chattelaine Steel and Metal Bags is the finest. Do not be satisfied looking for high grade goods at their intrinsic value, which compliment however, is a doubtful one.

COLUMBIA YARNS

The Best.

Shetland Flous, Shetland Wools, Germantown and Saxony.

Our big wagon passes your door daily. Your orders carefully filled.
Governor Bliss will be given a review tomorrow by Maj. Vernou.
The M. A. C. Chorus is working Hvrd in preparation for the coming opera.

P. M. Lyman will visit his friend Wells Harvey in Olivet this week.
The Misses Nolan, Hubbard, Jackson, Remaley, and Rogers have the mumps.

Prof. Pettit was in Detroit and Ypsilanti last week doing entomological work.

Mrs. Marshall entertained the girls of the Women's Building Sunday afternoon with a musical program.

Mr. Harvey, manager of the Olivet team, stayed over Sunday at M. A. C. with his friend P. M. Lyman.

Covell, '03, has passed his physical examination for West Point. His credits from M. A. C. will take the place of other examinations.

Section 2 of Article II, section 1 of Art. IV, and section 6 of Art. 5, have all been revised in the new constitution of the Oratorical association.

A long circular letter has been received from Prof. Tewar by M. A. C. friends. Extracts from it will be published next week in the alumni column.
