NOTICES.

The question before the Debating Club on May 29 is, Resolved, That the immigration of Chinese laborers to Alaska is desirable. The affirmative is argued by Mr. W. R. Wright and Mr. F. N. Smith.

M. A. C. vs. ALMA.

M. A. C. had a very successful track meet with Alma last Saturday. Out of twenty events we won sixteen firsts and the final total was 111 to Alma's 62. The men all did justice to themselves and upheld the College reputation in track in fine style.

The prettiest race of the day was the 100 yd. dash where Kastner of Alma bested out the M. A. C. men. The score was 11 to 8. Detroit came first to bat. Moynihan, Sullivan, Lynch, and Haftenkamp. Two hits and an error put on two runs. M. A. C. was blanked till the fourth when two hits and an error added one more run. The game was a pitcher's battle and rather than cancel the meeting. A. C. Miller, pitching for the negative, was E. Balbach, A. C. Miller, and Merick and Moore. M. A. C. showed some improvement in base running, and managed to get more “gager” than ever before.

DETROIT COLLEGE WINS.

M. A. C. and Detroit College played ball Thursday, and at the close of the game M. A. C. had the same hard luck story to tell. The score was 11 to 8.

Detroit lost one to the third, and on the fourth, when two hits and an error on the base side without a run, and once with bases full. He twice struck out the Victor. Ellis' catch of a most difficult fly and Gunnison's throw from centre field which put out Morgan at the plate were the features of the game. The long grass on the diamond materially hampered the Victor. The base on balls netted three runs. M. A. C. showed much improvement in base running, and had more "gager" than ever before.

DEBATING CLUB.

On May 23, the question debated was, Resolved, That a more strongly centralized form of government for the United States is desirable. The affirmative was upheld by Messrs. Merick and Moore and the negative by Mr. A. R. Alling and Mr. C. P. Smith. The judges for the meeting were E. Balbach, A. C. Miller, and P. H. Stevens. The critics' report was given by Dr. Edwards. Decision of the judges was in favor of the negative. It is to be regretted that so many who are assigned parts must suffer. If each one would appoint some one to debate who is cheerful and successful, a splendid debate meeting will be accomplished.

THAT CHAPEL DESK.

In early days of the College the chapel was not supplied with appropriate furniture. The chapel table which is now in use was fitted for a dining-room in some country home. In 1870, Prof. G. P. Thrasher, a student who had made, with his own hands, the ash and walnut desk which took its place, and from that time the nest and appropriate desk has been in constant use. The past ten years when after this beloved teacher revisited the College and addressed the students he casually laid his hand on the desk and said it was the product of his skill, and a token of his love for the Old College.

Somebody has removed the desk. Would it not be the proper thing to have a relic of old things made of wood, a token of the beloved and honored teacher who once shel the fragrance of his lot on the College and commune with?

WRESTLING.

Olivet's wrestlers met M. A. C. at the Lansing armory, Monday night. Olivet won the contest and took victory for M. A. C. In the heavy weight, A. Stockle scored the only fall of the match. Reiner an M. A. C. wrestler, Bryant showed his usual good form and was as game as ever. Sarsburn had an easy time with I. Birch and W. Birch proved as easy a victim for O'Dell. Brungcr made extremely quick work of his man, especially in the second bout, in which he threw him in ten seconds.

That stubborn contest of the evening was that between Geib and Caldwell and only after two draws did Geib secure fall. In the first bout Caldwell forfeited to him. The M. A. C. band furnished music as a large crowd of "women" was present.

(1) Heavyweight. Won by Stockle from McDermitt. Time: 1st bout, 30 min. 30 sec. 2nd bout, 35 sec.

(2) Welterweight. Won by Geib. Time: 2 min. 2 sec. and bout forfeited by Caldwell.

(3) Bantamweight. Won by Brungcr from Thrasher. Time: 1st bout, 2 min. 40 sec. 2nd bout, 45 sec.

(4) Featherweight. Won by O'Dell from W. Birch. Time: 1st bout, after a draw, 1 min. 55 sec. 2nd bout, 1 min. 35 sec.

(5) Lightweight. Won by Sansburn from I. Birch. Time: 1st bout, 1 min. 30 sec. 2nd bout, 35 sec.

(6) Middleweight. Won by Brungcr from I. Stockle. Time: 1st bout, 1 min. 2nd bout, 10 sec.

THAT CHAPEL DESK.

The performance of the comic opera Pinafore, last Friday evening, in the hall of the College Church, was a success in every way. The participants were dressed in appropriate uniform, and the stage was very tastily decorated, reflecting much credit upon Mr. G. R. Forbes and his assistants on the decorating committee.

The cast of characters was as follows: Sir Joseph Porter, K. C. B., Capt. Corcoran, Miss Prout; Josephine, and while the smile with which she greeted Ralph brought a blush to his face, its freezing effect was lost on the audience. This is one of the best entertainments of its kind ever given by the student body and it speaks very highly for the splendid work being done by Mr. Forbes and his assistants. Their efforts certainly deserve the hearty support of the College people that was received last Friday night.

The football teams of the Army and the Navy will meet next year on Franklin Field, the grounds belonging to the University of Pennsylvania.

The Iowa State Agricultural College is to have a new experiment barn to cost in the neighborhood of $10,000.

Homer Eaton spent Sunday at his home in Jackson.

Professor Pettit was in South Haven Friday to carry on experiments with insects.

The flower plots about the campus are being planted with flowering and foliage plants.

Ralph and H. K. Stevens are receiving an extended visit from their mother and sister.

Prof. Taft's mother and his aunt, Mrs. Bradley, left for Chicago Saturday after a short visit with Prof. Taft.

Instructors Taylor and Robinson were absent from their college work Thursday on account of illness.

Many of the students attended the trip around the world given by Prof. Taft.

The basement walls of the new bacteriological laboratory are done and it is expected that the rest of the structure will proceed more rapidly.

Mrs. William Denovan and Mrs. St. Johns, of Lansing, gave a reception on Thursday evening which was largely attended by College people.

Mr. Robert Brunt, special student in the Beet Sugar course was called to his home in Kewwood, Ontario, last week by the illness of his father.

The Ferians had a group picture taken early in the morning. The house to be occupied by Dr. Edwards is nearing completion.

Some of the seniors have been doing interesting work in triangulation this past week.

The battalion of Cadets will take part in the Decoration Day exercises in Lansing Friday.

Prof. U. P. Hedrick, Mr. C. L. Dean and Prof. Babcock spent Thursday afternoon at Pine Lake fishing.

On Friday evening Major Vernou gives a banquet to the officers of the battalion at his home in Lansing.

The base ball game between the seniors and freshmen resulted in favor of the freshmen. The score was 12 to 11.

Instructor Locke will be assistant Professor of Mathematics in Adelphi College, Brooklyn, N. Y., next year. Prof. S. Color is one of the trustees of this institution.

M. A. C. was opened for students right in the woods forty-five years ago, and the song of the wood thrush is still heard on the campus indicating that the College is not yet out of the woods.

Several of our College friends have been arrested, either for riding their bicycles on the sidewalks of Lansing or for not having lights. The present victims range from the head of the military department to a private in the rear rank.

Joel Palmer, '04, is out of the hospital after a long siege of illness.

Subscription papers have been circulated the past week for the benefit of the new grand stand.

Instructor Taylor lectured before the Lansing Boat Club one evening last week on Wireless Telegraphy.

Mrs. U. P. Hedrick and Mrs. Martin D. Atkins went to St. Johns last week to sing at a musicale given by Mrs. Wason.

The seniors beat the sophomores last evening in the class ball series 15 to 5. Millsburgh and Starks were the opposing pitchers.

Miss Blunt will spend next year traveling and studying in Europe. She will spend some time in the University of Glasgow and in Oxford, and will travel three months on the continent in company with her mother.

The home of Dr. Marshall was invaded by burglars on Monday night of last week. Silverware, clothing, a gold watch, and a small sum of money were appropriated by the burglars. So far there is no clue of much value to the police.

Miss Lucy Davis, Instructor in French at the College during the past year, sailed for Rome, Italy, last week on the Steamer Travca. She anticipates a year's stay abroad visiting the various art centers and making a study of their galleries.
ABOUT THE CAMPUSS

The farm department completed its corn planting on Thursday, May 22. The general look of the crop is good, with the exception of winter wheat. The continued rainfall has been indicative to some extent of the planting of corn.

O. H. Slider has finished his thesis having to do with the effect while he was in the Alma factory. Those who have had good high-school training will be important in the five-year course for eighth grade graduates and some of the work of Major Vernou. We also carry a complete Stock of Lace Curtains and Draperies.
