M. A. C.—DEPAUW GAME.

In another part of this paper will be found an article dealing with the merits of football. The article was written several days ago, and the successful mass meeting of last week and the large attendance at Saturday's game could not be taken into account. Nevertheless it is still highly probable that the comments will do the purpose. Nevertheless it is still highly probable that the comments will do the purpose.

There is no use denying the fact that the support of inter-collegiate contests at M. A. C. is spasmodic. Not all the students and teaching force were in attendance at Saturday's game. The question is, What important business was keeping those who should have been at the game.

The large attendance was due in part to the presence of Lansing people. It, the Chicago Record-Herald for Saturday, the paper an
nounced as one of the big western games M. A. C. vs. DePauw at Lansing, made it known that M. A. C. is getting into class. It means something to belong to the M. A. C. team. It means just as much to be connected with a college which has such a team. Furthermore, there are some men on the team who, for various reasons, do not feel that they can afford to do so, and are playing from a sense of duty to the College. A few general comments may not be out of place. During the first few minutes of play Saturday, there was probably no one on the sidelines who did not feel that DePauw was going to run up a large score. When M. A. C. began to hold DePauw for downs the confidence of the crowd in M. A. C. returned, and this had some effect on the M. A. C. team. After the first ten minutes of play DePauw was outplayed. There is absolutely no reason why M. A. C. could not have won this game, this year, provided the College community can unite in the belief that M. A. C. must win. There are only two games away from home. What is the reason M. A. C. cannot send large bands of cheerleaders to help M. A. C. pile up a large score?

During the latter part of the game there was some wrangling, which is to be regretted. We do not care to discuss the merits of the case, and will let the matter pass. The only way to avoid such unSportsman-like behavior is to have interested official.

At 255 p. m. M. A. C. took the kick off and DePauw kicked. M. A. C. Childs, who received the ball, 20 yards. DePauw outweighed M. A. C. ten pounds per man, and seemed as fast as the home team. The odds were apparently against M. A. C., and the results of the first few minutes of play seemed to prove this.

On the first line-up Meek was called. On the second line-up Childs took the place of Meek, and, after hard running, had a touchdown and kicked a goal. Childs kicked off 25 yards. On the play DePauw took the ball and, on successive mass plays, worked the ball down toward the M. A. C. goal line. On its own 7-yard line M. A. C. made a magnificent stand, holding DePauw for downs.

M. A. C. failed to gain much ground on two trials and a punt was called for. The position was bad because of the presence of the teams to the goal post. The ball failed to get away and DePauw took the ball and hard running and a touchdown and kicked a goal.

Childs kicked off 25 yards, and DePauw made a steady gain, one of 15 yards, when Kratz tackled for a loss. On its own 10-yard line M. A. C. held for downs.

Wiman, who fumbled but retained the ball. On the next play Childs punted 25 yards. The visitors again worked the ball down the field for a touchdown and kicked frequently for losses.

Childs kicked off and the ball was returned to the DePauw line, and M. A. C. took the ball at the center of the field. The M. A. C. backs got into the game and made long plunges through the DePauw line. On DePauw's 25-yard line M. A. C. tried a place kick which failed. DePauw was off-side on the play so M. A. C. took the ball. The half ended with M. A. C. making steady gains, the ball being on DePauw's 6-yard line when time was called.

At 415 the second half began, Strand taking Agnew's place at full. Childs kicked off and DePauw did not have a few gains when M. A. C. held on its own 56-yard line. Smith, Childs, and Strand, who made the distance, twice, then Childs took the ball and with fine interference circled the end for 40 yards, being doused for downs. The next play Meek planted the ball 3 yards, behind DePauw's goal line.

DePauw kicked off to Cortright who returned 7 yards. DePauw soon had the ball for four downs, when visitors made short gains when Cortright got the ball on a fumble. Failing to gain much ground, M. A. C. attempted to put DePauw's star player, blocked the kick and rushed the ball over for a touchdown. The attempt at goal failed.

After this the playing was all in favor of M. A. C. Childs kicked off 25 yards, and M. A. C. held the visitors and took the ball. On the first play Smith bucked through the DePauw line, and H. Childs patted him onto his feet the former running 65 yards for a touchdown. Greatly encouraged, DePauw could do nothing with M. A. C. and the game ended at a quarter to five with the ball on the visitors' 12-yard line. Final score, DePauw 17, M. A. C. 12.

DEBATING CLUB.

At the meeting of the College Debating Club on Thursday evening, the subject, "Resolved, that government ownership and operation of railroads in the United States is desirable," was debated. Messrs. Hogansen and A. C. Ferris upheld the proposition, and Messrs. Bean and A. C. Miller upheld the affirmative. How­ever the affirmative motion was carried.

The attendance was very satisfactory. We hope to have as large a number at every meeting.

THOSE who have opinions with regard to the game of football, broadly speaking, can be put roughly into two classes, those opposed to the game, and those with whom the game finds favor. There is even a third class, composed of several hundred people, who have no strong opinion on football. The class opposed to the game is, for the most part, composed of future educators, and particularly many parents who have soon available as players. The second class will include nearly all college students. As the game is, so far as the college mind is concerned, the objectionable feature to some, so is it one of the attractive features to others; because this element is so often the theme of written discussion upon the subject, is the real significance of the game much obscured. Football is the logical evolution of the forces that have been at work in the college life of the last few decades. If, in objection to the game, it is urged that players are oftenlooked upon as the scions of the middle class, it is objected that players are oftenlooked upon as the scions of the middle class, or in any other common form of language, devoid of moral fiber, and that football is the game of the bully boy, and that the only men who can play football are the men who can carry 1600 lbs. each, have been con-
unified these tendencies which, if not so centralized, lead away to faction and strife. The College environment should represent the social sentiment, a very important factor in college life of the present day. When properly regulated, the game centralizes by

ATHLETIC NOTES.

Athletic meeting Thursday, Oct. 23d, was decided to charge members of the association twenty-five cents at the DePauw and Beloit games. The decision was made by Mr. DePauw because the expenses of the DePauw team were almost met. The team before the results were very satisfactory, as the expenses of the team to Ann Arbor were a little more than covered.

After the business meeting addresses were made by Mr. DePauw and members of the team. There was a good attendance and much enthusiasm. During the week more men have been showing up for work on the second team owing to the game Saturday, and the game at Flint this week promises to keep it well up.

The team goes to Olivet this Saturday and many students have expressed their desire to accompany it. Olivet always puts a good strong team in the field and the game should be well worth the trip. It is only twenty-seven miles. The team will leave Lansing 10:35 a.m. and returning leave Olivet 7:34 p.m. A train leaves Olivet 10:22 a.m. east at 418 fs which if the game should be called at 2:59 students may have to take.

A large crowd should turn out as it is certainly a great help to the team and we have never taken a crowd anywhere in several years and returned defeated.

The college is two miles from the station, however, with mud and difficulty may be found in transportation.

SILVER RECOVERED.

It will be remembered that Dr. Marshall's horse was stolen and some silver was taken. The Dr. has recovered two thirds of his silverware and some other things, that were taken, the story of the recovery of the goods being rather interesting.

When C. A. Messenger was arrested in Charlotte a short time ago, the Dr. suspected from some things that came to his ears that Messenger had some of the missing goods. Accordingly Dr. Marshall made a journey to Charlotte and tracked down some of his silverware and a few other articles. The coat stolen from the Dr. was on the burglar's back. After the burglar had rested in Charlotte a short time ago, he having two knives and two other articles. The coat stolen from the Dr. was on the burglar's back and returned defeated.

It is certainly a great help to the team and we have never taken a crowd anywhere in several years and returned defeated.
