VOL. 45—OLIVET 0.

A crowd of 300 saw the last game of the season last Saturday. Olivet has a heavy team and flushed by their recent victory over Alma they came here to roll up a big score. Their surprise was much better than described. In fact there were surprises on both sides.

Bell kicked off and Olivet kicked off to Lampke. Line played netted good goals. Oliveu seems on an even keel at any point. The fifth play was an end run of 45 yards carried by McKenna for a touchdown, Millar converted both.

The reporters from Albion seem to labor under a strange delusion. The Pleiad does not believe that the Pleiad and reporters will falsify their reports and that is simply a case of don't know or haven't heard. In the first place Fosleig did not make a final decision of the game at the time it was played. Both sides were unable to hold M. A. C. at a touchdown. Fosleig did not make any attempt to pass the ball to another man. The Pleiad feels that between the native Fosleig and Schulte in the presence of coaches and captains decided that if the goal did not count, utterly at variance with the facts, and the Pleiad has no moral or legal right to publish such a statement. It was discussed but no decision was reached.

After the game, Coach Nuder, Prof. Kimball and Bechtel, of Albion, Director Brewer, Manager Haffneramp, and McKenna of M. A. C. together with referee Fosleig, met in Brewer's office. Fosleig stated he would submit the point to Yost, Fitzpatrick and Darby before rendering a final decision. This was accepted by both present. He submitted the case to these experts and their unanimous decision was that M. A. C. was entitled to the point. Fosleig then wrote letters to Brewer and Nuder explaining the whole matter and deciding the game 6 to 6. Perhaps Nuder had not received the decision, for Albion made her claims in the public press. They evidently wrote to Walter Camp and he said that the referee's decision would hold on all points not covered by a rule. The Pleiad states that this is an attempt to show one logical argument to the contrary.

The China Inland Mission has 772 missionaries on the field. Its aim is the evangelization of China's inland provinces in which the foreign missions maintain some 300 stations. It is international and interdenominational in character, having centers for its work in the United States, Canada, England, Scotland, Germany, Sweden, Australia, New Zealand, and with headquarters at Shanghai, China. C. E. Parsons, with 82.

They evidently wrote to Walter Camp and he said that the referee's decision would hold on all points not covered by a rule. The Pleiad states that this is an attempt to show one logical argument to the contrary.

THANKSGIVING NOTICE.

There will be no classes on Thanksgiving day. All classes will welcome an unusual day. Students wishing to go home can secure excuses from their class officers but no excuses will be granted for Monday.

THANKSGIVING GAME.

According to present arrangements, M. A. C. will play the Fort Street next Thursday. The Institute played a close game with Alma. Yost said that they were lucky. Albion engines this year. M. A. C. has met up to that time. An interesting game may be looked for.

The zoological department has recently sent cases of insect specimens to the high schools at Alpena, Belding, Cadillac, Calumet, Iron Mountain, Ishpeming, Jackson, Kalamazoo, and Muskegon. The cases are very useful as well as beautiful. The replies from the different superintendents indicate that they are appreciated. The department has a great deal of confidence in these cases and now here is much to induce young people to collect and study insect life.

THE M. A. C. RECORD.

PUBLISHED EVERY TUESDAY DURING THE EVENING SESSION BY THE MICHIGAN STATE AGRICULTURAL COLLEGE.

EDITORS: G. MASSELENK, MANAGING EDITOR. ASSOCIATE EDITORS: H. S. HOBSON, M. L. T. CLARK, M. B. SANFORD, ANNA ALBERT, W. L. PETERSON, W. R. BASS K. PADDICK, M. O. P. TOLDADAY, M. C. PUTNAM, M. G. BRACE, M. W. D. S. ETHERWALL, M. G. I. SUBSCRIPTIONS, 50 CENTS A YEAR. Non-residents 75 CENTS A YEAR. Entered as second-class matter at Lansing, Mich. This paper is sent free to students attending the University, by request, except to the College Secretary. Advertising matter to be sent to the advertising manager, E. W. Ranney, 122 Ottawa St. E., Lansing, Mich.

TUESDAY, NOV. 24, 1903.

ALUMNI.

E. W. Ranney, traveling salesman for the Ranney Manufacturing Company of Grand Rapids, attended the M. A. C.-Olivet game last Saturday. Ranney was captain of the M. A. C. team in '99 and was one of the best players M. A. C. has ever had.

C. H. Parker and W. T. Parks have recently accepted the positions of General Manager and Vice President of the Sanitary Milk Co., of Grand Rapids, Mich. Both are heavy stockholders, the capitalization of the Company being $50,000.

Alice M. Cinner, who has charge of Domestic Science in the Battle Creek high school, recently visited M. A. C. and attended her work and has made it a success.

C. H. Spring is drafting for the Cadillac Automobile Co. of Detroit. He can be addressed at 1213 Jefferson Ave.

Miss Bertha Malone, is teaching English in a Chicago high school of about eight thousand, with over two hundred enrolled in its high school.

E. W. Runyan is in the life of Jesus Christ. The lecture may be summed up in the saddest and most dangerous deception is self-deception.

The service was held in the armory and was attended by President W. N. Ferris, of the Ferris Institute, Big Rapids, who made a large and expressed audience in the Armory Sunday evening. His theme was "Making the World Safe," it was presented in Mr. Ferris' characteristic way and with that force, directness and positiveness, which makes Mr. Ferris the successful lecturer he is and that carries home conviction of the unerring truth of his statement.

The lecture will be summed up in the life of Jesus Christ. The principles of brotherly love and that spirit which,"And honor one another," was so clothed in the guise of common everyday life as to lend new emphasis and create a renewed determination to more perfectly practice the Golden Rule.

The attendance was over 800 and all were more than pleased with the address.

The Hesperian Society entertained their friends in a novel manner Saturday evening. The rooms were disguised as a Dutch beer garden with a bar in one corner, over which were served various Dutch dishes and 'Liquor drawn from the wood' were lemonade and sweet ices. A program along the lines of continuous vaudeville served to provide amusement, and at the close of the evening a young lady carried away a small stone as a souvenir. Bill of fare: Hot dogs, Pimples Pickles; Narroga Pockro Chips; Red Top Rye; Amber Cream (Lansing's best); Ancient Linnburger; Pigs Feet. Mr. Gunson kindly acted as chanter.

THE M. A. C. RECORD.

207.

M. B. Stevens is field agent for the U. S. Department of Agriculture, division of agriculture. He has spent the summer in the Gulf States, the Carolinas and Arkansas. He has had a week's vacation and subsequently spent a few days in the M. A. C. for a few days and then returned to Washington where he will spend the winter getting out his reports. He enjoys his work very much.

208.

J. P. Phillips is located in Passaic, N. J., at present collecting seeds for the U. S. Department of Agriculture.

W. Marion Barrows writes that his work at Harvard is interesting but that there is plenty of it. He attended the Yale-Harvard game last Saturday.

With 209.

Miss Hannah Bach is spending the week with Mrs. Marshall. She is studying music in the Detroit Conservatory. Rumors are that N. A. M. C. will have a music party to arrive at M. A. C. in a few days. It is to be distinctly understood, however, that the above visiting is not premeditated, though mentioned in the same paragraph.

With 210.

A. H. Welcher is on his father's farm near Douglas, Mich. He expects to return to M. A. C. next fall and complete his course.

Clarence Moon is studying in Drake University, Des Moines, la. He intends to return next year to complete his course in M. A. C.

MICHIGAN FARMERS' INSTITUTES. DECEMBER 1-13, 1903.

Two-day institutes have been arranged as follows:

Lake county, at Luther, Dec. 1-2 and Kalkaska at South Boardman, Dec. 3-4. State speakers, L. W. Oviatt, Auburn; H. B. Cannon, Rochester, and Mrs. Corne Ives Saunders, Saginaw. Prof. F. H. French, Lansing, will also speak at Luther.

The following one-day meetings will also be held:

 Eaton county, at Creator, Nov. 25; Vermillion, Dec. 1; Kalamazoo, Dec. 2; Belleville, Dec. 3; Dimondale, Dec. 4. State speaker, W. F. Ravon, Brooklyn.

Mecosta county, Millbrook, Dec. 1; Remus, Dec. 2; Big Rapids, Dec. 3; Morley, Dec. 4. State speaker, E. A. Cramson, Grass Lake.

Ingham county, Leslie, Dec. 2; Onondaga, Dec. 3; Stockbridge, Dec. 4. State speaker, N. P. Hull, Dimondale.

Midland county, Posseville, Dec. 7; Smith's Creasing, Dec. 8; North Huron, Dec. 9; Cleves, Dec. 10; Hope, Dec. 11, and Coleman, Dec. 12. L. W. Oviatt, Auburn, state speaker.

Genesee county, Otisville, Dec. 5; Goodrich, Dec. 6; Swartz Creek, Dec. 10. State speaker, E. A. Cramson, Grass Lake.

Montcalm county, Spring Lake, Dec. 8; Coopersville, Dec. 9; Lamont, Dec. 10; Hudsonville, Dec. 11; New Holland, Dec. 12. State Speaker, M. L. Dean, Agricultural College. John Michels, Agricultural College will also be present at Coopersville, Lamont and Hudsonville.

Oceola county, Marion, Dec. 8; Evart, Dec. 9. State Speaker, J. W. Conston, Evart. Emmet County, Petoskey, Dec. 9; E sufficient, Dec. 11; Student Speaker, E. H. Alvord, Charmed.

Isabella County, Hertwick, Dec. 5; Bealton, Dec. 6; Weidman, Dec. 10; Broodfield, Dec. 11. State Speaker, N. L. Moore, Ioscoville. Manistee County, Yates, Dec. 8; Bear Lake, Dec. 9; Manistee Township, Dec. 10. State Speaker, R. J. Crawford, Armada.

Leelanau County, Maple City, Dec. 9; East Leland, Dec. 10; Northport, Dec. 11; Bingham, Dec. 12. State Speaker, H. B. Cannon, Rochester.

Y. M. C. A.

Owing to the fact that the chairs had been taken from the Y. M. C. A. in the Armory over the weekend, there was no regular meeting Thursday evening but instead there was a short song service.

Chapel services Sunday morning were conducted by Rev. French, pastor of the Central M. E. church, Lansing. A very interesting sermon was preached from 1 Cor. 5:15. "Let no man deceive himself. If any man smoketh or drinketh to be wise in this world, let him become a fool, that he may be wise." The speaker brought out the idea that the saddest and most dangerous deception is self-deception.

ABOUT THE CAMPUS.

Miss Alice Strong, of Portland, Oregon, is visiting her friend, Mrs. U. P. Hedrick, for a few weeks.

Peals formed the principal subject of the zoological club at its last session. Color changes in mammals were also considered.

Dr. Marshall has fitted up a room for the study of milk. Hygienic problems, aeration, and dairy bacteriology will be investigated.

Prof. L. C. Taft will speak in Lexington, Ontario, before the Ontario Fruit Growers Association on peach growing in Michigan.

The district school closes Thursday and Friday for the Thanksgiving recess. The plan of half day sessions has proved very successful.

The Thursday evening Y. W. C. A. prayer meeting was conducted by Miss Cora Feldcamp. After the Bible lesson from Matt. vi., the leader gave a helpful talk on, "Our example and how shall it be?"

Miss C. H. McGinigal has resigned his position as stenographer and has accepted the management of the cooperative book store. The association is to be congratulated in securing such an efficient and genial man.

Miss Georgiana Blunt, formerly assistant professor of English at M. A. C., is doing advanced work in the University of Michigan. She selected Michigan in preference to M. A. C. and is working for the doctor's degree.

The December Hortons is a very attractive number. The illustrations are especially good and the subject matter is interesting. It is one of the most artistic numbers that has been issued, though Hortons is famous for its general make-up.

Prof. Shaw and Mr. Norton have been busy this autumn which is used for experiment purposes. Hair braids have been used. These are very easily made and are very conspicuous. The letters of the alphabet have been used to distinguish the different individuals.

The drawing department has issued a 32-page pamphlet on mechanical drawing for the sub-freshmen and freshmen years. It gives full instructions for the plates and for blue-printing. Many valuable hints not found in ordinary texts are also given.

Four senior women are engaged in the making of cheese. They use the graminer process to make American cheese on the home plans. Their first cheese weighed about 15 pounds and took four hours to make it. The cheese will be ready to use by Christmas and promises to be a fine one.

Dr. Beal is trying to increase the number of plants in the botanic garden. He has ordered 104 new plants and 3 new kinds of seeds from Hoisford, of Vermont, 25 plants and 3 kinds of seeds from Andrews of Colorado, 7 plants from Gilliat and 3 kinds of seeds from Rebay, both of Massachusetts.

Nematodes are attacking the plants in the greenhouse. This is a new condition here though the trouble has been prevalent elsewhere. These worms live in the soil, attack the roots of plants, causing galls and finally death. Mr. Pettit is preparing a series of experiments to exterminate these pests.

On account of the entertainment last Thursday evening and Thanksgiving week, the debate on the Negro question has been postponed till December 3. The affirmative side will be supported by Mr. Massie and Prof. W. O. Hedrick, and the negative by Dr. Edwards and Mr. Gunson.

Charles G. Fox, an employee of the horticultural department and son of C. J. Fox, night watchman at the College, was found dead near his home Thursday night. He was subject to epileptic fits, the result of a stroke received while playing ball. Death was due to paralysis of the heart. The College community extends sympathy to the family and friends.

Deputy Sheriff Sherman arrested six men who were hunting without prohibition in the College woods on Sunday. They were all from Lansing. Large conspicuous signs have been posted but no attention has been paid to them so somebody had to be made an example. It is hoped that this will serve as a lesson to other wrongdoers, but if it does not Mr. Sherman is still in office.

Dr. Beal, Dr. Marshall and Instructors Pettit and Longyear attended a council meeting of the Michigan Academy of Science at Ann Arbor on Saturday, Nov. 14. It was decided to hold the next meeting at Ann Arbor the last of March. It is needless to add that the Michigan-Wisconsin game proved a strong attraction and it is authoritatively reported that all the above named gentlemen saw the game. Prof. W. O. Hedrick, Director Brewer, Prof. Velder and Instructor Hopkins also went to Ann Arbor that day.

C. D. Woodbury, L. B. McWethy, and R. G. Gardner were initiated into the mysteries of the Kedzie chapter of Alpha Zeta Tuesday last. The officers for the term are: W. China, Geo. C. Miebeck; W. Cen, C. L. Brody; Hist., W. J. Wright; Scribe, A. B. Rogers; Treas., H. N. Horsloop. The chapter is using its influence toward having chapters organized in Purdue and Wisconsin and hopes to see them in operation by the first of the year.

The October report of the State Dairy and Food commission was recently received by the M. A. C. Record. 18 samples of food products were examined in October of which 5 were pure and 13 adulterated. Pepper seems to be the worst one. Canton ground olive pits and an excess of sand seem to be the chief sources of adulteration. The comment on most items is the lack of light and ventilation in the stables and the want of yards. The creamery and cheese factory reports are very favorable. R. E. Doolittle, '95 and L. H. Von Wermont, '95, are the analysts. Both are experts in the work and their results are reliable.
THANKSGIVING DAY, 1923, WILL BE A HAPPY DAY.

If at that time you are mourning an endowment in

The Mutual Benefit Life Insurance Co.,

of Newark, N. J.

If not, it will be something to know that "the loss is fully covered by insurance."

CHAS. B. COLLINGWOOD, DISTRICT MANAGER.
