THE HOME BEAUTIFUL

Is the title of a neat little booklet received from Howard Evarts Weed, 89, landscape architect, Chicago. In his book Mr. Weed points out the desirability of well kept grounds, and in well chosen words compares the same with the home surroundings so often seen. His address is 1715 Railway Exchange, Chicago, Ill.

MR. E. L. CHAPPEL.

Mr. E. L. Chappel of Detroit, has been retained as instructor in the forge shop and as assistant in the machine shop, Mr. Chappel has had an extended experience, both at forge work and as machinist, and comes to us well recommended. We wish him success in his new work.

MR. W. W. WELLS.

Mr. W. W. Wells, class of '01 and formerly instructor in the mechanical department, has resigned his position as draftsman with the Ball Engine Co. of Erie, Pa., to accept a position as instructor in mechanical engineering at this College. Mr. Wells is so favorably known at the College, that it is hardly necessary to comment upon his work in the past, and we are assured through and past work that his future work will be successfully carried on.

REIGNATION OF PAUL THEADORE.

Mr. Paul Theadore, after the past sixteen years instructor in the forge shop of this College, resigned at the beginning of the present college year. His resignation was received by the college authorities with much regret. Mr. Theadore was an excellent instructor and it is to be regretted that he could not be prevailed upon by the college officials to continue in his old position. He will be missed by the old students as well as by his recent associates.

We extend to Mr. Theadore our best wishes for success in his new venture.

REIGNATION OF PROFESSOR REYNOLDS.

Mr. H. W. Reynolds, who for the past two years has been assistant professor of mechanical engineering at this College, has been tendered and accepted the position of assistant professor of mechanical engineering at the University of California. Prof. Reynolds, who is a graduate of the University of Pennsylvania, came here as an instructor in mechanical engineering, after having been for a time in the Pennsylvania Railway in connection with the civil engineering corps. He was appointed assistant professor of mechanical engineering in 1902. Mr. Reynolds, soon after coming here, became actively identified with the College work and life; he conducted classes very efficiently, and his departure is viewed by his colleagues with regret.

To Professor and Mrs. Reynolds (Elvina L. Armstrong, '03), in their new home in California, the College community extends its best wishes.

Y. M. C. A.

All men are invited to attend the reception given by the Y. M. C. A. in the Association rooms, Williams Hall, on Friday evening at 8 o'clock. This will be an opportunity for the new men to become more acquainted and will bring old friends together once more. This is for every man in College, and all are asked to be present.

Mr. Carl H. Smith, formerly of M. A. C., and now student secretary of N. M. C. A., of Newburgh, N. Y., will address the students at a meeting in the chapel Sunday evening, Sept. 25.

EDITOR MASSELINK LEAVES.

Mr. Gerrit Mascelink who has had charge of The Record for the past year has returned to Big Rapids to accept a position as vice president of the Ferris Institute. As Mr. Ferris is a candidate for governor, and must necessarily spend much of his time away from this school, the management of the same is under Mr. Mascelink. We feel that Mr. Mascelink the College has lost a man who was well qualified for the work and we are glad to be able to do much good for M. A. C. It is needless to say that he will be missed from the College community. All join in wishing Mr. Mascelink success in his new work.

OUR FILIPINO STUDENTS.

I have under my charge one hundred and ten Filipino students who are being educated at the expense of the Philippine government. Of the number who are going take agricultural courses during the remainder of their stay in America, I have five who shall be pleased, if suitable arrangements can be made, to place in your institution. These students will be three in number in the United States, and the purpose is primarily not to have them occupy any sort of a degree, but get the most possible benefit out of their stay in this country along agricultural lines.

The above are extracts from a letter received by Pres. Snyder from Wm. A. Sutherland, Sup't of Filipino Students, Philippine Exposition, World's Fair, St. Louis, Mo. The five boys sent to M. A. C. are Ramon J. Alvarez, Ludovico Hidroso, Rafael Montenegro, Balibio Palmares and Andres M. Sevilla. Mr. Alvarez has in this country nearly two years, during which time he has attended high school in California. The last four have been in the high school at Whittier, Cal., during the past year. These young men are bright, capable fellows. Let us do what we can for them.

A LETTER FROM MR. LONGYEAR.

Professor Longyear of the Agricultural College at Fort Collins, writing to Dr. Daniels of M. A. C., states that the buildings the College is acquiring and that its future work will be successfully conducted his classes very efficiently; he conveys his best wishes for success in his new work.

It is needless to say that he will be missed from the College community. As Mr. Ferris is a candidate for governor, and must necessarily spend much of his time away from this school, the management of the same is under Mr. Mascelink. We feel that Mr. Mascelink the College has lost a man who was well qualified for the work and we are glad to be able to do much good for M. A. C. It is needless to say that he will be missed from the College community. All join in wishing Mr. Mascelink success in his new work.

ABOUT THE CAMPUS.

Prof. King was in Chicago.
Miss Carpenter was at her home in Orion.
Dr. Edwards was at his farm in Virginia.
Prof. Bagoe spent two weeks at St. Louis.
Prof. Marshall has been about all summer.
Prof. Tait has been in St. Louis all summer.
Mr. Gunson judged plants at the state fair last week.
Prof. Sawyer was at Crystal Lake in Benzie Co.
Prof. W. O. Hedrick was at the College all summer.
Mr. Gunson has been about the grounds all summer.
Miss Gilchrist spent two weeks at Lake Geneva, Wis.
Prof. Babcock spent his vacation at Crystal Lake near Frankfort.
The M. A. C. Sunday school convenes at 3 p.m. next Sunday.
Dr. G. A. Waterman spent five weeks at his former home in Salen.
The forestry department made an exhibit of trees at the State Fair.
Mrs. Landon spent two weeks with Prof. Holdsworth and family.
Prof. Shaw and Prof. Jeffery have been about the campus all summer.
Mr. C. Crawford spent part of the summer at Pine Lake, Oakland county.
The horticultural department reports a large crop of both apples and pears.
Becheaters have been erected on either side of the grand stand during the summer.
Prof. Holdsworth and family, spent several weeks in their cottage near Traverse City.
Miss Smith was here except about one week which was spent in New York State.
Miss Cella Krentel has been employed in the bulletin mailing room during the summer.
The farm department filled the lines at the north barn last week Thursday and Friday.
The basement under College Hall is being fitted up for work in physics and mathematics.
Messrs. Baassticker, Hough and Schoyer have been working with Mr. Newell during vacation.
Mr. E. C. Baker moved into his new residence in Oakwood about the middle of August.
Dr. Dandeno has commenced the investigation of a problem in the new field of chemical ecology.
Mr. A. Krentel spent part of his vacation in a trip to Pentwater, Muskegon and Grand Rapids.
Mr. and Mrs. Myers took a trip to St. Louis visiting the fair, and was at Champaign and Geneseo, Ill.
J. C. Wilcox and E. J. Crouse were employed in the gardens and orchards during the summer vaca-

An Economical Shoe.

It is economical because it looks well, wears well, and
the price is only

$3.00 A PAIR

Box Calf, Blucher, or Plain Lace. Very stylish and a fitter.
Combine wisdom with economy and this
is the shoe for college wear.

C. D. WOODBURY,
HOLLISTER BLOCK.

President Snyder and family
spent a week at northern Michigan
resorts, after which the president
visited his brother in the west.

Prof. Vedder and family have
been at their cottage at Pine Lake.
Prof. Vedder has done considerable
surveying about the city during the summer.

Prof. J. W. Robertson, Commis-
sioner of Agriculture for Can-
da, and Prof. W. C. Macdonald
of Montreal, visited the College
last week.

Dr. Beal has been at the College
this vacation except four days
which he spent in collecting in Cass
and Van Buren counties for the
Botanic Garden.

W. S. Leonard has been busy this
vacation with the work of comple-
ting his book on Shop Methods, which will soon be published by
the John Wiley Pub. Co.

Mr. F. A. Loew will be em-
ployed by the botanical department
during the coming school year.
His work will be in the botanical
gardens, herbarium, collecting, etc.

Mr. W. R. Smith visited St. Louis during his vacation, stopping
en route at the Illinois Steel Com-
pany’s Works, South Chicago, in
the interests of the class in metal-
lurgy.

Prof. W. B. Barrows’ family
have been at Roaring Brook for
several weeks. Prof. Barrows
spent a week on Beaver Islands and
has added several bird specimens to
the museum.
the dairy on Prof. Mumford's farm, business with his brother. For Butte, Mont, where Mr. Phillips is engaged in the laundry. After a few days W. J. Carrel and Fred Engel in salary.
