FOOTBALL

OAHIO SATURDAY.

HOLT'S CLUB.

This coming Saturday Ohio Northern University comes to meet us on the gridiron. This is the first time a team of this caliber has visited M. A. C. and strenuous efforts will be made this week to round up and spur the team to meet them. Ohio is in the class with Notre Dame, Purdue, Oberlin, etc., and while we do not expect to beat her our team is determined to put up the fight of its life. The team has rounded into shape remarkably fast this week and with this week's work to put on improvements the men are all determined, at the chance, to break into a higher class in the game and into the game not only to hold them down but to win.

This season has at work two weeks longer than our team so are in better shape to stand a bruising game, but to offset this advantage Coach Brewer is endeavoring to have ready by Saturday two or three of our best backs and ends so that when one gets hurt the other may be called in.

A mass meeting will be held this week to practice yields and organize for systematic rooting.

The game will be called at 2:15 and everyone must turn out with horns and enthusiasm to help.

Mr. Edle of Dayton will referee and the umpire is to be selected by Coach Yeat of Ave. Arbor.

The west bleachers will be reserved for ladies and gentlemen accompanied by Indians.

LECTURE COURSE.

The 1934 and '35 lecture course is planned and consists of a series of entertainments by people whose talent and experience invites an interest in their art and in the instruction given. Among these are six numbers; including two lectures, an impersonation, a dance, and two musicals.

Rev. Sam P. Jones, the widely known public speaker, whose ability on the lecture platform needs no comment, and Dr. H. L. Willett, of the University of Chicago, an eloquent speaker on such subjects as Savonarola; The Quest of the Holy Grail, The Man of Nazareth, besides several strictly religious topics, are the two lecturers.

Montavilla Flowers, president of Flowers' Academy of Speech and Dramatic Art will give an interpretive recital. His work is backed by the excellence and character of those present.

Y. M. C. A.

The first union meeting was held in the chapel Sunday evening when Dr. Edwards gave an address on the necessity of Bible study. He showed with marked清晰 that man cannot call himself educated without a knowledge of the truths contained in the Scriptures, and that the spiritual side of man's life—the most important of all—cannot be developed without a study of God's Word.

During this week the school will be canvassed by the Bible Study Committee to give every one an opportunity to enter the Bible classes, which will be organized next Sunday morning at 8:15 in the Y. M. C. A. room. Last year there were 179 in the different classes and this year we want to make it 200.

The classes will be held at 8:15 every Sunday morning and the students of the school have the first preference for the seats in the chapel hours. Join one of the classes.
SOCIETY OFFICERS.

The following is a list of the officers for the various societies for which I am responsible.

ATHLETIC ASSOCIATION.
President, A. J. Anderson; Vice President, J. E. Schaefer; Secretary, H. S. Hunt; Treasurer, C. E. Auten.

SOCORIAN.
President, Beatrice Phillips; Vice President, A. S. Alexander; Secretary, Winnie Tyler; Treasurer, Carrie Armstrong; RECORD Editor, Calla Krentel.

HISPERRIAN.
President, G. W. Nichols; Vice President, W. P. Wilson; Secretary, C. A. Wilson; Treasurer, M. C. Granger; Registrar, H. L. Litty; Marshal, J. S. Shaw; RECORD Editor, T. H. McHatton.

COLUMBIAN.
President, V. R. Gardner; Vice President, H. H. Crosby; Secretary, A. W. Wilson; Treasurer, T. P. McNally.

UNION LITERARY.
President, Horace Hunt; Vice President, J. A. Lambert; Secretary, Chas. London; Treasurer, C. A. Linn; RECORD Editor, R. C. Tots; Marshal, E. P. Taliait.

ALPHA XETA.
Chancellor, A. J. Anderson; Censor, V. G. Gardner; Treasurer, P. H. Wessels; Scribe, E. G. Kenney; Historian, J. W. Bolt.

President, Basie Hennig; Vice President, Clara Campbell; Secretary, Berenice S. Maynard; Treasurer, Cornelia Fisk.

TBA BETA PI.
President, H. S. Hunt; Vice President and Treasurer, W. P. Robinson; Recording Secretary, Berenice S. Maynard; Editor, B. M. McAlpine.

ELECTIC.
President, O. W. Bork; Vice President, E. H. White; Secretary, H. H. Mahtrebook; Treasurer, G. H. Hebelwhite; Marshal, A. A. Case; Librarian, G. Dudley.

OLYMPIC.
President, R. Ramsussen; Secretary, L. E. Parsons; Treasurer, Burton Clise; Marshal, Frank Parker.

Y. W. C. A.
The prayer meeting Thursday evening was led by Pauline Raven. The subject was "Submission," and the scripture lesson James 4:1. It was a good meeting and was well attended.

The following are extracts from letters received by Dr. Beal. "I wish to tell you about what I saw at Hanover, Illinois, this week. During the day evening, was a decided success on the Illinois M. A. C. Club which was held last Wednesday. It was held at the home of Caroline E. Lansing, 239 Paris Ave., Grand Rapids, Mich.

Mr. Tower, who was obliged to leave M. A. C. on account of ill health, writes very pleasantly of his work at Colorado Springs, Colo. Mr. Tower's work is the collecting of plants and seeds for Glen Eyrie Park, owned by Mr. W. E. Mills, who is in the employ of the U. S. Soil Survey. Both young men have the best wishes of their many friends at the College.

Mr. C. Owen, special sugar beet student in 1901, is now chemist for a sugar beet factory located at Santa Lucia, Cuba.

Most of all of our RECORD editors, and especially to the editors, N. L. Lansing, have a social time. It was a good meeting and was well attended. The following are extracts from letters received by Dr. Beal. "I wish to tell you about what I saw at Hanover, Illinois, this week. During the day evening, was a decided success on the Illinois M. A. C. Club which was held last Wednesday. It was held at the home of Caroline E. Lansing, 239 Paris Ave., Grand Rapids, Mich.

Jewett & Knapp,

ABOUT THE CAMPUS.

We are glad to report that Harry Hogue, who was taken to the hospital last week, is much better and will be able to attend classes in a few days.

Mr. O. L. Ayers who has been at his home in Collegeville during his father's sickness and death has again returned to his work in Southern Tenn.

A good strong wire fence has been built around the football ground. As a consequence no one was asked to keep back off the gridiron on Saturday.

Mr. Otto M. Rigt, Instructor in chemistry at M. A. C. 1903-04, has been studying at the Harvard Summer School and re enters Harvard for his last year this fall.

A copy of "Logarithmic Tables" by Prof. G. W. Jones, and containing the name of R. S. Davis, has been left in Dr. Braid's office. The owner is requested to call for same.

Dr. Waterman judged horses at Deckerville, September 22.

Prof. Jeffrey judged grains and seeds at the state fair, Pontiac.

The work in dairying this fall term.

Mr. Geo. Martin, class of 1904, is a graduate of the Kansas Agricultural College on September 26. Mr. Martin is a student at Columbia.

Michael is a student at Columbia.

Mr. W. S. Towner, who was in-structed in mechanical engineering, is a graduate of the Kansas Agricultural College, class of '04.

Two dozen fine new chairs have been placed in the Library. The President's office was also remembered.

The entire enrollment to date is 825. This is fully 50% more than the number registered at the same time last year.

Otis N. Blair, recently elected instructor in mechanical engineering, is a graduate of the Kansas Agricultural College, class of '04.

Dr. Gifford reports the work of the Women's department starting off very nicely with fewer conflicts in the subjects taken than usual.

Mr. W. S. Towner, who was injured while playing at football near the College Hall, is much improved and while the ankle was strained badly, it is scarcely believed that it is broken.

The republican club held a meeting on Sept. 30 and elected the following officers: President, A. J. Anderson; 1st Vice President, P. H. Hessels; 2d Vice President, C. E. A. Automated Secretary, B. W. McAlpin; Treasurer, R. J. West; Executive committee, H. N. Bates, E. C. McKenna, R. C. Fowler.

Prof. Smith visited the Postum Cereal Company's farm recently and visited the following officers: President, J. Anderson; 1st Vice President, P. H. Hessels; 2d Vice President, C. E. A. Automated Secretary, B. W. McAlpin; Treasurer, R. J. West; Executive committee, H. N. Bates, E. C. McKenna, R. C. Fowler.

No noise.

Mr. Ludwig Hobachs was a visitor at the College on last Tuesday.

Mr. Ludwig Hobachs was a visitor at the College on last Tuesday.

Mr. Ludwig Hobachs was a visitor at the College on last Tuesday.

Dr. Waterman judged grains and seeds at the state fair, Pontiac.

Mr. W. S. Towner, who was instructed in mechanical engineering, is a graduate of the Kansas Agricultural College, class of '04.

Mr. W. S. Towner, who was instructed in mechanical engineering, is a graduate of the Kansas Agricultural College, class of '04.

Mr. W. S. Towner, who was instructed in mechanical engineering, is a graduate of the Kansas Agricultural College, class of '04.

Mr. W. S. Towner, who was instructed in mechanical engineering, is a graduate of the Kansas Agricultural College, class of '04.
S. by the home government, and is a native of the province of Ilocos Sun, and completed ten grades in the live stock at Yassar on the 25th.

The all farmers were hard at practice on last Friday evening under direction of Mr. Hrus.

Mr. Gordon Douglas, who has been working away for about a week with blood poisoning in his heels, is again able to attend classes. G. S. Mullen, of Grand Lodge, who visited at M. A. C. last June, called at the College on Sept. 27, and was delegated to judge live stock at Flushing on the 29th.

The library is in receipt of a copy of "Japan in the Beginning of the Twenty Century." The volume was mailed by Mr. Seichi Tegima, Com. General, Japanese Pavilion, World Fair Grounds.

Preliminary, we may be at the St. Louis Exhibition on October 12 and 13 and will make a two hour demonstration at the methods be employed in giving instruction in sheep judging.

There has been a great demand for instructors and specializing in live stock to judge live stock at the various local fairs throughout Michigan. This demand has been so great that it has not been possible to supply men.

Word comes to us that parties connected with the management of the West Michigan Fair made the statement that the Agricultural College exhibit attracted fully as much, if not more attention, than any other exhibit on the ground.

The museum has just been enriched by a fine specimen of a nearly white Michigan deer, a partial albino, killed near Grand Rapids, and was killed last November by Maj. C. L. Fout, of Kalamazoo, from whose patronage it has been accepted. It has been beautifully mounted and is now on exhibition in the museum.

The State Board of Agriculture met at the College on Friday, September 30th at eight o'clock, also on October 1st at 9:30 a.m. All members were present except Mr. Wallace. Among other business instructed an appropriation was made for the ex- tension of the tunnel system to the Armory, Bath House and Abbott Hall.

Through the kindness of Mr. G. L. Lareau the zoological department has received two very interesting specimens from Bishop's Cove, near Bombay, India. The insects are said to be found only in this cave, and are regarded by the鸢uses who worship them. They were collected by Col. J. F. Lareau, U. S. N., and Col. L. G. Lareau, U. S. N., during the present year, and will be placed on exhibition in the museum on the 28th.

A new Filipino student in the person of Mr. Pastora has just entered College. Mr. Airsado is a native of the province of Bocas Sun, and is considered to be the best student in that his high school at Vigan, P. I. He too has been sent to the U. S. by the home government, and is under the direction of Prof. W. A. Hrus.

Among other business transacted an order has been placed for additional storage batteries to be used in the laboratory under the direction of Supt. W. A. Hrus.

The following named students have been chosen captains of the Surveying Squads for the fall term:

Mr. J. E. Lareau, of the Surveying Squad, has been chosen by Prof. Shaw and Herdsman Bates, and has been assigned to the campus at the College, Prof. Shaw thinks he never found anything to equal his business for roof ing up the ground.

In the office of the Entomologist of the Experiment Station the work is being made of all the insects of Michigan mentioned in the reports of the State Board and the reports from the beginning up to date. This is in the form of card index and has already proved very useful, there being almost 1000 named insects. This department is now gradually accumulating records from the State Horticultural Society's reports.

Dr. Weigmann, the director of the Experiment Station, Vetsch and Lebraunstein for Roller Japan, located at Kiel, Germany, was a visitor at the College. Dr. Weigmann's loves imaginations have been practically all bacteriological and he is recognized in Europe as an authority. He represents the Minister of Agriculture of Germany, and has been sent over here to exhibit before the World's Fair at St. Louis and also for the purpose of studying dairy cattle, vegetables, corn products and various other plants devoted to the manufacture of dairy products.

The Department of Physics and Electrical Engineering has purchased a storage battery to be used more particularly in the engineering work. This storage battery is put up in different shapes from most storage batteries. It consists of a number of trays like an ordinary meat platter and each cell consists of one tray and sets and in the other one Electro de I. Sig. H. 0. Budge & Co. are manufacturers of storage batteries at Kiel, Germany, and will supply the College.

The State Board of Agriculture met at the College on Friday, September 30th at eight o'clock, also on October 1st at 9:30 a.m. All members were present except Mr. Wallace. Among other business instructed an appropriation was made for the extension of the tunnel system to the Armory, Bath House and Abbott Hall.
