FOOTBALL.

For Olivet their big guard, Harris, and Mann were the principal ground gainers, but the whole team played good ball until the fine condition and fast play of M. A. C. were put out.

For M. A. C. Doty and Boyle did some fine defensive work back to the line, while Kratz, Shedel, McKenna, and Doty were consistent ground gainers. Small tackled the five best games seen at M. A. C. for a long time and a most hotly contested one. M. A. C. showed hard old line enthusiasm which aided materially. Coach Brewer and his team were carried from the field by enthusiastic students. All of the eleven on the regular team played the two perfect halves and all came out in fine shape, in fact Boyle who went out in the contest with a stiff knee, said he felt better than he did before the game.

This was 't- the first championship game and certainly looks encouraging for M. A. C.

The Armour game next Saturday ought to prove one of the best games of the season. They are considered by the leaders of the secondary college teams in the vicinity of Chicago. All of these teams play exceptionally fast ball as their practice starts considerable earlier in the year than that of our colleges. A big crowd is expected at the game as we are promised delegations from various surrounding towns. This game will be called promptly at 2:30 p.m. and single admission will be 50 cents. There is a heavy premium in bringing a team from Chicago and it is hoped that every- body may turn out to watch this game.

THE M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

Vol. 11.

LANSING, MICHIGAN, TUESDAY, OCT. 24, 1905.

No. 6

ALUMNI.

87.

John W. Beaumont and brother visited Prof. Kelzie Friday of last week. Mr. Beaumont is an attorney of Detroit.

89.

Eugene F. Law, a circuit judge at Port Huron, has been voted a raise of $500 in salary by the board of supervisors. The salary has heretofore been $4,700.

91.

The following letter has just been received by Mr. Kenney: En-rolled for the fall term, the Society requested me to prepare a new form of membership for them. I am pleased when this Record arrives in my hands but I would not know how to get along without it. It keeps me in touch with a great many old friends, and also with the good work that is being done at the College.

Robert S. Northrop, Utah Agricultural College.

With 91.

Fred S. Curtis is at present at- tending the mining school in the University of Utah at Salt Lake City. Mr. Curtis' address is 308 University Ave.

With 93.

O. D. Dales is now located at 666 Niagara street, Niagara Falls, N. Y. Mr. Dales is doing civil en- gineering work for the Niagara Falls Hydraulic Power and Mfg. Co., which company is building another large power plant.

95.

Frank Kratz is now with the Ford Motor Co., of Detroit.

97.

Clyde Stringfellow, now living at home, 155 Delaware street, his parents having recently moved to Detroit.
FARMER'S CLUB.

The club was well attended and Prof. W. O. Heidrick gave a talk on "Rural Economics in Relation to Agricultural Education.

His talk began with the fact that all the people, except the housewives, do not know what the farmer has to do to make a profit, and that it is necessary for the farmer to have a knowledge of the economic principles of the farm business.

Heidrick then went on to discuss the importance of marketing, the necessity for good distribution, and the importance of the farmer maintaining a good reputation for his product.

He also discussed the importance of the farmer keeping up with the latest developments in agriculture, and the need for farmers to be able to adapt to changes in the market.

Heidrick concluded his talk by stressing the importance of the farmer not only being able to produce a good product, but also being able to market it effectively.
