ECLECTIC PARTY.

Saturday night October 6, the "Tiles" gave their first party of the fall term. Apropos to the line of the campus, the perimeter of the yard was used as decorations. Jack o'lanterns peeped from corn shocks, which were hidden under branches of autumn leaves and red swamp berries, while pennants and pillows beat finishing touches. The refreshments consisted of cider, snow apples, doughnuts and pretzels. Mr. and Mrs. H. S. Reed kindly acted as chaperones. About thirty-five couples were present. Misses. Baker and Parker furnished music.

M. A. C.—ALMA.

In the game at Alma Saturday, neither team was able to score. Alma showed unexpected strength and put up a fine article of football and showed much the same form that she did when she was able to make a clean sweep of the intercollegiate league. Alma used to down in sight, the ball was lost on a delayed pass to Helmer. A. C.'s territory, Alma securing the first down just once on straight foot. Alma showed much the same form that they did when they were able to make a clean sweep of the intercollegiate league. Alma used to put up a fine article of football and showed much the same form that she did when she was able to make a clean sweep of the intercollegiate league.

M. A. C.'s first cup game will be played here with Kalamazoo on November 7 at 3:15. Box seats will be furnished free to young ladies for this game. Box seats will be furnished free to young ladies for this game.

Y. M. C. A.

The work of the Y. M. C. A. is gradually progressing, new men are being added to the membership, though as many as we wished for. Last Thursday evening's meeting was conducted by Mr. B. A. Dersnah. Several men signed up for Bible study. The classes were organized last Sunday, and members are meeting on Sunday. We feel that no better opportunity for systematic Bible study under enthusiastic teachers can be offered than during one's course in college, so we hope that every college student will join one of these classes.

A large crowd came out to hear Dr. Bladhewell, and they were well paid for their efforts, and our hope is that such a good attendance will keep up during the entire year.

HORT. CLUB.

The Hort. Club met last Wednesday evening in the Hort. lecture room. A larger number attended than usual, making it necessary to hold the meeting in the lecture room instead of the customary reading room. Prof. Smith lectured on soil fertility. The ideas brought forth in this lecture were something of a different nature than is now supposed to be known in regard to soil fertility. All who heard Prof. Smith were much interested in his new theories. The next meeting of the Hort. Club will be held Wednes
day evening, Oct. 10. Prof. Barrows speaks on "Michigan Birds in their Relation to Horticulture." This lecture is illustrated, and all interested in birds should attend.

Y. W. C. A.

The Thursday evening meeting was a prayer service. Miss Jones read the scripture and asked the girls to pray especially for nearness to Christ. Everyone seemed to feel the spirit of the meeting.

Sororian.

Thiry-three Sororian girls and friends, charmed by the scenery of the Mica Waugh and Chapman were very nicely entertained on Saturday, m. to the home of Miss Helen Potter at Uniondale, in the company of Misses Helmer and Small. The young people were driven to Maple St., Lansing. The hours passed away all too rapidly as they were driven to stories of the literature, religion and life of the Persian people as related to us by Mrs. E., who has spent 5 years of her life as a Persian missionary. Dancing and the examination of curios from Persia received their share of attention, after which we were served with a delightful lap lunch. Car dance came altogether too quickly and the party bade farewell to their entertaining as well as instructive hostess and her mother, who voted "the affair" a grand success.

M. A. C. DEBATING CLUB.

The first meeting occurred in room 7 College Hall last Thursday evening, at 7:30. The question debated was: "Resolved: That it is for the best interest of the people to close all avenues of trade on Sunday." Mr. Dorland upheld the affirmative and Mr. Coetzee the negative. Ten minutes was allowed to each speaker. The regular meeting of Monday of each week. We feel that such a good attendance will constitute a day's work.

FACULTY RECEPTION.

The annual faculty reception, which took place last Friday evening at the Women's Building, was a very enjoyable one indeed, and the various members of the faculty showed that they were as proficient in entertaining the students as in teaching them, and however exacting we may think them to be in the class room, their agreeableness and affability of last Friday showed that they were glad to again welcome the old and new students to the College.

A very large percent of the students and faculty were present, as the spacious halls and parlors were filled to overflowing, and probably no other occasion during the year will call more of the members of the College together than did this one, and judging from appearances, too, other occasions will be more enjoyable; dignified professor, stately senior and obscure prep, here mingled in happy equality.

An orchestra from Lansing furnished music and this coupled with the pleasant durations and more pleasant entertainer made the reception all the more enjoyable.

And now that the faculty reception is over we can look forward to February when the all the possibilities of the social life of the college may move on the better for the cup and the cup game, and in hope that there will be a closer unity between student and college, and that the various activities of the college will move on the better for the cup and the cup game.

In the last record we asked where there is a better place for the young men of road that has done as well in furnishing students for the M. A. C. as the two miles mentioned in Shiawassee county. Probably there is no other place there is a better for the young men of road that has done as well in furnishing students for the M. A. C. as the two miles mentioned in Shiawassee county. Probably there is no other place than the neighboring in Shiawassee county in which from the farm homes along three-fourths of a mile of country road nine young men have entered the Michigan Agricultural College. Of these six completed the course. Another, the freshmen class, having changed his name—simply, his name, the old and new students to the College. And now that the faculty reception is over we can look forward to February when the all the possibilities of the social life of the college.

ALUMNI.

It was not the intention exactly to convey the idea that Nickle, '03, had changed his name—simply, his name by which we are known. Of course, have read, Mr. and Mrs. Nickle instead of Shaw.

The Pomona (N.Y.) Times of Sept. 26 gives an account of the welcome, in the way of a reception, given by Dr. J. E. Cook at Gannush Park recently. The meeting called together men and women from all over the state who were interested in agriculture and horticulture and who had for many years been benefited by the excellent work done by Dr. Cook. As an invitation of the high esteem in which Dr. Cook is held we quote from a letter before the above meeting and written by one of the most prominent fruit growers in Cali­fornia:

Prof. Cook is a friend of the agricul­turalists. I am safe in saying that no man in Southern California has done more for all branches of agriculture than he has. I am sure that those who are farmers are doing better work, and making more money, living better in their homes and are enjoying a better social life, all of which they would not have and enjoy if it were not for the splendid educational work done by Prof. Cook during the last dozen years. Express to him, please, my highest regard for himself, and my appreciation for what he has done for me.

In the last model, there is a better place for the young men of road that has done as well in furnishing students for the M. A. C. as the two miles mentioned in Shiawassee county. Probably there is no other place than the neighboring in Shiawassee county in which from the farm homes along three-fourths of a mile of country road nine young men have entered the Michigan Agricultural College. Of these six completed the course. Another, the freshmen class, having changed his name—simply, his name by which we are known. Of course, have read, Mr. and Mrs. Nickle instead of Shaw.

Robert S. Newton is an electrician at Jonesville, Mich.

Announcements have been receiv­ed of the Inauguration of Kenyon L. B. Butterfield A. M., as President of the Massachusetts Agricultural College on Wednesday, Oct. 17, at four to six o'clock. The inaugural ceremony a reception will be given in the drill hall from
THE M. A. C. RECORD.

TUESDAY, OCT. 9, 1906.

M. A. C. ASSOCIATION.

The Grand Rapids M. A. C. Alumni Association met at the clubhouse of the Grand Rapids Athletic Club, meeting on Tuesday evening, Oct. 2, with thirty members present. The following officers for the ensuing year were elected: Pres.—H. H. Daniels; Sec'y—G. M. B. Olson; Treasurer—A. W. Van Vlack; and three alternates of the previous committee were also elected to the new committee. The next meeting will be held on Oct. 9 at 7:30 o'clock.

HORT. PROGRAM.

Below is given a program of the Horticultural Club for the remainder of the term. Meetings are held every Wednesday evening at 6:30 in the laboratory. All are welcome. The lectures are followed by discussion and a sampling of certain varieties of fruits. The sponsored by Professor L. R. Stuewe.

E. O. ALPHIAN HAY RIDE PARTY.

The Ero Alphian Society together with their guests, were very pleasantly entertained at the home of Miss Julia H. L. Bissell, Saturday afternoon, Oct. 6.

SOCIETY OFFICERS FOR FALL TERM.

Treas.—J. Doyle.

Vice-President—R. G. Carr.

UNION LITERARY.

Pres.—O. K. White.

Vice-President—J. V. Goodwe.

Sec'y—Grace Perry.

Vice-President—R. G. Pike.

NEW STUDENTS.

(Continue on last page.)

Mrs. Brewer returned last week from a visit in Wisconsin.

Mr. M. F. Burroughs, '99, is receiving a visit from his parents.

Several new blocks of cement walk have been laid near the post office.

Miss K. Baldwin of Grand Rapids spent Sunday with her sister, Miss Mary Baldwin.

Hon. Harris E. Howard, of Kalamazoo, was on the campus Wednesday last week.

Miss Ethel Goodhue was confined to her home with tonsillitis several days the past week.

Prof. Thos. Shaw of Minnesota is visiting his son, Prof. R. S. Shaw, of the Agricultural Dept.

J. S. Linton, of Otsego, was the guest of his son, Oliver Linton '99, a few days the past week.

Messrs. Wallace and Bliss, of the State Board, were at the college on Thursday of last week.

Miss Lillah Haggerty is assisting in the bacteriological laboratory in the absence of Mr. Burnett.

F. E. Beardsley, of Detroit, who was in college 1901-'02 and '04, has again entered for work this year.

The change in chapel exercises began Monday morning and will hereafter be held from 9:50 to 10:20.

Gen. B. Wolles '00 with the Clare Furnace Co., Clare Mich., called on campus friends Thursday of last week.

Bulletin No. 12, Michigan Farms' Institutes has been received from the press and is being distributed.

Mr. R. B. Kellogg, of Grand Rapids, luncheoned with his daughter at the women's Building, last Wednesday.

Mr. A. M. Brown was called to his old home in Schoolcraft Friday on account of the death of his mother.

W. E. Morgan, with Brush and Allen, consulting Engineers, Detroit, visited friends Saturday and Sunday.

Rho Island College of Agriculture has the largest enrollment of freshmen in the history of the institution.

W. U. Faunce and daughter, Miss Leori, of Burt Lake, were guests of B. A. Faunce and family the past week.

Class presidents—Senior, S. B. Lilly; Junior, J. V. Gongwer; Sophomore, F. R. Sweeney; Freshmen, A. L. Campbell.

Lost—Small Waterman fountain pen, one week ago. Probably in or near Hort. Lab. Finder please leave with librarian.

On account of the long list of students published this week, it was thought best to wait until next issue for the 1905 class roster.

All contributions placed in the Record boxes must be signed in order to receive attention, unless, of course, from regular society editor. Prof. H. W. Mumford, of the Illinois Agricultural Experiment Station made College friends a hurried visit Saturday of last week.

White, Goldsmith and Barden were busy laying sod, wheeling gourds, etc., yesterday as a part of their entrance requirements to Alpha Zeta.

Lost—Bunch of keys. Finder please return to room 22 Williams Hall, or leave at Record desk. Number of room will be found on ring.

The Olympic Society gave their first party Sept. 29, 1906. Everybody present spent an enjoyable evening dancing. Prof. and Mrs. Shaw were the chaperons.

At the recent chorus meeting, Hugh Glaster was chosen president, J. M. Walkup, secretary, Miss Fannie Beal, treasurer, and R. G. Carr and A. R. Wilcox, librarians.

P. H. Elwood requests that should the envelope of his free hand drawings be found they be sent to him at 413 N. Tioga street, Ithaca, N. Y., and he will return postage.

A little more care in the wording of certain placards on our bulletin boards would bring better results in an advertising way. At least, the better class of people are not apt to be attracted by such an announcement.

Mr. and Mrs. G. J. Johnson, of Grand Rapids, came to M. A. C. on Saturday, at a visit to their daughter. Mrs. Johnson is so pleased with the College that she is prolonging her stay beyond her original intention.

Hon. Milton Whitney, chief of the Bureau of Soils, Washington, D. C., lectures at the college Thursday, Oct. 11 at 3:00 o'clock. Arrangements will be made so that all Agr. seniors, juniors and sophomores may be present.

Fourteen agricultural students, nearly all of whom were seniors, attended the Hillsdale fair last week, leaving Wednesday morning and returning Thursday night. The boys did some practice judging which was certainly of much benefit to them.

Of the new students entering it is found that twenty-seven are from outside of the State of Michigan. Of this number, Illinois sends five, New York 2, California 1, Pennsylvania 3, Ohio 2, Indiana 2, Japan 2, New Zealand 3, Ohio 3, Indiana 1, Japan 2, and Colorado 1, South Dakota 1, Wisconsin 1 and Vermont each 1.

A clipping from a western paper (Rocky Mountain News) has come to The Record in which is given a write up of the prospects of Utah's football team. The work is in charge of Joe Maddock, a well known Michigan player, and among the candidates trying for positions are McKenna, Holdsworth, Ashley and Ferguson, all former M. A. C. men.

A SMART STYLE $3.50

THE MAN

the man with a well-fitting suit. He is after that to be noticed. It is an exclusive, made-to-measure style. It is a Winner and we stand back of it.

We know

the Cloth, Style and Making is equal to that of any reputable tailor and it is our business to see that you shall have a perfect fit. Everything being equal wherein lies the difference—except price! We carry all kinds of up-to-date furnishings for College Men.

The names in this Directory, as well as those of all our other advertisers, are of reliable character.

The program now out for the State Teachers' Association-Institute offers a rich feast for those interested in educational matters.

Among the more noteworthy we note these: report of a commission on "A Uniform Course of Study for Grades 1-6," of the State Department of Education, of Pennsylvania on "Training in Morals in Public Schools," and on "The High School Problem." Prof. Vincent, of Chicago University, on "Psychology of the Child's Group," and "Type vs. Talent in Education;" Miss Laura Fisher of Boston on the "Educative Value of Kitchen Garden Play" and "The Essentials of Kindergarten Methods;" C. H. Ney, of Illinois, on "The New School Building, and The Country School;" Prof. Waldo, of the Western Normal School, on "Health and Efficiency in Schools;" report of a committee on "needed school legislation, and the discussion in the last section of the question of "Diverting the Railroad Taxes from the Primary Fund." Those desiring to see the complete program should send a card to the secretary. Supt. E. D. Palmer, St. Johns.

On account of the very long list of new students enrolled this week, it has been necessary to hold only one or two articles which are very much desired to go in. One of these was the cut-down short write-up of the Tic Building which has been hanging fire long enough. This, however, will go in next week, sure.

An interesting letter, furnished us by the English Department, was held for lack of space.

NEATNESS . . .

May look alike to you, but there is a very great difference in the way we behave and do that which is right; and that which we do that is wrong.
