BASKET BALL

In one of the closest, fastest and most exciting games of the season M. A. C. defeated Adrian in the armory Thursday evening 54 to 24. The teams were a truce and desired to include this college, so the management accepted the date and hurried the advertising. A very small crowd witnessed the game in spite of the unfavorable time of week. The best of feelings prevailed throughout. For M. A. C. the whole team played a star game, McKenna, Krehi and Vondett secured most of the baskets and Baxter for the visitors put up a fine game. The line up was:

M. A. C.   ADRIAN

Vondett center Baxter forward
Krehi    Mills    forward
McKenna  Finch    guard
Westerner guard
Arnott  guard

Of baskets thrown McKenna secured 9, Krehi 7, Vondett 7, Hanish 5, Baxter 3, Brittian 3, Finch 3, Arnott 2.

Lazar of Adrian, referee.

Two of the class series were also played on Thursday evening. The sub-freshmen were beaten by the freshmen 25 to 5 and an exciting contest the juniors won from the freshmen 8 to 7. There were three teams on each side in the class series—sophomores, freshmen and seniors—each having lost one game. There is yet one game to be played to complete the series. The seniors vs. sophomores.

On Tuesday, Feb. 19, Detroit Y. and M. C. A. comes here for a regular basketball game. This will be the feature of the season as they have the only team which has defeated M. A. C. and that on their own floor 31 to 14. They have defeated every state team that they have played this season and our management are making preparations for the largest crowd which has ever attended a basketball game here. Temporary bleacher seats will be erected and a section of these will be reserved.

The track team goes to Notre Dame Saturday where an indoor meets will be held. It will be M. A. C.'s first real try out under such conditions as exist at N. D. and while we do not expect to win the meet, the boys will without doubt make a good showing.

All other sports are being cut and time spent in getting our team in shape. While it has not been fully decided who will compete for all events, the following are probable:

-Capt. Waite and Carr will take care of the long distance runs; Biggins and Allen the middle distances; Small, Pearis and Vaughn, the dashes and hurdles; Burroughs the pole vault. There are three or four others to be selected. Others who have shown up creditably are Phibbs, Griffin, McKenna, Oviatt and Campbell.

ALUMNI.

V. C. Foreman is studying for an advanced degree in the University of Wisconsin. He has been for some time a teacher in the Shattuck school at Faribault, Minn.

In the last issue of the Michigan Farmer Phillips of the above class has a most interesting article on the Cliff Dwellers of New Mexico. Mr. Phillips recently visited the region where this strange people once lived and gathers from the nature of their dwellings, curios, etc., something of the mode of life of this strange people. Several cuts are used to illustrate his article.

AUORIAN.
The Aurorian Literary Society gave an eleven o'clock dancing party in the armory Saturday evening, Feb. 9. There were about fifty couples present, and all seemed to have enjoyed the evening. Miss Linton, of Otsego, was among the visitors. The armory was quite tastefully decorated with bunting, drapery, flowers, and every corner. Prof. and Mrs. Shaw and Prof. and Mrs. Sackett kindly acted as chaperons. M. C.'s orchestra furnished the music.

LOVEY MARY.

Gertrude Upholt Hansens presents in monologue form "Lovey Mary" by Alice Hegge Rice, in the Chapel Friday evening at 7:30. This is for the benefit of the M. A. C. public welfare and will be worth a good patronage. Music will be furnished by the Mandolin Club and Mr. L. B. Schreiter will be our "Conqueror" and "Still is the Night." Tickets will be on sale at the co-operative store and the secretary's office. Remember the date and the place. Following is the program:

"Lovey Mary," Alice Hegge Rice.

PART I.

"For life with all it yields of joy or woe;" and "For life with all it yields of joy or woe;" and "How love might be, hath been indeed, woe, woe, woe.

"For life with all it yields of joy or woe;" and "How love might be, hath been indeed, woe, woe.

A mutis plant. A runaway couple. The Hardy household. An accident and an invasion.

PART II.

"There is in the worst of fortunes The best of chances for a happy change." The dawn of a romance. The losing of Mr. Stubbins. Nobody's advice. A denominational garden.

PART III.

"The love of praise, however conceal'd by art, Belgian more or less, and glows in every heart." A timely visit. The Christmas play. Reaction. The cactus blooms.

MICHIGAN STATE AGRICULTURAL COLLEGE

THE CHOICE OF THE TIME AND CONDITION IN LIEU OF THE NAVAL COMMANDER AND CERTAIN AND HE IS TO CHOOSE THOSE MOST ADVANTAGEOUS TO HIMSELF. HIS COUNTRY MAY REMAIN SOLONG IN HIS HAMMOCKS UNTIL "GENERAL QUIETAYS" IS SOUNDED, WHILE THE COAST ARTILLERY MUST KEEP EVERY GUN MANNED, THE RANGE FINDING STATION, EVERY POWER PLANT, EVERY SEARCH-LIGHT AND EVERY OTHER MACHINE, CONSTANTLY ENGAGED IN ITS FULL COMPLEMENT DAY AND NIGHT. THIS CONDITION AT THE SEAT OF WAR MIGHT EASILY EXTEND OVER A PERIOD OF SIX, NINE, OR EVEN TWELVE MONTHS. TWO COMPLETE RELIEFS FOR ALL STATIONS AND THOSE FOR THE MOST TRYING ONES WILL THEN BE NECESSARY. IF YOU, THE PHYSICAL AND MENTAL STRENGTH UNDER ALL CONDITIONS OF WEATHER, WITH POSSIBLY AN EXCURSING CHALLENGE FOR THE EVEN MAN WITH FOUR HOURS ON AND FOUR HOURS OFF.

THE QUESTION OF THE MINIMUM SPACE, REQUIREMENTS, STRONGHOLD, EFFICIENCY, INEficiENcy, OF THE MINIMUM GARRISON Required At Each Fortification To Keep The Material In Its Condition Reasonably Secure And So Recognized By The Country. It Was Done, We Were Told, With Great Expense, The Russian Fleet—Without Fear Of Interception Or Recall To Guard Its Horn. It Is An Accepted Naval Maxim "The Force Necessary To Enable Us To Commit To Paper The Effusion In Our Own Interest." The Security And Protection Of Our Interests Require The Completion Of The Defences Of Our Coastline. In The Artilleryman We Find A Citizen, A Mechanic, And An Electrical Engineer. To HIS CHARGE IS TRUSTED PROBABLY AS FINE A SYSTEM OF DEFENCE AS HAS EVER BEEN CONSTRUCTED, BUT EVEN NOW WHEN OUR HOME DEFENCES ARE FAR FROM COMPLETE AND THE WORK NOT COMPLETED, YOU AND YOURS TO BE THE ONGOING AND INCREASING FORCE TO BE AVAILABLE. TO SEE THE TRUTH OF THIS, ONE ONLY HAS TO REVIEW THE EXPERIENCES OF 1863 WHEN IT WAS NEARLY TWO MONTHS BEFORE THE DECLARATION OF WAR BEFORE THE FIRST VolUNTEERS WERE GIVEN UP THE COMBAT, WITH AN OBVIOUS WEAPON THAT MADE THEM QUITE AS MUCH OF A NuisANCE AS AN ARMS. THIS WE HAVE THE DEPARTMENT OF THE WAR, NOR OF CONGRESS. THIS CONDITION WAS THE RESULT OF PUBLIC OPINION. THE JAPANESE TURMOILS IN THE SEA WERE ENOUGH TO LEAD THE RUSSIAN FLEET IN THE HARBOR OF PORT ARTHUR BEFORE THE DECLARATION OF WAR AND TO KEEP THE NAVAL AIR SHIPS IN THE SKIES. THE AIR SHIPS CAN BE BROUGHT TO THE SCENE OF ACTION, ESPECIALLY IN OUR MORE DISTANT LOCALITIES.

Y. M. C. A.

Mr. Egerton deserves great credit for having perspicaciously perceived the band organization, and the decided improvement over former years would be a source of satisfaction to him.

Mr. Egerton deserves great credit for having perspicaciously perceived the band organization, and the decided improvement over former years would be a source of satisfaction to him.

BAND CONCERT.

The band concert in the armory Friday evening was attended by about 200 College people, and all seemed well pleased with the work that is being done by Mr. Egerton and black eyes in his institution, which are old in harmony, but are still in harmony, and the greater part of the students of the band may be known to their successors, let the Bubble be preserved.

A FEAST.

The dinner was indeed, through and through, the best of the week, and the students conducted last Sunday's evening meeting in a very credible manner. The students concluded last Sunday's meeting in a very credible manner. What they said was very interesting and inspiring.

M. E. Long, '11, who has been ill in the hospital for some time, has been taken by his parents to Ann Arbor for further treatment. We shall be glad to welcome him back to M. A. C., as soon as his health permits.

The members of Club C were made happy on Wednesday by an informal dinner visit from Mrs. Snyder and a group of the professors with their wives. There was a general regret because President Snyder had to be away at an institution in Rochester.

Instructor L. J. Smith has taken his student (Gen. Agr. 2 year) to the various gasoline engine plants of the city during the past week where they were shown the construction of each style of engine and an opportunity given to learn something of how each was operated.

Hon. Harry Chamberlain died at his home in Three Oaks Saturday evening at the age of 52 years. Mr. Chamberlain was a member of the legislature in '89, and a member of the State Board of Agriculture during the years '93-'97 and '95-'97. He was one of the oldest pioneers of Three Oaks.

A meeting of the citizens about the college was called on Saturday at 4:30 in the chapel to hear the report of the incorporation committee which has been at work nearly a year on the plans for incorporation. The proposed bill was read and discussed the points receiving the most attention were the name for the new city, boundaries and benefits to be secured by incorporation. The meeting adjourned to meet again next Saturday at 4:30 in the chapel.

THE M. A. C. RECORD.
The lectures in special course in fruit growing.

Any students of the College, long or short course, and any visitors, are invited to attend any of the lectures in the special two weeks' course in fruit growing. So far as arranged the lectures are as follows.

Monday, February 11, 10-11: Propagation of tree fruits.—Prof. Fletcher.
11-12: Selecting varieties.—Prof. McCue.

Tuesday, February 12, 9-10: The Structures and Habits of Injurious Insects.—Prof. Pettit.
10-11: Pruning Tree Fruits.—Prof. McCue.
11-12: The San Jose Scale.—Prof. McCue.

Wednesday, February 13, 9-10: Varieties for Michigan.—Prof. Taft.
10-11: Selecting Nursery Stock.—Prof. Fletcher.
11-12: Finishing the Orchard.—Prof. McCue.
