The JUNIOR HOP.

BASKET BALL.

The Basket Ball Boys defeated the Olivet team at outdoors last night by a score of 28 to 15 in an exceptionally clean, but hard fought game. Miss Beatty, the captain, has oversighted the largest that ever turned out to witness a game here. While plenty was shown by both teams, at times all the game was a clean one.

The first half the Detroiters had things pretty well their own way, the score at the close of the first period being 14 to 5. The Farmers failed to score from the free-throw line. Clarke, Royse and Stockham each got one for Detroit, and Clarke scored the only foul in eight chances. Royse was awarded a point for M. A. C. Capt. Krehl scored four in six chances, while McKenna had one point given him. Clarke opened the game by scoring twice from the foul line, and Detroit led a load of the game. The Farmers broke the ice. The low iron rafter of the gymnasium seemed to bother the visitors considerably, many of their shots being spoiled by these obstructions. In the second half, when Royse went in at center and Hanna at defense for Detroit, it seemed to bother them more.

At this stage of the game the Farmers went up considerably, and for the first five or six minutes had the Detroiters on the run. But they settled down and maintained their slight lead all through the game, although the forward work of Krehl and Vondett kept them busy.

B. Johnson lost many chances to score through fouling; he dropped more than half of the passes made to him. Stockham played a houd-a-d consistent game in the second half. He tossed six in eleven free throws.

The college was saddened by the unexpected death of Mr. F. W. Marks, a freshman mechanic of St. Louis, which occurred Saturday morning. His death was due to pneumonia with which he had been stricken last Sunday. Mr. Marks was not seriously ill until Thursday when he was taken so seriously that his parents were sent for, although even then there were strong hopes of his recovery. But the disease had taken such a hold on him that he was unable to withstand it and his young life passed away at 11 o'clock Saturday morning.

The body accompanied by the grief stricken parents and two boyhood friends, Mr. F. Hart and E. Baldwin, was taken to St. Louis Saturday afternoon.

This death is especially sad because of the suddenness and of the youth and bright prospects of the young man. Though Mr. Marks had been in school but a short time, yet by his modest manner, staidness and good moral character he had won many friends among his classmates and teachers. Mr. Marks was a member of one of the V. M. C. Bible classes, and took an interest in those things which tend for higher and better living.

His classmate added a beautiful woven carnation blanket as a token of sympathy and regard; the members of the faculty also gave a beautiful floral decoration.

This death is especially grievous to the parents as the young man was an only child, and the whole College unites in extending to the grief stricken parents their heartfelt Christian sympathy.

SENIOR THESIS.

Wilson A. W., Campbell G. B.—Pump Duty Test at M. A. C. Laboratory.

Toomey A. E., Peck C. B.—Efficiency Test of Kerr Steam Turbine.

ALUMNI.

AN EXTRAORDINARY INCIDENT.

Up to the time of W. A. Fox's resignation as county superinten­dent, Michigan Agricultural College, located at Lansing, Mich., had the graduate college located in the court­house as county officials in the persons of W. A. Fox, '93, as county superintendency. Also, have been county auditor, and G. L. F. Peet, with '93, clerk of Noble circuit court. This is some story, but that is not all. County Treas­urer Latta, '77, and Dr. F. W. Black, '99, have also been county officials, and also have been students of that institution of learning, Fred H. Tierney, '89, is now county auditor, and best of all each of the persons mentioned above, were Noble county boys. There is no use trying, you can't keep a Noble county boy down, as he is bound to be at the 14th (abolition) Democratic Convention.

W. Neilson and A. Marcham have recently taken the civil service examination for surveyor and Phillipines Service. Several of the class of '06 seem to be anxious to have Uncle Sam as an employer.

W. E. Morgan has removed from Butte to Anaconda, where he has charge of the substation, which supplies power for the running of the Washoe Smelter, the largest smelter in the world. He is very pleasantly situated and enjoys his work very much.

G. P. Boomsliter writes from Phenixville, Pa., where he is still working with the Phenixville Bridge Co., acquiring their valuable experince, which has been received in liberal financial remuneration. He is working on some of the largest bridges in the country, and is now on the Quebec Bridge, which took seventeen months to complete the drawing, and Mr. Boomsliter expects to be back to the reunion.

L. M. Spencer has left his position at Ambridge, Pa., and is now in the employ of the Alleghany Central R. R. and is located at N. Y. City. Spencer has recently passed the highest rigid examination and will soon receive position in the patent office at Washington.

The centenary of the birth of Abraham Lincoln, the man of worth Longfellow, is being celebrated at the chapel hour on Tuesdays and Thursdays. Selections from the poems of Longfellow were sung by the Glee Club on Tuesday morning, and similar selections will be sung on Wednesday and Thursday mornings by the Y. M. C. A. Team of Lan­sing, Miss Carrie Porter and by a male quartet.

Brief addresses on the life and work of the poet are being given each morning by Dr. Blaisdell, who has charge of the services.

RECITAL.

By students of music in the parlor of the Women's Building, Saturday, March 2, 1907, at 7:30 p.m. All students and friends are cordially invited to attend.

PROGRAM.

Valse Mystique, Waches, Miss Flora Benge.

Norwegian Bridal Procession, Greg, Miss Mildred Perrin.

Paston Dance, Thomas, Miss Leta Hyde.

Merry Mood, Lichner, Miss Edith Harding.

Mandolin Serenade, Bohn, Miss Nina Brandtetter.

Valse Petite, Steinfeld, Miss Geneva Sanburn.

Second Mazurka, Godard, Miss GIsa Parson.

II Deir, Cramer, Miss Norma Velder.

In Waltz Waltz, Godard, Miss Florence Holl.

Sonata Op. 10 No. 2 Andante, Beethoven, Miss Irma Hintherberger.

INTERMISSION.

Lute Thru'.—Transcription, Greg Miss Jean McCoy.

Hark! Hark the Lark, Schubert.

Lust, Miss Edith Langenbach.

Goulolferi, Nevin, Miss Grace Warner.

Melody in F, Rubenstein, Miss Hazel Kellogg.

By a Beakow Break in Autumn, Mac Dowell, Miss Irma Hintherberger.

Impromptu, Op. 90 No. 4, Schubert, Miss Lila Andrews.

Fifth Nocturne, Lethab, Mrs. Neal Perry.

Etude Melotique, Raff, Miss Louise Allen.

The Two Skywarts, Leshetzky, Miss Florence Rounds.

M. Flower Johnson left Sunday for his home (?) to fill an important engagement.

Mr. Carl Guile of Albion College, spent Saturday and Sunday with Mr. R. S. Wheeler.

No classes on February 22 and quite a number of students took this opportunity to visit their homes.

Miss Margaret Kuhn, of Belding, Mich., visited her brother Peter at the college Monday and Tuesday.

Mr. Frank Kemp, of Belding, Mich., a former short course man, visited at the college Monday and Tuesday.
