M. A. C. WINS MEET.

It has been the custom heretofore to send a copy of the Record containing an account of Field Day events to our high school friends in the state, and for that reason the full account of same is held over until next week. M. A. C. won easily in track, tennis and relay, securing 67 points to all others 68. Our men won 8 firsts, 7 seconds and 6 thirds in the 15 events. The crowd was jubilant when Alma won the baseball game. The Albion, A full account given next week.

UNION LIT.

During the Jubilee week there was gathered together the largest number of Lits that ever assembled at one time. The Eighty alumni of the society registered during the week. The society has been busy all the spring cleaning up and improving the buildings. The woodwork was all revarnished, some of the rooms papered, and a new porch was put in. The little college home was the scene of many happy meetings of long severed brethren, and throughout the week a spirit of rejoicing pervaded the place.

The evening Friday night was agrand success. Nearly every class from 1876 to 1911 was represented, and we extend to Mrs. Holsworth and the same published in the M. A. C. RECORD.

The meeting was conducted this week by Miss Ruthford. "Cost of Service" was the topic, found in Rom. and Matt.

We hope that every girl will be present next Thursday night as it is probably the last time we can ever all meet together here.

VISITING ALUMNI.

Below is given a list of alumni, so far as it has been possible to secure the names, who were here during Jubilee week. These names were taken from the registration slips and this may explain the reason for omissions, as we fear all did not register. Two lists were kept, one for alumni and one for old students, and we regret that the old student list (or nongraduates) is not in shape for publication this week.

Frank A. Spragg has been spend­
ing the past week at the Jamestown exposition.

Mrs. Day, of Hudson, went home on Friday after a ten days' visit with her daughter.

Mr. Warren L. Rogers, well known to Y. M. C. A. men, was the guest of Secretary Webber, Friday of last week.

Prof. Bisell, newly elected Dean of the engineering courses, was at the college during the big week and expects to return with his family about June 17.

The work of re-arranging the shops has begun and it is hoped that all which will go into the new engineering building will be installed before September 15.

Among the Jubilee visitors it was a pleasure to see Mr. E. L. Long, of Cheboygan, with health fully re­stored. Mr. Long expects to re­turn to College in September.

Mr. Paul Muellermann of Frank­fort, Mich, spent several days last week with his daughter, going away with expressions of delight in the beauty and advantages of the college.

Mr. James Fisk has closed his work at M. A. C. as inspector on the new building and is spending a short time with his brother, A. A., in Chicago. Mr. Fisk's work at M. A. C. has been of a high order and we predict for him the best of suc­cess in any line of engineering work which he attempts.
The following table shows the relative strength of the colleges in the M. A. C. this year, as well as the number of points won by each M. A. C. contestant. Ours is the most evenly balanced team ever presented and we have reason to feel proud of the showing made. A full account will be given next week.
