One of the saddest events in the history of the College occurred on Monday, March 25, when news was flashed about the campus of the death of Prof. Ernest Everett Bogue, long-time member of the faculty that has been claimed by death during the fifty years of our history.

Prof. Bogue came to M. A. C. in 1902, a strong, robust man, which he ever continued to be until overcome by that dreaded disease appendicitis. He suffered his first attack the latter part of last January, and underwent three operations before his rugged constitution and indomitable will at last succumbed. In his death the institution loses a man of national reputation in his line of work, a strong and potent influence for good, and a man whose undaunted courage and unyielding energy has built up, under many adverse circumstances, a strong and flourishing department of our College.

Ernest Everett Bogue was born in Orwell, Ohio, January 12, 1864. His early life was spent on the farm of his ancestors, near Newton, Ohio, and was the dearest to his heart. His rugged constitution and invigorating in mind and body he carried his artistic taste with him to the grave.

He was graduated from M. A. C. with the class of 1894, with the class of 78 and supplemented his work here with a course in at Boston. In 1891 he came to M. A. C. to take charge of the department to which he was assigned, since then he has been the principal of the institution. He was the first of this illustrious group, in the interest of the department. He was graduated from the Ohio State University in the fall of 1893, and was graduated from the Ohio State University in the fall of 1893, and was graduate of the Veterinary Science.

Dr. Hurt is a native of New York State, and was graduated from the Iowa State College, with the degree of B. S., after which he was employed for some time in the Bureau of Animal Industry. In 1903 he was elected to the position of assistant professor in the veterinary department of the Iowa State College, and resigned to take up the profession here. His friends will remember him as one of the most popular and efficient members of the faculty.

Mr. Holdsworth was born in London, England, October 4, 1867. He was graduated from the Agricultural College at Fort Collins, Colorado, in 1897, and was the appointed professor in the forestry course at Iowa State College, in 1902. He taught forestry in Pennsylvania for a couple of years, and was the professor of forestry in the Colorado Agricultural College at Fort Collins, Colorado, which position he resigned to accept the position here.

Mr. Baker is a native of Wisconsin, and was graduated from the University of Wisconsin in 1902, and entered the service of the U.S. government in the extension service of forestry. Later he took the forestry course at Yale, completing in 1895. He taught forestry in Pennsylvania for a couple of years, and was the appointed professor of forestry in the Colorado Agricultural College at Fort Collins, Colorado, which position he resigned to accept the position here.

Mr. Bogue has always been a strong and potent influence for good, and a man whose undaunted courage and unyielding energy has built up, under many adverse circumstances, a strong and flourishing department of our College.

Mr. Holdsworth was born in London, England, February 28, 1867. At an early age he came with his parents to the shores of Grand Traverse Bay, where they located the farm he now owns. His fondness for this beautiful invigorating shore never waned. Here he built his home and while working and invigorating in mind and body he carried his artistic taste with him to the grave.

REFERENDUM THE SUBJECT.

Annual Debate with Ypsilanti Will Be Held During Winter Term.

"Resolved, That all measures adopted by the Michigan legislature and approved by the governor shall be referred to the popular vote upon petition of one-twentieth of the qualified voters." This is the subject chosen by H. Blasdel for this year's debate with Ypsilanti, which has been formally accepted by Prof. Lahrers of that institution. E. Blasdel has chosen the affirmative side of the question, and thus it falls upon M. A. C. to defend the negative.

Last year the M. A. C. team was easily the winner and was well supported by the students. This year we certainly should be able to do as well.

The department of physics and electrical engineering now occupies its new quarters in the west end of the new engineering building. The old quarters are being used by the chemical department, which now occupies the entire chemical building.

PROSPECTS FOR 1925.

Tom Llewellyn Yates, son of Mr. and Mrs. Richard L. Yates, born July 15, 1907. Mr. Yates is of the class of '98. Mrs. Yates will be remembered as Miss Kate Gunn, also of '93.

Colman A. Stewart, son of Mr. and Mrs. J. B. Stewart, born Aug. 1, 1907. Mr. Stewart was a member of '99.

Leon Brodie Burnham, son of Mr. and Mrs. A. C. Burnham, born Aug. 12, 1907. Mr. Burnham was of the class of '93.

POST CARD INFORMATION.

Tinsel decorated cards must be enclosed in envelopes.

Anything passed on the backs of post cards makes it subject to letter postage.

A new regulation requires that post cards shall not exceed a certain size—that of the government post cards.

A card of double weight must have double postage. One cannot send every card, no matter how heavy, for one cent.

A foreign card takes double postage, and if it is unsatisfactorily paid, the deficit is due to the receiver on the other side, and the receiver must pay the amount or refuse to accept the card.

Miss Edna Spindler of Lansing, is the new stenographer in the president's office.

Instructor Chapman will occupy rooms in the terrace formerly occupied by Instructor Alger.

Norma A. Searing, with '93, is teaching in the State Normal School at Stevens Point, Wisconsin.

A greater part of the wild garden has now been raised above high water mark and a cement tunnel has been put in at the lower end to accommodate the water from the drain.

Miss Alice Earl, for several years clerk in the secretary's office, has resigned her position to spend the winter in Pennsylvania. Miss Agnes Cramb, of Lansing, is filling the gap.

Miss Dorothea Moyness, the efficient assistant in the chemical department, has resigned to accept a position as assistant chemist for Baureh Bros., manufacturing chemists, Baltimore, Md. She leaves for her new field of labor, October 1.

Director Brewer and his assistants have been doing some very creditable work in the athletic department during the fall season. The grand stand, which was of no use except for football, has been moved to the south side of the field at the side of the gridiron, and a large new bleacher built to accommodate the spectators. The outlook is good for a winning team this year.

Peter denying his Lord makes even the most earnest of these classes believe that they are fairly tumbling over themselves now to assure the trustees of the Carnegie teachers' pensions that they are not "essentially denominational or Christian" and therefore should have a share in the distribution of the fund.—Moderator Ziegler.

ABOUT THE CAMPUS.

Frequent rains during the summer have kept the campus in excellent condition. Mr. Scheepers of the Secretary's office, has purchased Mr. Faunce's house in Collegeville. Miss Minnie Gilchrist, who has been studying at Ann Arbor the past year, will again have active charge of the Woman's Dept. this year.

W. D. Fraser had charge of the Free Press Fresh Air camp at Sylvan Lake this summer. They entertained 156 of Detroit's needy boys during the season.

The Horticultural department has recently issued a new, 16-page folder giving concise information about our Horticultural course. The information is given in a most pleasing form.

Mr. B. A. Faunce, who for several years has been identified with the President's office in various capacities, and also editor of the Record, is now a member of the firm of Freyer & Faunce, hardware, carriages and implements at Grant, Mich. His many friends wish him success in his new work.

Fred C. Kenney, for twelve years cashier in the Secretary's office, has severed his connection with this institution to accept the position of treasurer of the Massachusetts Agricultural College, to which position he has been elected. Mr. J. Scheepers a thoroughly experienced man, formerly with the State Accountant, succeeds him.

Albion college celebrated its fiftieth anniversary Sept. 14. Vice Pres. Fairbanks was the guest of honor.

Mr. Arthur R. Kohler, instructor in horticulture last year, has resigned to accept a similar position at the Minnesota Agricultural College.

Miss Vesta Woodbury, '01, was married to Mr. T. Maitland Marshall, at Fresno, Cal., Thursday, Sept. 14, 1917. At home after Sept. 23d, at Redlands, Cal.

Warren L. Rogers, Student Secretary of the Y. M. C. A., will conduct chapel exercises Sunday morning at 9:00 a.m. in College Hall. Mr. Rogers will also have charge of the evening meeting.

Instructor Norton is on a five weeks' trip to the various fairs with an educational exhibit of cattle and sheep. The Michigan State Fair, West Michigan State Fair at Grand Rapids, Greeneville, Benton Harbor and Hillsdale are the fairs scheduled.

Dr. G. A. Waterman, who, for 10 years has been at the head of the veterinary department of the college, has resigned to take the active management of his farm near Ann Arbor, which course he has been contemplating for several years. Dr. Waterman was one of our most popular and proficient faculty members, and both he and Mrs. Waterman will be greatly missed in the community and by the student body. The Record joins in extending best wishes for the future.

Mr. and Mrs. O. L. Gregg occupy one of Mr. Blair's cottages in Collegeville.

Mrs. C. M. Dickson has rented the Gunn house in Collegeville, and will conduct the same as a boarding house.

F. O. Foster, for the past three years instructor in Dairying here, has established a dairy employment agency at Lansing. See ad in another column.

Vol. 1, No. 1, of the Round Up, a weekly paper of about the size of the Record, published by the Agricultural College of New Mexico, comes to our desk. It will certainly fill the urgent want of that institution.

Prof. D. Houston of the Royal College of Science at Dublin, Ireland, visited M. A. C. in the early part of July. Prof. Houston made a tour of 13 colleges and universities in the U. S. and Canada for the purpose of securing ideas on teaching methods on this side of the Atlantic.

Mr. Gunson judged the floral exhibit at the State fair.

Prof. L. R. Taft is in Jamestown this week.

Instructor Wadleigh occupies the J. D. Towar house on Wildwood avenue.

Born, to Dr. and Mrs. L. M. Hurt at their house at Ames, Iowa, Sept. 13, a boy.

H. G. Walker, '14, and wife were at the college the first week of September. They were here to attend the wedding of Dayton Gurney and Anna Pickett.

Mrs. Isor, state secretary of the King's Daughters, will meet with the King's Daughters of the College on Friday, Sept. 27, at 7:30 p.m. at Mrs. Snyder's.

Miss Jennie Boell, secretary of the Michigan State Grange, had a very interesting article—in the Michigan farmer of August 31, on "Outside Glimpses of the Women's Department at the M. A. C."

For 50 years M. A. C. was especially fortunate in that no active member of the faculty died during that time. In the past four weeks, however, two, Professors Bogue and Holdsworth have passed away.

Under the will of E. W. Currier, '94, Ambrose received a bequest of $200,000 or more, the largest amount the college has ever received. His death also releases $180,000 for Williams College, willed by his aunt subject to his life interest.
been busy moving the grandstand, three of the hardest games come ranging the track, until' the field given, the game with Notre Dame be there instead. Wabash then to victory.

Mr. Corbett, with the above class, visited M. A. C. Aug. 30. Mr. Corbett says he notes some changes since that time. Mr. Corbett lives at Palmyra, Mich.

A. H. Cameron, '66 Civil, is now with the American Bridge Co., at the south side plant, Chicago, Ill. The entire product of 2,500 tons per month comes under his supervision for finishing, inspection and shipment. Fifty men are under his direction in these shops. His promotion has been accompanied by corresponding advances in salary.

The outlook for a good team this year is especially bright. Among the old men back are Capt. Small, "Octy" Moore, Parker, Campbell, Frasier, Dunlan, Shed, Allen, McKee, andender, while the amount of available fresh material is large and promising. Fifty men have already reported for practice, and many more have signified their intention of trying for the team.

During the summer Coach Brewer and a squad of men have been busily engaged grandstanding, putting up new bleachers and rearranging the track, until the field hardly looks like the same place. About 2,500 people can now be accommodated in the grandstand and bleachers, and this, together with the better facilities for getting to the grounds, insure a much larger attendance than ever before. Let everyone who can get out and try for the squad and help the team on to victory.
