IMPORTANT NOTICE.

The best musical entertainments of the College year are those given at the annual May Festival, given under the auspices of the M. A. C. chorus. It is a part of student life that every student will be able to take part in everything, and no student should feel that he could afford to miss the May Festival, and this opportunity of supporting what is one of the best means of furthering the highest interest of the school, aside from the pleasure he would derive from hearing the concerts.

This year the May Festival will consist of an afternoon recital or concert given by the assisting solo-artists and the evening performance of the "St. Paul" by the M. A. C. Chorus, with help of soloists from New York.

Only 800 tickets will be sold, as this is the seating capacity of the Armory, and as soon as the canvas of the said concert body is finished, which is to close this week, the remainder of the tickets will be offered to our alumnae as patron tickets.

Remember, if you want to attend the May Festival, or want your friends to attend, this week is the time to have your seats reserved.

You pay no money now, but sign a paper asking to have one or more tickets reserved for you. Tickets for the two concerts $1; tickets for both, $2. If those who are taking the canvass miss you, leave an order at the secretary's office naming the number of tickets you wish reserved. Do it this week.

VAUGHN ELEGIES.

Firstly Conceived by Oliven When Facts in the Case Were Learned.

In order that his amateur standing might not be questioned in the future Ernest Vaughn went to Olivet last week to lay before the college authorities there the exact facts in his case. As a result they freely conceded him eligible. He did not play in Saturday's game, however, because protest had been entered and was not reciled until after all arrangements had been made.

FIFTEENTH ANNIVERSARY.

Saturday evening about seventy-five of the college friends of Prof. and Mrs. Babcock gave them a surprise in honor of the fifteenth anniversary of their marriage. After a pleasant hour spent in conversation Prof. Babcock, in behalf of those present, presented Mr. and Mrs. Babcock with a beautiful cut gl as silver vase, which the couple re­ sponded in a few well-chosen words. The guests then repaired to the residence of Mrs. Babcock, where a delightful dinner was served and each guest presented with a souvenir. It was a most pleasant occasion, a continuation of which all joined in wishing it may be repeated by Mr. and Mrs. Babcock to enjoy.

M. A. C. STATE CHAMPIONS

WON OVER THE MUCH TOATED OLIVET TEAM

SATURDAY BY A SCORE OF 55 TO 4

VIRTUALLY DECIDES THE CHAMPIONSHIP

DETAILED ACCOUNT OF THE GAME

With ideal weather conditions for a great foot ball contest, M. A. C. went on our campus over M. A. C. strong and they made things lively with their songs and yells. They occupied the north side of the field during the game. About 5,000 saw the game, and the enthusiasm was denied to others. Two b-odies were keen, but the best of spirit prevailed throughout the contest.

The farmers were the first to make their appearance on the field followed a few minutes later by Olivia. Both teams were greeted with a great cheer from the bleachers.

Both teams were in the best of condition and looked evenly matched, although our line was somewhat the heavier. The outcome was a surprise to almost every one as a very close game was looked for.

From start to finish, the game was the most spectacular ever seen on college field. Forward passes, long runs with good open field talk­ ing were the features.

The game started at 2:10. M. A. C. won the toss and chose the west goal.

Capt. Hurlbert kicked to Small on the 55-yard line and Small carried the ball back to the 31-yard line. Small punted to Hurlbert. Thomas backed 5 yards on a cross back, then M. A. C. held. C. penalized 15 yards for holding.

AN ADVISORY COUNCIL.

Six Members of the M. A. C. Alumni Appointed to Confer With State Board.

As a result of the action of the Alumni Association last spring in accepting an invitation of long standing from the State Board of Agri­ culture a committee of six representa­ tive members of the Alumni were recently appointed whose duty it is to meet with the State Board at least once a year for the purpose of mutual conference in matters per­ taining to the work and welfare of the college.

In accepting the invitation at the time the alumni association delegated the officers of the organization to the duty of making the appointments to the council. At a recent meeting of the officers, consisting of President William L. Carpenter, '75; Vice President Paul M. Cham­ berlain, '88, and Secretary William O. Hedrick, '91, the following ap­ pointments to this council were made: George J. Jenkins, '95; Stearns Baker, '89, of East Lansing; William K. Prudden, '95, of Lansing; L. W. Mitchell, '87, of Ottawa; C. E. Stearns, '91; Prof. Eugene Davenport, '98, of Urbana; George J. Jenks, '95; of Selbyville; and E. N. Page, son of Detroit.

ALUMNI.

'88 with '94.

Guy E. Mitchell with '94 pays a very pleasing tribute to W. A. Tay­ lor, of Detroit, one of the Prairie Farmer for his work with promising new fruits. Among these new fruits which give ev­i dence of promise is the avocado which Mr. Taylor introduced, and only one tree of which is now grow­ing in this country at Monrovia, California. If the avocado ever be­ comes anything like as famous as the Navel orange, it will have the same record to point back to—the single parent tree, introduced by the Department of Agriculture from which all others have sprung. The demand for avocado fruit is constantly greater than the supply and out of his single tree, Mr. Taylor has managed to realize well. In addition to fruits retained for home use, he sold from it in 1903, $32 worth, in 1904, $54 worth, in 1905, $50 worth and in 1906, $65 worth.

In 1905 it bore more than 1,300 fruits.

G. S. McMillan was at M. A. C. to witness the olive game last Saturday. He is now on his farm at Grand Ledge.

H. T. Ross of Milford stopped at the College Saturday on his way home from Chicago where he had been to purchase feeding steers. Mr. Ross is now running a large farm at Milford.

C. P. McNaughton of the above class attended the M. A. C.-Olive game last Saturday.

MICHIGAN STATE AGRICULTURAL COLLEGE.

THE M. A. C. RECORD.

Some chord in unison with what we touched within us, and the heart rewith melting airs, or martial, brisk or brought in a wealth of material.

And as the mind is pitched, the ear is lent interest they have maintained gradually tightening down of the keeping of a team of even necessity change some each year.

It is hardly to be expected then that M. A. C. will have a band that we shall be most able as a musical organization and of the greatest help in the college life.

The hand is now planning a series of "Promenade Concerts" which will rank with the best bands in the country.

McKenna kicked off to Weeds on the 10 yard line, and he ran the ball back 15 yards. M. A. C. held Olivet for downs. Cortright carried the ball back 15 yards. Small failed to gain on a quarter-back run, and McKenna punted to Weeds in the center of the field. Exelye missed Weed in his try to carry the ball to the 35 yard line, and then on a cross back carried the ball to the 25 yard line, where M. A. C. ball them for downs.

When time was called as the play was finished.

**SOME WESTERN IMPRESSIONS.**

Dr. Blaisdell Talks Before Farmers' Club.

With his usual ability, Dr. Blaisdell spoke for nearly an hour at the Farmer's Club last Tuesday evening. His subject was, "Some Western Impressions," but before discussing his western trip of last summer, he dwelt little on his impressions of the southern and European travel. In speaking of the west, Dr. Blaisdell spoke about the living conditions in the single one of "immensity," the great breadth and depth of the west. He was, however, perhaps, than any other one thing.

In his description of the wonderful vision at which he didn't forget to tell us of the agricultural pursuits, and gave us some statistics of potatoes and cotton production. After closing the doctor answered many questions relative to the West, and told of the many opportunities in Agriculture there. It was one of the best talks we have ever had, and all enjoyed it immensely.

Tonight Dr. L. H. Hurt will speak on the quarter-back of his own choosing. All come out and make his acquaintance.

Ball in the center of the field. Fraser threw around left end for 10 yards. McKenna threw the ball to Exelye on a forward pass and the left tackle ran 40 yards down field. Small kicked goal. Score: M. A. C. 35; Olivet 4.

McKenna kicked to Hurbert on the 3 yard line, and he was down on the 20 yard line. Hurbert punted to Small on Olivet's 35 yard line. Fraser went around left end for 7 yards. M. A. C. fumbled and it was Olivet's ball on the 30 yard line. Thomas carried the ball 5 yards, and it was down at the 25 yard line. Hurbert punted to Cortright on M. A. C.'s 25 yard line. He ran the ball back 15 yards. McKenna went through right tackle for a touchdown. Small punted to Weeds on the center of the field, Exelye missed Weed in his try to carry the ball to the 35 yard line, and then on a cross back carried the ball to the 25 yard line, where M. A. C. ball them for downs.

The result of Saturday's game proved conclusively what has been long been conceded by our friends, viz., that M. A. C. has outscored many of the smaller colleges of the state against such odds. Their excellent showing has more than prepared for the jubilee.

**THE M. A. C. RECORD.**

**LIVESTOCK STUDENTS MAY ATTEND THE INTERNATIONAL LIVESTOCK EXPOSITION.**

The eighth International Live Stock Exposition is to be held at the International Amphitheater, Union Stock Yard Park, Chicago, Nov. 30th to December 7th, 1907. This is the largest show of breeding and fattening stock in the world. In December, 1906, there were assembled there the following numbers of livestock, viz.: Breeding cattle 83, fat steers 251, breeding sheep 602, fat sheep 259, swine 2,577, draft horses 1,730, coach horses 40, and ponies 14, making a total of 2,055 head.

Some of the most perfect living types in existence are presented as models for the student, while animals competing for dressed carcass prizes can be inspected at study while living, and the carcasses compared after slaughter. The exposition grounds are located just outside the Union Stock Yard Park, the largest of its kind in the world; visitors can also inspect the live stock exchange. The several large packing plants are open for inspection, with guides furnished to show strangers all the processes of slaughtering, dressing, packing, etc.

In the Record Association building, only a few yards distant, are to be found the executive offices of most of the leading breeders of live stock in America.

During the time the exposition several public auctions of horses, cattle and sheep will be held, the offerings consisting of consignments from the best herds and flocks in America.

The principal fat classes are to be judged by an expert from England. The names in this directory, as well as those of all other vendors, are vetted by judges. We hope that the faculty and students will take part in negotiations those who patronize us.

We handle the best and are glad to show you, the proof of good means is in the eating. A trial will convince you that we are worth the trip by students from this college. Those who can afford to go should not fail to take advantage of one of the greatest education institutions in America, so far as the live stock business is concerned.

Y. W. C. A.

Miss Koch led Y. W. C. A. this week. The subject for the evening was "Friendship." After having a few verses from the Bible read by different girls she read a very interesting paper on "Friendship."

Miss Higginson favored us with a solo. These Y. W. C. A. meetings are very interesting and we are glad to see so many take an interest in them. We hope that everyone present will be taken next Thursday night, and if necessary we can bring in chairs. Let every girl in the building be present and we will have another good meeting.
