BREEDERS AND FEEDERS' ASSOCIATION.

Enthusiastic Meeting Held at the College January 14 and 15.

The seventeenth annual meeting of the Michigan Improved Live Stock Breeders' and Feeders' Association was held at the college Tuesday and Wednesday. Tuesday afternoon was given over to sectional meetings of various State Breeders' Associations including the following: Michigan State Short-horn Breeders' Association, Holstein Friesian Association, Merino Sheep Breeders' Association, Oxford Down Sheep Breeders' Association, Michigan Berkshire Association and the Duroc Jersey Breeders' Association. The Michigan Jersey Cattle club was also reorganized and a Michigan Guernsey club was organized with 21 charter members.

In the evening the State Board and Faculty tendered a banquet at the Women's Building to about 300 interested visitors. President Snyder acted as toastmaster. Short talks were given by Hon. I. R. Wight, publisher of the Michigan Farmer and member of the State Board of Agriculture; D. C. Wing, assistant editor of the St. Joseph Gazette; Geo. B. Horton, master of the State Grange, on the Progress of Live Stock Husbandry; W. H. Brown, of Ann Arbor, on The Development of the Dairy Industry; and Prof. Wm. Whitney Watkins. Other speakers included the women of the State and various Sections of the State.

The following officers were elected for the ensuing year: President, Robert Gibbons, DePere, Wis.; Treasurer, E. J. Anderson, College; Secretary, E. I. Graham, President, State Board of Agriculture; D. C. Wing, secretary of the American Guernsey Club, editor of The Guernsey and president of the association, on Pioneer Agriculture; H. H. Hines, President of the Michigan Live Stock Sanitary Commission, on The Relationship Between Farmers and Commercial Industries; Rev. Mumford, of Ann Arbor, on The Preacher and the Farmer, and Hon. R. D. Vedder and Mrs. Bissell, Prof. and Mrs. Sawyer.

PLENARY DEBATES.

First of the Series Held Last Friday Night.

The first plenary debates for the 21st annual oratorical contest were held last Friday evening. The question was: "Resolved, That measures which have been adopted by the Michigan legislature, and approved by the governor, shall be referred, upon a petition of one-twentieth of the qualified voters of the state, to a popular vote." There were six teams debating simultaneously in the rooms of the literary societies and Y. M. C. A., and in room 7, College Hall. The officers and members of the Debating Club, under whose auspices the debates were held, felt indebted to the judges for their kindness in consenting to serve, to the societies and Y. M. C. A. for the hospitality which they accorded the chairman who officiated, the men who debated and the results which were announced.

The following officers were elected for the ensuing year: President, Robert Gibbons, DePere, Wis.; Treasurer, E. J. Anderson, College; Secretary, E. I. Graham, President, State Board of Agriculture; D. C. Wing, secretary of the American Guernsey Club, editor of The Guernsey and president of the association, on Pioneer Agriculture; H. H. Hines, President of the Michigan Live Stock Sanitary Commission, on The Relationship Between Farmers and Commercial Industries; Rev. Mumford, of Ann Arbor, on The Preacher and the Farmer, and Hon. R. D. Vedder and Mrs. Bissell, Prof. and Mrs. Sawyer.

ALUMNI.

1857-1907.

It is desired that a M. A. C. Association be formed in New York—and that all M. A. C. men and women in or near New York City send the addresses at once to the following: Mr. W. J. Bush, 1904 Broadway, N. Y. C.; Herbert Collingwood, 405 Pearl St., N. Y. C.; Dr. W. S. Anderson, 254 W. 23d St., N. Y. C. Any reader of this notice will confer a favor by sending the address of any M. A. C. person known to be in this vicinity.

COLUMBIAN PARTY.

Sedan, if ever, have the old wall of the Armory looked down on such a notable gathering of historical figures. The political costume theme was present at the third annual fancy dress party given by the Columbian Association of the students of the college. The three hundred spectators from the Land of the Rising Sun, and the Chinese Empire, fierce representatives, as it were, of that Eastern land, were some of the characters present. One of the fugitive slaves from the South was present, a clone to assume the assembly, a member of the Lansing police force to see that the "Couple of Keepers" obeyed the curfew law and Uncle Sam to keep his eye on all were some of the characters present. One of the fugitive slaves from the South was present, a clone to assume the assembly, a member of the Lansing police force to see that the "Couple of Keepers" obeyed the curfew law and Uncle Sam to keep his eye on all were some of the characters present. The larger part of the guests were from the East and South and for the most part, of the generation of students of yesterday. The general sentiment, however, was real- istic of a winter scene in the woods, with a camp fire, a shack, and an abundance of snow made it real. In direct contrast to this the large colonial fire-place reminded all of home, and comfort of home and all was good fellowship. The usual good music by Baker's orchestra and the specialties in the program made the dances most enjoyable, and to add to the evening's pleasure the American Oratorio Society made a grand performance. The usual good music by Baker's orchestra and the specialties in the program made the dances most enjoyable, and to add to the evening's pleasure the American Oratorio Society made a grand performance. H. A. TAFT, Sec’y.
The M. I. A. A. field meet will be held at Alma this year.

Dr. Bainsdell and Instructor Sanford were in Charlotte on institute work last Wednesday.

Four three-men bowling teams have been organized among the bowling enthusiasts of the sub-faculty.

The sixth lecture on the Foresters' Club Program will be held this Tuesday evening in the chapel at 7:00 p.m. Prof. Filibert Roth of the U. of M. will speak on the topic "Lantern Slides in Forestry on the Timberlands of Michigan." The lecture will be illustrated by means of lantern slides.

Miss Maud Gilchrist, Miss Fannie Beal, Miss Koch, Miss Blanche Smith, Miss Robinson, Miss McNaughton, Miss Flora Bates, and Miss Stout attended the state's Y. W. C. A. convention at Bay City last week.

Several students have inquired about the name of the book from which Dr. Fletcher read at the union meeting Sunday night. - "What is Worth While" by Anna Robertson Brown. A copy may be found in the library.

The Forensic Society extends a cordial invitation to the short course and other college men to be present at their next meeting Saturday evening, Jan. 25, at 7 o'clock, in room 7, College Hall. At the last meeting of the society the following officers were chosen for the winter term: President, M. R. Bowerman; Vice President, Geo. F. Hubbard; Secretary, John L. Whitney, D. McMillan, J. G. France, B. H. Roberts.

The state round-up will be held at the College Feb. 25-28.

The Hort. department is harvesting its summer supply of ice.

Prof. Fletcher expects to leave for his new work in Virginia about Feb. 1.

Dr. Hunt was ill with tonsillitis and unable to meet his classes the rest of last week.

Graduates and commercial establishments are being furnished with load for the engineering department. Before the college light and power plant now being erected, they have their new plant erected, they have furnished the necessary equipment to the college light and power plant. Before the college light and power plant was erected the electric power was furnished by the Michigan Power Co. of Lansing, but the college owned the dynamos. Since that time the Company has rented the machines until now, that they have their new plant erected, they have no further use for them. They will be used to furnish load for the engines in the testing room and will also furnish valuable additional equipment for the electrical engineering department.

The junior hop will be given Friday evening, Feb. 1.

A car load of cattle has been received for the work in meat cutting. They represent all grades from prime to common.

A test will soon be made in the engineering laboratory of the relative value of gasoline and alcohol for use in gas engines.

The engineering department have purchased and will soon receive a new testing machine of 100,000 pounds capacity, manufactured by the Riehle Testing Machine Co. of Philadelphia. Their machines are among the best testing machines made and are largely used by colleges and commercial establishments throughout the country. It weighs two and one-half tons, will cost about $125.00 and will be driven by an electric motor.

A large dynamo formerly used by the Michigan Power Co. has been installed in the engine room of the engineering building. Before the college light and power plant was erected the electric power was furnished by the Michigan Power Co. of Lansing, but the college owned the dynamos. Since that time the Company has rented the machines until now, that they have their new plant erected, they have no further use for them. They will be used to furnish load for the engines in the testing room and will also furnish valuable additional equipment for the electrical engineering department.

H. B. McDorman, with '05, was a College visitor last week. He is now with the Allis Chambers Co. of Milwaukee, taking the special apprentice course in the engine building department.

The mercury vapor lamps recently installed in two of the dressing rooms are proving very satisfactory. Four lamps in one of the rooms develop about 1300 candle power with the same current necessary to operate 12 sixteen candle power incandescent lamps.

W. Kiser and H. H. Curtis have contracted the skim milk of the dairy department during the short course and are making it into cottage cheese. It will be on sale at the dairy building during the regular hours (10-12 a.m. and 3-5 p.m.). Outside orders promptly filled (1-2 p.m.).

The seniors in the forestry department have selected subjects for the firewood as follows: Francis Kiefer will make a study of the woods most suitable for making paper pulp. Besides an exhaustive study of these woods in the laboratory to determine size and length of fibre, etc. Samples have been sent to the Alpena Paper Co. and are being put through the regular process. The object is to discover if possible available woods for paper making other than those now used. Mr. Hopson will make a study of wood preservation with particular reference to fence posts. The work will be conducted largely in the treating plant now being erected.

On this line of goods we claim to have the best that can be had, and any will be replaced if not satisfactory. We would be pleased with your patronage.

NORTON'S HARDWARE
111 Wash. Ave. South.
Basketball is still on the boom, with hard work-outs scheduled for each day and one or more games a week. Beginning from the first of this week, the team start on their hardest games, and until the end of the season will play a hard schedule. Oberlin, since the game with M. A. C., has asked Coach Brewer for a game on the 8th of February at Oberlin, and if Alena is willing to set their game on that date the team will play Mr. Pleasant on the 7th and then take a jump of 200 miles and play the Ohio boys on Saturdays. The manager of the Oberlin team expressed himself as very much pleased with the treatment given their team while here and wants to continue the friendly athletic relations.

In the game with Adrian on last Friday evening the Methodist college boys gave M. A. C. the surprise of the season in the second half, when the score for the half was 10 to 0. The playing of our men in the first half showed the usual good team work, but with an inclination to self and a noticeable over-confidence. No one showed particularly good form, although Dickson made some clever shots near the center of the floor. McKenna was out of the game with La Gripe, and was replaced by Merz in the first half and Mills in the second. The final score stood 30 to 14. Brittain and Jones put up a good game for Adrian. The line-up:

W. A. C. 8
Dickson RF Brittain
Merrill LF (Gray)
Mills (Spout)
Vandette C Pratt
Kreth B0 (Johnson)
Hauh L0 (Bea)
Referee, Brown of Lansing, Umpire, Pannemat. Time of halves 20 minutes.

The reserves played their first game as a curtain raiser to the Adrian game, defeating the Y. M. C. A. team 50 to 6. Gorton started for the reserves scoring ten baskets. One of the best shots of the game was the way "Big Campbell" threw baskets in the last half. The reserve's lineup was Gorton, Campbell, Anderson, Tonner, Burroughs and Duffle.

The Record is not sent to subscribers after their subscription has expired, and does not have to be continually hampooning delinquents through its columns. The only way to secure it regularly is to pay in advance and we cannot guarantee to furnish back numbers to those who fail to do so.

According to the law governing school matters in the city of the fourth class, a reorganization of the district comprising the city of East Lansing is necessary. The following notice has been posted:

A special election of the legal voters of the school district comprising the city of East Lansing will be held for the purpose of selecting six trustees to form the board of education of the City of East Lansing. Two of said trustees will be elected for three years, two for two years and two for one year. The election will be held at the school house on the 8th day of Feb., 1905. The polls will be open between the hours of 5:00 a.m. and 8:00 p.m.
