DEBATING CLUB.

At the meeting of the Debating Club last week it was decided to hold the second preliminary debates from the early piitant contest on Saturday, Feb. 8th, instead of Feb. 7th, as announced last week. They will be held as follows:

Team I. at the Columbus Room.

Team II. at the Union Lit. Building.

APR. 895

H. T. Nemeyer F. H. McDermid
O. J. Giunti R. T. Korts
T. H. Offer R. P. Holdsworth
Team III. at the Aurecan Room

A. J. Runner G. F. Hubbard
H. P. Piper W. D. Freazer
J. C. DeCamp J. J. McDevitt

The societies named will have open meetings so that anyone may hear the debates. This time those winning the first four, instead of the first three, will go on with the third preliminaries, and thus more men will be given a chance.

At the regular meeting of the Debating Club this week, the question: Resolved, That the army cadet should be abolished, will be discussed. Messrs. Younger and Benedict will defend the affirmative, while Messrs. Grisell and Marsh will advance the negative. Pref. King will be the critic. Everyone is invited to come, Room 7, College Hall, next Thursday from 7 to 8 p.m.

THE M. A. C. ENGINEERING SOCIETY.

For a year or more there has been a Engineering Society at the college save in theory. Now there is such a society in fact. On Thursday of last week there was a preliminary meeting of engineering students interested, at which a temporary organization was effected and a committee appointed to prepare and report a Constitution. This instrument was presented on Monday evening of this week, after discussion which resulted in some changes, it was adopted, and the society proceeded to elect officers as follows:

President, A. E. Marsh.

Vice President, E. J. Shaaberger.

Corresponding Secretary, F. Y. Gunger.

Recording Secretary, G. F. Kamps.

Treasurer, R. T. Korts.

Executive committee, the president and recording secretary, R. T. Korts, and Messrs. H. W. Musser, H. C. Shearer and W. T. Tapp.

As soon as practicable regular meetings will be held, the programme for which will be published in advance. A feature of the work of the society will be securing lectures by nonresident engineers of note in civil, electrical and mechanical lines.

W. O. Fritz of the above class is now engaged in orange growing at Pomona, Calif., with '93.

H. K. Hask called on old college friernds last week on his way back to Washington State where he goes for the purpose of timber estimation in the interest of his father who has large timber interests there.

Lyman Carrier has been elected Professor of Agronomy at Blocks burg, Va., instead of assistant professor as stated in a previous issue of the Record.

Sp. '04-'05.

Elmer Nicholson, special during the above year, is now president of several clubs at one impression, which promises to become valuable.

ALUMNI.

NOTICE.

Since the alumni of the College took no action at their meeting last spring, regarding the "Memorial Building Fund," and as the original project has been abandoned through inability to secure a sufficient sum to erect the building as planned, I am instructed by the State Board of Agriculture to return the subscriptions. Through inability to locate the following, their subscriptions have not been returned. Anyone knowing the present address of any of the persons named below will confer a favor by informing me of the same.

Respectfully,

E. H. Brown, Sec.

Michigan State Agricultural College.

THE M. A. C. RECORD.

Twenty-First Oratorical Contest.

E. J. Shaaberger Wins First Place.

Will Represent M. A. C. in State Contest at Hope College.

Those who think that because M. A. C. is a technical school there is no interest manifested along literary lines, must have been considerably taken back Friday night to note the interest taken in the twentieth-first annual oratorical contest, by which the orator, who is to represent the College at the state contest at Hope College, was selected. The following is the program:

MUSIC.-M. A. C. Orchestra.

The Oratory of the Children.

By Alice C. Powell and G. Carr

Union Literary Society.

American Materialists.-E. J. Shaaberger.

Hesperian Society.

Vocal Solo.-Roswell G. Carr

School and Hand.

Glenn A. Gilbert

Columbia Society.

A Civic Necessity.—R. G. Hoogpeter

Columbian Society.

Music.—M. A. C. Orchestra.

Presentation of Medals.

The result was close. There was much speculation as to who would secure the medal but the decision of the judges gave Mr. Shaaberger first by a margin of less than two points above Mr. Hoogpeter. Mr. Gilbert was given third place.

Judge Carpenter, Judge Wiest and Judge Robinson were the judges of the contest.

There is no doubt but what such work as that of Messrs. Carr and Hoogpeter in stimulating a wider interest in the oratorical contest is of considerable importance to the future of the school.

Perhaps no greater work is being done for boys than that which was begun a few years ago—the institution of boy's camps. The poor little waifs who crowd the streets of our larger cities. Many of us have been ignorant of this work, but last Thursday evening there were a few who attended the Y. M. C. A. meeting who were brought into sympathy with it.

Mr. Freazer who was the director of the Detroit Free Press Fresh Air Camp last summer gave a very detailed account of this work among the boys of the city. The object of the camp is to give the little fellows who have never had a taste of pure country air and fun an opportunity to enjoy these pleasures free of any cost to them other than that of partaking of the city real estate which they take with them. In these camps the boys are given a higher standard of living and are taught by putting into practice the importance of cleanliness of mind and body.

This work is important and deserves the support and encouragement of everyone. It means something to the little people alone to the boys themselves but also to our nation for it must be remembered that these little fellows who are now selling papers and shining shoes are sprouting up into men and will soon have a share in our government. Sympathy and support to this work is what Mr. Freazer endeavors to and succeeded in driving home to the young men present.

This evening the chapel was packed to overflowing. Miss Landis, State Student Secretary of the Y. W. C. A., gave a very inspiring talk on the things fundamental in living a Christian life. It was also a very welcome opportunity to listen to the M. A. C. School Orchestra, it is to be commended for its good work.

On Sunday evening Mr. Holmes, the Superintendent of the School for the Blind, will address the Y. M. and Y. W. C. A.

Miss Rosamund Kedzie has been elected to the position of assistant professor of domestic science and art at the Akron, Ohio high school.

THE M. A. C. RECORD.

THE PROGRESS OF WESTERN ENTERPRISE DURING THE PAST YEAR

By M. A. C. RECORD.

The progress of Western enterprise during the past year has been marked by an unusual amount of activity and enterprise. The demands of the war have stimulated the growth of many industries, and the rapid expansion of the country has created a need for new products and resources. The development of new industries has been accompanied by a corresponding increase in the number of factories and mills, and the employment of large numbers of workers.

ABOUT THE CAMPUS.

Instructor Stephens has been confined in the hospital with a severe attack of grip.

A community social will be held at the home of Pres. and Mrs. Snyder Thursday evening.

A special election for the purpose of electing a school board has been called for Feb. 5 by the East Lansing community.

The short course students did the capitol and other points of interest at Lansing Thursday under the direction of Prof. Smith.

Mrs. J. J. Meyers and Mrs. W. J. Wright entertained the members of Dr. Bissell's Sunday school class Thursday evening.

The smiling countenance of B. A. Faunce, former editor of The Record, was seen about the campus Monday. We are glad to see him looking well and prosperous.

The cottage cheese makers, are busy filling orders. Those who are desirous of obtaining their products are kindly requested to file their orders with the Dairy Department, in forepart of each week.

M. E. Valleau, sp., during the year '80-'81, called on friends at the college recently. Mr. Valleau was a great lover of botany and has named a new species of Slowas Beal Valleau, for Asa Gray and Dr. Beal. We hope that the fact that this is number thirteen in Mr. Valleau's Family will not prevent his attending to the high standing which such a name would indicate.

Every kind of FURNITURE FOR YOUR ROOM.

Cots Folding Beds Mattresses
Book Cases Desks
All Goods Delivered Free.
M. J. & B. M. Buck.

WOULD like to have you look at some late styles we are showing in Cravanettes and Overcoats. Might save you some money— at all events you will get a snappy, up-todate garment. * Now showing all the late things Hains, Caps, Sweaters, Ties, Pennants, and Underwear. Nothing but new things find place here. * Cordially invite all students to make our store headquarters while in city.

WOODBURYS OLD STAND

THE RIVAL last Tuesday evening.

The next Promenade concert will be given in the Armory Friday evening, Feb. 21st. Mark this date on your calendar and watch for the program.

Prof. Myers gave a lecture on eye strain before the E. M. C. club at Lansing Friday night. Demonstrations were made with models made for the occasion.

H. S. Bailey, last year instructor in chemistry at M. A. C. and who since has been with the department of agriculture at Washington, has been transferred from the dairy division to the division of food inspection laboratories at New York, Chicago, Kansas City, etc.

A 30-page bulletin by Prof. J. J. Jeffery, e. i. e. led an Elementary Laboratory Study in Crops, has been recently issued by the Department of Public Instruction and is being distributed to the teachers of the State.

It contains studies in seed germination, the quantity of food stored in seed, depth to which seeds should be planted, effect of age on the vitality of seeds, vitality of bin grains, vitality of sprouted grains, vitality of kernels from different parts of the ear, effect of freezing upon the vitality of seed corn, necessity of air for the germination of seeds, effect of temperature on germination, exercises in corn testing, judging, etc.

About go of the young ladies saw William and Thomas Jefferson in The Rivals last Tuesday evening.

Mr. Minnie Hendricks has been quite ill with the g r p.

The members of the Ero Alphian Society were entertained last Saturday at the home of Miss Edith Roby, five miles west of the college.

President and Mrs. Snyder will entertain the members of the Y. M. C. A. at their home Friday evening in honor of Miss Hallie Lundys, student secretary of the Y. W. C. A.

Dr. L. Jodid, who was appointed at the last meeting of the Board of Agriculture as research chemist in the experiment station, comes very highly recommended. He obtained his technical education at the University of D. e. t. (Russia) and the University of Giessen (Germany), receiving from the latter the degree of Doctor of Philosophy. He afterwards spent several years in the laboratories of Prof. Dr. A. W. von Hofmann, Prof. Dr. Emil Fischer, and Dr. C. Scheibler, of Berlin. Since coming to this country he has been employed as chief chemist in some of the large sugar factories; having spent one campaign with the Sanilac Sugar Refining Co. at Croswell, Mich., Dr. Jodid has published a number of scientific articles both in Europe and in this country; among them may be mentioned the following:

"Full Economy in Sugar Factories."
"Recovery of Sugar from Syrups and Molasses."
"Utilization of the By-Product in sugar Factories."

A ABOUT THE CAMPUS.

The Themis society were the guests of Mr. and Mrs. M. D. Pickett of Okemos Saturday evening.

Merle E. Valleau, with '11, and wife (Roxie Palmer, with '08) expect to enter college again next September.

A modern large size Corliss engine will soon be purchased by the engineering department for experimental work.

Mrs. Snyder entertained a party of College ladies at a one o'clock luncheon last Friday in honor of Mrs. Edward G. Brown, of Detroit.

A cross country run with Olivet and Dr. Blaisdell and President Dickie of Albion spoke on the temperance question before a mass meeting held under the auspices of the W. C. T. U. in the auditorium of the Masonic temple at Lansing last Wednesday evening.

A "winter party" was given by Dr. Blaisdell and President Dickie of Albion spoke on the temperance question before a mass meeting held under the auspices of the W. C. T. U. in the auditorium of the Masonic temple at Lansing last Wednesday evening.

We will give our last $1-half off sale next week, Saturday, January 24 and 25.
Fancy woolen and linen basket affairs, students and work baskets, clothes hamper,
Cameron & Arbaugh Co.
P. F. —Fourth of all willow baskets.

ALL MEATS
You may alike to you, but there is a very great difference in the quality we handle and that sold by some other markets. We handle none but the very best. Like the pudding, the proof of good meats is in the eating. A trial will convince you that ours can't be of interest to members of the Davenport Engineering Concrete Co.

We are sorry to announce the illness of Mr. M. F. Johnson at Milo, Mich., of typhoid fever. Previous to his illness he was with the M. C. at Central R. R. at Council Hills, Iowa.

The team was defeated for the first time this season at Detroit last week Monday.
The following account was taken from a Detroit paper.

Detroit, Jan. 24.—In a game filled with ex-clent passing on the part of the local Y. M. C. A. representative and a number of hair-raising long shots which scored, by M. A. C., the local quintet defeated Coach Brewer's farmer last evening in the "Y" gym, 33 to 20.
The game was fast to say the least, and the M. A. C. was represented by the fastest five they have ever shown on a local court, and they made it necessary for the "Y" boys to go to top speed from start to finish to beat them as bad they did.

A large delegation of the M. A. C. alumni entered the game, which made the rooting even more usual, the go-od places of each side being cheered with equal volume. Coach Brewer, of the college team, refereed the contest in excellent style and kept the game going at top speed, and did not break up the play when it got heated but let them run, calling fouls for roughing only when absolutely necessary, the contest bordering on the intercollegiate style.

Saturday night M. A. C. lined up against Grand Rapids Y. M. C. A. in the Lansing Y. Gym and won a one-sided game by the score of 74 to 16. The Y. M. C. A. boys were simply smothered by the clever work of M. A. C. and could do nothing against the team which at times was of the sensational order and was so fast that it seemed to bewildер the visitors. Grand Rapids however never showed the white feather a minute and played with a determination that brought them deserving applause. M. A. C. won games at times in fumbling the ball while Dickson got mixed up with his own men in two occasions in his anxiety to get the ball. Vondette scored sixteen baskets, Mills and Merz were sent to the floor by the hand half and played good games.

In a curtain raiser the Reserves defeated Lansing Y. M. C. A. 92-6, but had to play hard every minute. The line up for them was:

Gorton, Duther, Tanner, Campbell, GRAND RAPIDS M. A. C.

L5, but had to play hard every minute. The line up for them was:
