PROFESSOR SMITH MAY GO TO BRAZIL.

Has a Flattering Offer From That Country to Establish an Agricultural College There.

Prof. C. D. Smith was called to Washington last week to confer with the Brazilian Ambassador, Mr. Nabuco, who formally tendered him the presidency of Brazil's first Agricultural College. Though no contract has been signed it is quite probable that he will accept and will sail from New York on May 3. This action on the part of the South American nation has been made after a thorough canvass of the United States in search of the man best able to build up a system of agricultural education in that country and carries with it a correspondingly attractive salary.

The responsibilities of the position are broad and far-reaching. Not only will he be intrusted with the duties of an ordinary college but also with the working out of the details of a course suitable to the needs of the agricultural interests of that region. Coffee is now the principal crop but an effort will be made to introduce a diversified system of agriculture including the raising of wheat and improved breeds of livestock.

The site of the first college will be at Piracicuba in the state of St. Paul, the southeastern state of the country. When this is successfully established college will be established in the other states. It is peculiarly significant that a representative from this college, the first agricultural college in North America, should be honored with the presidency of a similar nature in this South American Republic.

BOARD OF AGRICULTURE TO BE ELECTED.

Resolution to that Effect Passed by Con-Con.

If the revised constitution is adopted when submitted to the people, the State Board of Agriculture will hereafter be elected by popular vote instead of appointed. The present constitution provides that the Governor of the State shall appoint in January of each alternate year two members to serve for a term of six years, and by an act of the legislature in 1905 provision was made for another member to be appointed from the upper peninsula. According to the resolution passed last Wednesday night the Board will be comprised exactly the same grounds as the Board of Regents of the University and will be elected in the same manner.

FARMER'S CLUB.

L. J. Smith speaks tonight on Farm Power.

R. J. Edwards '05 has returned to his home in Houghton where he will undergo an operation for appendix.

SECOND PRELIMINARY DEBATES.

Last Saturday evening the second preliminary debates for the Ypsilanti contest were pulled off. There were three teams of six men in each team debating over one of the literary societies at their regular literary meetings. We wish to thank the three societies for their courtesy to the debaters and their friends, and also the nine judges who kindly gave their services. The men winning the first four places will be rearranged and made up into two teams of six. The final preliminary to be held Feb. 29th. Below is given the teams and the winners.

Team I. At the Columbian rooms:

Affirmative. Positive.
A. C. Smith, 2nd Smth, 2nd Reader.
G. W. Grayhill, Judges, Prof. Rider Mr. Gunson, Mr. L. J. Smith. The Question: At the Union Literary Building:

Affirmative.
I. A. Affier.

Team II. At the Auroran rooms:

Affirmative.
J. P. O'Brien.
C. J. deCamp, J. J. McDermott.

Team III. At the Aurorean rooms:

Affirmative.
H. G. Manfield.
A. H. Perine, Mr. Tomkins, Mr. Stevens.

As was announced last week, the question, "Resolved, That the U. S. should be elected by popular vote," will be discussed at the Debating Club. Messrs. Ingalls and McMillan argued the affirmative, but the mass of evidence and unanswerable arguments brought forth by Messrs. Kelknap and Hoffman so affected the judges that two of the three voted in favor of the latter. There shall consequently be no further innovation of Chinese into our country. The decision of the judges was followed by an open discussion, giving all members of the club an opportunity to air their views upon the subject.

This week the question, "Resolved, That the U. S. senators should be elected by popular vote," will be discussed by Messrs. Mosses, Campbell and McMillan on the affirmative side, while Mr. Crane and Mr. S. R. P. Brown on the negative. Everyone is welcome to hear this discussion.

Room 7, College Hall, Thursday from 7 to 8 p. m.

PHI DELTA PARTY.

The Phi Delta society gave its winter term 10 o'clock party in the library Saturday evening and about sixty couples, including the members and their guests, spent a pleasant evening in dancing. The feature of the evening was the pretty light effects used at times. The gallery at the west end was decorated to represent a small wood and the lights turned off a large spot light for a moon and twinkling stars could be seen through the trees. Bunting, pennants, cozy corners and a student room made the hall look very attractive.

The patrons for the evening were Prof. and Mrs. Vodder and Prof. and Mrs. Keitz.

THE SHORT COURSE—PARLIAMENTARY CLUB.

Since the early part of this year's Short Course most of the first and second-year men have met regularly, twice or three times a week for instruction and practice in parliamentary law, under the direction of Instructor F. W. Howe. The class numbers about 90 members, meets regularly in Room 2 of the Dairy. The constitution and by-laws as "The Short Course Students Farmers' Club" is published in the other states. It is the same manner.

WHO'S WHO.

A. A. 

In the Independent for Feb. 6, L. E. F. Finple answers the article, Weighed and Found Wanting, in a recent number of Human Life. Mr. Finple is an enthusiastic supporter of Hughes and believes the attack made in Human Life is far from justified. Mr. Finple is now at Calum, Mich.

Below we publish a letter from H. E. Finple answering the article. These letters from the older alumni who still remain loyal to the college that should spur us on to greater effort to build up the college and widen its field of usefulness.

Editorial Records: Some time ago Rochester, N. Y., called my attention to the Recess Records. Some years ago I was a subscriber. Of late years, as my whereabouts have been somewhat uncertain, having been from the Atlantic to the Pacific and from the North Coast to the isabum of Vic­ enian, I have lost in a great measure the news from the M. A. C.

In a recent issue I read with much interest a short article written by one of my class mates, Charles C. George, who is located at Alaksa. I believe his letter awakened in me a great number of old college scenes, and called to mind some of the various things that I used to play on at Charles C.

Being located for some indefinite time in Pittsburgh, I should like to get the Recorder regularly, and here with enclose my subscription for one year. The Recorder will reach me if sent to my office, 17th, Farmers' Bank Building, Pittsburgh, Pa.

Friend Clark called on me today, advising that he had severed his connection with the insurance business, and was to devote his entire time and attention to the selling of railroad bonds. I can only wish him success, for if what he has done has been good it will be much safer for all of M. A. C. as well as the entire world, to travel on our railroads.

In the issue of January 14th, I noted that Dr. Johnson, who is one of the men of different students, and not none of my class of 1878. It wish it were possible that more of the students of the early 80's might communicate through the columns of the Recorder.

SHADE TREES FOR PUBLIC ROADS.

You can help.

This is a great work for some one to do in pushing the roadside shade tree idea in Michigan. Do not wait for your neighbor to start.

There is a stretch of five or six miles of public road west of Dewos, Kanis, lined with trees on either side.

Naturally, travelers, who can do so without losing time on their way, will select this road and the trees lend additional value to the farms on which they stand.

For one-half of the distance along a field a quarter of a mile long, the trees were received by the renter of the rest of the way they stand close together and here where thus sheltered from the south winds, corn yields six bushels more per acre than in the rest of the field. The different appearance of the sheltered portion of the field, compared with the other, is very noticeable.

Six bushels per acre on fifteen acres increases the yield of the field by ninety bushels. This at $2.50 per bushel, amounts to $225, much more than compensates for the loss of ground occupied by the trees.

It is published by the University of Chicago Press, Chicago and New York.

Y. W. C. A.

The meeting of the Y. W. C. A. held on Wednesday was unusually well attended. Rev. H. C. Wilson, of the First Presbyterian church of Lansing, gave us a very helpful talk on "The Divinity of Christ." The society hopes to have Mr. Wilson for another evening in the near future.

A larger attendance at the weekly meeting is earnestly desired. We feel that you will not only be helping the Y. W. C. A. by your presence but that we can do you good.

"Come, let us worship together."—E. M. McGlavey is now Superintendents of schools at Coldwater, Mich. He has recently been re-elected for two more years, and his salary is increased.

Wednesday evening—Overture—M. C. A. Orchestra; March—M. C. A. Orchestra.
Thursday m. a.m.—Trombone solo, Mr. E. Hallock.
Thursday p. m.—Plato solo; Miss Mildred Fletcher.
Thursday evening—A Hunting Scene; M. A. C. Band; Song of the Vikings, M. C. A. Band.
Friday m. a.m.—Vocal solo—Edward Read.
Friday p. m.—Trombone solo; Miss Lyle Smith; Vocal solo—Herbert Taff.

WOMEN'S SECTION.

Wednesday, p. m.—Vocal solo, Mary Allen. Piano solo, Edna Hepson.
Thursday, p. m.—Vocal solo, Miss Mildred Fletcher. Piano solo, Mrs. Thrushman.

CHAPTERS IN RURAL PROGRESS.

BY SERVON L. BUTTERFIELD, '97.

Chapters in Rural Progress. 250 page book dealing with rural economic problems by Pres. K. L. Butterfield, of the Massachusetts Agricultural College, and a graduate of M. A. C. in 1893, comes to our desk. In it are discussed problems of rural progress, the agencies which are at work solving these problems and the social side of the farm question.

President Butterfield has made a careful and exhaustive study of the economic and social problems of the farmer, and always has been directly associated with farmers' organizations and with a recognized authority.

The book will prove a valuable addition to the literature on this increasingly important subject.

It is published by the University of Chicago Press, Chicago and New York.

F. H. SMITH STRECKEN WITH APOPEXY.

Student at M. A. C. 1876-78.

Fred N. Smith, proprietor of the Star laundry, near Michicauve, was stricken with apoplexy while taking a nap this noon, and died in about a half hour.

Mr. Smith had eaten a hearty meal and lay down in a small room off the entrance to the laundry and immediately went to sleep. He made no struggle or noise when the attack of apoplexy came on.

The body was removed to his home at 213 Main St. C.

Mr. E. McElroy is now Supt. of the Round-up, with the idea that the Round-up will be a better organized function in the future.

Y. A. C.

The idea for the Round-up was born in Oak county 50 years ago, and then moved with his parents to Water town, New York, where he attended school. Later took two years agricultural course at the M. A. C. He came to the city about 17 years ago and has been engaged in the oil business. Later he went into the coal business with Fred Wells, Sr., the firm name being Wells & Smith. About four years ago he purchased the Star laundry. He is survived by his wife, and three children, Mrs. Charles St. Johns and Miss Gladys and Franklin Smith, all of whom reside in this city. His mother, Mrs. Franklin Smith, and a sister, Mrs. John Steiner, also survive him.—St. Republic, Feb. 3.

Owing to the fact that Mr. Rogers, deputy baggage man, cannot be at the Round-up Thursday afternoon he will speak Tuesday evening in his stead.

Prof. W. J. Toomey of the Yale Forestry School will be at the Round-up and will speak Tuesday evening on the Outlook for the Yale Forestry. Prof. Toomey is a graduate of M. A. C., with the class of '99.

Messrs. R. J. Pratt, '09, and G. M. Klotz, '09, are substantially credited into the mysteries of the Alpha Zeta this week.

WHAT A WOMAN CAN DO IN HER TOWN.

"Your front yard and your back yard are things, which, if properly laid out and beautifully, contribute as much to the beauty and the ethical life of the community as anything that could be done anywhere. Be a beautifier in man's well-being. If you help make the world beautiful you are doing as much as any one can do.

It is not only here in your yards, but out in your streets, in your public squares, in your schools and churches, around your depots and public places, that interest and charming results can be obtained.

If you are a woman of idea and taste, don't hide your light under a bushel; don't stand in your little corner and think that you are forsaken and of no account. Talk. Express your views. Go to the people who are doing things, or who are capable of doing things, and see if you cannot become helpful to them.

You can see whether your and other people's school children are surrounded with the proper artistic and intellectual atmosphere which belongs to the school—whether it has growing plants; whether it has pleasing and attractive pictures on the walls; whether the spirit of the school room is kindly and intelligent. And if these things are not right you can find ways of making them right."—The Delinquent, Feb. 9, 1908.

BOMBARDED.

"Ah, my friend," said the old soldier, "you don't know what it is to be in the midst of a shower of shells.

"Yes, I do," responded the younger man.

"Been in the war?"

"No, but I have often sat in the parquet while the gallery guns were answering peacans."—Detroit Tribune.

Of all the habits and principles which make for success in a young man, the most useful is the determination to do and to do right all the things which come his way each day, whether they are agreeable or not. The ability to do this is best acquired through long practice in doggedly doing along with that which is agreeable a lot of things which are tiresome and monotonous and which one does not like.—For the young.

A treatise entitled, Researches on the Performance of the Screw Propeller, issued by the Carnegie Institution at Washington, has recently come to our attention. The author is F. Durand, Prof. of Mechanical Engineering at M. A. C. from 1887-1891. Prof. Durand is now with the Leland Stanford University.

If all the caramels given to girls by our students were combined into one caramel it would take a girl 2 or 6 ft. to chew, having a tensile strength of 300 ton per foot to chew it. Oh, ye of little consideration! think how the women are feeding and pity the man who must be her husband.—The Paladium.

Waxness—I've got frog's legs chicken's liver, calves' brains. Waitress—I've got frog's legs chicken's liver, calves' brains. The Fulcrum.

Boer—an I'll advise you to see a physician.—Ev.
Miss Rose M. Taylor of the U. of M. takes up her work in the department of botany this week.

Instructor Halpin and the students electing poultry were in Mason Thursday attending the poultry show.

The agricultural section of the Michigan Academy of Science will hold its annual meeting at the college in April.

James Dewley, graduate of the special sugar beet course in 1901, and now superintendent of the Carrolton factory in Saginaw county, was a college visitor last week.

These are the days when the various M. A. C. alumni organizations are holding their annual meetings. The Record would be glad to receive reports from their meetings.

M. A. C. will send Shaasberger for first and Hoopingarner for alternate to the state oratorical contest at Hope College. It will be like the Dutch getting home.—Moderator Topics.

Mr. L. F. Slackleton, of Grand Rapids, a student in the special short course in general agriculture, was confined to the hospital by an acute attack of rheumatism last week. While there he received news of the death of his mother which occurred on Wednesday. He was able to leave Thursday evening to attend the funeral.

Flowers for the Junior Hop. Leave your orders with Chas. Dunn, 59.

Instructor Laverence was in Williams last Saturday afternoon to attend a funeral of his grandfather.

Dean Gilchrist gave an afternoon luncheon in her parlor Sunday, for the young ladies and their brothers who are attending college.

At the school election Saturday, the following board members were elected: Prof. H. K. Vedder, Prof. W. Babcock, R. S. Baker, A. C. Jenson, S. A. Robinson and Dr. C. E. Marshall.

The annual oratorical contest of the Ero Alphian Society was held last Saturday afternoon. Miss Gilchrist, Miss Paddock and Prof. Heidrick kindly acted as judges, and gave the decision in the following order: 1st, Miss Zipfel Kimmell; 2d, Bernice Griffin, and 3d, Elizabeth Frazer.

Considerable comment was made last fall when the sophisticates departed from the usual custom of having the class athletes distinguished by numerials. When the sweater vests were “sprung” last fall every one had the numeral ‘10,’ the athletes being distinguished by an arrow. The upper classes took the matter up in class meetings and appointed committees to investigate customs in other colleges. Recently the sophomorae have appointed a committee to work with those from the junior and senior classes. The numerials may have to go.

Dr. Hurt would like to get a student stenographer for a few hours’ work each week.

D. C. Carpenter, ’10 Agr., has been confined to his home in Lansing on account of a serious affliction of the eyes.

A delegation from the State Association of County Supervisors, which met in Lansing last week, visited the college Thursday afternoon.

A very pleasant evening was enjoyed by those who attended the military party last Friday evening. The college orchestra which made its first public appearance in this capacity was highly appreciated. Prof. and Mrs. Vedder, Secretary and Mrs. Brown, and Prof. and Mrs. Baker were the patrons.

Judge Landis, who soaked the judge who soaked a student with the judge who soaked a student, returned, and then enforced his decision by putting in an alternative of 53 days in the cooler in case the poor man could not raise the price.

But it is only another evidence that the rich and powerful may violate all the laws of the land and wretched must suffer. We fear that anarchistic doctrines will result at Albion College.—Normal News.

E. C. Kreih spent Sunday in Davison.

ABOUT THE CAMPUS.
The baseball men will start work this week. The schedule, which is

the best a team has ever had to work for, has every man anxious to

get to work, and it is expected some 75 or 100 will respond to the

call. A tentative schedule has been announced as follows:

April 19: Olivet at M. A. C.

" 20: De Pau University at Chicago.

" 21: Detroit College at M. A. C.

" 22: Notre Dame at Notre Dame.

" 23: Detroit College at M. A. C.

May 2: Alma at M. A. C.

and Mr. William Hcnford Law­

of the Experiment Station there.

lar position in the Washington State

at M. A. C, and now holds a simi­

rence. Miss McDermott was the

of Miss Edith Florence McDermott

announcement of the engagement

doing a week for a dancing party

so that no available time has been

this, Tuesday evening, the finals

at Wabash and Notre Dame, and, if satisfactory

the .athletic carnival later in the

term. A thirty-yard dash was run

and Moscow; and will meet the winner of the

finals Bignell, Trautman, Small and

Miller each will a heat.

" 30: Detroit College at M. A. C.

" 31: Wabash at M. A. C.

" 1: Olivet at Olivet.

" 2: Hillsdale at M. A. C.

" 3: Detroit College at M. A. C.

" 4: Wabash at M. A. C.

" 5: Hillsdale at Hillsdale.

" 6: Alma at Alma.

" 7: Lake Forest at M. A. C.

" 8: Ypsilanti at Ypsilanti.

" 9: Syracuse University at M. A. C.

" 10: Detroit College at M. A. C.

" 11: Alma at M. A. C.

The home schedule is especially

attractive, Alma, state champions,

for two games, while Wabash, Lake Forest and Syracuse University,

the last named, one of the largest

and best known of eastern institu­
tions, will also prove fierce.

Games have been requested also

by Helio, Detroit College, Notre Dame and Nazareth, and, if satisfactory

shifts can be made, some of these may be substituted or added to the

above.

Interest in track work appears to

be more lively than in any previous

year. Some one hundred are now

enrolled for the work and last Wed­

nesday evening there were sixty

five on the floor in track suits at one

time. A thirty-yard dash was run

off, eight squads of six men each

starting. The performance finally

left Bignell, Hanson, Gilbert, Small,

old men, and Trautman and Miller,

two from-Evansville, Indiana, and

finally Bignell, Trautman, Small and

Miller each won a heat.

The wrestling and tumbling

squads are working regularly. The

wrestlers will start their matches

this Tuesday. The schedule, the squad

an exhibition by the tumbling

team to be given in connection with the

athletic carnival later in the

term.

In the class basketball series the

Sophomores are still undefeated,

and to the class of '04.
