Looks Like Another Record Breaker.

All Departments Crowded.

Change in Registration System.

Judging from the crowds of new students waiting to be enrolled at the President’s office, and the number of old students who are returning, it looks as though the attendance will outnumber the record breaking attendance of last year. All departments will be crowded. The registrar’s building, however, will provide facilities for handling the engineering students and the professors to the rank of assistants in mathematics and English. The agricultural and forestry departments may experience some difficulty until the completion of the stock building annex to the new agrarian building. This part of the building is promised by Nov. 15th, and will provide ample room for these two departments’ work.

The women’s department is full to overflowing. Every available room has been assigned to a suite of rooms in Howard Terrace, formerly occupied by Miss Paddock, has been overbooked and many students serve as a dormitory with Mrs. Peppard as matron, and still others, unable to find accommodations here, will be taken care of at Mrs. Martin’s.

The office of Registrar, newly created last year, will somewhat simplify the method of classification. All old students now report direct to the class officer when they are classified. From there they go to the registrar in college chapel, where they are enrolled, and from there to the registrar’s office where the fees are paid. The new students report first to the president’s office from which they are assigned to the proper classes. From there, they go to the class officer, and then follow the same route as the old students.

From present appearances it looks as though the total enrollment will be greatly in excess of that of last year.

Promotions.

Recognizing their efficient work in their respective departments the State Board has promoted the following instructors to the rank of assistant professor as follows:

A. C. Anderson, assistant professor of mathematics; C. C. Waddell, assistant professor of mathematics; C. S. Haden, assistant professor of mechanical engineering; C. C. Waddell, assistant professor of chemical engineering; C. P. Hillman, assistant professor of agriculture; H. M. W. Norton, assistant professor of animal husbandry; J. A. Polson, assistant professor of mechanical engineering; R. H. Brown, assistant professor of bacteriology.

R. S. Clarke, with ’91, is with the Great Western Building Co. of Collingwood, Ontario. He will not return to college this year.

Victor T. Wilson
Professor of Drawing and Design.

Harry J. Eustace
Professor of Horticulture.

New Members of Our Teaching Force.

In addition to the new students we welcome to M. A. C. this year a large number of new professors and instructors as follows:

Prof. Victor T. Wilson, of the drawing department, was educated in the public schools at Philadelph and at the Pennsylvania Museum and School of Industrial Arts, and at the Academy of Fine Arts. Later he was graduated from Cornell University with the degree of M. E. He has had practical experience in the drafting room and as a teacher. In 1893 he taught in the Central Manual Training School of Philadelphia. From there went to Cornell University as instructor in drawing. From there he went to Drexel Institute as instructor in experimental engineering and from there to the University of Illinois as assistant professor of mechanical engineering and from there to the University of Michigan as instructor in mechanical engineering. Following this he held a similar position in Pennsylvania State College, which he resigned to accept the head of the department here. He is the author of several works on mathematics and drawing.

Prof. H. J. Eustace, now at the head of the department of horticulture, is an M. C. product, having graduated with the class of 1891. Mr. Eustace is a native of New York, a graduate of the Rochester high schools, and was for some time in the nursery business at that city. After graduation Mr. Eustace was employed for five years as associate botanist at the New York experiment station at Geneva, giving special attention to plant pathology. He left this position two years ago, to enter the employ of the Bureau of Plant Industry of the U. S. Department of Agriculture. He was here engaged in fruit storage and transportation investigations which afforded opportunity for study in many of the most important fruit regions of the country. He resigned this position to accept the responsibilities of the department here. Mr. and Mrs. Eustace occupy the house on Faculti Row recently vacated by Prof. and Mrs. Taft.

P. M. Backwright, A. B., A. M., instructor in English, Mr. Backwright is a teacher of some experience, having taught in the Louisiana A. and M. college. He has recently done graduate work at the University of Colorado.

Miss Kate M. Coates, B. S., instructor in domestic arts and home economics, was graduated from M. A. C. A. with the class of 1895 and since that time has been teaching in the public schools. She returns to M. A. C. from the Saginaw High Schools where she has had charge of the domestic science work.

Miss Ruth Carroll, B. S., assistant in bacteriology and hygiene, Miss Carroll was graduated from M. A. C. with the class of 1908 and soon after began work for the bacteriological department.

Arthur E. Fesh, A. B., instructor in English, Mr. Fesh is a graduate of Beloit College in 1908.

Ward Gruen, D. V. M., M. S., research assistant in bacteriology, Dr. Gilmer is a graduate of the Alabama Polytechnic Institute and has done graduate work at Cornell.

Walter E. Hawkes, A. B., instructor in mathematics, Mr. Hawkes is a graduate of Amherst, Mass., with the class of ’97.

Lee W. Harrington, B. S., instructor in zoology, Mr. Harrington is a graduate of the University of Michigan.

Herman Hensel, A. B., instructor in English and German, Mr. Hensel is a native of Chicago and was graduated from Beloit College in 1907.

William E. Laycock, instructor in physics, Mr. Laycock has been superintendent of schools at Okemos, is a graduate of the Mt. Pleasant Normal School and has done work at the U. of M. Mr. and Mrs. Laycock will reside in Okemos until about Oct. 15th, when

NEW MEMBERS OF OUR TEACHING FORCE

(Continued from page 1.)

they will occupy a house now being replaced on Evergreen Ave., East Lansing.

Shepherd Leffler, A. B., instructor in Chemistry. Mr. Leffler is a graduate of the University of M. A., and did graduate work at the University of Wisconsin. He has been teaching at the university the past year.

Thomas W. Mason, B. S., instructor in Chemistry. Mr. Mason is a graduate of the Agricultural Department of the Pennsylvania State University with the class of '08.

Charles R. Mann, A. B., A. M., instructor in English. Mr. Mann is a graduate of Lawrence University and did graduate work at the University of Wisconsin. Mr. Mann has been teaching at the Waukesha, Wisconsin, high school during the past year.

WARD H. PARKER, B. S., instructor in Chemistry. Mr. Parker was employed last year as a teacher in the English department and is doing good work in his department. He will set as matron in the young women's apartments in the Terrace.

PHILIP ROSENBERG, B. S., instructor in mathematics. Mr. Rosenberg is a graduate of the University of Illinois with the class of '08.

EDGARD S. SHAPER, A. M., Ph. D., Research assistant in entomology. Mr. Schaper is a graduate of Indiana University, and has done graduate work at Leland Stanford and Cornell. He has had five years' experience in the laboratory.

LILLIAN L. PEPPARD, graduate in education, '07, employed as instructor of Domestic Science at M. A. C. last June.

MRS. Maudie C. Peppard, as head housekeeper of the college dormitories.

WARD H. Parker, B. S., instructor in Chemistry. Mr. Parker was employed last year as a teacher in the English department and is doing good work in his department. He will set as matron in the young women's apartments in the Terrace.

Miss LULU SNITKIN, Ph. B., assistant in bacteriology. Miss Snitkin is a graduate of Bennington College, Vermont, and has done good work in the department last spring.

H. L. SLORDON, A. B., Ph. D., instructor in English. Mr. Slordon is from Clark University, Worcester, Mass.

R. W. Thacker, W. C. A. secretary and assistant athletic director. Mr. Thacker is from Olivet College.

JACOBS WARSHAU, B. S., instructor in Chemistry. Mr. Warshaub is a graduate of the Shifford Scientific School of Yale University, and has done good work in the University of Ohio State College, where he was assistant in the chemical department.

M. A. Yothiers, B. S., instructor in entomology. Mr. Yothiers is a graduate of the University of Idaho with the class of '07. He did high school work last year. Mr. and Mrs. Yothiers will reside in East Lansing.

CUPID'S DOINGS.

Cupid's arrows have found many victims in college circles during the vacation season. Even some of the members of the faculty have not escaped. The following have come to our notice:

Leslie J. Smith, '07, instructor in farm economics, and Miss Shirley Frances Pierce, August 26, 1908, at Penock, Michigan. Miss Shirley Frances Pierce has been teaching in the regular college courses. She will occupy the rooms in Howard Hall, formerly occupied by Prof. and Mrs. Klockenhuber.

Walter H. Small, '08, and Miss Mildred P. Pettit, Sept. 9, 1908, at Smithsonian Institution. They were married Sept. 23, at Port Huron, Mich., where Mr. Small will teach in the physics department of the college.

J. C. Wiles, '08, and Miss Bertha B. Mead, at Baraboo, Wisconsin, August 30, 1908, at Varsity, Miss. L. Lodge, instructor in mathematics, of the University of Minnesota, who was married to the college. They will occupy the house formerly occupied by Mr. Wadleigh.

Miss Louise Hesse (sister of R. H. Hesse, '03, at Napoleon, Ohio, June 24, 1908. Mr. and Mrs. Hesse will reside in Cleveland, Ohio.

Harry C. Meek, with '07, and Miss Bessie K. Hinck, '07, at East Lansing, Mich., August 13, 1908. Mr. and Mrs. Meek will reside in Eaton Hall, Hill, Montana, Canada, via Victoria Mine.

Edw. B. Read, with '04, and Miss Rose M. Correll, East Lansing. Mr. Read, with '04, and Miss Bessie K. Hinck, '07, at East Lansing, Mich., August 13, 1908. Mrs. and Miss Hinck will reside in Eaton Hall, Hill, Montana, Canada, via Victoria Mine.

Mr. Avery T. Leavitt and Miss Claara Campbell, '07, at East Lansing, Mich., September 16, 1908. Mr. and Mrs. Leavitt will reside at Pueblo, Colo.

L. W. Peppard, '03, and Miss Grace Ellis, at Tallmadge, Ohio, Sept. 29, 1908. Mr. and Mrs. McMillan will reside at Laramie, Wyo. Mr. McMillan is foreman of the experiment station farm there.

Miss Ethel Cecilia Carroll, Sept. 16, 1908, at Madison Park, Chicago, Ill. Mr. and Mrs. McMillan will reside at Laramie, Wyo. Mr. McMillan is foreman of the experiment station farm there.

Miss Lillian Taft is reaching domestic science in the sixth and seventh years of the college and is feeling much improved. She will be present at the meeting of the college on October 1st.
A new supply of hymnals has been placed in the chapel.
The well for East Lansing's new waterworks system is being driven.

**REGULATIONS AND CUSTOMS.**

I. Class numerals can be worn only by members of its football, baseball, basketball, or track teams, or by those who have earned a position on the first or second varsity teams, and then only when these numerals have been awarded by the Athletic Council upon the recommendation of the class.

II. Each and every freshman and sub-freshman shall wear at all times during the Fall and Spring terms except on Sunday, caps of the following description: For freshmen an official brown cap with a small visor and a green button; for sub-freshmen a gray cap with a black button. They shall not at any time in college wear a pin representing their preparatory school in any manner, nor shall they wear any emblem or insignia of that institution.

III. “Student night” shall be the last Thursday night of the Spring term, when a celebration in the form of a “Night Stirr Purdey” shall be held under the supervision of the Junior class. At this time the freshmen and sub-freshmen caps shall be burned. All classes shall participate in this celebration.

IV. No freshman or sub-freshman shall be allowed to go without a cap or hat about the campus.

V. There shall be no hazing. Occasionally some individual first year man may be made to feel that one can know too much from the first, but loathing is severely condemned as a general practice.

VI. The old class rules have been abolished and the “Organized Rush” on the second Saturday of the Fall term abolished.

VII. No student shall be allowed to loaf around the college barber shop.

VIII. Freshmen and sub-freshmen shall at all times show due respect to upper classmen.

IX. All students shall show their respect to college professors by tipping their hats.

X. The most important social function of the college course is the “Junior Hop,” given by each class during the Winter term of its Junior year.

XI. The week of commencement shall be known as “Senior Week.”

**PRIVILEGE.**

I. Only seniors shall be allowed to wear stiff hats about the campus.

**TRADITION.**

I. A time honored tradition at M. A. C. is that no student shall smoke on the campus.
Most of Last Year's Champion Team Will be Back.

PLENTY OF NEW MATERIAL.

With all but three of last year's champion team back for the game this season and with a wealth of new material, football prospects look very bright indeed. Coach Brewer had a squad of 130 men out for a week's practice before the opening of college, and is now having workouts twice daily. Beginning Wednesday regular practice will begin at 4 p.m.

Of the old team More e, Campbell, W. Brecker and Exelby e, and McKenna and Courtright of the backfield will be back as will also Burrows of the '05 team, will be in the game this season. A few new men, among whom may be mentioned Lee, of Hart, Mich., and Bennett, of Muskegon, were out for early practice and show up well. Monday brought out an abundance of new material, it is expected that a squad of at least 60 will be working out before the end of the week.

The back field positions as usual will be the hardest to fill. McKenna will probably hold his old position, Courtright and Mills will be tried out for quarter and Maloney in making some sensational practice punts.

THE SCHEDULE.

Oct. 1—Flint State School at Lansing.
Oct. 2—Michigan at Lansing.
Oct. 17—Kalamaoo Normal at Lansing.
Oct. 31—Brady University at Chicago.
Nov. 7—Olivet at Olivet.
Nov. 14—Hillsdale at Hillsdale.
Nov. 21—Detroit at Detroit.
Nov. 28—Detroit Athletic Club at Detroit.

Of the ten scheduled games six will be home games, which will include Michigan and Wabash.

Sixty running feet has been added to the south bleacher and 192 feet to the north side of the field which will be erected on the north side of the field.

The hack field positions as usual followed their act. and before the season opened the Indians were ready for another world wide war. CALAMITY JACK WINCES AT A DANDY MONARCH.
