REVIEW OF FOOT BALL SEASON.

CLOSHERS WITH BANQUET DEC. 11.

The football season just closed has been the most successful of any season the M. A. C. team has yet attempted. The reason for this lies to be found in the fact that the team has been put together for one purpose, to give the best football game possible.

A good schedule of games was provided and the manner in which this schedule was played is a matter of conversation all over Michigan. Never before did an M. A. C. team go through an entire season without meeting defeat, and seldom has any college team played institutions ranking with Michigan, Was­ bush and DePaul and kept its goal line clear.

M. A. C. scored a total of 26 points against 22 scored by oppo­ nents. From these points were obtained by the strong D. A. C. team of Detroit. The largest score recorded in any single game was 38 points against the Reserves, and the largest on a college team was made in the game with the Michigan State School for the Deaf, when M. A. C. scored a total of 31 points.

Two games were played when M. A. C. failed to score. Michigan University at Lansing, and DePaul at Chicago.

With the exception of Fraser's broken fingers not a serious injury was suffered during the season, which speaks well for the condition of the players, and for the training they received at the hands of "George" who worked faithfully all fall keeping down swellings and sore spots.

The most noticeable defeat of the season was the week before Thanksgiving. Every person connected with the college should have been down on the bleachers on that Friday evening. Any one who wishes to get in the debates must hand their names to the secretary of the team before the term is over, as the first preliminary is to be pulled off on the second Friday evening of the new term. Other business executed at the meeting was the election of officers for the winter term. The following men will hold office:

J. W. Chippin, President:
J. D. Van Wagenen, Vice-president:
A. H. Perrine, Secretary-treas­urer:
H. T. Kempster, Chairman of Program Committee.

The names entered for the preliminaries were made up into the following teams, the selection being carried out by lot:

TEAM I.

Affirmative.
H. B. Burnham.
H. P. Kierstendt.
J. O. Layton.
J. H. Frasson.
K. D. Van Wagenen.

TEAM II.

R. W. Walker.
R. Lyon.
C. H. Bower.
C. M. Frey.
E. S. Lautner.

TEAM III.

R. G. Kloscher.
W. C. Spratt.
C. S. Crane.
A. M. Miller.
G. F. Morell.
A. H. Perrine.

TEAM IV.

C. J. Pearson.
W. Chippin.
F. H. McDermid.
A. G. Bovee.
T. C. Nash.
J. E. Barofek.

These teams will debate the main question, which is: "Resolved, That corporations engaged in interstate commerce should be required to take out a federal charter, constitution­ ally being concealed," on the same night in different places.

The following are the officers elected at the first meeting:

President: Mr. MacLachlan; Vice-President: Mr. Martin; Secretary: Mr. Bissell; Treasurer: Mr. Big­ nell; Sergeant-at-arms: Mr. Campbell.

LIBERAL ARTS UNION.

At a meeting held in the chapel last evening there was organized a society known as the Liberal Arts Union of the Michigan Agricultural College, whose purpose was set forth in a paragraph of the constitution adopted:

"It shall be the purpose of this organization to encourage and stimulate the members to make a broader social and cultural life in the college, and to bring about such conditions."

The following board of directors were elected:

Dean G. W. Bee­ sell, Prof. Dean Gilchrist, Prof. E. H. Ryder, Prof. A. J. Patton, W. D. Frizer, C. L. Nash, and Roy Turner.

The activities of this organization will naturally be varied and extensive, depending largely upon the existing requirements from year to year.

EUNOMIAN.

A delightful informal gathering in the way of an old fashioned box social was held by the Eunomian Literary Society in their rooms last Saturday evening. The formal portion of the evening was punctuated with music and songs, and a final "dash" for the box lunches, which was served in Christmas boxes.

The society was honored in hav­ ing Prof. J. H. Eustace, and Mrs. V. T. Wilson and Dr. and Mrs. E. A. Seeleye.

GERMAN CLUB.

The members of the German classes were invited to meet in the recitation room in the Women's building on Wednesday evening for the purpose of organizing a German club. So large a number of women responded to the invitation that it was necessary to change the recitation room at the Women's Building was almost filled. Mr. MacLachlan, "to act as temporary chairman, and explained a plan of organization which had been worked out by members of a class of junior engineers under Mr. Hens­ sel's charge. This plan was adopted, officers elected, and thus was started an organization that will no doubt give the members great pleasure and profit. The club hopes to add to the social life of the college something of real value, and to supply the course in German by providing practice in conversation, in reading prose and drama, and in learning songs and poems. Perhaps one or two German plays will be presented each term.

After the venture has been fairly launched by those naturally its spon­ sors, the German students in college, it is hoped that an opportunity may be given others interested in the language to join the club.

The following are the officers elected at the first meeting:

President: Mr. MacLachlan; Vice-President: Mr. Martin; Secretary: Mr. Bissell; Treasurer: Mr. Big­ nell; Sergeant-at-arms: Mr. Campbell.

UNION LITERARY.

The Union Literary Society held an open meeting last night, being attended by a number of young ladies from the Women's building, and by a number of the members of the faculty, Mrs. Landis and Mrs. Norma Gilchrist chaperoned the gathering.

The following program was rendered:

The following board of directors were elected:

Dean G. W. Bee­ sell, Prof. Dean Gilchrist, Prof. E. H. Ryder, Prof. A. J. Patton, W. D. Frizer, C. L. Nash, and Roy Turner.

OLYMPIC.

The Olympic society entertained a venison roast in Williams Hall Saturday evening. At the banquet Prof. H. J. Eustace, president, as toastmaster and the following re­ sponded to toasts: "Dean," E. P. Wandle; "Olympics," N. J. Hues­ ton; "Teering," R. S. Wheeler; "Deans," E. P. Wandle; "Olympics," N. J. Hues­ ton; "Teering," R. S. Wheeler.

The room was decorated with hunting para­ phernalia, etc. Following the banquet a dance was given attended by 90 couples. Dean and Mrs. Bissell and Prof. H. J. Eustace were par­ ties.

BASKET BALL PROSPECTS BRIGHT.

That M. A. C. will be represented by a basket ball team which will be a repetition of last year's fast and clever players can be depended on, even at the near opening of the game.

Thirty-five men answered the first call of the season, last Wednesday evening, and among them were many who showed up in style. There are several of the men who are known to the attainment of great things in their work on high school and other state teams during the past few years.

When the team comes together as a championship team all are back except Vondette and Hart, Pres.; R. A. Smythe, of Benton Harbor, Treas.; Miss Adeline Hart, Secret.; Prof. W. E. Burton, of Ypsilanti, Asst.秘.; C. J. Monroe of South Haven, and B. E. Williams of Kalamazoo, as judges at fruit exhibitions. Prof. W. E. Burton, of Ypsilanti, and the latter two by graduation, their high school friends and acquaintances.

Real practice will not begin until after the beginning of the winter term, but those present will be carried on regularly with the view of getting the men in condition for the hard work that will be borne before a championship aggregation can be molded into shape.

A feature from the usual manner of scheduling 8 or 20 games will be made this year, as the schedule calls for fewer games, but with stronger teams which should tend to make the sport more interesting for the spectators.

Of M. O. opens the season here Jan. 9. This is the first attempt the university has ever made at turning out a basket ball team, but hopes are entertained that it will be composed of star material, and men who will be carried on regularly with the view of getting the men in condition for the hard work that will be borne before a championship aggregation can be molded into shape.
