LIBERAL ARTS UNION—ENTERTAINMENT COURSE.

The attention of the readers of the RECORD is invited to the very excellent entertainment course offered by the Liberal Arts Union College to the people and others who may be fortunate enough to secure tickets. The numbers and dates are as follows:

Miss. Rita Forna and Kaltenborn String Quartette, Oct. 18.
Dr. Edward Burton MacDowell, Nov. 12.
Lorado Taft, Dec. 5.
Gov. E. W. Hoeh, Feb. 22.
May Festival—two concerts. Date to be announced later.
Season tickets are sold at $2 for the six numbers, and can be obtained at Secretary Brown’s office, where seats can be also reserved prior to each entertainment without extra cost.

Miss. Rita Forna is a prima donna soprano from the Metropolitan Opera Company of New York City. She is a native American, born in San Francisco and has studied abroad for several years, and has had the advantage of special training under Jean de Reszke, and has sung in English, German and Italian operas, taking the principal role under such managers as Savage and O’Ronnell. She is reported by the Kaltenborn String Quartette and a competent companion. The quartette is well known of its merits and will render an excellent program of classics, trios and quartets and violin and soloos.

Dr. Edward Burton MacDowell is a widely traveled and educated lecturer and correspondent. The subject of his lecture will be the Paganini portrait, a project of great moment and interest to all, and will be splendidly illustrated with lantern slides and moving pictures showing the scenes of the capital zone and the methods and progress of the progress in the digging of the ditch.

Lorado Taft, in addition to being one of the foremost of American sculptors, has the happy faculty of taking and holding an audience as he tells about his work. He brings to the lecture platform the complete paraphernalia of the sculptor’s studio and in the presence of the audience shows how plastic clay is handled and made permanent in the plaster cast. He has written “A Glimpse of a Sculptor’s Studio, or How Statues are Made.”

The writer is personally acquainted with Mr. Taft, has heard his lectures and knows that no one can afford to miss the opportunity to hear him.

Gov. E. W. Hoeh, while governor of Kansas, was instrumental in securing Federal aid in the Kansas irrigation work in Imperial Valley. Although I have severed my duties of the office, lie was reappointed to start whenever my old subscription were held Friday afternoon at the home.

Herschel B. Lazell.

The death is the result of tuberculosis, which developed from a severe attack of typhoid fever last fall. It was only with strenuous efforts less than a year ago that he had been able to exercise the duties of the office. He was reappointed to Belenire Nov. 13, 1908, where it was hoped he might regain his strength with but little assistance. He was survived by his wife, one son, John B. Lazell, and one stepdaughter, Miss Jessie Tomkins, of Omaha, Neb.

In U. S. Forest Service.

SARAH CHERW, RANGE STA.
Via Truexville, Cali.
Sept. 21, 1909.

My Dear Mr. Wright:

I enclosed and fifty cents for one year's subscription to the RECORD, to start whenever my new subscription express. Please change my address from East Lansing to New York, N. Y., Box K.

Although I have severed my active connection with M. A. C. still I feel as keen an interest in the courses, the student body, and would hate to miss even one number of the "College Lemon" with all its newy curious, for anything that sounds like old times is greatly received out here in the wilds and mountains of California.

With kindest regards to yourself and to old M. A. C., I remain,

J. ALFRED MITCHELL, ’09.

J. C. Hopppam, ’o9, has accepted an instructorship in the mathematics department of this college.

FOUR M. A. C. FORESTERS IN ACTUAL SERVICE.

This summer J. Coney DeCamp, Chester N. Wagner, Roy S. Wheeler and Irving Gilson have had the experience of actual forestry service. These men spent the vacation period in one of the state reserves of Montana, patrolling the woods on the lookout for fires and studying the various methods of forest protection.

This position paid a salary of $75 per month and is looked upon as a very probable resolution by the present class in forestry.

BIRTHS.

To Mr. and Mrs. G. R. Carr, ’09, Sept. 25, girt, weight, 9 pounds.
To Harry, Acteen Carr.
To Mr. and Mrs. Louis C. Brooks, ’92, m, Sept. 25, boy.
Name, Charles Harvey Brooks.

All students should save all college papers, programs, notes, an¬
ouncements, etc.
TUESDAY, SEPT. 28, 1909.

Johnson from Saginaw High ing. He had been captured by G. year are back except Wheeler, and it is hard to size up 70 men in so back of the state team. quarterback and captain and quarter­ and Riblett from Elkhart, Ind., making good showing and although the best from last year's scrubs are elby, Moore, A. T. Campbell, latter part of this week. They are Hill, Woodley, Morlach'and Mont­ Among the best known are Captain McKenna, Cortright, Ex­ Among the new material we have A CONSTANT STREAM OF NEW THINGS NEWEST, ODDTEST, MOST ATTRACTIVE STYLE INTRODUCED IN YEARS. COLORS DOMINANT FEATURE IN EVERYTHING IS THE WOVEN—AGE EFFECT—THE newest, oddest, most attractive style introduced in years. Colors were never prettier, and there are enough fashionable shadés for everyone to find a becoming one. There seems to be almost a pas­ sion for all tones of Violet, from the deepest purple to the softest shades of Lavender. Reason is good; Catawba Blue, Black and Grey.

**ATHLETICS**

PROSPECTS BRIGHT.

All the old men who played last year are back except Wheeler, and Coach Brewer is expecting him the latter part of this week. They are Eben, Ex­ cby, Moore, A. T. Campbell, Frank Campbell, Sheld, and Lem­ son. Lem son's substitute is A. C. Malisky, Patterson, Ballard, Stone and McWilliams from the team of 1925. These men are in first class shape and are practically ready for a hard game at present. Most of the best from last year's scrubs are back.

Among the new material we have the most promising lot of candidates that have ever entered the institution. Among the best known are Johnson from Saginaw High School, Detroit, last year, Hill, Wooley, Morlach and Mont­ ford from Benton Harbor High School, Show from Muskegon, Schwartzweizer from Buffalo, N. Y., and Riblett from Elkhart, Ind., quarter­ and captain of the state team.

There are many others who are making good showing and although it is hard to size up 70 men in so short a time, Mr. Brewer has confi­ dence that he will find dark horses of good quality from the material at hand.

**BREWER GETS BRUIN.**

Coach Brewer received a brown cub from Montana, Monday morn­ing. He had been captured by G. H. Higgin, Chas. Edwards, R. V. Tanner, C De Camp and Frank McClogg, of the forestry class of '09, Dor Skeels, '10, and "Buck" Wheeler, '10. These men have been actively engaged in the forestry service of the state, and it was while scouting the woods that the mascot was captured.

He is a bright little fellow with a fine brown coat and sparkling brown eyes. Mr. Brewer will name them in his work.

The first game will be held Wednesday between the two teams selected from the best of the squads. They will play 20 minute halves. The Flint "Dummies" will open the season Saturday in the annual game.

**SCHEDULE OF GAMES.**

Sept. 29—Varsity vs. Reserves at M. A. C.
Oct. 2—Flint State School at M. A. C.
Oct. 7—Detroit College at M. A. C.
Oct. 9—Alma College at M. A. C.
Oct. 16—Wabash College at M. A. C.
Oct. 23—Notre Dame University at So. Bend, Ind.
Oct. 30—Culver Military Academy at Culver, Ind.
Nov. 6—DePaul University at M. A. C.
Nov. 13—Marquette University at M. A. C.
Nov. 20—Olivet College at M. A. C.
Nov. 25—Detroit Athletic Club at Detroit.

**THE ENTERING CLASS.**

The entering class is larger than any preceding class. It will, by the end of the week, reach the 500 mark. The class is not only larger than preceding classes but is also of bet­ ter quality. Thirty-six per cent, of those entering qualified for the four-year courses, as against fifty­seven per cent, last year. The relative number of students enter­ ing the agricultural and forestry course is larger than heretofore. Thirty-eight and one-half per cent, of those entering will study agri­ culture or forestry.

Four yr. agriculture... 106
Four yr. engineering... 37
Four yr. women... 68
Total... 209

Y. M. AND Y. W. C. A.

A joint reception will be given in the Armoury next Friday night, Oct. 15th, at 7:00 p.m. All students both girls and boys, old and new, are very cordially invited.

Mr. Robert E. Dickson, '06, has recently received word from Yale university that he may enter that institution and receive a degree of M. S. after one year's work in the forestry course there. M. A. C. is the first college of its kind to be recognized by Yale and as Mr. Dickson is the first graduate from the course to seek a higher-degree in the school the best wishes of the students body and faculty are with him in his work.
