ADMISSION - BOTH CONCERTS . . . . . . . . $1.25
SINGLE ADMISSION . . . . . . . . . . . . . . . . . . . . . . . . . . . 75 CENTS

CHAPEL EXERCISES.

The schedule of chapel exercises for the spring term has been placed upon the bulletin boards. It gives the names of those in charge each morning and the subjects of their addresses. Some of the faculty who have been abroad will give two or three talks, each on some experience or object of interest met with on their travels. Others have chosen subjects of local interest or topics of the day. A glance is sufficient to show a very instructive and alluring has been prepared for nearly every day.

It is hoped that the students will show their appreciation and get the habit of going to chapel.

THE SCHOOL FOR SCANDAL.

Prof. King's class in dramatic impression presented Richard Brinsley Sheridan's comedy, "The School for Scandal," in the armory on Friday evening. Nearly four hundred students, faculty members and friends turned out to see the play; in spite of the fact that it was a stormy night. Each member of the cast acted his part well, displaying very careful preparation and not a little dramatic ability. Prof. King and his class should receive much credit for their efforts in producing this play, which was a pronounced success.

The net proceeds, amounting to about thirty or thirty-five dollars, will be turned over to the Holcad.

TUESDAY, APRIL 26, 1910.

TRIENNAL REUNION.

At a meeting of the alumni on Monday, April 18, further plans for the celebration in June were discussed. It was decided to hold the alumni banquet in the pavilion of the new Agricultural Building, also to issue a directory of the alumni events for the use of the visiting alumni. Many of the larger cities have local M. A. C. alumni associations, which will attend the meeting on mass and help to carry out the plans expected to be expected of large delegations.

The program, which will be carried on Alumni Day, Wednesday, June 22d, is as follows: President's address, Judge W. L. Carpenter of Detroit; oration, Hon. Charles A. Garfield, of Grand Rapids; poem, Mrs. Kate Cook Briggs, Washington, D. C.; oratory, S. B. Libby, of Hanco, N. Y.; history, Guy L. Stewart, Washington, D. C. The Horticulturne Division will celebrate the twenty-fifth anniversary of the founding of that department on Wednesday afternoon.

HORTICULTURAL CLUB.

A large number gathered at the Hort. Club last Wednesday evening to hear the talk on “Science” by Dr. Merton Adams. He always is a pleasing talker, and proved equal to the occasion at this time. The talk was a continuation of the series of lectures and thus brought out clearly the meaning of an authority. He then showed how each one, no matter what his occupation may be, is just as much of a scientist as the man in the laboratory, provided he does his work in a systematic way. One is co-ordinate with the other. Each is working in his own way for the uplift of the whole race.

After the talk, apples were served and the pleasant hour enjoyed by all.

DRAWING EXHIBIT.

A circular has announced the second annual exhibit of public school work in drawing at the Grand Rapids Art Association and under the auspices of the department of drawing and design. The exhibit is to be held this month under the direction of the inter-scholastic meet on May 14. Last year a large display of drawings was made, but it is believed that the exhibit this spring will far surpass the last, both in number of drawings and the characters of the work.

TAKEN BY MISTAKE.

At the dramatic presentation in the Armory Friday night, a croquette coat was taken by mistake. Owner may have same by calling at 11 E. Wells.

AFTERNOON.

A new bulletin, No. 219, entitled “Bean Production,” by W. E. Raven is now being mailed out from the experiment station. This bulletin will fill a long felt want as it is the first work on beans that has ever been produced by the station and will probably be a very popular publication. This crop is one of the most important of the state as Michigan furnishes about 60 per cent. of all the beans produced in the United States.

Another bulletin just being sent out is by Prof. R. H. Petitt, No. 258, entitled “Insects of Field Crops.”

Dr. Bean’s bulletin, No. 260, “Seeds of Michigan Weeds,” is still in the hands of the printers. This bulletin is very completely illustrated and will be a valuable addition to the list of experiment station publications.

Special bulletin No. 52, “Corn in the Upper Peninsula of Michigan,” by Leo M. Geismer, Director of the Upper Peninsula Experiment Station, is now in press. This is of special interest as it is the first bulletin ever published on the subject of corn in that section. The results of experimental work at Chatham have been printed in the Bulletin of the University of Michigan. This publication is the first of a series, each number of which will deal with a particular crop. It is commonly believed that corn cannot be successfully grown in the Upper Peninsula, but the information contained in this bulletin, which is the result of several years’ work, is expected to be of special value to the farmers of that locality.

There has been a phenomenal demand for special bulletin No. 51, “Spraying and Practical Outlines in Fruit Culture.” During the last week Dean Shew has received nearly sixteen hundred requests for this bulletin, coming from farmers all over the State. This is largely the result of the extension work which has been conducted by the college field agent, and of the interest awakened among the farmers by the institution. The demand for this bulletin has also made mention of this bulletin almost universally.

ANOTHER STUDENT ORGANIZATION.

A student volunteer organization, known as the Public Speaking Club, has recently been formed at M. A. C. The organization has for its object the advancement of the interests of public speaking in the institution. Members will be of great assistance to those interested in debate or oratorical work. The membership at present is limited to twenty men, and is to be self-perpetual by election. The club will hold meetings on Thursday evenings, at which time a program will be presented and a banquet given. Thomas C. Whyte, ’11, is the first president.

The baseball team, on its first trip of the season, lost to Notre Dame 3 to 1 and won from Culver 9 to 1, while the Wabash game was called off on account of rain and snow. Against the strong Notre Dame team, M. A. C. was outplayed, batting poorly, and after the first inning, when they got two runners on base, the game. Notre Dame got but three hits, while M. A. C. hit safely six times. Each side had two errors.

Friday the team struck rain at Wabash and the game was called off, while Saturday at Culver, playing in a snow storm, the team won 8 to 2. On Monday the team played four games and each victory pitched won and easily. The team hit and ran bases splendidly. Game five pitched a three base hit when the bases were full, Baker. Baker got two safeties and all the team hit when runs were in sight. TeRulker caught both games in fine shape.

BASEBALL THIS WEEK.

Ohio Wesleyan University, Friday, Western Reserve University, Saturday.

This week two of the most important baseball games of the season will be played when the varsity, on Friday, meets Ohio Wesleyan University at the Grand Rapids Coliseum, and Western Reserve University, both on the home field. This is the first time any of the Ohio teams have come here for an athletic sport, and we are especially pleased to have them, as both Ohio Wesleyan and Western Reserve are not only rated among the strong teams of the country, but represent the highest type of college athletics, since both are members of the Ohio Big Ten, which includes the leading college athletic leagues in the United States in the fight for championship honors.

It has been possible to get these two good teams here by doubling over with Michigan, who plays them both at Ann Arbor on alternate days with us. It is hoped that the Michigan game will hold as these games should draw the biggest crowds of the spring season.

TRACK AND FIELD MEET.

The fifth annual inter-scholastic track and field meet will be held under the auspices of the Michigan Agricultural College on the athletic fields of the college. The meet will be held on Tuesday, Saturday, and Sunday, May 2, 3, and 4.
When You Buy a Cloth Suit, Wash Suit, Coat or Cape this Spring be Sure to Look for “The Garment Label with The Big Reputation” and you’ll look for all that is high ideal in Man-Tailored garments for women.

These garments are famed for their perfect fit—remember this: The Fit stays. No finer fitting suits can be made. We are showing many splendid new styles on our popular Cloak and Suit floor this season.

Easy-buying-prices have been placed on all our Ladies Suits, that preach an eloquent sermon on money-saving opportunities for you.

THE F. N. ARBAUGH COMPANY

To the College Man:

We solicit your patronage, and offer for your inspection a carefully selected line of the latest furnishings. We make a study of your wants and have the goods you are looking for.

ELGIN MIFLIN

ABOUT THE CAMPUS

For Sale—A few compound microscopes by the botanical department.

Fred Buech has been at home sick during the past week with a severe case of tonsillitis and grippe.

Mr. B. A. Faunce, editor of the Record, is at Fremont, having been called there by the serious illness of his father.

George A. Brown made a tuberculin test of a herd of Red Poll cattle owned by E. W. English at Clarksville, last week.

Dr. Beale reports that upon examination of a pear tree near his home he found some of the blossoms killed by the frost, but enough left to insure a fair crop unless further damage is done.

Professor Charles P. Halligan was in Vassar last week helping the students and faculty Thursday morning at chapel with some of his class of ’68. His brother, Thorn T. Swift, graduated in ’99.

Prof. W. H. French addressed the Pomona Grange at Big Rapids on April 20th.

Mr. Charles De Waele, a freshman engineer, returned to college Saturday. He has been out on account of illness since the middle of March.

Prof. A. C. Anderson has returned from Hart where he was called to score a herd of Jersey cattle belonging to C. A. Pratt, which was recently qualified for registry of merit.

Prof. Arthur G. Hall of Ann Arbor, professor of mathematics and registrar of the science department of the University, was in East Lansing to attend “The School for Scandal” Friday evening and “The Falcon” Saturday evening. He was the guest of Prof. and Mrs. Wilson.

The union meeting of the Y. M. C. A. was given over to talks by the students of Prof. Myers’ missionary class. These students have been making a careful study of conditions in China, and discussions of the following subjects were listened to with much interest: Geography of China, History, Government, Forms of Religion, and The Missionary in China. These discussions were mainly by foreign students, and they brought to light the great value of the missionary class, as the students showed a thorough knowledge of their subjects, and were able to give them to their audience in a pleasing manner.

A party of the sub-faculty and their friends attended Mrs. Wright’s assembly in Lansing Friday evening.

Rev. and Mrs. Goldsmith will entertain the Scrooby Club at their home on Friday evening. All members and friends of the club are asked to be present.

“Monty” wishes to announce that this will be his final week at the college, as he expects to leave Saturday for his summer home near Fowlerville. His friends are invited to call.

Mr. J. A. Smith, the college photographer, has accepted a position as landscape photographer with the J. Horace & McFarland Co. of Philadelphia. He expects to leave M. A. C. about the first of June.

Miss Elida Yakeley was able to be in her office again today after an illness of nearly a week. Prof. Van Heiden and Miss Johnson over Sunday. Miss Garber is teaching school near Charlotte.

At a meeting of the Y. M. C. A. Thursday night, W. R. Walker gave a very able talk on “The Value of a Man.” “The basis of a man’s value,” said he, “lies in three things—health, intellect and integrity.

The freshmen oratorical contest of the Feronian Society was held Saturday afternoon. Florence Whitbeck received first honors, her subject being “The Southern Negro”; second, Melita Carstens, “Abraham Lincoln,” and third, Mabel Hutchinson, “Imaginary Speech of John Adams.” Mrs. Landon, Prof. Hendrick and Mr. Hensel kindly acted as judges.

A fountain pen still awaits its owner at the President’s office.

The baccalaureate sermon this year will be given by Dr. Charles H. Beale, of Milwaukee, Wis. Dr. Beale is a very popular preacher, and the college is fortunate in securing his services.

Miss Lois Garber, with the class of ’10, who left college at the end of her sophomore year, visited Miss Van Heiden and Miss Johnson over Sunday. Miss Garber is teaching school near Charlotte.

A party of the sub-faculty and their friends attended Mrs. Wright’s assembly in Lansing Friday evening.

Rev. and Mrs. Goldsmith will entertain the Scrooby Club at their home on Friday evening. All members and friends of the club are asked to be present.

Florence Whitbeck received first honors, her subject being “The Southern Negro”; second, Melita Carstens, “Abraham Lincoln,” and third, Mabel Hutchinson, “Imaginary Speech of John Adams.” Mrs. Landon, Prof. Hendrick and Mr. Hensel kindly acted as judges.

About a month ago State Game Warden Pierce donated to the college two beautiful specimens of the whistling swan which were killed on the St. Clair Flats in violation of the law and confiscated by the game warden. These were sent to Detroit to be mounted for the museum and will probably be returned and on exhibition before the end of the week.
ATHLETICS.

FIELD MEET.

Saturday, May 14, 1910.

AAA.

The annual freshmen erectoral contest of the Eclectic Society was held the evening of Saturday, April 23rd. The winners of the contest were G. W. Shaw, first, and F. L. Allen, second. Hon. C. B. Collingwood and Mrs. S. E. Crow very kindly acted as judges. Afterward all went down to the dank, where hamburgers, which had been fired in the grate, and coffee were enjoyed by all.

A COMMON ERROR.

With the approaching commencement comes the presentation of diplomas. Unless you are very sure about the pronunciation of the word "presentation," Dr. Beal refers you to the dictionary. Pronounce the "e" in the first syllable like that in the word "ten," not like "bee" as it is almost universally mispronounced.

38.

Mr. E. C. Krehb. '09, has changed his address from Grosse Ile, Mich., to Newell, Butler county, N. D.
