Ypsilanti arrived at M. A. C. 265 strong at 10:30, last Saturday, and came prepared to do things. The ball game, called at 3:00 p.m., was won handily by the home team, notice of which is given elsewhere, the victory being carried in the commission in debate. This is the ninth annual debate between the two institutions, and was won by M. A. C. at 7:30 in the pavilion of the Agricultural Building, Secretary A. M. Brown acting as chairman.

Question, “Resolved, that each Michigan city of 25,000 population or over shall be governed by a commission of not over nine men, to be elected at large, constitutionally created.”

The speakers for the affirmative were Norman Arthur, Loren E. Jolly and Albert Riddling, Normal College, and for the negative, J. C. DeCamp, E. A. Close and W. R. Walker, Agricultural College.

The judges were Clinton McGee, Esq., Pontiac; Dr. Thomas W. Nadel, Olivet, and Prof. J. Q. Adams, Adrian.

Each debater was given ten minutes in constructive argument and five minutes in rebuttal.

Secretary Brown, in a few well chosen words, announced the speakers, and said: “I believe on the part of the audience the same respectful attention that has always been given at these debates. Norman Arthur opened the debate for the affirmative. He believed that the present city government was to be complicated and cumbersome, and the division of power among the various departments of the city a confusion of functions. All our prominent citizens, he said, are of the opinion that the city should have an adequate, allowing of graft, bribery, etc., and that the fault is inherent in the commission form of government.

The ward government is for the politician, and not for the people. The commission form has been tried and proven a success. J. C. DeCamp, for the negative, aimed to prove that the existing evils were simply attendant to, and not inherent in, the present system, and that in 70 cities the present commission form of government had been found defective in the very essentials of the system. There should be no division of legislative and executive power, and the commission could work as a unit, and responsibility would be centered upon the few. This would eliminate ward politics and, he believed, bring the government close to the people. The city’s government is, he declared, stronger, and can be handled as such.

E. A. Close, for the negative, argued that there would be greater danger of corruption in the city government than in the present system. A commission form would establish incorrect relations between state and city government, object of a business organization,” said Mr. Close, “to make money; that a city to pay out money is to the best interests of its people.” For the above reasons he believed the commission form would be able to remove any of the existing evils.

Albert Riddling closed the constructive argument for the Normal, and mentioned three cities—Galveston, Houston and Des Moines—where the commission form of government, Comparative cost of running a city government was, he declared, greatly in favor of the commission form. The commission, he claimed, were satisfied where this form had been tried. In his rebuttal Mr. Riddling was strong, and caused considerable meritment by his earnestness.

W. R. Walker closed the constructive argument for the negative. He argued that placing the rule in the hands of a few men would tend to improve one or two sections to the exclusion of all others. The majority of cities which had tried the commission form had tried it for less than a year. It was a method that would be discarded one which had taken years of careful effort to bring about. With the ward system the people of the city can be educated concerning the management of affairs much better than they could under the commission form.

The best of feeling prevailed throughout, and Ypsi went back feeling happy.

FORESTRY SUMMER TERM.

The summer term for forestry students will open Tuesday, June 28th, and close Thursday, August 10th. In cooperation with the Public Domain Commission, the work will be carried on at Cold Springs, on the shores of Higgins Lake, Roscommon county. Here the student will be on the State Forest Reserve of 38,000 acres, excellent for work on jack pine, Norway pine, white pine, scrub oak and some white cedar. These reserve lands are typical of the well known cut-over pine areas of north central Michigan.

The country is high and rolling and slopes gently down to Higgins Lake, which is one of the largest and most beautiful inland lakes in the state.

This summer term is required work for Junior foresters at the close of the sophomore year. Each student should register at the Secretary’s office of the college not later than June 25th. There will be a registration fee of $2.50 and a laboratory fee of $5.00, and upon registration, the student should classify with the Junior class officer, or upon other terms of the college year.

Two courses will be given, as follows:

Civil Engineering 1.—Surveying Methods. Attention is given to the methods employed in government land subdivision platting, grading, drainage, and the compilation of simple problems in earthwork. The farm, level and plan-tables are the principal instrumentation studied, and their application to topographic and preliminary surveys. Must be preceded by civil engineering 1 or 2.

Forestry 3.—Forest Measurement. Calculation of the volume of felled and standing timber, the use and construction of log rules, the determination of the increments of diameter, height and volume. Special attention is given to the methods of estimating standing timber on large forested area. Pre-requisite to Forestry 12.

These courses are not complete in themselves, but are followed by more advanced work during the remaining terms of the junior and senior years. Texts on the subjects are procurable at the Cooperative Book Store.

Each student will supply himself with sufficient regulation loose leaf notebook paper, pencils, etc., etc., as supplies cannot be purchased in the vicinity of the camp.

Each course will entitle the students to five college credits.

Board will be furnished at $3.50 per week, flat rate. Tents will be furnished free of charge, and each student will supply his own bedding. Bedding should consist of the following: 1 Tarpaulin, 2 pairs extra heavy woolen blankets, 1 pair cotton blankets. In case of rough clothes, the student should equip himself with the following: 1 swimming suit, 1 swimming cap, 1 bottle mosquito dope, 1 pocket knife, 1 waterproof match safe with matches.

Daily routine will be that usual in Forestry Camps:

Turnout, 7:00 a.m.
Breakfast, 6:00 a.m.
Lecture hour, 9:00 to 11:30 a.m.
Field work, 11:30 to 1:00 p.m.
Dinner, 1:30 p.m.
(Delivered on page 7.)

The M. A. C. AND YPSILANTI DIVIDE HONORS

BALL GAME GOES TO M. A. C. - YPSI WINS DEBATE

No. 35

M. A. C. RECORD

Michigan State Agricultural College.

Vol. 15

LANSING, MICHIGAN, TUESDAY, JUNE 7, 1910

Mr. W. O. Heidelberg, Secretary M. A. C. Alumni Association, East Lansing, Michigan.

My dear sir: I am enclosing your post card filled out in a way that I do not like. It will be quite impossible for me to be present at the time specified, since I am obliged to be here in order to give three lectures in the University summer sessions. I am to be "in residence" for the first two or three weeks of the summer session and then I have an engagement at Ames, Iowa, where I am to give a course of lectures in the Graduate School of Agriculture on the subject of plant physiology. This will set me free about the middle of July. But that of course is quite too late for the reunion at the old college.

May I beg of you to convey to all those who may happen to remember me my most cordial greetings, and to say that I hope when the next reunion takes place I may be there again among my old friends, as well as a lot of new ones.

With best wishes, I remain,
 Yours very truly,

L. C. Brooks.

85.

L. C. Brooks has accepted a position in the Industrial Engineering Department of the General Electric Co., at Schenectady, N. Y., and recently moved to that city from 127 Auburn Ave., West Somerville, Mass.

Born to Mr. and Mrs. A. G. Craig, of Deer Creek, Wash., on May 10, a daughter, Louise May. Mr. Craig graduated with the above class and was for some time instructor in horticulture at the college. The Record extends congratulations.

87.

Invitations are out for the wedding of Walter Warden, ‘07, of Superior, Wis., and Miss Alleva on June 15, at 3:00 p.m.

88.

H. C. Sherman has changed his residence address from 87 Montclair East to 76 Tremblay Ave., Detroit.

89.

Chase Crissley, with this year's class, is now employed by the Michigan Turpentine Co., of Bay City, and, judging from the various duties he will have to perform, he will be able to keep strictly up-to-date with the work in hand. His address is Rouch House, Bay City.
About two hundred guests assembléd in the parlors of the Women's Building on the evening of June 3, in response to invitations to a reception issued by Dean Gilchrist, in honor of the senior girls. In the receiving line were Dean Gilchrist, Pres. and Mrs. Snyder, and the young ladies of the senior class, in maroon. Assisting in the parlors were the teachers of the Home Economics Department, Mr. and Mrs. E. B. Barrows, and Mrs. E. L. Landon. Dainty refreshments were served by the young ladies, and Mrs. H. K. Vedder, Mrs. L. R. Tatt, and Mrs. J. F. Baker presided at the coffee urn. The music by Mr. S. B. Howard and Mr. L. Alberta, on harp and mandolin was given with much applause, and the vocal numbers rendered by the young ladies. Altogether the occasion was most enjoyable, and will be long remembered.

June 1st Mr. and Mrs. E. J. Rugg closed the house for a few days several years ago it was their pleasure to feed the boys in Club E, and since they had left the club they have; and have purchased a farm, and can put into actual practice their knowledge of feeding stock. Last week thirty ladies partook of refreshments, and an evening of poetry with Mrs. Rugg, to whom they presented a beautiful cut glass Loving Cup, inscribed, "Mrs. Rugg, from her former students with many old friends. Mr. and Mrs. Rugg are sorry to lose them from the community, but wish them much joy and success in their new venture.

CLASS OF 1897.

A class postal with the "true class spirit" fell into our hands recently, and we take the liberty of publishing it. May there be many more.

Dear '97 Alumni: H. K. Baker, and Mr. T. F. Marston, Bay City, is proposed to emphasize the importance of transportation students and equipment by placing them on board after departmental equipment is loaded.

To reach Roscommon, passengers taking the Michigan Central train to Bay City from Roscommon. Railroad fare is fifty-five cents. A train will remain on the morning of June 28th to transport students and equipment nine miles to Cold Spring.

Mail should be addressed to Roscommon, care of M. A. C. Forestry Camp.

CONFERENCE OF MINISTERS.

A conference of ministers is to be held at the college July 12-15, inclusive. The object of this meeting will be to familiarize the ministers from the rural districts, that they may talk over such matters pertaining to agriculture as may be of benefit to them in their work in the rural communities. President Butcherfield, of the School of Agriculture, will be in charge of the arrangements, is to be here, and will give an address each day along some line of rural work.

A class Postal.

The big baseball game of the season after the All-Stars, will be played on the University Grounds, and will be a hot one.

The thirty-sixth annual meeting of the Michigan Pioneer and Historical Society will be held at the college July 12-15, in addition to the use of hand tools, including those needed in farm drainage and other essential operations. An opportunity will also be given the student to familiarize himself with the work in practice during the season in the departments of animal and dairy husbandry, poultry and farm mechanics, etc. All work will be performed under the direction of instructors or suitable supervisors.

While the course will be open to all students enrolled in the agricultural courses, it is especially intended for those who have not been brought up on the farm or who have not had the experience to do farm work. Prospective students will also be considered eligible for enrollment.

Credit will not be given to any student for agricultural courses, as his work is in reality a substitute for agriculture to be described in the college catalog, and which is a prerequisite to entrance in the governor's parlors to receiv the president's invitations to a reception issued by Dean Gilchrist, in honor of the senior girls. In the receiving line were Dean Gilchrist, Pres. and Mrs. Snyder, and the young ladies of the senior class, in maroon. Among the young ladies were served by the young ladies, and Mrs. H. K. CLASS OF 1897.

A class postal with the "true class spirit" fell into our hands recently, and we take the liberty of publishing it. May there be many more.

Dear '97 Alumni: H. K. Baker, and Mr. T. F. Marston, Bay City, is proposed to emphasize the importance of transportation students and equipment by placing them on board after departmental equipment is loaded.
When You Buy a Cloth Suit, Wash Suit, Coat or Cape this Spring
be Sure to Look for “The Garment Label with The Big Reputation”

and you'll look for all that is high ideal in Man-Tailored garments for women.

These garments are famed for their perfect fit—remember this: The Fit stays. No finer fitting suits can be made.

We are showing many splendid new styles on our popular Cloak and Suit floor this season.

Easy-buying-prices have been placed on all our Ladies Suits, that
preach an eloquent sermon on money-saving opportunities for you.

THE F. N. ARBAUGH COMPANY

Price of board for the spring term is as follows: Club A, $1.83; B, $2.90; C, $2.20; D, $2.18; E, $3.00; G, $2.87.

Cloo, the four months old child of Mr. and Mrs. E. A. Gardner, of
East Lansing, died June 9 and was taken to Laingsburg for burial
Monday.

About 75 couples enjoyed the band dance on Friday evening. The Armory was tastily decorated
with flags and bunting. The band furnished the two-step music, and
the orchestra the waltzes.

A meeting of the Dramatic club is called for Thursday of this week in
College hall, room 6, at 7 p.m. Another chance will be given for
those interested to become charter members, and officers for next year
will be elected.

Watch for the posters announcing the faculty-senior ball game, to be played Saturday, June 11, at
3 p.m. The faculty have some heavy hitters, as has been proven, and this is sure to be the most exciting
game ever played. You will all want to see it.

The regular June meeting of the Round Table club will be on Wednes­day of this week, in Club G, at seven o'clock if there is no band
concert, and at seven thirty if there is one. Every member should
make an effort to be present, as this is the last meeting of the year,
and officers will be elected for next year.

The class championship in base ball goes to the sophomores, and
they have been awarded the regulation championship caps.

The last scheduled base ball game of the season will be played with
Olivet Saturday on the latter's grounds. One more victory, please.

L. B. Scott, one of our 1921 Hott students, expects to work in the
green houses of the Department of Agriculture at Washington the
coming summer.

Floyd O. Bohn asks that his ad­dress be changed from Cooke,
Florida, to Ewen, Michigan. Mr. Bohn has gone from one extreme
to the other, and has no doubt witnessed a few changes.

Arrangements are being made to have an alumni base ball game during
 commencement week. Want all the players we can get. If you will
play ball on June 22, drop a postal to Director C. L. Brewer at once.

Prof. Pettit will make a trip to
New England, during the summer,
to study the Gypsy moth situation with a view to preparing for the
emergency should it appear.

G. W. Park, ’96, of LaPark,
Penn., was a college visitor the
past week. Mr. Park is a se­edsman and florist, and also publisher of Park's Floral Magazine.

The Horticultural Department has received a very interesting col­lection of lemons from R. B. Pratt, '09, who has been for some months carrying on investigations for the U. S. Dept. of Agriculture in the
handling and transportation of lemons. He has been located at Los Angeles, Cal., but has been very recently ordered to Ft. Valley, Ga.,
to assist in some extensive experi­ments for the department in the cooling of peaches before shipping.

Two short course scholarships
are to be offered to each county in which corn growing contests are
to be carried on, with a member­ship of not less than 25.

F. R. Smith, ’57, a prominent farmer of Somerset, Mich., was a
college visitor a day or two the last week.

K. D. Van Wagelen, ’11, will probably work on a fruit farm near
Old Mission, in the northern part of the state, during the summer.

Prof. French delivered the high
school commencement address at Marshall last Friday, and served in
like capacity at Muskegon on
Thursday of this week.

R. G. Carr, ’08, goes to Dillon,
Mont., next year, where he will
have charge of the agricultural work in the high school. Ray
Turner remains at Hillsdale another year.

Prof. Pettit has received from
Mr. Mosher, former M. A. C.
man, in Florida, a large number of the lubber grasshoppers. The in­sects are of great size and Mr. Mosher reports them as being ex­tremely troublesome in Florida at this time of year. If you have never seen 'canned grasshoppers, call on Prof. Pettit.

At a meeting of the Ionian Liter­ary Society last Saturday evening the following officers were elected for the fall term:

Pres.—Edward W. Steck.
Vice Pres.—William A. Gardner.
Sec.—Ralph Scott.
Treas.—Philip S. Withenbury.
Marshal—Frank H. McDermid.
Reporter—Frederick C. Kaden.
Junior—Frank Shawrow.
VETERINARY COURSE.

At the recent meeting of the faculty of the Veterinary College, and concerning the Veterinary College soon to be established at M. A. C. was adopted. The report was as follows:

1. That the entrance requirements must be the same for all other courses in the college leading to degrees.
2. That the length of the course shall be four years, exclusive of the preparatory year when entrance is made on that basis.
3. That the course be made to coordinate with the freshmen and part of the sophomore year of the agricultural course.
4. If recommendation three is accepted by the faculty, the committee feels it would be wise to have the course outlined up to the point of specialization as soon as possible, leaving the arrangement of the course from this point on to those who will be appointed to take charge of the work.

On June 23, 24, 25 there will be a meeting of the Society for the Promotion of Engineering Education (S. P. E. E.), held at Madison, Wis. Several members of our faculty are contemplating attending the meeting.

Next Sunday morning Rev. Ferguson will read a selection from the chapel exercises. Mr. Ferguson is editor of the National Prohibition, Chicago, and is a speaker of ability. His talk will surely be of interest to all. Do not miss the services.

F. H. Hillman, '88, spent a few days at M. A. C. the past week. Mr. Hillman is an expert in the seed division of the Department of Agriculture at Washington, and furnished thedrawings for Dr. Beal's new bulletin on Weed Seeds of Michigan.

A coin card with 50 cents has been received from one of our Detroit subscribers, though no name was given. This coin card is dated the 31st of June. Who gets the credit?

The announcement in Wednesday's State Republican of the marriage, on the 31st, of Mr. Clarence Dudd and Miss Minnie Shafer came as a complete surprise to their many friends at the college. Mrs. Dudd will remain at her post in the president's office for the present, at least.

New England Conference on Rural Progress—At the fourth annual meeting of this conference at Boston, addresses were given by Pres. C. L. Butterfield, '95, and Prof. W. D.-hard, '99, of the Massachusetts Agricultural College, and Dr. S. A. Knappen, of the Dept. of Agriculture, Wash ington. Among the other speakers was Dr. Howard Edwards, of Rhode Island. A decision was reached by the conference to concentrate its energies in the future mainly upon a single problem each year. For the ensuing year participation in the New England Fruit Show to be held in Worcester, Mass., in November will be given attention.

The wise man
Never leaves school
