INTERSCHOLASTIC MEET.

The annual interscholastic meet will be held at M. A. C. on Saturday of this week, and an unusually larger number of schools will be represented. These young men are representatives from some of our neighboring schools, and as our visitors will be entertained while here. No pains will be spared to make this a day long to be remembered by them.

Each of the men's societies will cooperate with the athletic department, and will report to us how many can be entertained.

The usual两种 awards will be given to the winners, and additional prizes may be provided by the societies.

An effort will be made to make the visitors about the campus and farm and through the various buildings while they are here.

MEMORIAL DAY AT M. A. C.

It is peculiarly fitting that M. A. C. should honor to the heroes of the rebellion. Her first class was unanimously dedicated to the preservation of the union, and these men mark their places in the ranks of those who offered up their lives that the nation might live. On the third Monday of each May a representative from every society now holds first place in the girls' contest for the interscholastic cup offered by Prof. Johnston.

Those of the boys' societies interested in this contest are: Ecdesitic, Olympic, Athenaean, Deltphic, Ioniaean, Euphylan, Eunomian and Columbia. On June 6 the Delta Phi of men, worthy of the steel of M. A. C.'s most valiant knights-errant. We are glad that Mr. Newland came to us on this occasion. We are glad to arouse in the midst of our prosperity and fancied security the importance of imminent danger. Over the groves of our honored university let us recognize our faith in the constitution and its interpreters, and enlist actively and in the cause of good government.

INTER-SOCIETY DEBATE.

By defeating the Feronian in debate last Wednesday afternoon, the Ecdesitic, representing the society this year, have taken the championship of the interschools. The requirements for debating in the society now hold first place in the girls' contest for the interscholastic cup offered by Prof. Johnston.

The M. A. C. RECORD.

BASE BALL

U. M. — M. A. C.

In the first game, on Ferry Field Wednesday, the home team lost to the wrong University nine 5 to 0, ten innings being required to decide the contest.

Rutcher Miller pitched for M. A. C., and proved himself exceptionally strong, and was given splendid support by his team mates. The pitching of Mr. M. A. C. through nine men, in the sixth he was again found for three singles, when he was then relieved. Bibbins then followed with a fourth single, bringing in the run which tied the score.

The game was won by the University in the tenth, when Hughitt and Fontos drew passes, Barbeau singling, filling the bases, and Capt. Bell brought in the winning run with his third single. From Ann Arbor comes the report that this was the best article of baseball seen on Ferry field this season.

E. of M. — M. A. C. 2.

In the last game of the series with the University Saturday, M. A. C. was defeated by the score of 20 to 3. Peterson was in at bat for M. A. C., and, while doing good work, his support was not what had been given in the previous games.

Sisler, for the University, was the man upon whom his team mates could depend, and seemed always to secure a hit when hits counted for the most. He was responsible for the early runs, making the first and getting a three-bagger with the bases full.

In the fourth, Dawson, who got. the first hit of the inning, was forced to score a run on Griggs hit to Sisler, the former reaching second safely. Griggs then on a hit by Sisler completed this the scoring for M. A. C.

The University scored 3 in the first, 2 in the third, and 1 each in the fourth and sixth; securing 11 first base hits, and our team is charged with four errors.
