NORTON’S HARDWARE
M. A. C. TEACHERS HOLD OLD FASHIONED RAISING.

Dean White’s dream of a cabin where he can occasionally get away from the almost continuous responsibilities of the deanship of the Home Economics division, showed real signs of being realized last Saturday when the sub-faculty and some of the faculty of M. A. C. joined in a jolly raising bee in Dean Shaw’s woods. Arrangements have been under way for this novel event for some time and under the supervision of “Happy” Musselman and F. E. Fogle of the Farm Mechanics Department, with a willing corps of workers, considerable progress was made in the erection of the 20 by 30 log cabin, the beautiful site for which was given by Dean Shaw. The cabin is to consist of one room with a mammoth fireplace with all the old-fashioned accompaniments, and other unique furnishings, some of which Dean White has been collecting for many years. The place will be very homelike and will give Dean White an excellent opportunity to entertain in a very novel way.

As is usual with building bees, the feed for the one Saturday was a feature of the day. It was furnished and served by the teachers in the H. E. Division and from the way “Sec.” Brown, Prof. Anderson and others licked their chops it was easy to see that they had been planning for the event for some time. It must be declared that some of the workmen hardly paid for their board, as the football game held out a beckoning finger, and without mentioning any names the report must be made that there wasn’t enough rough work for some of the men who were especially adapted to that class, and yet, everybody had a good time, and the “bosses” were pleased with the progress.

DETOUR PEOPLE ATTENTION.

Arrangements have been made with the M. C. & R. for a special car on train leaving 12:50 p. m. for Ann Arbor, October 27. It is hoped that all Detroit M. A. C. people will attend the U. of M.-M. A. C. game this year. Remember the date—October 23d.

ALUMNI GAME—OREGON OCTOBER 30.

In all the excitement about the Michigan game, alumni must not forget that M. A. C. is at home October 30th for a tussel with the team from Oregon Agricultural College, Corvallis, Oregon. So far this season Oregon has not lost a game and they came thru last fall champions of the Pacific states. Coach Macklin is expecting a hard battle and is pointing his men not alone for this Michigan game but for the one a week ahead. This game will be watched with interest as it will give a chance for comparing the teams of the East with those of the far West.

Tickets will be on sale Monday, October 25th, and will be sold for $1.00, which includes both admission and reserved seat. Get your order in early, as most of the seats at College Field are taken in an ordinary game and this is sure to draw a crowd from all over the state.

VARSITY CLUB IN ACTION.

The M. A. C. Varsity Club, formed last spring, gives evidence of having already done some very good work in connection with the student tutoring system which has been inaugurated. By this system the athletes are kept track of individually thru their instructors and are tutored in their work by volunteer “sharks” from the student body. This work started as an experiment last spring and such good results were achieved that it is being pushed with vigor this fall.

M. A. C. PEOPLE BANQUET AT SAGINAW, OCTOBER 29.

The graduates and former students of M. A. C. who will attend the State Teachers’ meeting at Saginaw, October 28-29, will hold a banquet at the Canoe Club on the West Side, Friday noon, October 29th. Invitations have been sent out and a good many responses have been received. The M. A. C. people of Saginaw are expected to turn out in a body and it is expected that at least 100 will sit down to the banquet.

CONCERNING THE UNION.

Editor of M. A. C. Record:

I noted Mr. Hatch’s proposition concerning old College Hall. What he says will meet the approval of practically every graduate of M. A. C. There is no question but that the venerable building can be so repaired that nothing short of an earthquake or a tornado would uproot its bricks about the ears of those domiciled in it. To an old alumnus, College Hall is the only proper place for alumni headquarters. To him, it is one of the very few buildings on the campus that does not seem new and raw. College Hall is the pile of brick and mortar about which cluster most of the ancient college traditions. By all means let us preserve it. We may well learn from the experience of the eastern universities what we should do in this emergency. Yale is a case in point. Everyone who has spent some time at Yale knows that the most powerful influence for good on that famous campus came from the old buildings, ivy-grown and hoary with age. They are the show buildings at Yale and they are still being used in the everyday work of the school. The youth is taught to respect these old landmarks and what they stand for. The same thing is true of Harvard and others. Why not profit by the lesson?

Sincerely,

Willis A. Fox, ‘91
(Head of Department of Education, Tri-State College, Angola, Ind.)

SPECIAL TRAINS—LATE TICKETS.

Special trains for the Michigan-M. A. C. game at Ann Arbor Saturday will run as follows:

P. M.—Start at East Lansing 8:30, due to arrive 10:30.
M. C.—Start at Lansing 8:00, arrive A. A. 9:45.
M. U. T.—Start 7:15, arrive 9:45.

In case the mails are delayed so that money sent to East Lansing for tickets with the M. A. C. bunch does not arrive in time for mailing the tickets, they may be secured at the M. A. C. booth at Ferry Field just before the game, as the tickets will be reserved and taken to this place.
THE UNION.

The proposed Union for M. A. C. is not for the purpose of providing a fraternity for the so-called "independents," as some would have you believe. It is for the whole student body, societies and those who are not alike. It's aim is to help the democratic spirit of the student body, which is not fostered in the highest sense by the present society system.

It is interesting and instructive to know in this connection that 72 per cent. of the fraternity men in the University of Michigan are members of the Michigan Union while but 34 per cent. of the "independents" in the University are members of the Union. A good many of the fraternities at the University require that their members be also connected with the Union. Thus at M. A. C. if the Union program goes thru we need the hearty cooperation of all societies and society men.

Y. E. EXTENSION CONFERENCE.

The extension workers of the Upper Peninsula including extension specialists, county agents and officers of farm bureaus, together with Dean R. S. Shaw, Director R. J. Baldwin, and C. P. Reed of M. A. C., and A. Fuller of the U. S. Department, held a conference at Crystal Falls last week Tuesday and Wednesday. M. A. C. men on the program were R. J. Hoopingarner, '09; W. F. Raven, R. J. Baldwin, '04, J. W. Weston, '12, Dean R. S. Shaw, R. L. Nye, '12, C. P. Reed, '09. Others in attendance were C. V. Ballard, '12, L. R. Walker, '15, Leo Geismer, J. F. Kadonsky. Besides a thorough discussion of extension problems the men in attendance enjoyed an auto tour for inspection of live stock and crop improvement work as carried on by R. J. Hoopingarner.

MASS MEETING AT ANN ARBOR BEFORE GAME.

All Hail, the Gang's All Here, will be the cry at the mass meeting which will be held on the lawn in front of the Michigan Union at 1:30 Saturday. Students and alumni will be there—there will be some yells to practice, a few speeches, and then after the Detroit alumni have arrived in their special train, the whole bunch will tango to Ferry Field, headed by the M. A. C. band. Don't fail to turn out, and be on time. You all know where the Michigan Union is, and you'll be on the Ferry Field right on the way to the field. Let's show Ann Arbor that we've got some spirit.

Marguerite Leenhouts, of Holland, with '14, and Mayo Hadden were married soon after college opened this fall. Mr. and Mrs. Hadden are living in Detroit.

THE M. A. C. RECORD

TUESDAY, OCTOBER 19, 1915.

Most everybody remembered to add one dollar to their check for tickets for the Michigan game, but for Record renewal we are forced to admit that a few forgot this minor detail. Probably after the Michigan game there will be lots more money on hand and this matter may be given its proper attention.

THE NEW SONG.

We are glad to present with this issue the score of the music for the new song originated by one of our number, Charles R. Haigh. The band arrangement of the music was received last week and the song was used at the game Saturday with success. The song will not take the place of "Alma Mater"—we need more than one song—but it should receive recognition not alone because of its merit, but also because it is original, both music and words, which is more than can be said of most of M. A. C.'s songs. Try it on your piano and learn the words.

THE PENDULUM SWINGS.

We have usually considered in the past that we wanted some College loyalty we had to look to the "old grads" whose loyalty was inculcated on account of close association with their instructors and acquaintance with every student in college. We have considered that not until a student has been out several years and has gained a perspective does he feel the College loyalty of the "independents" in the University require that their members be also connected with the Union. Thus at M. A. C. if the Union program goes thru we need the hearty cooperation of all societies and society men.

A HARD KICK.

Editor of M. A. C. Record:

Now, as a former athletic editor of the college paper—I want to "kick" at a thing I have been watching for several years. M. A. C. sporting or athletic events do not get enough outside publicity. They get into the Lansing papers, and lately the Detroit papers have been giving us more space, but it's mighty seldom you see any football reports of M. A. C.'s games among the football scores of the outside papers. Why is this? We pick up the Spokane Chronicle here or the Great Falls Times, or the "Hickoryville Harpoon" and find the results of games between Eastern and Middle-west schools that couldn't beat Hillsdale even, but it's mighty seldom we see any scores of M. A. C.'s games. Massachusetts Aggies, Washington and Jefferson, Haskell Indians, Missouri Aggies and dozens of others with no greater standings in athletics, get their scores Sunday after Sunday into the Associated Press reports of Saturday games played, but unless we play Penn, State, Wisconsin or even "poor Michigan" we can't get a word of the results. I am a "good fan" and have always boasted for M. A. C. teams, but we out here in the West can't seem to get any dope on the games for over a week after they are played. There ought to be some sort of a policy arranged at the old college so the football results, also "dope" of general interest to M. A. C. fans could be sent beyond the campus limits. Can't you start something?

HAIL M. A. C.

Soft on the wings of wind our song is wafted,
Great song of praise, all hail, Oh M. A. C.
First of loyal band and greatest in the nation,
Thy loyal sons and daughters sing to thee.

When to thy halls we came in youthful ardor,
Seeking to find the way to knowledge vast.
Thou didst inspire and fill us with a spirit,
Cherished by each of us while life shall last.

Spirit of truth, of loyalty and honor,
Courage to fight and fight to win for thee.
Spirit of faith, of hope and adoration,
That is the spirit, grand, of M. A. C.

We learned to know and love thee-like a mother;
From thee came strength to meet each challenging day;
When filled with hope and ready for life's battles,
Thy blessing gave and sent us on our way.
(Choral) Hail, M.A.C. Words & Music by Chas R. Leigh, ex. '94.

Soft on the wings of wind our song is wafted

Great song of praise, all hail, oh, M.A.C.

First of your race and greatest in the nation,

Your loyal sons and daughters sing to thee.
THE POWER FOR THE MACHINERY.

The following "Summary of Receipts" is interesting in that it shows where the money came from to run M. A. C. during the year from June 30, 1914, to June 30, 1915. There was a balance on hand, June 30, 1915, of $15,263.96.

Receipts from students:
- Tuition fees: $8,932.50
- Incidental fees: $7,776.50
- Special fees for gymnasium, etc.: $1,315.00
- Special fees for laboratories: $13,467.62
- Gross receipts from dormitories: $12,041.13

Receipts from investments:
- Interest on current balances: $4,517.28
- Interest on Agricultural College fund: $70,389.46
- Interest on trust funds: $21,482.35

Receipts from grants:
- Federal government: $30,000.00
- I. Tax levy 1/10 mill general purposes: $26,291.00
- Tax levy 1/10 mill experiment station purposes: $17,050.00
- II. Appropriation designated purposes: $29,472.25
- III. Appropriation for new constructions: $39,147.25

Receipts from gifts:
- $39,147.25

Receipts from various sources:
- Nursery licenses: $3,485.40
- Experiment station state: $6,432.89
- Department sales refunds, dept. transfers, etc.: $106,508.43

Total receipts: $633,888.10

WILL '94 AND '96 STAND FOR THIS?

What About Our Loyalty?

Dear Record:

It strikes me as strange that '95 should have been listed with the de-hispanic classes in your issue of Sept. 21. Your figures show that not only do we head the list in subscriptions to the Record, but we lack only a paltry 50 per cent, and 55 per cent knowing these classes as we do, it is surprising that they should come as near as that. When enough '94 men got together to have the force of numbers they would single out some one member of '95 and make him "dance or eat soap." A white-livered lot. But when '96 reached the dare-hazing age they hadn't even that much sand, for with sugary-buttery suavity they'd ask the freshman they visited: "Please dance or eat soap!" If that isn't the antithesis of greatness, what is?

If anything further be needed to establish the loyalty of '95, just look at our attendance on alumni day last June. Out of 50 living graduate members, we mustered nine, with three non-graduates, one or two drop-backs, pretty nearly a wife apiece, and several children thrown in for good measure. How about '94 and '96? A dismal few wandering about like lost souls, seeking to bask in the '95 sunshine. I tell you '95 is the class. We're going to hold our records and take the Record even better than ever.

M. G. Rains, State College, Pa.

DR. BEAL'S HISTORY NEARLY COMPLETED.

Dr. Beal's history of the Michigan Agricultural College is nearing completion. The book itself is all printed and there still remains the indexing and binding, which ought to be finished within a month. As soon as that is done Secretary Brown will announce the purchase price of the book. Please do not write and ask that a copy be saved for you until you can send the exact sum. You will be notified through the Record when this matter is settled.

THE ALUMNI CATALOG.

Since we have had several calls for the new alumni catalog proposed last fall, it seems necessary to make a confession. Although considerable data were collected, lack of help prevented its being assembled. At the present time the alumni office is securing additional information and with added help it is hoped the catalog will be out some time this year. You will be kept informed through the Record as to the progress of this work.

ALUMNI NOTES

70. W. W. Reynolds is county surveyor at Cassopolis, Mich.

71. M. S. Lowder (a) is a stock and grain buyer at Dakota City, Iowa.

72. C. W. Ball (a) is with Browne Morse Co., Muskegon Heights, Mich., manufacturers of office filing devices. Mr. Ball lives at 191 Park St., Muskegon, Mich.

76. W. B. Jakways (a) is farming at New Carlisle, Ind.

John E. Taylor (a) is farming at Sebewaing, Mich. Mr. Taylor writes that his chief student activity was making the boys up at 5 a.m. for military drill, with the bugle call, and then dodging bootjacks, book cases, etc. At that time the boys were drilled for breakfast by Prof. C. L. Ingersoll and R. T. MacNaughton. How would the present students like this?

77. E. H. Hunt (a) is farming at Saranac, Mich. After Nov. 1st he will be at 831 East Cedar St., Phoenix, Ariz. In his college days Hunt played baseball, being a member of the famous "Nine Spots" nine in '77. Other members of this team were W. K. Prudden, Schilling, Rawson, Monroe, '78, and Skiles and Pobles, '77.

78. E. F. Law (a) now circuit judge of the 31st Michigan circuit at Port Huron, writes that when he was in college he worked on the farm at eight cents per hour.

79. Thomas F. McGrath (a) is ward superintendent for the city of Chicago, and lives at 119 S. Hanlin Ave., Chicago.

80. A. H. Garfield (a) is vice president and cashier of the Albion State Bank, Albion, Mich.

81. George W. Kinsey (a) is a practicing veterinarian at 931 Market St., Wheeling, W. Va.

82. A. F. Gordon (a) called at the alumni office last week to secure a ticket for the Michigan game. Dr. Gordon graduated from U. of M. in the dental department but said that he was going to yell for M. A. C., so he was given a ticket. Gordon's heart is surely in the right place for he has a daughter in the freshman class at M. A. C. this fall and a son who is a freshman in Lansing High and who is already planning to attend M. A. C.

83. C. A. Jewell (a), principal of the Humbolt county high school at Wintun college. New., writes that they are just recovering from recent earthquake activities.

84. F. E. West (a), professor of chemistry in Alma college, is now doing advanced study at the University of Wisconsin and expects to receive his M. A. next June.

85. A. H. Hayes (m) is engineer with Flint & Wapping Mfg. Co., of Keneddville, Ind., with residence at 239 Sheridan St.

86. C. M. Blanchard (m) is mechanical engineer with the Standard Fuel Oil Engine Co. of Willoughby, Ohio.

Hannah Bach, with '94, of Sebewaing, was married on Oct. 19 to Dr. W. A. Rexford of Detroit.

(Continued on page 92)
AGGIES TAKE 56 TO 0 VICTORY FROM CARROLL.

The scrappy team from Carroll College, Wisconsin, suffered a stinging defeat on the M. A. C. field last Saturday. The Aggie eleven played the star Wisconsin eleven, played the star Carroll team throughout the game, and it is certain that they will come back strong in their next appearance at East Lansing. The forward passing by M. A. C. was successful in only two instances and then 35 yards were the gains, the ball going from DePrato to Henning. The only points scored this quarter were on the kicking, Blacklock being chosen for the kicking. The kicking was not up to a very good standard, as it was one of the worst offenders with 10 kicks out of the field.

At times M. A. C.'s interference was quite of the brilliant order but on the whole the game showed a lack of team work. Neither were they entirely effective against the Big Ten, especially in the third quarter did Carroll force the play in M. A. C.'s territory by this means—and some of the Aggie rooters were wishing they would get a touchdown by this route. Porter, the Indian captain of the Wisconsin eleven, played the star game for the visitors and fought bitterly against being taken out to have an ugly cut on his cheek. One of DePrato's two attempts at drop kick went so close as to give the lookers much satisfaction, the ball striking one of the uprights from the 35-yard line. Huebel ran the team nearly the whole game and it is certain that he will get a chance in Saturday's tilt to play against the men he played with last year. Springer substituted for Huebel in the last quarter and got away with his old time dash, his open field running being a feature. Beatty again showed up well when substituted for Capt. Miller at half—it is a wonder that the light fellow can get away so well.

Only the last quarter when the Farmers took the ball over for three touchdowns did they come up to their expected form. DePrato kicked the ball between the uprights perfectly after every one of the eight touchdowns.

STATE VETERINARIANS HONOR DR. GILNER.

The Michigan State Veterinary Medical Association gave a complimentary dinner to Dr. Ward L. Gilner, head of the Bacteriology Department at M. A. C., at the Hotel Griswold Friday evening, October 15th. About 35 of the veterinarians of the state were assembled. The entire corps was present from M. A. C., including Dean Lyman, Dr. Hutton, Dr. Chamberlain, Dr. McDaniel, and Dr. Hallman. Dr. Mosher and Tom Churchill, graduates in the Veterinary Division last year, were also present to join in the praise of Dr. Gilner's work.

The Entomology Department has received from W. W. Hanchett, of Cornings, Cal., ex-99, a new specimen of tick which is a great pest to chickens in the Southwest. The tick sucks the blood out of the chickens in the day and spreads the night in cracks of the building. About the only remedy is to burn the building. The ticks sent in by Mr. Hanchett were found in a building unoccupied by a fowl for two years, and yet they were actively as crickets, even when they were received at East Lansing.

Prof. Burgess of the poultry department spent one day last week at Merle Beach where he judged the poultry in the Clinton County Poultry Show.

M. A. C., Mackinac Island.

C. A and believing that it should be remodelled into a cultural building to such a good use. The undersirability of destroying College Hall in order to put in its place a student body, I think that it should be maintained in the best way to keep alive such memories.

While with the majority of recent graduates I am opposed to the retention of College Hall in its present ramshackle state as a class hall or office building for instructors, I am heartily in favor of President Haigh's proposal to remodel the structure into a building for the M. A. C. Union. Altoho as a former officer of the College Y. M. C. A and believing that it should be one of the greatest every day service to the student body, I think that it should occupy the best position of the building. It should not be removed from accessibility by a long flight of steps to the second floor, the other parts of the plan seem very commendable.

EDITOR RECORD:

Your for converting College Hall into Alumni Hall, according to President Haigh's plan, with any necessary or advisable improvements upon it. Certainly no one who attended chapel as regularly as I did, no one who felt his knees quake as often as I did in junior and senior orations, no one who failed trig as dismally as I did would want to have the building removed. On the contrary, he'd want to have it maintained in the best way to keep alive such memories.

M. G. KAINS, '95,
State College, Pa.

I notice in the last issue of the Record that you desire to know what some of the more recent alumni think concerning the suggestion of President Haigh to convert College Hall into an alumni hall or M. A. C. Union. I believe that the proposition meets with the approval of a good number of my classmates, even tho they do not come out and express their opinion. No one reading over the report of the OsmoK Brothers can fail to see the undesirability of destroying College Hall in order to put in its place a large, modern building, or the appropriateness of putting this oldest agriculural building to such a good use.

OVE A. JENSEN, '14.

Editor Record:

President Haigh's suggestions regarding College Hall are interesting and sound praise the measure. While I do not hold that ancient relic in quite the reverence that some of the older grads do, I would, in a way, hate to see it removed, and his plans seem to offer a very good solution of the problem. I would like to see a more elaborately equipped building for the "Union," but suppose against plans he submitted to our pocketbook—and as for mine I guess old College Hall marks about the limit—but you may count on me when the call goes out.

D. F. FISHER, '12.
Wenatchee, Wash.

WHAT THEY THINK OF THE PLAN.

Editor of the Record:

Don't let them remodel College Hall. Leave it as it is till it falls to the ground. My sentiments are to go ahead with the Union building as we planned last spring.

E. C. MAIDENBERG, '15.
The M. A. C. Rifle Club is already under way, about 50 aspirants for the team having reported. The U. S. Government furnishes guns, ammunition, and targets for this work and the members of last year's rifle team act as instructors. The contents of the Rifle Club will not begin until next term.

Mr. and Mrs. H. E. Dennison, '11, entertained Prof. and Mrs. Wilson and the present Upper Peninsula alumni last Friday evening. Those present included Musselman, '08; Mr. and Mrs. Lindeman, '11 and '10, respectively; "A" '12, and Mrs. Idles, "Sam" '11, and Mrs. Langdon, and George Gauthier, '14.

Secretary Brown and Cashier Scheppe have introduced a system by which they voluntarily audit the accounts of various student organizations, such as classes, Wolverine boards, etc. To aid in this a uniform system of bookkeeping has been supplied. Most of the organizations have been eager to take advantage of this audit and it may tend to prevent some of the very embarrassing situations which have come up in the past.

According to the Chicago Journal for October 13, Northwestern University is very much enthused over the fact that R. J. McCurdy, star footballer at M. A. C. in 12 and now a student at Northwestern, has appeared for more football on the Northwestern gridiron. The Journal gives the Michigan Aggies credit for having the strongest team of the four, M. A. C, Notre Dame, Chicago, and Nebraska, that went through the 1913 season without a defeat.

The Hort. Club meeting last week was a continuation of the reports of seniors on their summer work. R. A. Carlson put in time at the student training camp at San Francisco and following this visited fruit districts in California and the Northwest. He also gave a fine description of the two expositions. W. J. Atchison recently visited Chicago and gave a report of the development of the parking system there. A. H. Humzicker told of his experiences in tree survey of a city.

At the Veterinary meeting last Wednesday night, Prof. Hallman was scheduled to speak, but he could not be on hand so students took charge of the program. R. A. Runnels worked as an apprentice at Grand Blane during the past summer and his experiences were interesting. Sayles was with Waldron, veterinarian at Tecumseh. But by far the most interesting experiences were related by J. W. Randall, who made two trips to England the past summer in a mule freighter.

The full term of Omicron Nu initiation and banquet occurred last Friday evening. The new teachers initiated were Miss Mary E. Edmonds and Miss Clara King Morris. The
seniors to be chosen for the honor are Claribel Pratt, Lansing; Pauline Felt, Scottville; Blanche Cade, Capac; Kate McDonald, Lansing; Rose Hogue, Seeley; Helen Heitzen, Pontiac; Harriet Anderson, Kennedy, N. Y. The alumni members present at the banquet, which was held at the Wildwood Tea Rooms, were Mrs. Lorare, Ethel Cielina, M. P. Platt, Paulina Raven and Louise Clemens.

The Farm Crops Department is making a strenuous effort to have the bean growers of Michigan realize the importance of making careful seed selection for the crop for 1916. Every farmer that raises beans knows that the bean crop has suffered more from disease and wet weather this year than ever before, but few look ahead to what this will mean for next year's crop. Prof. Shoesmith has recently sent a letter of instruction to the papers of the state explaining the bean situation, and Extension Workers Larsen and Maysted are on the lookout continually for beans that are comparatively free from disease.

The committees for the Junior Hop of the class of 1916 have been announced as follows, the first named being the chairman: General arrangements—C. C. Hood, Buffalo, N. Y.; Leonard Verschoor, Memphis, Tenn. Raspberries—W. W. Harkness, N. J.; R. R. Leavitt, Alpena; C. E. Millar, Eaton Rapids; Eva Britten, Lansing; Dorothy Donahue, Tekonsha. Music—E. Carlson, Cadillac; B. W. Straight, Petoskey; Ralph Sheehan, Grand Rapids; W. R. Davison, Alpena; Dorothy Lillie, Coopersville. Finance—W. Thompson, Port Huron; Walter Wright, Port Huron; Harlow Morse, Bay City; J. F. Frey, Ashbury, N. Y.; Josephine Carver, Traverse City; Beatrice Jakway, Benton Harbor. Decoration—E. Huebner, Detroit; H. L. Waterbury, Lansing; David Denford, East Lansing; H. C. Rather, Elkton, Mich.; H. W. Cornelius, Adrian; H. P. McLean, Holland; C. H. Donnelly, Waterloo, N. Y.; H. A. Pick, Chieago; R. B. Henning, Bay City; Hilda Johnson, Brimley; Lucy Moran, Grand Rapids; Katherine Crane, Negaunee. Eligibility—J. B. Rusbach, Flint; Thomas Keating, Grand Rapids; Kenneth Spaulding, Detroit; L. Primordial, Owosso; Emily Castle, Mt. Clemens; Lois Halladay, Clinton. Printing and engraving—R. D. Keen, Stanley; N. F. Hermsen, Houghton; George Detting, Grand Rapids; Earl Trangmar, Hancock. Program—A. G. Ketteman, Ishpeming; Alex Conn; Paul Ste. Marie; E. F. Adams, Mason; Kenneth Lodge, Port Huron; and E. Blair, St. Ignace, N. Y. Toast program—Herb Straight, Holland; W. D. Kimmel, Lansing.

"Count" Maliskey, with '11, is a contractor in Lansing, living at 128 S. Holmes St.
School of Yale again this year, is taking advanced physics, mathematics, German and French. He expects to receive degree from Yale, Mr. and Mrs. Powell (Maud Nason, '13) live at Lowell House, New Haven, Conn.

12.

C. G. Ryther (a) is a busy boy these days, as he is taking teaching agriculture in Buffalo Technical High School days, and chemistry nights. Ryther lives at home, Lackawanna, N. Y.

R. E. Duddle (a) has moved from Grafton, N. Dak., where he taught agriculture last year, to Okabena, Minn., where he will soon have a fine new building for a consolidated school. He writes that he will be in charge of four bus drivers and as many school-ma'ams and thinks the former will be the harder to handle. A. G. Bovay, also '12, is in the same county, teaching agriculture at Jackson.

13.

P. L. Allen (a) and Miss Florence Gamble, '14th, of Paulding, Ohio, were married late in August. They are making their home in Rochester where "P" is a nurseryman and landscape architect.

H. M. Jacklin (e) and Florence Hayes Jacklin (h) called at the alumni office last week on their way to Superior, Wis., where they will live. Jacklin has a position in the department of engineering extension of the University of Wisconsin.

H. A. Schuyler (a) district manager for the California Fruit Growers' Exchange at Winnepen, Manitoba, reports that M. C. Ellman, also '13, is with the Jewish Colonization Association, with headquarters at Winnipeg. He also states that T. F. Kessler, with '15th, is in Winnipeg with a wholesale-hardware concern.

Dan Mather (a) writes from Charlevoix, where he is managing a large fruit farm: "There are a number of M. A. C. men around here and we ought to begin thinking of an association. Among those I think of at present are N. D. Campbell, '13, Morris, Gage Hines, James Wilkinson and Harold D'Illoge, short course. The biggest share of us are in farming and fruit growing. Don Campbell is the one exception, as he is following the "briny deep."

14.

Harry C. Hall (f) is with the U. S. Forest Service, stationed at Pyshl, Wash.

D. D. Cushman (a) is teaching agriculture in the Mountain Home schools, Mountain Home, Idaho.

F. B. Post (a) is head of the agricultural department, Blue Island schools, Blue Island, Ill.

George F. Leonard (a), with the Kentucky Tobacco Products Co., is covering western territory now and writes that he thoroughly enjoys the work.

C. R. Garlock (a) instructor in agriculture in Bay City Western High, visited at M. A. C. last week, the Bay City schools being closed on account of infantile paralysis.

"Gink" Barman (a) writes: "I'm I. L. Cardwell (a) is farming at Inlay City, Mich.

Mary Ellen Cardwell (h) is at home at Berrien Springs, Mich.

G. T. Leonard (a) formerly teaching at Otsego, is now traveling for the Kentucky Tobacco Products Co. of Lexington.

Paul Calrow (a) who has been doing advanced registry testing for M. A. C. the past year is teaching agriculture at Washburn, Wis.

Ned Lacey (a) has been in charge of the salting station for Heinz Pickle Co. near Big Rapids this summer. He will return to college for winter term and finish his work for M. S.

here in Chicago in the lab. of Nelson Morris & Co., making my fortune rapidly. Enclosed find two months' salary in payment for the next year's Room, Ship to 1808 Forestville Ave., Chicago

D. M. Purcell (a) writes: "I am starting on my second year teaching at the Baron de Hirsch Agricultural School at Woodbine, N. J., with a substantial increase in salary. I note you are inquiring about S. Liph. His address is 125 Taylor St., Chicago, where he is assistant superintendent of the Chicago Hebrew Institute.

15.

Verne Steward (a) is teaching agriculture at Royalton, Minn.

C. B. Maloney (a) is teaching in the high school at Clearwater, Fla.

W. B. Cathcart (a) is working for a creamery company in Morristown, Tenn.

W. S. Reiterman (a) was at college last week. Reiterman is considering a position in Florida.

"Shorty" Buell (a) is engaged in renovating and replanting an extensive orchard at Brighton, Mich.

"Frenchy" Baril (a) has a research fellowship in dairy bacteriology at Iowa State College, Ames, Iowa.

Donald McMillan (a) was a campus visitor last week. Mac is milk inspector for the Detroit Board of Health.

Etha Smith (h) writes that she is trying desperately to instil a love for botanical things in the minds of 124 youngsters in the high school at Jeffersonville, Ind.

H. V. Dunford (f) is with the Morley Cypress Co., Morley, La. His work is principally locating logging roads, laying out the cutting areas and keeping check upon the saw crews. His success is evidenced by the fact that he received a raise of $100 per year beginning Oct. 1st.
