FORESTRY REGIMENT.

Professor Chittenden is acting as listing officer for the 20th Engineers Regiment (Forest). The regiment will be composed of lumbermen and woods workers who will go to France and get out of the forest materials for the use of the American, French and British armies. Ten battalions are authorized of which two are to be raised immediately. Each battalion will be comprised of three companies of 250 men each. The regiment will convert available timber and wood products into battle lines in France, into railroad ties, trench timbers, mining props, bridge timbers and other material needed in the military operations. The French forests have been managed with great care for many years and in cutting them over the object will be to avoid waste and leave them in good shape for future production. Only experienced woods and mill workers are wanted. Applicants must be between the ages of 18 and 40. Skilled woodsmen, lumbermen, portable mill operators and millwrights are among the classes of men desired. The regiment is officered by trained foresters and lumbermen. Sufficient officers have been appointed for the entire regiment. It is possible that still another forestry regiment may be raised later on. A number of M. A. C. foresters have received commissions as officers in the 10th Engineers Regiment (Forest) which regiment is understood to be already in France.}

MAX GARDNER '12 GETS PH. D. FROM U. OF WISCONSIN

Max W. Gardner, '12, who has been taking graduate work in plant pathology at the University of Wisconsin for the past two years, completed his work there this summer and received his M. S. degree there in 1915. "Max has just accepted a position in the botany department at the University of Michigan where he takes the place of Dr. Kauffmann in the plant pathological laboratory. He will continue his work as collaborator with the U. S. Department of Agriculture in research on cucumber and melon diseases. He has been engaged in this for the past two years."

RURAL CONFERENCE

The State Conference of Charities and Corrections will hold its annual meeting at Lansing from October 20th to October 23rd. For the first time in its history this organization will have a section on rural problems. This section will meet in the parlors of the Woman's Building at 2:30 on Tuesday afternoon, October 23rd. Dr. Ward L. Giltner, Dr. W. O. Hedrick, Prof. E. H. Ryder and Miss Elizabeth Parker will represent the college on the program. In addition there will be a roundtable discussion of community achievements. Several rural teachers and ministers who have attended the M. A. C. Summer Session will give accounts of the community work which they have accomplished. This meeting is open to faculty and students as well as all others who are interested.

Total, 1,072.

Since this classification was made 20 more have registered that are not included in the above. It seems that M. A. C. is doing very well compared with some schools, and will undoubtedly pass the 70 per cent prediction by a small margin.

The little brown caps are more than ever in evidence now, because of the greater proportion of freshmen to upper classmen, and in the still watches of the night a new yell reverberates "Rah, Rah, Rah, 1921!"
THE M. A. C. RECORD

Published every Friday during the College Year by the Michigan Agricultural College Association.

Entered as second-class matter October 30, 1916, at the post office at East Lansing, Michigan, under the Act of March 3, 1879.

C. W. McMIBBH, '11, Managing Editor.

MEMBERSHIP IN THE M. A. C. ASSOCIATION INCLUDES SUBSCRIPTION TO THE RECORD. $2.00 PER YEAR.

Memberships may be paid for by P. O. Money Order, Draft, or Personal Check.

MAKE THEM PAYABLE TO THE M. A. C. ASSOCIATION.

FRIDAY OCTOBER 18, 1917.

THE WAR LIST.

On Sept. 14 the RECORD published a list of some 230 names of M. A. C. men in military and naval service. Our expectations as to its completeness and errors were abundantly realized. But it served its purpose well, for it brought a multitude of correc
tions and additions so that now a month later it is possible to print a list of 369 names with addresses more complete and correct, because much of the information has come first hand. But of this it must emphatically be said that still it does not con
tain the total number of our men in service. We are looking toward a complete history of M. A. C.'s part in the war, a comprehensive war record of every man, when it is all over. To assist in this war record blanks are being sent in this issue, the RECORD is being sent to every M. A. C. man in service wherever he may be found and the revised and up-to-date list of M. A. C. soldiers, sailors and war workers in other lines will be printed every little while. We feel as one of the fellows has already ex
presed it that "if the RECORD has any paramount duty now it is to keep a close hold on these fellows who have donated their country's uniform." We seek your further help in keeping the M. A. C. family together and informed.

A LETTER TO A CLASSMATE "OVER THERE."

When a man's away from home, especially a long way from home, there is nothing so cheering and heart
easing as a letter. In the trenches men live for their letters. Time is measured from one mail call to the next. But in the trenches or out, in France or in this country, M. A. C. men in war service are away from home and a letter from a classmate or a college acquaintance or even one with mutual interest in M. A. C. will be mighty welcome to them. There is nothing that makes the M. A. C. family at home can do to make our fellows in service cherish more dearly their memories of M. A. C. and draw us all into a closer bond of union than to write them letters.

In glancing over the list an acquaintance may be found—more than likely a classmate is there, but if there isn't one, common interest and love for M. A. C. is sufficient introduction to prompt a letter to any one on the list.

The men who have answered the call make up the team that M. A. C. is sending down to Berlin to meet the Kaiser's. They will put up a hard fight. The sacrifices they are making are great. They will need the support, the encouragement, the loyal comradeship that M. A. C. men and women have always extended to each other. Let's let them know that we are with them good and strong, and send them a letter.

ALFRED H. HUNZECKER.

The death of Alfred H. Hunzecker, '16, occurred at Grace Hospital, Detroit, October 3 following seven days illness of typhoid fever.

Hunzecker was assistant city forester of Detroit and was married September 1 to Miss Beatrice A. Plumb, of Upper Gratiot. Their honeymoon was spent at M. A. C. canoeing and camping where as Mrs. Hunzecker writes "the happiest two weeks of his life and mine were spent around his beloved college, the place of all others he chose for his honeymoon." From the beginning of his illness he was delirious and never regained consciousness. During the delirium he was always at M. A. C. with classmates about him.

In college Hunzecker was popular with his class and especially well liked by members of the faculty with whom he came in contact. He was a member of the Forensic society. Following graduation he had been em
dloyed in the city forestry department in Detroit and was appointed assistant city forester last fall. It is indeed and to lose one to whom M. A. C. meant as much as it did to Alfred Hunzecker.

STUDENT ACTIVITIES.

The annual get-together of men stu
dents was held in the armory the evening of October 11. About 500 attended. President Kedzie gave the 1827 men some good strong advice emphasizing the greater responsibility resting upon them because of the drain in the ranks of upper classmen, and the stronger need for the trained man. Talks were given by Tom Dee, editor of the Hockad, and Frank Davis, president of the student council. San
dford Holt acted as master of cere
monies. Following the program apples, cider and doughnuts were served.

Last Friday night preceding the Kalamazoo game a mass meeting was held in the armory to stir up football enthusiasm. The team made its first appearance before the student body and gave a stirring talk. He brought out the necessity of the team having the strongest kind of support from the student body. A tremendous ovation was given Director Brewer at the close of his talk. Other speakers were "Carp" Julian, former star and assistant coach; Sherman Coryell, acting captain; Traunman, '16, and Prof. Houston, coach of the scrubs. It is hardly necessary to say that the meeting found itself inspired with the old-time fighting spirit as soon as the band hit up "Cheer, Cheer, the Gang's All Here" and threatened to raise the roof—the same old roof that has been similarly threatened a thousand times in years past.

A monster mass meeting will be held in the armory Thursday night previous to the Michigan game, in which it is hoped to put the team and the student rooters in final shape for Michigan. Members of the team, alumni, coaches and prominent stu
dents will give talks.

The annual sophomore-freshman rush is set for October 27, the date of the University of Detroit game at M. A. C. Because of the game the rush stunts will probably take place in the morning.

A "pep" meeting to arouse "pep" for the Michigan game was staged in front of the Woman's Building Tuesday night. A big bonfire, the band and the girls were there. Tommie led the meeting which Rettaff, president of the senior class and the first speaker, referred to as a "little informal gathering" to "pep up" for Michigan. Members of the team spoke on the importance of having the student body behind them every minute during the game. With others a new song, "Fight Team Fight," was tried.

M. A. C. OUTPLAYS BUT LOSES TO KALAMAZOO 7 TO 3.

M. A. C. went down to defeat before Kalamazoo college Saturday afternoon when, in the last five minutes of play, Bracket, right end of Kazoo, scooped up a fumbled punt and raced down the field 40 yards for a touchdown making the final score 7-3.

M. A. C.'s only score was made in the third quarter when Hunzecker booted the ball between the bars on a place kick from the 29-yard line. Although the score was close, the Kalamazoo squadron was outplayed by
the Aggies in nearly every stage of the game. Six times the Farmers backed their opponents against the goal posts but at this point the Kalamazoo defense stiffened and M. A. C. was held for downs.

Archer opened the game by booting the pigskin over the goal line and play was resumed on the 20 yard line. Kalamazoo was held for three downs, punting on the fourth. M. A. C. returned the ball to the 40-yard line. An exchange of punts followed placing the ball at Kazoo’s 25-yard line. In a series of forward passes by Kalamazoo Ramsey had a chance to show his prowess by intercepting them or breaking up the play causing them to be incomplete. The Aggies showed their superior skill in passes when near the end of the quarter Ramsey went around end with a pass for 20 yards. A second pass was carried for downs.

An exchange of punts followed placing the ball at Kazoo’s 25-yard line. In a series of forward passes by Kalamazoo Ramsey had a chance to show his prowess by intercepting them or breaking up the play causing them to be incomplete. The Aggies showed their superior skill in passes when near the end of the quarter Ramsey went around end with a pass for 20 yards. A second pass was carried for downs.

In the second quarter the teams seesawed back and forth across the field, neither side being able to gain much. The feature of this quarter was the sensational interference work of Joe Turner, in upsetting one of his opponents and causing him to turn a somersault before landing.

In the third quarter the Aggies—after a brilliant set of offensive plays by Turner, Bassett, and Hammers—advanced the ball within striking distance of the goal and Hammers executed a place kick which broke the 0-0 tie.

With victory apparently within their grasp, the Aggie rooters figured the game was sewed up, but when the last quarter was half over Kellogg dropped a punt which was pounced upon by Brackett of Kalamazoo and carried 40 yards for a touchdown. Bassett did much good work for the Aggie eleven during the quarter meeting much of the gains made. Although playing at center, Archer showed skill at intercepting forward passes and breaking up interference.

The line-up:
M. A. C. KALAMAZOO
Ramsay L.E. Towsley
Coryell L.T. Emerson
Leffler L.G. Walker
Archer C. Reed
Bailey R.G. Woodard
Franson R.T. Fausch
Bassett R.E. Brackett
Kellogg Q.B. Ferguson
Oas L.H. Mischa
Turner R.H. Staake
Hammers F.B. Strome

Score by quarters:
M. A. C. .0 0 3 0-3
Kalamazoo .0 0 7 7

The showing made in this game was far superior to that made last week in the Alma game due to the work of Coach Brewer and "Carp" Julian during the past week. Though they met with defeat for the second time this season, the Aggies look forward to the Michigan game with confidence.

CAPT. E. G. WRIGHTSON, NEW COMMANDANT.

The newly appointed commandant, Capt. E. G. Wrightson, has arrived and is taking up his duties as head of the military department. Capt. Wrightson began his military career in the University of Chicago in 1898, 1916, he was assigned to the 17th Infantry, and joined his company at San Joaquin, Mexico, one of the farther outposts of the recent Mexican expedition. He came up from Texas in March of this year to fill an assignment at Ft. Oglethorpe, Ga. Here he had charge of some 500 German prisoners who were the crews of the EtTEL Frederick and the Appam Intended German warship. In May he was placed in charge of an Officers’ Training company at Ft. Oglethorpe, where he served until the 14th of July when he was taken sick and has been in the hospital up to a short time ago.

Mrs. Wrightson accompanied the captain to Lansing. They have no children.

Plans are being made for handling the military work along the most recent training camp lines but for the present it will proceed much the same as formerly. The decrease in attendance will probably cause the reduction of the corps from three to two battalions. Serg. Cross although not in the best of health has been looking after the affairs of the military department in the absence of a commandant.

Flag poles on the various buildings of Traverse City and G. I. Hobbs, ’16, occurred June 12. Hobbs is supervisor of the agricultural department and city gardens at Three Rivers public schools and is located at 319 Hooker Ave. He had charge of the gardening and canning clubs during the past summer and is now beginning a course in military training.

WEDDINGS.

HOBBS-LOUCKS.
The marriage of Miss Emily Loucks of Traverse City and G. I. Hobbs, ’16, occurred June 12. Hobbs is supervisor of the agricultural department and city gardens at Three Rivers public schools and is located at 319 Hooker Ave. He had charge of the gardening and canning clubs during the past summer and is now beginning a course in military training.

MORTON-EMENS.
The marriage of Olive Leclaire Emens and Henry Earl Morton, ’16, took place on the 2nd of October at Muskegon, Michigan. They are at home at 1000 Leahy St., Muskegon Heights, Michigan.

Margeson-Pegg.
The wedding of Charles Margeson with ’18, and Miss Emma Pegg occurred at Union City, October 6. Margeson will continue his senior work in college.
NEW ATHLETIC BOARD OF CONTROL.

The new athletic board of control as elected by classes and named is made up of the following: Director Brewer, Assistant Director Gauthier, President Redzie, Secretary Brown, Professors Plant and Musselman, alumni representatives, E. C. Kiefer, '13, and C. W. McKibben, '11, Frank Davis, '18, president of student council, Demond, '18, and acting-Captain Corryell of the football team. The junior class representative has not yet been elected. The first meeting of the board was held October 15, and routine business was transacted.

Hereafter any man in uniform will be admitted to games on the M. A. C. field at half price. At the Michigan game soldiers from Camp Custer are admitted free.

REVISED ARMY LIST.

Alford, Howard E., with '18, Co. C, 328 Machine Gun Bn., Camp Custer.

Zeich, C. P., with '18, Navy.

Zimmerman, L. W., with '18, U. S. S. Mass., c/o Postmaster N. Y.

Zuver, Glenn, with '18, Amb. Corps.

MORE WEDDINGS.

BENHAM-VAEOLD.

The wedding of Katherine Benham, '10, and H. B. Vasold, '14, took place at the home of the bride in Milford, Michigan, Oct. 9. While on a honeymoon automobile trip touching South Bend, Holland, Grand Rapids and Freeland they stopped on the campus for a short visit. Vasold is farming at Freeland.

LEONARD-ATENHOFFER.

The marriage of Miss Marion Frances Leonard, '15, and A. H. Atzenhoffer, '16, occurred October 11 in Chicago. Mr. and Mrs. Atzenhoffer will be at 515 Russell, East 54th St., Chicago, Illinois. Atzenhoffer is in the efficiency department of the Chicago Branch of the Western Electric Co.

ALUMNI NOTES.

Jesse M. Churchhill is highway engineer with the Idaho state highway department. At present he is in Min­ne­polis, Dakota, but gives Box 988, Walla Walla, Washington, as his permanent address.

Dessie E. Benis who has been an instructor in domestic science in the University of Minnesota, is head of the Home Economics department of State College, Kingston, R. I., this year.

Announcement has been received of the birth of Charlotte Wellman Wilson on July 19 to C. A. and Mrs. Will­son. Mrs. Wilson was Bertha Wellman Wilson, '06.

Capt. W. P. Wilson ("Pee") is supply officer of the 7th Regiment of the Coast Artillery and sailed for France in August. His brigade is known as the Railroad Battery. Mrs. Wilson (Marie Piatt, with '06) is at Ft. Du­Pont, Del.

H. H. Douglas who is with the De­etroit Cremerly Co., is now living at 197 Commonwealth Ave., Detroit.

Bruce Hoffman is a forest examiner in the office of silviculture of the District Forester at Portland, Oregon.

Gurnon Osborn is with the Ameri­can Blower Co., Milwaukee, Wis. His address is 527 First National Bank Bldg.

P. G. Wilson (Pud) has applied for a commission in the 20th Engineers (Forest) being organized in Washing­ton, D. C.

Will Sprout is forest examiner on the DeChutes with headquarters at Bend, Ore.

Harry Baker has just been made a deputy forest supervisor at Missoula, Mont.

Huber C. Hilton, forest supervisor of the Michigan National Forest, and Forest Pathologist Hahn of the Bur­erau of Plant Industry, were visitors at the college this week. Hilton made application for the 20th Forestry Reg­iment being formed, but because of greater need for his services here in Michigan, the application did not receive the recommendation of the Dis­trict Forester in Denver and was not accepted.

Samuel L. Anker, Jr., arrived at the home of "Sam" Anker, East Tawas, Michigan, in July. Father Sam is civil engineer for the D. & M. R. R.

F. T. Hotchin, an inspector of mills and elevators for the Michigan Millers Insurance Co., Lansing, has just re­turned to the company's service after several months spent on a government detail in connection with the food conservation work. A large number of insurance companies throughout the country organized a movement to conserve wheat and grains through the removal and reduction of fire hazards on all mills and elevators and they directed the special boards of their inspec­tors to visit and inspect mills and grain elevators in the country whether they were covered by insurance or not. The chief object sought was the saving of grain to the country through the forestalling of floods and the re­duction of fire and explosion hazards. Inspectors resulted in the hiring of many additional watchmen, the instal­lation of outside lights and other simi­lar precautions against malicious de­struction.

L. P. Dendel, '14, was employed upon this work for a time, as was also Ed. Chambers, '13, located at Oxford, Michigan, who is an inspector for the Fire Prevention Bureau.

L. J. Knapp who was with the Whitehead & Kales Steel Construction Company of Detroit has recently been sent to New Jersey by the firm, on steel construction contract work for the government.
