A PUBLIC ADDRESS under the auspices of the Sem. Bot. will be given by Prof. H. H. Bartlett at 7:30 Monday evening, May 26th. The subject of the address will be "The Village and Jungle Life of the Sumatran Batak." It will be illustrated by lantern slides taken by Professor Bartlett during his 16 months stay in Sumatra as a plant breeder for a large rubber company. These natives are a very primitive tribe of people and their agriculture is carried on entirely in the jungle. Professor Bartlett studied their agricultural practices as well as their rude and peculiar methods of defense. He hoped that a great many people will avail themselves of the opportunity to hear this address. The lecture will be in the Botany Lecture room.

TWENTY-TWO WESTERN UNION electrically controlled clocks are being installed about the campus in various buildings and class rooms. They are substitutes for the old college bell and will control the assembling and dismissal of classes, and mark the speed of campus tempus in general. There are no bells or alarms connected with the clocks. It is thought that the system which has been in use ever since the burning of Old Williams will be continued. The Master Clock which controls the others is regulated daily from exact time in Washington.

THE FORESTRY ANNUAL for 1919 is just from the press and is being circulated by the Forestry Club who are its publishers. The Annual contains a number of very newsy letters from Alumni Foresters, technical articles on Forestry and the names and addresses of the students who are taking courses since that branch was established at M. A. C. I. V. Anderson and B. H. Bentley are the editors of this year's Annual.

THE CULTURE OF CURRANTS and Gooseberries, by R. E. Loree, '13, The Financial History of a Twelve-Year-Old Peach Orchard, by Prof. Enstis, '98, Muskegon, and the Normal Culture in Michigan, by C. W. Wade, Raspberry Culture, by R. E. Loree, Spray and Fruit Outline for Fruit Growers, by Prof. Enstis and Prof. Paltt are new bulletins being sent out this spring from the Horticultural and Entomological sections of the Experiment Station. Another new bulletin is on the Feeding Value of Skim Milk for Swine by H. W. Norton, Jr., '03.

THE THIRD ANNUAL County Normal Day was held at the college Saturday, May 17th, and was attended by some 200 young women who are being trained in Michigan Normal schools to become rural teachers. Miss Anna Coles, '15, State Club Leader for Girls, had the meeting in charge. The program began at 10 o'clock in the lecture room in the Engineering Building and the prospective rural teachers were addressed by Dr. Mumford, County Agent Leader, and Prof. Ryder. Demonstrations in canning, stock judging and poultry were given in the Agricultural Building later in the morning. At 12:30 a luncheon was served in the Women's Building, following which was a program of talks by President Kezde, Hon. T. E. Johnson, Dean Mary E. Edmonds and Miss Zella Downing, principal of the Saginaw County Normal. Professor French was chairman of the meeting and Judge C. B. Collingwood acted as toastmaster. Dr. Mumford, the college club members attended the track meet and the baseball game Saturday afternoon.

THE TENNIS TEAM broke even with Ypsilanti in their matches Thursday. The male representatives from East Lansing won both the doubles and singles from the Normalites, but the local club team lost in both those events to Ypsilanti ram-ram stars. A similar result was recorded with Mt. Pleasant in both the singles and doubles at tennis Saturday. In the singles, Beldow, Mt. Pleasant, defeated Iledan 6-1, 6-7; and Wible, M. A. C., defeated Mooney, 6-1, 6-4. Tambling, Mt. Pleasant, bested Kuder, 6-2, 6-5. In the doubles Palm and Iledan defeated Bedlow and Lewis 7-5, 3-6, 8-6. Mooney and Tambling defeated Wible and Kuder 6-3 and 7-6.

"THE JAPANESE GIRL," a clever and delightful operetta, will be presented by the M. A. C. Girls' Glee club on the evening of May 27 in the college armory. This is the first time in several years that the club has attempted anything of this kind and no effort is being spared to make the performance a success.

HOLIDAYS seem to be very much in vogue this term and their popularity with students is in no sense diminishing. Two weeks ago, Friday, there was a college holiday on account of the annual military inspection, and on Tuesday, May 13th, M. A. C. celebrated another holiday and dispensed with classes in order to fittingly welcome the 119th Field Artillery. Memorial day will be a holiday, of course, so that the present week appeared to be the only full week of school before the end of the term. This didn't seem right to students who decided on Monday this week that they should celebrate the signing of the appropriation bills by Gov. Sleeper and, accordingly, declared a day off for jollification and amusement. Meetings of cheering students and the Japanese processions were the order of the day on the campus and in the evening an impromptu but what is reported to have been a very successful and enjoyable dance was conjured up in the Armory. The celebration was scarcely participated in at all by the faculty. In fact they appeared quite dejected at all the goings on. Not that they did not recognize just cause for celebrating but they are wondering how, with the holidays before them and those that have been taken behind them, they will be able to get in all of the work scheduled for their courses.

FATE seems to be determinedly set against a baseball game with M. A. C.'s old rival, Albion college, this week. The first game which was scheduled for May 5th was called off on account of inclement weather and a flooded athletic field. Again this week the Methodist preachers were saved from defeat by the Aggies by the weather man who prepared an elegant spring shower for Tuesday, the day of the game. Now the Albion contest has been postponed indefinitely since there are no open dates that will permit of M. A. C. meeting them.

SWIMMING FOR GIRLS is established as a regular course in the college pool and a final examination is given in it, the same as in any other subject. To obtain credit for this term's swimming, each entrant must be able to do the following: Face float three-fourths width of pool—correct as to undress, back stroke three lengths of pool—correct as to undress, breast stroke one length of pool—correct as to form, stationary back float sixty seconds, back stroke one length of pool—correct as to form, preliminary dive. For credit in advanced work: Two strokes twice the length of pool, five dives, plunge, tread water, endurance test, work in life saving. It is not enough that girls don their swimming clothes and flop into the pool and then flop out again.

THE COLLEGE BAND is making arrangements for its annual spring term banquet which will be given in the grill room of the Hotel Downey of Lansing at 7 o'clock May 26th. At this time five senior members of the band will be given band watch fobs which are awarded those who have played in the band for four years. From now on the band will be working overtime on senior affairs and commencement entertainments. They are looking forward to the Big banquet and jollification at the Downey to make them forget the many playing dates ahead of them.
It is the grossness of the scheme that has opened grounds for criticism. We have "fed 'em and fed 'em cheaply," it is true—but nothing more.

Just at the present time there are fewer men partaking of the fare of the boarding club tables than have sat around those boards in many years. A lack of dining room facilities is chiefly the cause, but we cannot help but wonder whether, after such a large proportion of students have boarded off the campus for a term, they will ever come back in great numbers to the college boarding club.

And if they do what then? Ought we to improve our eating conditions on the campus or ought we to continue to "feed 'em cheaply?" Ought we to provide dining facilities that will be conducive of proper eating or shall we not give the time to it, but hurry it up and use the time for study? Because of their influence for or against we may well ask shall we divide the clubs and have girls and men board together? Will we do well to train students in the arts of dining or continue in simply feeding?

In the Union Building at the University of Michigan there is one of the largest and most beautiful dining rooms in the state. During the S. A. T. C. regime at the University 3,500 student soldiers were boarded there. It might be possible to establish in our own Union Memorial Building a campus "commons" or common dining room for a large proportion of the student body.

There is much food for thought in the eating club question at M. A. C. Undoubtedly alumni and former students have some ideas and they may have some voice if they will in its final solution. The Record would certainly appreciate hearing them.

**BECAUSE**

Of Memorial Day coming on the Record's date of publication and because of the many commencement affairs to be arranged the next issue will probably be several days late. It will be mailed, however, well in advance of commencement week and will contain some notes on the final program.

**ROY M. SHANE '18.**

Roy Maurice Shane, '18, died at the Laing Hospital at Escanaba, Michigan, May 15, 1919. Shane had been suffering from a series of complicating diseases, following a severe attack of Pneumonia in April, 1918, and had been at Laing Hospital for nearly a year.

He entered college from Ensign, Michigan, and was a member of the Phyllis Society and also a member of the Alpha Zeta Fraternity as well as the Farmers Club, the Dairy Seminar and the Rifle Team. He was assistant business manager of the 1917 Wolverine.

On leaving M. A. C. he entered extension work as assistant county agent at Port Huron, Michigan, January 1, 1918. He was there but three months when he was taken ill and had been in the hospital since that time.

**FLORIDA CITY PAYS TRIBUTE TO LANKEY '16.**

The following was clipped from the St. Petersburg Times of May 2 and tells the story of Lieut. F. I. Lankey, '16, who was killed in that city May 1, while flying in the interests of the Victory Loan:

"The body of Lieut. F. I. Lankey who was killed in the airplane accident yesterday will leave the city hall at 8:30 this morning in a motor transport. It will be taken to Arcadia and sent to Bay City, Michigan, from there.

"Following the request of scores of citizens, F. R. Francke, county chairman of the Victory Loan committee, has arranged for a demonstration of the city over the tragedy. All persons are asked to bring floral offerings to the city hall before 8:30 as it is wished to completely fill the army transport with flowers. Committees were appointed last night to arrange for flowers but all citizens who desire are urged to bring the floral tribute. The truck will leave from the Harris parlors a little after 3 o'clock and proceed to the city hall where the flowers will be placed on the casket.

At 8:30 the truck will go to Central Avenue and drive east to Second street and then on to Arcadia. All merchants and business men are asked to close their establishments from 8:30 until after the truck has passed and it is the wish of Chairman Francke and his committee that the citizens assemble on the side-walks and stand at attention as the transport passes.

Captain Bartlett had planned to leave the city at 7:30 until it was explained to him by Mr. Francke that the people of the city wished to do what they could to express their sorrow and be in the march of the aviator. He agreed to delay the departure of the truck for an hour."

**COLLEGE HOSPITALITY COMMITTEE FOR RETURNING ALUMNI.**

A committee of the college staff has just been appointed by President Redzie who will take over a share in the commencement festivities for alumni and assist in arranging for a hospitable entertainment of college guests at commencement time.

The committee has styled itself a hospitality committee and are making special arrangements for the accommodation of college guests while they are on the campus so that their trip
to East Lansing for the commencement festivities will be as enjoyable and as profitable as it can be. The listing of rooming accommodations in East Lansing and on the campus, extra dining room facilities, arranging for garage and parking space for the cars of alumni and guests who drive to the college and the linking up and improving of commencement entertainments already scheduled, so that there will be no confusions, are being taken in charge by the committee.

Prof. Chapman is chief extender of the glad hand as chairman of the hospitality committee and has as his assistants, Prof. Plant, Miss Garvin, Dr. Coons, Dr. Benner, Mr. Conger, E. C. Mandenberg and J. H. Hasselman. The committee is in a receptive mood for suggestions that will help them make the visits of returning alumni more pleasant and less difficult from the standpoint of securing accommodations in East Lansing. They are aiming to make old M. A. C.'s latch string hang out about nine feet for returning alumni, the second week in June.

DETROIT GIRLS' LUNCHEON.

M. A. C. girls in and about Detroit held a luncheon on Saturday noon, May 24, at the English Tea Room at 121 Farmer St. Seventeen alumnae and former women students of M. A. C. were present. The luncheon was arranged by Mrs. Janice Morrison Zettel, '17, and was very enjoyable and successful. The Detroit girls are planning to repeat the luncheon within a short time.

RULES FOR WOMEN MADE MORE LIBERAL.

The following are the spring term regulations for students of the Home Economics division as outlined by the

Women's Student Council, and recently agreed upon by the faculty:

1. Campus boundaries abolished for walking up until 8 p.m.
2. House regulations—Study nights—Young men may call until 8 p.m. Spring term Friday and Saturday—Young men may call until 9:45 p.m.
3. Party regulations—Each young woman may attend four dancing parties each term. Exception—Young women who fail to pass off all credits carried the preceding term, forfeit one dancing party with each failure. (Note—J. Hop for this term will not be counted as one of the four parties for any young woman. The Varsity party which followed the J. Hop will not be counted as one of the four parties for Juniors.)
4. House regulations— a. Every young woman if leaving after or expecting to be gone after 8 p.m. must register time of leaving and returning for convenience of the house matron. b. Young women leaving a house for a night must notify the house mother. c. Each young woman is expected to be in her house at eight on study nights. Special permission may be obtained from house matrons.
5. Chaperons—Each young woman classified as a senior may chaperon. Under classmen—When leaving the campus with young men after 8 p.m. are expected to be chaperoned.
6. Restaurants—Under classmen may take dinner down town on week ends, unchaperoned, but must return at 8 p.m. Upper classmen—Must be in groups after 8 p.m. and expected to attend on week ends only.

Special permissions concerning attendance of theaters not stated above may be obtained from house mothers.

SOCIETY DOINGS AT COMMENCEMENT.

Saturday night, June 7th—Feronian Party in the Armory.
Monday, June 9—Feronian Tea for Alumnae from 3 to 5 o'clock in society rooms, Woman's Building.
Tuesday, June 10—Soronian Alumnae are to make Room 50 in the Woman's Building their headquarters during commencement week. Tea for alumnae to be announced later.
Wednesday, June 11th—Ero Alphian Alumni Breakfast at 7 o'clock.
Theorion Informal Open House from 2 to 5 o'clock in the Society rooms.
Eclectic Society meeting and dinner 5 o'clock, Eclectic Building.
Union Literary Society gathering.
Thursday, June 12—Hermian Reunion 7:30 p.m. Society rooms, Wells.
Friday, June 13—Phylean Party in the Ag. Bldg.
Eclectic Party in Eclectic Building.
Hermian Party in the Armory.
Delphic Banquet and Party, Pine Lake.

FLINT ALUMNI REORGANIZED, TO CAMPAIGN FOR STUDENTS.

The most enthusiastic and peful Alumni meeting ever held in Flint went down as history Friday night, May 16, when fifty alumni and former students of M. A. C. gathered at the Y. M. C. A. for an old time college talk and song fest.
It is the first meeting that Flint alumni have had in several years and the numbers of M. A. C. people in the city and vicinity was a great surprise—one that was commented on by all those attending. But few of them
realized until they got together that there were as many M. A. C. people in and around the city. After the very enjoyable dinner, Tiny Parker, '09, introduced himself as toastmaster. Paul V. Tower, '16, who was in France with the 119th Field Artillery, gave some interesting incidents of the work of M. A. C. men in France particularly those in the 119th regiment and the others whom he met both on the front lines and back in the camps. Tower has recently become city forester of Flint.

One interesting coincident related by Tower was when his battery had just gone into action on one of the fronts and they had noticed the particular fighting qualities and firing abilities of the two artillery units who were on either side of them. At the first let-up in the firing there was an opportunity to find out who their front line mates were and to his surprise, from one side came Captain "Jimmy" Rasback, '17, and from the other side, Captain Ralph Henning, '17.

Prof. French pictured in glowing, but none too exaggerated language the future of M. A. C. His talk was most instructive of the present conditions of the college as well as the future before us and was greatly enjoyed. Donald D. Stone, recently of the 44th Infantry in the Russian Expeditionary Forces at Vladivostok gave a brief talk, mentioning his experiences in the Russian city. Alumni Secretary McKibbin told of the progress of the other local organizations of alumni in Michigan. During the evening Miss Caroll Davis, '16, gave several delightful solos and the program was interspersed with old college songs.

**INTERCOLLEGIATE MEET SATURDAY, MAY 24.**

On Saturday of this week intercollegiate track athletics will be revived for the first time since the war. To this end a squad of Michigan track men, the sensational order. Michigan will send three teams to the field. The meet will take place at the Michigan stadium.

Inability to solve the delivery of a young pitcher by the name of Parks cost Coach Brewer's Aggies a 4 to 0 defeat at the hands of Michigan University at Ann Arbor last Wednesday afternoon. Parks seemed to have everything and had the game well in hand all the way.

"Letty" L. Curtz, working for the Aggies, turned in a game himself that would have been good even for a win in nine college games out of ten. Five singles, and only two of those clean wallops, totaled all that the Ann Arborites could gather off his delivery.

There was only one earned run in the entire engagement. The Aggies had two or three chances to cut into the scoring, but the necessary bingle was lacking in each case. Only three hits were officially checked up for the Ags, and but one of these cut out of the infield for a clean wallops.

Captain Hammond was out of the game and Herb Andrews worked at first in his place. Bert Schneider fielded brilliantly in left field, pulling down five flies, two of which were of the sensational order.

The Aggies are entered for the Michigan State track meet which will be run off at College field Saturday. The Hooisers captured 11 out of 14 possible firsts and copped a large percentage of the seconds. The final count was 89 to 32.

M. A. C. took first in the 440 dash and in the weights. Kurtz ran a pretty race in his events and scored his win over the Catholics. Atkins made good in the weights after two failures against Notre Dame and won both the discus and the shot-put. Powers of Notre Dame, showed the Aggies something in the pole vault when he cleared the bar at 12 feet and six inches. Speidel, the Aggie choice, did not place in this event. The broad jump was another eye-opener. Krepk took it at 20 feet and 10 inches. In his last trial he added 10 inches to the best previous record.

Notre Dame has not lost a track meet this year and the Hoosiers are confident that they will take the measure of Michigan in the near future.

**AGGIES WINNERS AT KALAMAZOO.**

M. A. C. beat Western State Normal at Kalamazoo Saturday 2 to 0 in one of the snuggest games the Aggies have participated in this season. The team that went down to a 29 to 12 slaughter at East Lansing presented a different front to the Aggies Saturday.
and it was a nip and tuck fight all the way. Donnelly pitched his best game of the year and did not permit a man to get to third base. He was backed up by some sensational fielding and good stick work on the part of his teammates.

Captain Hammes was back in the game again and put up a fine game at first. He hit well and played a fine game in the field. He also celebrated his return to the game by stealing three bases. His presence bolstered up the morale of the Aggie infield and the whole Aggie machine worked with clock work precision.

On Thursday evening this week Michigan will be here for the last M. A. C.-Michigan game of the season. M. A. C. lost to Michigan 4 to 0 last week.

Score by innings:
M. A. C. .......0 0 0 0 0 1 0 0 1—2
W. S. N. .......0 0 0 0 0 0 0 0 0—0
Two base hits—Andrews, Franson.
Stolen bases—Hammes 3, Schneider 1.

ON SUNDAY EVENING, MAY 25TH, at the People's Church the third and last sacred concert of the Philharmonic orchestra of the Students Citizenship League will be given. The orchestra was newly organized during the winter term but it has met with so much success and found such an enthusiastic reception that its continuation next year is practically assured.

Donald C. Henley, formerly Y secretary at M. A. C. and who has been on the Y. M. C. A. staff at the University of Michigan since the spring of 1918 has just been made general secretary at the University of Nebraska at Lincoln. The transfer to Nebraska makes it impossible for him to attend the M. A. C. commencement this spring and is disappointing to him on that account, since he had hoped to see a "lot of the old crowd who have just returned from service."

Alumni Notes

'78.
Fremont E. Skeels of Wolverine, Michigan, is chairman of the Cheboygan County Board of Supervisors, president of the Cheboygan County Fair Association and secretary and treasurer for the Wolverine Co-Operative Marketing Association. He is also a surveyor and forest cruiser with Cobbs & Mitchell, Incorporated, timber men of Cadillac, having been with them for 14 years.

'92.
Frank Bauerle announces a moving of the Bauerle Bros. Mfg. Co., makers of brush blocks, wood turnings, and...
plain and polished handles, to a new factory building at 1901-1919 S. Fair- 

dfield Ave., Chicago.

S. F. Edwards, 801 Ionia St., Lansing, Mich., is stirring up a little agi- 
mend this year.

Lt. Col. Mark K. Ireland of the Motor Transport Corps returned to 

France April 16th after two months in the United States investigating 

production companies of small parts, motor accessories, etc., for the Repair 

Branch of the Motor Transport Corps. His headquarters are at Tours, France, 

with the Headquarters Motor Transport Corps, A. E. F. A. P. O. 717.

A. G. Craig is manager of the Spo- 
kane Valley Orchard & Land Co., with headquarters at East Farms, Wash- 

ington. His company has 355 acres of bearing orchard and 150 acres of 
alalfa land, all irrigated and all in 
good state of cultivation.

J. F. Loop of Evansville, Ind., is very much afraid that the rush of 
business is going to keep him from being in attendance at the reunion of 
his class at commencement, however, he is going to make it if he can as 
there are a good many whom he has 

"not seen since the '03 crowd were handed out their diplomas."

A recent bulletin of the Detroit En- 

gineering Society reports the election of M. W. Taber to the office of second 

vice-president of that organization. Taber is also chairman of the mem- 

bership committee. His offices are at 

1558 Penobscot Bldg.

Bertha Hinkson has moved from 31 

Seneca Ave., Detroit, to 35 Seneca 

Ave.

Jesse B. Bolte has changed his ad- 

dress from 234 S. Maple St., Oak 

Park, Ill., to the Merchandise Bank 

Bldg., Indianapolis, Ind. With him and his brother, Gerald Bos, '16, have together purchased a 

120-acre farm at Byron Center, R. F. D. No. 1. There are 89 acres apple 
trees on the place and he writes "we are mighty busy with spring work."

Mrs. A. R. Vanborne (Gertrude Pe- 

ters) 219 New Scotland Ave., Albany, N. Y., is some classrooms in

the Mich. Gun Co. of the 11th Infantry 

now in Luxemburg has just sent a picture of himself on a horse which 

belongs to Lt. Colonel of his Regiment, A. C. Cron who will be remembered 

as an instructor in Military Science 

here for two years, from 1911 to 1913. 
The picture was taken in the Grand 

Duchy of Luxemburg immediately 
after Shanahan had won a prize with 
the horse in the 10th Brigade Horse 

Show. Shanahan went through the 

Anould Sector and St. Die in the 

Vosges and later went through the 

St. Mihiel and was finally wounded Oct. 

14th in the Muese-Argone near Cune.
from France on the 3d of May and has just been discharged. He has returned to his former business in association with A. T. Smith, distributor of Ford cars, at St. Johns, Mich.

George R. Schaffer, 2d Lieutenant of the Veterinary Corps, is still in France with his unit. He writes that so far in his European travels he has found nothing that could be bettered west of Sandy Hook. His address is A. P. O. 927.

Sergeant Henry A. Jessop, Co. N of the 21st Reg. Engineers, is still in France with his unit. He writes that it has not been his lot to "participate in any of the exciting phases of the great conflict as many of our boys have." He was situated some 35 miles south of Verdun and has been confined to the Advanced section of the S. O. S.

Allen W. Barron was recently elected to membership in the Detroit Engineering Society.

Carl A. Smith, county agricultural agent at Manchester, N. H., is giving considerable time to the managing of Farm Bureau affairs in his county. He has a staff of four assistants including a county club leader and a purchasing agent. He writes that all in his vicinity feel that the new county agent leader, E. P. Robinson, ’07, is a strong acquisition to their force of agricultural directors in New Hampshire.

"Our Boys," the publication of the Wisconsin Home and Farm School for May, of Dousman, Wisconsin, announces the appointment of James Avery to take charge of the School and become farm manager for the institution. After graduating from the college, Avery took up business administration at the University of Michigan. The publication of the Wisconsin School tells of his past experiences and of his work he is accomplishing at the beginning in his new position as head of the school.
