THE M. A. C. RECORD.

NEVER BEFORE HAS THE COLLEGE attracted so many visitors as during the present summer. Special delegations, conferences, and conventions, have made their headquarters here, and numbers of visitors have dropped in for a visit to the U. S. Department of Agriculture. The ideal weather conditions have been an incentive for picnickers to turn out in large numbers and often. And as if in keeping with the holiday spirit, the old campus has put on her best attire. Sufficient rain has kept the grass green and the flower beds beautiful and flourishing. Considerable new work was done by the Department of Horticulture during the spring and summer to beautify the grounds and keep the campus the “most beautiful spot in the world.” That’s what dozens of “old grads” have called it during their pilgrimages to Alma Mater this summer.

FRESHMEN ENROLLING THIS YEAR will be handed a little booklet containing the customs, traditions, and regulations of the college, which is being compiled by the Registrar’s office. This little publication will be of value and interest to faculty and students and especially to the “frosh,” and is similar to the student hand books now being published by many colleges and universities.

THE WORK OF THE FORESTRY SUMMER CAMP was completed the latter part of July and the twenty-six students making up the crew trekked out of the lands of the East Jordan Lumber Company and disbanded with feelings of regret that the work was over. This is the first camp that has been undertaken since the war and was highly successful. Prof. Cittenden and Butterick who directed the work of the crew were especially pleased with the work accomplished. The camp was held on the holdings of the East Jordan Lumber Company in Chestona township, Charlevoix county, about ten miles from East Jordan in the midst of hardwood and hemlock timber, cedar, and white pine. The students first mapped the area and made an estimate for the company for eight sections of their holdings. In return for the data furnished them, the East Jordan Lumber Company supplied them with all the camping necessities including housing, equipment, beds, kitchen tools, etc. The only material taken from here were surveying instruments. The foresters won quite a reputation as ball players, playing two games with East Jordan and one with Charlevoix at the Loeb Farm.

THE COLLEGE is putting on a big comprehensive exhibit at Detroit this year during state fair week, September 3 to 12. Individual departments at the college have prepared exhibits for the big fair in former years, but this will be the first display in which all divisions cooperate. Nearly 400 feet of wall space in addition to tables will be covered by educational exhibits in the half of the big agricultural building which has been assigned to M. A. C. The U. S. Department of Agriculture will prepare booths in the rest of the building. All the work will be new, according to announcement of the college authorities, and all will carry a live message of agricultural value.

ABOUT 150 BOY CLUB CHAMPIONS from Texas crossed Michigan on August 12 in the course of their 5,000-mile trip through the northern and eastern parts of the country, and during the afternoon were guests of the college. The lucky boys on the special train won their big journey by virtue of victory in a state wide club boys’ contest, in which several thousand leading young farmers of the southwestern state took part. The Texas Chamber of Commerce at Dallas and the Agricultural and Mechanical College of Texas, jointly made the trip possible and took care of arrangements. Expressions of enthusiasm over Michigan farms were made by the Texans, who had just passed through the richest agricultural sections of the country. The M. A. C. crops tests plate, the herds of dairy cattle, swine and sheep were all objects of interest to the young club champions, but the feature that made the biggest hit with the southern lads after their days of hot dusty traveling were the gymnasium showers and pool which were thrown open to them for a frolic such as they might have staged “in the old swimmin’ hole” down in Texas.

THE HOLCAD will be published twice a week during the coming year and will issue forth on Tuesdays and Fridays beginning the first week of college. It is to be printed in East Lansing at the Campus Press Print shop.

THE CALL TO CANDIDATES for early practice in football has gone out and it is expected that between thirty-five and forty aspirants for a place on the Green and White eleven will be on the field by the first week in September to begin the grind of practice. Jimmy Dever who is to be in charge of all combative sports including boxing, fencing and wrestling, has reported and as soon as the football work is begun will take up the duties of trainer and conditioner for the ‘varsity team.

THE FALL TERM OF COLLEGE begins September 28 and early in September, four weeks before registration day, the number of freshmen applications has exceeded those of last year of the same date by sixty. The enrollment of young women students is
particularly large and the accommodations for housing them are rapidly dwindling. The college has taken a five-year lease on the Waterbury house on Evergreen avenue as a girls dormitory. The Waterbury house, formerly the old Hesperian House and was moved from the corner to its present location on Evergreen to make way for the Bank block.

A member of M. A. C. men greeted each other at the Convention of the Michigan Good Roads Association held in Lansing September 1, 2 and 3. Besides the employees of the State Highway Department of which there were a large number present, several M. A. C. men representing firms furnishing road building material and equipment were on hand for the meeting and the exhibits. The convention, which was addressed by Governor Cox of Ohio, presidential aspirant, was said to be the largest attended and the most successful meeting of the association.

EVENT AND COMMENT.

"MORE STUDENTS."

Following the decision of the Association at Commencement to organize an alumni campaign for new students, work was immediately begun on the collection of lists of prospective students and the appointment of community chairmen. While this is not new work for many individual alumni, it is a new undertaking for the Association as a whole. There are a great many graduates of M. A. C. who have always made it their individual business to see to it that the high school boys in their community knew about M. A. C. and who subsequently have taken much pride in the boys they have been able to send to their Alma Mater from their home towns. In organizing the campaign among alumni and former students the Association simply tried to extend this effort that is yearly the cherished duty of a few to a state-wide endeavor, one that would cover every community in Michigan.

We are making no predictions as to the results but we do know that a large number of alumni are making personal calls upon prospective students and from the letters of dozens of men we have asked to work we learn that they are willing and eager to give their time to a job so vital to the welfare of Alma Mater.

Now in the several weeks before college is a most opportune time. The most opportune time, we believe, for alumni to make personal calls upon high school graduates and prospective students. A great many men do not decide upon a college education until the last few weeks before college opens. Often the decision of whether to go and to which college hangs in the balance until the very last moment. In many instances, particularly so with the average class of boys who come to M. A. C., finances deter the high school boy from thoughts of college, especially if he has not yet determined what he wishes to do. Reasonably one with determination can get a college training at Michigan's state college. So now is the time when a personal talk to prospective students will do the most good. By this time they know the whole college field, at least as it is advertised and presented in numerous circulars, and are ready to decide whether to go and where. Right now alumni can easily tip the scales in favor of M. A. C. for many. M. A. C. faces a very critical situation this fall. The appeal that Industry is making to high school boys and the wages it pays them, together with the shortage of labor on the farm and the strongly organized effort of the University of Michigan for more students, is going to leave M. A. C. puffing on the ten-yard line unless we jump into the game and push her over for a good big gain in enrollment. Last year our enrollment was no greater than it was ten years ago and we can't stand still on the same rung of the ladder that we stood on ten years ago. Michigan's present day demands for college trained men force us to move up or move off. There's only one move for us and you know which as well as we.

If you will drop in on that high school boy in your neighborhood now he will welcome you and be mighty glad to get the personal word that you may be able to give him about your particular college. The chances are he doesn't have means of personal contact with any of them. You may be the means of sending a young man to college who had never thought of coming. If you are, there are three good turns done, one to the boy, one to M. A. C. and one to yourself.

* * *

IS YOUR COMMUNITY ORGANIZED?

One does not have to live in a large town to be a member of an M. A. C. Association. As the Missouri Alumni puts it, "The student body has always been made up largely of small-town people." We are surprised, in going over our files, or in visiting a small community, to find how many M. A. C. people there are in that community. The people there are always surprised too to discover how many there really are of them. During the past year twenty-six associations have been organized or re-organized, and during this coming year we should have as many more.

If you do not have an association in your town or community, ask yourself the reason why. Write to the central office for a list of former students who are now located
in your vicinity, and for instructions for organizing. There are no hard and fast rules—just get together and elect officers, and learn to know each other better. You may be of help to each other, and we know you will be of more help to the "Old School" collectively than you can be individually. In the launching of the student membership campaign, in which the central association is now engaged, local associations are of inestimable value.

Collect your forces! M. A. C. needs you today and she will need you in the future. We ought to have an M. A. C. organization in every community in Michigan.

POTSY' CLARK, NEW FOOTBALL COACH.

Has Brilliant Record as Illinois Player and Coach.

"Potsy" Clark, famed as an all around athlete while attending Illinois University and selected by many as the peer of all quarterbacks in his age, has been signed by Athletic Director Brewer as head football and baseball coach for varsity teams representing the Green and White. When Clark's name was affixed to a contract, the ambition of several years, both on the part of Brewer and the athletic board, was realized, namely that the Aggies have a well rounded, efficient and full time coaching staff, consisting of men who are well versed and capable in their professions.

Clark, whose record stamps him as one of the greatest leaders and natural athletes ever produced in the Western Conference, was the popular choice for the position. It was while at Illinois, during the last football campaign in which Illinois won the Conference championship, that Clark gained his greatest recognition.

Clark is credited with being the brains of the Illini football team last season, a team which went through the season without one defeat and took the final conference championship from Ohio State. Illinois followers are free with praise of Clark and his wonderful ability to bring out the most in a team. Zuppke, at the head of the combination naturally came in for a greater share of the glory, but Clark as his assistant was without doubt the real power behind the fighting Illinois eleven.

Has Brilliant Record.

A glimpse at Clark's record shows clearly the qualities of the man. Years in athletics and always connected in some capacity with a winner. Clark is a fighter primarily and comes from a stock whose blood shows traces of keen, self reliant forefathers.

Clark entered Illinois University in 1912. He was not eligible to play Conference football until he became a Sophomore, and as a result it was not until 1913 that the new football mentor at the Aggie institution broke into the calcium glare. In 1913, '14, and '15 he played quarterback on the Illinois football squad. In his final year he captained the first Illini team which ever toppled a Conference grid championship. During the three seasons, Clark's reputation as an athlete extraordinary grew by leaps and bounds and his final season as leader of the Big Ten champions was the most brilliant effort of his eventful career.

Clark's endeavors during his Illinois course attracted nation wide attention and he was picked by many critics as the greatest pilot of all time. His keen ability to outwit his opponents, both mentally and physically gave him a name which can never be forsaken. Clark did not confine his athletic efforts to football alone, although it was in the grid sport he displayed the most brilliant performances.

IN BASKETBALL AND BASEBALL.

Not content with three monograms in football, Clark played three seasons each of baseball and basketball.

As in football, speed and quick thinking are necessary requisites in the above two sports and here again Clark outshone all others. He played second base on the diamond and a forward in basketball. Clark has also been selected as head coach in baseball, a position he just relinquished at Illinois. He succeeded Athletic Director Huff of the Champaigne school, a position Huff had held for 20 years. In his first and only season as head baseball coach at Illini, Clark achieved what had heretofore been the impossible with his squad, namely his crowd of pastimers defeated the almost invincible Verne Parks of Michigan.

WAS IN A. E. F.

Clark, after leaving Illinois, signed up as head coach at Kansas University. Here he conducted an unsuccessful campaign in football, finishing runner-up to Missouri U. in the Missouri Valley Conference race. In the spring of 1917 Clark enlisted and was sent across in one of the early detachments. Although Clark went through the darkest Hells of the war, he did not neglect his athletics and was on the coaching board and field captain of the 85th Division team which won the A. E. F. gridiron and baseball championships.

How he came back to Illinois in 1919 and aided Bob Zuppke in sweeping the Conference clean has already been told. Clark's magnetic personality will without doubt make him a strong favorite with the student body at M. A. C. and the members of the athletic squad as well. Besides coaching the varsity football and baseball teams, Clark will handle the Freshman court squad, thereby keeping him occupied as a coach during the entire term. He reports the first week in September.
SUMMER FROLICS OF THE ALUMNI CLUBS.

SAGINAW PICNIC.
The Saginaw section of the Northeast Michigan Association held a summer get-together and picnic at Riverside Park there July 23.

The supper upheld every degree of reputation ever achieved by M. A. C girls and Aggies wives and was enjoyed by about thirty former students and friends.

The short business program was hastened by the threatening darkness of a storm which finally succeeded in driving the picnickers to the dancing pavillion where the evening's enjoyment culminated.

TWO PICNICS FOR WASHINGTON, D. C., ASSOCIATION.
The M. A. C. Association of Washington, D. C., met at the Sixteenth St. Reservoir Park, July 3 for their first picnic. It was such a success that another was planned for August. A basket supper was served at the July meeting, with coffee the principal attraction. The principal speaker was the principal extension specialist at the college, was the general arrangement, assisted by P. G. Putnam, P. G., '17.

M. A. C. folks present for the various meetings were: Jason Woodman, '81, Paw Paw; Dwight C. Long, '17, Crystal Falls; Mrs. Anna E. Gurney, '05; Mrs. R. N. Kebler (with '18), Menominee; Nina Rose Kirshman, '15, Menominee; P. G. M. Melican, '16, Escanaba; E. B. Hill, '15, Menominee; L. V. Benjamin, w'18 and 20, L'Anse; R. J. Baldwin, '15, Marquette; J. A. Waldron, '10, East Lansing; C. P. and Mrs. Johnson, '15, Chatham; Henry and Mrs. Davies, '15E, Escanaba; A. L. Bibbins, '15, East Lansing; May E. Foley, '18, East Lansing; R. J. Baldwin, '15, East Lansing; Ray Turner, '09, East Lansing; Arne Kettunen, '17, East Lansing; Barbara Van Hulen, '10, East Lansing; John F. Yager, '20, Menominee; George A. Brown, '17, East Lansing; Karl H. and Mrs. Miller, '15, Iron Mountain; R. N. Kebler, '14, Menominee; Mrs. R. N. Kebler (with '18), Menominee; Henry V. Brown, '17, S. Ironwood; D. L. McMillan (with '10), Chatham; Alta L. Littell, '03, Grand Rapids; Thos. B. Dimmick, '15, Escanaba; J. W. Weston, '14, Marquette; Irving Kirshman, '14, Menominee; Nina Rose Kirshman, '15, Menominee; P. G. Lundin, '20, Manistique; C. E. Gunderson, '20, S. C, Ironwood; B. P. Pattison, and Mrs. Pattison, '12, Escanaba, and Nellie Fredeen, '17, Norway.

ST. JOSEPH ALUMNI ELKIE OFFICERS.
Members of the St. Joseph County M. A. C. Association and their friends met at Klinger Lake for its annual picnic on August 20. After the dinner a program, the general theme of which was "Cooperation of College and Community," was enjoyed.

Prof. H. M. Elliott, farm management extension specialist at the college, was the principal speaker. A discussion of the general theme was entered into by several former students. H. C. Bucknell, '06, was elected president, and Verne Schaeffer, '11, secretary.

UPPER PENINSULA AGGIES PICNIC AT CHATHAM.
The Upper Peninsula of Michigan M. A. C. Association met at the Upper Peninsula experiment station at Chatham on August 11, for a picnic and get-together. A "weenie" roast was planned, but a shower made everybody take to the barn, where supper was served. This meeting was held in connection with the second annual Upper Peninsula farmers' round-up, at which over 2,000 farmers were gathered from every part of the peninsula. A conference of upper peninsula extension people was held at the same time, and a general meeting for women. D. L. McMillan (with '10) superintendent of the station, was in charge of general arrangements, assisted by P. G. Putnam, P. G., '17.

M. A. C. folks present for the various meetings were: Jason Woodman, '81, Paw Paw; Dwight C. Long, '17, Crystal Falls; M. B. Melican, '16, Escanaba; E. B. Hill, '15, Menominee; L. V. Benjamin, w'18 and 20, L'Anse; R. J. Baldwin, '15, Marquette; J. A. Waldron, '10, East Lansing; C. P. and Mrs. Johnson, '15, Chatham; Henry and Mrs. Davies, '15E, Escanaba; A. L. Bibbins, '15, East Lansing; May E. Foley, '18, East Lansing; R. J. Baldwin, '15, East Lansing; Ray Turner, '09, East Lansing; Arne Kettunen, '17, East Lansing; Barbara Van Hulen, '10, East Lansing; John F. Yager, '20, Menominee; George A. Brown, '17, East Lansing; Karl H. and Mrs. Miller, '15, Iron Mountain; R. N. Kebler, '14, Menominee; Mrs. R. N. Kebler (with '18), Menominee; Henry V. Brown, '17, S. Ironwood; D. L. McMillan (with '10), Chatham; Alta L. Littell, '03, Grand Rapids; Thos. B. Dimmick, '15, Escanaba; J. W. Weston, '14, Marquette; Irving Kirshman, '14, Menominee; Nina Rose Kirshman, '15, Menominee; P. G. Lundin, '20, Manistique; C. E. Gunderson, '20, S. C, Ironwood; B. P. Pattison, and Mrs. Pattison, '12, Escanaba, and Nellie Fredeen, '17, Norway.

AND IN MASSACHUSETTS.
Dr. Beal contributes the following: Most of you must have noticed when a number of cattle, sheep or pigs are turned in with others of the same kind, after their first acquaintance, they will often be seen each lot by itself in different portions of the field. For some years past there has been something of this nature still lurking among the people of Massachusetts Agricultural College. It is not unusual for twenty or more persons, or fewer, to be seen gathered at a picnic or on an excursion or a Christmas dinner, to find that most of these people, at one time, lived at East Lansing and M. A. C.

M. A. C. CLUB LUNCHEONS.
Detroit—Every Friday noon at 12:30, Fellowcraft Club, 20 Washington Blvd.
Chicago—First and third Fridays of every month at 12:15, Inter-collegiate Club, 16 W. Jackson Blvd.
Lansing—Second and fourth Mondays of every month, 12:15, Hotel Keno.
THE M. A. C. RECORD.

NECROLOGY.

Dr. Frank C. Wells, w '73.

Contributed by O. E. Angstman, '75.

Those of the students of M. A. C. from 1869 to 1877, who still survive, will remember Frank C. Wells, with the class of 1873 for three years, who died at his home in Saline, Michigan, July 7th, at the age of 69 years. His death was very sudden, as he had not been ill, and was due to heart failure.

Some years after leaving college, he took his degree in veterinary surgery at the Detroit College of Medicine, practiced here with Dr. Brenton a while, and finally settled at Saline, Michigan, where he practiced the last 18 years with marked success.

Dr. Wells was married twice, and a son by his first marriage has been in business here for many years. His second marriage was with Mrs. Mason, of Warren, Michigan, with whom he also obtained her three fine little boys, whose entry into manhood, I think, two terms, and made a creditable record, for quiet intelligent work, and his influence with the farmer members was particularly marked. He often talked of the old M. A. C. days and he never tired of recounting the good times, he, "Old" Jim and Charley had in northern Michigan, those notable three years. "The freedom of life, the after supper pipe, the social chat and the beauties of the great out of doors," as Charley so strikingly pictures it.

I will not say, as some do, that it is pathetic that so many of the men of M. A. C. of early days are passing on, for it is inevitable and the way of life, but I will say, when they do go to their reward, I wish those who know facts, would try to imitate such letters to the Record, as Charley Crandall's. Sort o' seems to me that Charley must have dipped into the "Eleusinian Mysteries," which Cicero and Ray Stannard Baker talk about, to have achieved such a fine philosophy of life, which peeks out of the corners of his discourse, to say nothing of the power to express himself in a poetic prose, for which even those who sit at the feet of Emerson need not apologize.

H. Foley Tuttle, '05.

H. Foley Tuttle, '05, died in Ionia, Michigan, Thursday, August 12, and was buried there on August 15. He had been in ill health for more than a year. Last year he was threatened with appendicitis and complicating diseases. As soon as he was able to travel he went to Eldorado, Kansas, for treatment, and after diagnosis by several skilled physicians of that state and by Mayo Brothers of Rochester, it was found that his condition was very serious. He remained in Eldorado for treatment until July, when he was removed to the home of his parents in Ionia.

After graduating from M. A. C. Mr. Tuttle went into the mining business with his father in British Columbia. He returned to M. A. C. and received his master's degree in 1912. He then took a position in soil physics at the Ohio agricultural experiment station, and later went to the University of Illinois where he was connected with the soils department. He was married in August, 1912, to Edna Preston. He leaves two children, Preston, aged six, and Charlotte, aged four. Mrs. Tuttle is a sister of Erma Preston, '19.

Albert E. Frutig, '11.

Albert E. Frutig, '11, of Coeur d'Alene,
Idaho, died on August 28. He was buried in Lansing. In 1910 he was married to Mary Winans of Lansing, who together with two children, survive him. "Prince Albert," as he was popularly known among his fellow forestry students, had been in the Forest service of the U. S. Department of Agriculture since graduation from M. A. C. as a forest ranger on the Coeur d'Alene National Forest. He was born in Switzerland and entered M. A. C. from Detroit. Frutig was one of the party of M. A. C. men who fought through the memorable and very severe fire season in Montana in 1910, and won their regard and admiration for his staunch, steadfast spirit and his willingness to serve in every emergency.

Marian Brown, w'20.
Marian Brown, w'20, died Tuesday, August 24, at her home in Grand Rapids, of tuberculosis. She was a Sororian in college and was here one and a half years leaving college on account of illness with appendicitis. She had been ill for several months previous to her death. She entered M. A. C. in 1916.

MARRIAGES.

HALL-HILL.
Carmelitta Adaline Hill, w'03, and Winthrop C. Hall, '87, were married on August 26, at the home of the bride's parents at Mt. Clemens. They will be at home at Eugene, Oregon, after September 15, where Mr. Hall is a manufacturer.

VANDERVOORT-ISBELL.
Janet Mae Isbell, w'21, and Adelbert D. Vandervoort, w'22, "Del," both of Lansing, were married at the bride's home on September 1. They will live at 1624 S. Washington Ave.

ANDERSON-JAKWAY.
Beatrice Jakway, '17, and W. A. Anderson, '17, were married at Benton Harbor, on July 9. They are living at East Lansing where "Bill" is assistant state leader of Boys and Girls Clubs.

VAUGHN-MILLER.
Harold McGlothin Vaughn, '20, and Miss Marion Charlotte Miller were married on August 25, at Salamanca, N. Y. They will make their home at Fremont, Michigan.

WESTVELD-LUPLEN.
Marinus Wesiveld, '12, and Miss Marie Antoinette Luplen of New Haven, Conn., were married at Pueblo, Colorado, on December 18, 1919.

JUNE MEETING OF THE STATE BOARD OF AGRICULTURE.

President's Office, June 15, 1920.
The minutes of the previous meeting having been in the hands of the members were approved without reading.
On motion of Mr. Woodman Mr. Frank L. Simanton was appointed county agricultural agent for Berrien county, effective June 15.
On motion of Mr. Wallace, the communication from Acting Dean Chamberlain of the Veterinary Division was referred to the president for report and recommendation at a future meeting.
On motion of Mrs. Stockman, Miss May Person was appointed assistant professor of domestic science, beginning September 1.
On motion of Mr. Wallace, Miss Gettemy was authorized to attend the meeting of the National Home Economics Association at Colorado Springs, June 24 to 29, with expenses paid.
On motion of Mr. Beaumont, $200 was added to the apportionment of the department of English, for the remainder of the fiscal year.
On motion of Mr. Watkins, the per diem allowance for apiary inspectors was increased from $4 to $5.
On motion of Mr. Wallace, Mr. J. L. L. Frank was appointed half-time graduate assistant in entomology, at the usual salary of $300 per annum, beginning September 1.
On motion of Mr. Watkins, Mr. Orville James of Stockbridge was appointed local apiary inspector, effective July 1.
On motion of Mr. Beaumont, Miss Cora Feldkamp was appointed reference librarian to succeed Mrs. Sessions, effective August 1.
On motion of Mr. Wallace, Professor Burgess was authorized to attend a meeting of Poultry Investigators and Instructors at Cornell, in July, with expenses paid.
On motion of Mr. Woodman, Mr. C. E. Corrigan was appointed instructor in Farm Crops, beginning September 1.
On motion of Mr. Watkins, Mr. Stanley Johnson was appointed assistant experimental horticulturist, effective July 1.
On motion of Mr. Beaumont, the resignation of Mr. C. F. Barnum as chief inspector of hives and fertilizers was accepted, effective June 15, and Mr. Musselman's leave of absence was extended as per his request.

The minutes of the previous meeting having been in the hands of the members were approved without reading.

On motion of Mr. Watkins, Mr. Arthur Smith was appointed to a position in the department of physical training, beginning September 1.

On motion of Mr. Beaumont, Mr. Dutton's title was changed research associate, without change of salary.

On motion adjourned.

JULY MEETING OF THE STATE BOARD OF AGRICULTURE.

Friday, July 9, 1920.

Present: President Kedzie, Mrs. Stockman, Messrs. Waterbury, Woodman and Watkins.

The minutes of the previous meeting having been in the hands of the members were approved without reading.

Report of Mr. Watkins: Mr. Arthur Smith was appointed to a position in the department of physical training, beginning September 1.

On motion of Mr. Beaumont, Mr. Dutton's title was changed research associate, without change of salary.

On motion adjourned.

THE M. A. C. RECORD.
AUGUST MEETING OF THE STATE BOARD OF AGRICULTURE.

President's Office, August 20, 1920. 1 p. m. Present; President Kedzie, Messrs. Wallace, Woodman, Waterbury and Watkins.

The following resolution was adopted:

That the terms of a certain agreement under date of August 29, 1920, between the Pere Marquette Railway and State Board of Agriculture, relating to the construction of a coal pit under the tracks of the Pere Marquette Railway Company, as submitted by that company, are hereby accepted and the secretary of the State Board of Agriculture is authorized to sign the contract.

The secretary presented a letter from Junius E. Beal of the Board of Regents of the University of Michigan inviting the Board of Agriculture to be represented at the inauguration of President Marion L. Burton.

On motion of Mr. Woodman, the request of Professor Clark for permission for himself and Mr. Reed to visit certain industrial chemical plants was referred to the president, with power to act.

On motion of Mr. Waterbury, Mr. George Clark was appointed football and baseball coach in the department of physical training, beginning September 1.

On motion of Mr. Woodman, the committee on budget and employees was authorized to fill vacancies during the vacation.

On motion of Mr. Waterbury, the request of Professor A. J. Patten to attend the annual meeting of the American Chemical Society at Chicago, September 7 to 10, with expenses paid; Mr. Watkins, Mr. Waterbury, Dean Shaw and Dean Bissell.

On motion of Mrs. Stockman, the plan of health service as presented, by the president was approved, including the appointment of Dr. Reynolds, Miss Hand, dispensary clerk, and two nurses, one of whom shall be at the request of women the above appointments to date from September 1.

On motion of Mr. Woodman, the committee on budget and employees was authorized to fill vacancies during the vacation.

On motion of Mr. Waterbury, Mr. George Clark was appointed football and baseball coach in the department of physical training, beginning September 1.

On motion adjourned.

Randall Drug Co.

the Memorial Building plans will develop into a reality.

12.
H. E. Knowlton received the degree of Doctor of Philosophy from Cornell last June. He majored in plant physiology with minors in pomology and physical chemistry. Doctor Knowlton is now associate professor of Horticulture at West Virginia.

John A. Holden lives at 308 N. Eighth St., Mitchell, Indiana.

"Ed" Smith, who has been connected with the U. S. Bureau of Markets for several years, recently became manager of the Wenatchee Valley Traffic Association, an organization of apple growers and shippers. Last year these growers shipped 12,000 cars of apples, with a valuation of 50 million dollars. Because of shipping difficulties encountered last year they have this year created a new traffic department and raised $50,000 to finance it and placed "Ed" at its head. Smith is also engaged in experimental work in reducing losses in transit.

Hartley E. Truax writes, "Will you please have the address of my Record changed from Washington, D. C., to Bureau of Markets, 204 Wholesale Terminal Building, Los Angeles, Calif. I am being transferred effective June 1. My work will be the same as in the past, but my efforts will be confined to California and the other Pacific coast and western states. The aim of the Bureau of Markets is to assist in standardizing the grade and pack of the various fruits and vegetables. We also expect to cooperate with California in the enforcement of her Fresh Fruit standardization law."

13.
J. E. Johnson (with) care of the Y. M. C. A. Una B. E. Mooney has been appointed as water commissioner for Whitefish, Montana. From Arthur E. Warner, 5527 Kimbark Ave., Chicago, we have this, "Since February 1 of this year have been in the employ of the Union Stock Yards Transit Co. of Chicago. Prior to that was in the employ of the U. S. Bureau of Markets. Have en-

EAST LANSING.
joyed meeting several M. A. C. fellows from time to time, particularly at our Friday noon luncheons. Will be glad of a visit from M. A. C. friends always. Call me up, phone Midway 9758. Glad to note that M. A. C. faculty are to be better paid. The best in medicine, at the University of Michigan. As a matter of fact, where the young men of Michigan and surrounding states can obtain the best training possible in their chosen line, a well paid faculty is essential."

Llewellyn R. Karr of Holland (with) expects to return to college this fall and finish his course. He was here for two years with '14. 

Melvin A. Russell writes, "I have been assigned more or less permanently to the Minneapolis office of the U. S. Bureau of Markets, still in the inspection of fruits and vegetables. Mrs. Russell and Dorothy Jean (2 years) plan to reach here in about ten days. We shall live for the summer months at least at 1270 Lincoln Ave., St. Paul, and shall be glad to have any M. A. C.-ites pay us a call."

F. L. Granger of the Benton Harbor Fruit Growers' Exchange has changed his address from St. Joseph to Benton Harbor, State Service Co. of Newark. His home address is 260 Amherst St., East Orange, N. J. He is the "proud daddy of two blue ribbon vegetables."

Mrs. Russell and Dorothy Jean (2 years) plan to reach here in about ten days. We shall live for the summer months at least at 1270 Lincoln Ave., St. Paul, and shall be glad to have any M. A. C.-ites pay us a call."

Ed. Hamlin, with the Schoeder Lumber Co. of Milwaukee, Wis., says, "I couldn't go without the Record, for as I'm not lucky enough to be able to get back to the 'Old School' very often that little paper is a big event. When is the 1916 reunion? I don't think we have had one yet. Must be nearly due."

"17. Herbert Abel, 43 Northampton St., writes, "Effective the day I have resigned from the General Sales Agency to become associated with the American Fruit Growers, Inc., in the capacity of assistant district manager. I recently noticed that our friend Bloom in Detroit has become district manager of this company. There are several M. A. C.-ites working for this company, which is one of the biggest factors in the distribution of fruits and vegetables."

Charles E. Garthe is associated with his brother in fruit and general farming at Northport. Don C. Black and Mrs. Black (Lillie Thompson) are living at 37 Firewood Ave., Apt. 1, Detroit.

Roy L. Cadmus has asked to have his address changed to 1024 Hinman Avenue, Evanston, 111. Chauncey A. Hoag and Mrs. Hoag (Ruth Wood) live at 319 Adrian Ave., Jackson.

A. N. Yonkman, 147 Grand St., Coldwater, writes, "I am still with the State Highway department as resident engineer. There are ten miles of concrete and two bridges this year. When this is completed Branch county will have a concrete road clear across it, running east and west. Had six miles of paving, ten miles of grading and two bridges last year."

William DeYoung, who is with the Soil Survey department of the College of Agriculture, University of Missouri sends this, "H. V. Jordan and I are busy identifying and mapping the soils in Lafayette county. This is a very good part of the State agriculturally. He may be addressed at Higginsville, Missouri, Box 231."

William DeYoung, who is with the Soil Survey department of the College of Agriculture, University of Missouri sends this, "H. V. Jordan and I are busy identifying and mapping the soils in Lafayette county. This is a very good part of the State agriculturally. He may be addressed at Higginsville, Missouri, Box 231."

Morris Harkavy is still with the New York State Highway, and is located at Franklinville, N. Y., where he has charge of the construction of a reinforced concrete road. He lives in his home, "The Sk." T. C. Dee, engineer for the C. P. Co. of Jackson, was at the college on July 21. He has been out for about three months and just returned from Iowa. With Mrs. Dee (Marjorie Cook, '18) he will live at 419 Flower City Park, Rochester, N. Y.

E. H. Walker is living at 799 Flower City Park, Rochester, N. Y.
M. Burdick, farming, Otto, N. Y.; Dwight C. Cavanagh, Inspector, Michigan Crop Improvement Ass'n; Bert J. Ford, ... Inspector, Michigan Crop Improvement Ass'n; Karl J. Hendershott, Northwestern Fruit Co.; Arthur W. Jewett, farming.

James N. Folks, Horton, is overseeing the construction of goods roads contracted by his father.

Do You Know How Much Your Milk Will Bring
Per 100 Pounds of Grain Ration?

If you receive only $2.50 a hundred for your milk and the good BUFFALO CORN GLUTEN FEED grain mixture you feed costs you four dollars or less a hundred pounds—you are getting $7.50 to $10 worth of milk per 100 lbs. of the Buffalo Corn Gluten Feed mixture fed to good milkers.

In some sections, June milk ranged as high as $3.83 per hundred. At this price, a seventy-five-dollar ton of good BUFFALO CORN GLUTEN FEED grain mixture, properly fed with good roughage to good cows, produces $225 to $300 worth of milk—6,000 to 8,000 lbs.

Good feeding of good cows always pays. The better the feeding, the better the pay.

But good feeding cannot be done without good feed. BUFFALO CORN GLUTEN FEED is the feed—the protein—concentrate—that makes the profitable milk yield.

Your dealer should have BUFFALO CORN GLUTEN FEED. If he does not, write us, giving his name.
