M. A. C. ASSOCIATION
ESTABLISHED IN 1896
M. A. C. Cannot Live on Her Past—What Will You Do for Her Future?

Entered as second-class matter October 30, 1916, at the post office at East Lansing, Michigan, under the Act of March 3, 1879.

Published every Friday during the College Year by the Michigan Agricultural College Association.

M. A. C. ASSOCIATIONS.

Central Michigan.
Pres.—Leslie H. Bellman '05, Highway Dept., Lansing.
Sec'y—Merritt Reeves, '20, East Lansing.

Detroit Club.
Pres.—G. V. Branch '12, 909 Livernois Ave.
Dr. Thanks—S. B. Lee '17, 203 Mason St., Detroit.

Grand Rapids.
Pres.—Roswell G. Carr '08, Association of Commerce Building.
Sec'y-Treas.—Lute B. '13, 100 Madison Ave.

Kalamazoo Club.
Pres.—H. L. Froelich, '18, 140 W. Dayton St.
Sec'y—Mrs. P. B. Pierce, '05, 303 Cornell St.

Kalamazoo.
Pres.—Jessem Woodman, '01, Pawtuck.
Sec'y—Glenn C. Sevey, '03, 57 Worthington Ave., Detroit.

Livingston County.
Pres.—O. H. Frederick, '16, 531 Seawood Ave.
Sec'y-Treas.—Daniel H. Ellis, '07, 616 Owen St., Clinton.

Marquette County.
Pres.—J. H. Kelleher, '07, 1350 LaGrange, Chicago.
Sec'y—Mrs. H. E. Truax, '12, 129 N. Mariposa St., Minneapolis.

Michigan.
Pres.—II. F. Henry, '15, 4916 Glenwood Ave., Chicago.
Sec'y—H. G. Smith, '17, 625 National City Bldg., Cleveland.

Upper Peninsula Association.
Pres.—Robert L. Loun, '16, 4001 Whitman Ave.
Sec'y—Mrs. H. S. Skeels, 210 Holly Ave., Bad Axe.

Berrien County.
Pres.—Charles Richards, '06, Benton Harbor.
Sec'y—Kirtie Handy, '04, Battle Creek.

Camden County.
Pres.—Harold King '19, 47 Elizabeth St., Battle Creek.
Sec'y—Nenna Dunlap '19, 58 Grant St., Battle Creek.

Chippewa County.
Pres.—Don Stillson '11, 25 Central St., Battle Creek.
Sec'y—Walter A. Wood '12, Tower Apts., High St., Ionia, Mich.

Clinton County Ass'n.
Pres.—II. V. Kittle '16, St. Johns.
Sec'y-Treas.—Glen Osgood '17, St. Johns.

Ionia County.
Pres.—Stanley Powell '20, R. F. D. 1, Ionia.
Sec'y-Treas.—Geo. A. Waterman '91, Meadowland Farm, Ann Arbor.

Lansing.
Pres.—Oliver Cleveland '10, Adrian.
Sec'y—M. I. Mcleary '17, 588 Clinton Ave., Lansing.

Lenawee County.
Pres.—John J. Bush, '84, 616 W. 12th St., New York City, N. Y.
Sec'y—O. S. Shields, '16, 719 Hancock St., Brooklyn, N. Y.

Northwest Michigan.
Pres.—H. A. Danville, '83, Manistee.
Sec'y—Geo. B. Wells, '00, Schroeder Lumber Co., St. Joseph County.

Clinton County.
Pres.—H. C. Bucknell, '06, Centerville.
Sec'y—H. S. Skeels, 210 Holly Ave., Bad Axe.

Washington, D. C.
Sec'y—Geo. A. Waterman '91, Meadowland Farm, Ann Arbor.
Sec'y—Mrs. Maude Bennett Steger '11, Detroit.

Nagano County.
Pres.—L. L. Appleyard, '18, 1455 Lake Ave., Kakum Park.
Sec'y—Geo. A. Waardeen '12, 149 Sodus, New York City.

Western New York.
Pres.—D. J. Crosby '93, Ithaca, 303 Cornell St.
Sec'y-Treas.—H. L. Prager '11, Rochester.

Saginaw Ass'n.
Sec'y—W. M. Hallock '15, 406 Oliver Bldg., Pittsburgh.

Portland, Oregon, Association.
Pres.—Roy G. Scofield, '97, 109 E. 6th St. N.

WHAT TO DO WITH THE CO-EDS next year is one of the biggest questions confronting the faculty now. Nearly three hundred girls have already applied for rooms. No Lansing or East Lansing girls will be allowed to live in college dormitories because of lack of accommodations. The opening of the practice house in the old Taft residence will accommodate eight and with the Senior House no longer used as a practice house, the club will not operate and this will give additional space in the dining rooms and kitchen for eight or nine co-eds. Juniors and sophomores instead of seniors will be housed in the Senior House, formerly the old President's Residence. In case all the houses formerly occupied by girls are filled, it is the intention of the faculty to convert one or more faculty houses into girls' dormitories to take care of the overflow. The State Board at its August meeting voted to vacate the faculty houses on the campus when needed for college purposes.

IN A SET OF BULLETINS which have just come to our desk from the College Experiment Station, the names of several M. A. C. people appear. In a one-hundred page bulletin on fertilizer analysis, contributions have been made by Marion Grettenberger '38 and Percy O'Meara '17. A special bulletin, No. 107 from the Entomology department, "Diseases of Bees in Michigan," has as its author Russell H. Kelty '10. In the last quarterly just off the press names a of number of M. A. C. men appear. H. H. Musselman '08 has an article on "Lightning Rods"; E. B. Hint '18 and J. E. Burnett '15 of the Dairy section, have articles on dairying; W. E. Newlon '17, "External Parasites of Poultry"; G. A. Brown '07, "Hog Feeding Trials," and C. W. Simpson '15 an article on "Fertilizers."

Boys' and Girls' Club members and their leaders from Eaton, Calhoun, Wayne, Lenawee, Macomb, Saginaw, and Washtenaw Counties met at M. A. C. on August 26 for their annual club tours. On the same day, eight of the ten live stock teams which are to judge at the State Fair, came down to the College to have the finishing touches put on for their judging work next week.

THE ENROLLMENT OF FRESHMEN to date is much in advance of any previous year, even with school opening a week later than usual. The President's Office reports more than fifty in advance of any previous year all accepted and ready to enter in addition to a good many applications which are in but not yet O. K-ed because of some small matters to be adjusted. With this showing, the freshman enrollment should be a record breaker.

"BETTER PROFITS BY IMPROVED FARMING METHODS" will be the central note of the M. A. C. exhibits at the Michigan State Fair, divided under the main heads of home economics and farming material. The entire east end of the Agricultural Building will be devoted to displays by practically every department of the College. A complete dairy manufacturers' exhibit, a special tent holding displays illustrating cow testing and bull association work in the state, and a farm management display, including recently prepared price curves on farm products will be other outstanding features of the College show. Nine prize winning draft horses, eighteen head of selected beef stock, three college dairy cows, and an exhibit of poultry will also be features. Representatives from the College will be present at all times to explain and answer questions, with an information booth on general college information. The Boys' and Girls' Club department as in former years will put on demonstrations by state and county club champions. This exhibit will be the largest and most complete ever put on by the College, and is supervised by E. B. Hill '15, assistant to Dean Shaw. Eighteen counties of Michigan in cooperation with county agents will feature their products in specially arranged exhibits in the west end of the Agricultural Building.

DETROIT ALUMNAE expect to add materially to the fund being raised for the furnishing of a Practice House thru the sale of dairy products during the State Fair. The booth which will be operated by the State Allied Dairy Manufacturers Association will be managed by the M. A. C. women in Detroit, and part of the proceeds turned over to the Practice House Fund. Detroit women organized last May into an Alumni Council, with the purpose of furthering the interests of the college and of the Detroit Alumni Club. Lansing and East Lansing women have already earned part of the amount required. The Taft House will be used for this purpose.

SHORT COURSE BULLETINS are just off the press and ready for distribution. A new Farm Business Course, including bookkeeping, farm accounting, banking, marketing, commercial law, and allied subjects has been added to this year's curriculum. This new work will be under the supervision of the Department of Farm Management established last year.

Prof. "Tommy" Gunson of the Horticultural department, and Mrs. Gunson, who left early in the summer to visit Professor Gunson's home in Scotland, have returned to the campus. While at Glasgow, Prof. Gunson attended the International Rotary Club meeting as a delegate from Lansing.
"A modern university is rightly judged by its product. Effectively organized, it produces educated men and women. Further, it adds to the sum total of human knowledge, and through this contribution to the betterment of mankind."

—Yale Alumni Weekly.

In choosing a new President for our Alma Mater, the State Board of Agriculture was confronted with problems unthought of by most college graduates.

Last spring, at the time President Kedzie resigned, thirty colleges were looking for heads. This is not a startling number when we consider that there are six hundred institutions of higher learning in the country, but the fact that the trustees of these institutions were at their wits' end to find suitable men may seem rather startling.

An editorial in the Saturday Evening Post under date of March 12, "College Presidents Wanted," gives some interesting facts on the situation. We quote liberally from this comprehensive and enlightening editorial.

"Colleges, one might logically suppose, are the natural seed beds and forcing houses for the propagation and nurture of future college presidents. Why is it, men ask, that out of all our thousands of college graduates between the ages of thirty and sixty it is so hard to find a score or two possessed of every qualification for useful careers as progressive and constructive heads of educational bodies?"

"Part of the answer, but not all of it, lies in the fact that in America, as in France and England, higher education is a transitional state. There was a time when the academic course was a rather fixed and permanent figure composed of standardized subjects, altered and modified only by slow degrees as new studies prove their worth and necessity. Two generations ago geology and biology, branded as impious studies because they did not square with the Mosaic narrative, were knocking at college gates. Long and loud they knocked before they were grudgingly admitted. Before long other physical sciences, notably chemistry and electricity, which had closed and inseparably coupled themselves with common daily life, managed to force their way in, despite the protests of the old-line classicists. But that was not the end. Today living languages trample upon the dead. Youngsters who know, precisely what they want, are demanding courses in corporation management, transportation, efficiency engineering, social service, foreign banking methods and the export trade, not to mention the whole young sisterhood of sciences whose family is Economics.

"The old guard stand firm. 'We are not attempting to fit boys for jobs,' they declare, 'Our aim is to prepare them for life. Let them first learn how to live, how to be good Americans, good parents and high-minded citizens, and in due time they will make better business men than boys whose college courses have been robbed and starved by frivolous studies and vocational programs.'"

"Such is the turmoil that an incoming college president must still. Such are the issues he must accommodate, with an unfailing ability to distinguish between the essential and the non-essential, the true and the sham, in dealing with scores of subjects with which he cannot have much detailed familiarity."

"Moreover, he must be a man of forceful character tempered by tact and suavity. He must be a sound and accomplished scholar in at least one field of learning. He must be a born executive, a clever after-dinner speaker, an expert looser of purse strings and a perambulating fountain of common sense. He must unite in his proper person the intellects of Plato and Darwin and the accomplishments of Doctor Eliot and Chauncey M. Depew.

"In recent years graduate bodies have strikingly proved their ability to collect the huge endowment funds demanded by altered economic conditions. Why not make them permanently responsible for the raising of new capital and thus strike out the specification that requires college presidents to be skilled promoters and expert money getters? Why not further the democratization of our colleges by giving the faculty representation on the board of trustees and a larger say in matters of university government? Why not give the alumni more decisive power in the selection of the new president with whom they will be asked to work?"

Summed up in a nutshell, it would seem that the college trustees, faculties and graduates, often expect in their college president more wisdom, knowledge and inspirational qualities than it is possible for one mortal man to possess. It would seem now that the logical thing for us to do is to get behind the policies of our new president when he takes up his new duties January 1, have confidence in his ability and purposes, and then boost.
American people are constantly moving and M. A. C. people are no exception to the rule. We are continually losing addresses from our mailing list and finding them again. Not long ago we sent out lists containing names of our lost people, and many replies came back from our Record readers, giving good addresses for the lost. The two chief reasons for the maintenance of an M. A. C. Association office are to keep our people in touch with the college and with each other. The first we try to do through means of the Record; the second through the Record and information sent us by each individual. We are asked every day to furnish a list of addresses. In order to render this service we must know where people are. You can help us. Keep us informed about your own whereabouts, and remember we are always glad to get information about other M. A. C. people.

Boosts for Our Alma Mater.

A letter from Major P. G. Wrightson, Head of the Military Department of the College, says, "It may interest the readers of the Record to learn that while at Fort Monroe this summer, our M. A. C. boys won the silver loving cup for athletic excellence and that our representatives at Fort Sheridan put us into second place for general excellence while pitted against such institutions as Illinois and Wisconsin." Our score at Fort Sheridan was 403.70 while the University of Illinois in first place had a score of 473.62.

The Department of Boys' and Girls' Clubs at M. A. C. has a record to be proud of among other states in the Union. Our thirty-three states in the West and Northwest, according to a report received by R. A. Turner, State Club Leader from the U. S. Department of Agriculture, Michigan stood second in enrollment, with a total of ten thousand boys and girls engaged in club projects. She ranged first in the number enrolled in hot lunch and handicraft clubs, and third in canning, garment making, bean, dairy and letter clubs.

A letter from Corey J. Spencer, owner of the Grand River Stock Farms at Eaton Rapids, one of the large Holstein-Friesian farms in Michigan, praises the work of the Dairy Department at M. A. C. "Every farmer," he says, "should avail himself of the facilities and the opportunities offered by the Michigan Agricultural College. They are doing a noble work and it is really appreciated. The College should be proud to have at the head of its agricultural department, men who are sacrificing everything for the upbuilding of the standards of the agricultural world. Professor Burnett of the Dairy Department and H. W. Norton Jr. of the Holstein-Friesian Association have assisted me greatly in my work. My herd has been tested twice under the supervision of the Animal Husbandry department and every animal in the herd passed a clean test, which was a source of great satisfaction to me."

The Final Drive is On.

Follow Boosters:
You may not be aware of the fact but a wave of M. A. C. enthusiasm is sweeping the state. Due to the efforts of the many organizations, departments and individuals interested in placing the Old School on the top round of the ladder, the gospel of your college has reached out to every nook and corner of this state and into neighboring states. Is the college held in popular esteem? Just ask anyone who has been around here this summer. Never in the history of the school have so many people visited the campus. They have carried away with them the impressions desired. It pays to advertise. Every department on the campus has been doing its full duty. Have you?
I've been sending out about two thousand letters a week during these summer months. The response to them has been most generous. Some of you out around the state have certainly been handing out the right line of talk. Are the future M. A. C-ites enthusiastic? Here is a sample just received—"Can't wait for October 4th to roll around. What is the fare from Zanesville, Ohio to Lansing and what is the best route to take? Will there be any chance of my working for my board or room? I'm coming anyhow for I think M. A. C. the best college in the country." That is a sample, folks, of the many letters we receive each day from prospective students add to your college.

The job of bringing in a great freshman enrollment is a big one. It's more than a one man job. It's a job for every one of you. I couldn't hope to visit all of the towns and high schools in Michigan in less than three years too much ground to cover, even in a Hurry. One of my proteges from Massillon, Ohio, is bringing seven new students back with him this year. He challenges any native Wolverine to attempt to do as well. And just think, friends, if we can go over the six hundred mark this year in new students, we will have paved the way for the 2500 you want at M. A. C. There is still one month left in which to dig up a Fresh. Hop to it. We want him.

—NORMAN O. WEIL.
Field Agent.

A new bulletin "Forest Planting in Michigan" by Professor A. K. Chitenden, has recently been issued by the Experiment Station. It is known as Special Bulletin No. 103.
Professor David Friday, chosen by the State Board of Agriculture on August 17 as M. A. C.'s new president, will assume his new duties on January 1, 1922. Professor Friday, one of the best known economists in the country, was prevailed upon to give up his present line of work and become president of the Michigan Agricultural College only after pressure was brought to bear by members of the State Board and leading farm organizations of the state.

Born on a farm near Benton Harbor, he was obliged by the early death of his father to help his two brothers with the general farm work and management. Until he reached the age of 20 he remained actively interested in farming, dividing his time between the farm in summer, teaching country schools, reading law and taking a preparatory course at the Benton Harbor college. He entered the University of Michigan as a student in 1905 and graduated in 1908. After graduation he was made instructor of economics at Ann Arbor and later professor of Economics and Accounting. In 1916 he was made professor of economics in the New York University's School of Accounting and Finance and the next year headed their department of Accounting. In 1919 he returned to the University of Michigan as professor of Economics and Finance, in which capacity he has since served.

Even during his college course, Prof. Friday's brilliant mind attracted the attention of his classmates and instructors and his outstanding ability as an economist attracted national attention early in his career, and he has at various times been called upon to assist some of the leading private and public corporations in the country in their economic problems. In 1911 he served as statistician for the Michigan Commission of Inquiry into Taxation and was later appointed by Attorney-General Grant Fellows to assist in the Duluth, South Shore and Atlantic Railroad rate case. In 1918 he was appointed advisor to the United States Treasury Department in matters bearing on war taxation. He was president of the Michigan State Tax Association in 1917 and is now a director of the National Bureau of Economic Research.

M. A. C.'s new President is married, is forty-four years of age and has three children. Last winter he was called upon by Governor Grosbeck to investigate the tax situation in Michigan, and at that time his name was proposed as a possible president for M. A. C., when it was known that that President Kedzie was about to resign.

Professor Friday was first interested in M. A. C. because of the lack of farm statistics, and in taking up his new work he feels that he can render a valuable service to the state and nation by preparing data upon which to base the relation between crop yield and market prices of various farm products.

Professor Friday is an author of some note, having written a number of articles along economic lines—on taxation, income and capital accumulation, prices and similar subjects. Last year he published a book, "Profits, Wages and Prices," dealing with these subjects as they existed during and after the war. He is a man of forceful personality and ready command of the English language, and has recently become a familiar figure on the lecture platform.

Dean of New Science Division.

Doctor Frank Stewart Kedzie, '77, who retires from the presidency of his Alma Mater on September 1 to become dean of the new science division, has the honor of having been connected with the college longer than any man now living. He also has the distinction of having been born on the day the college was dedicated. Coming here with his father at the age of 5 years and graduating in 1877 he has been away from here only one year and that was immediately following his gradu-
Dean Becomes Temporary Helmsman.

R. S. Shaw, Dean of Agriculture and Director of the Experiment Station at M. A. C. since 1908 and for six years previous Professor of Agriculture, was the unanimous choice of the State Board as acting President of M. A. C. until January 1 when Professor Friday will take his new position. As head of the chief division of the College, Dean Shaw was the logical man to put at the helm of affairs. It was necessary for President Kedzie to resign at once to begin his new duties as Dean of the new Science division, and Dean Shaw is probably better versed on the needs and conditions of M. A. C. than any one else on the college staff. Professor Shaw will continue his supervision of the agricultural department, and take up his duties again in full on January 1, when President Friday steps into office.

Fifteen Hundred Upper Peninsula Farmers met for their annual round-up at the Experiment Station at Chatham on August 11. Agricultural, home economics, and club exhibits, demonstrations, and lectures were featured. The grain, sunflower, and potato experimental plots attracted a great deal of attention as did also the live stock parade and the stump blasting demonstrations. Boys' and Girls' Clubs in the Upper Peninsula held their annual round-up from August 8 to 11 inclusive. M. A. C. alumni who appeared on the program and who were in other ways responsible for the success of the meeting were Arne Kettunan '17, Barbara Van Heulen '10, Aurelia B. Potts '12, H. E. Dennison '11, J. W. Weston '14, Edna V. Smith '03, Helen C. Pratt '16, R. A. Turner '00, G. W. Putnam p. g. '16, J. E. Kotila '18 and D. L. McMillan '10, Whitney Watkins '03, Dean R. S. Shaw and J. A. Doelle, Secretary and Treasurer of the Upper Peninsula Development Bureau and a member-elect of the State Board, spoke at the general meeting.
WITH THE ALUMNI CLUBS

Local Time Card

Central Michigan Association, Elks Club Cafe at noon every Monday.
Detroit Club, at Cadillac Hotel every Friday noon.
Grand Rapids Association, Board of Commerce every other Thursday noon.
Flint Club, first Thursday every month.

Western Pennsylvania Association, Kaufmann & Baer's, Pittsburgh, second and fourth Tuesday of every month.
Western Pennsylvanians Lively.

The Western Pennsylvania M. A. C. Association is now holding luncheons at Kaufmann & Baer's in the general dining-room at 12:15 o'clock on the second and fourth Tuesday of every month. Out of our 25 local members, we have been having an attendance of 26. We wish you would tell the boys through the Record that we have found a champion for the Capitalists in the form of B. F. Bain '91. H. Arnold White '93, when not engaged in selling fire insurance or eating his lunch, is lamenting the fact that Harding did not occupy the Presidential Chair eight years before he did.

Items of interest: Love '10 has left car midst the mists and returned to Chicago; Koleman '17 and Pond '17 are now in Morgantown, W. Va., looking after the interests of the Michigan Arboriculture Company in that Territory; Miss Jean Barris '06 is summering near her Alma Mater; Mrs. G. W. Nichols (Mary Alice Butcherfield '06) is at Livelyod Park with her children for the summer months, while George is erecting new steel plants and sweltering in Pittsburgh. We expect to get the crowd out for our next luncheon by means of either a brass band or a horse whip. Certainly, 25 M. A. C. people with the same interest at heart should be able to benefit both themselves and their Alma Mater by these luncheons and the chance to exchange ideas.

—William M. Hallock '15, Sec'y.

South Haven Association Picnics.

The members of the South Haven M. A. C. Association met Tuesday evening, August 23, at Highland Fruit Farm, the pleasant home of Mr. and Mrs. A. G. Spencer for their second annual summer meeting. A large and enthusiastic crowd was on hand and many were the greetings among old friends and new. Several prospective members of the class of 1925 were entertained, and members of other classes back to '01 were present.

After much conversation, Pres. Floyd Eden '08, called the meeting to order. The minutes of the last meeting held during the Christmas vacation, were read and approved. It was decided to invite the M. A. C. Glee Club to include South Haven in their itinerary in 1922.

The election of officers resulted in the choice of Lloyd A. Spencer '20, for President, and the retention of Virginia Flory '20, as Secretary for a second term.

The program committee furnished some Victrola music, and then introduced Norman Weil '17, Field Agent for the college. Norm proceeded to live up to the reputation he had when we knew him in college as a spellbinder. He told us of his varied and interesting duties and experiences in the office of Field Agent, traveling over the state, talking to high school students in particular. He also gave us all the late news about the college, predicting a period of unequaled prosperity for the institution. Norm recommended M. A. C.'s newly elected President, Mr. David Friday to us very highly, and as this is near Mr. Friday's old home, we were fully prepared to believe all the pleasant things told us in regard to him.

Mr. Albert Chase '93, seconded Mr. Weil's remarks about Mr. Friday, and spoke highly of his ability, so we all believe M. A. C. to be very fortunate in securing a man of such calibre for President.

The association gave Mr. Weil a rising vote of thanks for his visit and his remarks and for the ready way in which he answered all our questions. Hope to see him over here again. After some more music on the Victrola we adjourned to delicious peach sundaes served by the Spencer family.

Those present included Mr. George C. Monroe '91, Mrs. Monroe, Mr. A. B. Chase '93, C. E. Austin '09, George E. Chatfield '04, Mrs. Chatfield, F. M. Barden '09, Mrs. Barden '09, P. D. Ketchum '13, Stanley Johnston '20, Lloyd Spencer '20, Virginia Flory '20, Robert Spencer '23, George Compton '23, Mr. and Mrs. Carroll, Mr. and Mrs. Ralph Fowler, Mr. and Mrs. Harold Fowler, Mr. and Mrs. Harry Sherman, Lloyd Conkel, Miss Grace Austin, Miss Corlan Lyman, Mr. and Mrs. A. G. Spencer, Mr. and Mrs. Parley.

Upper Peninsula Get-Together.

Wednesday, August 10, a number of M. A. C. Alumni and friends met for a picnic supper in the exhibition building on the fair grounds at Chatham. The occasion which brought forth this gathering was the Third Annual Farmers Round-Up of the Upper Peninsula held at the Chatham Experimental Farm the following day. There were 57 present for the
M. A. C. people present were: Edna V. Smith '03, East Lansing; C. L. Brody '94, Lansing; H. H. Musselman '08, East Lansing; R. A. Turner '02, East Lansing; D. L. McMillan '10, and Mrs. McMillan, Chatham; H. E. Dennison '11, and Mrs. Dennison, East Lansing; Aurelia Potts '12, Marquette; Irving Kirshman '14, Menominee; R. N. Kebler '14, Menominee; J. W. Weston '14, Marquette; Karl Miller '15, Iron Mountain; C. P. Johnson '15, Chatham; Helen C. Pratt '15, Sault Ste. Marie; K. P. Pressley '15, Manistique; G. Patch '15, East Lansing; W. F. Manly '18, Crystal Falls; John Hammes '20, Chatham; L. V. Benjamin '20, L'Anse; P. G. Lundin '20, Manistique; Paul E. Donnelly '21, Marinette, Wisconsin; Alla Stinson '23, Covington; Dean R. S. Shaw, East Lansing; Prof. J. F. Cox, East Lansing; Dr. Eben Mumford, East Lansing.

Helen C. Pratt '15, Sec'y.

Dr. and Mrs. P. B. Woodworth Honored.

The M. A. C. Alumni in Chicago gave a complimentary dinner to Dr. and Mrs. P. B. Woodworth '86, at the Palmer House on Thursday evening, July 11. This was the Woodworth's wedding anniversary and on this date appeared a notice in the Chicago Tribune that Dr. Woodworth had been appointed a member of the advisory council to the War Department.

Forty-five gathered at the tables to pay honor to the Woodworths who have taken a personal interest in every M. A. C. man or woman whom they knew or could hear of. Their home has been a real home to every friend and they have a host. Everyone present tried to tell how sympathetic and helpful the Woodworths had been to them. As a teacher Dr. Woodworth made a friend of every student not only because of his recognized ability as a teacher, but because in the language of students "he was a regular fellow." If human love, and sympathy and esteem are of value, the Woodworths are multi-millionaires and everyone felt that they would win the same place in the hearts of the students and alumni of Rose Polytechnic Institute that they have of those of M. A. C. Everyone wished them Godspeed in the new and wider field to which they have been called.

Those present were: W. R. Rummell '86 and Mrs. Rummell, Mr. and Mrs. Rudolph Rummler, George L. Teller '88, Louis A. Bregar '88, Paul Chamberlain '88, N. S. and Mary C. Mayo '88, John D. Nies '94, W. P. Hawley '02 and Mrs. Hawley, H. R. Smith '95, C. W. Montgomery '06, M. T. '07 and Ruth Montgomery, G. W. Milliams and Emma W. Milliams, W. F. Hopkins '93, A. D. Pond '97 and Mrs. Pond, Sam J. Kennedy '01 and Mrs. Kennedy, Irving Gingerich '02 and Mrs. Gingerich, H. L. Mills '02 and Mrs. Mills, W. R. Brown '03 and Mrs. Brown, Clem Ford '05 and Zoe Benton Ford '05, F. H. Wade '08, Fred A. Stone '12, C. E. Hoyt and Gretchen Hoyt, Bronson Barlow, Edwin Phelps and Mrs. Phelps, E. E. Lushey, Mrs. W. D. Davis, Julia Chamberlain, D. L. Peppard '17, Paul Woodworth '18.

—N. S. Mayo '88

Ranneys Entertain Ionia Association.

August 6, 1921.

Saturday, August sixth, was an ideal day for a picnic, and it was the date set for the M. A. C. Alumni to meet at the Ranneys Farm in Belding. On this delightful farm everyone found amusement to suit his own taste. While some inspected the farm, others played ball or tennis or gathered on the spacious front lawn.

The long tables were spread in the yard and the guests were bountifully served with escalloped potatoes, hot coffee, water-melon, and ice cream. After the meal the women enjoyed the sunset while the men had a few more games of ball, and it was nearly dark before the machines began to move toward home.

Everyone thoroughly enjoyed the picnic, and the genial hospitality of Mr. and Mrs. Ranneys. Those present were: J. E. Taylor '76, J. E. Coulter '82 and Alice Weed Coulter '82, C. Lillie '84 and Mrs. Lillie, C. F. Schneider '85 and Carrie K. Schneider, T. V. Williams '85 and Mrs. Williams, Elmer B. Hale '93 and Mrs. Hale, Dwight S. Cole '93 and Mrs. Cole, John W. Rigerink '07, Laura L. Rigerink '07, Charles Johnson '09 and Marie E. Belliss Johnson '09, C. Edward Johnson w'22, Evelyn Johnson, Waldlo M. Ball '09 and Mrs. Ball, Marshall T. Ball '29, Virginia L. Ball '39, E. W. Ranney '00 and Tressie Bristol Ranney '99, June Ranney, Ruth Ranney, George Ellis Ranney, Mabel Bristol Yoder '02, Arma Teresa Yoder, Vesta C. Yoder, David Ingalls Yoder, Sheldon Yoder, Vanderbilt Yoder, P. V. Atkinson '05 and Mrs. Alleen Raynor Atkinson '05, Elizabeth K. Raynor, Roswell G. Carr '08 and Mrs. Carr, Rhoda Carr '37, Jean Carr '32, Betty Carr '30, Hugh E. Lynch '10, Elizabeth Lynch, Robert Lynch, Jack Knecht '11 and Louise Morton Knecht '12, Harry R.
THE M. A. C. RECORD

MARRIAGES

Clarence Hiller '18 and '20 and Oleta Coverdale '21 were married at the home of the bride in Lansing on August 2. Harold Furlong w't8 was best man. They will make their home at 220 South Macomb Street, Monroe, where Hiller teaches agriculture in the high school.

A. L. Bibbins '15 and Miss Minerva Fonts of Wilmette, Illinois, were married on August 9. Mrs. Bibbins has been an instructor in the Home Economics Department at M. A. C. for the past two years. They will make their home in East Lansing, where "Bib" is connected with the Farm Crops Department.

Edwin H. Pate '17 and Miss Frances M. Edmonds of Hastings were married on June 30. They live at 5777 Hillsboro Avenue, Detroit.

Leo R. Stanley '16 and Miss Jane F. Cole of Sturgis were married on June 14. They will live in Benton Harbor next year where Stanley will teach agriculture in the high school.

Oscar R. "Dutch" Miller and Miss Charlotte M. Spencer were married in Saginaw on August 16. Mrs. Miller is a sister of "Baldy" Spencer '14.

Norton William Mogge '14 and Miss Mandana Shaw Parsons were married on July 15 at San Francisco, Calif. Mogge is Advertising Manager of the Northwestern Fruit Growers Exchange of Seattle.

Glenn W. Osgood '17 and Gladys Fay Sitt '20 were married at the home of the bride in East Lansing on August 25. After September 15 they will be at home at 100 East Cass Street, St. Johns where Osgood is in the furniture and undertaking business with his father.

Frederick B. Zehner w't8 was married to Miss Madelein Mary Ryan of Wakefield, Mass. on August 1.

Willard Moores Coulter '18 and Helen Abigail Edmonds '19 were married on June 30. They are living at 457 Union Ave. S. E., Grand Rapids.

Warren Payne Stow Hall '20 and Miss Carrie Margareeta Stockdale of Chicago were married on June 29. The Halls are living at 9234 Woodward Ave., Detroit, where he is connected with the City Board of Health.

Zora Lemmon '14 of Sunfield and Edward Treen of Buffalo, New York were married on Tuesday, August 23 at her home. Mr. Treen is a graduate of the State College of Forestry of Syracuse, New York and now connected with a lumber concern in Buffalo.

Edmund C. Sauve '11 and Miss Catherine Marten of Lansing were married at Annunciation Church in Detroit on August 11. Sauve is connected with the Farm Mechanics Dept. of M. A. C. and they will make their home in Lansing.

Of particular interest to a great many M. A. C. folks will be the announcement of the marriage of Laura Collingwood '20 and Stanley Johnston '20 at the home of the bride in the Porter Apartments in Lansing on September 3. Miss Collingwood is the oldest daughter of Judge C. B. Collingwood '85, a sister of G. Harris Collingwood '11, and niece of Herbert W. Collingwood '83 and of Harris E. Thomas '85, and has spent practically all of her life in East Lansing. Stanley Johnston is a son of William F. Johnston w't0.

NEOLOGY

Dr. E. A. Crane

"Dr. E. A. A. Grange, Principal Emeritus of the Ontario Veterinary College, and from 1884 to 1897 professor of veterinary science at M. A. C., died on July 25 at his home, 34 Chicora Avenue, Toronto, Canada. Dr. Grange had suffered from a stroke of paralysis for several years.

"The deceased was born in London, England, and came to America at an early age. He was a pioneer in veterinary instruction in this country. His first work as a teacher was at the Ontario Veterinary College in Guelph.

"Dr. Grange had been Principal of the Ontario Veterinary College for a number of years. He retired in 1902.

"The funeral service was held at St. George's Church, Guelph, Ontario, on July 27th. Dr. Grange leaves a widow, one daughter and one son. The latter rendered distinguished service during the war in the Royal British Aviation Corps.

"Dr. Grange was a very modest man, but very witty, and those who were students under him will recall his interesting lectures. He was always courteous, sympathetic and helpful, a true gentleman in every sense of the word."—N. S. Mayo '88

Allen Benton Morse

Allen Benton Morse w't01, pioneer resident of Ionia County, died at his home in Ionia on July 1.

Allen B. Morse was reared on the farm in Otisco, receiving his elementary education in the crude schools of the time. Later he took
Carl Sayre, '18

Earl Sayre '18 and Mrs. Sayre of Schenectady, New York, were instantly killed July 9, when their car ran into a locomotive en route to Dunkirk for a visit with relatives. Their nine months old baby was uninjured in the accident. Sayre was a graduate of the electrical engineering department at M. A. C., and a brother of Howard Sayre '23. He was a lieutenant in the late World War in the Signal Corps. At the time of his death Mr. Sayre was foreman of that year joined as a private in Company P, 16th regiment, Michigan Volunteer Infantry. Serving in the Civil war with distinction and giving an arm for the cause of liberty and nation he early became a recognized attorney. His reputation won for him an appointment to the supreme bench of Michigan in 1880 which distinguished office he held until 1892, when he resigned to become democratic candidate for governor of Michigan.

Judge Morse was defeated in the election, but was soon after appointed by President Cleveland United States consul at Glasgow, Scotland, where he remained for four years. After his return from Scotland Judge Morse became one of the most popular attorneys in the state and his opinions bore much weight. His outspokenness and strong convictions were admirable characteristics of his nature.

Meeting of the Executive Committee

Tuesday Evening, June 14, 1921.

The Executive Committee of the M. A. C. Association met in the private office of Director Brewer in the Gymnasium at 8 o'clock June 14. Those present were: President Thomas '85; A. C. MacKinnon '95, representing Bay City Association; N. G. Hume '87, representing Grand Rapids; Nenna Dunlap '06, general committee also representing Flint; Samuel Langdon '11, general committee; R. G. Carr '08, representing Grand Rapids; Nenna Dunlap '06, representing Calhoun County Association; A. C. MacKinnon '95, representing Bay City Association; F. E. Rogers '83, representing the Central Michigan Association; A. B. Cook '96, representing the Owosso Association; F. S. Dunks '95, representing the Livingston County Association; Oliver H. Frederick '65, representing the Saginaw Association; N. O. Well '17, representing the Cleveland, Ohio Association; W. H. Prudden '79, financial officer for the Union Memorial Building Fund; W. O. Hedrick '90, Chairman of the Plans Committee of the Union Memorial Building; and Frank Wood '90, Central Michigan Association.

The Secretary read the minutes of the last meeting which were approved. The committee of the college seal of which Mrs. Jessie Belle Baker '90 is chairwoman, had sent a report to the Secretary in which they stated that some work and considerable correspondence have been had but there was nothing definite as yet to report and they asked for more time.

The Secretary's report was dispensed with.

On motion of Mrs. Waterbury, the question of the appointment of E. G. Culver as Assistant in Farm Management was referred to the President and Secretary with power to act and with instructions to provide for an emergency balance of $2,500.00.

On motion of Mr. Wallace, the action of the Board at a former meeting in regard to trips in attending conferences and scientific meetings, was continued through the present fiscal year or until further action by the Board.

On motion of Mr. Watkins, Mr. A. M. Barron was re-elected Football Coach and Assistant in the department of Physical Training for a three-year period beginning Sept. 1, 1921, the salary to lie supplemented from funds of the Athletic Association.

On motion of Mr. Watkins, Prof. Chapman was made Faculty Adviser in Athletics.

On motion of Mr. Woodman, the question of the appointment of E. G. Culver as Assistant in Farm Management was referred to the President and Secretary with power to act.

On motion of Mr. Woodman, the following resolution was adopted in reference to the M. O. Thomas matter:

"RESOLVED, That a record of the steps taken in the Thomas matter be furnished to the executive committee of the M. A. C. Association, the Bureau of Education, and the County Clerk of Monroe County, and that said Bureau be advised that any further written communications regarding the matter will be received and considered."

On motion of Mr. Stockman, Prof. E. B. Hill, now Assistant in the Department of the Experiment Station, was made also Director of Winter Courses, and Mr. A. M. Barron was made Assistant Director of Winter Courses.

On motion of Mr. Wallace, Mr. F. S. Brundage was placed upon the Soils Extension Station payroll for the period from June 27 to September 10; S. G. Bergquist was placed upon the same payroll from June 20 to September 15, and Mr. J. W. Stack from June 13 to September 15.

On motion of Mr. Watkins, changes were made in the salaries and titles of the personnel of the Guidance School, Mr. E. G. Carr was appointed Director of the Guidance School beginning Sept. 13, and Mr. George Trollope was continued as Instructor, beginning Oct. 1.

On motion of Mr. Watkins, Mr. W. E. Newton was made head of the office of the Agriculture Department until a permanent head of the department is appointed.

On motion of Mr. Stockman a fee of 50 cents is to be added to the fees of the Home Economics Department for the winter term for the benefit of the Women's League Cabinet.

At this point, President Kedzie retired and Mr. Wallace, Chairman of the Board, took the chair.

On motion of Mr. Watkins, the following resolution was adopted:

"RESOLVED, That the Chairman appoint a committee of three members to recommend to the Board a suitable person for President of the College."

The Chairman appointed as such committee, Mr. Watkins, Mr. Woodman, and Mrs. Stockman.

On motion adjourned.
THE M. A. C. RECORD

The following resolution presented by Mr. Prudden was adopted on motion of Professor Hedrick, seconded by Mr. Anderson: "Whereas, a new president is to be selected for this institution; it is a matter of supreme interest to the future of the institution and the M. A. C. Association is anxious that the best possible executive may be selected; Be it therefore resolved by the Executive Committee that we advise the State Board of Agriculture of our interest in this matter and request that in the event the Board desires to advise with said Association in reference to the candidates for said position a duly appointed committee will be glad to express the views of the Association regarding said candidates upon invitation from the State Board of Agriculture." Unanimously adopted.

It was moved by Mr. Anderson and supported by Mr. Dunks that we present the resolution to the Resolutions Committee for inclusion in their report at the annual meeting tomorrow at noon relative to instructing the Executive Committee to appoint a committee on legislation whose business it would be to represent the college in state politics. Carried.

It was moved and supported that there also be included in the resolution mentioned above, a request that committee be appointed by the Executive Committee to represent the alumni in the selection and election of members of the State Board of Agriculture. Carried.

It was moved and supported that the question of the name of the college which was brought up should be passed over at this time. Passed.

A discussion followed on the Union Memorial Building fund, resumption of the campaign and the time for construction. Professor Hedrick reported as chairman of the Plans Committee.

Mr. Prudden reported on the finances of the Union Memorial Building and the distribution of the funds as they have been received.

The Secretary was instructed to present the action relative to the two resolutions to the Resolutions Committee before the annual meeting June 15.

Adjournment.

C. W. McKibbin,
Secretary.

E. W. Ranney, who was elected president at the annual meeting, appointed the following committee to carry out the provisions in the resolutions relative to an advisory committee who might confer with the State Board of Agriculture on presidential candidates should the Board desire the sentiment of the alumni: Chairman, W. K. Prudden '78, Lansing; C. W. Garfield '70, 200 Burton St. S. E., Grand Rapids; G. V. Branch '12, 9184 Livernois Ave., Detroit; A. C. MacKinnon '95, 1214 Center Ave., Bay City, and A. B. Cook '93, R. 1, Owosso.

CLASS NOTES

'61
J. H. Gunnison (with) lives at 1901 South Washington Ave., Lansing.

'95
The Breeders' Gazette of June 25, says this about Howard R. Smith: "Prof. H. R. Smith, who has been in charge of the tuberculous eradication campaign launched several years ago by the Chicago Livestock Exchange, was selected to head a campaign of similar character last summer in South Dakota by the National Livestock Exchange in convention in Cleveland, Ohio, last week. He will have headquarters in Chicago, with assistants at all the principal livestock markets. The exchange recommends federal or municipal inspection of all meats, and requested the restoration of the ante-mortem system of stockyard inspection which was suspended during the war."

Shoichi Yebenc, Principal of Amaha Agricultural School, Minatomachi, China Ken, Japan, writes that it is his favorite task to collect shells from every part of the country, and his joy and pride that all

NOR is it necessary to buy a new "Handy Grip" when your Shaving Stick is all used. Just buy a Colgate "Refill," for the price of the soap alone, screw it into your "Handy Grip," and you are "all set" for another long season of easy shaving.

The soap itself is threaded. There is no waste.

Use Colgate's for Shaving Comfort, as well as for the Convenience it affords. The softening lather needs no musky rubbing in with the fingers. It leaves your face cool and refreshed.

We took the rub out of shaving originally, in 1903.

COLGATE & CO.
Dept. 212
199 Fulton Street, New York

The metal "Handy Grip" containing a trial size stick of Colgate's Shaving Soap, sent by post for 5c. When the trial stick is used up you can buy the Colgate Refill, threaded to fit this Grip.
the vegetables his family needs are raised from his own fields. He has eight children, ranging from three years of age to twenty-three. He adds that he has never forgotten M. A. C.

'97

Maurice Johnson has moved to 209 S. Angela St.; also, he says he is "still teaching X-Y-Z" at the University.

Marie Sales (with) is State Home Demonstration Leader for the University, and lives at 8614 Ave., Columbus, Ohio.

In the rush of present-day living, very few of us ever stop for a moment to sum up the benefits of modern civilization or to contrast them with past inconveniences.

Electricity, for instance. Marvelous, we say, but there we stop. What makes it marvelous? Not what has been done, but rather what yet remains to be accomplished. It is the undeveloped possibilities of this magic force which make the whole world wonder what will come next.

And it is the future which will determine just to what extent electricity may become a faithful servant of the public. The past achievements of the General Electric Company are now everyday history—from the chaining of Nature to create electric power, to the vast number of ways for making that power useful in the daily life of every human being.

Each year has seen some new contribution from G-E to the world’s progress. That this will continue is certain, because of the fact that this whole organization and its remarkable facilities are devoted to studying the requirements of mankind in every walk of life and fully satisfying them with something electrical.
