

THE M. A. C. RECORD

ESTABLISHED IN 1896

M. A. C. Cannot Live on Her Past—What Will You Do for Her Future?

Entered as second-class matter October 30, 1896, at the post office at East Lansing, Michigan, under the Act of March 3, 1879.

Published every Friday during the College Year by the Michigan Agricultural College Association.

E. W. Ranney '00, Greenville
H. C. Pratt '09, Lansing
W. K. Prudden '78, Lansing
C. W. McKibbin, '11, East Lansing
E. W. Ranney '00, Greenville
Members of Executive Committee.
Elected at Large:
C. S. Langdon, '11, Hubbardston.
A. C. Anderson, '06, Flint.
Mrs. Helen Esselstyn Wood, '00, Lansing.

Elected at Large:
M. A. C. ASSOCIATIONS.

Est. 1896

Members of Executive Committee.

M. A. C. ASSOCIATIONS.

Central Michigan.
Pres.—Leslie H. Belknap '09, Highway Dept., Lansing.
Sec'y—Merritt Reeves, '20, East Lansing.

Detroit Club.
Pres.—G. V. Branch '12, 604 Livermore Avenue.
Sec.-Treas.—S. B. Lee '16, 1723 Lawton Avenue.

Flint Club.
Pres.—H. L. Froelich, '12, 1217 S. Dayton St.
Sec'y-Treas.—Mrs. P. B. Pierce '05, 100 Joeinett Avenue.
 Treasurer—A. C. Anderson, '06, 1600 Euclid Ave.

Jackson County.
Pres.—G. A. Sanford '11, 109 Third St., Jackson.
Secretary—Harry E. Williamson '04, 108 Winthrop Ave., Jackson.

Kalamazoo Club.
President—Jason Woodman, St., Paw Paw.

Saginaw Ass'n.
Pres.—O. H. Frederick, '16, 335 S. Weadock Ave.
Sec'y-Treas.—Daniel H. Ellis '06, 616 Owen St.

Bay City Ass'n.
Pres.—A. C. MacKinnon, '95, 124 Center Ave.
Sec'y-Treas.—J. Harry Nelson '04, 192 Webster.

Upper Peninsula Association
Secretary—Helen Pratt, '16, Sault Ste. Marie.

Livingston County.
President—C. P. Buckhart, '10, Fowlerville.
Secretary—P. S. Dunks, '05, Court House, Howell.

Barry County
Sec'y—Leta Hyde Keller '09, Hastings.
Treas.—Milton Townsend '10, Hastings.

Berrien County.
President—Charles Richards, '16, Benton Harbor.
Treasurer—Willard Sanborn, '13, Berrien.

Calhoun County.
Pres.—Harold King '19, 47 Elizabeth St., Battle Creek.
Sec'y—Nenna Dunlap '19, 46 Grant St., Battle Creek.
Treas.—Don Stillson '11, 75 Central St., Battle Creek.

Clinton County Ass'n
Pres.—H. V. Kittle '16, St. Johns.
Sec'y-Treas.—Mr. C. W. Hubbardston, Mich.

Ionia County.
Pres.—C. S. Langdon '11, Hubbardston, Mich.
Sec'y-Treas.—H. J. Wheeler '13, Belding, Mich.

Lenawee County.
Pres.—Oliver Cleveland '10, Adrian.
Sec'y-Treas.—Mrs. Maude Bennett Steger '11, Hudson.

Northwest Michigan.
President—H. A. Danville, '85, Manistee.

St. Joseph County
Pres.—Leslie R. Scott '09, Three Rivers, Mich.
Sec'y-C. B. Hagenbuch '10, Elm Terrace Farm, Three Rivers, Mich.

Washtenaw Club
Pres.—Harold A. Furlong '20, 300 N. Ingalls St.
Secretary—Geo. A. Waterman '01, Meadowland Farm, Ann Arbor, Mich.

Chicago.
President—Clem Ford, '05, 2 So. Catherine Ave., LaGrange, Ill.
Sec'y-Treas.—H. P. Henry, '15, 4016 Glennwood Ave., Chicago.

New York City.
President—John J. Bush, '84, 616 W. 17tih St., New York City, N. Y.
Secretary—S. S. Shields, '16, 719 Hancock St., Brooklyn, N. Y.

Northern Ohio.
President—L. L. Applingard, '09, 4120 Lake Ave., Lakewood, Ohio.
Secretary—H. G. Smith, '20, 655 National City Bldg., Cleveland.
Treasurer—Helen Canfield, '05, 508 Clinton Ave., Cleveland.

Milwaukee, Wis.
Pres.—Wm. L. Davidson, '13, Scout Executive, 4 Mason St.
Sec'y—Geo. B. Wells, '06, Schroeder Lumber Co., Milwaukee, Wis.

Western Pennsylvania Ass'n
Pres.—R. F. Rain '21, 1212 Western Ave., Pittsburgh, Pa.
Sec'y-Treas.—W. M. Hallbeck w'15, 486 Oliver Bldg., Pittsburg, Pa.

Portland, Oregon, Association.
Pres.—Dr. Geo. Steinfeld, w'06, 146 E. 6th St., N. Sec. Sec'y-Treas.—A. F. Douglas, w'08 565 E. Yamhill.

Minneapolis Club.
Secretary—C. C. Cavanaugh, '09, Hopkins, Minn.

Washington, D. C.
Pres.—R. C. Potts '06, 3001 14th St. N. W.
Sec.-Treas.—Mrs. H. S. Keeler, 200 Holly Ave., Takoma Park.

Western New York.
Pres.—D. J. Crosby '05, Ithaca, 203 Cornell St.
Secretary-Treasurer—D. A. Brice '13, Rochester, 306 LarrABurn Crescent.

Southern California.
Pres.—H. E. Trux '12, 129 N. Mariposa St., Los Angeles.
Sec'y-Treas.—Eric E. Nies '08, 5215 DeLongpre Ave., Los Angeles.

Northern California.
Vice-President—E. G. Bank, '84, 1512 Marin Ave., Berkeley, Calif.
Secretary—H. H. Freear, '10, 1410 Leslie St., San Francisco.

Seattle.
Vice-President—Capt. Wm. D. Frazer, '10, 4755 14th N. E., Seattle.
Sec'y—Emma B. Barrett, '03, 400 Whitney.

New England.
Secretary—Mr. Glenn C. Seyer, '03, 57 Worthington St., Springfield, Mass.

Are You All Set for the
Alumni Home-Coming
Saturday, Nov. 5?
M. A. C. vs. South Dakota

Friday night, Nov. 4—The Annual Barbecue.
Saturday morning—A Big Campus P-Rade.
At noon—An Alumni Luncheon, at which Pres.-Elect Friday has been asked to speak.
2 P.M.—The Game. The west bleacher has been reserved for Alumni.
Between Halves—Student Stunts.
Night—A Union Party.

Get a jolt of the good old campus atmosphere.
It will send you home feeling years younger.

All Seats for the Game Reserved. Order Yours Right Now from C. L. Brewer, East Lansing, at $1.50 each.

The Record is Owned by Its Readers. That’s Why They Patronize Its Advertisers
“Collegeville” folks are exultant over the completion of the Michigan Avenue pavement and the final opening of the street through from the split rock to the railroad tracks. After months of tedious and spring-rending detouring the broad smooth stretch of asphalt is an unusual and previously untasted joy to motorists along this route. Incidentally almost every faculty man has now become a car owner. During the past summer dozens of garages have sprung up in back yards where only cabbages and onions grew before. Not because the faculty are becoming rich by any means, but simply because used cars are getting cheaper.

Mr. Ivan Swift, prominent author and artist, spent Friday and Saturday on the campus as the guest of East Lansing friends and the Union Literary Society. Mr. Swift is the son of John W. Swift, class of 68, and uncle of Dean Swift, a sophomore in the engineering course. He expects to come back later and paint some of the landscape scenery of the campus, which he says ranks with the best he has seen in his wide travels. Mr. Swift who is the author of the poetic volumes, "Fagots of Cedar" and "The Blue Crane and other Songs," has traveled extensively in Europe as well as this country, and entertained the Union Literary Society with his French-Canadian dialect stories.

The Community Welfare Fund of Lansing and East Lansing, in which the College Y. M. C. A. is an individual sharer, will open its drive for funds November 7 and continue it throughout that week. The advertising campaign for the drive has been turned over to the Lansing Advertising Club and serving on the various committees of that club are the following M. A. C. men: Arthur Lyons '00, pulpit committee; Roy Irvin '14, stunt committee; Ed Pinckney '17, window display advertising; Einar Ungren '19, and C. W. McKibbin '11, newspaper publicity.

Many aeroplane flights have been made over the campus during the past week by Arthur J. Davis, a junior engineering student and a member of the Davis & Becker Co. of Lansing, which is organized for passenger carrying business. Trips are made from the flying field two blocks east and one block north of the tennis courts on Grand River Avenue. As a member of the Michigan Aero-Service Corporation, he has been making flights all over the state during the summer, including Jackson, Grand Rapids, Saginaw, Hart, Belleville, Gaylord, West Branch, Bad Axe and Mt. Pleasant. Besides carrying passengers in the above mentioned places he made a specialty of stunts and wing walking. He and his wing walker were advertised as "Ruth Law's only rivals." During the war, "Art" entered the service of his country, making his first flight in July 1918 on Kelly Field, San Antonio, Texas. He continued in actual service until Feb. 20, 1919, when he was retired to the Aviation Section Signal Reserve Corps of which he is still a member. He expects to make flights Homecoming day.

About seventy-five Hubam clover growers of Michigan held a meeting in the Agricultural Building October 20. Hubam Clover or annual white clover was originated in Alabama, developed in Iowa and now has its chief stronghold in this state where much interest is being shown in its development. Among those attending the meeting was Mr. Oviatt father of "Charles" Oviatt '09, and "Dutch" Oviatt '16.

A new feature of the service program of People's Church is "Community Night" which was inaugurated last Thursday evening with a Bohemian supper. The guests of the evening were the new professors and instructors at M. A. C., the new teachers of the East Lansing schools, and all other newcomers. Two hundred ten persons enjoyed the supper as well as the speeches and motion pictures which followed.

Coach Flynn in announcing swimming instruction schedules is extending a special invitation to male faculty members to attend any of the class periods.

Difficulty in finding a suitable location for the East Lansing postoffice may result in the campus being closed and the handling of all mail through the Lansing office. The lease on the present building expired a year ago and thus far no one has come forward with a suitable building to take care of Uncle Sam's growing business in the college community. College authorities are anxious for the building for other purposes.

The two year-sixteen weeks' course in general agriculture will open October 31. This has proved to be the most popular of the Short Courses and a great deal of interest has been manifested in it throughout the state. The Course is well attended and each succeeding year finds a number of the former Short Course students enrolled as regular four year students. Eight members of the present freshman class were Short Course students last year.

Election of Co-ed Sponsors for the corps, infantry, coast artillery and cavalry branches of the R. O. T. C. will be held in the various companies and troops this week.
"The trained citizens of tomorrow will actively oppose the business man who profiteers, the laboring man who shirks, the politician who sets private gain above public weal, the citizen who selfishly enjoys the blessings of democracy without meeting its demands and the man of means who fails to accept his wealth as a social trust. Therefore, he will attack both the radical who forgets the wisdom of the past and dreams of an impossible future and the conservative who idealizes the past and neglects the plain duties of the present."—From the address of President M. L. Burton, U. of Michigan, at the inauguration of Dr. J. W. Laird, as President of Albion College.

Now comes the season of alumni meetings. With the opening of schools and colleges in the fall, one's attention naturally turns to school matters and football effort, ball, king of intercollegiate sports demanding of old and young alike the attention it was wont to receive in student days, calls us back to the field, the campus, the friends of college days. College affairs in each community take on a new interest. Associations already organized are beginning to take stock of their resources looking toward an active plan of work for Alma Mater. In some, reorganization is necessary and the responsibility of getting the old crowd together and going again falls, as usual, upon the active ones.

Last year nearly a dozen new local associations were formed by various groups of energetic M. A. C. people. Most of these organizations were in Michigan. There are still a great many communities in the state containing all the way from ten to forty or fifty graduates and former students that are without alumni clubs. In every one of these localities there should be an active M. A. C. group organized to make sure that M. A. C. is put on the map in their town. When once an association is organized and up and doing there are dozens of opportunities for accomplishing little things that will count big for the college.

We have been much interested in the Flint Club who have already started their regular monthly meetings and are now starting a new student campaign for next year. Flint has long been a University city when it comes to sending its sons away to college. The Flint Club has resolved that hereafter they will divide the honors with the University and have their full share of high school students with their faces turned toward M. A. C. One of the successful steps in their campaign is seen in the arrangement of the M. A. C. All-Fresh game with a Flint high school, which was played last Saturday. More power to them in their good work.

If there isn't a live M. A. C. club in your town that's doing business for M. A. C. there is a wonderful opportunity for you to do yourself and the college a good turn. Get busy and organize one.

Those interested in aquatic sports will be pleased to learn of the selection and appointment of a men's swimming coach, and the new swimming requirement being established for men students. For nearly two years swimming instruction has been given the girls and it has been necessary for co-eds to know how to swim before being given credit for their work. A similar requirement is now in effect which means that the splendid pool will now be used 100 per cent both by men and women. Swimming has come to the front as a sport in the last few years and with such wonderful facilities, surpassed by but few mid-western colleges, M. A. C. should take her place well up in the lead in intercollegiate swimming circles.

Executive Committee of M. A. C. Association Meets Nov. 5.

The Executive Committee of the M. A. C. Association will hold a meeting in the Alumni office at 10:30 in the morning of Homecoming day, November 5.

Every local association is asked to have one representative present at the meeting. If it is not possible for the officers to come possibly they can select someone from their association whom they know will be attending the Homecoming celebration. The clubs that are located at some distance are being asked to name a representative or proxy.

Mr. E. B. Butler, last year an instructor in the Physics Department, is now principal of the High School of Rushville, Ind.

Sherwood Eddy, one of the greatest traveled Christian statesmen, will be in East Lansing, October 28, 29 and 30 for a series of addresses to students and townspeople. The addresses will be delivered in the People's Church Auditorium, with the exception of a convocation address at 9 o'clock Friday morning. Mr. Eddy has traveled and spoken in almost every country in the world and has a wide acquaintance with other races.
"See You at Homecoming."
The "Peppiest Ever" is the slogan of the campus Homecoming committees appointed by the president of the Student Council and now getting into strenuous action.

A number of important college events have been grouped this year and these should prove an added attraction to the large number of alumni and former students scattered over Michigan who "hanker" to get back once each fall for a football game. The increased attendance and the new campus spirit should prove strong drawing cards for a record crowd.

The annual barbecue given by the sophomores is scheduled for Friday evening, Nov. 4, the night before the date set for the Homecoming. The sophomores already have their committee at work for this event and promise that it is going to excel all others. No mass meeting for the game the following day will be held that night other than the speeches and entertainment at the annual ox roast. It is expected that a large number of the alumni will return in time for the barbecue.

A student stunt parade is planned for Saturday morning at 10:30 o'clock. In this parade the different societies and classes will present floats or stunts.

The committees in charge of the arrangements are headed by the following: Publicity, Don Gray '22, Moline; Parade, F. T. Carver '22, Traverse City; Stunts, H. L. Fleming, Ithaca; General Arrangements, C. W. Gustafson '22, Ishpeming; Women's Parade, Belle Farley '22, Metamora; Women's Entertainment, Mary Emily Ranney '22, Greenville.

President-elect Friday has been asked to speak to alumni at the luncheon at noon in the Armory. The annual Michigan Intercollegiate Cross Country run starts at 11:15 and the game at 2 p.m.

Contents of "Flower Pot" Transplanted. "Meet You There Nov. 5".
The Flower Pot tea room, a new campus institution, established and supervised by M. A. C. alumnae of Lansing and East Lansing is moving from its present location in the old Hort tool shed to the north side of the car station building opposite the Alumni Office, in quarters formerly occupied by the M. A. C. Union, the alumni department and the college mimeographs. The alumnae managers hope to be completely established in their new location by Homecoming day.

The Flower Pot was opened last June during commencement week in the Hort tool house with the avowed purpose to raise funds for the senior Practice House.

From its beginning the Flower Pot has been extremely popular, although its first few months of business during the summer vacation were not heavy. However, since the opening of college it has been impossible to accommodate the crowds, especially at meal time. This fact has made it necessary to arrange for larger quarters.

The move to the new location, which was provided by the State Board of Agriculture, makes for the permanency of the alumnae project and places it in a splendid business location.

The committee in charge of the team room are Mrs. Catherine Crane Cox '17, Miss Louise Clements '12, Mrs. Blanche McNaughton Reeves '18, Mrs. Cynda Free Cooper '16, and Miss May Foley '18. It is being managed by Miss Coral Havens '02.

It is expected that the Tea Room will be a popular rendez-vous of alumni on Homecoming day.
Enrollment Tabulation Good Looking.

Figures recently given out by Miss Yakely, Registrar show an attendance of 1619 regular students this fall term, and 129 in the federal vocational guidance school, a total enrollment of 1748. In giving out the registration figures at the end of the first week of college an error inadvertently crept into the calculations, as errors sometimes will, and the figure of 1780 announced as the first week's total of registrants in a recent issue of the Record was a few score high. In the face of the increase in numbers however, the enrollment of regular students is still greater than it has ever been before, the attendance of 1750 in 1915 being the record enrollment up to this time. The freshman total of 660 is far above the largest previous class.

In the following tabulation of attendance by classes and courses a comparison of the numbers in agriculture and engineering shows by classes and courses a comparison of the freshmen entered as sophomores.

Practice House Project Is On Its Way.

The newest home economics project, one which has absorbed the interest of M. A. C. alumnae, particularly those of Central Michigan and Detroit who are financing it, has passed the dream stage into a reality and with it the old Taft home on the campus is experiencing a rejuvenation and re-christening. The dwelling will no longer be called the Taft House, but instead the Senior Practice House, and in it from henceforth senior girls are to put into practice some of the theories of home economics.

It is remarkable to note the progress the present occupants, eight senior girls, are making under the supervision of the resident instructor, Miss Irma Cross. The house is being refurnished, some furniture is being refinished, and color schemes are being effectively worked out by these girls in conjunction with the house management class.

The girls are actually getting the experience of furnishing their own homes. They are selecting and buying the furnishings with only the advice of Miss Gross to guide them. Salesmen from Lansing, Grand Rapids, Detroit, and Chicago are calling on them daily. Central Michigan and Detroit alumnae have furnished the funds, Dean Mary E. Sweeney is the agent, and the girls are the actual dispersers of the money. The girls are buying conservatively, as they must, for they are being allowed but $1040. This would seem to be an exceptionally small amount to furnish a twelve room house for eight people, but the girls are going at it assiduously and determined to get their money's worth in every particular.

The Senior Practice House will be, when completed, the type of house that people live in. Eight senior girls will live in it for one-half term each, allowing forty-eight girls to occupy it during the school year. In addition the house management classes will do considerable of their work at the Senior Practice House. Much experimental work will also be carried on. Nourishment tests are to be run. Types of mattresses will be studied and data secured as to their weight and stitch. Kitchen cabinet are to be tried out and tables will be investigated as to their height, usability, and type of rollers. Time schedules of various kinds of house work are to be experimented with. The cataloging of commodities and kitchen equipment will be studied. In fact all new practical household ideas will be put to a test at the Senior Practice House. The Practice House idea is one that is being carried out in only a few colleges and in establishing such an institution M. A. C. is placing herself up front in home economics training and investigative work.
J. A. Rosen, '08, Appointed on Russian Relief.

The following letter has just been received by Dean Kedzie from J. A. Rosen '08, who brought to the College the Russian rye from which Rosen Rye was developed. That Rosen appreciated what M. A. C. gave him is unmissably shown in his sincere tribute to his college days.

On Board the Berengaria Cunard Steamer.

Dear Prof.:

I have only recently returned from the far east and am sailing again. This time I am going to Moscow with the American Relief Administration (Hoover's Commission) to help feed the starving Russian children and incidentally to see my own people that are over seventy years of age and I have not seen them for ten years.

Please tell Mr. Spragg that I will try my best to get for him a fresh supply of the original Rosen rye, but I am afraid that during these terrible seven years conditions in Russia have become so up-set that the strain has been lost.

I hope to come back alive. The dangers are great indeed in this country of revolution, famine and disease, but we die only once and not before our time is really up, and when it is up death will reach us wherever we are.

The night is pitch dark. For an hour I was looking into the black abyss of the sea. My inner-self watching the undulations of my thoughts and the memories of my three years came back to me as the happiest recollections of my American life. These were the years that prepared me for work that I am taking up at present. I am to be the Agricultural Adviser on the Commission and I hope to be of real service to both my native and adopted countries.

While in Russia I can be reached by addressing me in care of the American Relief Administration, 67 Eaton Square, London, whence mail will be forwarded to destination.

With best regards to my college friends.

Sincerely yours,

J. A. Rosen '08A.

 Ever 'Up in The Air' at M. A. C. ?

A special attraction for Homecomers this year is the opportunity Aviator Arthur Davis '23, will give alumni of seeing the campus from the air. Whether permitting he will make regular trips all day Homecoming and the following day from the landing grounds east of the Masonic Temple, carrying passengers at $5.00 a ride.

Engineering Extension—My Wish For M. A. C.

By C. J. Strang, '78.

Somebody recently attempted to represent the attitude of Union Labor by a cartoon entitled "A Forbidden Marriage." In the cartoon Uncle Sam was the Justice, the groom was a midget representing Labor's demand for short hours. The officiating Justice refused to perform the ceremony.

Many things are revealed by this cartoon, two at least of which are very significant.

First. The laboring man has learned the world's dependence on his efforts in production, and the power of majorities in voting in a republican form of government. He can control the state if he can cast a unit vote.

Second. The employers have seen that the only way to keep the mastery of production to prevent Labor's casting a unit vote. The cartoon represents a campaign of education to prevent Labor's casting a unit vote. The employers make success by a trained brain; the laborers make whatever success comes to them by a trained hand. It, therefore, is easy for the employers to befog all issues that are settled at the poles and keep the workers divided. The laborer knows he is being defrauded, but fails to understand the machinery by which he is driven as a slave to his tasks. In the end the laborer becomes fighting mad. In fighting he must fight with his hands for his brain is not trained. But if he fights with his hands the law makes him a criminal and he is put behind the bars. If the employer fights it is with sophistry.

My wish for my Alma Mater is that some way might be found for teaching the laboring man to unite for the plain facts of justice in production, in a way similar to the way the farmers are taught to work together by the help of the Farm Bureau and the County Agent system. If it is legitimate to have a Mechanical Department at our beloved College, it is also legitimate that it should have an extension department. At the present time the Agricultural Department is a blessing to every man whose occupation is next to the soil. But the mechanical department helps only the men who own the tools of the factory and their operating officials. The men who use the tools are not benefited an iota. When we have fully learned that labor is not a commodity to be bought and sold like pig iron, but is a public service gladly rendered as a man's share in the public life; and that it is the duty of the public to keep the laborer joyously efficient in his service, we will find we have hit the highway of blessedness that traverses the land of Prosperity, Liberty, and Peace. Is there not some extension work that Michigan Agricultural College can do for the muscular masses of our factory towns?
Varsity Comes from Behind to Trim W. S. N.

Playing with a badly patched-up lineup, as the result of injuries in the Michigan game and during last week's practice, the varsity was forced to come from behind last Saturday to win from the strong Western State Normal team by the score of 17 to 14.

Two men who started in the backfield, Crane and Frank, were playing their first varsity football, while only Brady of the quartet who started behind the line against Michigan was on the field when the opening whistle blew. The recruits put up a great fight and showed flashes of fine football, but concentrated power in offense was lacking during the early periods of the game.

Erratic work near the goal line cost the varsity two or three chances to score, and incidentally gave Normal her second touchdown. The "breaks" were disheartening and kept the team from registering the two or three touchdown margin of victory which the difference in the strength of the two elevens should have permitted. The fact that the men came from behind, overcoming a seven point lead during the second half, was encouraging, however, and showed that the squad has the old-time fighting M. A. C. spirit. From now on they should improve rapidly from game to game.

Two fifteen yard penalties gave Normal the chance to mark up the first touchdown of the game. With the ball on M. A. C.'s seven yard line for a first down, as the result of consecutive penalties, the men from Kalamazoo managed to stage their only successful offensive drive of the game and Bennett slipped over for the score. No further scoring was done in the first quarter, play being in the center of the field.

Early in the second quarter the varsity pulled itself together and started the kind of football which should have marked the whole game. Two or three short passes and a 45 yard run by Brady brought the ball down into Normal territory, where H. K. Archbold, who had gone in for Noblet, went over for the touchdown after a line buck and a short end run. Brady goaled, tying the count.

The sensational play which converted an apparent sure M. A. C. touchdown into the visitors' second and last score came late in the second quarter. A steady offensive march had brought the ball to the Kalamazoo one yard line, and a touchdown for the Aggies seemed a matter of seconds only. At this juncture a backfield fumble of a direct pass gave Cornwall, Normal halfback, a chance to scoop up the ball and race 99 yards for a touchdown. Jake Brady was on the runner's heels all the way down the field, but couldn't cut down the lead enough for a tackle.

The second half found the varsity returning with the score board reading 14-7 against them, and the bleachers pleading for a comeback which would sew up the game. Graves, regular fullback, spent several days last week in the hospital suffering from acute indigestion. Discharged Saturday morning, he came to the game in civilian clothes as a spectator, but the sight of the last Normal touchdown was too much, even for a sick man's nerves. To the surprise of everyone Graves appeared on the field in uniform at the start of the second half and was promptly sent into the lineup.

With Graves carrying the ball on almost every other down, the varsity took up an uninterrupted march down the field for their second touchdown, Graves going over on a line buck. Brady again goaled with the tying point.

The final quarter found the teams battling in the middle of the field, the Aggies finally getting deep into the visitors' territory. Line plays failed here, however, and the team was forced to resort to a kick, Graves scoring via the dropkick route from the 33 yard line. These three points proved to be the margin of victory, the final whistle stopping another M. A. C. march toward the Normal goal.

Western State Normal, by the way, came to East Lansing with a really strong team. The visitors were heavy and fast, and showed good knowledge of the game. Normal defeated Albion 20 to 9 early in the season and is generally conceded to be stronger than the eleven which slipped over a victory on the varsity two weeks ago. Some idea of the improvement of the team may be gained from this comparison and the results of the two games. Even with many substitutes in the lineup, the varsity was able to gain ground freely against the Normal men Saturday, ranking as clearly the superior team.

Defense against passes was good, as in the Michigan game, only one Normal heave being completed. The ends also performed well, turning in plays regularly, after the first quarter. In fact, the defensive work of the entire team left little to be desired during the last part of the game, a tendency to "get-going" too late in the game being the chief weakness apparent.

No further injuries were sustained against the Normal outfit, and recoveries during this week were expected to place the squad in good shape for Marquette. Wilcox and Weckler are out for an indefinite period, but all other regulars should be in shape by Saturday.
Summary:

M. A. C. Western Normal.

Touchdowns—Archbold, Graves, Bennett, Cornwall. Goals from touchdown—Brady 2, Bennett 2. Field goal—Graves.

Cross Country Squad Prepares For Homecoming Run.

Opening with a Novice Race last Saturday, the cross country squad has settled down for a competitive season which will keep it busy until the dual meet with Notre Dame on Thanksgiving Day. On October 29 the boys will take part in an All-College Run. This race will give Coach Floyd Rowe a chance to line up his varsity teams for the annual State Meet on November 5.

Klasse, a sophomore, won the Novice Run last Saturday. The run was limited to men who had had no previous varsity cross country work, and was intended primarily to bring out new material. The time of the winners was unusually good, several freshmen finishing well up with the leaders.

Nearly all colleges, normal schools, and junior colleges of the state will be entered in the State Run at East Lansing on November 5. M. A. C. won this race last year, and the men will make an effort to repeat. The Michigan varsity is entered, as it was last year, and a great fight for first honors should result. Coach Rowe will enter three teams in the State Meet, a varsity, a second varsity, and a freshman team.

Led by Captain Thurston, the men have been working out every night and prospects for a winning season are good. Thurston, Brendel, Adolph and Nesman are all veterans from last year, and the state championship quintet, while Huston, Baguely and two or three others are traveling at a clip which places them right with the leaders.

After the State Run, the varsity will be sent to the Western Conference race on November 19, and later will meet Notre Dame in the annual dual meet between the two schools.

Flint Club Organizing for Students.

The next regular meeting of the Flint Club is to be held Thursday evening, November 3, in the Dort School No. 2. Flint alumni are organizing a student drive during the present school year and Field Agent "Norm" Weil will be a speaker at the meeting and assist them in getting the drive under way. Albert Sobey '00, is in charge of the student campaign for the Flint Club.

Hasselman Addresses Calhoun County Meeting.

Over a score of enthusiastic Calhoun M. A. C. folks gathered at the Y. W. C. A., Battle Creek, for dinner last Wednesday which marked their first major meeting.

James H. Hasselman, formerly of the English Department and at the present time college publicity director, was the M. A. C. representative and the guest of the association at the dinner. His enthusiastic talk on the college outlook this year and the possibilities for alumni service to the institution during the present growing and expansive stage fired the old grads, and the young ones too, with
a new love for Alma Mater and an earnest resolve to be organized and ready to do for her at every opportunity that presents itself. Those who were there are:

THE MAIL BAG

Charlie Oviatt, '09, Is Game Loser.

When a man has made a college track record and in the making has hung it up so high that it stays for twelve years and then has it smashed and his name erased from the boards it's a hard blow. But this is what happened to "Charlie" Oviatt '09, former track and record holder and here's how Charlie came back. The following letter of congratulations was rolled out of his typewriter to DeGay Dunlap '19, 58 Grant St., Battle Creek.

Very sincerely yours,
Chas. J. Oviatt '09.

To the above copy Charlie adds this note:

"Say Kibby, that boy must be real hustler and capable of meeting the best of 'em. Could you find out if I still hold the half mile record, and the relay? Let me know please if you find time. I've had 'em too long—am getting bald!"

You Win, Eddie.

Editor, M. A. C. Record.

Dear Mac:—

I am home now on a visit and while looking through some of the old Records they have saved for me I found an error that I would like to see corrected. In the Vol. XXVI No. 33, June 24th, 1921, there is an article on "The Largest Wolverine." In this article it is stated that it has a publication of 1400 copies which is the largest number of copies ever edited by any class. Our 1919 Wolverine has that beaten with a publication of 1454 copies.

As Business Manager of the 1919 Wolverine I feel that it is my duty to give you this correction and place the record still with our class (20) if that is where it belongs.

Yours very truly,
Edward E. Carpp '20.

Mr. S. F. Gates of the class of 1903, of Ionia, and Mr. E. C. Fowler of the class of 1907, of Horton, were on the campus Wednesday attending the Guernsey sale.

Witter Bynner of New York, writer, publicist, entertainer, and one of the high lights in the literary world will appear on the Students' Lecture Course Wednesday evening, November 2.

The Ionia County Club, the student branch of the Ionia County M. A. C. Association have elected the following officers for the year: Judith Tumans '22, Ionia, president; C. E. Johnson '23, Belding, vice-president; Louise Kling '22, Palo, secretary and treasurer.

In connection with their summer school work the Forestry department carried on a study of second growth hardwoods in northeastern Michigan the past summer. The work includes a study of the composition, rate of growth and probable yield per acre of second growth timber on cut-over hardwood lands and will also attempt to show the best method of logging hardwood lands in order to obtain a good second growth forest without the necessity of planting. The forestry camp was held near East Jordan, and eighteen students attended. Although the weather was very warm the camp was a success in every way according to Prof. Chittenden. The students covered more territory than was covered the preceding year: section lines were re-run, forest maps made and timber estimating conducted on parts of sixteen sections.
Westerners Have High Regard for Reimer, '03.

Prof. F. C. Reimer '03, Director of the Oregon Agricultural Experiment Station at Talent and one of the foremost figures in horticultural investigations in the West is featured in the October Sunset Magazine in their section of "Interesting Westerners." Parts of the article which is by O. H. Barnhill and entitled "A Columbus in Scientific Fields" are printed here.

"The harder the job, the better, for F. C. Reimer. Paradoxically, he is never so happy as when he is up against an unhappy proposition. To him, the scientific end justifies the sacrificial means.

"The result of Reimer's arduous travels in the mountains of northern China was the discovery of *Pyrus ussuriensis*, a hardy, blight-proof pear of Manchuria and eastern Russia. Since its introduction at Talent this pear is being used by orchardists as a stock for top-working, being the only blight-proof kind known in the United States. More than five hundred varieties of pears have been tested at the Talent station at one time, Talent's collection being the largest in the world. A recent discovery by Reimer is the value of sulphur as a plant food. In southern, central and eastern Oregon sulphur is used by the train-load for feeding alfalfa fields, and the practice of sulphuring soils to increase the production of alfalfa and hay has extended to other states.

"Regarding the country through which he traveled during this difficult but successful search, Professor Reimer wrote from Peking: "'Have just returned from the mountains east of here. It was the hardest trip I have ever taken, about as uncomfortable as could be imagined, made entirely on donkeys, riding on a hard mat saddle. A native interpreter was taken along and not a white man seen on the entire journey. Each night I was completely worn out, yet compelled to sleep in a dirty,
vermin-infested Chinese inn. On account of the cholera epidemic it was necessary to boil all the water for cooking purposes and to sterilize everything else possible. The bread we took along became covered with a green mold which had to be pared off and the remainder of the loaf toasted before eaten. All the time we were in the midst of squalor, misery and disease. In one place I detected seventeen different smells. My interpreter was stricken with cholera but I gave him prompt treatment which prevented serious results. Some very valuable material was found, so the trip was highly satisfactory."

MARRIAGES

TARPINIAN-KASSABIAN

Inclosed in a large square envelope and addressed "To my classmate, the mighty 1917" came the announcement of the marriage of Arshalouse Kassabian to Manuel S. Tarpinian '17, on Friday, October 21, 1921. Their at-home cards read 1905 Fifth Avenue, Fort Worth, Texas, where Mr. Tarpinian is the city chemist.

MEETING OF THE STATE BOARD OF AGRICULTURE

President's Office
October 14, 1921.

Respectfully submitted,
(Signed) W. H. French.

On motion of Mr. Waterbury, the recommendation of Prof. French regarding the large increases in Agricultural Education as shown in the following letter, was adopted:

October 7, 1921.

R. S. Shaw, Acting President,
East Lansing, Michigan.

Dear Sir:—

At a meeting of the State Board of Agriculture held in June or July, I submitted a letter making certain recommendations for the Department of Agricultural Education. Conditions have changed since that time, hence I submit for your approval and for the approval of the State Board of Agriculture, the following:

The name of the Department to remain or to be changed back to the Department of Agricultural Education.

Titles:
Walter H. French, Professor of Agricultural Education.
E. Lynn Grover, Associate Professor of Agricultural Education.
B. A. Walpole, Assistant Professor of Agricultural Education.
Josephine Hart, Assistant Professor of Home Economics Education.
Emma Garrison, Assistant Professor of Home Economics and of Home Economics Education.
Dean Mary E. Sweeny, Supervisor of Home Economics Education.

This arrangement covers the Teacher Training Department and the Smith-Hughes Law for both agriculture and home economics and complies with the regulations of the Federal Board of Vocational Education.

Respectfully submitted,
(Signed) W. H. French.

On motion of Mr. Waterbury, Mr. S. T. Flynn was appointed half-time Graduate Assistant in Entomology to succeed Mr. Frank beginning October 1.

On motion of Mr. Doelle, Mr. G. L. Snow was appointed Associate Professor of Physics beginning January 1.

On motion of Mr. Doelle, Dr. G. H. Coons was given leave of absence for the month of January with pay to work with Dr. G. R. Lyman in charge of plant disease survey of the United States Department of Agriculture.

On motion of Mr. Woodman, the matter of the appointment of an Assistant County Agent Leader was laid up the table for another month.

On motion of Mr. Woodman, Mr. Brody was added to the standing committee on the Extension Division.

On motion of Mr. Waterbury, request was made that the President and each member of the Board, prepare in triplicate and submit to the committee on the Extension Division by November 1, suggestions in regard to county agent work.

On motion of Mr. Doelle, the salary of Mr. Cribbs was increased beginning November 1.

On motion of Mr. Doelle, the following fees for the Department of Music were adopted:

Private lessons up hand instruments without credit, $2.00 per term; instruction in violin $1.25 per term.

On motion of Mr. Doelle and subject to the approval of the Faculty, the recommendation of the committee of Deans that persons twenty-one years of age or over desiring to take work at the college without credit, be permitted to do so with the consent of the head of the department interested and the Dean of the Division, the fees in such case to be $1.00 per credit hour plus such laboratory fees as may be specified for the course, was approved.

On motion of Mr. Waterbury, the following delegates were authorized to attend the meetings of the Association of Land Grant Colleges at New Orleans, November 8 to 10 with expenses paid: President-elect, Friday, Directors, Dean Big sell, Dean Sweeny, Director Baldwin.

On motion of Mr. Woodman, the request of Mr. McKibbin for the appointment of a clerk was re-
On motion of Mr. Waterbury, a communication from Miss Savage, Dean of Women, was referred to the Board in regard to the release of the lands now used by the Constabulary.

On motion of Mr. Woodman, the matter of the publication of an alumni catalog was laid upon the table.

President Shaw who was authorized to confer with Prof. Burgess regarding the business affairs of his office, reported that he had done so and that Mr. Burgess had not complied with the regulations of the institution in regard to his funds.

On motion of Mr. Doelle, the previous action of the Board regarding the request of Mr. Burgess, was reconsidered and same was made effective October 22.

On motion of Mr. Doelle, the President was authorized to appoint a committee of three to confer with the Governor in regard to the release of the lands now used by the Constabulary.

The President appointed as such committee, Messrs. Waterbury and Doelle.

On motion of Mr. Doelle, $1500 was apportioned to the Office of the Dean of Applied Science for the balance of the fiscal year.

President Shaw, to whom was referred the matter of faculty houses upon the campus as reported as follows:

"I have conferred with Professors Barrows, Johnston and Vedder and have expressed to them the desire of the State Board of Agriculture that their residences on the campus be vacated by the end of the present college year, June 20, 1922 so that the buildings may be remodeled for institutional uses before the opening of the next college year.

"If myself, am planning to leave the campus as the site now occupied by my house will undoubtedly be required for the location of some large institutions to the detriment of the size of the university."

(Signed) R. S. Shaw.

On motion of Mr. Doelle, the report was approved.

On motion of Mr. Halladay, Commissioner of Agriculture, referred to the Board a letter from Mr. Dickinson, Manager of the State Fair, regarding the claim of the College for freight upon its exhibits.

On motion of Mr. Woodman, this matter was referred to Mr. Waterbury and Mr. Brody.

On motion of Mr. Waterbury, the following resolution was adopted:

"Resolved, That the College will gladly aid the State Department of Agriculture in the conduct of the summer and be extended into the fall for that purpose."

On motion of Mr. Woodman, adjourned.
E. G. Hamlin is with the Schroeder Mills and Timber Company at Pokesley, Ontario, Canada.

Roy E. Culver is machine shop foreman with the Nelson Motor Truck Company of Saginaw. He lives at 1022 Cass Street. Culver recently put his John Henry on the dotted line of an association membership.

H. V. Abel is now district manager of the American Fruit Growers' Exchange at Harrisburg, Pennsylvania.

Dick Sullivan, who works for the Novo Engine Company of Lansing, writes that he has been to a few of the county fairs lately and has come across an occasional M. A. C. man. Most of them say they haven't been back more than once or twice in the last ten years. Gave them a good hand shake and the old line of chatter about M. A. C. and they left feeling that perhaps the present day Michigan Aggies would be good people to get acquainted with, about Homecoming Day.

Ralph H. Sill is teaching at Gaines, Michigan.

K. H. Wrench is living at 277 Chestnut Street, Battle Creek, Mich.

Ployd Frye is now at 607 South Topeka Street, Eldorado, Kansas.

Lost, strayed or wandered from the Crutchfield and Wofolk Company of Pittsburgh Pennsylvania, one Joseph F. Ryan. Finder please drop us a line.

Harold E. Wright is now at 76 South Main Street, Ann Arbor.

H. A. Putnam, according to the Postoffice authorities, may now be addressed General Delivery, Battle Creek, but we have had a faint glimmering of news that he is now in the east somewhere.

Alice McCartney is teaching at Harbor Springs.

Krunk O. Stang is no longer in Flint. Can anyone give us any information of his present whereabouts.

"After Every Meal" WRIGLEY'S PKS

"They're Good"

TEN FOR FIVE CENTS

The Flavor Lasts!

S. W. MacKenzie asks us to please change his address from New York City to 149 Ferguson Street, Corona, Long Island, New York.

E. T. Tarbell has moved from Bark River to Whitney, Michigan.

C. H. South is now connected with the Farmers' Co-operative Grain and Produce Association and lives at 24 N. Kane Street, Blissfield, Mich.

Rice A. Beers is Assistant District Engineer for the State Road Department, with headquarters at 219 Pratt Building, Kalamazoo.
