College Association  
Publishers ■ East Lansing  
Vol. XXVII    Nov. 4, 1921    No. 6

# The M. A. C. RECORD

ESTABLISHED IN 1896

**M. A. C. Cannot Live on Her Past—What Will You Do for Her Future?**

Entered as second-class matter October 30, 1916, at the post office at East Lansing, Michigan, under the Act of March 3, 1879.

Published every Friday during the College Year by the Michigan Agricultural College Association.

E. W. Ranney '00, Greenville - - - - - Pres.  
H. C. Pratt '09, Lansing - - - - - Vice Pres.  
W. K. Prudden '78, Lansing - - - - - Treas.  
C. W. McKibbin, '11, East Lansing - - - Sec'y and Editor

Members of Executive Committee.  
Elected at Large:  
C. S. Langdon, '11, Hubbardston.  
A. C. Anderson, '06, Flint.  
Mrs. Helen Esselstyn Wood, '09, Lansing.

**MEMBERSHIP IN THE M. A. C. ASSOCIATION**  
which includes subscription to the Record, \$2.50 PER YEAR.

Make Remittances payable to the M. A. C. Association.

Unless members request a discontinuance it will be assumed that a renewal of membership is desired.

## M. A. C. ASSOCIATIONS.

### Central Michigan.

Pres.—Leslie H. Belknap '09, Highway Dept., Lansing.  
Sec'y—Merritt Reeves, '20, East Lansing.

### Detroit Club.

Pres.—G. V. Branch '12, 9184 Livernois Avenue.  
Sec.-Treas.—S. B. Lee '17, 8230 Lawton Avenue.

### Grand Rapids.

President—Roswell G. Carr '08, Association of Commerce Building.  
Sec'y-Treas.—Luie Ball '13, 100 Madison Ave. S. E.

### Flint Club.

President—H. L. Froelich, '18, 139 W. Dayton St.  
Secretary—Mrs. P. B. Pierce '05, 200 Josephine St.  
Treasurer—A. C. Anderson, '06, 1640 Euclid Ave.

### Owosso.

President—R. S. Linton, '16, 329 W. Oliver St.  
Secretary—H. E. Dennison, '11, 305 Miner Bldg.

### Jackson County.

Pres.—G. A. Sanford '11, 109 Third St., Jackson.  
Secretary—Harry E. Williamson '04, 108 Winthrop Ave., Jackson.

### Kalamazoo Club.

President—Jason Woodman, '81, Paw Paw.

### Saginaw Ass'n.

Pres.—O. H. Frederick '16, 551 S. Weadock Ave.  
Sec'y—Treas.—Daniel H. Ellis '07, 616 Owen St.

### Bay City Ass'n.

Pres.—A. C. MacKinnon, '95, 1214 Center Ave.  
Sec'y-Treas.—J. Harry Nelson, '10, 1302 Webster.

### South Haven.

Pres.—Lloyd A. Spencer '20, Kibbie.  
Sec'y—Virginia Flory '20, South Haven.

### Upper Peninsula Association.

Pres.—P. G. Lundin '20, 520 Oak St., Manistique, Mich.  
Secretary—Helen Pratt, '16, Sault Ste. Marie.

### Livingston County.

President—G. P. Burkhart, '10, Fowlerville.  
Secretary—F. S. Dunks, '05, Court House, Howell.

### Barry County

Sec'y—Leta Hyde Keller '09, Hastings.  
Treas.—Milton Townsend '20, Hastings.

### Berrien County.

President—Charles Richards, '16, Benton Harbor, R. R. Fair Plains.  
Secretary—Kittie Handy, Sodus.  
Treasurer—Willard Sanborn, w '13, Sodus.

### Calhoun County.

Pres.—Harold King '19, 47 Elizabeth St., Battle Creek.  
Sec'y—Nenna Dunlap '19, 58 Grant St., Battle Creek.  
Treas.—Don Stillson '11, 75 Central St., Battle Creek.

### Clinton County Ass'n

Pres.—H. V. Kittle '16, St. Johns.  
Sec'y-Treas.—Glenn Osgood '17, St. Johns.

### Ionia County.

Pres.—C. S. Langdon '11, Hubbardston, Mich.  
Sec'y-Treas.—H. J. Wheeler '13, Belding, Mich.

### Lenawee County.

Pres.—Oliver Cleveland '10, Adrian  
Sec'y-Treas.—Mrs. Maude Bennett Steger '11, Hudson.

### Northwest Michigan.

President—H. A. Danville, '83, Manistee.  
St. Joseph, County.

Pres.—Leslie R. Slote '09, Three Rivers, Mich.  
Sec'y—S. C. Hagenbuch '10, Elm Terrace Farm, Three Rivers, Mich.

### Washtenaw Club

Pres.—Harold A. Furlong '18, 300 N. Ingalls St., Ann Arbor.  
Sec'y-Treas.—Dr. Geo. A. Waterman '91, Meadowland Farm, Ann Arbor.

### Chicago.

President—Clem Ford, '05, 2 So. Catherine Ave., LaGrange, Ill.  
Sec.-Treas.—H. P. Henry, '15, 4916 Glenwood Ave., Chicago.

### New York City.

President—John J. Bush, '84, 616 W. 137th St., New York City, N. Y.  
Secretary—O. S. Shields, '16, 719 Hancock St., Brooklyn, N. Y.

### Northern Ohio.

President—L. L. Appleyard, '00, 14529 Lake Ave., Lakewood, Ohio.  
Secretary—H. G. Smith, '17, 625 National City Bldg., Cleveland.  
Treasurer—Helen Canfield, '05, 5808 Clinton Ave., Cleveland.

### Milwaukee, Wis.

Pres.—Wm. L. Davidson, '13, Scout Executive, 84 Mason St.  
Sec'y—Geo. B. Wells, '00, Schroeder Lumber Co.

### Western Pennsylvania Ass'n

Pres.—B. F. Bain '93, 1212 Western Ave. Pittsburg, Pa.  
Sec'y-Treas.—W. M. Hallock w'15, 436 Oliver Bldg., Pittsburg, Pa.

### Portland, Oregon, Association.

Pres.—Roy G. Scofield, w'07, 1061 E. 6th St. N.  
Sec.-Treas.—A. F. Douglass, w'08, 896 E. Yamhill

### Minneapolis Club.

Secretary—C. C. Cavanagh, '09, Hopkins, Minn.

### Washington, D. C.

Pres.—R. C. Potts '06, 3106 19th St. N. W.  
Sec.-Treas.—Mrs. H. S. Skeels, 210 Holly Ave., Takoma Park.

### Western New York.

Pres.—D. J. Crosby '93, Ithaca, 303 Cornell St.  
Secretary-Treasurer—D. A. Brice '13, Rochester, 301 Laburnum Crescent.

### Southern California.

Pres.—H. E. Truax '12, 129 N. Mariposa St., Los Angeles.  
Sec'y-Treas.—Eric E. Nies '08, 5215 DeLongpre Ave., Los Angeles.

### Northern California.

Vice-President—E. C. Bank, '84, 1972 Marin Ave., Berkeley, Calif.  
Secretary—G. H. Freear, '10, 120 Jessie St., San Francisco.

### Seattle.

Vice-President—Capt. Wm. D. Frazer, '09, 4730 17th N. E., Seattle.  
Sec'y-Treas.—Emma B. Barrett, '03, 4001 Whitman.

### New England.

Secretary—Glenn C. Sevey, '03, 57 Worthington St., Springfield, Mass.

## IF YOU WOULD HAVE REAL SERVICE---LET M. A. C. MEN SERVE YOU

**EDWARD N. PAGELSEN, '89**

VOL. XXVII. No. 6

EAST LANSING

NOVEMBER 4, 1921

THE COMMUNITY WELFARE FUND opens its drive in the Lansing and East Lansing communities Monday, November 7. Jacob Schepers is captain of the East Lansing team made up of Thomas Gunson, D. A. Seeley '98, E. V. Hartman, Dr. Giltner, Louise Clements '12, C. L. Brewer, B. A. Faunce, A. J. Nash and C. W. Chapman. The college community hopes to raise \$3000 of the total of \$92,000 which is being sought for the fund. The college Y. M. C. A. and Y. W. C. A. are affiliated with the fifteen charitable and welfare organizations for which the fund is being raised, the former to receive \$2000, the latter \$400.

THE EDITORS OF THE 1922 WOLVERINE have recently been selected by the Junior class. They are: Editor in chief, H. J. Root of Lansing; business manager, Park Teter of Chicago; advertising manager, G. M. Reams of Midland; art, L. J. Bullen, East Lansing; snap-shot, W. S. Wixom, Pontiac; class, E. J. Brown, Oshtemo; organization, W. H. Taylor, New Era; administration, C. M. Cook, Owosso; athletic, R. K. Edmonds, Ft. Wayne, Ind.; military, G. Irvine, Croswell; humor, J. G. Little, Rochester, N. Y.; feature, L. G. Heatley, North Branch.

MISS MILDRED KETCHAM '22, of Hastings was awarded the highest honor to be conferred by the M. A. C. student body Friday, that of corps sponsor for the M. A. C. unit of R. O. T. C. Other sponsors elected were: artillery sponsor, Miss Marian Lessiter '23, Clarkston; infantry sponsor, Miss Ruth Chamberlain '23, Grand Rapids; cavalry sponsor, Miss Mary Emily Ranney '23, Greenville. The corps sponsor is given the title of honorary colonel, and the other three are honorary lieutenant colonels. The R. O. T. C. innovated the sponsor system last year. It is the plan adopted by eastern and military schools, and lends a certain charm to military work that does not ordinarily exist. The sponsors take part in all the ceremonial and social events of the military department. They bestow all honors and take an active part in all activities. Numerous theater parties and dances are given throughout the year. Last year the traditional formal military ball was revived. The installation of the sponsors will be held about the middle of November.

FOUR FRATERNITIES holding property along Abbott Ave., at East Lansing, will co-operate with other residents in staging a celebration when the new Abbot Road pavement just completed is opened next week. A committee composed of Prof. A. R. Sawyer, representing the East Lansing citizens; H. L. Fleming, of the Delphic society; A. E. Hirt, of the Eunoian society; Mark Small, of the Olym-

pic society; and E. D. Mallison, of the Hesperian society, is in charge of the arrangements for the party. An orchestra will be secured for dancing on the new pavement and the well known "Schwartz Creek" band of the college will assist with the entertaining.

DR. ELMER LYNN WILLIAMS, the "fighting parson" from Chicago will speak at the People's Church Sunday evening. Dr. Williams has had seven years of experience as a Chautauqua lecturer and spent several years in the ministry at Chicago, during which time he was instrumental in cleaning up the protected vice districts on Chicago's north side.

ALL CLASSES were dismissed Friday morning from 9 to 10 and students gathered in the gymnasium for the first college convocation in recent years. The reason for this departure from the general custom was the address of Sherwood Eddy, world known traveler and nationally known lecturer, who spoke before the student body on "An Analysis of World Conditions."

CROWDED CONDITIONS at the East Lansing public school are expected to be relieved before another year by the construction of a new grade school building on Bailey St., near Grand River Ave. Residents of East Lansing voted on the proposed project at a special school meeting Thursday evening at the school house. Completed plans for the new structure, prepared by J. N. Churchill, Lansing architect, are now being shown. At Thursday's meeting a bond issue of \$56,000 was authorized, this amount providing not only for the construction of the building but for the site and equipment as well. The actual cost of the new structure will be about \$46,000. The present East Lansing school building accommodates both grades and the high school. This building is now crowded far beyond the capacity for which it was built, with the prospect of an even greater number of students before another year. It is stated that the new building can take care of more than half of the grade students by next fall and that ultimately all of the grades can be moved there without further additions or alterations. All of the new ideas in school construction are embodied in the proposed school house. The basement will include a modern heating plant, a small gymnasium and auditorium and class rooms. The first floor will be devoted to model school rooms and a kindergarten. The principal's office, together with a combination teachers' room and library and four school rooms will be located on the second floor.

DR. G. H. COONS, associate professor of botany was in New York City Oct. 28 attending the meeting of the Crop Protection Institute.

## VIEWS AND COMMENT

*We are in the business of training young men and women for leadership. A leader is a man who sees something to be done and then sets about doing it.*

—Walter H. French.  
Professor of Agricultural Education.

The old question of scholarship and athletics is one often discussed and upon which almost any group of college alumni can be depended upon to about equally divide themselves. Now comes a new thought on the much mooted subject, to wit: that present day varsity athletics have advanced to a point where there is no longer place for the slug-gard—a man must have brains to make and maintain his place on the teams.

This suggestion was recently inserted in the discussion at the University of Michigan and a part of the comment upon it, reprinted from the editorial columns of the *Michigan Alumnus* of October 13, is given here:

Suppose that a year ago someone had boldly asserted on the Campus, "Varsity athletes should be required to maintain better than the average grade in their studies." Possibly this innovator might have escaped hanging—possibly.

Now it is announced that Varsity men last year actually did maintain better than a C average. That makes it possible to announce also that the assertion quoted above has really been lurking in certain heads hereabouts for some time. They are a small minority, of course; but we give their views for the majority to look upon:

Our University is first of all a school. It aims to give the Commonwealth what can be contributed by healthy men of good education. If any man is really to represent it, he must be a good student as well as a sportsman. He must not be an amateur-professional athlete indifferently educated, who really represents an athletic association attached to the University. The student body will have two good reasons to be proud of him, to honor him, if he is both scholar and athlete. The past year proves that athletes can be both. So the higher requirement will make Michigan Varsity men truly representative of Michigan, and enhance her standing among universities.

Likewise, its effect will be to enhance the standard of athletics, make for better football and baseball. Little, if any, will be lost of brawn, and the brains that play will be better disciplined, keener. They will respond more quickly to coaching and display better

headwork in actual contest. It is a pretty safe bet, too, that improvement in football hereafter must come mainly from the side of strategy.

The high requirement will raise scholarship. The double honor of being a varsity man will act as a sharper spur to study, both among athletes and among those who hope to be athletes; and the rest of the student body will not let itself be beaten in the classroom by men who are athletes also. There will be a general quickening of scholastic work, some unnecessary "campus activities" will be dropped, and students will devise and practice better methods of study, acquire better habits of work.

Whether they are right or wrong—and we believe they are right—it appears that those who hold to the policy just defended have the best interests of our University at heart. It is too much to expect every athlete to be an outstanding scholar, but the intricacy of modern sport with its insistent demand for good "head-work" demands a man who is at least better than the average student. That seems to be fundamental.

As it plans for the completion of its Memorial Union Building campaign, increasing the amount from a little over half a million dollars, now raised, to a million, the alumni committee of the University of Wisconsin have adopted the slogan, "Build a Home for Wisconsin Spirit." In a recent issue of the Wisconsin Alumni Magazine Prof. E. H. Gardner paints a word picture of the Union Building and what it will mean to the University and to Wisconsin men and women. Believing Michigan Agricultural College alumni will also appreciate the picture in its resemblance to their own project, a part of Prof. Edwards' story is given here:

What will it mean to have the Memorial Union a reality? Ask yourself the question—you who have not really been approached on the matter—yes, ask it of yourself, loyal alumnus who have already given your pledge and your work to the cause. Build the vision, stone on stone, until it stands in our imagination as fair, as compelling as now it stands in the minds of a few.

The great tide of University life centered and unified, not shattered and fractured into a thousand lack-lustre fragments; the life of University men finding itself, growing strong, attaining new dignity performing its

Beal Laboratory from the Forks of the Walk at the Library Corner.

essential function of education for all the men who are touched by its influence.

A noble and dignified background for the golden memories of college days; harmonious architecture, fine proportions, beautiful decorations, mingling with the recollections of glorious comradeship.

A meeting place for the old grads; your home at Homecoming and Commencement; your place of gathering for business meetings and reunions; your club house to live in comfortably on visits to Madison; the lure to draw you back to greet the friends who mean all the world to you. It will mean to you Wisconsin; its image will rise in your thoughts first when you think of Alma Mater.

Over it all, the inspiring and hallowing

memory of Wisconsin's soldier sons and of those among them who gave the final proof, even unto death, of the loyalty to an ideal which is the Spirit of Wisconsin.

Such a building is more than stone and mortar; it is the center and inspiration of all we count most dear under the name of Wisconsin. And the new watchword of the campaign is

*"Build a Home for Wisconsin Spirit!"*

DR. E. A. BESSEY has begun the construction of a new home in Chesterfield Hills, preparatory to his vacating his present residence for President-elect Friday. What is to be the new President's house has been the home of the professor of botany since its erection.

### Broughton '15 Made State Dairy Director.

The new state department of agriculture made known last week their selection of Turner H. Broughton '15 as director of dairying for Michigan. Broughton is the fourth M. A. C. man to receive a directorship of one of the divisions of the new state department—H. W. Norton Jr. '03 being director of the bureau of animal industry, William C. Geagly '12 director of chemistry, and Fred Woodworth '08, before his resignation to become internal revenue collector, having been director of the bureau of foods and markets.

Broughton comes to Michigan from Purdue University where he has had charge of the creamery license division of the agricultural experiment station of Indiana.

He gained his reputation as an efficient milk and food inspector while with the department of health of the city of Jackson. He was born on a dairy farm near Birmingham, Mich., graduating from the high school at that place in 1910. In college he was a member of the Dorian society.

With the appointment of Broughton as director of dairying of the department of agriculture, it is the plan to carry on throughout the state a practical and educational campaign for better and more extensive results in the dairying business in Michigan.

One of the most important things to be emphasized by this new bureau of state service will be the handling and keeping of milk and milk products. Sanitation and proper cooling at all times with use of ice and refrigeration when necessary, as means of obtaining better milk, cream, butter and ice cream, and with the result of better prices for these products in Michigan, are some of the things to be advanced.

### M. A. C. at State Pedagogues' Meet.

At the sixty-eighth annual meeting of the Michigan State Teachers' Association-Institute, held in Detroit October 27 and 28, the College was well represented. Not only did members of the college staff have an important place in the programs of the various sections but there was a liberal sprinkling of alumni names throughout the program.

Those of the staff who attended were Prof. French, Prof. Grover and Mr. Walpole of the education department, Acting President Shaw, Dean Sweeny and Miss Goodrich of the home economics department, Miss Campbell and Miss Smith of Extension, and C. J. Card of the Federal Vocation and Rehabilitation work.

An interesting feature of the institute was the M. A. C. banquet held at the Cadillac Hotel, at which Dean Shaw and Prof. French gave very good talks. G. V. Branch '12, market director of Detroit, and president of the Detroit Club acted as toastmaster at the banquet. A total of one hundred and eighty alumni were present.

Other M. A. C. people who spoke at the meetings were Perry G. Holden '89 of the Extension Department of the International Harvester Company; B. J. Ford '20, formerly of the Rehabilitation Department but now of the State Department; Robert Maltby '04, Regional Director of Vocational Education in the southern states and of Washington, D. C. addressed the assembly on "Supervised Practice Work in Vocational Agriculture." Following this, discussions were given in the form of ten minute talks by H. E. Hewitt '13, of Three Rivers, "Developing Judging Teams"; F. C. Gilbert '14, Crosswell, "Ups and Downs of Project Achievements"; M. C. Townsend '18, "Some of My Problems in Summer Supervision"; Robert Linton '16, Owosso, "The Best Projects for Ninth Grade Achievements." Harry Taft '12 of Allegan, was chairman and Clarence Hiller '20 of Monroe was secretary of the Agricultural Section.

Prof. A. C. Whitney of the Education Department of the University of Michigan was elected as the president of the association for the ensuing year. It was decided, however, not to meet as a whole again but to divide the institute into six sections to meet at different places.

### Electricals Called to Revise Code.

When it comes to doing things electrically it appears from the following that M. A. C. men are summoned to the "front and center." At a meeting of the engineers of the Millers Mutual Fire Insurance Companies held in the Bureau office at 230 East Ohio St., Chicago from October 24 to 27 for the purpose of revising the electrical code used by the above organization, there were eleven men present, eight of whom were M. A. C. men.

F. F. Burroughs '09 presided as chairman with the following at the table: L. P. Dendel '14, Gleason Allan '13, R. W. Noddins '20, R. M. Maitland '21, R. A. Shenefield '20, E. C. Hach '20, Ray Kinney '21

DEAN KEDZIE talked at the general assembly of the Federal Aid School Tuesday at 9:00 A. M., on the early history of the college and of the relation of science to agriculture. Next Tuesday, Nov. 8, Prof. French will talk at the assembly at 10:00 A. M.

THE SHORT COURSE ENROLLMENT for the sixteen weeks' two year course in agriculture is smaller than in several years, but 71 registering the opening day. Unfavorable conditions on the farms are thought to be the cause of the small registration. A. M. Berridge '12, is again back in his office and busily engaged in getting the short course men properly started toward a successful year. Many things are being planned for their benefit, including moving pictures every Wednesday night, athletic teams and musical organizations.

## The Give and The Take of the R. O. T. C.

By Major P. G. Wrightson, Commandant

This very clearly presented statement of the Reserve Officers Training Corps work at M. A. C. has been prepared in letter form and is being sent out to students' parents to inform and interest them in their sons' military courses. So clear is its statement of what the student gives and what he receives under the present R. O. T. C. plan, and so apparently new is Commandant Wrightson's idea of the informative letter to parents, that the *Infantry Journal* which printed parts of the plan in a recent issue comments:

"Maj. P. G. Wrightson, who is on duty as P. M. S. and T. at Michigan Agricultural College at East Lansing, has adopted a novel plan, designed to keep up the strength of the junior and senior classes at this school. He has addressed a well-worded appeal to the parents of each student who is eligible for the course. It will be interesting to note the results obtained. It is certainly well worth the effort, and has great possibilities."—Ed.

During the past two years the three officers who are detailed at this institution to teach your son the rudiments of military science have been endeavoring to interest him sufficiently in the work of preparedness to the end that he will sign the Federal contract to take two years more during his junior and senior years in college. We need not reiterate the most striking arguments in favor of further training—that in case of war he will be inevitably drawn into it—that the better his training, the more efficient the army, the shorter the war, and the better his chance of returning to you.

We, who have seen long service under every clime and under every condition from the poisoned spears of the savage Moro to the poison gas of the German, do not want war. Far from it. But we do believe that the best preventive of war lies in clean living, high ideals of fair play toward all nations big and little and then a well-trained America, officered and led by college graduates who should be the leaders in war as well as in the pursuits of peace.

Your son is eligible for the high honor of election to the advanced course of training. In order that you may see clearly that it is not entirely sacrifice which we ask of you, we arrange the give and take of the work.

Major Wrightson

### THE GIVE SIDE.

#### To the College:

1. Five hours per week in the class room or drill.
2. Two or three hours per week in preparation study the same as for other classes.

#### To His Country:

1. One summer camp of six weeks' duration, beginning at the close of his junior year and closing the end of July in time for him to get back on the farm or factory for August and September work.

### THE RECEIVE SIDE.

#### From the College:

1. A total of 18 credits and possible 54 points toward graduation.

#### From His Country:

1. A cash bonus or subsidy of 40 cents per day, payable quarterly, or a total of about \$240.
2. A cash payment of \$1 per day while in camp in addition to 1.
3. Board while in camp, worth about \$20 more.
4. Railroad fare to and from camp and berth free. Also the cost of meals en route up to \$3 a day.
5. Free uniforms during the two years without any deposit, worth a saving on clothing of about \$75 more.
6. The opportunity to accept a commission in the Reserve Corps on his graduation day.

#### For Himself:

1. A great gain in leadership, the most valuable and important phase of modern life
2. A general education gain in the true knowledge of his country's history, not obtainable elsewhere.

A number of excuses are offered as to why some do not sign, the chief one being "needed on the farm." If that is true in your case, will you not be willing to make a sacrifice for one summer and urge him to sign? You remember when German submarines were sinking our merchant ships and drowning men, women and children? Had we then had, as we did in 1918, four million armed and trained men, do you think our protests would have gone unheeded? And is it not better to spare your lad for six weeks next summer than permanently?

We ask and urge upon you the importance of having your son sign the contract when he returns to school and take elective work during his final two years.

A trained fire department is good insurance, and the members do not start fires in order to increase their pay.

A police force is essential if you are to rest in security day or night. Yet the police do not train thieves to secure promotion.

Ministers would be out of work if there were neither sin nor sinners. Yet they would bitterly resent a charge that they secretly encourage sin in order to gain new parishes, better churches or high salaries.

Yet all these things are imputed falsely, to the Army and Navy. We no not care for promotion, salary or position. We know that our country is in danger and we know that where greed and selfishness strike, only armed, trained forces can resist.

Won't you help?

### American Fellowships in French Universities.

The Society for American Field Service Fellowships for French Universities will offer for open competition among graduates of American colleges and other suitably qualified candidates a number of fellowships, not to exceed twenty-five, for the purpose of encouraging advanced study and research in French Universities during 1922-23. These will begin in July, 1922.

In order to provide an enduring memorial for the one hundred and twenty-seven Field Service men who gave their lives to the cause, and in order to perpetuate among future generations of French and American youth and the mutual understanding and fraternity of spirit which marked their relations during the war, an organization has been established, known as the American Field Service Fellowships for French Universities, formerly the Society for American Fellowships in French Universities.

The fellowships, of the annual value of \$200 and 10,000 francs, are granted for one year and are renewable for a second year. They may be awarded in the fields of study of agriculture, astronomy, biology, botany, chemistry, economics, education, engineering, English language and literature, geology and a large number of other subjects.

Information of the qualifications of applicants and documents required may be obtained from the Secretary, Dr. I. L. Kandel, 522 Fifth Ave., N. Y.

### What the Community Reads.

A great diversity of subjects is covered in the new books in the College Library. Among the 150 new books secured for the library since the first of July are works on economics, psychology, industry, and many of the sciences, with some of the best new fiction.

Among the best of these books are the following: Philosophy and Fun of Algebra by Mary Everest Boole, The Cemetery Hand Book, My Memoirs—Alfred Peter Friedrich von Tirtitz, The Examination of Water and Water Supplies—John C. Thresh, Investigating an Industry—William Kent, Fortitude—Hugh Walpole, The Little Book of Verse—Jesse Rittenhouse, The Turn Over of Factory

Labor—Sumner H. Schlicte, Organization for Work—H. L. Gantt, Common Sense and Labor—Samuel Crowther, The Problem of Vocational Education—David S. Snedden, Business Economics—Ernest L. Bogart, Insect Pests and Fungus Diseases of Fruit and Hops—P. J. Fryer, Water Plants—Agnes Arber, A Short History of Science—W. J. Sedgwick & H. W. Tyler, Basic Quantity Food Tables—John A. Ringsbury, Main Street—Sinclair Lewis, Household Arts for Home and School—Anna M. Cooley & W. H. Spohr, Chief Contemporary Dramatists—Thomas H. Dickenson, The Theory of the Leisure Class—Thornstein Veblen, and Loose Leaf Dictionary of Medicine (7 volumes)—Thom. Nelson.

## ALUMNI CLUBS

### *Detroit's Banquet with State Teachers*

The annual banquet of alumni held in connection with the meeting of the Michigan State Teachers' Association in Detroit drew forth about 180 graduates and former students Thursday night, October 27. The dinner was held in the Cadillac Hotel which was M. A. C. headquarters during the Teachers' Association convention.

The Detroit Club gathered with the M. A. C. teachers assembled from all over Michigan, the affair offering an occasion of renewing many old friendships between Detroiters and graduates from around the state.

President Friday was expected to be at the meeting but he wired Professor French Thursday morning that his affairs in the East would not permit his being in Detroit to greet alumni.

President Verne Branch '12, leader of the Detroit Club officiated as toastmaster and sprung some rather original school room questions for the particular benefit of the assembled teachers. Professor French who has been the chief promoter of the alumni gatherings at the State Teachers' meetings each year, but who rarely finds a place for himself on the program, was called upon for a talk much to the delight of his many admirers among the alumni group. His remarks on citizenship and leadership were as usual decidedly pointed and very inspiring.

Acting President Shaw gave a splendid picture of the college as it finds itself today, a picture that would instill in alumni confidence in the accomplishment of great things by the M. A. C. of the next few years. Dean Shaw likened his present position of acting president to the "bus driver" who was transferring the college from the old administration to the new and expressed his pride in the position by saying that he would rather be the "transfer man" to the new era in M. A. C. history than to be the governor of the state of Michigan.

During the meeting an orchestra played a

number of selections from "Campus Days", last year's Union musical revue. An informal dance followed the banquet.

### Grand Rapids Annual Meeting Nov. 7

The Grand Rapids M. A. C. Alumni Association is the first local alumni club to hold its annual meeting this fall. The gathering is announced for the night of November 7, next Monday.

The annual meeting will take the form of a dinner and evening entertainment at the Park Congregational Church beginning at 6:30. Prof. Gunson and Mrs. Campbell head of the home economics extension work, and the Alumni Secretary will be representatives from the college at the meeting.

President Carr says that interest in M. A. C. has received a considerable stimulation this fall in Grand Rapids and a large turn out of alumni and former students is expected.

### Detroiters Watching Prep Schools

Max (Slat) Somers '17F, was very seriously injured while hunting last Sunday, but is slowly recovering. Surgeons took several x-rays of Slat this week. He is so thin, it just occurred to us that the surgeon must use an awful sensitive plate to get anything to register.

"Dutch" Keydel is moving into his new home on Kitchener this week. Stepping right along, that boy is.

We have a pretty good scouting organization working now. Herb Straight is refereeing the games that Freddy Jack's Hamtramck High School lads play and says he's picked a good one for Mich. Aggies next year. J. Roland Quinn has a promising boy from Cass Tech and Red ought to find some good ones among the Colts. They trimmed Howard Beatty's valley lads in fine shape last week. Others who are scouting games are Dutch Keydel and Shrimp Webb, Eastern; Bert Egerton and Hock, Northern; Ray Covey, Central; Red Kenyon, Northwestern; Mills, Western; "Dad" Gunnison, Highland Park; Eli Middlemiss, Southeastern; Al Barron, Highland Park.

During the last week Stub Clark sent a letter to the coach of each high school team in the city announcing that the team winning the city championship would be invited to the annual banquet tendered the M. A. C. varsity by the Detroit Club. It was also announced that the Detroit Club would present the city champs with a silver cup, which will become the permanent possession of the team winning it three times in succession.

A. W. Atkins is now located in the Dynamic Village. His business card reads "Haughton Elevator & Machine Co." 324 Larned St. W.

Karl Hopphan is one of the artists with the orchestra of the Shubert-Detroit.

## THE MAIL BAG

### That Coming '12 Reunion

"I am still landscaping with Holm and Olson. Tell the folks that they should drop in and see me when they are in St. Paul. Holm and Olson have one of the largest florist establishments in the country and the landscape department is one of the branches of their business. The place is easy to find, just two doors east of the St. Paul hotel. I'd certainly enjoy seeing any of my old friends from M. A. C. Ed Smith '12 dropped in yesterday on his way from Wenatchee to Chicago. Saw Ray Turner during the Dairy Show week. Charlie Tubergen I see often and Paul Calrow occasionally, he's married, Charlie and I are not!" *Now this is what we want you to notice in particular. Has the '12 class had a reunion? This coming year will be the tenth anniversary of our graduation. Can't we have a big rousing reunion next June? I'd surely like to see the old crowd, Dad Barrows, Ralph Kirby, Stub Geagley, and all the rest.*

—A. D. Badour '12.

### White Pops Tribute to Teachers of '92

Editor, the Record:

"Someone is imitating us"—As I think of these words and note the passing of Dr. Grange and Prof. Weil and of Drs. Kedzie and Cook, and Secretary Burroughs, I am reminded that "man's days are as grass, etc.", and that how important it is as the new school year opens the incoming students, as well as the higher classmen, keep the above words in mind.

I think it was Prof. Cook who at Y. M. C. A. meeting used to dwell so much on Christian character, and emphasize the need of conducting oneself at all times so that others could imitate us to advantage as they passed along life's highway. Having lived four years on the campus grounds, I am familiar with student life, and during the thirty years of struggle in the workaday life outside I can say that the outstanding influences for greater efforts, noble deeds, and accomplishments worth while during my life in college and since, have been the teachings and character of the faculty members mentioned above as well as the class room and text book work of the curriculum proper. All of these men were leaders in college thought, were of high Christian character, and possessed such scholarly attainments as to influence hundreds of students and graduates to do the best that was in them, and in this way leave the world better for their having been in it. And after all, the purpose and object of the college training are only to fit us for life's best work and as we measure up to the standards such as these men bore, will we be successful in the

years to come. And with the opening of the new year, let the student body remember while they are here to prepare for life's work that in addition to benefits they receive, that Christian influence will be the measure of their success—and that right living, thinking, and doing are paramount to other considerations in college life. As the years pass, for many reasons, as in my class, many members will drop out, others will fall by the wayside, but

to those who struggle manfully onward and by good honest work and clean living finally graduate, the rewards will more than justify the effort and expense and success will follow as night the day. But in all this, let us not forget that the imitation of leaders when they be such men as mentioned above, is the greatest influence while students. And to follow their teachings is the greatest benefit of college life.  
—H. Arnold White '92.

## ATHLETICS

### *State Intercollegiate Cross Country Saturday*

At the crack of the pistol, twenty Aggie cross country men started the five mile run in the All-College meet on the college course Saturday. This was the first meet in the season in which varsity men competed and as was expected, they out-distanced the men of less experience. The time of the run was 26 minutes and 46 seconds.

The purpose of the run Saturday was to aid Coach Rowe in choosing the men who will make up the teams that will compete in the All-State run next Saturday. Thurston, Adolph and Huston beasted the tape at the same time and were awarded the first three places, Brendel fourth place, and Klasse fifth place. Coach Rowe will announce the personnel of the teams soon.

These men will meet some stiff competition next Saturday in the All-State run as Chute, one of the men on Coach Farrel's U. of M. team placed second in the Illinois, Ohio, Michigan cross country run at Ubrana last Saturday. In view of the exceptionally good time made here, the Aggie harriers should give a good account of themselves in the run here Homecoming day.

M. A. C. is entering three teams in the annual State Intercollegiate Cross Country run, to be held at East Lansing this Saturday. A first and second varsity, and an All-Fresh squad will take part.

### *Marquette Wins Soggy Fight 7-0*

M. A. C. was forced to accept a 7 to 0 defeat at the hands of the fast Marquette University team last Saturday. The game will go down on the records as being one of the hardest contested games ever played. The field covered with inches of mud and water, made the game featured with many fumbles and short punts. The battle was even for the first three periods, both teams resorting to punts many times and with more than the usual quota of fumbles.

It was in the fourth quarter when the Marquette squad made their pointer, which as the

only one in the game proved to be the undoing of the Green and White. When the period started the ball was on Marquette's twenty-yard line in M. A. C.'s possession. The Farmers tried a number of line bucks but were unable to gain any ground. Then a fumble gave the ball to the Wisconsin team who proceeded to punt to the middle of the field. On the next play Johnson punted but the ball went into the line and he was forced to repeat the punt.

Here it was that Marquette started a line bucking program that gained yard after yard for the Marquette gridders and finally put the ball on the Farmers' one-yard line. On the next play Kuchenberg put the ball over the white line for the only touchdown of the game. The quarter was more than half gone when the counter came and although the Farmers went back with the same old fight the time was too short and the game ended in a victory for the Wisconsin lads.

The field was reported to be the worst field that the Aggies have ever played on and the game had to be stopped several times while the mud and water was wiped from the water soaked pigskin. The game however, evens the score between the two institutions as the Marquette eleven was forced to defeat by M. A. C. in an equally hard fought game several years ago.

### *Basketball Squad Prepares for Early Season Games*

The Varsity basketball squad started training last week under Captain Heasley. With four of last year's first string men back and a wealth of new material eligible for Varsity competition, there is sure to be a strong team representing M. A. C. in inter-collegiate basketball this year. Al Garrett who was a valuable and dependable player a few years back, is working with the squad and helping to get them in shape. Until the football season is over, the basketball squad will practice three times a week, from then on every night.

The first game the Varsity will play will be a pre-season game with the University of Wisconsin at Madison on December 10. There are also games scheduled with Carnegie Tech.

and Colgate here between Christmas and New Year's. With the excellent material that is available and some intensive training, Coach Frimodig should have no trouble in turning out a team that will win these games as well as those on the regular schedule.

The our first string men back are; Heasley, Foster, Fessenden and Matson. There is a possibility that Gilkey also may be back. The other men out are: Wilcox, Pacynski, Gustafson, Voorheis and Brown. From last year's All-Fresh team come the following men: H. K. Archbold, C. M. Archbold, Ralston, Hughess and Kidman. Coach Frimodig has a squad of about 18 men at present, and he is not going to make any cuts before the holidays.

The first few weeks of practice work will consist of limbering up the muscles, passing the ball, shooting baskets, and other routine work. Then they will be in condition to take the intensive training every night as soon as the football season is over. Realizing the lack of knowledge of the fundamentals of the game has lost many basketball games in the past, Coach Frimodig and Captain Heasley have determined that when the Big Green team trots onto the floor at Wisconsin on December 10, it will be a team that knows the game, and that each man can be depended on to do the right thing at the right time.

**First High School Cross Country Nov. 11**

An Interscholastic Cross Country Run on Nov. 11 is an innovation in Michigan athletic circles announced recently by Director C. L. Brewer. The race, which will be held at M. A. C., is to be the first event of its kind ever held in Michigan.

The high school boys will be asked to run over a course which is only half as long as the regular collegiate course. Only a few teams have entered as yet, but several more are expected before the 11th. The run is to be an annual event, and greater interest will undoubtedly result in the future. Floyd Rowe, varsity cross country coach, will be in direct charge of the race.

**All Fresh Continue Better**

In their first game at home, the Aggie All-Fresh measured up to all expectations of the student body, by defeating Assumption College eleven, 42-0, the largest score ever piled up against the Canadian team. In all departments of the game they showed superiority over the team from across the boundary, showing an adeptness in forward passing, end runs and line plunging that both amazed and elated the spectators, who cannot help but think that M. A. C. will have a succession of big years from now on. Coach Killoran had his men in such shape, that both their offensive and defensive game worked so smoothly, that is was a credit to themselves and to the man

who coached them. During no part of the game was the Fresh goal line in danger.

Score by quarters:

Aggie Fresh .....	14	14	7	7
Assumption .....	0	0	0	0

The All-Fresh lineup: Kipke, left end; Hultman, left tackle; Schroff, left guard; Eckerman, center; Thayer, right guard; Eckert, right tackle; Sullivan, right end; Richards, quarter; Beckley, left half; Goode, right half; Neller, full back.

**"Larry" Kurtz, '20, to Coach Basketball**

Larry D. Kurtz, varsity basketball star during the seasons of 1918, '19 and '20 and captain of the team in 1919, has just been appointed All-Fresh basketball coach for the coming season. Kurtz will also serve part time as instructor in gymnasium work.

Larry is one of the most popular athletes of those graduated in recent years, and his all-around ability and leadership will undoubtedly qualify him as an unusually effective coach. During his playing days, Kurtz was regarded by many as the best basketball guard in the state.

THE MICHIGAN STATE HORTICULTURAL SOCIETY will hold its annual convention in Grand Rapids on December 6, 7, and 8.

MISS EDITH LANGENBACHER w'10, entertained the Lansing Sororian Alumnae at her home on Franklin Ave., Lansing, on October 26. It was the regular October meeting and a business meeting was held. Plans were discussed for the twentieth anniversary which it is hoped will be celebrated by a reunion at the College in January or February.

PEOPLE'S CHURCH is welcoming friends, both old and new this week, as the short course students enter for the sixteen weeks' term. The student register at the general office shows that twenty-nine towns are represented and that a goodly number are returning for their second year's work. All are comfortably domiciled, and a nice list of rooms is remaining for those who come later for the special courses.

A GROUP of students and faculty is being organized for the purpose of studying the disarmament question and the first meeting will be held Sunday morning at 9 o'clock at People's Church. Dr. Ward E. Giltner of the Bacteriology Department has consented to lead the group in the study of this question. Many colleges and universities are taking the subject up in this way. The thoughts of college men and women are being crystalized and it is planned to bring about a clearer expression on disarmament at a series of regional conferences which are to head up in a convocation of American students at Chicago on November 13 and 14.

## MARRIAGES

### CORYELL-OTIS

Sherman Coryell '20 and Marie Otis '20 were married July 8, 1921. Mr. and Mrs. Coryell are living at the Lindsey Apartments, Alpena, Michigan where "Sherm" is coaching athletics, teaching chemistry and general science in the high school.

### AMOS-PELLETIER

Edward G. Amos '15 and Gladys Marie Pelletier were married Saturday, October 22, at Menominee. Mr. Amos is Assistant Secretary of the State Farm Bureau at Escanaba where they will make their home.

### HINT-REED

E. B. Hint '18 and Miss Loraine Reed, an '18 graduate in domestic science and art at Mechanics Institute, Rochester, New York, were married October 6, 1921. They will live in East Lansing where Mr. Hint is connected with the Dairy Department of the College.

## NECROLOGY

### HORACE BURTON EATON W'69

Word has been received from Roy Cadmus '17 of the sudden death on October 24, 1921, of Horace B. Eaton w'69 of Tecumseh, Michigan. Mr. Eaton entered M. A. C. from Tecumseh in 1865. He remained here a year and then took up farming on the old Eaton homestead. In 1882 he purchased the adjoining farm where he lived until the time of his death. He was taken very suddenly ill with apoplexy on Sunday morning and died the next day, never regaining consciousness.

## CLASS NOTES

<sup>'81</sup>  
A. H. Voight of the California Furniture Company of Los Angeles has recently sent to Michigan papers a copy of an open letter sent from an Orange county farmer of Tustin, California to the President of the American Federation of Labor, asking why the farmers who form one of the biggest classes of labor should not have the cooperation of the federation.

<sup>'85</sup>  
H. T. French, formerly of Portland, is now at 28 Park Terrace, Corvallis, Oregon.

<sup>'86</sup>  
"Plans have been completed for the construction of the first building of the new Rose Polytechnic institute located east of Terre Haute, Indiana, to be ready for occupancy by June 1 of next year at an estimated cost of \$228,000. It is an acknowledged fact that Rose Polytechnic engineers rank among the country's finest, and their efficiency will be proclaimed to the world when they assume the major part of the erection of the new building and establishment of the new college in full operation. At the head of these engineers and the man who will continue to have full charge of the construction of the new college will be Dr. Philip B. Woodworth, the new president of Rose. A new col-

lege at the present time has been made possible only by the zealous and untiring interest of the new president and the excellent cooperation extended to him by the board of directors, faculty and students of the institute."—Terre Haute Tribune of October 9.

William R. Rummel continues as a patent lawyer of the firm of Rummel and Rummel, 1212 Tribune Building, Chicago, Illinois.

<sup>'92</sup>  
Dorr N. Stowell of Woodland expects to be back for Homecoming and hopes to see some of his classmates.

<sup>'00</sup>  
Alice M. Cimner is teaching in the High School at Battle Creek and lives at 112 North Avenue.

<sup>'01</sup>  
Harry J. Eustace, west coast manager for the Curtis Publishing Company with offices in San Francisco paid campus friends a flying visit a week ago, while enroute from San Francisco to Philadelphia.

<sup>'02</sup>  
F. G. and Mrs. (Chole Goodrich) Carpenter have moved from Chicago and are at present living at 616 W. Kalamazoo Street, Lansing.

<sup>'04</sup>  
A. C. Dodge recently attended the National Dairy Show at Minneapolis.

<sup>'06</sup>  
M. J. Dorsey has left the University of Minnesota and gone to the University of West Virginia as head of the horticulture department there.

Alida Alexander is teaching biology at the Illinois Women's College and lives at 835 W. College Avenue, Jacksonville, Illinois.

Ray Potts of Washington, D. C., attended the National Dairy Show at Minneapolis.

<sup>'07</sup>  
The stock judging team going to the International Livestock Show from the Boys' Club comes to the campus Friday to be coached by R. S. Hudson and Prof. George Brown. All three of the boys are from Calhoun county.

<sup>'08</sup>  
Ward H. Parker is connected with the Wolverine Petroleum Company and may be addressed at 407 Dryden Building. Parker recently joined the "family."

<sup>'09</sup>  
Ray Turner attended the National Dairy Show at Minneapolis and brought us back lots of news. He reports that Jimmy Dice is in the dairy department at the North Dakota Agricultural College and that he trained the team that won first place in the club live stock judging contest.

<sup>'10</sup>  
Oren L. Snow, who was with the Physics department from 1910 to 1918 will return to the staff the first of January, 1922. Sow has been consulting engineer and director of the educational department for the United Engine Company of Lansing since his departure from the college in 1918.

Winifred Spratt, teacher of Smith-Hughes Agriculture in the High School at Aurora, Nebraska, sent in a very interesting report of his school. Their motto is "We put life in our work." By way of exercise they have built a fence around the athletic field, have put on a contest of selecting the best seed potatoes from the best hills and have made maps of Nebraska showing Smith-Hughes Schools.

<sup>'11</sup>  
H. E. Dennison from the college attended the National Dairy Show at Minneapolis. Charlie Tubergen was also there watching the calves. He is connected with the General Sales Agency with offices at 310 Triangle Building, Minneapolis.

<sup>'12</sup>  
Harry Bates was seen at the National Dairy Show at Minneapolis.

<sup>'13</sup>  
R. H. Vosper is with the Michigan Auto Insurance Company with headquarters at 221 Houseman Building Grand Rapids.

Paul Calrow who is in charge of agricultural education for the state of Minnesota attended the National Dairy Show and met a number of his M. A. C. friends.

<sup>14</sup>  
Roy Hamilton gets his Record in care of the E. C. Fisher & Company at Battle Creek, Mich. "Gink" and Marjorie Eckliff (15) Barman have moved to 214 Warren Avenue, Grand Rapids, Michigan, where the former is engaged with Douglas Coulter in his portrait studio.

Harold S. Bird is living at 46 Shepard Street, Cambridge, Mass., and attending Harvard University. He says that "I thought I was through school but here I am studying economics under such men as Taussig, Jay, Day, Carver and Usher."

<sup>15</sup>  
J. R. White is county agent for Hall County, Nebraska, with headquarters at Grand Island. White trained the team that won second place in the club live stock judging contest at the National Dairy Show.

Florence Moore has moved to 242 Woodland Avenue, Detroit.

H. J. Field, formerly of Birmingham, has moved to Clio, Michigan.

F. Marguerite Ericksen is in the Home Economics Extension Service at State College, Pennsylvania. Mail addressed to R. F. Giffels at 1754 Delaware Avenue has been returned. Can anyone give us his latest address?

<sup>16</sup>  
Carl B. Waters is teaching in the High School at Hicksville, Ohio. He says that he has some good material for M. A. C. that can be lined up there. He lives at 827 E. High Street.

M. B. Eichelberger is with the Baltimore Copper Melting and Rolling Company of Baltimore, Maryland.

Floyd Bunt asks us to forward his Record to 1015 Hannah Avenue, Forest Park, Illinois.

Mrs. A. W. Farley (Margaret J. Haddon) has joined our midst and wants the Record sent to 1908 Center Avenue, Bay City.

Ray Nelson, research assistant in botany on the Experiment Station staff, was in Kalamazoo last week selecting disease-resistant celery plants from the experimental field there. These plants will be brought to the college greenhouse. An attempt will be made to bring them to seed production this winter so that disease-resistant stock will be available to growers.

<sup>17</sup>  
E. F. Kunze may be reached at East Tawas, Michigan.

Mrs. Bernice Horton Fowler wants us to address her at Royal Oak, Michigan, R. D. 7, Box 86.

37 East Main Street, Williamson, New York will suit David E. Blair as a perfectly good address.

George H. Gillespie has a graduate fellowship in the department of Economics Science at Ames, Iowa and lives at 201 Stanton Avenue.

The postman on Rural Route 5 of Grand Rapids is the man who brings the mail to "Rusty" and Dorothy Lillie Crozier, now.

<sup>18</sup>  
H. Curtis Howard is at 211 Harvard Place, Ontario, California.

Ruth Cargo is "back in the wilds of South Dakota for another year. "It is getting to seem quite like home, but I'm not quite ready to be permanently transplanted. This is my first experience with Smith-Hughes work in domestic science but I'm finding it intensely interesting." Miss Cargo is at Hurley, S. D.

<sup>19</sup>  
"Del" Vandervoort and Mrs. (Janet Isbell w'21) Vandervoort are being extended greetings on the arrival of Elinor Janet who came Friday, October 29.

Ada Cobb writes from Omaha, Nebraska, "Am teaching sewing and millinery in the Commerce High School here. Though at present in temporary quarters, we expect to eventually occupy the new \$2,000.00 High School building which is being built. Omaha is a thriving city of the mid-west, interesting and attractive. Commerce High School differs from most high schools in that school is in session all summer, the school year being divided into quarters. The school is composed largely of boys and girls who are anxious to finish H. S. as soon as possible and support themselves. The course prepares for college, too. The other High Schools of the city are of the usual type. Our faculty consists of 112 members with a most efficient principal, Dwight E. Porter."

<sup>20</sup>  
Josephine Zachariah is teaching in the High School at Battle Creek, Michigan and live sat 203 Cherry Street.

Florence Rouse is teaching H. E. at Perry, Michigan and may be addressed at Box 158.

Norma K. Burrell is now at Galena, Maryland. Lost—Track of Ruth Dane. Can anyone help us on again?

Glenn Dell is teaching in the High School at Hart, Michigan.

The moving van visited the former home of Jay F. Gibbs and transplanted all his worldly goods to 314 S. Regent Street, Lansing.

This same moving van also visited "Mose" Renwick and moved him to 227 Marshall Street, Lansing.

C. G. Alder is now at Capac, Michigan. J. W. Wagner has been assistant county agent in Hall County, Nebraska, and is now doing graduate work in soils and crops at the University of Minnesota.

H. R. Pettigrove is also doing graduate work at the University of Minnesota.

E. E. Lebeley (short course) is managing a Guernsey farm at Mound, Minnesota.

C. J. McLean has been in Flushing since the first of August on bridge construction work for the Highway Department.

Helen Hilliard is teaching in Muskegon and lives at 203 Peck Street.

Rhea East is living at 192 W. 12th Street, Holland.

"Lew" Overholt who is enjoying scandalous Hollywood, Calif., writes: "For the present I am taking in the sights. On December 12 I plan to enter the University of Southern California. Since my arrival here my people have kept me on the go so much I really haven't had time to sense

**Cordially Invited**

\*IF ANYONE HAS—

- Killed a pig,
  - Shot his wife,
  - Got married,
  - Borrowed a stamp,
  - Made a speech,
  - Joined the army,
  - Robbed a bank,
  - Bought a Ford,
  - Sold a dog,
  - Lost his wallet,
  - Gone fishing,
  - Broke his neck,
  - Bought a house,
  - Committed suicide,
  - Shot a cat,
  - Been away,
  - Come back home,
  - Moved his office,
  - Taken a vacation,
  - Been in a fight,
  - Got licked,
  - Has no oil stock,
  - Got rich,
  - Made a bad bet,
  - It's news—
- SEND IT TO THE EDITOR.

# COLGATE'S

**"HANDY GRIP"**

## The Refill Shaving Stick

*There's no comparison—  
In hot water or cold;  
In hard water or soft.*

FOR that luxurious moist lather that means an easy shave—there's nothing like Colgate's Shaving Stick, and in the "Handy Grip" there's nothing like it for Convenience and Economy.

Putting a Colgate "Refill" into the "Handy Grip" is easy and simple—just a couple of turns, and it is screwed in firmly. The soap itself is threaded. There is no waste.

Colgate's Shaving Stick not only produces the most soothing lather for the average man but it is a little more economical than cream. As we make all three, we can give you this impartial advice.

COLGATE & CO., Dept. 212, 199 Fulton St., N. Y.

The metal "Handy Grip" containing a trial size stick of Colgate's Shaving Soap, sent for 10c. When the trial stick is used up you can buy the Colgate "Refills," threaded to fit this Grip. There are 350 shaves in a Colgate Shaving Stick—double the number you can get from a tube of cream at the same price.

how far I am from my Alma Mater, but reading short accounts of football tussels arouses my interest again in the Green and White, must have the Record. Took my first dip in the Pacific a couple of days ago at on Beach. In comparison with the bathing beauties I should pronounce the ocean rather tame. After exposing myself to beach sights for over an hour I still found there was room in my eyes for salt water when a big wave knocked me off my feet. I recently saw the Pali-sades at Santa Monica, the renowned Pike at Long Beach, the Sunken Gardens at Pasadena, and the summits of Mounts Lowe and Wilson. The day I made the journey to Mt. Lowe, the pony caravan to the summit wasn't operating owing to a pouring rain, so I hiked five miles above some of the clouds in the rain. After seeing all of these sights, I find I have only begun. Well, Mac, be good, but kindly shuffle my name around to the right place, so I get the Record. Whatever you do, don't "shuffle off your mortal coil," for if it costs you as much trouble to do it as it did me to say it at one time, you'll be a sorry man.
