Faculty Reappointment and Tenure Recommendations

Most of the recommendations for faculty members whose current probationary appointments in the tenure system end on August 31, 1979 were made at the Board meeting on May 25-26, 1978. The faculty members named below are those for whom tenure action was delayed last spring so that no one would be disadvantaged by the advancement from fall to spring of the tenure recommendations.

The following actions are recommended by the departmental chairperson (or school director), the dean(s), and the Provost in accordance with the tenure rules.

1. Assistant Professors who acquire tenure with the reappointment effective September 1, 1979:
   - Dennis R. Keefe
   - Betty P. Dickinson
   - Family Ecology; Food Science and Human Nutrition
   - Learning Resources Center

2. Second probationary appointment as Instructor for two years from September 1, 1979:
   - Lewis R. Gaty II
   - Edith A. Allen-Schult
   - James Madison College
   - Social Science

3. Instructor reappointed as Assistant Professor for three years from January 1, 1979:
   - Larry Carey
   - American Thought and Language

Motion was made by Trustee Stevens, seconded by Trustee Bruff, to approve the Resignations and Terminations, Leaves, Transfers and Changes in Assignment, Promotions, Salary Changes, Appointments, and Faculty Reappointment and Tenure Recommendations. Unanimously approved.

   RESOLVED that the above contract be awarded and project budget be established as recommended.

   Approved by a vote of 6 to 0 on motion by Trustee Bruff, seconded by Trustee Radcliffe. Trustee Stevens was not in the room at the time the vote was taken.

2. Cowles House - Air Conditioning

   The following bids were received on October 10, 1978 for Cowles House - Air Conditioning. The project involves using a forced air system of air conditioning for this facility. Also, the single phase electric service to the building is inadequate and needs to be upgraded to a three-phase service to handle the additional electrical load. Alternate No. 1 would remove the installation of exhaust fans for the bathrooms.

   Contractor          Base Bid         Alternate No. 1
   Hanel-Vance Construction Co.          $122,660         $1,218

3. Biology Research Center - Install Standby Air Conditioning Systems

The following bids were received on October 31, 1978 for the Biology Research Center - Install Standby Air Conditioning Systems. This project consists of mechanical and electrical alterations required to install two air conditioning systems to provide standby cooling in Animal Rooms 112, 114, 117, 217, and 217A. This work is deemed essential since loss of cooling during hot weather will allow room temperatures to escalate, resulting in injury and/or death to research animals in which several years of research have been invested.

Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Bruff.

6. Football Training Building

The following bids were received on November 20, 1978 for the Football Training Building. This facility will provide a central location for the intercollegiate football program. Included in this building will be offices for the coaching staff, team meeting rooms, lockers, showers, training room, equipment storage, and a large weight training area.

The current football facilities in Jenison Fieldhouse and the West Stadium locker and weight training rooms will be reassigned to partially solve critical space problems involving women's athletic programs. The existing North Stadium locker rooms will continue to be used for home football games. The single story, masonry structure of approximately 22,000 square feet will be located at the southeast corner of the Shaw Lane - Chestnut Road intersection, adjacent to the football practice fields. All campus utilities are available at the site.

As noted in the above schedule, $1,050,000 is now available to fund this project. The remaining $640,000 will be funded through the establishment of an internal loan from the Auxiliary Fund and is expected to be repaid as outlined above. Interest expense will be charged to the loan at the going cash investment rate.

It is recommended that a contract be awarded to the Charles Featherly Construction Co. of Lansing, Michigan, in the amount of $1,456,056, that the project budget of $1,690,000 be established, and that the funding plan be approved as outlined.

RESOLVED that the above recommendation be approved.

Unanimously approved. Motion by Trustee Radcliffe, seconded by Trustee Smydra.

7. International Center Addition

The following bids were received on November 21, 1978 for the International Center Addition. This addition will expand the bookstore and cafeteria to the north approximately forty feet, provide a new elevator in order to make the bookstore and cafeteria levels accessible to the handicapped, include additional fire exits requested by the State Fire Marshal, and a major modification of the existing heating, ventilating and air conditioning system to further the University's conservation efforts.

Miscellaneous (Telephones, Initial Custodial, etc.) 5,000

Contingencies 71,900

Total Expected Expenditures $1,456,000

This project will be funded as follows:

- **Bookstore Reserve** $283,000
- **Bookstore Operations** 500,000
- **Crossroads Cafeteria** 55,000
- **Auxiliary Services** 618,000

RESOLVED that the above contract be awarded and project budget be established as recommended.

Unanimously approved. Motion by Trustee Bruff, seconded by Trustee Carrigan.

8. Central Control of Energy Consuming Systems - Phase B

The following bids were received on November 16, 1978 for the Central Control of Energy Consuming Systems - Phase B. The base bid extends the existing Central Control System to Shaw, Owen, McDonel, Holmes, Akers, and Hubbard Halls, including fire alarm points to allow early notification to the Public Safety Department. The project also includes the installation of three cables for future building connections along Wilson Road from Red Cedar Road to Conrad Hall. These same cables will be used to meet many of the University's communication needs in the future. Alternate No. 1 includes central control extension to the Plant Biology Building. Alternate No. 2 includes the extension of all three of the wide band coaxial cables into all of the buildings along the main coaxial cable route.

This project is being funded $679,586 from the Auxiliary Fund and $224,414 out of the General Fund.

RESOLVED that the above contract be awarded and project budget be established as recommended.

Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Bruff.

D. OTHER ITEMS FOR ACTION

1. Gilman Smith Property Lease Agreement

Mr. Gilman Smith has offered to Michigan State University through a gift-lease arrangement 36.9 acres of a beautiful natural area known as the "Julian Smith Memorial Wildlife Refuge." The property is located north and west of the Capital City Airport. Representatives of Campus Park and Planning and the Departments of Natural Science and Fisheries and Wildlife have visited the area and agree that it would be very useful as a teaching tool. An appropriate gift-lease agreement has been drafted by the Assistant Vice President for Legal Affairs and it is recommended that this five-year renewable gift-lease with Mr. Smith be approved.

RESOLVED that the Board of Trustees enter into a five-year renewable gift-lease agreement with Mr. Smith for 39.6 acres of natural area known as the "Julian Smith Memorial Wildlife Refuge" to be used by MSU for educational purposes.

Unanimously approved. Motion by Trustee Bruff, seconded by Trustee Radcliffe.

2. Investment Transactions

Per the procedures previously approved by the Board of Trustees, Scudder, Stevens & Clark completed the investment transactions for the University portfolio as presented in the report distributed to the Trustees, copy of which is on file in the Secretary's Office.

RESOLVED that the Scudder, Stevens & Clark report dated November 9, 1978 be accepted.

Unanimously approved. Motion by Trustee Krolikowski, seconded by Trustee Radcliffe.

3. Investment Recommendation—Chemistry Library Fund

The Board of Trustees has previously accepted gifts from Dr. and Mrs. Harold Hart through the MSU Foundation for the purpose of establishing a chemistry library fund. Upon recommendation, the Trustees established a fund functioning as an endowment for this purpose.

We have now received a communication from the donors stating their intent that the principle be maintained and only the income be used for the indicated purpose. Consequently, it is recommended that the fund functioning as an endowment be changed to a true endowment fund.

RESOLVED that the above reclassification to an endowment fund be approved.

Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Bruff.

4. Trustee Audit Committee Recommendation for 1978-79 Auditors

Recommendation by the Trustee Audit Committee that Ernst & Ernst be selected as external auditor for the fiscal year ending June 30, 1979.

RESOLVED that the Trustee Audit Committee recommendation be approved.

Approved by a vote of 6 to 0 on motion by Trustee Stack, seconded by Trustee Bruff. Trustee Radcliffe was out of the room at the time the vote was taken.

5. Purchase of Ultrasound Imaging System

The Office of Health Services has recommended the purchase of an Ultrasound Imaging System for the Department of Radiology at an approximate cost of $90,000, including acquisition and installation cost. This purchase will be funded through net revenue generated from patient fee income over a five-year period, and an internal loan of up to $90,000 at the investment rate of interest is recommended.

RESOLVED that the above internal financing for the stated purpose be approved.

Approved by a vote of 6 to 0 on motion by Trustee Stack, seconded by Trustee Smydra. Trustee Radcliffe was out of the room at the time the vote was recorded.
6. Proposed Administrative Reorganization: Justin Morrill College

Recommendation that Justin Morrill College be converted to department status to be jointly assigned to and administered by the College of Arts and Letters, the College of Natural Science, and the College of Social Science (see memorandum dated November 29, 1978 from Provost C. L. Winder to President Edgar L. Harden which was distributed to the Trustees and is on file in the Secretary's Office).

RESOLVED that Justin Morrill College is to be changed to department status and is to be jointly assigned to and administered by the Colleges of Arts and Letters, Natural Science, and Social Science, effective July 1, 1979.

Resolution approved by a vote of 6 to 1 on motion by Trustee Smydra, seconded by Trustee Bruff. Trustee Stack reported that his No vote reflected his objection to the process by which the recommendation was presented to the Trustees rather than the substance of the proposal.

7. Proposed Administrative Reorganization: University College

Recommendation to discontinue University College as an administrative entity as of July 1, 1980, which involves the transfer of its four departments to three other colleges by this same date (see memorandum dated November 29, 1978 from Provost C. L. Winder to President Edgar L. Harden which was distributed to the Trustees and is on file in the Secretary's Office).

RESOLVED that the Department of American Thought and Language and the Department of Humanities be transferred to the College of Arts and Letters, that the Department of Natural Science be transferred to the College of Natural Science, and the Department of Social Science be transferred to the College of Social Science effective July 1, 1980, with the joint administration of these departments by the Colleges and University College during 1979-80. That University college be discontinued as an administrative entity as of July 1, 1980. That academic student support services now provided by University College, e.g., academic advising and the Learning Resources Center, be continued with administrative location of these services to be specified no later than July 1, 1980.

Motion was made by Trustee Smydra, seconded by Trustee Krolikowski, to approve the resolution.

Several members of the Faculty and Student Liaison Groups spoke in favor of the proposal. One member of the Faculty Liaison Group expressed a preference for the present structure but urged the Trustees to make a decision one way or the other at this meeting. Several Trustees expressed the need for additional information and additional time to consider this issue.

Motion by Trustee Bruff, seconded by Trustee Carrigan-Strickland to refer the proposal to President Harden for further consideration. The proposal, together with any additional information, should be brought back to the Board for action as such time as President Harden deems appropriate. Motion carried by a vote of 4 to 3; Trustees Bruff, Carrigan-Strickland, Stack, and Stevens voting Yes; Trustees Krolikowski, Radcliffe, and Smydra voting No.

E. REPORTS TO THE BOARD

1. Trustee Awards

Trustee Scholarship Awards for fall 1978 were authorized at the October 26-27 Board meeting. The recipients of these awards are:

First high man - Steven Grant Smith, Packaging Major, 3.929 average, graduate of Fowlerville High School, Fowlerville, Michigan
First high woman - Laura Martha Tavormina, Justin Morrill College major, 3.979 average, graduate of Mater Dei High School, Evansville, Indiana
Second high man - Eric John Berglund, Theatre major, 3.885 average, graduate of Mater Dei High School, Evansville, Indiana
Second high woman - Roxanne Marie Gaynier, Special Education major, 3.909 average, graduate of Flat Rock High School, Flat Rock, Michigan

Trustee Stack suggested that consideration be given to granting the scholarship awards on the basis of the four undergraduate students having the highest grade point averages rather than on the basis of two for females and two for males.

2. Liability Insurance Bidding Procedures

Specifications for bidding on the University's liability insurance were distributed with the agenda. Vice President Wilkinson stated that bids on $6,000,000 in primary coverage and $20,000,000 in excess coverage will be received on February 8 and a recommendation for an award will be made to the Trustees at the February 1979 Board meeting.
3. Trustee Committee Reports
   a. Audit Committee

   Trusted Stack moved the approval of the following Audit Committee Report:
   
   1. Authorization for Trustees to exceed the $200 per month limit on expenses for expenses incurred in connection with the presidential selection process, such selection process expenses to be charged to the presidential selection committee budget.
   
   2. Authorization for payment of expenses for Trustees-elect in accordance with Trustee Expenditure Guidelines, as well as expenses they incur in connection with presidential selection activities.
   
   3. Amendment of the Trustee Expenditure Guidelines to authorize four complimentary season basketball tickets for Trustees.

   Motion seconded by Trustee Carrigan-Strickland and unanimously carried.

   b. Investment Committee

   Regarding the Board of Trustees resolution requiring divestiture of stocks of companies doing business in South Africa, Trustee Krolikowski reported that Scudder, Stevens & Clark is prepared to undertake portfolio reconstitution which will exclude the South African issues. Scudder, Stevens & Clark believes the portfolio can be established and maintained with a comparable degree of quality issues with appropriate diversification, although there may be some lesser probability as to achievement. Therefore it is the recommendation of the Trustee Investment Committee that Trustees Krolikowski and Radcliffe, in collaboration with Vice President Wilkinson and his staff, prepare a communication to Scudder, Stevens & Clark which states that with the exception of the A. H. Robins Company, the Trustees did not receive the necessary assurances from companies doing business in South Africa which are part of the University's investment portfolio or on its approved buy list of their intention to withdraw from South Africa. Consequently, the Board of Trustees' resolution is operative, and Scudder, Stevens & Clark should formulate recommendations for the prudent divestiture of our current holdings in these firms. Further, that no future investments be made in equities of companies on the Investor Responsibility Research Center, Inc. (IRRC) list of companies doing business in South Africa, with the exception of the A. H. Robins Company.

   Motion was made by Trustee Krolikowski, seconded by Trustee Radcliffe, to approve the above recommendation.

   Trustee Carrigan-Strickland called attention to a letter she had received from Gary R. Murphy, an active alumnus, expressing concern regarding the University's divestiture policy. She read a portion of her response to Mr. Murphy (copy on file in the Secretary's Office) and implored the Board to insist on evidence of some positive good in the University arena and the broader social arena as a result of this proposed action, and in the absence of such, a willingness on the part of the Board to reconsider its posture on this matter.

   Trustee Bruff pointed out that today's action would merely initiate the implementation of the original resolution calling for prudent divestiture which follows the assurance of the money management people that alternative investments are available.

   Motion carried by a vote of 6 to 1. Trustee Carrigan voted No.

4. President's Report

   President Harden distributed the following tentative schedule of 1979 Board meeting dates.

   - January 25-26
   - February 22-23
   - March 22-23
   - April 26-27
   - May 24-25
   - June 21-22
   - July 26-27
   - September 27-28
   - October 23-26
   - December 6-7

   President Harden and their fellow Trustees expressed their appreciation to Trustees Carrigan-Strickland and Stevens for their many contributions to the University during their service as Trustees.
