   A. Trustee-elect Colleen McNamara was introduced and welcomed by President McPherson.

   B. Following President McPherson’s statement that the introduction of outstanding faculty members would become a regular part of Board meetings, Provost Simon presented Professors Barbara Given and Nikolay Dimitrov as two MSU faculty that represent the University very well as exemplary individuals and exemplary faculty. Dr. Barbara Given, Professor in the College of Nursing and Associate Director of the Cancer Center, recently received a major national award, the Distinguished Researcher Award, at the annual meeting of the Oncology Nursing Society. December 9, 1994

President McPherson reported that Dr. Donald Bowersox, Professor of Marketing and Logistics, is facilitator of a Law Resource Group, reviewing the need and desirability of a formal law presence at Michigan State and the feasibility of an affiliation with Detroit College of Law. The possibility of a law school has been discussed at Academic Council and the President looks forward to more extensive discussions following the distribution of a paper being developed by the Law Resource Group.

Trustee Weiss presented the following recommendation after thanking the President, Provost, and others for pursuing this opportunity for the University.

Resolution

Be it resolved that the Board of Trustees directs the administration and all appropriate personnel to explore an affiliation of Michigan State University with the Detroit College of Law. Be it further resolved that the Board endorses the consultation, begun by President McPherson and Provost Simon, with faculty and students and directs the administration to continue such consultation, in an expeditious manner, on ways that further the objective of strengthening the overall quality of Michigan State University through an affiliation with a law school. This matter will be referred to the Trustee Policy Committee for continued consultation with the administration.

On a motion by Mr. Weiss, supported by Ms. Cook, THE BOARD VOTED to approve the recommendation. The vote was unanimous, 7-0.

The President said he wished to emphasize that the resolution does not take a position on whether or not the University should have a law school, but rather supports the need for continuing exploration and consultation with the campus community.

D. President McPherson commented on the service of Trustees Barbara Sawyer-Koch and Joel Ferguson who would be leaving the Board at the end of the year; Trustee Sawyer-Koch was recognized for her knowledge and interest in the financial issues of the University and Trustee Ferguson for his personal commitment to access to the University.

The following individual addressed the Board of Trustees on an issue germane to the agenda:

A. Greg Thrasher, Director of a multi-cultural think tank "Plane Ideas" in metro Detroit and cum laude graduate of MSU, asked the Board to embrace, challenge, and take advantage of the assets of diversity in appointing a person of color in the leadership role of football coach as well as in other administrative positions.

Personnel Actions were presented by Provost Simon:

A. Appointments

1) Saban, Nick, AN-Head Football Coach, Department of Intercollegiate Athletics, $135,000, subject to a five-year contract with the effective date to be mutually agreed upon by President McPherson and Mr. Saban.

1) June, Lee N., AN-Assistant Provost for Student Academic Support Services and Racial, Ethnic and Multicultural Issues; Professor, Department of Counseling, Educational Psychology and Special Education, to add title Acting Vice President for Student Affairs and Services; and for a change in salary rate from $100,000 to $105,000, effective October 15, 1994.

2) It is recommended that the Executive Management position titled Vice President for University Projects, be established effective January 9, 1995.

December 9, 1994

C. Faculty Promotions and Tenure Recommendations

Most of the recommendations for faculty members whose current probationary appointments in the tenure system end on August 15, 1995 were made at the Board meeting on June 10, 1994. A tenure action was delayed last spring on recommendation of the college for the faculty members named below.

The following actions are recommended by the Departmental Chairpersons, the Deans, and the Provost in accordance with the tenure rules.

The following promotions and reappointment which include the award of tenure are recommended:

1) VandeHaar, Michael J., promotion to Associate Professor, Department of Animal Science, College of Agriculture and Natural Resources.

2) Helferich, William G., promotion to Associate Professor, Department of Food Science and Human Nutrition, College of Agriculture and Natural Resources.

3) Raskolnikov, Felix, reappointed as Associate Professor, Department of Linguistics and Germanic, Slavic, Asian and African Languages, College of Arts and Letters.

On a motion by Dr. Mawby, supported by Ms. Cook, THE BOARD VOTED to approve the Appointments, Other Personnel Actions, and Faculty Promotions and Tenure Recommendations.

President McPherson reported the contract for Coach Saban has not been formalized, but the substance of it has been agreed to for a base salary of $135,000 with the ability for outside income from contracts with apparel and such. Additionally, the contract will contain the novel feature of a possible $250,000 bonus at the end of 5 years to be made up of $100,000 divided among the coaches and $150,000 for Coach Saban. To earn the bonus, the new coach will need to do the following: 1) there must be no probation or major violations that come out of the 5-year period in which he is head coach; 2) the student athlete grade point average, currently 2.3, must improve over the next 5 years and by the 5th year the team average must be 2.55; and 3) the team must win two-thirds of the regularly played games plus bowl games played. Students must obey the rules, get their education, and steadily improve. The University does seek to win. There also is discussion of developing an additional bonus for winning a Big Ten championship.

President McPherson commented on the appointment of Charles Greenleaf who will be working with the Provost and President in implementing the Guiding Principles, and is particularly pleased that Dr. Lee June is willing to undertake the assignment of Acting Vice President for Student Affairs and Services.

Trustees commented on the appointments. Trustee Cook complimented the President for the contract language and requirements for the head football coach. Trustee Weiss suggested including similar language in the contracts of all coaches. Trustee Traxler asked that at the conclusion of Mr. Greenleaf’s service there be an understanding for reconsideration of the position.

Typically, Board members do not respond to public speakers, and he feels it is rude not to respond. Mr. Ferguson said President McPherson did an outstanding job in the selection and he is comfortable with the search. The President selected the "best person for the job at this time and it had absolutely nothing to do with color."

C. Trustees' Comments

1) At the request of Vice Chairperson Shingleton, Trustee Cook presented the following resolution to Trustee Barbara Sawyer-Koch.

Resolution to Trustee Barbara J. Sawyer-Koch

The Board of Trustees of Michigan State University today extends its appreciation to Trustee Barbara Sawyer-Koch.

Since her election to the Board of Trustees in 1978, five presidents have counted on her wisdom and experience. Her insightful, well-considered contributions to the Board's deliberations gave her a distinctive and forceful voice on such matters as student concerns about tuition, the University's largest-ever capital campaign, and the transition to semesters. As the longest-serving member of the current Board, she represented continuity during a time of rapid change.

Trustee Sawyer-Koch has devoted fully one-third of her life to the advancement of Michigan State University. A former Menominee County treasurer and the first woman from the Upper Peninsula ever to serve on the MSU Board of Trustees, she represents the fifth generation of Sawyers to be involved in community service through posts in state or county government.

Trustee Sawyer-Koch earned a bachelor of arts degree with honors in political science-prelaw from Alma College and a master of arts in public administration from Michigan State University. The fact that she earned her master's degree while working full time and serving on the Board of Trustees attests to her energy and commitment to education. Her experiences as a student at this institution made her a more sensitive and informed trustee and made her a unique resource for other Board members.
December 9, 1994

Her finely developed leadership skills will be missed. As chairperson of the Board from 1983 to 1985, she brought unique strengths in consensus building. Her tireless advocacy for the University took many forms, including her efforts as a member of the MSU Foundation's Board of Directors. Her commitment to the wider community is reflected in her participation on the board of directors of the Michigan Capital Medical Center, in her efforts to expand literacy, and in the United Way of Michigan.

In the press release that announced her intention not to seek another term on the Board, she observed that "life's transitions always offer hope and the opportunity to look at new ways to serve." On behalf of the entire Michigan State University community, we give this loyal Spartan our heart-felt thanks, our congratulations on a job well done, and our best wishes for the future.

Trustee Sawyer-Koch commented briefly on her service as a Board member and plans to share in written text some thoughts about events at the University and how these events might impact the future. She referred to the University as a gem of an institution which must be kept shining and polished to let the light shine through. Trustee Sawyer-Koch remarked it has been an honor and privilege to serve the University and has been the greatest service that could have been carried on in her family tradition.

2) Trustee Weiss presented the following resolution to Chairperson Joel Ferguson.

Resolution to Trustee Joel Ferguson

The Board of Trustees of Michigan State University today pays special tribute to Trustee and Chairperson Joel Ferguson.

Trustee Ferguson has brought his passion for the Spartan tradition to bear on MSU affairs since winning election to the Board in 1986. During his tenure, Michigan State won a Rose Bowl and a capital campaign that will help ensure the University's excellence for decades to come. He contributed to major reviews of the University's undergraduate and graduate curricula, guided the University's transition to semesters, and, most recently, had a hand in shaping the six principles that have redirected our mission.

Following service in the U.S. Marine Corps, he earned a bachelor of arts degree from Michigan State in elementary education. Even then, his persistence was evident. He paid for his education by working at the local Oldsmobile plant, an experience that links him to the working students of today. In 1968, after achieving prominence in the civil rights movement, Trustee Ferguson became the first African American elected to the Lansing City Council. A year later, he launched his career in real estate. He later founded a bank and established the first ABC-TV affiliate in Lansing.

His real-world business acumen has given him a unique perspective on the challenges faced by a Big Ten university. When it came time to identify a president who could lead Michigan State into the twenty-first century, Trustee Ferguson took the lead in the intensive search process that resulted in the naming of M. Peter McPherson to the post. This move to select a president from the private sector has recently been hailed by a national news magazine as a pacesetting solution to the problems confronting higher education leaders today.

His dedication to helping others is demonstrated by his support of the local community and by his involvement in Michigan politics. A Life Member of the National Association for the Advancement of Colored People, he has also contributed his expertise to the Lansing YWCA, the Boy's Club, the Arthritis Foundation, Junior Achievement, the Lansing Chamber of Commerce, and the Citizens' Commission to Improve Michigan Courts. He was among those who launched Businesses for Social Responsibility, an organization dedicated to issues such as parental leave, worker safety, and rebuilding the nation's cities. He is also known as an articulate advocate of accessibility for handicappers and minorities.
December 9, 1994

Baseball player Jackie Robinson has long been Trustee Ferguson's role model because, as Joel says, "he never stepped back." Joel now continues that tradition. As the next inning of his life begins, the members of the Board of Trustees of Michigan State University acknowledge Trustee Ferguson's devoted service and outstanding accomplishments. On behalf of Michigan State University and the citizens of Michigan, we extend our sincere gratitude and best wishes for the future.

Trustee Ferguson commented to individual Board members about their association during his trusteeship. He remarked that being able to serve on the Board and to be able to make a difference had been a highlight of his life. He acknowledged the President, Provost, administrators, staff, students, and others and said he is happy to have been here, and is leaving the University in good hands.

3) Trustee Traxler recommended an additional amendment to the Michigan State University Board of Trustees Bylaws, Article 4, Officers and Organization of the Board, to clarify and correct the language used in the previous amendment.

Article 4, Officers and Organization of the Board

Vice Chairperson. The office of vice chairperson of the Board shall be filled each year, for a one-year term, by the member of the Board who, in accordance with these Bylaws, is due to fill the office of chairperson of the Board in the succeeding year. The Board shall fill any vacancies in the office of vice chairperson by electing another Board member to serve for the unexpired term. The vice chairperson shall perform such duties as may be prescribed by the Board and shall assume the duties of the chairperson during the latter's absence.

On a motion by Mr. Traxler, supported by Ms. Cook, THE BOARD VOTED to approve the amendment to the Bylaws.

11. The following individual addressed the Board of Trustees:

A. Kenneth A. Russell, an MSU student, presented a letter in which he praised Michigan State faculty, staff, and administrative officers for their encouragement and care during a very difficult time. Various people helped him to get the assistance he needed. He is grateful for the kindness of the University to provide him a second chance in spite of that situation.

12. An Executive Session was not requested.

13. The meeting adjourned at 12:26 p.m. Board Members were joined at lunch by Trustee-elect McNamara, Executive Advisory Council members, Faculty Liaisons, and Student Liaisons.
