President Harden called the meeting to order in the Board Room, Administration Building, at 2:54 p.m., Thursday, September 21, 1978.

Present: Trustees Bruff, Carrigan-Strickland, Krolikowski, Martin, Radcliffe, Stack, and Stevens (Trustees Martin and Stack arrived after the votes had been recorded on the proposed agenda and the July 27-28 minutes); President Harden, Provost Winder, Vice Presidents Cantlon, Carr, Nonnamaker, Perrin, Scott, and Wilkinson, Secretary Ballard; Faculty Liaison Group, Student Liaison Group.

Absent: Trustee Smydra; Executive Vice President Breslin.

1. Approval of Proposed Agenda

Trustee Krolikowski moved that an amended resolution relating to Sami Esmail be added to the agenda. Trustee Krolikowski agreed to include in his motion Trustee Bruff’s recommendation that Item D. 8 “Stagehands Labor Contract” be deleted from the agenda and an item, “Honorary Alumni” be substituted. Motion seconded by Trustee Bruff and approved by a vote of 5 to 0.

Motion was made by Trustee Radcliffe, seconded by Trustee Bruff, to approve the agenda as amended. Carried by a vote of 5 to 0.

2. Approval of July 27-28 Minutes

Motion was made by Trustee Bruff, seconded by Trustee Radcliffe, to approve the July 27-28 minutes. Approved by a vote of 5 to 0.

3. 1977-78 Audit Report

Vice President Wilkinson announced that on September 6, 1978 the Trustee Audit Committee met to receive the 1977-78 audit report and recommendations from the auditor, Ernst & Ernst. The Audit Committee accepted the report and recommended that the auditor give a brief report to the full Board at this session. Mr. Wilkinson introduced Ernst & Ernst representatives Philip C. Berry, Herbert McLachlan, and William Carlson, and Mr. Berry gave a brief report on the audit.

On motion by Trustee Stack, seconded by Trustee Carrigan-Strickland, it was unanimously voted to approve the 1977-78 audit report.

Recessed at 3:09 p.m.

The Public Comments session was held at 7:30 p.m. in the Lincoln Room, Kellogg Center.

The meeting reconvened at 10:08 a.m., September 22, in the Board Room, Administration Building.

C. Bids and Contract Awards

1. Anthony Hall - Dairy Plant Conversion

The following bids were received on July 11, 1978 for Anthony Hall - Dairy Plant Conversion. This project involves the conversion of the refrigeration system from ammonia gas to Freon gas. It also involves the replacement of existing equipment with new of similar capacity and will allow the semi-commercial production of cheese and ice cream products which is deemed an integral component of the Food Science teaching and research program. Converting to Freon eliminates the high degree of unreliability which has been experienced over the last decade, as well as a substantial safety hazard from the frequently escaping ammonia gas.

Since the bids exceeded the estimated cost for this project, it was agreed by the Department of Food Science and Daverman Associates, Inc., the consulting architects and engineers, that certain modifications to the program could be made, bringing the project within the funds available. There were six modifications, resulting in a net savings of $20,237.

It is recommended that a contract be awarded to the McNeilly Construction, Inc., of Lansing, Michigan, in the amount of $355,158, which includes the base bid less the project modifications, and that the following project budget be established:

- Contract - McNeilly Construction, Inc. $355,158
- Direct Purchase of New Ice Cream Equipment 30,300
- Contingencies 37,542
- Consultant (Daverman Associates, Inc.) 20,000
- Planning, Expediting, and Inspection 12,000

Sub-total $455,000

Less:
- Anticipated Credit for Sale of Salvaged Ice Cream Equipment and Compressors (ammonia type) -15,000
- Total $440,000

This project is being funded by $300,000 out of the General Fund Allocations and Improvement account and $140,000 from Agricultural Experiment Station funds.

RESOLVED that the above contract be awarded and the project budget be established as recommended.

Unanimously approved. Motion by Trustee Carrigan-Strickland, seconded by Trustee Bruff.
C. BIDS AND CONTRACT AWARDS

2. Men's IM Building Alterations

The following bids were received on August 8, 1978 for Men's Intramural Building - Alterations. This project involves alterations to the locker and shower rooms to provide equal and separate facilities for women. Included is the bisecting of the existing shower room with a masonry wall and the construction of steam rooms adjacent to both the shower rooms. Locker rooms of equal size presently exist at opposing sides of the interior court. The work includes the construction of vision screens and the installation of obscure glass to provide equal locker accommodations for both sexes. Provisions for handicappers, which presently exist in the locker room and toilet on one side, will be installed at the locker room and toilet at the other side. Access to both locker rooms will be through a common corridor from which the locker rooms are visually screened. The common corridor also provides access to the interior court, which will be repaved, for all users of the building. A stall shower for handicapper use will also be provided at both shower rooms as required by the Barrier Free Design Code.

Contractor Base Bid
McNeilly Construction, Inc. $92,870
Charles Featherly Construction Co. 97,000

Following the authorization granted by the Board of Trustees at its meeting on July 28, 1978, a contract was awarded to the McNeilly Construction, Inc., of Lansing, Michigan, in the amount of $92,870, and it is now recommended that the following project budget be established:

Contract - McNeilly Construction, Inc. $92,870
Contingencies 9,630
Mayotte, Crouse & De'Haene - Consultants and Printing 7,500
Coordination, Supervision and Expediting 4,000
Total Expected Expenditures $114,000

This project will be funded from Account 11-8015, Men's IM Locker Room.

RESOLVED that the awarding of the above contract be confirmed and the project budget be established as recommended.

Unanimously approved. Motion by Trustee Stevens, seconded by Trustee Carrigan-Strickland.

3. Agriculture Hall - Fire Safety Improvements to Door Openings

The following bids were received on August 15, 1978 for Agriculture Hall - Fire Safety Improvements to Door Openings. This project involves the permanent closing of the existing transoms above the interior doors and the installation of fire resistant material in the transoms. Also involved is the replacement of louvers with solid panels in existing doors and the installation of dampers controlled by smoke detectors in specified windows.

Contractor Base Bid
Hanel-Vance Construction Co. $33,700
Charles Featherly Construction Co. 34,345
McNeilly Construction, Inc. 42,638

It is recommended that a contract be awarded in the amount of $33,700 to Hanel-Vance Construction Co. of Okemos, Michigan, and that the following project budget be established:

Contract - Hanel-Vance Construction Co. $33,700
Contingencies 3,800
Engineering, Design & Expediting 4,500
Total Expected Expenditures $42,000

This project will be funded by Account 41-4519, Fire Escape and Alterations - Agriculture Hall.

RESOLVED that the contract be awarded and budget be established as recommended.

Unanimously approved. Motion by Trustee Bruff, seconded by Trustee Carrigan-Strickland.

4. Mason-Abbot Hall - Ceiling Replacement in Various Rooms and Corridors

The following bids were received on August 15, 1978 for Mason-Abbot Hall - Ceiling Replacement in Various Rooms and Corridors. This project involves the removal of existing combustible ceiling tile and the installation of non-combustible ceiling tile at the corridors in the basement, first floor, second floor, and third floor, as well as in three basement rooms. Three other basement rooms will have non-combustible suspended ceilings installed as well as new fluorescent light fixtures in place of incandescent fixtures.

Central Control of Energy Consuming Systems

5. Central Control of Energy Consuming Systems - Phase B

The following bids were received on August 24, 1978 for the Central Control of Energy Consuming Systems - Phase B. The base bid extends the existing Central Control System to Shaw, Owen, McDonel, Holmes, Akers, and Hubbard Halls and also includes trunk cable for future building connections along Wilson Road from Red Cedar Road to Conrad Hall. Alternate No. 1 includes connection of fire alarm points in the six dormitories and will allow early notification to the Public Safety Department. Alternate No. 2 includes central control connection to the Plant Biology Building.

It is the recommendation of the consulting engineers and the University Engineer that the bids be rejected since the Base Bid exceeds the estimated project cost by approximately $150,000. A portion of this additional cost relates to higher than anticipated costs for custom software programs. However, because of the current workload within the Lansing metropolitan area, it is the opinion of the consulting engineers that the bidding climate is not favorable in receiving lower bids. Consequently, it is their recommendation that the bids as listed above be rejected and that the contract documents be revised and reissued for bidding at a later date in the fall.

RESOLVED that the above recommendations be accepted.

Approved by a vote of 6 to 0 on motion by Trustee Bruff, seconded by Trustee Radcliffe.

Morrill Hall - Fire Escape and Related Alterations

6. Morrill Hall - Fire Escape and Related Alterations

The following bids were received on August 31, 1978 for Morrill Hall - Fire Escape and Related Alterations. This project involves the construction of an exterior steel fire escape at the southwest elevation of Morrill Hall to serve the second and third floors as directed by the State Fire Marshal's Office. The project also involves the cutting of the exterior wall and the installation of doors to provide access to the fire escape and the sealing shut of windows adjacent to the fire escape. At rooms containing only one window, where sealing of the window would cut off exterior ventilation, we are directing the installation of a smoke detector controlled damper so that the window can remain usable. New exit signs will also be installed.

*Includes State Sales Tax (price without sales tax is $259,206).

A purchase order will be let to the Amer-Cel Structures, Inc. in the amount of the low quotation of $248,390.

It is recommended that the contract and purchase order be executed as recommended.  

RESOLVED that the above recommendation be approved.  
Approved by a vote of 6 to 0 on motion by Trustee Carrigan-Strickland, seconded by Trustee Bruff.

D. OTHER ITEMS FOR ACTION  

1. Investment Report  
In accordance with procedures established by the Board of Trustees, Scudder, Stevens & Clark completed the investment transaction outlined in the report distributed to the Trustees, copy of which is filed in the Secretary's Office.

RESOLVED that the Scudder, Stevens & Clark investment report dated August 2, 1978 be accepted.  
Approved by a vote of 6 to 0 on motion by Trustee Carrigan-Strickland, seconded by Trustee Krolikowski.

2. Clifton R. Wharton's Director's Fees  
RESOLVED that the University Administration is authorized to transfer $96,000 from President Wharton's Director's Fees to the Performing Arts Center account.

Approved by a vote of 6 to 0 on motion by Trustee Carrigan-Strickland, seconded by Trustee Radcliffe.
3. WKAR Radio's Satellite Terminal

It is recommended that the Satellite Receiving/Transmitting Terminal be located southwest of the Physics-Astronomy Building, adjacent to the liquid nitrogen storage tank, until the completion of the Communication Arts and Sciences Building. It will then be moved to a new site at the Communication Arts and Sciences Building. WKAR Radio will use the satellite terminal for a period of no less than 10 years from its activation. Approval by the Board of Trustees is required by the Corporation for Public Broadcasting before this installation can be completed.

RESOLVED that the Board of Trustees approves the site for the location of the satellite receiving/transmitting terminal.

Approved by a vote of 6 to 0 on motion by Trustee Carrigan-Strickland, seconded by Trustee Stevens.

D. INTERCOLLEGIATE ATHLETICS

Authorized Expenditures $4,259,228

RESOLVED that the 1978-79 General Fund, Cooperative Extension Service, Agricultural Experiment Station and Intercollegiate Athletics budgets be approved as submitted.

Approved by a vote of 5 to 0 on motion by Trustee Bruff, seconded by Trustee Stevens. Trustee Radcliffe was not in the room at the time the vote was recorded.

5. 1978-79 Salary Adjustments

A. Faculty Salaries

Faculty salaries were developed following the budget guidelines. Provost Winder recommends that the faculty salaries as shown on the lists submitted to the Trustees be approved effective October 1, 1978.

RESOLVED that the faculty salaries effective October 1, 1978 unless otherwise noted be approved as recommended.

Approved by a vote of 5 to 0 on motion by Trustee Carrigan-Strickland, seconded by Trustee Bruff. Trustee Radcliffe was not in the room at the time the vote was taken.

B. Administrative-Professional Salaries

Administrative-Professional salaries were developed following the budget guidelines. Executive Vice President Breslin recommends that the Administrative-Professional salaries as shown on the lists submitted to the Trustees (copy on file in the Secretary's Office) be approved effective October 1, 1978.

RESOLVED that the Administrative-Professional salaries effective October 1, 1978 be approved as recommended.

Approved by a vote of 6 to 0 on motion by Trustee Carrigan-Strickland, seconded by Trustee Radcliffe.
The Administration recommends to the Board that a Center for Environmental Toxicology be established effective October 1, 1978. The Center will coordinate and facilitate research, instruction and public service activities among the various colleges and departments as well as provide liaison with various public and private agencies in the area of environmental toxicology.

Building on broad University strengths in the basic sciences, human health, agriculture, natural resources, food sciences, veterinary medicine and environmental sciences, the University can develop a strong Center for Environmental Toxicology to better coordinate and focus these competencies to address problems in environmental toxicology.

In the 1978-79 Budget Proposal to the State of Michigan, which was approved by the Board, the University asked for support for such a Center. The published Analysis of the Michigan Higher Education 1978-79 Appropriation states that the 1978-79 appropriation for Michigan State University includes $170,000 "to establish an Environmental Toxicology Research Center to study the effects of all types of toxic substances and noxious materials which may be found in the Michigan environment." Additional funds will be necessary to implement the plan for the Center and additional requests to the State are planned.
D. OTHER ITEMS FOR ACTION, cont. September 21-22, 1978

9. Center for Environmental Toxicology

The deans of the Colleges of Agriculture and Natural Resources, Human Medicine, Osteopathic Medicine, and Veterinary Medicine, and the Director of the Agricultural Experiment Station jointly recommend that the Center be established. During the initial years of operation the plan is that the Center will report to the Vice President for Research and Graduate Studies.

RESOLVED that:

(1) The Center for Environmental Toxicology will be established effective October 1, 1978.

(2) The administrator of the Center will have the title of Director.

(3) The Center will report to the Vice President for Research and Graduate Studies.

Approved by a vote of 7 to 0 on motion by Trustee Stevens, seconded by Trustee Carrigan-Strickland.

10. Honorary Alumni Awards

Vice President Scott reported that the Alumni Executive Board recommended that Honorary Alumni Awards be presented to Mr. Gregory Deliyanne, Publisher, The State Journal, and Mr. Robert Cook, General Manager, Oldsmobile Division, General Motors Corporation, at the 1978 Homecoming Banquet.

On motion by Trustee Bruff, seconded by Trustee Radcliffe, it was unanimously voted to approve the above recommendation.

11. Amended Resolution on Sami Esmail

Trustee Krolikowski presented the following amended version of the resolution passed by the Board of Trustees June 23, 1978 regarding Sami Esmail:

WHEREAS, the Board of Trustees of Michigan State University has followed with special interest and concern the developments in the case of Sami Esmail, a Michigan State University student, who was convicted by an Israeli Court for illegal membership under the laws of Israel in the Popular Front for the Liberation of Palestine and sentenced to 15 months in prison;

WHEREAS, Sami Esmail's presence in Israel at the time of his arrest was occasioned by a visit to his critically ill father;

WHEREAS, Michigan State University has a deep and abiding interest and concern in the present and future well-being of its students;

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of Michigan State University joins with all other concerned persons and groups and requests that the Government of Israel suspend the sentence imposed on Sami Esmail; or, alternatively, arrange for his immediate or early release from detention and insure his safe return to Michigan State University.

Unanimously approved on motion by Trustee Krolikowski, seconded by Trustee Bruff.

E. REPORTS TO THE BOARD

1. Insurance Bidding Procedures

Vice President Wilkinson called attention to the procedures that will be followed in receiving bids for the University's liability insurance which expires in April 1979. An outline of the procedures had been supplied to the Trustees and is filed in the Secretary's Office.

2. President's Report

a. Enrollment

President Harden reported that fall term enrollment to date totals 42,900, down about 1%, with enrollment to continue until September 27.

b. Life Insurance Program

Vice President Wilkinson reported that recommendations for consultants to review the University's group life insurance program are expected to be made at the October Board meeting.
President's Report, cont.

2. Campus Safety
   c. Campus Safety

   Assistant to the President Ballard reported that 40 sites for the emergency telephone system have been identified and the program will be implemented in two phases. The first phase, which includes a central control board located in the Department of Public Safety and the installation of 22 emergency telephones, is expected to be in operation by December 15; the second phase, which includes the remaining 18 telephones, is expected to be completed next spring. Phase I of the lighting improvements, which involves some 57 locations on campus, is about 80% complete. Phase II involves an additional 100 locations and will be completed during the spring construction season.

d. Campus Fires

   Vice President Wilkinson distributed a report on the August 21 fire at the WKAR transmitting building and the September 8 fire at the Power Plant 65 cooling towers. Copy of this report is filed in the Secretary's Office.

e. Affirmative Action

   President Harden reported that after several discussions with interested groups and the Executive Advisory Group, it is his recommendation that responsibility for the Affirmative Action program be made a line responsibility from the President's Office to the Provost for academic concerns and to the Executive Vice President for non-academic concerns. He also recommended that the President appoint a person in his office to monitor the program. He requested that the Trustees approve such a structure in principle with the final plan to be presented for action at the October Board meeting.

   Motion was made by Trustee Carrigan-Strickland, seconded by Trustee Bruff, to approve in principle the proposed plan for the Affirmative Action program. Unanimously approved.

3. Board Committee Reports

   a. Investment Committee

   Trustee Krolikowski reported that the Investment Committee had received and referred to the University Administration recommendations for improved portfolio performance from Callan Associates, Inc. It is expected that before the end of the year the Committee will present to the Board recommendations based on the Callan Associates reports and the Administration's analysis of them. Trustee Krolikowski also reported that the Investment Committee had approved two resolutions for referral to the Board for action. The first resolution reads as follows:

   RESOLVED, that the Board of Trustees refer to the Attorney General the following question:

   What is the opinion of the Attorney General respecting the duty and liability of the members of university governing boards, collectively and individually, as to investment of public funds under its control and jurisdiction in respect to a resolution passed by the Michigan State University Board of Trustees in regard to divestiture of stocks of companies doing business in South Africa?

   Motion was made by Trustee Krolikowski, seconded by Trustee Radcliffe, to approve the above resolution. Motion failed by a roll call vote of 2 to 5. Trustees Krolikowski and Radcliffe voted Yes; Trustees Bruff, Carrigan-Strickland, Martin, Stack, and Stevens voted No.

   The second resolution follows:

   RESOLVED, that the Board of Trustees refer to Scudder, Stevens & Clark the following questions:

   1. Can the University divest ownership of corporations doing business in South Africa and still maintain a prudently managed portfolio?
   2. Can the University minimize its holdings in corporations doing business in South Africa and still maintain a prudently managed portfolio?
   3. If the answer to either questions 1 or 2 is yes, what are the appropriate steps to take toward attaining those goals?

   The adoption of this resolution was moved by Trustee Krolikowski, seconded by Trustee Bruff. Trustee Krolikowski accepted Trustee Stack's friendly amendment to include the following question in the resolution: Can the University prudently prohibit adding those same companies to the buy list?

   During the discussion, it was agreed that the above questions should be asked not only of Scudder, Stevens & Clark but also of an outside consultant who would have no interest in managing the account.

   continued -- - -
Resolution was unanimously approved with the understanding that Vice President Wilkinson would rewrite it to include the provision to ask the four questions of an outside consultant as well as Scudder, Stevens & Clark. The resolution as revised reads as follows:

RESOLVED, that the Board of Trustees refer to Scudder, Stevens & Clark the following questions:

1. Can Scudder, Stevens & Clark, acting in the University's behalf, divest ownership of investments in corporations doing business in South Africa and still maintain a prudently managed portfolio?

2. Can Scudder, Stevens & Clark, acting in the University's behalf, minimize the University's holdings in corporations doing business in South Africa and still maintain a prudently managed portfolio?

3. Can Scudder, Stevens & Clark, acting in the University's behalf, prudently exclude from the buy list investments in corporations doing business in South Africa?

4. If the answer to any of the above questions is yes, what are the appropriate steps to take toward attaining those goals?

RESOLVED, that the Board of Trustees refer to an independent consultant to be selected by the Vice President for Business and Finance and the Investment Committee:

1. Can the University divest ownership of investments in corporations doing business in South Africa and still maintain a prudently managed portfolio?

2. Can the University minimize its holdings in corporations doing business in South Africa and still maintain a prudently managed portfolio?

3. Can the University prudently exclude from the buy list investments in corporations doing business in South Africa?

4. If the answer to any of the above questions is yes, what are the appropriate steps to take toward attaining those goals?

b. Health Programs Committee

Trustee Stack reported that the Health Programs Committee discussed University programs relating to aging. At the request of the Provost, Dean Herbert Oyer is convening a University-wide group of people who are interested in the University's teaching, research and service in the area of aging.

The $18 health service fee will be discussed at the next meeting of the committee.

c. Land and Physical Facilities Committee

Executive Vice President Breslin reported the recommendation of the Land and Physical Facilities Committee that the University enter into a second oil and gas lease agreement with Reef Petroleum Corporation for 98 acres of land in Oakland County.

Motion was made by Trustee Bruff, seconded by Trustee Stevens, to approve the above recommendation. Approved by a vote of 6 to 0; Trustee Radcliffe was out of the room at the time the vote was taken.

Mr. Breslin also reported that the Committee recommended that the University give to the Ingham County Road Commission approximately 1.29 acres of pasture-swamp land at Hagadorn and Jolly Roads so that this intersection can be improved.

On motion by Trustee Stevens, seconded by Trustee Bruff, this recommendation was approved by a vote of 6 to 0. Trustee Radcliffe was not in the room at the time the vote was taken.

d. All-University Presidential Search and Selection Committee

Trustee Bruff reported that there is every reason to believe that the Committee will meet the December 1 deadline for submission of the final list of candidates. He also reported that the Search and Selection Committee procedures provide that the chairperson of the Academic Council Steering Committee shall be a member of the Committee. Lester Manderscheid succeeded Gwen Norrell in that position on September 1, and the committee has recommended that both Dr. Manderscheid and Dr. Norrell serve as members of the committee.

On motion by Trustee Bruff, seconded by Trustee Stevens, it was unanimously voted to approve the recommendation of the Search and Selection Committee.
