MINUTES OF THE MEETING
of the
FINANCE COMMITTEE
June 18, 1964

The Finance Committee convened at 7 a.m. at Kellogg Center for breakfast.

The following members were present: Messrs. Bagwell, Harlan, Huff, Merriman, Nisbet, Pingel, Smith, Stevens; President Hannah, Treasurer May and Secretary Breslin

Absent: No one

FINANCE COMMITTEE EXECUTIVE SESSION

The Trustees met in executive session with the President on Wednesday evening, June 17.

1. The detailed salary budgets for Michigan State University and Oakland University had been distributed by mail to the Trustees. The President distributed a list of corrections.

After much discussion, on motion by Mr. Nisbet, seconded by Mr. Harlan, it was unanimously voted to approve the salaries to be effective July 1, 1964, as recommended by the President with the following modifications:

a. The salary of Vice President May was increased from $30,000 to $33,000 per year and he is to be included in the TIAA retirement program effective July 1, 1964, with the University making the usual contributions. This is in addition to the retirement policy with the Lincoln Life Insurance Company which is to be continued in effect in the same manner as heretofore.

b. The salary of Durward B. Varner, Chancellor of Oakland University, is to be increased from $26,000 to $28,000 per year. The retirement policy with the Lincoln Life Insurance Company is to be kept in effect as heretofore and effective July 1, 1964, he is to be included in the TIAA retirement program with the University making the usual contributions to TIAA for additional retirement benefits.

c. The salary of Secretary Jack Breslin is to be increased from $21,000 to $23,500 per year effective July 1, 1964. In addition his entertainment allowance is to be increased to $2,500 per year. Presently he is being paid an allowance of $1,000 to make it possible for him to entertain guests of the University in connection with his work. It is the desire of the Trustees that this allowance be increased to make it possible for him to defray all costs for local entertainment of University guests in the Lansing area or elsewhere calling for the purchase of meals, beverages, golf fees, and similar items. It is expected that he will from this allowance pay all costs of club memberships, meals, beverages, golf fees, et cetera in the Lansing and central Michigan areas without additional compensation.

2. After President Hannah had departed the Trustees discussed his salary.

On motion by Mr. Harlan, seconded by Mr. Merriman, it was unanimously voted to increase the salary of President Hannah to $36,000 per year effective July 1, 1964; and in addition to provide an additional retirement provision beyond those now in effect by authorizing his inclusion in the TIAA retirement program with the usual University contribution to provide additional retirement income for him.

Executive session adjourned.

2. Authorization is requested to sell the 120 shares of Union Oil of California stock given to Oakland University.

On motion by Mr. Huff, seconded by Mr. Harlan, it was voted to approve Items 1 and 2.

3. Mr. May reviewed the budget summaries for Michigan State University and Oakland University that had previously been distributed to the Trustees.

After considerable discussion, on motion by Mr. Nisbet, seconded by Mr. Merriman, it was voted to approve the following summary budget which, when taken in conjunction with the detailed salary budget approved in Item 1 of the Executive Session, completes action on the budget for 1964-65:

For the 1964-65 fiscal year the Board of Trustees will have available for the four separately budgeted programs the following amounts:

- Michigan State University: $33,557,322
- Oakland University: 2,754,531
- Agricultural Experiment Station: 4,397,357
- Cooperative Extension Service: 4,723,763

A summary of general fund income for Michigan State University shows the following sources of income for 1964-65:

- Student Fees: $9,072,040
- Student Fees, Off-Campus: 590,000
- State Appropriation: 31,364,333
- Federal Morrill-Nelson: 385,949
- Other Income:
  - Application Fees: 200,000
  - Departmental Receipts: 500,000
  - Vocational Education: 75,000
  - Land-Grant Interest: 74,000
  - Dormitory Utilities: 566,000

A summary of the budget for 1964-65 is shown below:

- Salaries: $30,505,294
- Labor: 3,948,734
- Supplies and Services: 7,946,671
- Equipment: 1,156,624

A total of $43,557,322 is available for distribution to the Trustees.

Vice President May will, as soon as convenient, prepare the detailed budget books for distribution to the Trustees.

4. By telephone vote, the Board of Trustees approved an honorary Doctor of Laws degree for Akhter Hameed Kahn, Director of the Academy for Rural Development for East Pakistan at Comilla. It is recommended that this preliminary approval be formally ratified.

On motion by Mr. Bagwell, seconded by Mr. Huff, it was voted to ratify the above vote.

5. The amount of legal work required by the University continues to increase. Tentative arrangements have been worked out with Attorney Lee Carr as follows:

He will continue as the University Attorney as in the past, giving about the same fraction of his time as he has in the past to handle the most important items requiring his attention. The budget provides an increase in compensation for him from $14,000 per year to $15,000 per year.

It is proposed that beginning July 1, the University provide an annual retainer of $10,000 per year to the law firm of Anderson, Carr & Street. This will be used for the employment of an additional attorney and will make available whatever time is required to handle the recurring daily routine for legal services involving the preparation of papers and documents, representation before commissions and courts, the handling of compensation cases, etc.

On motion by Mr. Huff, seconded by Mr. Bagwell, it was voted to approve the above item.
Minutes of Finance Committee Meeting, continued:

6. After months of consideration, there is submitted a proposed revision of the Travel Regulations for Faculty and Employees. The complete document is on file with the supporting material for these minutes. In accordance with past practice, these regulations should be approved by the Trustees to become effective July 1, 1964.

On motion by Dr. Smith, seconded by Mr. Pingel, it was voted to approve the above new travel regulations.

7. The President reported that subject to approval by the Trustees it is planned to reactivate the Highway Traffic Safety Center about as follows:

a. Budget increased to $250,000 as authorized by the legislature and recommended by the Governor.
b. Program to operate under Continuing Education Service.
c. The appointment of an Advisory Committee by the President.

On motion by Mr. Merriman, seconded by Mr. Huff, it was voted to approve the above item.

8. A letter has been received from the Accounting Division of the State Department of Administration notifying the University of the cancellation from this date forward of the payment by the State of the annual land-grant interest fund.

After discussion, it was unanimously agreed to instruct Attorney Lee W. Carr to proceed with the cooperation of the officials of the University, to do whatever is necessary to accomplish the continuance of these annual payments.

9. Discussion of the possible purchase of reconditioned second-hand buses from John D. McGuigan, Inc., Chicago, to be used on campus as part of the University bus service.

On motion by Mr. Huff, seconded by Mr. Harlan, it was voted to authorize the purchase of second-hand buses for use on campus as part of the University bus service, from John D. McGuigan, Inc., of Chicago, on a negotiated price basis.

10. It has been customary for the Board to authorize Vice President May, with the approval of the President to make such year-end fund adjustments as are necessary to facilitate the closing of the books and accounts.

On motion by Mr. Huff, seconded by Mr. Merriman, it was voted to approve the above item at the end of the current fiscal year June 30, 1964.

11. Discussion of the C. W. Bachman retirement. Mr. Bachman insists that there was a firm commitment that his retirement pension would be $3,000 per year instead of the $2,000 he is and has been receiving since December 1954.

On motion by Mr. Merriman, seconded by Dr. Smith, it was voted to authorize an increase in the pension payment to Mr. Bachman to be effective July 1, 1964 to $3,000 per year. It is understood that this pension terminates with the death of Mr. Bachman.

Mr. Huff wished to be recorded as voting "no" on this item.

12. Since no funds were included in the legislative authorization for the authorized pesticide center, it is requested by Dean Cowden that permission be granted to construct a greenhouse and headhouse to cost not to exceed $130,000, to be used for this purpose to be financed from funds being segregated from Experiment Station and other Agricultural College funds.

On motion by Mr. Nisbet, seconded by Mr. Pingel, it was voted to approve the above recommendation.

13. The President presented the following communication from Mr. May:

Since the time of my original appointment on March 15, 1947, I have been bonded in the amount of $250,000. This is a three-year bond which has been renewed periodically for the same amount and, for many years, with the same company.

About a week ago I was advised that the premium on this bond had been increased from approximately $1,600 for a three-year term to a little over $3,000. Because of this very material increase, we considered transferring the bond to another company; and the best rate attainable seems to be with the Peerless Insurance Company for approximately $2,360 for a $250,000 bond.

There is another possibility which could be considered. Under the surety bond rate structure, statutory bonds for some reason carry a much higher premium than ordinary fidelity and performance bonds. Section 390.105 of the Compiled Laws of Michigan provide in part: "Said board shall also at the same time elect a secretary and treasurer, each of whom shall hold office at the will of the Board and give bonds satisfactory to said board to secure the faithful performance of the duties of his office."

This provision of the law does not require any specific amount of bond. If the Board should decide that a $10,000 statutory bond on its Treasurer was satisfactory, it could then put excess coverage on me as Vice President for Business and Finance in the amount of $235,000, which, with the $15,000 blanket coverage, would give a $250,000 coverage on my faithful performance of duties.
Minutes of the Finance Committee Meeting, continued:

13. Bond for Mr. May, continued:

If the Board approves the idea of a $10,000 bond and a $250,000 coverage on me as a business officer, the premium would be only about $450 for a three-year period as against the lowest attainable cost of $2,360 for a $250,000 statutory bond. Since this bond is given for the protection of the Board, it is not a matter on which I should make a decision; and I am therefore asking you to advise me as to the type of bond to be given to the Trustees.

Attorney Lee Carr indicated that in his view, the $10,000 bond and such additional coverage as the trustees decide upon under the blanket coverage bond for business officers was legal and appropriate.

On motion by Mr. Huff, seconded by Mr. Harlan, it was voted to approve this procedure in principle with the understanding that a study would be initiated by Mr. May, the University Attorney and the President to determine what the appropriate bond coverage should be in view of the increasing magnitude of University operations and with the understanding that the decision as to the amount of this additional bonding protection would be decided at the July meeting.

14. Dean Taggart and Akhter Hameed Khan appeared before the Trustees to discuss International Programs and particularly the program in East Pakistan Comilla financed by the Ford Foundation.

15. It has been customary for the Board to authorize the President and the Treasurer to make year-end transfers to be subsequently reported to the Board of Trustees. Maintenance and repair items have not been included in the regular budget but have been handled out of year-end balances.

It is now recommended that the Board authorize the use of available year-end balances at the end of this fiscal year for the following purposes:

a. General Maintenance
   1) Complete re-keying of academic buildings
      Gildner Hall, Stadium, Administration, Food Science, and Wells Hall $ 4,000
   2) New supply fan and distribution system for the mental hygiene ward at Olin Health Center is under negative pressure and has an extreme shortage of supply air 8,800
   3) Men's Intramural Replace quarry tile cap on curb around outside pool (badly deteriorated and unsafe) 3,500
   4) Berkeley Hall Replace tile in corridors first floor with terrazzo. Tile should be replaced this year 2,000
   5) Anthony Hall, Room 11 Install terrazzo floor. This is the poultry-killing room. The epoxy covering has never been satisfactory 1,500
   6) Gildner Hall Replace 16 leaky Kemstone sinks 2,200
   7) Men's Intramural Building Continue cutting expansion joints, freeing masonry from steel; also rebuild south wall of east wing 25,000
   8) Natural Science Add branch circuit panels and install new feeders. Circuits are doubled up 7,000
   9) Biology Research Reset windows with proper sill so that condensation does not run down into masonry wall. Point and caulk as necessary 4,000
   10) Erickson Hall Repair general cracked masonry areas and cut expansion joints at window sections through masonry to prevent additional damage 3,500
   11) Library Complete Thiokol caulking of joints and windows to eliminate leaks 10,000
   12) Wells Hall Replace radiator valves. We are making several trips each week during heating season because these valves do not close off, causing condensate to build up in radiator and through air vents 2,300
   13) Horticulture Install new lighting distribution panel and ventilate machine and electric room. Present panels overloaded. Circuits are doubled up 7,000
   14) Computer Center Cut, point, and caulk all wash joints on stone coping, belt courses, sills, etc. Point brick as necessary 4,000
   15) Morrill Hall Replace roof with new 20-year pitch and gravel 9,000
   16) Administration Building Provide new water-cooler-type drinking fountains 2,000
   17) Agricultural Hall Provide new water-cooler-type drinking fountains 2,800

Total General Maintenance $99,700

BOAGD OF TRUSTEES
June 18, 1964

Present: Dr. Smith, Chairman; Messrs. Bagwell, Harlan, Huff, Merriman, Nisbet, Pingel, Stevens; President Hannah, Treasurer May and Secretary Breslin

Absent: No one

The meeting was called to order at 10:10 a.m.

The minutes of the May meeting were approved with correction to be made in a figure on page 14, item 26. The figure in the last paragraph should be $6,500,000 instead of $5,600,000.

SPECIAL MISCELLANEOUS

1. Approval of the Finance Committee items on the preceding pages.

On motion by Mr. Nisbet, seconded by Dr. Smith, it was voted to approve the Finance Committee items.

2. Mr. May reported on the serious problem that has developed as a result of the persistent strike of the plumbers on our building projects. He reported that we have reached a point where there is a serious question as to whether Akers and Fee Halls can be completed for occupancy at the beginning of the coming fall term.

On motion by Mr. Merriman, seconded by Mr. Huff, it was voted to call this situation to the attention of the Governor, the State Labor Mediation Board and other appropriate officials of the Federal and State governments, and to point out that if these halls are not completed, more than 2600 students who have been admitted for next fall and assigned rooms in these halls cannot be accommodated. It is requested that all agencies use their best offices to bring about an early settlement of this strike.

10. Grants as follows to be used under the direction of W. F. Meggitt in Crop Science:
   a. Approval of a memorandum of agreement covering a grant of $300 from the Stauffer
      Chemical Company of Mountain View, California, to study the effect of thiocarbamate
      herbicides on navy beans, soybeans, and corn.
   b. Approval of a memorandum of agreement with the Union Carbide Corporation of New
      York City to study the effects of soil type, temperature, and environmental factors
      on the activity of herbicides in soybeans. Grant of $750.

11. Grant of $6,500 from the National Institutes of Health of Bethesda, Maryland, to be
    used under the direction of H. D. Hafs in Dairy for a predoctoral fellowship.

12. Grant of $8,000 from The Rockefeller Foundation of New York City to be used under the
    direction of G. A. Borgstrom in Food Science to complete research work and prepare for
    three treatises on the International Utilization of Protein.

13. Grants as follows from the National Institutes of Health to be used in the Food Science
    Department:
    a. $12,720 under the direction of L. E. Dawson and W. L. Mallmann to study the chemical
       and bacteriological changes in frozen eggs.
    b. $19,710 under the direction of B. S. Schweigert and J. R. Brunner to determine
       the nature of bound forms of vitamin B12 in bovine milk and other foods.
    c. $82,670 under the direction of B. S. Schweigert to support graduate and post-doctorate
       programs in basic science aspects of food science, including food engineering.

14. Grant of $5,453 from the Bureau of Commercial Fisheries of Washington, D.C., to be used
    under the direction of B. S. Schweigert in Food Science to support a graduate fellowship.

15. Grant of $1,341 from the American Maize-Products Company of New York City to be used
    under the direction of C. M. Stine in Food Science to study the effect of high-maltose
    corn syrup on flavor, body, and texture of ice cream.

16. Grants as follows to be used under the direction of James W. Goff in the School of
    Packaging:
    a. $3,000 from Elektra Products Company of Lansing to determine company packaging
       functions, costs, and cost assignments.
    b. $3,000 from the Kaiser Aluminum and Chemical Corporation of Oakland, California, to
       conduct basic research on the gas permeability of packaging materials.
    c. $3,000 from International Business Machines Corporation of New York City for studies
       on the control of physical damage to packaged merchandise and packages in all its
       aspects.

17. Approval of a memorandum of agreement with Naugatuck Chemical Division of the United
    States Rubber Company of Naugatuck, Connecticut, covering a grant of $1,000 to be used
    under the direction of M. J. Bukovac in Horticulture for study of the chemical modifi-
    cation of plant response to environmental stresses.

18. Approval of a memorandum of agreement with Gerber Baby Foods and Fremont covering a grant
    of $5,000 to be used under the direction of R. F. Carlson in Horticulture to develop
    dependable rootstocks for apricots, peaches, pears, and plums.

19. Renewal of a memorandum of agreement with the Michigan State Apple Commission of East
    Lansing covering a grant of $500 to be used under the direction of D. R. Dilley and
    D. R. Dewey in Horticulture to investigate the mechanism of respiration of apple fruits
    during development, maturation, and senescence to better interpret the influence of
    environmental and cultural factors on fruit quality and composition.

20. Renewal of a memorandum of agreement with the Mink Farmers Research Foundation of Milwaukee
    covering a grant of $5,000 to be used under the direction of P. J. Schaible in Poultry
    Science for research on the nutrition and physiology of mink.

21. Renewal of a memorandum of agreement with the Geigy Agricultural Chemicals Division of
    Yonkers, New York, covering a grant of $5,000 to be used under the direction of B. G.
    Ellis and J. F. Davis in Soil Science to determine the role of zinc in the growth of farm
    crops in Michigan soils.

22. Grant of $100 from the French Government to be used under the direction of G. J. Joyaux
    in Foreign Languages to promote students’ interest in and knowledge of French.

25. Grant of $3,000 from The Sperry and Hutchinson Company of New York City to be used under the direction of Stanley C. Hollander in Marketing and Transportation for a study of retail pricing.

26. Grant of $3,600 from the Associated Traffic Clubs of America of Baltimore, Maryland, to be used under the direction of E. W. Smykay in Marketing and Transportation for experimentation, study, and materials preparation in programmed learning in marketing and transportation.

27. Grant of $1,500 from the Committee on Institutional Cooperation of Lafayette, Indiana, to be used under the direction of W. W. Farquhar in Education to develop a proposal for cooperative action within Big Ten universities in the use of new media in instruction of educational psychology.

28. Grants as follows from the United States Office of Education of Washington, D.C., to be used in the College of Education:
   a. $96,905 under the direction of Norman Kagan for the 1964-65 Guidance Institute.
   b. $5,305 under the direction of J. M. Gordon, Jr., and D. R. Krathwohl to study the interacting effects of varying step size and feedback in programmed instruction.

29. Grant of $2,000 from the Michigan Association of Secondary School Principals in Ann Arbor to be used under the direction of W. H. Roe in Education to provide finance for editing of publications.

30. Grant of $120 from the Jonesville Community Schools to be used under the direction of J. D. Ryder and A. L. Hunter in Engineering and Continuing Education to aid a student attending the High School Engineering Institute.

31. Grant of $3,000 from The Dow Chemical Company of Midland to be used under the direction of Dean Ryder in Engineering to provide assistance to a capable graduate student in Chemical Engineering.

32. Grant of $117,000 from the American Chemical Society of Washington, D.C., to be used under the direction of D. K. Anderson in Engineering Research to study diffusion in ionic polymer systems.

33. Grant of $7,000 from The General Foods Fund, Inc., of New York City to be used under the direction of Dean Porter in Home Economics to set up fellowships in the College of Home Economics for full time students meeting the requirements for graduate study who have an interest in advanced study and who have definite plans for a professional career. The provisions of the grant provide for two $3,000 fellowships and an additional grant of $1,000 to the College of Home Economics.

34. Grant of $76,029 from the United States Atomic Energy Commission of Washington, D.C., to be used under the direction of L. G. Augenstein in Biophysics to study the physical mechanisms in the inactivation of proteins by radiation.

35. Grant of $16,880 from the National Institutes of Health to be used under the direction of E. C. Cantino in Botany and Plant Pathology for research on the biochemistry of morphogenesis.

36. Grants as follows to be used under the direction of D. J. deJong in Botany and Plant Pathology:
   a. $100 from the Diamond Alkali Company to aid in support of a research assistantship in soil and treatment fungicides.
   b. $250 from the FMC Corporation, Niagara Chemical Division, of Middleport, New York, to aid in support of a research assistantship in seed and soil treatment fungicides.

37. Grant of $16,411 from the Atomic Energy Commission of Washington to be used under the direction of A. H. Ellingboe in Botany and Plant Pathology for research on the mechanisms of Genetic Recombination in vegetative cells of Schizophyllum commune.

38. Grants as follows to be used under the direction of E. J. Klos in Botany and Plant Pathology for tree fruit disease control research:
   a. $1,000 from Diamond Alkali Company of Cleveland, Ohio
   b. $500 from Pennsalt Chemicals of Aurora, Illinois

39. Grants as follows to be used under the direction of H. S. Potter in Botany and Plant Pathology:
   a. $500 from the California Chemical Company of Richmond, California, for research on the control of disease of vegetables using chemical protectants
   b. $750 from Diamond Alkali Company of Cleveland for studies in the control of diseases of vegetables using experimental foliar protectants.
   c. $200 from Gillette Inhibitor Company of Chicago for research on the control of bacterial diseases of pickles, tomatoes, and celery, using new soluble forms of copper.
   d. $750 from the Niagara Chemical Division, FMC Corporation, of Middleport, New York, to study foliar diseases on potatoes, tomatoes, onions and lettuce using a new experimental compound.
   e. $300 from Rohm & Haas Company of Philadelphia to study the fungitoxic and phytotoxic effect of new dithiocarbamates used as foliar protectants on vegetables.

40. Grant of $4,500 from the National Science Foundation of Washington, D.C., to be used under the direction of G. W. Prescott in Botany and Plant Pathology for research on the limnological exploration of far-south latitude lakes.

41. Grant of $3,000 from the Dow Chemical Company of Midland to be used under the direction of A. I. Popov in Chemistry to support summer scholarships in that department.

42. Grants as follows from the United States Atomic Energy Commission of Washington to be used in Chemistry:
   a. $20,000 under the direction of C. H. Brubaker, Jr., to study the effects of polyfunctional anions on electron transfer between metal ions in solution.
   b. $15,000 under the direction of G. R. Karabatsos for studies of physical-organic chemistry problems by use of isotopes.

43. Grant of $8,907 from the United States Department of Agriculture to be used under the direction of Gordon Guyer in Entomology for expanded cereal leaf beetle research.

44. Grant of $3,000 from Chemagro Corporation of Kansas City, Missouri, to be used under the direction of Gordon Guyer and Angus Howitt in Entomology, to evaluate various insecticides.

45. Grants as follows to be used under the direction of Angus Howitt in Entomology:
   a. $2,500 from General Chemical Corporation of Yonkers, New York, to evaluate insecticides for control of various fruit insects.
   b. $800 from General Chemical Division of Allied Chemicals of Morristown, New Jersey, to evaluate various insecticides for fruit insect control.
   c. $1,000 from Humble Oil & Refining Company of Baytown, Texas, to evaluate various spray oils in control of mites on apple trees.
   d. $1,000 from Sun Oil Company of Philadelphia to evaluate various insecticides for use in control of fruit insects.
   e. $3,000 from Union Carbide Corporation of New York City to evaluate insecticides for control of fruit insects.

46. Grant of $11,540 from the National Geographic Society of Washington, D.C., to be used under the direction of M. M. Miller in Geology in support of the Alaskan Commemorative Glacier Project.

47. Grant of $6,000 from the National Science Foundation to be used under the direction of W. J. Hinze and J. W. Trow in Geology for research entitled "Aeromagnetic Survey of Lakes Superior, Huron, and Michigan.

48. Grants as follows from the National Science Foundation to be used in Physics and Astronomy:
   a. $53,100 under the direction of P. A. Schroeder, F. J. Blatt and Meyer Garber for research entitled "Electronic Properties of Metals and Alloys."
   b. $66,000 under the direction of C. D. Hause and T. H. Edwards for research entitled "High Resolution Absorption Spectra and Magnetic Rotation Spectra in the Near Infrared Region."

49. Grant of $9,000 from Research Corporation of New York City as a Frederick Gardner Cottrell grant in aid of Harold Weinstock in Physics and Astronomy for research entitled "Studies of Liquid and Solid He^ below 1K."

50. Grant of $12,000 from the Office of Naval Research to be used under the direction of J. M. Gani in Statistics to investigate stochastic models of bacteriophage reproduction and attachment.

51. Grants as follows from the National Institutes of Health for Zoology:
   a. $627 from the National Institute of Allergy and Infectious Disease to be used under the direction of R. N. Band to study phylogenetic relationships of small soil amoebae and the metabolic changes required for one of them to become a parasite of mammals.
   b. $16,442 under the direction of J. A. King for development of research.
   c. $4,500 under the direction of C. S. Thornton to support a fellowship.
   d. $5,000 under the direction of C. S. Thornton to support a fellowship.

52. Grant of $1,500 from the Committee on Institutional Cooperation of Lafayette, Indiana, to be used under the direction of L. M. Sommers in Geography to help facilitate meetings of Geography Chairmen to discuss areas of inter-institutional cooperation in geography.

53. Grant of $99,392 from the National Institutes of Health to be used under the direction of C. L. Winder in Psychology to support graduate training in clinical psychology.

54. Grant of $3,030 from the Department of Health, Education, and Welfare of Washington to be used under the direction of G. J. Aldridge in Social Work for a traineeship for a graduate social work student interested in the field of child welfare.

55. Grant of $14,802 from the National Institute of Mental Health to be used under the direction of Myrtle R. Reul in Social Work for six traineeships for graduate social work students.

56. Grant of $200,256 from the Department of Health, Education, and Welfare to be used under the direction of David Gottlieb in Sociology and Anthropology and Education to study relationships between the racial composition of the high school and the social structure of adolescent behavior.
Gifts and Grants, continued

57. Grant of $8,124 from the Department of Health, Education, and Welfare to be used under the direction of Warren Tenhouten in Sociology and Anthropology to develop and test a theoretical system of interaction among Negro and white students.

58. Grants as follows to be used under the direction of Dean Armistead in Veterinary Medicine to purchase books for the Veterinary Library:
   a. $20 from Dr. Alan W. Winter of Benton Harbor (in memory of Dr. and Mrs. Roy Bergman of Cassopolis).
   b. $68.35 from the Michigan Veterinary Medical Association of Grand Rapids (in memory of Drs. Stevens, Stirling, Curtis, Kershaw, and Bergman).

59. Grant of $5,000 from the National Institutes of Health to be used under the direction of Dean Armistead in Surgery and Medicine to develop and test an internal medical records system for use by university veterinary hospitals.

60. Grants as follows from the National Institutes of Health to be used in Microbiology and Public Health:
   a. $11,270 under the direction of C. H. Cunningham for studies of hemagglutination by infectious bronchitis virus.
   b. $45,000 under the direction of O. W. Kaufmann for development of Clostridium botulinum in association with other spore-forming organisms.

61. Grant of $400 from the United States Vitamin and Pharmaceutical Corporation of New York City to be used under the direction of C. P. Fairy in Pharmacology to study the responses of deeply anesthetized dogs to Vanillic Acid Diethylamide.

62. Grant of $40,000 from the National Institutes of Health to be used under the direction of Joseph Meites in Physiology to expand the training of graduate students in physiology.

63. Grants as follows to be used under the direction of Homer Higbee in International Programs to provide emergency aid to foreign students:
   a. $100 from Edgewood United Church Women's Society of East Lansing
   b. $100 from the Woman's Society of Peoples Church of East Lansing
   c. $50 from Beatrice Vincent of East Lansing

64. Grant of $2,500 from Clark Equipment Company of Buchanan to be used under the direction of A. L. Hunter in Continuing Education to help finance the graduate program at the Benton Harbor Center.

65. Grant of $10 from the Women's National Farm & Garden Association, Inc., Michigan Division, of Union Lake, to be used under the direction of A. L. Hunter in Continuing Education to support the Christmas Adventure in World Understanding Program.

66. Grants as follows to be used under the direction of W. H. Knisely in the Institute of Biology and Medicine:
   a. $50 from the Michigan Tuberculosis and Respiratory Disease Association of Lansing to be used for in vivo observation on circulation in small animals.
   b. $1,500 from Sandoz Pharmaceuticals of Hanover, New Jersey, to be used for in vivo observation on circulation in small animals.

67. Grant of $7,475 from the Department of Health, Education, and Welfare to be used under the direction of P. L. Dressel in Institutional Research to compare the commuting student with the non-commuting student.

68. Grant of $1,000 from Mrs. Betelle R. Warren of Lakeside to be used under the direction of M. R. Cain in the Museum to employ a person to assist in collecting manuscripts and artifacts concerning early Michigan.

69. Grant of $800,000 from the Department of Health, Education, and Welfare for the National Defense Student Loan Program.

70. Grant of $700 from The Babcock & Wilcox Company of New York City to be credited to the Discretionary Gift Fund. This is a part of the overall aid-to-education program.

71. Unrestricted gift of $15,000 from the estate of Drury Porter of Lansing.

72. Gift of $500 from McGraw-Hill, Inc., of New York City to be credited $500 to the Packaging Foundation Project and $5 to the Discretionary Gift Fund.

73. A check for $25,000 and 75 shares of Summers Fertilizer Company, Inc., stock valued at about $1,300 has been received from the estate of Albert H. Case, to be added to the Albert H. Case trust account, 31-3493.

On motion by Mr. Huff, seconded by Mr. Pingel, it was voted to accept the Gifts and Grants.
