On motion of Mr. Brody, seconded by Mr. Jakway, it was voted to accept the first three alternates and proceed with the construction of the building as planned with the exception of these first three alternates.

On motion of Mr. Berkey, seconded by Mr. Downing, it was voted to authorize the Secretary to file an application to the Public Works Administration for a 45% grant for the additional money necessary to make possible the construction of the building. A total of $275,000.00 additional financing is required. The following resolution was filed with the PWA:

WHEREAS, the State Board of Agriculture has previously accepted a grant from the Public Works Administration of $337,000.00 and created a Construction Account and deposited therein $412,500.00 of its own funds for the purpose of constructing an auditorium on the campus of Michigan State College; and
WHEREAS, a contract for the excavations and foundations was entered into with Jerome Utley of Detroit on November 16, 1936 for $19,740.00, and
WHEREAS, unforeseen soil conditions necessitated a supplemental contract with the Utley Company and a second supplemental contract covering foundations and excavations on a unit price basis, the total additional cost now estimated to be approximately $30,000 making the total cost of the foundations and excavations approximately $50,000.00; and
WHEREAS, bids have been taken on the super structure at a public opening in accordance with PWA regulations on March 8, 1939 and the low bidder is the Reniger Construction of Lansing, Michigan with a bid including the acceptance of the first three alternates of $919,927.00; and

WHEREAS, the State Board of Agriculture has decided it unwise to accept the additional alternates since the resulting building would entirely fail to fulfill the purposes for which the building is being constructed; and

WHEREAS, it is now required to arrange the financing of an additional $275,000.00 before proceeding further,

NOW, THEREFORE BE IT RESOLVED to immediately request the Public Works Administration for an additional grant of 45% of $275,000.00, or $123,750.00 and the Secretary of the State Board of Agriculture is hereby instructed to immediately forward this request to the Public Works Administration and take such steps as are necessary to secure favorable action on this request by the Public Works Administration.

On motion of Mrs. Masselink, seconded by Mr. Regekey, it was voted to authorize the Ann Arbor Trust Company to proceed to secure additional financing up to $275,000.00 upon the same terms and conditions as the original financing.

On motion of Mr. Halsted, seconded by Mr. Brody, it was voted to approve the awarding of the contract on the auditorium to the Reniger Construction Company, the low bidder, at $919,927.00.

The President and Secretary are authorized and instructed to sign the necessary contracts after the additional financing has been completed with the Ann Arbor Trust Company and the PWA.
