RESOLVED that the above investment report be accepted.

Unanimously approved upon motion by Trustee Thompson, seconded by Trustee Radcliffe.

2. Gifts totaling $2,500 were given in memory of John Garver. Mrs. Garver has requested that the interest income from the principal account be transferred to the Ralph Young Fund.

It is recommended that the Board approve the establishment of a fund functioning as an endowment for the purpose indicated above and that this fund be invested in the Consolidated Investment Fund.

RESOLVED that the above recommendation be approved.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Carrigan.

3. Vice President Wilkinson reported that the University has received an offer, which expires May 20, 1974, to purchase the Michigan Bell Telephone Co. office facility located in Wayne, Michigan. Mr. Wilkinson submitted the following information to aid in the consideration of this offer.

The University and the Michigan Bell Telephone Company entered into an agreement in 1957 whereby the University erected a building in Wayne, Michigan which was leased by the Michigan Bell Telephone Co. This structure is an investment of the Retirement Fund of the University totaling $131,024. The building is located in the central business area of the city which is currently under urban renewal and consists of 7,954 square feet. The current indebtedness on the University books for this facility is $43,732.

The current lease with the Michigan Bell Telephone Co. was effective December 1, 1973 and extends for a five-year period, with two five-year options to extend subject to rental rate adjustment. The University is currently receiving an annual rent of $20,860 which will be reduced on June 1, 1974 to an annual rate of approximately $14,800, since the University was unable to satisfactorily provide parking arrangements adjacent to the facility. The efforts on behalf of the University to secure additional parking have been previously reported to the Board.
Finance Committee Minutes, continued

May 17, 1974

3. Wayne Property, continued

The University has received an offer to purchase this property through Mr. David A. Cotter, an East Lansing realtor, in the amount of $118,000 with an option that this purchase agreement be exercised by the University on May 20, 1974. Since the University had not listed this property for sale, a prior appraisal was not obtained. However, with the receipt of this offer, Mr. William Porter of Porter Realty in Lansing was requested to render an opinion as to the value of this property. Time did not permit Mr. Porter to conduct a thorough appraisal, but it was his opinion that the value of the property would be between $100,000 and $135,000.

The offer to purchase did not identify Mr. Cotter's client. However, in a follow-up conversation with Mr. Cotter, Vice President Wilkinson informed him that if this offer was accepted by the University, the client would have to be identified in order to protect the University against a possible conflict of interest involving a University employee and, also, that financial arrangements acceptable to the University would have to be satisfactorily resolved.

Facts that should be considered by the Trustees in making a decision are that the present investment will earn approximately $14,800 per year, and that an investment of the proceeds from sale of the property, based on a 10% factor for income and appreciation, would generate approximately $11,800 per year. Another factor which must be considered is the appreciation of an equity asset versus a real estate asset. The Wayne property is currently land-locked and the University has been unsuccessful in securing additional parking after many months of effort. Without additional parking, the asset is of limited value and with doubtful appreciation.

Attorney Carr is currently reviewing the offer to purchase.

The Trustees agreed that the offer of $118,000 submitted by Mr. Cotter's client would not be accepted but that after an official appraisal the listing of the property for sale should be considered.

4. Report from Vice President Wilkinson and Assistant Vice President Terry on the status of funding of the University retirement plans.

In June 1972, when the Board approved the conversion of the non-contributory retirement plans to a contributory plan under TIAA/CREF, it was understood that periodic reports would be made as to the status of funding past service costs. The following report reflects funds made available to this program through March 31 of this fiscal year. An actuarial study is currently under way to update previous estimates of total past service costs. The results of that study, together with a complete report as to the status of the funding program, will be presented to the Board in the fall.

Trustees Huff and Thompson asked that, in view of the rising cost of living, the possibility of adjusting retirees' pensions be investigated. Trustee Buff commended those involved in conducting the smooth transition from the non-contributory to the TIAA/CREF retirement plan.

5. In a follow-up discussion on the AICPA Audit Guide and its impact on the financial operations of the University, the Trustees discussed a letter from Ernst & Ernst indicating that most of the concerns relating to the Audit Guide have been satisfactorily resolved.

Assistant Vice President Stephen Terry also reported that he had surveyed other public educational institutions with several questions regarding their compliance with the practices outlined in the Audit Guide and found that MSU compares very favorably with the other institutions.

A memorandum covering MSU's variations from the Guide will be prepared for discussion, before the June 21 Board meeting, by the Trustees' Audit Committee (Trustees Martin and Thompson) with Ernst & Ernst. A copy of this memorandum will be distributed to all Trustees.
Finance Committee Minutes, continued  
May 17, 1974

6. In September 1973 the Board of Trustees authorized the Administration to investigate 
the possibility of purchasing additional land for the development of horticulture 
research. Executive Vice President Breslin distributed a map showing the location of 
property in Boston Township, Ionia County, on which options have been taken for this 
proposed new horticulture research center. (The map and a brief description of each 
parcel of land are filed in the Secretary's Office). Mr. Breslin introduced Dean L. L. 
Boger, College of Agriculture and Natural Resources, and Chairman John Carew, Department 
of Horticulture, who further described the properties and emphasized the desirability 
of their acquisition for the Horticulture Department.

Motion was made by Trustee Huff, seconded by Trustee Carrigan, to exercise the options on 
the Mick (219 acres), Bowen (1 acre), Mick (40 acres), and Tucker (99.01 acres) parcels at 
a total cost of $422,000.

Trustee Merriman moved a friendly amendment, which was accepted by Trustee Huff, to purchase 
also the Kooiman property (80 acres) at an additional cost of $80,000, the option on which 
expires August 1, 1974.

President Wharton pointed out that since the Kooiman option does not expire until August 1, 
1974, an alternative would be to approve the purchase of the Mick, Bowen, Mick, and Tucker 
parcels and delay action on the Kooiman option pending a further analysis of the desirability 
of acquiring this property with perhaps a site visit by all or some of the Trustees.

This alternative action was offered as a substitute motion by Trustee Martin. It was 
seconded by Trustees Stevens and Carrigan and unanimously approved.

Adjourned.

MINUTES OF THE MEETING 
of the 
MICHIGAN STATE UNIVERSITY 
BOARD OF TRUSTEES 
May 17, 1974

Present: Trustees Carrigan, Huff, Martin, Merriman, Radcliffe, Stack, Stevens, and Thompson; 
President Wharton, Executive Vice President and Secretary Breslin, Vice President 
Wilkinson, Provost Cantlon, Vice Presidents Muelder, Nonnamaker, Perrin and Scott, 
Assistant to the President Ballard, Attorney Carr.

Absent: No one.

The Board convened in the Board Room at 10:45 a.m.

1. President Wharton announced that two items should be added to the agenda under Other 
Items for Action: Item 9, Selection of Architect for Performing Arts Center; Item 10, 
Allocation of President Wharton's Directors Fees.

Motion was made by Trustee Carrigan, seconded by Trustee Thompson, to approve the agenda. 
Unanimously carried.

2. On motion by Trustee Thompson, seconded by Trustee Martin, it was unanimously voted to 
approve the minutes of the April 19 Board meeting.

3. Motion was made by Trustee Martin, seconded by Trustee Thompson, to approve the actions 
taken in the May 17 Finance Committee meeting. Unanimously carried.

A. PERSONNEL CHANGES

Resignations

1. Kay Ann Siegrist, Extension 4-H Youth Agent, At Large, effective April 29, 1974 to seek 
other employment.

2. Marvin L. Hayenga, Associate Professor, Agricultural Economics, effective May 23, 1974 
to accept a position with General Foods.

3. Ronald W. Hodgson, Instructor, Park and Recreation Resources, effective June 30, 1974 
to accept employment as assistant professor in Park and Recreation Management and 
Agricultural Experiment Station, Department of Environmental Horticulture, University 
of California - Davis.

4. Alexander Murray, Associate Professor, Music, effective August 31, 1974 to take a position 
as Professor of Flute at the Royal Dutch Conservatory of Music in the Hague, Netherlands.

5. Carol A. Cunningham, Instructor, Accounting and Financial Administration, effective 
March 31, 1974 due to illness.

6. Allan B. Mandelstamm, Professor, Economics, effective August 31, 1974 to accept a position 
in the Department of Economics at the Virginia Polytechnic Institute, Blacksburg, Virginia.
A. PERSONNEL CHANGES, continued

Resignations, continued

May 17, 1974

7. Joanne A. Sudman, Instructor, Audiology and Speech Sciences, effective April 30, 1974 to follow her husband out of the state.

9. Lawrence T. Novak, Assistant Professor, Electrical Engineering and Systems Science and Crop and Soil Sciences, effective August 31, 1974 to accept a position at Cleveland State University.

11. Neil H. Cullen, Assistant Professor, Justin Morrill College, effective August 31, 1974 to accept a position at Brooklyn College.

12. Sam B. Upchurch, Assistant Professor, Geology, effective August 31, 1974 to accept a position in Florida.

14. Leonard Kasdan, Associate Professor, Anthropology, effective August 31, 1974 to accept a position at another university.

15. Frank J. Vangeli, Assistant Professor, Urban Planning and Landscape Architecture, effective August 31, 1975.

17. Rosario Cavazos, Specialist, Special Programs, effective February 28, 1974.

18. Robert W. Nordmann, Specialist and Assistant Basketball Coach, Intercollegiate Athletics, effective March 31, 1974 to seek another position.

Leaves -- Sabbatical

1. Donald J. Ricks, Associate Professor, Agricultural Economics, with full pay, effective July 16, 1974 through January 15, 1975 to study and travel in Europe.

3. Heinz J. Dill, Assistant Professor, German and Russian, with half pay, effective September 1, 1974 through August 31, 1975 to study in Canada, Europe, and East Lansing.

4. Frank L. Ingram, Associate Professor, German and Russian, with half pay, effective September 1, 1974 through August 31, 1975 to study in East Lansing.

5. Thomas W. Juntune, Associate Professor, German and Russian, with half pay, effective September 1, 1974 through August 31, 1975 to study in United States.

6. Boyd L. Miller, Assistant Professor, Journalism, with full pay, effective April 1, 1975 through June 30, 1975 to study in Europe, Iceland, and East Lansing.

7. Maryellen T. McSweeney, Associate Professor, Counseling, Personnel Services and Educational Psychology, with full pay, effective September 15, 1974 through March 14, 1975 to study in North Carolina and/or Washington, D.C.

8. Janet Albman-Brookes, Associate Professor, Elementary and Special Education, with full pay, effective September 1, 1974 through December 31, 1974 to study and write.

9. George B. Sherman, Assistant Professor, Elementary and Special Education, with half pay, effective September 1, 1974 through August 31, 1975 to study in western United States.

10. Yvonne Waskin, Assistant Professor, Elementary and Special Education, with full pay, effective September 1, 1974 through December 31, 1974 to study at University of Michigan.

11. John A. Fuzak, Professor and Associate Dean, College of Education, and Director, School for Advanced Studies, with full pay, effective June 1, 1974 through August 31, 1974 to study in United States.

12. Carl V. Page, Associate Professor, Computer Science and Engineering Research, with half pay, effective September 1, 1974 through August 31, 1975 to study at Stanford and in East Lansing.

13. Dennis P. Nyquist, Associate Professor, Electrical Engineering and Systems Science, with half pay, effective September 1, 1974 through August 31, 1975 to study in East Lansing.
Leaves--Sabbatical, continued

14. M. A. El-Bayoumi, Professor, Biophysics and Chemistry, with half pay, effective January 1, 1975 through December 31, 1975 to study in Lebanon and France.

15. Ronald C. O'Neill, Associate Professor, Mathematics, with full pay, effective January 1, 1975 through March 31, 1975 to study at University of New Hampshire.

16. Peter A. Schroeder, Professor, Physics, with half pay, effective September 1, 1974 through August 31, 1975 to study in London and New Zealand.

17. Charles C. Killingsworth, University Professor, Labor and Industrial Relations, with full pay, effective September 1, 1974 through February 28, 1975 to study in United States and Europe.

19. Kenneth K. Keahey, Professor, Pathology, with full pay, effective July 1, 1974 through December 31, 1974 to study in United States and Canada.

20. Lawrence T. Alexander, Professor and Director, Learning Service, and Professor, Counseling, Personnel Services, and Educational Psychology, with full pay, effective July 1, 1974 through September 15, 1974 to study in East Lansing.

Leaves--Health

2. Junior E. Malosh, Extension 4-H Youth Agent, Ogemaw County, with full pay, effective April 1, 1974 through April 4, 1974.

3. Edward A. Poole, Extension 4-H Youth Agent, Van Buren, Cass, and Berrien counties, with full pay, effective April 1, 1974 through April 30, 1974.

4. Patricia S. Gage, Assistant Professor, Natural Science, with full pay, effective April 1, 1974 through May 31, 1974.

Leaves--Other

1. Frank E. Klackle, District Extension Horticultural Agent, Kent, Ottawa, Muskegon, Montcalm, and Ionia counties, with full pay, effective June 20, 1974 through August 6, 1974 to study in western Europe.

2. Simo Pynnonen, County Extension Director, St. Clair County, with full pay, effective July 1, 1974 through September 30, 1974 to study in extension offices in United States.

3. Wayne L. Myers, Assistant Professor, Forestry, without pay, effective July 1, 1974 through September 30, 1974 to participate in United States Forest Service Faculty Program.

4. Atsuko Hirai, Assistant Professor, History, without pay, effective September 1, 1974 through August 31, 1975 to study in Japan, Massachusetts, California, and East Lansing.

5. Robert M. Slusser, Professor, History, without pay, effective September 1, 1974 through August 31, 1975 to study in Ann Arbor, Massachusetts, Washington, D.C., and East Lansing.

6. Andrew C. Porter, Associate Professor, Counseling, Personnel Services, and Educational Psychology, without pay, effective September 1, 1974 through August 31, 1975 to study at National Institute of Education.

7. William Derman, Associate Professor, Anthropology and Justin Morrill College, without pay, effective April 10, 1974 through May 20, 1974 as assignment for AID and Black Caucus of U.S. Senate in Senegal, Mali, Mauritania.

Transfers and Changes in Assignment

2. Transfer Tamara E. Harrod, Assistant Professor, from Justin Morrill College to Dean's Office, College of Arts and Letters, effective July 1, 1974.

3. Transfer Diane E. Scholberg, Assistant Professor, from Justin Morrill College to Dean's Office, College of Arts and Letters, effective July 1, 1974.

4. Transfer Keith A. Williams, Assistant Professor, from Justin Morrill College to Dean's Office, College of Arts and Letters, effective July 1, 1974.
A. PERSONNEL CHANGES, continued

May 17, 1974

Transfers and Changes in Assignment, continued

5. Change in terms of sabbatical leave for Robert W. Uphaus, Associate Professor, English, from half pay, effective September 1, 1974 through August 31, 1975, to full pay, effective April 1, 1975 through June 30, 1975.

6. Change of assignment for Frank L. Ingram, Associate Professor, from German and Russian and Justin Morrill College, to German and Russian only, effective July 1, 1974.

8. Change of assignment for Richard C. Dubes, Professor, from Computer Science and Engineering Research to Computer Science only, effective September 1, 1974.

11. Change Kathryn Cole, Instructor, Family and Child Sciences, from 25% time at $266.67 per month to 50% time at $533.34 per month, effective April 1, 1974 through June 30, 1974.

12. Change Susanne Richards from Instructor to Specialist/Director of Admissions, Dean of Osteopathic Medicine, with an increase in salary to $14,500 per year on a 12-month basis, effective September 1, 1973.

13. Change of assignment for John L. Taylor, Jr., Associate Professor, from Dean's Office, College of Osteopathic Medicine, and Medical Education Research and Development, to Dean's Office, College of Osteopathic Medicine only, effective April 1, 1974.

14. Change L. L. Bunnell from Associate Professor to Professor and Acting Chairman, Family Medicine, with an increase in salary to $31,450 per year on a 12-month basis, effective July 1, 1974.

15. Change Robert C. Ward from Professor and Chairman, Family Medicine, to Professor, Family Medicine, and Director of Special Projects, Dean's Office, College of Osteopathic Medicine, effective July 1, 1974.

16. Approved the following for Christopher K. Vanderpool, Assistant Professor, Sociology, effective September 1, 1974 through August 31, 1975:
   a. Additional assignment as Associate Chairman, Sociology; 
   b. Change from a 10-month to a 12-month basis with an increase in salary to $18,000 per year.

17. Change in terms of leave for Ronald R. Nelson, Associate Professor, Humanities, from Sabbatical Leave, half pay, to Leave, no pay, effective September 1, 1974 through August 31, 1975.

19. Change Paul V. Rumpse from Comptroller AP-19 at a salary of $32,180 per year on a 12-month basis to Financial Adviser to the Vice President for Business and Finance at a salary of $16,740 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.

20. Assignment of Kelly M. Harrison, Associate Professor, Agricultural Economics, to Overseas-Costa Rica, Columbia, at an overseas salary of $22,000 per year on a 12-month basis, effective March 20, 1974 through March 31, 1974.

21. Assignment of George E. Rossmiller, Associate Professor, Agricultural Economics, to Overseas-Korea, at an overseas salary of $22,110 per year on a 12-month basis, effective December 14, 1973 through December 24, 1973.

22. Assignment of Lee M. James, Professor and Chairman, Forestry, to MUCIA Overseas/Thailand at an overseas salary of $29,700 per year on a 12-month basis, effective June 1, 1974 through June 30, 1974.

23. Assignment of Beatrice Paolucci, Professor, Family Ecology, to MUCIA Overseas/Bangkok at an overseas salary of $27,720 per year on a 10-month basis, effective July 1, 1974 through July 31, 1974.

24. Change Lee Cooke from Senior Hort. Technician IX to Supervisor Research AP-10, Horticulture, with an increase in salary to $10,121 per year on a 12-month basis, effective April 1, 1974.

12. William E. Rice, Adjunct Professor, Counseling, Personnel Services, and Educational Psychology, 10% time, without pay, effective September 1, 1974 through August 31, 1975.

13. Francis X. McKelvey, Assistant Professor, Civil & Sanitary Engineering, at a salary of $16,000 per year on a 10-month basis, effective September 1, 1974.

14. Herman D. Hughes, Assistant Professor, Computer Science, at a salary of $16,000 per year on a 10-month basis, effective September 1, 1974.

15. Kathryn N. Kolasa, Assistant Professor, Food Science and Human Nutrition, and Community Medicine, at a salary of $15,500 per year on a 12-month basis, effective August 15, 1974.

16. Dhrajwall Makdani, Research Associate, Food Science and Human Nutrition, at a salary of $8,900 per year on a 12-month basis, effective May 1, 1974 through June 30, 1974.

17. Pamela Beth Holcomb, Instructor, Anthropology, 35% time, at a salary of $3,500 for the period September 15, 1974 through June 30, 1975.

18. Subroto Chatterjee, Research Associate, Biochemistry, at a salary of $8,500 per year on a 12-month basis, effective May 1, 1974 through April 30, 1975.

20. William P. Bristol, Associate Professor, Human Development, and Assistant Dean, Dean's Office, College of Human Medicine, at a salary of $36,000 per year on a 12-month basis, effective June 1, 1974.

21. Andrew M. Michalakis, Professor, Pharmacology and Medicine, with tenure, at a salary of $39,000 per year on a 12-month basis, effective July 15, 1974.

22. T. Trevor Singh, Instructor, Medicine, at a salary of $14,000 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.

23. Elizabeth A. Werner, Assistant Professor, Microbiology and Public Health, 50% time, at a salary of $7,850 per year on a 12-month basis, effective September 1, 1974 through June 30, 1975.

24. Mark W. Hinshaw, Associate Professor, Psychiatry, at a salary of $34,650 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.

25. Lawrence F. Van Egeren, Associate Professor, Psychiatry, at a salary of $24,000 per year on a 12-month basis, effective July 1, 1974.

26. Keith Stackhouse, Assistant Professor, Surgery, at a salary of $18,800 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.

27. Edwin S. Woodworth, Assistant Clinical Professor, Surgery, var. time, without pay on a 12-month basis, effective July 1, 1974 through June 30, 1975.

28. Mary Lee Brady, Assistant Professor, Health Services Education and Research, at a salary of $10,000 per year on a 12-month basis, effective April 8, 1974 through June 30, 1974.

29. Bonnie Eftaxiadis, Instructor, Health Services Education and Research, at a salary of $12,800 per year on a 12-month basis, effective April 8, 1974 through June 30, 1974.

30. Kenneth L. Kosanke, Research Associate, Chemistry and Cyclotron, at a salary of $10,000 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.
A. PERSONNEL CHANGES, continued

Appointments, continued

37. William Waller, Research Associate, Chemistry, 50% time, at a salary of $350 per month on a 12-month basis, effective May 1, 1974 through April 30, 1975.

38. Richard Merritt, Assistant Professor, Entomology, at a salary of $14,750 per year on a 12-month basis, effective July 15, 1974.

39. Helmut Riedl, Research Associate, Entomology, at a salary of $12,500 per year on a 12-month basis, effective April 1, 1974 through March 31, 1975.

40. Lawrence Litt, Research Associate, Physics, at a salary of $1,125 per month on a 12-month basis, effective May 1, 1974 through August 31, 1974.

41. Lawrence Litt, Assistant Professor, Physics, at a salary of $13,000 per year on a 10-month basis, effective September 1, 1974 through August 31, 1977.

42. S. D. Mahanti, Assistant Professor, Physics, at a salary of $14,300 per year on a 10-month basis, effective September 1, 1974.

43. Walter K. Brockington, Clinical Assistant Professor, Family Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

44. Quincy A. Johnson, Clinical Assistant Professor, Family Medicine, var. time without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

45. Julius Stephen Neabitt, Associate Professor, Family Medicine, at a salary of $30,000 per year on a 12-month basis, effective April 1, 1974.

46. Robert B. Brackenfeld, Clinical Instructor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

47. Lester Eisenberg, Clinical Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

48. Herbert O. Feldman, Clinical Associate Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

49. Raymond F. Gadkowski, Clinical Assistant Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

50. Gary A. Gramm, Clinical Instructor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

51. Eugene M. Johnson, Clinical Associate Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

52. Michael T. Keefe, Clinical Instructor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

53. Ronald H. Lagerved, Clinical Assistant Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

54. Richard A. Margoles, Clinical Associate Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

55. Harvey G. Roth, Clinical Assistant Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

56. John D. Sellers, Clinical Assistant Professor, Osteopathic Medicine, var. time, without pay on a 12-month basis, effective April 1, 1974 through June 30, 1974.

57. Robert D. Pursley, Instructor, Criminal Justice, at a salary of $13,500 per year on a 10-month basis, effective September 1, 1974.

58. Harry Pachon, Assistant Professor, Urban and Metropolitan Studies, at a salary of $16,000 per year on a 12-month basis, effective July 1, 1974.

59. Gordon A. Campbell, Research Associate, Physiology, at a salary of $7,750 per year on a 12-month basis, effective April 1, 1974 through March 31, 1975.

60. James C. Cunningham, Associate Professor, Physiology and Small Animal Surgery and Medicine, at a salary of $21,000 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.

61. Frank A. Kutyna, Research Associate, Physiology, at a salary of $10,000 per year on a 12-month basis, effective April 1, 1974 through August 31, 1974.

62. John J. Lammersding, Instructor (Resident), Small Animal Surgery and Medicine, at a salary of $10,000 per year on a 12-month basis, effective July 1, 1974 through June 30, 1975.

   c. Transfer a Principal Clerk VI position from the hourly to the salary payroll
   d. Transfer a Departmental Secretary V position from the hourly to the salary payroll
   e. Transfer a Data Preparation Operator V position from the hourly to the salary payroll

24. For the Office of Financial Aids:
   a. Reclassify a Clerk-Stenographer III to a Senior Clerk-Stenographer V position
   b. Reclassify a Senior Clerk IV to a Senior Clerk-Stenographer V position
   c. Reclassify a Clerk-Typist II to a Senior Clerk-Stenographer V position
   d. Reclassify a Student Services Assistant AP-9 to an Assistant Coordinator, Advisory Staff AP-14 position for the Division of Residence Halls, Vice President for Student Affairs

25. Reclassify a Student Services Assistant AP-9 to an Assistant Coordinator, Advisory Staff AP-14 position for the Division of Residence Halls, Vice President for Student Affairs

Motion was made by Trustee Huff, seconded by Trustee Martin, to approve the Personnel Recommendations. Unanimously carried.

Retirements

Gladys M. Boyer
1. Retirement of Gladys M. Boyer, Senior Departmental Secretary, University Farms, effective July 1, 1974. Miss Boyer was born July 8, 1908 and has been employed by the University since January 8, 1932.

Dorothy R. Ross
2. One-year consultantship with agreed-upon duties and responsibilities for Dorothy R. Ross, Professor, Counseling Center, from July 1, 1975 through June 30, 1976 and retirement as Professor Emeritus effective July 1, 1976. Professor Ross was born January 31, 1908 and has been a member of the faculty since July 1, 1950.

Paul V. Rumpsa
3. Retirement of Paul V. Rumpsa, Comptroller, Office of the Vice President for Business and Finance, effective July 1, 1976 on the basis of more than 25 years of service to the University. Mr. Rumpsa was born May 10, 1917 and has been employed by the University since July 15, 1937.

R. Keith Stein
4. One-year consultantship with agreed-upon duties and responsibilities for R. Keith Stein, Professor, Department of Music, from July 1, 1974 through June 30, 1975, and retirement as Professor Emeritus effective July 1, 1975. Professor Stein was born July 10, 1908 and has been a member of the faculty since September 1, 1934.

On motion by Trustee Merriman, seconded by Trustee Thompson, it was unanimously voted to approve the Retirements.

Deaths

1. Report of the death of William A. Frost on April 14, 1974. Mr. Frost was born November 22, 1879, was employed by the University on August 1, 1917, and was employed in the Horticulture Department at the time of his retirement June 30, 1945.

2. Report of the death of Maurice Larian on April 17, 1974. Mr. Larian was born December 18, 1900, was employed by the University on February 1, 1936, and was a Professor in Chemical Engineering at the time of his retirement July 1, 1971.

4. Report of the death of Helen Berner, Building Service Worker, Housing and Food Services, on May 7, 1974. Miss Burner was born September 17, 1917 and had been employed by the University since August 12, 1963.

Gifts and Grants

1. Gift of several lithographs, woodcuts, and a poster with a total value of $7,295 from Harriet Griffin, New York, N.Y., to be added to the permanent collection in the Kresge Art Gallery.

2. Gift of 2 tripod vases from Linea Viego, Costa Rica, 500-1000 A.D., valued at $1,300 from Cedric H. Marks, New York, N.Y., to be added to the NSU Collection in the Kresge Art Gallery.

3. Gift of a power supply valued at $568 from the National Science Foundation to be used for research under the direction of Fritz H. Rottman in Biochemistry.

4. Gift of 2 ACFT mechanical clocks valued at $298 from the Office of Naval Research, ONR Resident Representative, Ann Arbor, to be used for research under the direction of Rodney Houlihan in Osteopathic Medicine.

5. Gift of an audio patient monitor valued at $150 from Dalco Medical Products, Inc., Havre deGrace, Maryland, to be used by students and faculty in the Department of Small Animal Surgery and Medicine.
6. Gift of a painting titled “Something Old, Something New” valued at $150 from Hillary C. Burns, East Lansing, to be hung in the bride’s room at the Alumni Memorial Chapel.

7. Grants to be used for scholarship purposes as follows:
   a. $2,000 from the Independent Grocers’ Alliance Distributing Co., Chicago, for the Glenn R. Curtis IGA Scholarship; $1,500 for the student and $500 for the administration of the Food Systems Economics and Management Program
   b. $50 from Mrs. Jeannie Davis, Lansing, as a contribution to the College of Human Medicine Scholarship Fund
   c. $100 from various donors to establish a scholarship fund for osteopathic medicine students
   d. $2,240 from the U.S. Department of Justice, Washington, D.C., to be used for criminal justice internship stipends
   e. $100 from Mildred B. Erickson, East Lansing, as a contribution to the Mildred B. Erickson Fellowship for Mature Women
   f. $10,000 from the Eclectic Society Association, East Lansing, the money to be invested and the interest used as a scholarship for undergraduate students chosen by the Office of Financial Aids
   g. $61.20 from D. C. Heath & Co., Lexington, Mass., as a contribution to the Manpower Studies Scholarship Fund
   h. Unrestricted grants:
      - $10 from Matthew J. Cotellesse, Lincoln Park, Michigan
      - $33.33 from The Maytag Co. Foundation, Inc., Newton, Iowa

8. Grants as follows to the MSU Development Fund:
   a. $725 from various donors to establish the Michigan State Cooperative Tree Improvement Program
   b. For the Art Department, Brauner-Church account:
      - $32.50 from Robert S. Alexander, Okemos
      - $67.50 from Howard Church, East Lansing
      - $425 from Hendy Tool & Eng.
   c. $100 from Lots A. Lund, East Lansing, for an award in honor of retired Assistant Dean Rosalie Menter
   d. $883.73 from various donors to be deposited in the Dean’s Discretionary Fund, College of Natural Science, for the Chemistry Department for books and printing expenses
   e. $812.76 from various donors to be deposited in the Dean’s Discretionary Fund, College of Natural Science, for the Zoology Department in memory of Charles S. Thornton
   f. $100 from Antonio M. Porter, Detroit, for the Michigan Osteopathic Society Long Term Loan Fund
   g. $1,000 from Edward E. Rothman, Bloomfield Hills, for the Abrams Planetarium
   h. For the Intramural Sports account:
      - $15 from Young K. Choo, East Lansing
      - $100 from Seong H. Chi, Lansing
      - $50 from Donald K. Pokorny, Grosse Pointe Woods
   i. $100 from Mr. and Mrs. George Petroff, Lansing, for the Spartan Baseball Program
   j. For the MSU Fencing Team:
      - $25 from Arthur Young Foundation as a matching gift
   k. For the Football Bust:
      - $100 from Hannibal S. Abod, East Lansing
      - $100 from F. M. Malott, East Lansing
      - $3,000 from Erickson & Lindstrom Construction Co., Flint
   l. $100 from Dr. and Mrs. Charles H. Weber, Fort Wayne, Ind., for football
   m. $100 from Troy D. Campbell, Memphis, Tenn., for golf team expenses
   n. $360 from various donors for the Hockey Reunion Room
   o. $100 from Archie Fuller, Lansing, for the Women’s Swim Team
   p. $50 from Lawrence H. Berger, Philadelphia, Pa., for LaCroose
   q. $25 from Richard K. Roberts, Ypsilanti, for tennis
   r. $25 from Robert L. McClelland, Orchard Lake, for track
   s. $500 from Richard D. Ernst, Bloomfield Hills, for medals and trophies for the Spartan Journal Relays
   t. $1,000 from Allis-Chalmers, Milwaukee, Wis., for the Purchasing Development Fund
   u. $100 from Charles Klemkosky, Midland, for the Julie Klemkosky Memorial Fund

9. Grant of $5,298 from County of Genesee, Commissioners, Flint, Michigan, to be used under the direction of G. E. Geyer in the Cooperative Extension Service to cover part of the salaries of additional Extension Agents assigned to Genesee County for the period January 1, 1974 through June 30, 1974.

10. Grant of $3,500 from County of Kalamazoo, Commissioners, Kalamazoo, Michigan, to be used under the direction of G. E. Geyer in the Cooperative Extension Service to cover part of the salary of a second Extension Agent assigned to Kalamazoo County for the period of January 1, 1974 through December 31, 1974.

11. Grant of $1,748 from County of Mecosta, Commissioners, Big Rapids, Michigan, to be used under the direction of G. E. Geyer in the Cooperative Extension Service to cover part of the salary of an additional Extension Agent assigned to Mecosta County for the period January 1, 1974 through December 31, 1974.
12. Grant of $10,100 from County of Washtenaw, Commissioners, Ann Arbor, Michigan, to be used under the direction of G. E. Guyer in the Cooperative Extension Service to cover part of the salary of an additional Extension Agent assigned to Washtenaw for the period January 1, 1974 through June 30, 1974.

13. Grant of $2,000 from Abbott Laboratories, North Chicago, Illinois, to be used under the direction of H. Riley in the Department of Agricultural Economics to evaluate the economics of paper and paperboard shortage as it concerns a pharmaceutical manufacturing system.

14. Grant of $500 from Michigan Potato Industry Commission, Lansing, Michigan, to be used under the direction of H. Riley in the Department of Agricultural Economics to conduct a study of the organizational interrelationships between members and the administrative group of the Michigan Potato Industry Commission.

15. Grant of $121,160 from Michigan State Employment Security Commission, Detroit, Michigan, to be used under the direction of J. H. Booth in the Department of Agricultural Economics to improve manpower services in rural areas, especially in communities not located near offices of the State Employment Services, to plan a manpower inventory of skills and employment experiences of local residents.

16. Grant of $703,042 from Republic of Korea, Seoul, Korea, to be used under the direction of G. E. Rossmiller in the Department of Agricultural Economics to render assistance to Korea for the purpose of carrying out a program in an analysis for agricultural planning, outlook, policy formulation program development for more effective development of the agricultural sector.

17. Grant of $13,864 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of W. A. Wood in the Department of Biochemistry as training grant for pre-doctoral study in biochemistry.

18. Grant of $3,500 from National Science Foundation, Washington, D.C., to be used under the direction of J. Dye and C. Suelter in the Department of Biochemistry and the Department of Chemistry to study aspects of Enzyme Catalysis -- Structural and Functional Relationships of Monovalent Cation Activated Enzymes.

19. Grant of $500 from Diamond Shamrock Corporation, Painesville, Ohio, to be used under the direction of D. C. Ramsdell in the Department of Botany and Plant Pathology to help defray costs incurred in the testing of Diamond Shamrock fungicides and others in grapes for disease control.

20. Grant of $150 from Diamond Shamrock Corporation, Cleveland, Ohio, to be used under the direction of M. L. Lacy in the Department of Botany and Plant Pathology to evaluate the performance of Bravo Fungicide on two vegetable crops.

21. Grant of $250 from Great Lakes Chemical Company, West Lafayette, Indiana, to be used under the direction of D. C. Ramsdell in the Department of Botany and Plant Pathology to help defray expenses incurred in the evaluation of growth and yield of strawberries planted into variously fumigated ground at two locations in Michigan.

22. Grant of $3,000 from the Michigan Association of Cherry Producers, East Lansing, Michigan, to be used under the direction of A. L. Jones in the Department of Botany and Plant Pathology to develop improved methods for the brown rot disease of cherries.

23. Grant of $1,500 from Penwalt Corporation - Agchem-Decco Agricultural Technology, Monrovia, California, to be used under the direction of E. J. Klos in the Department of Botany and Plant Pathology to study the fungicidal activity of Thiophanate methyl on major tree fruit diseases.

24. Grant of $1,800 from Amoco Oil Company, Whiting, Indiana, to be used under the direction of D. Christenson in the Department of Crop and Soil Sciences to study the effect of time and rate of ACA application on yield and protein content of corn grain and silage, nutrient uptake by corn leaves and amount of brace root development.

25. Grant of $500 from BASF Wyandotte Corporation, Parsippany, New Jersey, to be used under the direction of E. P. Meggitt in the Department of Crop and Soil Sciences to continue studies of 3512-H as a postemergence application for weed control in soybeans and corn.

26. Grant of $500 from J. P. Burroughs & Sons, Inc., Saginaw, Michigan, to be used under the direction of D. D. Harpstead in the Department of Crop and Soil Sciences to support existing research programs and supplement state appropriated funds.

27. Grant of $5,600 from General Foods Corporation, Battle Creek, Michigan, to be used under the direction of D. D. Harpstead in the Department of Crop and Soil Sciences to support existing research programs and supplement state appropriated funds.

28. Grant of $2,800 from Kellogg Company, Battle Creek, Michigan, to be used under the direction of D. D. Harpstead in the Department of Crop and Soil Sciences to support existing research programs and supplement state appropriated funds.
29. Grant of $2,400 from Knappen Milling Company, Augusta, Michigan, to be used under the direction of D. D. Harpstead in the Department of Crop and Soil Sciences to support existing research programs and supplement state appropriated funds.

30. Grant of $2,000 from Michigan Elevator Exchange, Lansing, Michigan, to be used under the direction of D. D. Harpstead in the Department of Crop and Soil Sciences to support existing research programs and supplement state appropriated funds.

31. Grant of $1,584 from County Board of Tuscola, Caro, Michigan, to be used under the direction of E. P. Whiteside in the Department of Crop and Soil Sciences to update Tuscola County soil maps and for enlarging maps and reproduction.

32. Grant of $750 from Diamond Shamrock Corporation, Cleveland, Ohio, to be used under the direction of W. F. Meggitt in the Department of Crop and Soil Sciences to study the effects of soil applied herbicides on corn and soybeans.

33. Grant of $11,652.30 from Ingham County Board of Commissioners, Mason, Michigan, to be used under the direction of E. F. Whiteside in the Department of Crop and Soil Sciences for a soil survey for Ingham County not to exceed $11,652.30, not to exceed $3,884.10 per year as per contract for billing.

34. Grant of $7,000 from Michigan Foundation Seed Association, East Lansing, to be used under the direction of E. C. Rossman in the Department of Crop and Soil Sciences to continue present corn breeding research program.

35. Grant of $1,000 from Ore-Ida Foods, Inc., an affiliate of HJ Heinz Co., Ontario, Oregon, to be used under the direction of N. R. Thompson in the Department of Crop and Soil Sciences to evaluate potato entries.

36. Grant of $21,850 from U.S. Environmental Protection Agency, Washington, D.C., to be used under the direction of B. G. Ellis in the Department of Crop and Soil Sciences to study nitrate and phosphorus runoff losses from a watershed in the Great Lakes Basin.

37. Grant of $500 from U. S. Gypsum Company, Des Plaines, Illinois, to be used under the direction of M. L. Vitosh in the Department of Crop and Soil Sciences to evaluate sulphur deficiency in Michigan soils.

38. Grant of $5,000 from Abbott Laboratories, North Chicago, Illinois, to be used under the direction of E. M. Convey in the Department of Dairy Science to aid our investigations of the role of releasing hormones in growth, lactation and reproduction in cattle.

39. Grant of $250 from Parke-Davis and Company, Ann Arbor, Michigan, to be used under the direction of H. D. Hafs in the Department of Dairy Science to compare luteinizing hormone standards between laboratories at several universities.

40. Grant of $20,225 from Consumers Power Company, Jackson, Michigan, to be used under the direction of P. I. Tack in the Department of Fisheries and Wildlife to study the effects of the Ludington Pumped Storage operations as related to fish passage and fish behavioral patterns.

41. Grant of $5,000 from World Wildlife Fund, Washington, D.C., to be used under the direction of G. A. Petrides in the Department of Fisheries and Wildlife to provide funds for Dietrich Schaf (Specialist) to make ecological investigations of the endangered Swamp Deer in Nepal and Northern India to determine the present status of the species and to make management recommendations.

42. Grant of $3,400 from BioQuest Division of Becton Dickinson and Company, Cockeysville, Maryland, to be used under the direction of K. E. Stevenson in the Department of Food Science and Human Nutrition to evaluate a "Microbiological Growth Detector" for use in indicating the growth of food spoilage microorganisms in various foods.

43. Grant of $42,031 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of A. M. Pearson in the Department of Food Science and Human Nutrition to study the alterations in muscle proteins as a consequence of microbiol growth on meat and meat products.

44. Grant of $500 from BASF Wyandotte Corporation, Parsippany, New Jersey, to be used under the direction of A. R. Putnam in the Department of Horticulture to support on-going research on weed control performance and crop safety with BASF herbicides.

45. Grant of $1,000 from Diamond Shamrock Corporation, Cleveland, Ohio, to be used under the direction of A. R. Putnam in the Department of Horticulture to support research programs in progress and to evaluate new herbicides.

46. Grant of $2,000 from EM Laboratories, Inc., Elmsford, New York, to be used under the direction of J. E. Notes in the Department of Horticulture to determine the optimum rate and time of application of Chlorfluoremol to pickling cucumber; evaluate Chlorfluoremol's effect on brine stock; collect fruit samples for residue analysis.

Gifts and Grants

B. GIFTS AND GRANTS, continued

May 17, 1974

47. Grant of $1,000 from Michigan Wine Institute, Lansing, Michigan, to be used under the direction of G. S. Howell, Jr., in the Department of Horticulture to evaluate new grape cultivars for productivity, economics of production, and wine quality.

48. Grant of $500 from U.S. Borax Research Corporation,Anaheim, California, to be used under the direction of A. R. Putnam in the Department of Poultry Science to study inositol interaction with force-fed induced fatty-liver-hemorrhagic syndrome.

49. Grant of $1,284 from A. E. Staley Manufacturing Company, Decatur, Illinois, to be used under the direction of J. H. Wolford in the Department of Poultry Science to study inositol interaction with force-fed induced fatty-liver-hemorrhagic syndrome.

50. Grant of $5,000 from DeSoto, Inc., Des Plaines, Illinois, to be used under the direction of J. W. Goff in the School of Packaging to conduct basic research in the control of loss and damage in distribution.

51. Grant of $1,500 from Coopers & Lybrand Foundation, Detroit, Michigan, to be used under the direction of G. M. Jones in the Department of Accounting and Financial Administration for faculty development.

52. Grant of $3,000 from Ernst and Ernst, Detroit, Michigan, to be used under the direction of G. M. Jones in the Department of Accounting and Financial Administration to support departmental professional development activities.

53. Grant of $100 from Martin E. Zweig, New York, New York, to be used under the direction of G. M. Jones in the Department of Accounting and Financial Administration as a fellowship fund.

54. Grant of $500 from L. J. Minor Corporation, Cleveland, Ohio, to be used under the direction of J. W. Goff in the School of Packaging to conduct basic research in the control of loss and damage in distribution.

55. Grant of $500 from Magnetic Video Corporation, Farmington Hills, Michigan, to be used under the direction of J. W. Goff in the School of Packaging to conduct basic research in the control of loss and damage in distribution.

56. Grant of $500 from Hollowell Engineering, Dearborn, Michigan, to be used under the direction of J. W. Goff in the Department of Marketing and Transportation Administration to support the development of the marketing program and faculty at MSU.

57. Grant of $500 from Magnetic Video Corporation, Farmington Hills, Michigan, to be used under the direction of J. W. Goff in the Department of Marketing and Transportation Administration to support the development of the marketing program and faculty at MSU.

58. Grant of $500 from X. I. Industries, Inc., Brighton, Michigan, to be used under the direction of J. W. Goff in the Department of Marketing and Transportation Administration to support the development of the marketing program and faculty at MSU.

59. Grant of $3,500 from Detroit Edison Company, Detroit, Michigan, to be used under the direction of H. M. Trebing in the Institute of Public Utilities to support the activities of the Institute.

60. Grant of $3,500 from General Telephone and Electronics Foundation, New York, New York, to be used under the direction of H. M. Trebing in the Institute of Public Utilities to support the activities of the Institute.

61. Grant of $2,500 from Longview Foundation for Education in World Affairs and International Understanding, Inc., Accokeek, Maryland, to be used under the direction of C. Jacobson in the Social Science Teaching Institute to help defray expenses of the Conference on Applied International Education to be held at Kellogg Center.

62. Grant of $4,200 from School District City of Flint, Flint, Michigan, to be used under the direction of H. M. Trebing in the Institute of Public Utilities to support the activities of the Institute.

63. Grant of $4,200 from School District City of Flint, Flint, Michigan, to be used under the direction of H. M. Trebing in the Institute of Public Utilities to support the activities of the Institute.

64. Grant of $1,000 from Owens-Illinois - Charities Foundation, Toledo, Ohio, to be used under the direction of G. Van Dusen in the College of Engineering to be used to support Engineering Equal Opportunity Program.

65. Grant of $29,058 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of R. W. Little in the Division of Engineering Research to (1) refine the constitutive equation for collagen and elastin; (2) mathematically extend this by composite material mathematical analysis to connective tissue; and (3) study the dynamic response of muscle fibers to develop a constitutive equation.
67. Grant of $17,000 from National Science Foundation, Washington, D.C., to be used under the direction of K. Y. Lee in the Division of Engineering Research for (a) the development of the optimal control problem for a distributed parameter system where controls are applied in the coefficient matrices and (b) the application of the resulting control law to the integrated pest management of pest-parasite-plant ecosystems.

68. Grant of $439 from Office of Child Development – Department of Health, Education and Welfare, Washington, D.C., to be used under the direction of R. F. Boger in the Institute for Family and Child Study as supplementary funds for project grant to study the comparative and combined effects on children's social behavior of social-development programs.

69. Grant of $10,500 from Michigan Heart Association, Southfield, Michigan, to be used under the direction of G. M. Lew in the Department of Anatomy to study circadian rhythms in norepinephrine in hypertensive rats.

70. Grant of $36,520 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of W. W. Wells in the Department of Biochemistry to study metabolism of myoinositol during development.

71. Grant of $12,000 from Kidney Foundation of Michigan, Ann Arbor, Michigan, to be used under the direction of M. D. Bailie in the Department of Human Development to study the effects of shock on renal function and distribution of cardiac output in the neonatal pig.

72. Grant of $5,000 from Michigan Department of Public Health, Lansing, Michigan, to be used under the direction of J. Higgins in the Department of Human Development for the purpose of investigating red cell membranes in sickle cell disorders.

73. Grant of $33,201 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of M. E. Weichsel, Jr., in the Department of Human Development to study hormonal regulation of brain purine biosynthesis.

74. Grant of $674.71 from Lansing Regional Blood Center, American Red Cross, Lansing, Michigan, to be used under the direction of G. Tishkoff in the Department of Medicine as an unrestricted grant.

75. Grant of $10,290 from Michigan Heart Association, Southfield, Michigan, to be used under the direction of J. C. Mattson in the Department of Pathology to study with scanning electron microscopy platelet aggregation reactions with thrombin and collagen including the effects of the specific inhibitors, colchicine and cytochalasin B.

76. Grant of $10,500 from Michigan Heart Association to be used under the direction of R. N. Daugherty, Jr., in the Department of Physiology to study effects of pharmacological agents on myocardial O2 delivery utilization and nutritional blood flow during acute infarction and cardiogenic shock.

77. Grant of $10,000 from Michigan Heart Association to be used under the direction of T. Emerson, Jr., in the Department of Physiology to study mechanisms of death in irreversible endotoxin shock.

78. Grant of $9,068 from Michigan Heart Association to be used under the direction of F. J. Haddy in the Department of Physiology to study relationship of adenosine and the hydrogen ion to coronary blood flow.

79. Grant of $8,000 from Michigan Heart Association to be used under the direction of H. W. Overbeck in the Department of Physiology to study pathophysiology of hypertension.

80. Grant of $7,600 from Michigan Heart Association to be used under the direction of Ching-chung Chou in the Department of Physiology to study the role and mechanism of adenosine nucleotides in the regulation of local blood flow.

81. Grant of $85,872 from National Institutes of Health to be used under the direction of F. J. Haddy in the Department of Physiology to study cardiovascular physiology and pathophysiology.

82. Grant of $7,894 from Kidney Foundation of Michigan, Ann Arbor, Michigan, to be used under the direction of W. J. Esselman in the Department of Surgery to study problems involved in the initiation of allograft rejection.

83. Grant of $95,000 from Mathey Bishop Inc., Mulvern, Pa., to be used under the direction of S. Rosenberg in the Department of Biophysics to carry out research on the biological effects of platinum group metal compounds in cancer chemotherapy.

84. Grant of $1,772 from National Institutes of Health, Washington, D.C., to be used under the direction of J. I. Johnson, Jr., in the Department of Biophysics as a training grant.

85. Grant of $1,000 from Michigan Blueberry Growers Association, Grand Junction, Michigan, to be used under the direction of D. C. Ramsdell in the Department of Botany and Plant Pathology to help defray research costs incurred in conducting disease control field, laboratory, and greenhouse research in blueberry diseases.
Gifts and Grants

B. GIFTS AND GRANTS, continued

May 17, 1974

86. Grant of $35,000 from National Science Foundation, Washington, D.C., to be used under the direction of E. C. Cantino in the Department of Botany and Plant Pathology to study cell differentiation in blastocladiella.

87. Grant of $29,300 from National Science Foundation, Washington, D.C., to be used under the direction of P. T. Kissinger in the Department of Chemistry to trace analysis by liquid chromatography.

88. Grant of $116,000 from Atomic Energy Commission, Bethesda, Maryland, to be used under the direction of F. Bernthal and W. McHarris in the Department of Chemistry for general nuclear chemistry research program combining conventional nuclear spectroscopic techniques with on-line spectroscopy and nuclear reactions.

89. Grant of $31,563 from Atomic Energy Commission, Bethesda, Maryland, to be used under the direction of M. T. Rogers in the Department of Chemistry for electron spin resonance studies of radiation effects.

90. Grant of $700 from Chevron Chemical Company, Moorestown, New Jersey, to be used under the direction of A. Wells in the Department of Entomology for the evaluation of insecticide.

91. Grant of $10,000 from United States Department of Agriculture, Washington, D.C., to be used under the direction of F. Stehr in the Department of Entomology to establish two species of cereal leaf beetle.

92. Grant of $19,800 from Alfred P. Sloan Foundation, New York, to be used under the direction of P. Signell in the Department of Physics to support the preparation of a technology-based course in physics that will serve as a model for further work and for faculty training.

93. Grant of $10,560 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of H. L. Sadoff in the Department of Microbiology and Public Health for research training in general microbiology.

94. Grant of $33,427 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of S. C. Bromley in the Department of Zoology to study role of wound epidermis in regeneration.

95. Grant of $2,750 from Michigan Wisconsin Pipe Line Company, Detroit, Michigan, to be used under the direction of M. J. Klug in the Kellogg Biological Station to study the effect of the presence of natural gas in ground waters on its potability.

96. Grant of $25,438 from National Science Foundation, Washington, D.C., to be used under the direction of J. Wagner in the Science and Mathematics Teaching Center to support implementation of SMSG mathematics materials in Flint, Saginaw, and Pontiac area junior high schools.

97. Grant of $19,983 from National Science Foundation, Washington, D.C., to be used under the direction of H. Stonehouse in the Science and Mathematics Teaching Center to provide teacher education in earth and environmental science and to support implementation efforts with teachers in East Lansing schools.

98. Grant of $16,700 from National Science Foundation, Washington, D.C., to be used under the direction of C. K. Peebles in the Science and Mathematics Teaching Center for a science enrichment program for high school juniors of high-ability, which includes research.

99. Grant of $14,902 from National Science Foundation, Washington, D.C., to be used under the direction of B. Cheney in the Science and Mathematics Teaching Center for implementation of Science - A Process Approach in grades 4-8, Traverse City Public Schools.

100. Grant of $13,406 from National Science Foundation, Washington, D.C., to be used under the direction of B. Cheney in the Science and Mathematics Teaching Center for implementation of Science - A Process Approach in grades 1-6, Saginaw Public Schools.

101. Grant of $50 from Bank of Lansing, Lansing, Michigan, to be used under the direction of M. S. Magen in the College of Osteopathic Medicine to be used for Health Professions Day, April 6, 1974.

102. Grant of $100 from James H. Karoub Associates, Livonia, Michigan, to be used under the direction of M. S. Magen in the College of Osteopathic Medicine to be used for Health Professions Day, April 6, 1974.

103. Grant of $50 from J. Vincent Murphy, Grand Blanc, Michigan, to be used under the direction of M. S. Magen in the College of Osteopathic Medicine to be used for Health Professions Day, April 6, 1974.

104. Grant of $30,000 from Muscular Dystrophy Associations of America, Inc., Ferndale, Michigan, to be used under the direction of P. Greenman in the Department of Biomechanics for project to develop programming between operational MDAA clinics and University departments fostering education and research in neuromuscular diseases, in planning for a Neuromuscular Institute at Michigan State University.
105. Grant of $4,594 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of R. J. Patterson in the Department of Microbiology and Public Health to study control of immunoglobulin synthesis in myeloma cells.

106. Grant of $25,000 from Department of the Navy, Arlington, Virginia, to be used under the direction of S. T. Houlihan in the Department of Osteopathic Medicine to study the effects of oxygen at high pressures on catecholamine metabolism.

107. Grant of $88 from Gary E. Stollak, East Lansing, Michigan, to be used under the direction of G. E. Stollak in the Department of Psychology to study the effects of different kinds of training, therapist personality characteristics, and other relevant variables on the process and outcome of child psychotherapy.

108. Grant of $60,017 from Michigan Department of Corrections, Lansing, Michigan, to be used under the direction of M. E. Borus in the School of Labor and Industrial Relations to evaluate the Comprehensive Offender Manpower Program for the Michigan Department of Corrections.

109. Grant of $17,000 from U.S. Department of Labor, Washington, D.C., to be used under the direction of J. Stieber in the School of Labor and Industrial Relations for conference on problems of the work place faced by management, employees, and unions in multinational corporations in advanced industrial societies.

110. Grant of $8,250 from Cancer Society of St. Joseph County, Inc., South Bend, Indiana, to be used under the direction of L. F. Velicer in the Department of Microbiology and Public Health to study proteins in cells infected with cancer related viruses.

111. Grant of $22,000 from National Institutes of Health, Bethesda, Maryland, to be used under the direction of L. F. Velicer in the Department of Microbiology and Public Health to study molecular biology of REA tumor viruses.

112. Grant of $87,268 from National Institutes of Health to be used under the direction of J. Meites in the Department of Physiology to study neuroendocrine control of mammary and pituitary tumors.

113. Grant of $5,250 from Parke-Davis and Company, Ann Arbor, Michigan, to be used under the direction of A. Legendre in the Department of Small Animal Surgery and Medicine to be used for research.

114. Grant of $150 from Mr. and Mrs. Richard A. Kallal, Hillside, Illinois, to be used under the direction of U. V. Mostosky in the Department of Small Animal Surgery and Medicine to be used for research.

115. Grant of $73,252 from Corporation for Public Broadcasting, Washington, D.C., to be used under the direction of R. D. Page in Television Broadcasting as 1974 Community Service Grant.

116. Grant of $500 from Craft Printers, Lansing, Michigan, to be used under the direction of R. D. Page in Television Broadcasting to support program activities of WKAR-TV.

117. Grant of $2,000 from Delta Sigma Theta, Inc., Washington, D.C., to be used under the direction of R. D. Page in Television Broadcasting to support program activities of WKAR-TV.

118. Grant of $936 from Mackinac Island State Park Commission, Lansing, Michigan, to be used under the direction of L. M. Stone in the Museum for illustrations for publications on faunal remains of Fort Michilimackinac.

119. Grant of $7,500 from Eastman Kodak Company, Rochester, Michigan, to be used under the direction of C. R. Wharton, Jr., in the President's Office as an unrestricted grant.

120. Grant of $11,250 from Rockefeller Foundation, New York, to be used under the direction of C. R. Wharton, Jr., in the President's Office as an outright and unrestricted grant.

121. Grant of $1,501.25 from Estate of John W. Schwab, Bay City, Michigan, to be used under the direction of C. R. Wharton, Jr., in the President's Office as an unrestricted gift to the University.
Gifts and Grants

B. GIFTS AND GRANTS, continued

May 17, 1974

124. Grant of $4,900,000 from Bureau of Health Resource Development, Department of Health, Education, and Welfare, Rockville, Maryland, to be used under the direction of R. D. Schuetz in the Office of Health Programs for assistance in construction of a Clinical Sciences Building (College of Human Medicine - $2,989,000; College of Osteopathic Medicine - $1,911,000).

On motion by Trustee Carrigan, seconded by Trustee Merriman, it was unanimously voted to accept the Gifts and Grants.

C. BIDS AND CONTRACT AWARDS

1. The following bids were received on April 19, 1974 for the conversion of Fee Hall.

This project involves the converting of approximately 15,000 square feet of dormitory living space to office and instructional areas for the medical programs. It also includes air conditioning of the first and second floors in the east connector wing and the installation of the primary cooling equipment required to air condition the remaining areas in Fee Hall.

It is recommended that a single contract be awarded to the Granger Construction Co. of Lansing, Michigan in the amount of $420,294, which assigns Dard Incorporated of Lansing, Michigan as the mechanical contractor and Quality Electric, Inc. of Lansing, Michigan as the electrical contractor, and that the following construction budget be approved:

| Granger Construction Co.           | $420,294 |
| Contingencies                      | 25,706   |
| Engineering, Supervision, and Expediting | 29,000   |
| Total Expected Expenditures        | $475,000 |

Funds are being provided for this project through an appropriation by the State of Michigan.

RESOLVED that the above bid be accepted, the contract be awarded, and the construction budget be approved as recommended.

Unanimously approved. Motion by Trustee Thompson, seconded by Trustee Huff.

2. The following bids were received on April 11, 1974 for alterations to Rooms 218 through 221 in Agriculture Hall:

Funds are available in account 11-9365 for this project.

RESOLVED that the above bid be accepted, the contract be awarded, and the construction budget be approved as recommended.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Carrigan.

3. The following bids were received on April 11, 1974 for alterations to the Computer Center. This project will alter approximately 11,000 square feet of space in the Computer Center for improved utilization of the building by students and faculty. Included in this project is the replacement of the air conditioner which serves the Computer Room, resulting in more reliable service and room climate control.

Funds are available in account 11-9345 for this project.

RESOLVED that the above bid be accepted, the contract be awarded, and the construction budget be approved as recommended.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Huff.

D. OTHER ITEMS FOR ACTION

1. It is recommended that the appropriate degrees be awarded to those students who, according to the records of the Registrar, completed the requirements for graduation spring term 1974.

RESOLVED that the degrees be awarded as recommended.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Thompson.

In response to an inquiry from Trustee Thompson, Provost Cantlon pointed out that actually authority to grant degrees has been delegated to the President so that formal action by the Board is not absolutely essential.
D. OTHER ITEMS FOR ACTION, continued

May 17, 1974

2. The students graduating at the 1974 spring term commencement who had the highest scholastic averages at the close of their last term in attendance and are therefore recommended to receive the Board of Trustees' awards are:

First high woman - Nancy Joy Hunter, Psychology major, 4.054 average, graduate of Cranford High School, Cranford, New Jersey
First high man - James Carl Weisshaar, Chemistry major, 4.076 average, graduate of Greenhills High School, Cincinnati, Ohio
Second high woman - Jacqueline Ann Schakel, Psychology major, 4.036 average, graduate of Delta High School, Muncie, Indiana
Second high man - Mark Allen Scott, Electrical Engineering major, 4.033 average, graduate of J. W. Sexton High School, Lansing, Michigan

RESOLVED that the Board of Trustees' Awards be approved.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Thompson.

3. The Financial Aids Administrative Group has recommended that the University continue to offer a direct lending student guaranteed loan program and requests that the Administration and the Board of Trustees approve authorization for the University to borrow up to $1,500,000 to provide a source of funding for this program for the 1974-75 academic year.

RESOLVED that the Vice President for Business and Finance be directed to complete financial arrangements for the above loan program with detailed financial arrangements to be approved at a subsequent Board meeting.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Carrigan.

4. In arriving at the recommendation to establish the dormitory rates for the 1974-75 school year, projections as to the level of expenditures took into consideration the following assumptions:

1. It is projected that expenditures for personal services, which include all salaries and wages paid plus related fringe benefits, will increase by approximately $553,000 over the current year's expenditures. This projection takes into consideration the labor contracts previously approved by the Board of Trustees plus a price adjustment for social security and other fringe benefit costs.

2. It is projected that food purchases will increase approximately 10% in cost over the current school year, which will result in an increased expenditure of approximately $440,000. This percentage adjustment is actually lower than what is being taken into consideration at other universities. However, our current purchases would indicate that this expenditure is an accurate projection. Michigan State University has an advantage in that we have a fine food stores facility which allows us to take advantage of market conditions and purchase at times which bring the greatest economic advantage to the University.

3. We have also carefully reviewed the expenditure for the purchase of utility services, taking into consideration the current price of fuel. Since our current housing rate is adequate to absorb a substantial price increase reflected during the current fiscal year, we will not recommend that the dormitory rates be increased to cover an increase in this expenditure. However, we will closely monitor this situation during the fiscal year in order to assure that a substantial increase will not jeopardize the financial position of the dormitory program.

We are projecting an average dormitory occupancy for the school year of approximately 16,600 students. The recommended rate of $10.00 per term will generate approximately $500,000. It should be noted that this would not be sufficient to cover the increased cost of operations as outlined in items 1 and 2 above. However, we are of the opinion that the next year's earnings will be sufficient to absorb a substantial portion of the increased operating costs. An allocation from the Trust Reserve for those trusts for which the rate will not be adequate will be made in order to meet the financial commitments of the University for the 1974-75 fiscal year. The management of the dormitory program as well as the office of the Vice President for Business and Finance are confident that we will meet the commitments of the dormitory program, barring any unforeseen difficulties such as utility cost increases substantially beyond those projected or food cost increases materially greater than 10%.

A monthly unit projection of the married housing cost would indicate that the expenditures for personal services will increase approximately $3.43 per month and utility costs will increase approximately $2.17 per month. All other costs would increase less than 30c per month. With the total increased cost of $5.97, we are of the opinion that approximately $4.00 of this cost can be recovered through savings in operations. Consequently, we are recommending only a rate adjustment of $2.00 per month to cover increased operational costs.
D. OTHER ITEMS FOR ACTION, continued

May 17, 1974

4. Dormitory and Married Housing Rates, continued

A. It is recommended that the double room dormitory rate be established at $415 per term for the 1974-75 school year effective fall term of 1974. This is an increase of $10 per term over our current rate.

RESOLVED that the dormitory rate be approved as recommended.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Martin.

It is understood that units which offer options other than the standard double room and board contract will have rates adjusted in proportion to the $10 increase for the standard contract. Units which offer room only contracts will have increases which do not reflect increased food costs.

B. It is recommended that the married housing rates be established at $119 per month for a one-bedroom apartment and $125 per month for a two-bedroom apartment for the 1974-75 school year effective October 1, 1974. This is an increase of $2.00 per month over the current rate.

RESOLVED that the married housing rates be approved as recommended.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Merriman.

5. Kalamazoo Road Project

The University Administration has benefited from the attention given this project by the University Building, Lands and Planning Committee which has helped focus on constructive concerns and beneficial revisions in the original plans. At the same time, it has been most fortunate in also having the project considered by the Campus Natural Areas Committee, all of whose eight members have extensive professional environmental competence. Based upon their professional evaluation, the Natural Areas Committee concluded that the beneficial aspects of the proposed project far outweigh any negative effects. Since any future environmental impact statement is unlikely to result in a more thorough or objective study than that produced by the well-qualified experts who make up the Natural Areas Committee, the Administration believes that the ultimate approval of the project on these grounds is virtually assured. However, since it is likely that formal approval by other political jurisdictions will hinge on an official environmental impact statement, the Administration recommends that the University make available the work of the Natural Areas Committee to those responsible for the project and that the Board of Trustees meanwhile approve the project.

RESOLVED that the Board of Trustees believes that study of the University's Campus Natural Areas Committee establishes the likelihood that the revised plans for the Kalamazoo Road project will result in improvements environmentally and physically favorable to the University, and that it approves the University's participation in the project.

Motion was made by Trustee Thompson, seconded by Trustee Merriman to approve the above resolution.

Professor Anne Garrison, Chairman of the Building, Lands and Planning Committee reviewed in chronological order the actions taken by her committee culminating in the 12 to 1 vote on April 10 to approve the street and bridge proposal as described contingent upon the committee's study and approval of governmentally approved environmental impact study that would have to be made.

Trustee Carrigan cited objections to the proposed plans on the part of businessmen, residents of University Village, students, and school children, and stated she had not seen any persuasive evidence that this is a necessary or desirable project with overwhelming benefits to the University or the community people affected.

In response to a question from Dr. Stack, Provost Cantlon stated that the Building, Lands and Planning Committee membership includes representatives from the social sciences, humanities, landscape architecture, and urban planning. Trustee Thompson stated that he felt the committee did a very objective job in taking into consideration both sides of the issue and should be highly commended for the efforts they had put forth. Dr. Garrison added that much of the credit belonged to the Natural Areas Committee whose impact study seemed to carry the most weight with her committee.

Trustee Stevens expressed concerns regarding truck traffic which might increase in the area due to the proposed improvements.

Dr. Stack reminded the Trustees that the National Environmental Policy Act which requires the impact statement provides that rough drafts of such statements may be used by agencies such as the Board of Trustees in their deliberations, and stated he felt the Building, Lands and Planning Committee should be given an impact statement that offers alternative solutions. It was pointed out, however, that the Ingham County Road Commission did not want to proceed with any impact statement until they had tentative approval from the bodies that would be affected.
OTHER ITEMS FOR ACTION, continued

Kalamazoo Road Project, cont.

Trustee Merriman felt there would be no harm in tabling this matter until some future Board meeting.

Trustee Huff moved, seconded by Trustee Stack, that action on the Kalamazoo Road Project be tabled and that a statement be submitted to Mr. R. O. Schaeffer, Chief Engineer of the Ingham County Road Commission, to the effect that the Board concurs in his proceeding with the environmental impact study, such a study to be made available to the University's Building, Lands and Planning Committee, and such an action by this Board does not constitute prior approval or rejection of the project. Motion carried by a vote of 5 to 3, Trustees Carrigan, Martin, and Radcliffe voting "No."

Train Depot

The University has been approached regarding the development of a lease agreement with the Capital Area Rail Council for establishing a train depot on the site of the old State Lumber Co. on South Harrison Road.

On Friday, May 3, Vice President Wilkinson, Attorney Carr, Starr Keesler, and Executive Vice President Breslin met with three members of the Capital Area Rail Council. The members of the Rail Council were Mr. Andrew McElroy, Council President; Mr. Roland Rhead and a Mrs. Wolf, a student at Michigan State University and also a member of the Council.

The meeting was held at the request of the Rail Council to determine if it was possible for MSU to assist them in finding a suitable site for a depot. The Council has looked at two other possible sites, one in Lansing (the old depot) and one on the south side of Trowbridge Road in East Lansing. Both of these sites have proven unsatisfactory for a number of reasons.

The Rail Council seems to prefer to have the depot in East Lansing for two reasons:

1. Ease of access if located near Trowbridge Road
2. The large number of students it is anticipated will use the rail service.

A few years ago when the Grand Trunk Railroad was providing passenger service between Detroit and Chicago, the volume of student passengers exceeded all other passengers using the service. The Trustees will recall that at that time the Grand Trunk trains stopped at Farm Lane to pick up and discharge passengers.

It is possible that a portion of a facility owned by the University on South Harrison Road that now houses our Inventory Department could be used as a site for the depot. It is fairly well located and could, with a few alterations, be made suitable for this purpose. Parking would be limited, but adequate, at the site. The facility referred to is the site of the State Lumber Company that the university purchased about five years ago. It is located on a triangular piece of land between the Grand Trunk tracks and the C & O Railroad tracks. The main drawback to this site is that it is located now in a highly congested traffic area and the conversion of this site to a depot will attract additional traffic, but the offset to this is the convenience of the site for the MSU students.

It is recommended that the Board of Trustees approve in principal this site for a possible depot and that the Administration be authorized to work out a proposed lease agreement for submission to the Board of Trustees and the Rail Council in June. It is proposed that the first lease would not exceed two years. The lease will be drawn by the University Attorney. There will be no cost to the University in this proposed transaction.

RESOLVED that the above recommendation is approved.

Unanimously approved. Motion by Trustee Stevens, seconded by Trustee Merriman.

The Fire Marshal has determined that Jenison Fieldhouse is not in compliance for the customary occupancy of 12,000. Engineering Services/Physical Plant Division have completed a preliminary review and estimate for the alterations that will be required to bring this facility into compliance with the Michigan Regulations Governing Places of Public Assemblage.

On May 2, Dick Bernitt and Bob Siefert reviewed the proposed corrections with Captain Catton, Fire Marshal, and Lt. Dalton. The following items were discussed:

1. There seems to be no particular problem in getting adequate exits along the west side of the building.
2. Captain Catton thinks the limiting factor will be adequate aisle space, particularly at the four corners. Mr. Bernitt and Mr. Siefert agree.
3. Another major problem and cost will be developing acceptable ramps from the exits on the west side because of the height of the fieldhouse floor above the parking lot level.
D. OTHER ITEMS FOR ACTION, continued

May 17, 1974

7. Architect for Jenison Fieldhouse Fire Safety Improvements, continued

4. Captain Catton suggested that because the rules he administers are about 30 years old and quite vague by other standards, we might want to review our plans with the State Labor Department to evaluate them against the proposed O.S.H.A. regulations which will go into effect this year.

Because of the complicated nature of this project, it is the recommendation of Mr. Siefert and Mr. Breslin that we engage an outside architect rather than having Physical Plant do the planning.

We recommend that the University employ Stein and Associates as architect to assist in the planning necessary for the fire safety improvements.

RESOLVED that Stein Associates be employed to assist in the planning of fire safety improvements in Jenison Fieldhouse.

Unanimously approved. Motion by Trustee Stack, seconded by Trustee Merriman.

8. In conformity with existing practices, the College of Osteopathic Medicine would like to have the University enter into an affiliation agreement with the Ingham Medical Center. This agreement will formalize those arrangements made for providing clinical training of COM students and much other activities as are stipulated in the document.

The agreement has been examined by the College of Osteopathic Medicine, the Office of the Provost, and the University Attorney. It comes to the Board with the Administration's recommendation for approval.

RESOLVED: The affiliation agreement between Michigan State University and Ingham Medical Center is hereby approved, effective May 17, 1974.

Unanimously approved. Motion by Trustee Radcliffe, seconded by Trustee Huff.

9. On November 19, 1971, the Board of Trustees authorized the Administration to proceed with the preliminary planning for the Performing Arts Center. Prior to this, there had been several years of discussion and work. In the mid-1960's, the first plans for a Communication Arts building included an auditorium. However, it soon became evident that a full complex was needed to replace the outmoded or deficient facilities. The Provost then appointed a Performing Arts Committee.

In the spring of 1972, Dr. Wilson Paul was asked to develop a preliminary program statement for the committee. The discussion of this report led the committee to decide that an extended, on-site field study of auditoria, theaters, and recital halls would provide new insight into the development of performing arts complexes elsewhere in the United States. From the membership of the committee, the President appointed an Architecture Visiting Committee which included Mr. Kenneth Beachler (Director of the Lecture-Concert Series), Professor Anne Garrison (Chairman, Committee on Building, Lands and Planning), Professor James Niblock (Chairman, Department of Music), Professor Frank Rutledge (Chairman, Department of Theatre), Mrs. Dolores Wharton (Member, Michigan Council for the Arts), and Vice President Leslie Scott as chairman.

The Architecture Visiting Committee visited some 15 performing arts centers and conducted an intensive assessment of each from the standpoint of their various concerns and competencies. The report of the Architecture Visiting Committee was submitted on November 26, 1973, including a recommendation that four architectural firms be considered. The President asked that the four firms be placed in order of priority, and in cooperation with the committee reached a decision to consider at least two architectural firms.

On January 14, 1974, the President appointed a Performing Arts Program Statement Subcommittee which included Mr. Beachler, Professor Niblock, Professor Rutledge, Mr. Robert Siefert (University Architect), and Dr. John Dietrich (Assistant Provost) as chairman. Dr. Dietrich and Mr. Siefert engaged in field study limited to the auditoria of the two architects under primary consideration.

The subcommittee then prepared a report which they submitted on March 18, 1974, to be used as the basis for interviews and discussions with the architects. Representatives of the two firms visited the MSU campus on April 29-30 and May 7-8. During these visits, the representatives met with both the full Performing Arts Committee, the Architecture Visiting Committee, and the Program Statement Subcommittee.

Following these on-campus interviews, the firm of Caudill, Rowlett and Scott, of Houston, Texas, was the unanimous choice. (Among the outstanding examples of their work are the prize-winning Thomas Hall at the University of Akron). If their selection is approved by the Board, they would, of course, involve an associate architectural firm from Michigan and the selection of an acoustical engineer in cooperation with the University.

RESOLVED, that Caudill, Rowlett and Scott to be retained as architects for Performing Arts Center.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Stevens. Trustee Huff asked that there be an opportunity for student input in this project.
10. Trustee Thompson presented the following statement:

At the time that this Board of Trustees encouraged and approved President Wharton's acceptance of directorships with the Burroughs Corporation and the Ford Motor Company, the stipulation was made that all fees would come to this University. These fees are held in a special account and have now reached a total of $34,025.03.

The use of these fees for non-recurring items of importance to the University would appear to be an ideal policy. Ever since their arrival on this campus in 1969, President and Mrs. Wharton have maintained a strong interest in the faculty of the Department of Art and a continuing support of the proposed Performing Arts Center. Accordingly, the following resolution seems appropriate and timely:

THEREFORE BE IT RESOLVED that the University Administration is authorized to use up to $30,000 from President Wharton's directorship fees to commission a piece of monumental sculpture to be executed by Professor Melvin G. Leiserowitz, of the Department of Art, which would be used in connection with the proposed Performing Arts Center.

Unanimously approved. Motion by Trustee Thompson, seconded by Trustee Carrigan. Trustee Huff suggested that it would be appropriate for the sculptor to collaborate with the Performing Arts Center architect in constructing this art work.

Adjourned at 12:31 p.m.
