On motion by Mr. Harlan, seconded by Mr. Merriman, it was voted to approve Items 1 and 2.

3. Communication from Mr. May:

Confirming our conversation, we have accepted an offer of the Town and Country Realty, Inc., to purchase two land contracts from the Owen estate for $6,000. These contracts have been in arrears for two years, and all efforts to effect any collections have been unsuccessful. The houses in question are in a poor neighborhood and could not be left vacant for even a short period without suffering damage which would be most costly to repair.

On motion by Mr. White, seconded by Mr. Stevens, it was voted to approve Item 3.

4. Communication from Mr. May:

It is customary for the Board to designate auditors for the annual audit at the March meeting.

I would like to suggest that the Board consider appointing Ernst & Ernst to make the audit of the 1964-65 operations. If appointed, they will probably begin work in April, which is the reason for making the appointment at this time.

On motion by Mr. Merriman, seconded by Mr. Hartman, it was voted to appoint Ernst & Ernst to conduct the audit for the 1964-65 fiscal year.

5. Communication from Mr. May:

I have received a letter from Mr. Simon advising that men with the training and skill necessary to operate boilers and turbines in the new Power Plant are in such short supply that it will be necessary to train the additional employees for Power Plant 65.

If we are to have a trained crew to open the plan, it is necessary that we begin recruitment as soon as possible. This creates a budget problem since the current labor budget for the Physical Plant is fully committed for the balance of this year.

I would like to recommend Board approval of a supplemental appropriation of $15,000 to begin the employment and training of necessary personnel.

6. Communication from Mr. May:

The University Business Office is having trouble with its labor budget due primarily to the increase in student rates from $1 to $1.25 and, secondly, due to the changes inaugurated this year in the registration schedule which requires a very sizable employment of students to accomplish work formerly done by regular staff.

In order that we may finish the current year in the black, I would like to recommend to the Board a supplemental appropriation of $3,000 for part-time labor in the University Business Office.

7. Communication from Mr. May:

Because of the illness of Wayne VanRiper, we have been forced to use considerable more student labor in our campus mail room. As of this date its labor budget is nearly exhausted for the year.

I am therefore recommending a supplemental appropriation by the Board in the amount of $1,000 for the remainder of this fiscal year.

On motion by Mr. Harlan, seconded by Mr. Merriman, it was voted to approve the recommendations in Items 5, 6, and 7.

8. Recommendation for alterations in Room 281 Giltner Hall for the College of Human Medicine at an estimated cost of $6,300 to be charged to Human Medicine Account 11-3984.
FINANCE COMMITTEE ITEMS, continued

March 25, 1965

9. It is recommended that the Board of Trustees authorize two urgently needed alteration projects which are beyond the ability of the Alterations and Improvements budget to finance, to be charged to the Provost's budget for undergraduate instruction.

Item 1 requires an appropriation of $16,350 for alterations for the Psychology Department in Olds Hall. These alterations will actually be carried out by the Physical Plant Division.

Item 2 covers alterations in Rooms 201, 241, and 250 in Erickson Hall which will provide 8 additional offices and 3 observation rooms at a total cost of $22,700. This too, requires an appropriation. The work will be completed by the Physical Plant Division.

On motion by Mr. Huff, seconded by Dr. Smith, it was voted to approve Items 8 and 9.

10. It is recommended that the Board authorize the transfer to $5,000 from the funds budgeted to the Office of the Provost to the Institute for Community Development. This is necessary to make it possible for the Institute for Community Development to complete the commitment that was made by the University as a part of its contribution to the work of the Tri-County Regional Planning Commission. This money will be used to augment the labor payroll account and will be used for the purpose of employing the additional help required in this cooperative project.

On motion by Mr. Stevens, seconded by Dr. Smith, it was voted to approve the above recommendation.

11. Provost Neville again recommends the transfer of $27,000 from the funds allocated to his office to be used for matching funds for undergraduate equipment grants. This item was in the agenda for the February meeting and action was deferred. Mr. Neville is now prepared to answer the questions that were raised.

On motion by Mr. Huff, seconded by Mr. Merriman, it was voted to approve Items 11 and 12.

12. In response to the President’s letter of March 10, a majority of the Board of Trustees agreed to an increase of $200 per year in the minimum and maximum salaries for graduate teaching assistants effective July 1, 1965. This action should be ratified.

On motion by Mr. Huff, seconded by Mr. Merriman, it was voted to approve the above recommendation.

13. Provost Neville recommends the authorization of 75 additional new graduate teaching assistants for the 1965-66 academic year.

After substantial discussion, on motion by Mr. Stevens, seconded by Mr. Merriman, it was voted to approve the recommendation in Item 13.

14. The Holt Public School System accepts the University's offer of $15,000 for the purchase of Island School consisting of 2½ acres of land and the school building at the corner of Jolly and College Roads. It is recommended that the Board approve this purchase.

On motion by Mr. White, seconded by Dr. Smith, it was voted to approve the above purchase.

15. Consumers Power Company offers an amended contract for electric service to Spartan Village. The new contract is advantageous to the University in that it incorporates recent rate changes which will save the University approximately $5,000 per year. It is recommended that the Board approve an appropriately worded resolution authorizing the completion of this new contract to expire June 30, 1967.

On motion by Mr. Huff, seconded by Mr. Stevens, it was voted to approve the above recommendation.

16. Mr. May presented a review of the plans for financing Holmes Halls, Hubbard Halls, and the addition to Owen Halls.

On motion by Mr. Huff, seconded by Mr. Harlan, it was voted to approve the following Resolutions:
