E. REPORTS TO THE BOARD

1. President's Report

President Mackey reported briefly on the current Title IX Audit of the University's academic programs. The audit team will arrive from Chicago on Monday. Hopefully, they will have studied the truckload of information submitted in response to the initial federal request. The audit is not to investigate a specific complaint or to seek complaints although members of the audit team will be available to receive comments from interested individuals during their stay here.

President Mackey also reported that the state budget picture now looks very gloomy. The Governor is scheduled to submit revised 1980-81 budget recommendations to the legislature in the near future. All indications are that the revised recommendations will reflect budget increases of less than half of the increases originally recommended.

President Mackey, in response to a request from Trustee Martin, clarified the misinterpretation of his position in response to contacts between University personnel and outside agencies. The request that such contacts be coordinated with appropriate University authorities in cases in which the individual is representing the University was merely restatement of a principle of long-standing. There neither has been, nor will be, any attempt to impinge upon any individual's rights to such contacts as individuals rather than University representatives.

Finally, President Mackey reported that on the basis of early figures it appears the spring term enrollment will set an all-time record.
2. Board Committee Reports

a. Investment Committee

Trustee Krolikowski reported that the Trustee Investment Committee approved a new fee rate schedule for Scudder, Stevens & Clark.

b. Land and Physical Facilities Committee

Trustee Sawyer reported that the Land and Physical Facilities Committee voted to recommend the appointment of a sub-committee to develop policies and procedures in naming university buildings.

The Committee also voted to recommend the approval of the following documents requested by the Reef Petroleum Company and approved by General Counsel Carr:

- a. Right-of-Way and Easement
- b. Partial Release of Oil and Gas Lease
- c. Rental Agreement Letter

The Committee voted to recommend approval of the second extension of the lease with the Michigan Animal Breeders Cooperative, Inc. This lease extension will expire June 19, 2046.

Vice President Breslin also reported that the Jones Farm Land, Avon Township, Oakland County, has been put up for sale on the open market.

Trustee Sawyer moved approval of the Committee report, seconded by Trustee Radcliffe. Approved by a vote of 6 to 0.
