The Finance Committee convened at Kellogg Center at 7 o'clock for breakfast.

The following members were present: Messrs. Harlan, Huff, Merriman, Smith, Stevens, Vanderploeg; President Hannah, Treasurer May and Secretary Breslin

Absent: Dr. Bartlett

1. Scudder, Stevens & Clark and Mr. Cress recommend the following:

**Albert H. and Sarah A. Case Fund**

<table>

**Rackham Trust Reserve**

Recommend selling:
- $5,000 U. S. Treasury 2 1/2s-8/15/63

Recommend purchasing:
- $5,000 U. S. Treasury 3 1/4s-5/15/64

On motion by Mr. Huff, seconded by Mr. Harlan, it was voted to approve the recommendations in Item 1.

2. Communication from Mr. May, as follows:

Attached are copies of two letters recommending changes in the investment portfolio of trusts established by Harry A. Fee.

You will note that the Detroit Bank and Trust Company has recommended the sale in the two accounts of 900 shares of A. T. & T. stock, 467 shares of Detroit Edison, and 5,100 A. T. & T. stock rights. With the funds from these sales they recommend the purchase of bonds totaling $132,000. Their reason for making the recommendation is to provide more diversification in the investment portfolio and to increase the annual income approximately $3,500.

Mr. Cress and I have considered their recommendations and agree that we should not be too concerned over the heavy investment in A. T. & T. stock. We further believe that the growth possibilities of the utility stocks should more than offset any immediate loss of income if the exchange is not approved.

I would therefore like to recommend that the Board approve only the sale of 5,100 A. T. and T. stock rights.

On motion by Mr. Merriman, seconded by Mr. Huff, it was voted to approve the above recommendation from Mr. May.
Finance Committee Items, continued:

3. The following communication from Mr. May:

On February 21 we received 2500 shares of Clark Equipment stock for credit on Mrs. Wilson’s commitment. The average price of stock on that date was $38.4375, resulting in a credit of $95,093.75 on Mrs. Wilson’s account. There is still a balance due of $774,256.50.

I followed the procedure outlined by the Board at its meeting on May 18, 1960, and obtained the approval of Chairman Smith and Messrs. Huff and Harlan for the sale of the stock. To complete the transaction it is necessary that the sale be reported to the Board at its March meeting. We were fortunate this time in receiving the stock on a rising market: 100 shares were sold at 41½ and 2000 shares were sold at 41.

On motion by Mr. Harlan, seconded by Mr. Vanderploeg, it was voted to approve Item 3.

4. Authorization for an appropriation of $3,800 to cover the cost of a new supply of campus maps for the use of visitors and others.

5. Supplemental appropriation of $16,700 for the Registrar to cover the cost of printing catalogs and course schedules for the balance of this year.

6. It is recommended that the Board authorize an appropriation of $15,000 from general funds to be used toward the purchase price of an A-60 N-M-R Spectrometer at a total cost of approximately $25,000. The balance of the cost will be made available from department equipment funds and from grant funds available to the organic chemistry group.

On motion by Mr. Merriman, seconded by Mr. Huff, it was voted to approve Items 4, 5 and 6.

7. Discussion of the employment of the auditors for the current fiscal year. In recent years the Trustees have employed Ernst & Ernst, and there are some advantages in continuing to employ them since they are now fully familiar with our operations.

On motion by Mr. Vanderploeg, seconded by Mr. Huff, it was voted to authorize the employment of Ernst & Ernst as auditors for the fiscal year 1960-61.

8. Communication from Mr. May, as follows:

At the February Board meeting I was authorized to file an application for a $3,000,000 loan with the Housing and Home Finance Agency as part of the financing on the new dormitory which we expect to start in June.

Last week at a conference with the Housing officials in Chicago, I learned that they expected to raise the maximum loan for any one institution and indicated to me that they would favorably consider a loan for $4,000,000 on this project. Since the earnings from the new dormitory will support the $4,000,000 loan, it will be very advantageous if we can get the higher amount.

I would like to request that the Board approve the submission of an application for a $4,000,000 loan and that I be authorized to sign all papers connected with the loan.

On motion by Mr. Stevens, seconded by Mr. Merriman, it was voted to approve the above recommendation from Mr. May.

9. Communication from Mr. May, as follows:

On October 28 the Board authorized the filing of an application for a $1,100,000 loan for student housing and $500,000 for expansion of the student center. A temporary reservation of funds was received following submission of the application.

With the completion of plans for the housing and student center, it now appears that a loan of $600,000 is needed for the student center expansion. Last week when I was in Chicago, I reviewed the plans for financing of the project. It was agreed that MSU-0 could request an additional $100,000 for the complete financing of this project.

I would therefore like approval of the Board to amend our application from $1,100,000 to $1,200,000 and authority to sign all necessary papers connected with the loan.

On motion by Mr. Stevens, seconded by Dr. Smith, it was voted to approve the above recommendation from Mr. May.

10. Mr. May discussed the details of the contract with the City of East Lansing covering the construction of the sewage disposal plant and necessary connections thereto. It is recommended that the Board authorize the signature of this contract when it has the approval as to form of the University Attorney.

On motion by Dr. Smith, seconded by Mr. Stevens, it was voted to authorize the officers of the University to enter into a contract with the City of East Lansing covering the construction of the proposed sewage disposal plant. It is understood that the University is to pay 3/7 of the cost of the construction, the City of East Lansing is to pay 3/7 of the cost and Meridian Township is to pay 1/7 of the cost. The division of the cost of operation will be divided on the same basis, 3/7 by the University unless experience indicates that this is not an equitable division; then it is understood that this decision can be reopened and the annual operating costs can be determined on the basis of the usage made by the contracting parties.
Finance Committee Items, continued:

March 31, 1961

10. Sewage Disposal Plant, continued:

It is understood that if, in the future, expansion of the plant is necessary, the University will have no obligation unless its needs exceed 3/7 of the capacity of the original plant now contemplated. In that event, it will pay its proportionate share of the cost of any additions that will be required. It is understood that the plant will be planned so that it can eventually be expanded to take care of the reasonable foreseeable needs of the three contracting parties. It is understood that reimbursement to the University for the value of the land on which the plant is to be located, compensation to the University for the use of the lines already installed by the University or that are subsequently installed that are to have common usage, will be worked out in a manner fair to the University, the details to be reported to the Board.

11. Supplementary appropriation of $3,000 for the labor budget of the Department of Health, Physical Education and Recreation.

On motion by Mr. Stevens, seconded by Mr. Huff, it was voted to approve the above item.

12. Several weeks ago two bids were taken from house builders in the Battle Creek area for the caretaker’s new home at the Kellogg Bird Sanctuary:

Howard Steele $28,832
Vincent S. Risch 29,634

Since we had budgeted a maximum of $25,000 of the Kellogg Grant for the caretaker’s residence, it was necessary to do a little negotiating with the low contractor to reduce the bid to $23,500 in order that we might have $1,500 for site work and contingencies.

Approval of a contract to Howard Steele in the amount of $23,500 is now recommended.

On motion by Dr. Smith, seconded by Mr. Merriman, it was voted to approve the awarding of the contract to the low bidder Howard Steele.

13. Communication from Mr. May:

I have been advised by Mr. Cress that he now has firm commitments from the First of Michigan and from Donovan and Gilbert to take a $2,300,000 bond issue under the following terms and conditions:

<table>
<thead>
<tr>
<th>Series</th>
<th>Amount</th>
<th>Term</th>
<th>Average Maturity</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>$570,000</td>
<td>13 years</td>
<td>7.5 years</td>
<td>3.625</td>
</tr>
<tr>
<td>B</td>
<td>500,000</td>
<td>20 years</td>
<td>15.02 years</td>
<td>4.000</td>
</tr>
<tr>
<td>C</td>
<td>1,230,000</td>
<td>31 years</td>
<td>25 years</td>
<td>4.1000</td>
</tr>
<tr>
<td></td>
<td>$2,300,000</td>
<td></td>
<td>18.9 years</td>
<td>4.034</td>
</tr>
</tbody>
</table>

The Series A bonds will be sold at par to Donovan and Gilbert and resold by them to the Auto-Owners Insurance Company in Lansing. The Series B and C bonds will be sold to the First of Michigan at 98 3/4, which will actually make the average interest cost 4.084% when the discount is figured in.

The call provisions have not been finally agreed on, but the bond buyers will require a non-callable provision for 10 years except out of earnings. After the 10 years, bonds will be callable at 103 between the 10th and 14th years, with the call penalty decreasing as the bonds approach maturity.

This bond issue will be supported by a pledge of earnings from the 116 units of married housing to be built on Harrison Road and by earnings from 100 units located in Spartan Village.

The $2,300,000 issue will be allocated as follows:

| Debt Service Reserve | $125,000 |
| Case Dormitory        | 1,000,000 |
| Bond Discount         | 21,625   |
| Apartment Project     | 1,353,375 |
| **Total**             | $2,500,000 |

If the Board approves the above financing plan, it should authorize the officers to accept commitments from the bonding companies for the purchase of the bonds.

On motion by Mr. Merriman, seconded by Dr. Smith, it was voted to approve the above recommendation from Mr. May.

Adjourned.
Present: Dr. Smith, Chairman; Messrs. Harlan, Huff, Merriman, Stevens, Vanderploeg; President Hannah, Treasurer May and Secretary Breslin

Absent: Dr. Bartlett

The meeting was called to order at 10:20 a.m.

The minutes of the previous meeting were approved.

SPECIAL MISCELLANEOUS

1. Approval of the Finance Committee Items on the previous pages.

On motion by Mr. Vanderploeg, seconded by Mr. Harlan, it was voted to approve the report of the Finance Committee.

2. The following bids were received for the moving of a house from Cavanaugh Road to the site of the new dairy building:

<table>
<thead>
<tr>
<th>Company</th>
<th>Bid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hanel-Vance</td>
<td>$17,640</td>
</tr>
<tr>
<td>Banta-Brooks</td>
<td>17,985</td>
</tr>
<tr>
<td>Haussman Construction</td>
<td>18,910</td>
</tr>
</tbody>
</table>

This work includes moving the house, construction of a new basement, a new furnace, and wells for the entire project. It is recommended that the contract be awarded to Hanel-Vance Construction Company, the low bidder, in the amount of $17,640.

On motion by Mr. Stevens, seconded by Dr. Smith, it was voted to approve awarding the contract to the low bidder Hanel-Vance at $17,640.

3. The following bids were received for the 116 units of married student housing on Harrison Road:

<table>

</table>

The total of the low bids amounts to $555,824. With the acceptance of a few bid alternates, this project can be kept within the $500,000 project budget.

Legislature

On motion by Mr. Stevens, seconded by Dr. Smith, it was voted to approve awarding contracts in Items 3, 4 and 5 to the low bidders and to authorize proceeding with construction as soon as the Legislature passes the necessary legislative authorization for the new buildings.

On motion by Mr. Huff, seconded by Mr. Merriman, it was unanimously voted to urge the Michigan Legislature to give immediate consideration to these two self-liquidating projects so that construction may be started immediately in order that they may be completed in time for the accommodation of students at the opening of the school year in the fall of 1961.

On motion by Mr. Stevens, seconded by Mr. Merriman, it was unanimously voted to urge the Michigan Legislature to give serious consideration to the immediate and long-range needs of Michigan State University for buildings and facilities to accommodate the present enrollment and the very much larger number of students that must be accommodated next fall and in the years ahead. It is urged that prompt action be given to the absolute requirement for a new building to house the Department of Chemistry, and it is hoped that a program will be developed that will make it possible to plan on some reasonably firm basis for the total facility requirements that have already been filed with the Legislature.

On motion by Mr. Stevens, seconded by Mr. Huff, it was voted to authorize the officers to point out to the Michigan Senators and all of the members of the Michigan Congressional delegation the serious plight of Michigan State University with reference to building requirements and urge their best efforts on behalf of a new Federal program designed to provide Federal grants for part of the cost or the attention be given to the development of industrial research projects adjacent to or in the near vicinity of the University. It was pointed out that such a development would not only be desirable from the standpoint of the community but could be a very great asset to the University.

Congress urged to give consideration to serious bid needs at MSU

On motion by Mr. Stevens, seconded by Mr. Huff, it was voted that the Board record itself as favorable to such a development and encourages the officers and staff of the University to move in this general direction.

Discussion

re: industrial development adjacent to MSU

6. Mr. Stevens introduced a discussion of the desirability of a cooperative relationship with the community governments, industrial concerns, Chambers of Commerce, et cetera, toward the end that encouragement be given to the development of industrial research projects adjacent to or in the near vicinity of the University. It was pointed out that such a development would not only be desirable from the standpoint of the community but could be a very great asset to the University.

The President reported on some progress already under way with this same general objective.

On motion by Mr. Stevens, seconded by Mr. Huff, it was voted that the Board record itself as favorable to such a development and encourages the officers and staff of the University to move in this general direction.
7. Provost Miller presented the following policy statement and a series of recommendations having to do with the long-range planning for the total educational, research and continuing education operations of the University:

The President, the Provost, the Council of Deans, the Faculty Educational Policies Committee, and the Academic Council join in recommending to the Board of Trustees the following proposals. We believe that they may assist the University in meeting the unparalleled challenges of the next ten years. These proposals are the outcome of several months of discussion and study by the officers and educational leaders of the University, in consultation with various faculty bodies. They constitute a general framework of purpose and development for the undergraduate program at Michigan State University. We plan that further proposals which deal with graduate study and research, and the extension and continuing education responsibilities of the University, will follow at a later time.

These proposals refer to our hope that Michigan State University will be distinguished in the period of the next decade by imaginative experimentation to increase the quality of undergraduate education, by accelerated graduate study and research, by remaining dedicated to the people of all social and economic classes, and by continuing in the forefront of contributing to the developmental needs of Michigan, the United States, and the world.

We believe that the challenges confronting Michigan State University as well as higher education generally are such that an urgency of action is required. If the University is destined to grow larger, it must also be led to become better. In order to increase its excellence of performance within the larger community of universities, the faculty and administrative leaders must join in a complex task demanding extensive cooperation, vigor, and courage.

These general purposes strongly suggest attention to the following factors which now confront Michigan State University:

1. We must continue an expanding and vigorous undergraduate program. This means more students -- not less than 26,000 by 1965 and as many as 35,000 by 1970. In another ten years it is expected that the student body will include both a higher number and a higher proportion of both upper division and graduate students. This will demand that members of the faculty perform at the highest levels of excellence.

2. We must manage the University affairs so as to increase and improve scholarly activity and graduate study. There will be rapid increases in knowledge and a world situation which will require more scientific research and its translation into technological advances. At the same time the intellectual life of this situation requires all efforts to stimulate the humanities and the social sciences in order that the American society may not lose sight of the values which it strives to protect and advance. Improved handling of the undergraduate program will be the most significant step in providing the equipment, the time, and the incentive for the faculty to attain increasingly higher levels of achievement in research and graduate study.

3. In all programs we must insist upon greater selectivity and more precise definition of concepts, principles, and the development of the skills to apply them. We must discover new ways to relate the liberal and the professional studies. This will mean carefully planned professional curricula which relate significantly to stress and support of the fundamental disciplines. Greater concern must develop in order to prevent a confusion of the process of learning with the acts of teaching. In place of a spiral of more courses, more faculty, and more curricula, we must first determine and then achieve what we expect the University's curricula to accomplish for excellence in learning.

4. The next ten years, and the proposals which follow, will require prodigious effort on the part of the entire faculty and administrative officers of Michigan State University, a major commitment of human and financial resources, and new ways of allocating personnel, physical and financial resources. We must expect the closest possible combination of the duties of the Board and administrative leaders and the responsibilities of the faculty in departments and colleges. While the former must be called upon to define the general framework of University development, the latter must translate it into action and plan for and execute the educational specifications.

5. We must strive to establish a contagious and zealous climate for learning. Michigan State University is already large; it will be still larger. In order that bigness and complexity do not retard such contagion and zealfulness, immediate attention must be given to the arrangement of physical and human resources to facilitate the identification of students with each other and with the faculty. This means that such elements as student housing, classrooms and laboratories, and faculty centers must be planned and related for convenience and efficiency in achieving the main function in the University of learning.
Proposals for total long-range planning operations of M.S.U. continued:

6. With the growing pressures of student numbers in the next ten years, the University must not lose sight of its responsibility as a university in society. The University is not alone the particular property of students nor of faculty. Its total commission is above these claims as it appropriates, conserves, transforms, and shares knowledge. Michigan State University's commission is to serve people, in ways unique to a university, in its immediate community, Michigan, the United States, and the world. Such efforts, illustrated by the off-campus programs of the University, must be carefully planned in order to serve distinctively the important needs of society, and in such ways as to vitalize every aspect of the University whether on or off the campus.

7. The leaders of the University must be continuously alert with reference to faculty salaries. In the face of increasing enrollments and subsequent University needs, the currently unfavorable level of faculty salaries could be overlooked and continued. With all the pressures on higher education in the next decade, ways must be found to re-establish faculty salaries on a far more substantial basis. We believe that the following proposals offer the opportunity for Michigan State University to break through to unusual leadership in lifting faculty salaries to not only more desirable but necessary levels.

Major Educational Proposals for the Undergraduate Program

The following proposals are recommended so that the developmental framework of the University may be directed to an action program in the next three years.

1. Independent Learning. We believe that the planning of learning experiences for and with students should educate the student to progressively assume responsibility for his own learning. This will mean for his own attention to student orientation in order that they may learn and apply those skills which make for independent learning; an attention to systems which enable students to progress at their own rate by demonstrating competence in various fields of knowledge; an attention to a comprehensive arrangement of the day arranges for using them. A still further requirement will be the more careful definition of the functions to be performed by assistants of faculty members should be designed to free them of routine and non-professional activities. This will require a careful weighing of the most appropriate use of faculty time with reference to both direct contact with students and the development of learning aids and programs for using them. A still further requirement will be the more careful definition of the functions to be performed in individual and group situations by the various academic ranks, by assistants and teaching fellows, and by advising and counseling personnel.

2. Larger Blocks of Subject Matter. We believe that independent learning on the part of students may be facilitated by grouping courses into large blocks of subject matter. To make this possible departmental and college faculties must give leadership to defining more carefully their objectives; and deriving blocks of subject matter according to specified criteria with reference to what the student is supposed to learn. Special attention should be given to such innovations as decreasing the ratio of scheduled contact hours to credits as students progress in assuming more responsibility for their own learning.

3. Coordination of Teaching and Learning Resources. The responsibilities of the faculty members should be designed to free them of routine and non-professional activities. This will require a careful weighing of the most appropriate use of faculty time with reference to both direct contact with students and the development of learning aids and programs for using them. A still further requirement will be the more careful definition of the functions to be performed in individual and group situations by the various academic ranks, by assistants and teaching fellows, and by advising and counseling personnel.

4. Learning Resources Center. We believe that the various units which may provide the faculty and students with learning aids and assist in developing new materials and the means to use them should be organized in ways to insure their maximum assistance. First among these units is the library. Also to be included are television, films, teaching machines, audio-visual aids, and other materials not yet envisaged. We believe that a Center of this nature should provide national and international leadership in the development of instructional materials and aids; stimulate research on learning processes, and encourage an interchange aimed to bring to the University as to other institutions the resources of the highest possible caliber in all parts of the world.

5. The Environment for Learning. We believe that the physical and organizational arrangements of the University should be planned to foster the convenience of learning experiences as well as the orientation to independent study. Extensive experimentation should be developed immediately in the present residence halls with reference to strengthening them as centers of learning. In addition, consideration should be given to an overall model for the University which incorporates the best features of comprehensive universities and at the same time arrangements to secure convenience and identification in smaller groups.

6. Long-range Facilities Plan. We believe that immediate steps should be taken to plan the necessary academic facilities to achieve this model of the University. This plan should give careful attention to the number and general function of academic and residential facilities, their architectural design in order to foster the learning processes, and their location and grouping for convenience, for effective relationships of identity between students and faculty, and for efficiency in physical movement of people and maintenance.
March 31, 1961

SPECIAL MISCELLANEOUS, continued

7. Policy statement by Provost Miller, continued:

Major Educational Proposals for the Undergraduate Program, continued:

7. Resource Allocation. We believe that University-wide systems of forward planning and budgeting should be strengthened, made responsive to these proposals, and carried out by colleges and departments in such ways as to make budgetary responsibility equal to educational accountability.

Attention should be given by the Board and the officers to so manage the system of resource allocation that funds are advanced to those units prepared to re-plan their programs in the light of this framework for University development. The appropriate units and officials of the University should be encouraged to submit proposals to foundations in order to bring major resources to the University to realize this development and to continue Michigan State University as an improving and vigorous center of educational leadership.

In conclusion, it is perhaps unnecessary to emphasize that the University-wide implications of these proposals will require the identification and mobilization of the many varied talents of the faculty and administrative officers. We are already amidst an exciting and perhaps crucial period of higher education. Every institution of higher learning must sense and then realize its own distinctive mission. It is this that we would hope for Michigan State University.

We believe that these proposals are simply the initial markers by which all members of the University community may explore together many lines of action to the following:

- quality of learning experience, without which there is no true university; quantity and variety of students and tasks, which is our own proud heritage; economy of operation, from which we cannot be excused. Our proposed search for the optimum relationships of these essentials should unify our purposes and bring an added integrity to our curriculum.

- we hope that the Board of Trustees will accept these proposals in the same spirit of aspiration which recommends them; that the Board will direct the officers and all members of the Faculty to bring to them a vigor and responsibilities of leadership; and that the Board, itself, will add an interest and concern to a common cause.

On motion by Mr. Vanderploeg, seconded by Mr. Stevens, it was voted to unanimously approve this program and to instruct the officers and to urge the Faculty to move forward along the lines proposed toward the outlined objectives.

8. Secretary Breslin reported on the status of appropriation measures before the Michigan Legislature and reported on the hearing before the Senate Finance Committee on March 30.

9. At the luncheon meeting, Vice President Milton Muelder and Dr. Henry Blosser, Professor of Physics and Astronomy, discussed progress or lack of progress that is being made in connection with the efforts to secure funds for the constructing of the proposed high-energy accelerator (cyclotron).

After discussion, it was moved by Dr. Smith, seconded by Mr. Merriman, and voted that the Board record itself as willing to proceed to construct this machine as soon as a firm commitment is received from any federal agency that indicates that the machine will eventually be obtainable. The Board further records itself as favorably impressed by the work of Dr. Blosser and his associates and commends them for their efforts.

10. The President discussed some of the problems that have arisen from the handling by the prosecuting attorney of cases involving students where laws or ordinances have been violated. He reported that these problems were on the way toward a satisfactory solution.

The President also outlined some of the problems that arise as a result of the Board-approved regulation that requires the suspension of all students bringing liquor on to the campus or drinking it on the campus. He indicated that he would welcome authorization by the Board to re-study this whole liquor problem as it pertains to students with the understanding that he would report to the Trustees at a later meeting.

By unanimous consent, it was agreed that the President should undertake such a study.

11. The President discussed with the Board a proposal originating in the Faculty Steering Committee recommending that the range of optional retirement for Faculty be changed from the present 65 to 68 years to a proposed 65 to 70 years. The Board agreed that this change should be made at its own instance but suggested that this and other points recently discussed by officers of the Board be studied to be presented to the Board for formal consideration at the next Board meeting.

12. Report that General Douglas MacArthur has accepted the invitation to deliver the commencement address here on June 11 and to accept an honorary degree on that occasion. This completes the list of honorary degrees for the June commencement:

- George Romney, Doctor of Laws
- Alfred Edwards Emerson, Doctor of Science
- Arthur F. Visson, Doctor of Laws
- Douglas MacArthur, Doctor of Laws

On motion by Dr. Smith, seconded by Mr. Merriman, it was voted to approve the above item.

Report Mr. Vanderploeg on appropriation measures in Legislature

Report Vice Pres. Muelder & Dr. Blosser re: efforts to secure funds for high-energy accelerator

Discussion of problems re: handling by prosecuting attorney of cases of students violating laws or ordinances

Discussion of change in retirement age

General Douglas MacArthur to be commencement speaker 1961
Mr. Ralph Calder, architect, appeared before the Board of Trustees and presented the plans and model for the proposed new dormitory which incorporates classrooms, teaching facilities, library, etc. This building is being planned to house in excess of 1100 students and is to cost $5,700,000.

The Board gave general approval to the tentative plans with the understanding that Mr. Calder will present his final plans at the April meeting.

NEW BUSINESS

Resignations and Terminations

1. Cancellation of the appointment of Jacob Maarten Van Beramelen, Visiting Professor Business and Public Service April 1, 1961 because of illness.
3. Norman H. Martin Professor of Personnel and Production Administration, March 31, 1961 to accept a position at New York University.
4. Herbert R. Engst, Assistant Professor of Education, June 30, 1961 to accept a position with the Michigan Education Association.
5. Virginia Breiner, Assistant Professor of Nursing, July 18, 1961. She wishes to accept a position where she will have summers free.
7. Mary Ann Durocher, Instructor in Nursing, July 8, 1961 to begin work for her doctorate.
8. J. Frederick Smithcors, Associate Professor of Anatomy, August 31, 1961 to become Editor of Modern Veterinary Practice, Santa Barbara, California.
9. James A. Gherity, Jr. Assistant Professor of Economics, at MSU-0, August 31, 1961 for personal reasons.
10. Lottie J. Viccent, Assistant in Mathematics at Michigan State University-Oakland, February 28, 1961 because she does not like her working conditions.
12. John B. Ouyte, Assistant Professor in the Labor and Industrial Relations Center, March 14, 1961 to accept a position as director of industrial relations with a corporation in the food service industry.

Leaves—Sabbatical

1. Kenneth A. Swanson, Agricultural Agent, Jackson County with full pay from June 12, 1961 to September 11, 1961 for travel in Central and Western USA.
2. N. Lorraine Sprague, Home Economics Agent, Gratiot County, with full pay from May 6, 1961 to June 5, 1961 for study and travel in the Southwest USA.
3. Richard A. Machiele, County Director, Ottawa County, with full pay from March 27, 1961 to June 10, 1961 for work on his Masters Degree at Michigan State University.
4. Max M. Mortland, Associate Professor of Soil Science with half pay from September 1, 1961 to August 31, 1962 for study at the University of Louvain, Belgium.
5. Gertrude G. Blaker, Associate Professor of Hotel, Restaurant and Institutional Management with half pay from September 1, 1961 to August 31, 1962 to study for his Ph.D. at the University of Wisconsin.
6. Thomas F. Green, Associate Professor of Education with half pay from September 1, 1961 to August 31, 1962 for study and writing at Princeton University.
7. Louis-Philippe Cormier, Associate Professor of Foreign Languages with half pay from September 1, 1961 to August 31, 1962 to do research in Quebec.
9. Chester A. Lawson, Professor and Head of the Department of Natural Science, with full pay from June 19, 1961 to August 31, 1961 to do writing at a summer cottage.
10. Wade O. Brinker, Professor and Head of Surgery and Medicine with full pay from June 15, 1961 to August 31, 1961 for study and travel at six universities.
Leaves—Sabbatical, continued

11. Charles McCaffree, Jr. Associate Professor of Physical Education, Health and Recreation for Men, and Swimming Coach, with full pay from April 1, 1961 to September 30, 1961 for study and health reasons.

12. Edmond W. Alohi, Coordinator in Continuing Education with full pay from May 1, 1961 to October 31, 1961 for study and writing in East Lansing.

Leaves—Health

Leaves—Military

Leaves—Other

1. Dale E. Hathaway, Professor (Res.) of Agricultural Economics without pay from October 1, 1961 to June 30, 1962 to be Visiting Professor at the University of Chicago.

3. Wallace H. Atherton, Assistant Professor of Economics without pay from September 1, 1961 to August 31, 1962 to continue work at the University of Azusa, Bogota.

4. Harry G. Brainard, Professor of Economics without pay from January 1, 1962 to August 31, 1962 to be Visiting Professor at the University of Arizona.

5. John T. McNelly, Assistant Professor of Journalism and Communications Research Center without pay from September 3, 1961 to August 31, 1962 to work in Costa Rica.

6. Mahel Ruth Cooper, Instructor in Textiles, Clothing and Related Arts, without pay from September 1, 1961 to August 31, 1962 to work on her Ph.D. at Florida State University.

7. J. S. Prace, Professor of Mathematics, without pay from August 1, 1961 to July 31, 1962 to work for the Conference Board of Mathematical Sciences.

8. William H. Kelly, Assistant Professor of Physics and Astronomy without pay from September 1, 1961 to August 31, 1962 to study at the University of California.

9. Meyer Garber, Assistant Professor of Physics and Astronomy without pay from September 1, 1961 to August 31, 1962 to study at Massachusetts Institute of Technology.

10. Charles H. Kraft, Associate Professor of Statistics without pay from May 1, 1961 to August 31, 1961 for personal reasons.

Appointments

1. Evelyn Ermina Matic, Home Economics Agent, Macomb County, at a salary of $5200 per year on a 12-month basis effective March 1, 1961.

2. James Bashore Beard, Assistant Professor of Farm Crops at a salary of $8300 per year on a 12-month basis effective July 1, 1961.

4. Roland L. Robinson, Professor of Accounting and Financial Administration at a salary of $15,000 per year on a 10-month basis effective September 1, 1961.

5. Robert Franklin Lanzillotti, Professor and Head of Economics at a salary of $18,500 per year on a 12-month basis effective August 1, 1961.

6. Charles F. Schuman, Professor of Hotel, Restaurant and Institutional Management and Director of the Research Center at a salary of $12,000 per year on a 10-month basis effective September 1, 1961.
Appointments, continued

7. Max Bruck, Assistant Professor of Social Work at a salary of $9100 per year on a 12-month basis effective July 1, 1961 to June 30, 1962.
8. Daniel F. Wozniak, Assistant Instructor in General Communication Arts and Associate Director of the ICA Seminars at a salary of $350 per month effective from March 27, 1961 to September 15, 1961.
9. John T. McNelly, Assistant Professor of Journalism and Communications Research Center at a salary of $8500 per year on a 10-month basis effective September 1, 1961 to August 31, 1962.
10. Mary Louise Barditt, Specialist in Education at a salary of $6000 per year on a 12-month basis effective March 1, 1961 to June 30, 1962.
11. Vandel C. Johnson, Lecturer in Education at a salary of $10,000 for the period effective from September 1, 1961 to June 30, 1962.
12. S. Arthur Reed, Instructor in Biological Sciences at a salary of $6700 per year on a 10-month basis effective September 1, 1961.
13. Joyce Hausdorff, Instructor in Nursing at a salary of $6590 per year on a 12-month basis effective September 1, 1961 to August 31, 1962.
14. Isabelle K. Payne, Associate Professor of Nursing at a salary of $8400 per year on a 12-month basis effective September 1, 1961.
15. Peter Jay Hedrick, Instructor in Music at a salary of $5800 per year on a 10-month basis effective September 1, 1961.
16. Carlos G. del Prado, Instructor in Foreign Languages at a salary of $6200 per year on a 10-month basis effective September 1, 1961 to August 31, 1962.
17. Barry N. Floyd, Assistant Professor of Geography at a salary of $8000 per year on a 10-month basis effective September 1, 1961.
18. Mack A. Breanzeale, Assistant Professor (Res.) of Physics and Astronomy at a salary of $8700 per year on a 12-month basis effective May 1, 1961 to April 30, 1962.
19. Walter G. Mayer, Assistant Professor (Res.) of Physics and Astronomy at a salary of $8400 per year on a 12-month basis effective May 1, 1961 to April 30, 1962.
21. Dorian Feldman, Assistant Professor of Statistics, at a salary of $7200 per year on a 10-month basis effective September 1, 1961.
22. Gopinath Kallianpur, Professor of Statistics at a salary of $12,500 per year on a 10-month basis effective September 1, 1961. Tenure will not be attained until he becomes a United States citizen.
23. Robert B. Barrett, Jr. Assistant Professor of Philosophy at a salary of $6500 per year on a 10-month basis effective September 1, 1961.
24. Wallace Patrick Strauss, Assistant Professor of American Thought and Language at a salary of $7000 per year on a 10-month basis effective September 1, 1961.
25. Roger Eugene Brown, Assistant Professor of Anatomy at a salary of $7500 per year on a 10-month basis effective July 1, 1961.
31. John E. Maher, Associate Professor of Economics at MSU-0 at a salary of $8400 per year on a 10-month basis effective August 15, 1961.
32. Norman Roseman, Assistant Professor of Teacher Education at MSU-0 at a salary of $7200 per year on a 10-month basis effective August 15, 1961.
Appointments, continued

33. Maurice F. Brown, Assistant Professor of English at MSU-O at a salary of $7000 per year on a 10-month basis effective August 15, 1961.

34. Pauline Moller Mahar, Assistant Professor of Sociology and Anthropology at MSU-O at a salary of $7000 per year on a 10-month basis effective August 15, 1961.

35. G. Russell Wentworth, Office Manager and Admissions Counselor in Admissions and Scholarships at a salary of $9000 per year on a 10-month basis effective March 24, 1961.

38. B. A. Rattray, Associate Professor of Mathematics at a salary of $3,000 for the period June 19, 1961 to September 1, 1961.

Transfers

1. H. Weldon Frase from Assistant Professor of Education at a salary of $9,200 to Assistant Professor of Education and Regional Director of Continuing Education at a salary of $9,800 per year on a 12-month basis effective April 1, 1961.

Salary Changes

1. Increase in salary for Laszlo Borbas, Associate Professor of Foreign Languages to $2,100 per year on a 10-month basis effective March 1, 1961.

2. Increase in salary for Anatole Sokolosky, Instructor in Foreign Languages to $6,000 per year on a 10-month basis effective April 1, 1961 to August 31, 1961.

3. Increase in salary for Peter Ints Lehmann, Assistant Professor of Foreign Languages to $850 per month from March 1, 1961 to June 30, 1961.

4. Increase in salary for Robert S. Swanson, Director of Business Affairs at Michigan State University-Oakland to $11,500 per year on a 12-month basis effective April 1, 1961.

5. Increase in salary for Anthony J. Diekema, Assistant Instructor in Sociology and Anthropology and Admissions Counselor, Admissions and Scholarships, to $6,700 per year on a 12-month basis effective April 1, 1961.

7. Increase in salary for Philip J. Clark, Associate Professor of Zoology, to $8,750 per year on a 10-month basis effective April 1, 1961.

On motion by Mr. Merriman, seconded by Dr. Smith, it was voted to approve all the New Business Miscellaneous

1. Change in title of Floyd W. Hicks from Field Poultryman (Extension) to Assistant Professor (Extension) of Poultry Science with a salary increase from $4,400 per year on a 12-month basis, effective April 1, 1961, and paid from account 71-7500.

2. Correction in dates of leave of absence without pay for Roy Hollady, Instructor in Police Administration and Public Safety, from April 1, 1960, to May 1, 1960. This will permit him to be paid for 2 terms work during the 1959-60 academic year. The total period of his leave without pay is May 1, 1960, to August 31, 1961.

3. Change in Status of Herbert R. Hengst, Assistant Professor of Education, from full time at a salary of $8,000 per year to one-third time at a salary of $3,000 per year, effective from March 1 to June 30, 1961.

4. Promotion of Nicky Allan Smith from Instructor (Extension) to Assistant Professor (Extension) to Assistant Professor (Extension) of Botany and Plant Pathology, effective April 1, 1961. Mr. Smith was awarded his Ph.D. degree at the end of winter term.

5. Additional title of Assistant Director of the Kellogg Biological Station for T. Wayne Porter Professor of Zoology, effective March 1, 1961.

6. Designation of A. J. M. Smith, Professor of English, as Poet in Residence at Michigan State University, effective April 1, 1961.

7. Designation of Einar Hardin, Assistant Professor of Economics and the Labor and Industrial Relations Center, as Associate Director of the Labor and Industrial Relations Center, effective July 1, 1961 to June 30, 1962, paid 100% L & I R C funds during this period.

8. Recommendation that Jack Breslin be given the academic title of Professor of Administration and also that he be designated Secretary of the Retirement Committee, February 16, 1961.
Mr. Pinn to be Assoc. Dr. 
Adm. $10,100

Mr. Eli Cox assigned to 
Brazil Proj.

Mrs. Paul M. Shields assigned to 
Vietnam Proj.

Disability ret. R. E. Horwood

Retirement May Belle Stiffler

Report of death of 
Oscar Perbitz Widow to receive 6 mos salary

Report of death of N.P. Moxley

Report of death of Grace E. Richards

Report of death of G.P. Steinbauer Widow to receive salary for 1 year

Recommendations from the Director of Personnel, as follows:

a. Establishment of a half-time Clerical Assistant position for the Cooperative Extension Service, effective February 27, 1961.
b. Reclassification of a Clerk II to an Account-Clerk II position in Agricultural Economics, paid from Experiment Station funds, account 71-6950.
f. Establishment of the following positions at Michigan State University-Oakland: 1) Purchasing Assistant V in the Business Office, paid from 91-9681. 2) Typist-Dictaphone Operator in the Business Office, paid from 91-9681. 3) Personnel Assistant IIIB, paid from account 91-9681. 4) Secretary-Executive in the Office of the Director of the Committee on the Undergraduate Program in Mathematics, paid from 91-9582.g. Establishment of a Corporal classification in Public Safety with a starting salary of $750 plus a $200 annual uniform allowance.
h. Reclassification of a Clerk-Typist to a Clerk-Stenographer I position in Air Science. 1) Establishment of an IBM Operator III position in Tabulating, paid from 21-2916.

Miscellaneous, continued

9. Change in title of William L. Pinn from Assistant Director to Associate Director of Admissions with a salary increase of $9500 to $10,100 per year, effective April 1, 1961.

10. Assignment of Eli P. Cox, Jr., Director of the Bureau of Business and Economic Research and Professor of Marketing and Transportation Administration, to the Brazil Project at a salary of $17,500 per year, effective from March 14 to April 27, 1961, paid from account 71-2052.

11. Assignment of Paul M. Shields, Instructor in Police Administration and Public Safety, to the Vietnam Project at the same salary of $10,550 per year, effective July 1, 1961, for an indefinite period.

12. Recommendation from the Retirement Committee for disability retirement for Russell E. Horwood, Associate Professor (Ext.Res.) of Dairy, at a salary of $3,000 per year, effective April 1, 1961. Mr. Horwood was born November 3, 1901 and has been employed at MSU since June 1, 1927.

13. Recommendation from the Retirement Committee for the retirement of Mrs. May Belle Stiffler Housekeeper III at Williams Hall, at a retirement salary of $828 per year, effective April 1, 1961. Mrs. Stiffler was born on September 21, 1908, and has been employed by the University since January 30, 1940.

14. Report of the death of Oscar T. Perbitz on February 25, 1961, of a heart attack. Mr. Perbitz was born on August 18, 1906, and was first employed by the University on December 6, 1950. He was a plumber in Buildings and Utilities.

15. Recommendation that the salary of Mr. Perbitz be paid to his widow for a period of 6 months beyond the date of his death.

16. Report of the death of Harry F. Moxley on February 18, 1961. Mr. Moxley was born on May 9, 1894, was first employed by the University on January 1, 1928, and was Assistant Professor (Extension) of Animal Husbandry at the time of his retirement on July 1, 1958.

17. Report of the death of Grace E. Richards on February 3, 1961. Miss Richards was born on December 31, 1886, was first employed by the University on September 1, 1924, and was Hostess in East Mary Mayo Hall at the time of her retirement on July 1, 1952.

18. Report of the death of George F. Steinbauer, Professor of Botany and Plant Pathology, on March 20, 1961. Dr. Steinbauer was born on August 17, 1903, and had been an employee of the University since February 15, 1947.

19. Recommendation that the salary of Dr. Steinbauer be paid to his widow for a period of one year beyond the date of his death.

20. Recommendations from the Director of Personnel, as follows:

a. Establishment of a half-time Clerical Assistant position for the Cooperative Extension Service, effective February 27, 1961.
b. Reclassification of a Clerk II to an Account-Clerk II position in Agricultural Economics, paid from Experiment Station funds, account 71-6950.
c. Establishment of a Technician IV position in Animal Husbandry, paid from Experiment Station funds, account 71-6700.
d. Establishment of a Clerk-Typist position in Physics and Astronomy, paid from 71-5210.
e. Establishment of a Clerk-Stenographer I position in History.
f. Establishment of the following positions at Michigan State University-Oakland: 1) Purchasing Assistant V in the Business Office, paid from 91-9681. 2) Typist-Dictaphone Operator in the Business Office, paid from 91-9681. 3) Personnel Assistant IIIB, paid from account 91-9681. 4) Secretary-Executive in the Office of the Director of the Committee on the Undergraduate Program in Mathematics, paid from 91-9582.
g. Establishment of a Corporal classification in Public Safety with a starting salary of $750 plus a $200 annual uniform allowance.
h. Reclassification of a Clerk-Typist to a Clerk-Stenographer I position in Air Science. 1) Establishment of an IBM Operator III position in Tabulating, paid from 21-2916.

21. Recommendation for the establishment of a Department of Biochemistry responsible to the

22. Recommendation from Secretary Breslin for the correction of leaky sinks in Glitner Hall at

23. Approval of granting of appropriate degrees to those graduate students who according to the

24. Harry L. Conrad, honorary alumni and President and General Manager of The Christman Company of Lansing, died on February 21, 1961. In view of his generous gifts to the University, the Board may want to consider a note of condolence to his widow and family.

March 31, 1961
NEW BUSINESS, continued

Miscellaneous, continued
