     - For $5,000 U.S. Treasury 4¾s-5/15/74

On motion by Mr. Stevens, seconded by Mr. Harlan, it was voted to approve items 1 and 2.
3. Request for an appropriation of $16,000 to be used to convert two meeting rooms in Holmes Hall into teaching laboratories for the Natural Science Department.

On motion by Mr. Nisbet, seconded by Mr. White, it was voted to approve Item 3.

4. The President reported on the progress of negotiations with the State Highway Department with reference to the extension of M-43 across the University campus.

5. It is recommended that the Trustees consider committing the use of the out-of-state fees dedicated for building purposes for the following purposes:
   a. For the building previously authorized to house Urban Planning and Landscape Architecture, estimated cost $600,000
   b. For the renovation of Giltner Hall, estimated cost 1,000,000
   c. For the addition to the Kresge Art Center, estimated cost 360,000
   d. To finance the agreement that has been made with the United States Department of Agriculture to replace the buildings required to permit them to vacate the site they now occupy at the corner of Mr. Hope and Harrison Road by transferring their operations to a point on College Road south of I-96, at a cost of approximately (the exact cost has not yet been determined.) This site will be eventually used for University building purposes 400,000

   This will pledge this income for the 1965-66 and 1966-67 years, and a portion of 1967-68.

6. The following additional items have not been financed:

   Life Science Building 4,000,000
   Hearing and Speech Correction Clinic 275,000
   Matching funds for Agricultural Engineering 250,000
   Matching funds for Pesticide Research Center 1,000,000
   Building to house Department of Public Safety 500,000
   Extension of utilities on Bogue Street to Life Science site 750,000
   Extension of Bogue Street 125,000

7. The following item has not been financed:

   The moving of the University Poultry Science Department plant from the present site on Farm Lane to the new location on the south side of Jolly Road at an eventual total cost of not to exceed $400,000, this transfer and construction to proceed as soon as financing is available. The total cost is to include the repairs necessary in the two houses on the new site. The total annual value of the poultry and egg sales in Michigan is in excess of $43,856,000.

After considerable discussion, it was agreed that action on above Items 5, 6 and 7 would be postponed until the June meeting.

8. There was much discussion with reference to prospective enrollments, and the requirements for classrooms and offices to accommodate the faculty to teach the students.

On motion by Mr. Huff, seconded by Mr. Nisbet, it was agreed that an immediate study should be undertaken to determine the number of additional classrooms and faculty offices that will be required to handle the probable enrollment in the fall of 1967. It is directed that consideration be given to the preliminary design of a building or buildings to provide the required amount of space with the understanding that this planning be limited to housing only for classrooms and faculty offices with no special-purpose installations included. It is hoped that this work will have progressed to a point where serious consideration can be given to meeting this problem at the June Trustees' meeting.

9. At the April meeting, after discussion it was requested that the President study and make a recommendation covering the request for air conditioning at Oakland University.

The President recommended that the air conditioning of part of the Student Center and a portion of Foundation Hall at approximately $80,000 be included in the bond issue to cover the financing of the new dormitory at Oakland University, and that this work be authorized.

On motion by Mr. Huff, seconded by Mr. Nisbet, it was voted to approve this item by a vote of 5 to 3 with Mr. White, Mr. Merriman and Mr. Huff voting "no."

10. The present golf course is booked full practically every day, and large numbers of students are turned away every weekend day. There is no question as to the potential demand for the proposed new 9-hole golf course.

Mr. Akers is in Ford Hospital. He is anxious that work on the additional golf course be undertaken soon, eventually to be paid for with funds from his estate.

It is proposed that the Trustees consider the possibility of earmarking the additional income from the sale of student football tickets already designated for additional athletic facilities for student use for the construction of this course, with the understanding that funds from the Akers estate will be used to repay in full the cost of its development—thus making it possible to use these funds twice for needed athletic facilities for student use.

After considerable discussion, it was moved by Mr. Stevens, seconded by Dr. Smith, and voted to approve this item, with Mr. Huff and Mr. White voting "no."
FINANCE COMMITTEE ITEMS, continued

May 21, 1965

11. Approval of a resolution for a grant from the federal government for part of the cost of the new sewage disposal plant. This resolution has been prepared by the University Attorney. If the grant is approved, it will save the University $250,000 of the cost of our share. Resolution is filed with the material for this meeting.

On motion by Mr. Merriman, seconded by Mr. Nisbet, it was voted to unanimously approve the above resolution.

12. Appointment of Ralph Calder as the architect to prepare plans and specifications for the renovation of Giltner Hall. At a recent meeting it was agreed with Dr. Emile, Dr. Byerrum, Dr. Dahnke, and Mr. Simon on the scope of the work to be assigned to Mr. Calder. Basically, it is intended that the large animal quarters, together with certain offices, will be converted to classrooms and laboratories. It is expected that this phase of the work will cost approximately $790,000. The balance of $250,000 from the $1,000,000 original estimate for renovations will be reserved for improvements in other parts of the building. This work will be planned separately and probably done by our own work force as the requirements of new staff are determined.

On motion by Mr. Nisbet, seconded by Mr. Merriman, it was unanimously voted to approve the above item.

13. Mr. May explained the problems in the planning and bidding of the addition to the Kresge Art Center and our proposed course of action to bring the work more in line with our budget.

On motion by Mr. Hartman, seconded by Mr. Huff, it was voted to authorize Mr. May to negotiate with the low bidders in an attempt to arrive at a price more nearly in line with the funds available. If this is impossible all bids are to be rejected and the project rebid.

14. Recommendation that the Board authorize beginning of planning for an additional Residence Hall to be available for use in the fall of 1967, and the activation of the project to construct 234 additional married student apartments to be available in the fall of 1966.

On motion by Mr. White, seconded by Mr. Hartman, it was unanimously voted to approve the above recommendation.

15. Many years ago a messenger service was instituted to carry messages, university forms, etc., from office to office. This was known as "The Messenger Service," and it was clearly understood that it was only to be used for University business. Over the years, with the growth of the University this has come to be referred to as "The University Mail Service."

It has been much abused by having fed into it all sorts of mail, some for solicitation purposes, some for propaganda distribution, etc.

Unless the Trustees object, it is proposed to return this service to the original name of "Messenger Service," and to the original purpose confining its use to University business only, effective July 1, 1965.

There was no objection by the Board and it was understood that the policy as suggested by the President is to become effective July 1, 1965.

16. Mr. Neville presented the proposed agreement to be required from faculty members of the College of Human Medicine covering the requirement of full time faculty status and eliminating the possibility of private practice for full time faculty members.

On motion by Mr. White, seconded by Mr. Huff, it was unanimously voted to approve the following agreement:

AGREEMENT BY FACULTY MEMBER OF COLLEGE OF HUMAN MEDICINE TO ASSUME FULL-TIME STATUS

The undersigned prospective faculty member with full-time status acknowledges that he understands strict full-time status, and he hereby makes and agrees to abide by the terms of the following agreement during the period of employment as a member of the faculty of the College of Human Medicine of Michigan State University.

1. The undersigned agrees to accept strict full-time status, effective upon activation of his appointment. In assuming such status the undersigned agrees that:

a. All income due from any and all professional services rendered by me, irrespective of whether such services are performed within or outside facilities or hospitals owned by or affiliated with Michigan State University, and shall be placed in the Professional Service Fund. The term "all professional services" shall include but not be limited to the following:

i. Services as a professional consultant;

ii. Services in the teaching program of other institutions in the State of Michigan; and

iii. All activities connected with the postgraduate program of the College of Human Medicine wherever these take place.

It is understood that I shall establish the amount of the fees charged for services rendered by me under this section, but that I shall have no personal claim whatsoever to such fees.

continued - -
16. Agreement by Faculty member of College of Human Medicine to assume full-time status, continued:

1. Continued:

b. In the case of fees derived from consulting or attending service to such organizations as the Veterans Administration, military installations, pharmaceutical houses located within the State of Michigan, or regional foundations or other granting agencies where fees are paid directly to me, I shall receive such fees as agent of the University and will remit all such fees to the appropriate fiscal office designated by the College of Human Medicine of Michigan State University for crediting to the Professional Service Fund.

2. It is understood that the only exceptions to the foregoing provisions shall be the following:

a. Honoraria for lectures given at institutions unrelated to the educational research or service programs of Michigan State University.

b. Royalties from published works such as books or articles.

c. Prizes recognizing meritorious accomplishments.

d. Honoraria from such organizations as the U.S. Public Health Service, military agencies, voluntary health organizations, foundations, or other such groups for service not related to the University's program.

In these instances a quarterly report shall be made to the Dean of the College of Human Medicine indicating the sources from which the income has been received; the amount of income need not be specified. In instances where a question arises regarding the propriety of retaining income from a service not defined herein, it is understood that a decision shall be made by the Dean and Provost in consultation with me after a full discussion of the facts and definitions of the particular circumstances.

3. It is understood by the undersigned faculty member that failure to adhere to any of the provisions of this contractual agreement shall constitute grounds for severance of his University connection by the Board of Trustees.

This Agreement undertaken this day of 1965.

Signature by faculty member

Andrew D. Hunt, Jr., M.D. Dean
College of Human Medicine

Adopted by the Trustees of Michigan State University May 21, 1965.

17. The salary schedules for all academic and administrative personnel for the year beginning July 1, 1965 were presented with the recommendation that they be approved for inclusion in the 1965-66 budget.

On motion by Mr. Merriman, seconded by Mr. Stevens, it was unanimously voted to approve the salary schedules as presented with certain amendments that were made by the Trustees.

18. On motion by Mr. Huff, seconded by Mr. Merriman, it was unanimously voted to increase the TIAA contribution for President Hannah in the amount of $5,000 per year beginning with the fiscal year July 1, 1965.

19. It is recommended that the Trustees approve allocation of funds for the projects described as follows:

1) To replace the loss of the organ in Peoples Church, recently destroyed by fire and used for years by the Music Department for practice purposes and for lessons, to purchase a second small organ $ 7,000

2) To equip two additional laboratories in Holmes Hall for biological and physical science instruction 35,000

3) To purchase the initial stock for the storeroom in the new Biochemistry Building. This will purchase the initial supply of glassware & chemicals 20,000

4) Alterations for academic programs in Brody Hall to house counselors and academic activities beyond those previously authorized 20,000

5) To contribute toward the cost of a house for the farm manager at the Lake City Station with the balance of the cost to be provided by the Agricultural Experiment Station (total cost not to exceed $25,000) 15,000

6) In June 1964 the Board authorized moving of the horticultural facilities from the site on Hagadorn Road to the new horticulture farm on College Road at a total estimated cost of $260,000 and provided the first $200,000, with the understanding the balance would be made available during this year 40,000

7) To provide for a building to house the $600,000 cancer-leukemia research project to be located in the College of Veterinary Medicine research area at a total cost of 50,000

FINANCE COMMITTEE ITEMS, continued

19. Allocation of funds for projects, continued:

On motion by Mr. Merriman, seconded by Mr. Nisbet, to approve Item 19

After considerable discussion, it was moved by Mr. Stevens, seconded by Mr. Huff and voted to delay approval on 9a, with the understanding that this project will be approved at some future date and financed at that time.

After further discussion, the main motion was put and unanimously approved.

20. After discussion, on motion by Mr. Nisbet, seconded by Mr. Huff, it was voted to authorize the purchase of the Trumble property with the understanding that the first offer be at $50,000 for the 19¾ acres; but with the authorization to negotiate for the purchase up to the asking price of $3,000 per acre, the exact amount of the purchase price to be reported to the Trustees.

21. After discussion, on motion by Mr. Nisbet, seconded by Mr. Huff, it was voted to approve the purchase of the Bear Lake property adjacent to and west of I-496 consisting of 67 acres more or less, at a purchase price of $800 per acre.

22. Mr. Hartman introduced a discussion of the possibility of an arrangement with the Story Oldsmobile Company which would permit members of the Board of Trustees the use of Story Oldsmobile-furnished cars at an annual cost of $500 per year per car.

After discussion, on motion by Mr. Stevens, seconded by Dr. Smith, it was voted to authorize Mr. May to complete arrangements with Story Oldsmobile for cars for individual Trustees with the understanding that there is to be no cost to the University and no liability to the University and with the understanding that each Trustee participating in this program will keep in effect liability insurance at not less than $300,000 per car.

23. Communication from Chancellor Varner:

The Governor's budget recommendation carries an item for $252,000 for converting the basement of our library to a computer center and for completing the third floor of the library. Since our need for office accommodations on the third floor of the library will be acute with the beginning of the fall semester, I would very much appreciate authorization from you and the Board to employ an architectural firm to begin planning immediately on this development so that we can begin construction at the earliest possible date.

It would be my specific recommendation that the Board authorize us to enter into negotiations with the architectural firm of Harry M. Denyes, Jr., Associates, Inc., of Pontiac or Harley, Ellington, Corwin and Stirton, Inc., of Detroit with the understanding that they will receive no compensation until and unless appropriation is made by the legislature for this undertaking.

On motion by Mr. Harlan, seconded by Mr. Nisbet, it was voted to approve Item 23.

Adhourned.

MINUTES OF THE MEETING
of the
BOARD OF TRUSTEES
May 21, 1965

Present: Mr. Huff, Chairman; Messrs. Hartman, Merriman, Nisbet, Smith, Stevens, White; President Hannah, Treasurer May and Secretary Breslin

Absent: Mr. Harlan

The meeting was called to order at the Kellogg Biological Station at Gull Lake at 10:30 a.m. - President Hannah presiding.

The Minutes of the April meeting were approved with the amendments.

SPECIAL MISCELLANEOUS

1. Approval of the Finance Committee Items on the preceding pages.

On motion by Mr. Huff, seconded by Mr. Hartman, it was voted to approve the Finance Committee Items.

2. It was suggested by Mr. Merriman that a resolution thanking the many different faculty members who contribute to the Scholarship Fund might be in order.

On motion by Mr. Merriman, seconded by Mr. Huff, it was voted to authorize Mr. Denison to prepare such a resolution for inclusion in the Staff Bulletin (Blue Sheet.)
May 21, 1965

SPECIAL MISCELLANEOUS, continued

Univ. to subscribe to one issue EPE-15 min Reports

3. The Trustees were asked whether or not they wished to have the University subscribe to the EPE-15 Minute Reports for them.

On motion by Mr. Hartman, seconded by Mr. Merriman, it was voted not to subscribe to this publication for all members of the Board of Trustees but to authorize Mr. Denison to purchase one subscription with the understanding that items of general interest will be called by Mr. Denison to the attention of individual Trustees.

Reaffirmation long-time policy re: employment non-U.S. citizens

4. The President introduced a discussion of the long-time policy of the University with reference to the employment of non-U.S. citizens. He pointed out that the last time that this was discussed with the Board of Trustees was in 1956. It had been agreed that we would continue with the policy then in effect. The policy was and is that non-citizens are not to be given indefinite appointments on the faculty unless they have signified their intention and have moved in the direction of acquiring citizenship. It is understood that Canadian citizens may be exempt from this regulation and that upon specific approval by the Trustees, other exemptions may be made, these exemptions to be made in advance by the Trustees.

After discussion, it was unanimously agreed that this policy should be continued.

PRESIDENT'S REPORT

1. Approved the transfer of the Departments of Radio Broadcasting and Television Broadcasting from responsibility of the Assistant to the President to the Continuing Education Service, effective as of July 1, 1964.

2. Accepted a grant of $4,750 from the Fruit Research Committee, Michigan Canners and Freezers Association, of Lansing, to be used under the direction of R. P. Larsen in Horticulture to conduct studies with processing fruit crops which will provide production management information for the benefit of the growers and processors.

On motion by Mr. Nisbet, seconded by Mr. Huff, it was voted to approve the President's Report.

43. Bids for walks and bicycle parking at Holmes Dormitory, continued:

It is recommended that the contract be awarded to the E.L. Premoe Construction Company, the low bidder, at a cost of $11,727. The cost will be charged to the Holmes Dormitory project.

On motion by Mr. Nisbeg, seconded by Mr. Stevens, it was voted to approve Item 43.

44. The Academic Council recommends the establishment of a new degree, Educational Specialist (Ed.S), with the same requirements as the present 6-year program leading to the diploma for advanced graduate study.

45. The Faculty-Student Motor Vehicle Committee recommends minor changes in the regulations governing student driving of motor vehicles to be effective September 15, 1965. The only changes between the proposal and the existing regulations are:

a. An updating of the University map.

b. Prohibiting parking in the service drives to the dormitories.

c. The extension of the step-fine system to include driving violations that are prohibited under the regulations. In the past such moving violations were treated as original infractions irrespective of the number of times they were repeated.

The Department of Public Safety has approved these minor changes. They have been approved by the University Attorney, Mr. Carr. The complete regulations, to be known as "The Michigan State University Student Motor Vehicle Regulation No 15," will be distributed at the beginning of the Gull Lake meeting.

On motion by Mr. Stevens, seconded by Mr. Huff, it was voted to approve Items 44 and 45.

46. Resolution re: new bldg for Crop Sci and Soil Sci

The turf industry in Michigan has been estimated to exceed $200,000,000 annually. There is over twenty acres of roadside turf for each mile of our new interstate highways. The average home owner spends many dollars each year to keep an attractive lawn. We support turf research and depend upon research results to improve the facilities our members maintain. Our membership includes persons responsible for maintenance of golf courses that provide over 32,000,000 hours of recreation and relaxation annually for people that enjoy golf.

The sod industry in Michigan has grown to several thousand acres with the product marketed in Ohio, Indiana and Illinois as well as Michigan. The estimated value of sod is $50,000,000 annually.

To keep this industry alive and vigorous:

NOW THEREFORE BE IT RESOLVED, this 30th day of March, 1965 by the Board of Directors of the Michigan Turfgrass Foundation that this resolution be spread at length upon the minutes of this day's proceedings held in Kalamazoo, Michigan and further expression of our desire for this building that a copy of this resolution be transmitted to the following persons and groups:

14. Grant of $10,740 from the Ex-Cello Corporation of Detroit to be used under the direction of T. J. Hedrick in Food Science for aseptic packaging of dairy products in plastic-coated paper containers.

15. Grant of $700 from the National Science Foundation to be used under the direction of E.A. Behr in Forest Products for the purchase of undergraduate instructional scientific equipment.

16. Grant of $500 from the Michigan State Apple Commission of East Lansing to be used under the direction of D. R. Dilley and D. H. Dewey in Horticulture to investigate the mechanism of respiration of apple fruits during development, maturation, and senescence to better interpret the influence of environmental and cultural factors on fruit quality and composition.

17. Grant of $200 from the University of Illinois Experiment Station to be used under the direction of R. S. Lindstrom in Horticulture to study the feasibility of grade and standard for commercially grown greenhouse roses.

18. Grant of $500 from Northrup King and Company of Minneapolis to be used under the direction of C. E. Peterson in Horticulture to develop cucumber varieties adapted for mechanical harvest.

19. Grant of $2,500 from the Geigy Chemical Corporation of Ardsley, New York, to be used under the direction of S. K. Ries in Horticulture to determine the effect of simazine on nitrogen metabolism of plants and the effectiveness of adjuvants and surface active agents on absorption of triazines.

20. Grant of $3,000 from The Fred C. Gloeckner Foundation, Inc., of New York City to be used under the direction of R. F. Stinson in Horticulture to assist in support of research on the application of infra-red heating to greenhouse culture.

21. Grant of $5,600 from the CIBA Pharmaceutical Corporation of Summit, New Jersey, to be used under the direction of Howard Zindel and L. R. Champion in Poultry Science for research on laying house performance of hens housed in conventional, constant temperature and environmental temperature pens, and on the behavior pattern of started pullets during catching, selecting, crating, transporting, and unloading operations.

22. Grant of $1,500 from the Agricultural Stabilization and Conservation Service, the Soil Conservation Service, the Office of Rural Areas Development, and the Federal Extension Service of Washington to be used under the direction of W. J. Kimball in Resource Development to study the problems of the rural areas in the Northern Great Lakes Region relating to the economic needs and resources of the area.

23. Grant of $3,000 from the American Zinc, Lead, and Smelting Company of St. Louis, Missouri, to be used under the direction of B. G. Ellis, L. S. Robertson, J. F. Davis, E. C. Doll, and R. L. Cook in Soil Science to determine the role of zinc in the growth of farm crops on Michigan soils.

24. Grant of $2,500 from the Southwest Potash Corporation of New York City to be used under the direction of J. F. Davis, E. C. Doll, and D. L. Thurlow in Soil Science for a study of the comparative effect of potash carriers on the yield, percent sucrose, percent clear-juice purity, and recoverable sugar of sugar beets.

25. Grant of $1,000 from the University of Illinois Experiment Station to be used under the direction of R. S. Lindstrom in Horticulture to study the mechanism of respiration of apple fruits during development, maturation, and senescence to better interpret the influence of environmental and cultural factors on fruit quality and composition.

26. Grants as follows to be used under the direction of J. D. Edwards in Accounting and Financial Administration to assist graduate students in the completion of their doctoral programs:
   a. $700 from Norman Bolz, A. P. Teetzel, Jr., and Lybrand, Ross Brown & Montgomery of Detroit
   b. $150 from Harris, Reams & Ambrose of Lansing
   c. $500 from The Upjohn Company of Kalamazoo
   d. $1,000 from Arthur Young & Company Foundation, Inc., of New York City

27. Grant of $5,000 from Touche, Ross, Bailey & Smart Foundation of New York City to be used under the direction of H. E. Miller in Accounting and Financial Administration to help support the distinguished Accountants Video-Tape Series.

28. Grants as follows to be used under the direction of E.A. Brand and Charles Slater in Marketing and Transportation Administration to support the Food Marketing Management program:
   a. $500 from Continental Baking Company of New York City

30. Grant of $252 from the National Conference of Christians and Jews, Inc., of New York City to be used under the direction of L. A. Radelet in Police Administration and Public Safety for a continuation of the program of coordination and guidance of police and community relations programs across the nation.

31. Grant of $2,500 from the Same S. Shubert Foundation, Inc., of New York to be used under the direction of H. J. Oyer in Speech to provide an opportunity for specialized study in playwriting.

32. Grant of $155,136 from the United States Office of Education of Washington to be used under the direction of Norman Kagan for research on interpersonal process recall technique.

33. Grant of $2,500 from the Vocational Rehabilitation Administration of the Department of Health, Education, and Welfare of Washington to be used under the direction of G. A. Miller in Counseling, Personnel Services, and Educational Psychology for traineeships for students in the summer training.

34. Grant of $13,510 from the National Science Foundation to be used under the direction of Wayne Taylor in the Science and Mathematics Teaching Center to support a summer conference for state supervisors of mathematics.

35. Grants as follows to be used in Engineering Research:
   a. $14,921 from the Air Force Cambridge Research Laboratories of Bedford, Massachusetts, under the direction of William L. Kilmer for research and investigation on a mathematical model of the vertebrate reticular formation using a digital computer to explore the physiological parameters and structure.
   b. From the National Science Foundation:
      1) $7,500 under the direction of G. A. Coulman for an investigation of chemical process systems by dynamic continuum modeling techniques
      2) $7,500 under the direction of J. F. Foss for investigation of incompressible turbulent bounded jet flow
      3) $7,500 under the direction of J. V. Beck for an analytical investigation of the transient determination of a thermo-conductance between metals and other solid materials.

36. Grant of $66,700 from the National Science Foundation to be used under the direction of R. J. Reid in Electrical Engineering for the purchase of undergraduate instructional scientific equipment.

37. Grant of $2,500 from The Dow Chemical Company of Midland to be used under the direction of N. H. Chetrick in Chemical Engineering for the purchase of instrumentation for research.

38. Grant of $10 from Fred Baughman of Grand Rapids to be used under the direction of Dean Hunt in Human Medicine as the first installment from a standing gift fund from the American Medical Association.

39. Grant of $44,200 from the National Science Foundation to be used under the direction of V. E. Smith in Economics and Dena Cederquist in Foods and Nutrition for research on the components of food expenditure.

40. Grant of $21,456 from the National Institutes of Health to be used under the direction of Olaf Mickelsen in Foods and Nutrition to study the effects of feeding cycad and to investigate the means whereby unwashed flour produces liver necrosis, tumors, and a variety of other abnormalities in experimental animals.

41. Grantees as follows to be used under the direction of D. J. deZeeuw in Botany and Plant Pathology to support graduate research assistantships on seed and soil treatment fungicide research:
   a. $300 from E. I. du Pont de Nemours & Company of Wilmington, Delaware
   b. $250 from Rohm & Haas Company of Philadelphia
   c. $100 from Vero Beach Laboratories, Inc., of Vero Beach, Florida

42. Grant of $500 from Pennsalt Chemicals of Aurora, Illinois, to be used under the direction of E. J. Klos in Botany and Plant Pathology for research on fruit disease control.

43. Grantees as follows to be used under the direction of H. S. Potter in Botany and Plant Pathology:
   a. $550 from the California Chemical Company of Moorestown, New Jersey, for research in the chemical control of vegetable diseases with special emphasis on determining minimal dosage rates for maximum safety.
   b. $1,500 from Diamond Alkali Company of Painesville, Ohio, for research on the activity of tetrachloro-phenylmethylketone as a fungicide for the control of soil and air-borne vegetable pathogens.
   c. $600 from Rohm & Haas Company, post harvest disease problems on vegetable crops
   d. $200 Gillette Inhibitor Company of Chicago for fungicide research

4. Grant of $17,374 from the Department of Health, Education, and Welfare of Washington to be used under the direction of Dean D. Sells in connection with the Economic Opportunity Act of 1964 program.

Reports for Board Members

1. The following alteration and improvement items have been approved since the April Board meeting:
   a. Cost of installing a bulletin board and laboratory shelving in the Science Building $125.80
   b. Partitions in the Engineering Office in North Foundation Hall 432.00

2. Additional payments to salaried employees since the March Trustees' meeting as per list on file.

On motion by Mr. Nisbet, seconded by Mr. Merriman, it was voted to approve all Oakland University Items.

ADDITIONAL ITEMS

1. Communication from President Shunichi Shimabukuro, President of the University of the Ryukyus:

   "I regard it as a great honor to have opportunity to visit Michigan State University and to hold discussions with you and your faculty.

   The University of the Ryukyus has steadily developed since its establishment in 1950. This is evidence that Michigan State University and its Consultant Group have contributed toward the growth of the University of the Ryukyus. Your guidance and the assistance of the MSU Consultant Group have borne fruits and have played an important part in strengthening the function of our University.

   Since "The Agreement for Cooperative Programs between Michigan State University and the University of the Ryukyus" was established in July 1, 1962, the two institutions have maintained close relationship. I am convinced that the cooperative bond has been made firm between the two universities under this Agreement. Our two universities have completely a common objective of providing better service to the students and the community. This solid cooperation has resulted in increased friendship, respect and trust existing between the two universities.

   The dispatch of the professors of the University of the Ryukyus to Michigan State University last September as one of the cooperative projects has played an important role in exchanging views on the international academic matters and in developing mutual understanding. I hope that the two universities will continue to develop projects for scientific information and will deepen mutual friendship and understanding.

   In concluding this statement I pray for the further progress of Michigan State University toward a bright future and for the success and happiness of its faculty and student body.

Gift from Professor Emeritus George J. Bouyoucos of 300 shares of Eastern Airlines stock to be added to the fund providing fellowships to students from Greece. This will bring the total fund to over $71,000 and should provide a fellowship of $2,800 per year.

3. Disability retirement of Theodore Veazy, Head Janitor D, Physical Plant, at a pension of $1,043 per year to be effective June 2, 1965. Mr. Veazy was born February 16, 1907 and has been employed by the University since January 9, 1951.

On motion by Mr. Merriman, seconded by Mr. Stevens, it was voted to approve items 2 and 3.
On May 14 the following bids were received for the greenhouse which has to be built as a part of the Plant Science Research Building financed by the Atomic Energy Commission:

The project as bid included a headhouse and growth chambers for a new greenhouse range which will be eventually built on this site. This part of the work is to be financed by the Agricultural Experiment Station with an allocation of its regular experimental funds. Alternates 2 and 3 covered an additional bay in the headhouse, and the prices seem to be attractive. It is therefore recommended that the Trustees approve the award of a contract for the following amounts:

Granger Construction Company--Architectural
- Base Bid $169,800
- Alternate No. 2 24,000
- Alternate No. 3 0 $193,800

Shaw-Winkler--Mechanical

$2,350,000

The Agricultural Experiment Station has agreed to fund $148,000 of the cost of the work, and the University in conformity with our contract with the Atomic Energy Commission will finance the balance with the cost to be recovered through rent and overhead charged against operating budgets.

The bid of Independent Elevator Co. for Alt. No. 2 was $2,252 which included many items not called for in the specifications. It is expected this can be reduced to about $500.

On motion by Mr. Merriman, seconded by Mr. Huff, it was voted to approve Item 4.
Contracts awarded for Dormitory No. 6 and Central Dining Hall at Oakland University

May 21, 1965

ADDITIONAL ITEMS, continued

5. Bid proposals were received at Oakland University on May 18 for the proposed Dormitory No. 6 and Central Dining Hall. The proposals are as follows:

Architectural
J. A. Ferguson Construction Company $2,266,900
Miller-Davis Company 2,319,000
A. Z. Shmina and Sons 2,383,000

On motion by Mr. Nisbet, seconded by Mr. Huff, it was voted to approve awarding the contracts to the low bidders.

Mr. White introduced a discussion suggesting the propriety of having this Board take some appropriate action to recognize the outstanding services rendered by Dr. Lynn Bartlett during the years he has served as State Superintendent of Public Instruction and as ex officio member of this Board of Trustees. Mr. Stevens suggested that we do the same for Mr. Bartlett as we had done in the past for other retiring Trustees by granting to him Trustee Emeritus status and by awarding him a suitably engraved silver tray.

On motion by Mr. White, seconded by Mr. Nisbet, it was unanimously voted to grant to Dr. Bartlett the title of Trustee Emeritus and to award to him a suitable engraved silver tray as a permanent reminder to Dr. and Mrs. Bartlett of the high regard in which they will always be held by this Board and by Michigan State University.

The meeting adjourned at 12:10 p.m.

The next meeting will be Wednesday evening, June 16 and Thursday, June 17.
