MISCELLANEOUS, continued

19. Question having arisen relative to the interpretation of the actions of the State Board of Agriculture on June 11, 1934 and May 16, 1935. The faculty committee on scholarships recommends the following interpretation:

That ten new students each year should receive band scholarships and that those already holding scholarships should be eligible for continuance so long as their work in both their college studies and the band are satisfactory.

On motion of Mr. Deane, seconded by Mrs. Wilson, it was voted to approve the above recommendation of the faculty committee on scholarships.

The Board adjourned at 4:00 P.M. to meet in special session on Tuesday, December 22, 1936 to further consider the financing of additional dormitories.
